8K. **Right to Cancel Permits.** The Chief shall have the power to cancel permits where the electrical or fixture work therein has not been commenced within sixty (60) days from and after the date of issuance of the permit therefor, and in the event of such cancellation of such permit the fees paid therefor shall be credited to the account of the person, firm or corporation paying the same and may be treated as a payment equal to the estimated fees payable on any subsequent application or applications for a permit to do electrical or fixture work.

SEC. 9. **Unlawful to Conceal Electrical Work.** It shall be unlawful to conceal or cause to be concealed any electrical work in, on or about any building or structure before the same has been inspected by the Department and a tag indicating its approval posted on such building or structure wherein or whereon such electrical work has been done or installed.

SEC. 10. **Certificate of Inspection and Approval.** Every person, firm or corporation doing or installing or causing to be done or installed, any electrical work or fixture work in, on or about any building or structure in the City and County of San Francisco shall notify the Department when the same is completed. The Department shall then inspect the same and if done in compliance with all the State laws, and rules or regulations as promulgated under the authority of this ordinance, there shall be issued by the Department to said person, firm or corporation doing or installing or causing to be done or installed, such electrical or fixture work, a certificate of inspection and approval, which shall contain the date of approval and in concise terms specify the electrical work thus approved. Said certificate shall be issued only for the electrical work for which a permit has been issued.

SEC. 11. **Unlawful Use of Current.** No current shall be supplied to any electrical or fixture work in, on or about any building or structures in the City and County of San Francisco unless a certificate of inspection and approval has been issued. When the electrical and fixture work has been completed to the satisfaction of the Department, the Department shall issue and post on the premises wherein or whereon the electrical or fixture work is done or installed, a Green Tag, Form A-22, which will permit the connection of said electrical or fixture work for which a permit has been issued.

11A. **Temporary Use of Current.** The Department is hereby empowered and authorized to permit and approve the temporary use of electrical current to any person, firm or corporation, provided that no temporary use of electrical current shall be permitted in any case where such use shall be a hazard to life

or property, and further provided that no such temporary use of electrical current shall be permitted for a longer period than is reasonably necessary to comply with the provisions of this ordinance, and such period of time may be definitely fixed by the Department at the time of granting said permission.

SEC. 12. **Unlawful to Disturb Existing Wiring.** In any building or structure within the City and County of San Francisco, wherein or whereon electrical work has been done or installed, it shall be unlawful for any person, firm or corporation to change, alter, or extend any electrical work or part thereof after the inspection of same, without notifying the Department in writing and obtaining a permit therefor. Such changes, alterations or extensions shall be inspected and approved before any current shall be supplied thereto.

SEC. 13. **Time Limit a Penalty for Failure to Rectify Complaints.** The failure and neglect of a Master Electrician or Specialty Electrician to correct, obviate or remove any fault, error or deficiency in the doing or installing of any electrical or fixture work not in accordance with the provisions of this ordinance or rules and regulations adopted and promulgated under authority hereof, within ten (10) days after the receipt of a written notice from the Department describing said complaints, shall be deemed sufficient cause for the suspending or cancelling any Certificate of Registration issued by the Department and held by such person, firm or corporation. In addition to the above, the Department shall charge a fee of one dollar and fifty cents ($1.50) for each hour or fraction thereof that the Inspector of the Department spends in inspecting electrical or fixture work that is not corrected within the specified ten (10) day period.

SEC. 14. **Right of Entry.** Every person, firm or corporation or association or agent thereof, or agent acting for and in behalf thereof, owning, leasing, operating or in possession of any building or structure within the City and County of San Francisco shall permit the Inspector of the Department to enter such building or structure as often as it shall be deemed necessary by the Department for the purpose of inspecting the electrical or fixture work theretofore done or installed in, on or about such building or structure, and it shall be unlawful for any owner, occupant or lessee of any premises wherein or whereon any electrical work has been done or installed and is being used or is in use, to prevent or interfere with any such Inspector in the discharge of his duties under this ordinance, provided, however, that said Inspector shall upon request of the owner, occupant or lessee of said premises exhibit his authority to make such inspection.

SEC. 15. **Inspection of Existing Installations.** If the Chief or any Inspector of the Department finds that any installation of electrical or fixture work is defective or not in accordance with the provisions of this ordinance or any rules and regulations adopted and promulgated under authority hereof or is dangerous to life or property, the same shall be condemned and the use thereof forbidden until the same has been corrected.

SEC. 16. **Right to Disconnect Condemned Installations.** Upon failure of any person, firm, corporation or association owning, leasing or in possession of and using any building or structure in the City and County of San Francisco to correct or cause to be corrected such defective and condemned electrical or fixture work or any part thereof, for a period of ten (10) days after a receipt of a written notice thereof, from the Department to do so, which notice shall specify the corrections to be made, the Chief shall forthwith direct the person, firm, corporation or association or agent thereof, or person acting for and on behalf thereof, who shall be supplying electrical current or power to such electrical work or part thereof to disconnect the supply thereof. It shall be unlawful

for any such person, firm, corporation or agent thereof, or agent acting for and in behalf of any of them and so supplying such current or power to furnish or renew said supply of current or power without permission of the Chief to do so.

SEC. 17. **Standards Required.** No electrical or fixture work shall be installed or constructed which is dangerous to life or property, and all electrical and fixture work within the City and County of San Francisco shall be done, installed and constructed in conformity with the rules and requirements of the National Electric Code as approved by the American Standards Association, and the Electrical Safety Orders, as approved by the Industrial Accident Commission of the State of California, except as such rules and requirements are modified or supplemented as provided for in other sections of this ordinance.

SEC. 18. **Providing for the Adoption and Promulgation of Rules and Regulations by the Chief of the Department and Fixing a Standard for the Installation, Construction and Operation of Electrical and Fixture Work.** The Chief is hereby given power and it shall be his duty as soon as practicable after this ordinance takes effect, to hold a hearing or hearings on ten (10) days notice of the time and place thereof, given by publication in the then official newspaper of the City and County of San Francisco, to determine generally accepted standards and methods governing electrical and fixture work, in modification of or supplementary to the rules and regulations of the National Electric Code and the Electrical Safety Orders. As soon as he shall have ascertained the same and made his findings thereon, such modifications thereof and supplementary rules and regulations shall be set forth and adopted by him in a report in the form of rules and regulations governing electrical and fixture work, which rules and regulations shall not be contrary to or inconsistent with any law of the State of California or ordinance of the City and County of San Francisco, and shall forthwith upon adoption be posted in the office of the Department of Electricity, and notice indicating such adoption shall be published for a period of five (5) days in the then official newspaper of the City and County of San Francisco. On the first day after the completion of the publication of the notice aforesaid, the said rules and regulations shall take effect as the standards for which all persons, firms or corporations doing, installing or constructing electrical or fixture work shall conform. No certificate of inspection and approval provided for in this ordinance shall be issued unless the electrical or fixture work therein described shall conform with the rules and regulations in effect at the time the permit therefor is issued. The Chief shall hold a hearing or hearings at such times as he may deem necessary, to ascertain and determine what changes have been made in the standards and methods adopted supplementary to the National Electric Code and the Electrical Safety Orders, which hearing or hearings shall be held only on the giving of a like notice as in hearings hereinabove provided for. If the Chief shall find that the accepted standards and methods adopted as supplementary thereto have been changed, he shall make and adopt such changes or modifications thereof as amendments, additions or repeals of the then existing rules and regulations, which amendments, additions or repeals shall forthwith upon their adoption be posted in the office of the Department of Electricity, and notice indicating such adoption and posting be published in the then official newspaper of the City and County of San Francisco for a period of five (5) days after and shall take effect on the first day after the completion of publication of notice as aforesaid.

SEC. 19. **Non-Liability of City for Damages.** This ordinance shall not be construed to relieve from or lessen the liability of any person, firm or corporation owning, operating or installing any electrical or fixture work, or causing the same or any part thereof to be done, for damages to anyone injured by any

defect therein, or any negligent doing or installation thereof, nor shall the City and County of San Francisco or any agent thereof be held liable therefor by reason of any inspection herein authorized and made by reason of authority or by reason of the certificate of inspection and approval issued by the Department.

SEC. 20. **Exemptions.** Nothing in this ordinance shall be construed in any way to regulate the installation of wires, fixtures, appliances, construction or equipment of any telephone, telegraph, district messenger systems or otherwise protective signal systems operating at not more than 160 volts, and the same are hereby exempt from any of the provisions of this ordinance, except that approved protectors or fuses shall be provided and used where such wires enter or leave any building or structure where such circuits are so placed as to be liable to accidental contact with electric light, power or any other wires operating at potential exceeding two hundred fifty (250) volts, nor shall this ordinance be construed as in any way to regulate the connecting or disconnecting of any temporary current measuring device, which is hereby exempted from all the provisions of this ordinance.

SEC. 21. **Permit Fees.** Every person, firm or corporation shall pay the Department before the permit provided for in this ordinance is issued, the following fees or so much thereof as shall be applicable to the work done and inspected and approved, viz:

| | |
|---|---|
| 1. For each lighting outlet, switch, or convenience outlet receptacle | $ .15 |
| 2. For each lighting outlet used for outline, coves, border lights or footlighting | .05 |
| 3. For each lighting outlet used for panelled lighting (lighting outlets installed behind glass panels) | .15 |
| 4. For each transformer not over 500 volt-amperes used on high voltage decorative, neon outline, or interior neon display signs | .25 |
| For each transformer over 500 volt-amperes used as stated above | .50 |
| 5. For each lighting fixture connection | .15 |
| 6. For each circuit, except lighting convenience receptacle circuits | .50 |
| 7. For the connection of each motor (including control equipment), generator, transformer, or other devices consuming current up to and including 15 kilowatts, K.V.A., horsepower, or fraction thereof, per kilowatt, K.V.A., horsepower, or fraction thereof | .25 |
| Over 15 kilowatts, K.V.A., horsepower, or fraction thereof, per connection | 4.00 |
| 8. For the connection of each heating device including protection equipment, per kilowatt or K.V.A. or fraction thereof | .10 |
| 9. For each screw base lamp receptacle with terminal fittings inside of outlet box or fitting | .05 |
| 10. For temporary wiring and connecting equipment up to and including 10 kilowatt, K.V.A., or horsepower | 1.00 |
| Over 10 kilowatts, K.V.A., horsepower | 2.50 |

11. Providing, however, as a minimum the total amount of any bill of fees to be charged shall not be less than one ($1.00) dollar.

12. For the inspection of any electrical work for which no fee is herein prescribed, and for the inspection of temporary installation for decorative advertising, theatrical or similar purposes, there shall be charged to and paid by the person, firm or corporation, or agent thereof, or person acting for and on behalf of either thereof, who shall install and do such work or cause the same to be done or installed, a fee not to exceed one dollar and fifty ($1.50) an hour for the time actually consumed by each inspector making such inspection, before certificate of inspection and approval shall be issued.

21A. **Penalty for Installing Electrical Work Without a Permit.** If any erson, firm or corporation, or agent thereof, or any person acting for and on ehalf of either thereof, shall, after notice thereof has been given in writing y the Department and an opportunity to be heard, be found to have done or nstalled any electrical or fixture work without first applying for a permit herefor, in violation of the provisions of this ordinance, such person, firm or orporation or agent thereof, or person acting for and on behalf of either hereof, shall pay to the Department, for the inspection of such electrical or xture work, before a certificate of inspection and approval thereof shall be ssued, fees equal to five times the amount designated in Section 38, as shall be pplicable to the work done, inspected and approved, provided, however, that he minimum bill of fees to be charged and paid for any inspection under the rovisions of this section shall be ten dollars ($10.00).

21B. **Deposits of Moneys Received.** It shall be the duty of the Chief o turn all moneys received under this ordinance in to the Treasury of the ity and County of San Francisco. If payment made at the time of application or a permit shall be insufficient in amount to pay the fees for inspection, no ertificate of inspection and approval shall be issued until the balance of such ees shall be paid in full.

SEC. 22. **Penalty for Violation of this Ordinance.** Any person, firm, or orporation who violates this ordinance or any section or part thereof, shall e guilty or a misdemeanor, and upon conviction thereof, shall in addition o any other penalty herein provided for, be punished by a fine not exceeding ive hundred dollars ($500.00) or by imprisonment for not more than six 6) months in the County Jail, or by both such fine and imprisonment. Every erson, firm or corporation shall be deemed guilty of a separate offense for ach day such violation shall continue, and shall be subject to the penalty mposed in this section for each and every separate offense.

SEC. 23. **Repealing All Conflicting Ordinances and Parts of Ordinances.** All ordinances and parts of ordinances in conflict with the provisions of this rdinance and particularly Ordinance Code No. 11.111, regulating the installaion of electrical wiring, fixtures and apparatus, and Ordinance No. 5230 New Series), "Regulating the business of doing electrical installation, fixture nd connection work and providing for the registration and examination of ersons engaged in the same, and creating an Examination Board, and providng a penalty for a violation thereof," approved September 17, 1920, and rdinance No. 5192 (New Series), "Regulating the installation, construction, peration, and inspection of electrical wires, fixtures and appliances and pparatus in, on or about buildings or structures in the City and County of San rancisco, fixing a standard therefor, providing for the granting of certificates o Master Electricians and Fixture Men and for the revocation thereof, and roviding for the condemnation of electrical work, installation, fixtures and pparatus not in conformity therewith and forbidding the furnishing of electrical current to said condemned electrical installation and fixing penalties herefor," approved July 2, 1920, are hereby repealed.

SEC. 24. **Validity of Ordinance.** In the event that any part, clause, sentence or section of this ordinance shall be judged void and of no effect, such decision shall not affect the validity of the rest and the remaining portion of his ordinance.

## ELECTRIC SIGNS.

(Code No. 11.11)

Also, Bill No. 1076, Ordinance No. 11.115, as follows:

An ordinance regulating the installation and maintenance of electric signs sign devices, advertisements, transparencies, bulletin boards, barber poles beauty shop poles, and sidewalk clocks, sign flashers, sign control devices interior sign display equipment; providing for permit procedure and fixing fees for the permits for the installation of all exterior electric signs, interior electric signs, barber poles, beauty shop poles, sign flashers and sign control devices; fixing standards for the manufacture and installation of electric signs and equipment; providing for inspection; regulating current and current control equipment and devices; fixing penalties for the violation of this ordinance and any rules and regulations adopted under authority hereof; and repealing all ordinances or parts of ordinances in conflict herewith, and particularly Ordinance No. 8962.

Be it ordained by the People of the City and County of San Francisco, as follows:

SEC. 1. **Definitions.** The following words or phrases, wherever used in this ordinance, unless the context clearly requires a different meaning, shall be given the meaning hereinafter in this section ascribed to them and shall be construed in accordance with such meaning and definition:

"Person" shall include firm, corporation or co-partnership. Masculine gender shall include feminine gender. Singular shall include plural.

"Department" shall mean the Department of Electricity of the City and County of San Francisco.

"Chief" shall mean the Chief of the Department of Electricity of the City and County of San Francisco.

The word "sign" as used herein appearing alone, shall be understood to include all types of signs, sign devices, advertisements, transparencies, bulletin boards on or attached to any building, pole, structure or premises, and shall also include barber poles, beauty shop poles, and sidewalk clocks, provided, however, that the said word shall not include "billboards".

"Electric Sign" shall mean a sign whereon letters, figures or designs are formed or outlined by incandescent electric light globes, gas filled luminous tubes, or by a transparent medium illuminated by means of electric lights or gas filled luminous tubes contained within the sign. Electric lights or gas filled luminous tubes which are not an essential element of the sign proper are not classified as electric signs within the meaning of this ordinance, provided, however, that a sign or design installed or painted on the exterior of a building and illuminated or outlined by means of electric lights or gas filled tubes that are installed for the specific purpose of illuminating said sign or design shall be considered within the requirements of this ordinance.

"Interior Electric Sign" shall mean an electric sign installed within a building or structure.

"Exterior Electric Sign" shall mean an electric sign installed or attached to poles, to the exterior of a building or structure, or shall mean a sign installed or painted on the exterior walls of a building or structure and illuminated by means of electric lights or luminous gas filled tubes specifically installed for the purpose.

"Area of a Sign" is hereby defined as the product of the horizontal distance between vertical lines passing through the extremities of the sign and the vertical distance between a horizontal line passing through the highest point of a sign and a horizontal line passing through the lowest point of the sign.

SEC. 2. **Permit Required.** It shall be unlawful for any person, firm or corporation to install, place, or maintain an electric sign in, on or about any building or structure or on any pole in the City and County of San Francisco unless a permit for the installing, placing or maintaining of same is obtained from the Department of Electricity.

SEC. 3. **Construction Permit.** Every person, firm or corporation, before applying for a permit for the installing or placing of an electric sign as defined in Section 2, shall apply to the Central Permit Bureau of the Department of Public Works for a permit for the erection of the electric sign.

SEC. 4. **Number of Construction Permit to Be Given the Department of Electricity.** After the Central Permit Bureau has issued said permit, the Department of Electricity shall be advised of the number of same before a permit shall be issued by the Department of Electricity for the installation of the electrical work pertaining to the electric sign.

SEC. 5. **Permits Issued to Master and Specialty Electricians Only.** Permits for the installation of the electric signs shall be issued only to Master Electricians or Specialty Electricians as provided for under the provisions of existing law.

SEC. 6. **Application for Permit and Electrical Data.** Application for permits for electrical signs together with all the necessary data regarding the proposed electrical construction shall be submitted to the Department of Electricity. It shall be the duty of the Department to examine such electrical data, and if the proposed sign is found to be in accordance with all existing law regarding electrical construction and installation requirements, then said Department shall issue a permit for the erection of such sign.

SEC. 7. **No Sign to Be Erected Without Permits. Exceptions.** No electric sign shall be erected unless permits therefor have been secured from both the Department of Public Works and the Department of Electricity, provided, however, that signs painted on the walls of buildings or structures and electrically illuminated or outlined shall require only a permit issued by the Department of Electricity.

SEC. 8. **Inspection and Certificate.** Upon the completion of the electrical construction and installation of an electric sign for which a permit is issued or required, as herein provided, the Department of Electricity shall inspect the sign and the installation of same, and if it is found to be in accordance with the requirements of existing laws, and the provisions of this article, a Certificate of Inspection and Approval shall be issued by the Department.

SEC. 9. **Fees for Permits.** Every person, firm or corporation shall pay the Department of Electricity before the permit provided for in this ordinance is issued, the following fees or so much thereof as shall be applicable to the work done and inspected and approved, viz.:

| | |
|---|---|
| The minimum charge for each exterior electric sign of twenty (20) lamps shall be | $1.50 |
| For each transformer in an exterior sign in excess of two (2) | .50 |
| For each group of ten (10) lamps or portion thereof in excess of twenty (20) in an exterior sign | .50 |
| For each sign flasher or automatic sign or outline control device | 1.00 |
| For each exterior sign or outline circuit | .50 |
| The minimum charge for a permit for any exterior sign or outline shall be | 1.00 |

For each transformer in an interior sign installation in excess of two (2) ..... .50
For each group of ten (10) lamps or portion thereof, in excess of twenty (20), in an interior electric sign ..... .50
For each painted sign illuminated by bracket reflector lamps the minimum fee shall be ..... 1.50
For each reflector bracket lamp in excess of five (5) ..... .20
For each interior electric sign or outline circuit ..... .50
Temporary electric signs not in excess of five (5) transformers or 50 lamp receptacles ..... 1.50
For all signs in excess of the above load ..... 2.50
For the purpose of computing the fees on signs or outlines having combined transformer and lamp receptacles, each transformer shall be considered equal to ten lamp receptacles or portion thereof.

SEC. 10. **Penalty for Installing Electrical Sign or Outline Work Without a Permit.** If any person, firm, corporation, or agent thereof, or any person acting for and on behalf of either thereof, shall, after notice thereof has been given in writing by the Department of Electricity, and an opportunity to be heard, be found to have done or installed any electrical sign or outline work without first applying for a permit thereof, in violation of the provisions of this ordinance appertaining thereto, such person, firm or corporation, or agent thereof, or person acting for, or on behalf of either thereof, shall pay to the Department, for the inspection of such electrical sign or outline installation, before a certificate of inspection and approval thereof shall be issued, fees equal to five (5) times the amount designated in Section 9, as shall be applicable to the work done, inspected and approved, provided, however, that the minimum bill of fees to be charged and paid for any inspection under the provisions of this section shall be ten (10) dollars.

SEC. 11. **Permit Holder to Be Contractor in Fact.** No person, firm or corporation registered as a Master Electrician or Specialty Electrician, as defined in existing law, shall file an application for a permit to place, install or maintain an electric sign in the City and County of San Francisco unless said person, firm or corporation is in fact the contractor for such work. The person, firm or corporation placing, installing or maintaining the electric sign shall contract directly with the person, firm or corporation owning, leasing or renting the said electric sign. The Chief of the Department shall have the power to cancel any permit found by him to be issued contrary to the requirements of the provisions of this ordinance.

SEC. 12. **Electrical Sign Maintenance.** Electrical sign maintenance shall mean and include the installation, replacement, or removing of gas filled illuminating tubes, gaseous tube transformers or other electrical materials used in the construction and installation of electric signs or electrical sign control devices.

SEC. 13. **Sign Maintenance Work to Be Done by Registered Contractor.** It shall be unlawful for any person, firm or corporation to do, or permit to be done under his or its supervision, any electrical sign maintenance work, as defined in Section 12 of this ordinance, unless said person, firm or corporation is registered with the Department of Electricity as a Master Electrician or Specialty Electrician, as provided for under the provisions of existing law.

SEC. 14. **Responsibility of Contractor Installing Electric Sign.** It shall be unlawful for any person, firm or corporation registered with the Department of Electricity to install an electric sign on any building or structure in the

City and County of San Francisco, unless provisions have been made for the connection of the electric sign to an existing sign circuit or the installing of a new sign circuit shall be completed. It shall be unlawful to install any electric sign where provisions are not made for the installation of the sign circuit or feeder.

SEC. 15. **Sign Must Be Connected to Sign Circuit or Feeder.** It shall be unlawful for any person, firm or corporation to install an electric sign on any building or structure unless said electric sign is connected to a sign circuit or feeder installed under the installation provisions of existing law. Wherever an electric sign is installed, provisions shall be made for the illuminating of said sign. The Department of Electricity shall have the power to order the removal of an electric sign from any building or structure in the City and County of San Francisco, where said sign is installed contrary to the provisions of this section of the ordinance.

SEC. 16. **Electrical Sign Construction and Installation Requirements.** All electric signs, both swinging and stationary, including marquises, building front and roof signs, must comply in every detail with the construction and installation requirements and rules of the San Francisco Construction Ordinances, the Electrical Safety Orders as issued by the Industrial Accident Commission of the State of California, the National Electric Code as issued by American Standards Association, and Requirements Section, Subject 48, as issued by the Underwriters' Laboratories as a Standard for Electric Signs, with such exceptions as are outlined within the provisions of this ordinance.

SEC. 17. **Shop Inspection of Electric Signs.** All electric signs other than the portable types shall be inspected in the shops of the person, firm or corporation manufacturing said electric sign, in order to ascertain that all the provisions of Section 16 of this ordinance have been complied with. It shall be unlawful for any person, firm or corporation to enclose or conceal any electrical work in any electric sign without first securing permission from the Department of Electricity to do so.

SEC. 18. **Inspection to Be Made Before Installation.** All electric signs other than the portable type, constructed elsewhere than in San Francisco, shall be inspected in the shop of said person, firm or corporation installing the electric sign, or can be inspected on the sidewalk of the premises where said electric sign is to be installed. Under no conditions can shop inspections be made after a sign has been installed on the building or structure. Signs installed without the said shop or sidewalk inspection shall be removed to the sidewalk in order that the shop inspection can be made.

SEC. 19. **Signs Constructed Elsewhere.** Signs constructed elsewhere than in San Francisco and bearing the label of "Underwriters' Laboratories Inspection" shall be inspected as required in Section 18 of this ordinance, in order to ascertain that the requirements of the San Francisco Construction Ordinances have been complied with.

SEC. 20. **Moving of Existing Signs From One Location to Another.** The Department of Electricity will permit the direct moving of existing signs from one location to another without the necessary shop inspection, providing no alterations or additions are made to the existing signs, and the signs have been previously approved for installation in the City and County of San Francisco, and the Department is immediately notified relative to its previous location and the electrical load of the signs.

SEC. 21. **Department to Make Inquiry of Inspection of Signs Not Made in the City and County.** Before a person, firm or corporation installs an electric

sign that has been manufactured elsewhere than in the City and County of San Francisco, inquiry shall be made of the Department of Electricity concerning acceptance of certificates covering the inspection of the construction of said sign.

SEC. 22. **Portable Electric Signs.** Portable electric signs shall be installed or placed only in the interior of a building or structure and shall bear the label of the Underwriters' Laboratories, in order to insure that said portable electric sign has been constructed in accordance with the requirements of Section 48, of the Underwriters' Laboratory Standard for Electric Signs.

SEC. 23. **Minimum Size of Sign Circuit or Feeder.** When a sign circuit or feeder is installed, the total connected load of the sign shall govern the size of the feeder or circuit conductors, but in no case shall said conductors be smaller than No. 12 B. & S. Gauge.

SEC. 24. **Electric Signs on Exterior of Buildings, Connection, Etc.** Electric signs on the exterior of a building may be connected to an existing sign circuit or feeder of No. 14 B. & S. Gauge, provided the total load connected thereto does not exceed the approved capacity of the conductors.

SEC. 25. **Sign Feeders for Future Use.** Where a sign feeder is installed for a future sign installation and the load of the sign is unknown, the sign feeder or circuit shall be computed as requiring not less than 10 amperes on the feeder and service switches and conductors.

SEC. 26. **Old Signs to Be Removed.** When a new sign is installed on a building or structure and the feeder or circuit to the existing sign is used to supply the new sign, the old sign shall be removed from the building.

SEC. 27. **Sign Circuit Provisions.** Each outline lighting installation and each exterior electric sign shall be installed on a separate circuit.

SEC. 28. **Number of Lamps on Single Circuit Sign.** Not more than 60 medium base or 100 intermediate base lamp receptacles shall be installed or connected to a single circuit in the body of a sign and not more than 100 medium base or 150 intermediate base lamp receptacles shall be installed on or connected to a single circuit in the border of a sign. The minimum wattage of 25 watts shall be figured for each medium base lamp receptacle in the body of a sign and 10 watts for each medium base lamp receptacle in the border of a sign. A minimum wattage of 15 watts shall be figured for each intermediate base lamp receptacle in the body of a sign and 10 watts for each intermediate lamp receptacle in the border of a sign.

SEC. 29. **Transformers for Single Circuit Signs.** Where transformers are installed for the illumination of gas filled tubes, not more than 1500 volt-amperes shall be connected to a single circuit.

SEC. 30. **Wattage for Single Circuit.** Not more than 1500 watts or 1500 volt-amperes shall be installed on a single circuit in a sign or for outline lighting.

SEC. 31. **Voltage Limitations.** Incandescent lamp signs and outline lighting or transformers for the illumination of gas filled tubes in signs and outline lighting shall not be connected to any single phase ungrounded system or any system wherein the voltage to ground exceeds 150 volts.

SEC. 32. **Transformers for Secondary Open Circuits.** Transformers used for the illumination of gas filled tubes shall have secondary open-circuit volt-

ges not exceeding 15,000 volts, with an allowance on test of 1000 volts additional.

SEC. 33. **Switches.** Each outline lighting installation and each exterior electric sign shall be controlled by an externally operable switch which will open all ungrounded conductors of the feeder or circuit. When not within sight of the outline lighting or the sign, the switch shall be capable of being locked in the "off" position.

SEC. 34. **Neon, Etc., Signs, Disconnect Switch Required.** Neon or gas filled luminous tube outline, or an additional electric sign, may be installed and connected to an existing sign circuit and disconnect switch supplying a sign on the exterior of the building, provided a separate disconnect switch or dead-front type of fuse block is installed at each sign location, in order to disconnect each sign or outline at its respective location.

SEC. 35. **Switches, Flashers, Etc., to Have Current Rating Transformer.** Switches, flashers and similar devices controlling gaseous tube transformers shall be either of a type approved for the purpose, or have a current rating not less than twice the current rating of the total current of the transformers connected thereto.

SEC. 36. **Switches in Signs, Etc., to Be Minimum Current Rating.** Switches installed in a sign or outline circuit or feeder and arranged to disconnect the total feeder or circuit current shall have a minimum current rating of twenty (20) amperes. Switches arranged for the operation of a control circuit of a magnetic type contactor shall have a minimum current rating of ten (10) amperes at 220 volts.

SEC. 37. **Door Switches.** Permanently installed gaseous tube transformer enclosures, where installed within eight (8) feet vertical of the floor or platform, shall have the access doors equipped with door switches, unless said doors are mechanically secured in the closed position, by means of Parker type sheet metal screws.

SEC. 38. **Disconnect Switches.** Where gaseous tube transformers are installed in locations that are remote from the feeder or circuit disconnect switches, an additional externally operable type disconnect switch shall be installed adjacent to or in the transformer cabinet, to disconnect said transformers from the source of electrical supply.

SEC. 39. **Roof Sign Disconnect Switches.** On all electrically illuminated roof signs a disconnect switch shall be installed for the purpose of disconnecting the current from the sign, motor, or other control equipment on the structure. This disconnect switch shall be located within six (6) feet, six (6) inches from the roof and be placed either on the supporting structure or within easy access and view of the supporting structure.

SEC. 40. **Sign Enclosures.** With the exception of indoor portable type signs, all signs and outline lighting enclosures shall be constructed entirely of metal or other approved noncombustible material. Wood may be used for external decoration if kept at least two inches from the nearest lamp holder or other current carrying part. The design shall afford ample strength and rigidity and shall provide for the enclosure of all terminals and wiring other than the supply conductors.

SEC. 41. **Gauge of Metals.** All sheet steel or iron used in the construction or installation of exterior signs or outline lighting shall be galvanized. If sheet copper is used, it shall be at least 20 ounce (0.028 inch). Sheet steel

shall be not less than No. 28 USS gauge (0.156 inch) except that for gas-filled luminous tube-type signs and outline lighting troughs, boxes, and other enclosures shall be of No. 24 USS gauge (0.250 inch), unless ribbed, corrugated or embossed over its entire surface, when it may be of No. 26 USS gauge (0.188 inch).

SEC. 42. **Exterior Enclosures to Be Weather Proof.** Enclosures for exterior use shall be made weatherproof and shall have an ample number of drain holes, each not larger than ½ inch or smaller than ¼ inch.

SEC. 43. **Cutouts, Flashers, Etc., to Be Enclosed in Approved Metal Box.** Cutouts, flashers and similar devices placed on or within an enclosure or on or in a building shall be enclosed in approved metal boxes, the doors of which shall be arranged so that they can be opened without removing obstructions or finished parts of the enclosure. When exposed to the weather, these boxes shall be of the weatherproof type.

SEC. 44. **Standard Cutouts, Etc., to Be in Weatherproof Enclosure.** Standard cutout bases, panelboards, flashers, switches and other similar devices shall be used when they are provided as part of the sign assembly. If on or within the body or structure of the sign, they shall be in a separate weatherproof enclosure of metal of not less than No. 28 USS gauge.

SEC. 45. **Sign and Outline Wiring, Minimum Wattage Requirements.** Each exterior electric sign shall be wired for and contain either incandescent light globes, luminous gaseous tubes and their supply equipment, or a combination of both incandescent light globes and luminous gaseous tubes. The amount of illumination supplied by an electric sign shall be not less than one lineal foot of tubing for each square foot area of the illuminated sides of the sign, but in no case, shall the wattage or volt-amperage required to supply sign illumination be less than 15 watts or 15 volt-amperes for each square foot of area of the illuminated side or sides of the sign.

SEC. 46. **Lampholders.** Lampholders for sign use shall be of the keyless porcelain or moulded composition type. Standard lampholders shall be used. Lampholders shall be so installed and of a type that will afford permanent and reliable means to prevent possible turning. Miniature type lamp holders shall not be employed for outside work.

SEC. 47. **Conductors to be Soldered, Etc., and Painted With Compound.** Conductors shall be fastened to lampholder terminals so as to be mechanically and electrically secure, and shall, in addition, be soldered. Terminals at lampholders and exposed parts of wires at the lampholder terminals shall be treated or painted with a suitable compound to prevent corrosion.

SEC. 48. **Conductors 600 Volt Circuits Shall Be Approved Rubber Covered.** The conductors for circuits within an electric sign operating at 600 volts or less, shall be approved rubber covered Type R "Flame Retarding" having an outer braid treated with flame retarding as well as moisture-proofing compound. No 600 volt conductor shall be smaller than No. 14 B. & S. Gauge.

SEC. 49. **Wireways.** Wireways within a sign enclosure shall be formed of metal not less than No. 24 USS Gauge.

SEC. 50. **Circuit Conductors to Be Identified.** Circuit conductors connected to the screw shell terminals of lampholders shall be identified by means of a white or natural gray braid. The braid of all other wires of the sign shall be of a contrasting color.

SEC. 51. **Insulated Conductors to Be Standard.** Insulated conductors for wiring above 600 volts shall be standard, suitable for the voltage involved, not smaller than No. 14 B. & S. Gauge and of the standard type. Uninsulated conductors used in signs shall be not less than No. 10 B. & S. Gauge.

SEC. 52. **High Voltage Conductors, How Supported.** The high voltage conductors shall be supported as close as practicable to the terminal connections, both at transformers and electrodes. When no support is provided at an electrode terminal, a support shall be provided within six (6) inches of the terminal or electrode connection.

SEC. 53. **High Voltage Conductors Not to Be Spliced.** Except at transformer connections, insulated high voltage conductors shall not be spliced. At transformers or electrodes, connections shall be mechanically secure. Standard connections shall be soldered before being fastened under clamps or binding screws. At gaseous tube electrodes, connections between high tension conductors and electrode leads shall be soldered or made with standard wire connectors suitable for this particular use.

SEC. 54. **No Condensers to Be Used in High Voltage Circuits.** There shall be no condensers or current interrupting devices installed in the high voltage circuit.

SEC. 55. **Electrode Receptacles to Be Approved.** Electrode receptacles shall be of a type as approved by the Underwriters' Laboratories for sign installation.

SEC. 56. **High Voltage Conductors Not in Sign, How Installed.** High voltage conductors installed for outline or sign installation and not within the sign enclosure, shall be installed in conduit or electrical metallic tubing.

SEC. 57. **Neon Signs to Be Grounded.** Isolated non-current-carrying parts of outline lighting and skeleton letter type neon signs shall be grounded in accordance with approved wiring installation methods. All permanently installed signs shall be grounded.

SEC. 58. **Capacitors.** A capacitor intended for power factor correction shall be capable of withstanding without breakdown for a period of 15 minutes, a D. C. potential of five times its rated voltage.

SEC. 59. **Portable Electric Signs.** Portable electric signs shall be approved by the Underwriters' Laboratories and shall bear a label indicating the name of the manufacturer, the voltage, current and frequency necessary for the correct operation of the sign. Portable electric signs shall be installed only within the interior of a building or structure.

SEC. 60. **Portable Signs, Secondary Voltage.** Portable electric signs having a secondary voltage in excess of 7500 volts shall be provided with a three-conductor cord in order that said sign shall be grounded.

SEC. 61. **Grounding Permanent Signs.** The metal of all permanently installed signs shall be installed in an approved manner. The grounding conductor shall be installed as specified in Section 9 of the National Electric Code and the State Safety Orders. Where flexible metallic conduit is used for gaseous luminous tube installations, approved bonded fittings, arranged to provide the continuity of the conduit ground, shall be installed. The conduit grounding conductor may be installed in the same conduit with the sign circuit or feeder conductors, provided said conductor is of the insulated type.

SEC. 62. **Temporary Electric Signs.** This Department will permit the installation of temporary electric signs for advertising purposes provided that

the sign is constructed of non-inflammable material, all wiring within eight feet of the ground or platform is suitably enclosed or protected and the electric work and installation of said sign is installed by a Master Electrician or Specialty Electrician under a permit issued by the Department. Permits for temporary electric signs shall not be issued for a period exceeding thirty (30) days.

SEC. 63. **Department of Electricity to Make Rules and Regulations for Installation of Signs.** The rules and standards governing the installation of electric signs and the wiring and installation of same shall be in accordance with the requirements of this ordinance and all supplementary rules as issued under the authority of existing law.

SEC. 64. **Time Limit and Failure to Rectify Complaints.** The failure and neglect of any Master Electrician or Specialty Electrician to correct, obviate or remove any fault, error, or deficiency in the doing or installing of any electrical work or electrical sign or outline work not in accordance with the provisions of this ordinance and the rules and regulations adopted and promulgated under the authority of existing law, within ten (10) days after the receipt of a written notice from the Department describing said complaints, shall be deemed sufficient cause for the suspending or cancelling of any certificate of registration issued by the Department and held by the Master Electrician or Specialty Electrician doing said electrical work. In addition to the above, the Department shall charge a fee of One Dollar and Fifty Cents ($1.50) for each hour or fraction thereof that the Inspector of the Department spends in inspecting electrical work or fixture work that is not corrected within the specified ten (10) day period.

SEC. 65. **Illegal Use of Permit.** No person, firm or corporation registered as a Master Electrician or Specialty Electrician shall file an application for a permit to do so or install any electrical work in connection with the installation of electrical signs and outlines unless such person, firm or corporation has a contract to do or install the same, or intends to do or install such electrical work on his or its own behalf and for his or its own account. The Chief of the Department shall have the power to cancel any permit found by him to be contrary to the provisions of this section.

SEC. 66. **Non-Liability of City for Damages.** This ordinance shall not be construed to relieve from or lessen the liability of any person, firm or corporation owning, operating or installing any electrical sign or outline work, or causing the same or any part thereof to be done, for damages to anyone injured by any defect therein, or any negligent doing or installation thereof, nor shall the City and County or any agent thereof be held liable therefor by reason of any inspection herein authorized and made by reason of the certificate of inspection and approval issued by the Department.

SEC. 67. **Penalty for Violation of This Ordinance.** Any person, firm or corporation who violates any of the provisions of this ordinance or any section or part thereof, shall be guilty of a misdemeanor, and upon conviction thereof, shall in addition to any other penalty herein provided for, be punished by a fine not exceeding five hundred dollars ($500.00) or by imprisonment for not more than six (6) months in the County Jail, or by both such fine and imprisonment. Every person, firm or corporation shall be deemed guilty of a separate offense for each day such violation shall continue, and shall be subject to the penalty imposed in this section for each and every separate offense.

SEC. 68. **Repealing All Conflicting Ordinances and Parts of Ordinances.** All ordinances and parts of ordinances in conflict with the provisions of this

rdinance, and particularly Ordinance No. 8962, New Series, regulating the stallation, alteration and maintenance of signs, are hereby repealed.

SEC. 69. **Validity of Ordinance.** In the event that any part, clause, ntence or section of this ordinance shall be judged void and of no effect, ich decision shall not affect the validity of the rest and remaining part of ie ordinance.

**Endorsing Proposed Constitutional Amendment Prohibiting Gas Tax Diversion.**

(Code No. 12.052)

The following recommendation of Streets Committee was taken up:

Resolution No. 2737, as follows:

Whereas, the Hayden-Cartwright Act of the Seventy-third United States Congress states: "It is unfair and unjust to tax motor vehicle transportation unless the proceeds of such taxation are applied to the construction, improvement or maintenance of highways"; and

Whereas, motor vehicle fees and gasoline taxes are levied on the users of our highways in proportionate measure to their use of those highways and paid for by them because of their reliance and full expectation that the proceeds will be applied in good faith to the maintenance and development of highways; and

Whereas, continuous development of adequate highways and rational highway planning require stabilized highway income without the constant threat of diversion; and

Whereas, an amendment to the Constitution designed to prevent the diversion of highway revenues to purposes other than the maintenance and development of highways will appear upon the ballot at the general election in November, 1936; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco in regular meeting assembled this .... day of ....., 1936, do hereby place ourselves on record as unalterably opposed to the diversion of highway funds to purposes other than the maintenance and development of highways, and we do hereby favor the adoption of that proposed constitutional amendment designed to prevent the diversion of highway revenues which will appear as No. 10 upon the ballot at the general election in November, 1936, and we do hereby urge its adoption by the people of the State of California.

**Bay Bridges to Be Made Part of State Highway System and Toll Free.**

(Code No. ———)

Supervisor Uhl presented:

Resolution No. 2746, as follows:

Whereas, the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge, will, in reality, become a link in the highway system of the State of California; and

Whereas, the State of California is spending millions of dollars constructing highways of no greater importance than the aforesaid bridges, for the benefit of the public, and on which highways no toll is collected; and

Whereas, the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge should be recognized by both the State of California and the Federal Government as highway links as important as are other sections of highways in California; be it, therefore,

Resolved, That his Excellency, Frank F. Merriam, Governor of the State of California, and the members of the State Legislature be importuned to take the necessary legal steps to promulgate a plan whereby the aforesaid bridges become a unit of the State and Federal highways, free of toll, within the earliest possible time.

**Estimates of Cost and Means of Financing Opening of New Streets. (Code No. ———)**

Supervisor Uhl presented:

Resolution No. 2747, as follows:

Whereas, there now exists traffic congestion at peak hours on Market street between Third and Sixth streets; and

Whereas, it is inevitable that traffic over the San Francisco-Oakland Bay Bridge, when thrown open to vehicular traffic, will add to the present congestion; and

Whereas, despite the fact that the figures submitted by the City Engineer indicate that the saturation point regarding automobile traffic on Third, Fourth, Fifth and Sixth streets will not take place over these streets for several years; and

Whereas, the afternoon peak hour on week days due to parking and otherwise, there is an absolute delay in traffic due to automobile congestion; and

Whereas, it is contemplated Mr. McClintock will arrive in San Francisco in sixty days to make a traffic check on the normal, future increase in vehicular traffic, which check will require at least several months; and

Whereas, it is possible that Mr. McClintock will agree with the figures of M. M. O'Shaughnessy's report of 1931, wherein he states additional streets leading from the south side of Market street between Third and Sixth streets should be opened, and in which Mr. Cahill, in his recent report likewise agreed; and

Whereas, it will be positively necessary in the very near future to open the aforesaid streets in order to relieve traffic congestion on Third, Fourth and Sixth streets; and

Whereas, time is the essence to provide these additional streets leading south from Market street, and in order that the cost and financing will be available; be it therefore

Resolved, That the Chief Administrative Officer be requested to have an estimate of cost and means of financing the opening of the following streets, said estimate to cover each block of the several streets between Market and Harrison, a street between Third and Fourth to lead into Grant avenue and O'Farrell, between Fifth and Sixth streets to lead into Mission and Turk.

**In Memoriam—Ed. McDevitt.**

Supervisor Shannon moved that proper In Memoriam resolution be drawn and forwarded to the family of the late Ed. McDevitt of the Assessor's office.

The following was addressed to the family of the deceased:

August 18, 1936.

To the Family of the Late Edward J. McDevitt.

In the Board of Supervisors Monday, August 17, 1936, Supervisor

Shannon, seconded by Supervisor McSheehy, moved that the Board adjourn out of respect to the memory of the late Edward J. McDevitt.

The Board extends to you its heartfelt sympathy in your bereavement.

Mr. Shannon and Mr. McSheehy referred feelingly to the long and faithful service that Ed McDevitt gave to the City of San Francisco since he became an employee of the Assessor's office in 1908.

Mr. McDevitt's example of fidelity and duty and faithful performance of trust is worthy of emulation of all city employees. He gained and held the respect of his associates, confidence of his superiors and the esteem of the public with whom he came in contact.

Sincerely yours,

J. S. DUNNIGAN, Clerk.

### SAN FRANCISCO TAX RATE ORDINANCE, 1936-1937.

#### Discussion.

Supervisor Roncovieri presented a report on the Tax Rate Ordinance for the fiscal year 1936-1937, of $3.784, an increase of $0.102083 over the tax rate for the preceding fiscal year, indicating that the Board of Supervisors had reduced the tax rate on those items over which it had any control.

A comparison of the tax rate of 3.784 submitted for 1936-1937 with the tax rate of 3.681917 for 1935-1936 reflects an increase of .102083.

The following major items of *increase* in the rate for 1936-1937 are mandates of State law, the Charter and of necessity:

| | |
|---|---|
| Emergency Reserve Fund | .027125 |
| Relief of the indigent sick and dependent poor | .023229 |
| State Emergency Relief Administration which represents the Sponsors' Contribution for the Works Progress Administration projects | .024826 |
| Bond interest and redemption | .067638 |
| Common School Fund | .020570 |

The major item of *decrease* is the aggregate of items which make up the General Fund expenditures.

This decrease is .076471, evidencing the fact that the general expenses of the City, in the aggregate, have been reduced.

#### Motion.

Supervisor Roncovieri also read article by the Financial Editor of the San Francisco Examiner and moved that the Controller be authorized to print the article for distribution to improvement clubs, and wherever else he desired.

Supervisor Colman stated that the Financial Editor of the Examiner might have added that the excellent condition of the City and County of San Francisco was due to two things:

(1) The new Charter and the thoroughly cooperative and splendid way in which the City and County officials have observed the spirit and the letter of the new Charter; (2) That San Francisco votes bonds to go into debt only by a two-thirds majority of the people who vote on such issues.

Action Deferred.

Supervisor McSheehy requested information as to the exact amount of increase in the tax rate, in dollars and cents, and asked that action on the Tax Rate Ordinance be deferred until receipt of such information from the Controller.

Motion.

Whereupon, Supervisor Shannon, seconded by Supervisor Roncovieri, moved that the Board recess, at the conclusion of the day's business, to reconvene on Wednesday, August 26, 1936, at which time the Controller can have the figures requested for presentation to the Board.

Motion *carried*.

Action Deferred.

Action on ordinance authorizing Tax Anticipation Notes, and resolution providing for the sale of $3,500,000 Tax Anticipation Notes, was *deferred until August* 26, 1936, following enactment of Tax Rate Ordinance.

Passed for Second Reading.

The following matters were *passed for second reading*:

### Transcripts of Proceedings in Police Investigation

Supervisor Uhl questioned Controller Leonard S. Leavy regarding bills for costs of transcripts of proceedings in police investigation, who replied that he was withholding payment of some of bills for transcripts, but such withholding of payment did not stop reporters from continuing their work.

### Old-Age Pensions.

In reply to questions by Supervisor Uhl, Miss Eugenie Schenk, Director of the County Welfare Department, stated that there were some 700 applications for old-age pensions now being invesitgated by the department, and about 700 more cases to be assigned for investigation. She expected the investigations to be completed by December 1, 1936.

Supervisor Uhl moved that the Chief Administrative Officer be requested to submit an answer to his letter of August 8, covering some twenty cases, to which the Chief Administrative Officer replied that the information requested would be furnished at the earliest possible date.

Supervisor Uhl also requested that the Chief Administrative Officer inform him as to the status of the case of Charles W. Frances, applicant for old-age pension.

### Pensions for Blind.

Supervisor Uhl moved that the Chief Administrative Officer be requested to instruct Miss Schenk to mail return post cards to blind pensioners that they might apply for increased pensions, to which they are entitled. Mr. Cleary agreed to comply therewith.

### San Francisco Day, San Diego Exposition.

The Clerk read communication from his Honor the Mayor suggesting that the Board appoint a committee of Supervisors to attend the Exposition at San Diego, on August 29, 1936, San Francisco Day.

## MONDAY EVENING, AUGUST 24, 1936, 8 P. M.

In Board of Supervisors, Monday evening, August 24, 1936, 8 p. m.

The Board of Supervisors reassembled pursuant to previous order for the purpose of giving consideration to the problem of rapid transit in San Francisco.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Havenner (excused), Schmidt—3.

### Discussion.

W. H. Borden, representing himself, concluded his discussion of August 17.

D. V. Delany, representing the Excelsior Improvement Club, addressed the Board.

J. P. Sweeney, representing the Marina Property Owners' Protective Association and the Northern Council of Improvement Clubs and Associations, also was heard.

Frederick Whitten, of the Building Owners' and Managers' Association, presented the following resolution, adopted by the San Francisco Real Estate Board:

"Whereas, there has been presented to the Directors of the San Francisco Real Estate Board a plan to provide rapid transit to and from the outlying districts of San Francisco, at an estimated cost of $52,000,000; and

"Whereas, while the Board of Directors of the San Francisco Real Estate Board fully recognizes the necessity of improving the present traffic situation in the City, the Board questions the advisability of exhausting the greater part of our bonding capacity for the plan submitted, especially in view of the fact that additional plans are now under way calling for the expenditure of many millions of dollars for the widening of streets, removal of useless street car tracks and improving parking facilities; now, therefore, be it

"Resolved, That we respectfully urge upon the Public Utilities Commission and the Board of Supervisors that the proposal involving the expenditure of so large a sum be not pressed until further study can be made of some plan for relieving the situation without the expenditure of such a tremendous sum of money."

Following the reading of the above, he presented at length the opposition of the group he represented to the rapid transit plan proposed by the Public Utilities Commission.

Also heard were Cornelius Murphy, representing the Owners' and Lessees' Apartment House Association; James McElroy, Upper Sunset and Golden Heights Districts; H. P. Coustette; John Ricketts, representing himself; Walter G. Remley, also representing himself; Mr. Shaffer, supplementing a previous presentation.

### Communications.

Communications received from Edwin J. Gabriel, 196 Fifteenth avenue, on the subject of expediting street car transportation, and from P. R. Thompson, chairman, Traffic Committee, Central Council, showing to what extent Market street would be relieved of traffic by

the operation of the proposed elevated rapid transit system, were received and ordered made part of the record.

### Motions.

Supervisor McSheehy moved that the Clerk be authorized to order such transcripts of the records as are required.

Motion *carried.*

Supervisor Shannon moved that copies of statements made be sent to the Public Utilities Commission, and that the Public Utilities Commission be requested to make a digest thereof and report thereon to the Board.

Motion *carried.*

Supervisor Uhl moved that the Board take the matter into its own hands and sit in a Committee of the Whole on Monday, August 31, at 4 p. m., to continue consideration thereof, whereupon Supervisor Shannon objected, stating that he wanted the report from the Public Utilities Commission.

Whereupon, Supervisor Uhl announced that he would present his own plan for discussion at the next meeting of the Board.

## RECESS.

On motion of Supervisor Shannon, seconded by Supervisor Uhl, the Board, at the hour of 11:20 p. m., recessed, to reconvene at 2 p. m., Wednesday, August 26, 1934.

---

Finally Passed.

The following ordinance was presented by the Finance Committee, read and *finally passed*:

Authorizing Tax Anticipation Notes.

(Code No. 9.033)

Bill No. 1102, Ordinance No. 9.0338, as follows:

Determining that funds are needed for the immediate requirements of the City and County of San Francisco for the fiscal year 1936-37 in accordance with appropriations made, as authorized by the Charter of said City and County of San Francisco, for said fiscal year; determining that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; authorizing the Board of Supervisors of said City and County of San Francisco to borrow on its behalf the sum of $7,500,000 solely for the purpose of anticipating receipt of income, and to cause to be issued notes or other evidences of indebtedness evidencing the amount or amounts so borrowed, which notes shall be payable exclusively out of taxes levied and collected by said City and County for said fiscal year 1936-1937, providing that the repayment of the sums so borrowed shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which such money shall be borrowed and shall be repaid from the first moneys received from said taxes; and providing for the sale of said notes or evidences of indebtedness as provided by law and for the payment of the principal thereof and the interest thereon.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby find and determine: That the sum of $7,500,000 is needed for the immediate requirements of said City and County in the fiscal year 1936-1937, to-wit: To meet and pay the appropriations heretofore made for said fiscal year as authorized by the Charter of said City and County, and which will become due and payable prior to June 30, 1937, and which may be paid in advance of receipt of the income for said fiscal year; that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; that the Controller of said City and County has recommended that said sum of $7,500,000 be borrowed for the purposes herein mentioned, and the Mayor of said City and County of San Francisco has approved said recommendation made by said Controller; and that the estimated tax receipts of said City an County for said fiscal year are $31,389,050, and that said sum of $7,500,000 does not exceed twenty-five (25) per centum of said estimated tax receipts for said fiscal year.

Section 2. The Board of Supervisors of said City and County of San Francisco is hereby authorized to borrow on behalf of said City and County, solely for the purpose of anticipating receipt of income, the sum of $7,500,000 in lawful money of the United States of America, and to issue in the form hereinafter set forth notes of said City and County for the sum or sums so borrowed, payable as hereinafter provided.

Section 3. (a) As evidence of the sum to be so borrowed as aforesaid, there is hereby authorized to be issued by said City and County of San Francisco tax anticipation notes of said City and County of San Francisco in the aggregate principal amount of $7,500,000. Said notes shall be in the denomination of not less than $1,000 each, nor more than $100,000 each, and such denominations shall be fixed by resolution of this Board adopted at or after the time of the public sale of said notes as hereinafter provided. All of said notes shall be signed on behalf of said City and County of San Francisco by the President of said Board of Supervisors, and by the Controller of said City and County, and countersigned by the Treasurer of said City and County of San Francisco, and the seal of said City and County

shall be affixed thereto. Said notes shall bear such interest as may be hereafter fixed by resolution of said Board of Supervisors at or after the time said notes are sold, as hereinafter provided, which said interest shall in no case exceed six (6) per cent per annum, and full authority is hereby given to said Board of Supervisors to fix by resolution the rate of interest on said notes and each or any of them. Said interest shall be payable at the maturity of said notes.

(b) The principal amount of said notes, together with the interest thereon, issued and delivered under authority of this ordinance shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year 1936-1937, and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose. If at the time said notes, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes not paid prior to June 30, 1937, shall, nevertheless, be paid out of moneys received from the taxes of the fiscal year 1936-37, irrespective of the date of the receipt thereof, it being the intent and purpose of this ordinance to provide for the payment of all notes issued hereunder out of the taxes levied for said fiscal year 1936-37; and to provide that such notes shall be payable out of said taxes for said fiscal year, irrespective of the actual date of the collection thereof.

(c) Each of said notes shall be substantially in the following form, to-wit:

CITY AND COUNTY OF SAN FRANCISCO
TAX ANTICIPATION NOTE
Fiscal Year 1936-1937

No..... $.....

San Francisco,....., 193..

On the .. day of ....., 193.., the City and County of San Francisco, a municipal corporation organized and existing under and by virtue of the laws of the State of California, promises to pay to the bearer hereof, out of the funds hereinafter mentioned, at the office of the Treasurer of said City and County of San Francisco, the sum of ..... dollars, in lawful money of the United States of America, with interest thereon at the rate of.....per cent per annum from date until paid.

This note is one of an issue of notes aggregating in principal amount the sum of seven million five hundred thousand ($7,500,000) dollars authorized to be issued under and pursuant to an ordinance of the Board of Supervisors of said City and County of San Francisco, enacted under authority of Section 81 of the Charter of said City and County. This note and all other notes of said issue are payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1936-37, without preference or priority of any one note over any other note of this issue by reason of prior issuance, or otherwise, and said notes issued and delivered under authority of said ordinance shall constitute a first lien and charge against said taxes collected during the half of said fiscal year 1936-37, in which the money represented by said notes, respectively, shall be borrowed, and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose.

Any of said notes not paid at or prior to maturity shall, nevertheless, be paid out of moneys received from the taxes for said fiscal year 1936-37 irrespective of the date the same shall be so received.

It is hereby certified, recited and declared that this note is issued in

strict conformity with the Constitution and laws of the State of California, and with the Charter of the City and County of San Francisco, and with proceedings of said City and County of San Francisco authorizing the same, and that all acts, conditions and things required to exist, happen and to be performed precedent to, and in the issuance of, this note, have existed, happened and been performed in regular and due time, form and manner as required by law, and that this note, together with all indebtedness and obligations of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or the Charter of said City and County.

In witness whereof, said City and County of San Francisco has caused this note to be signed by the President of the Board of Supervisors of said City and County of San Francisco, and by the Controller of said City and County and to be countersigned by the Treasurer thereof, and the seal of said City and County to be affixed thereto the day and year first above written.

.....
President of the Board of Supervisors of the City and County of San Francisco.

.....
Controller of the City and County of San Francisco.

Countersigned:

.....
Treasurer of the City and County of San Francisco.

(d) Said Board of Supervisors, on behalf of said City and County of San Francisco, hereby confirms all recitals, declarations, certificates and promises contained in said notes, and each thereof, issued under and pursuant to this ordinance.

(e) At the time of the sale of any of said notes as hereinafter provided, and prior to the delivery thereof, the Treasurer of the said City and County of San Francisco shall date the same as of the date of delivery thereof and insert therein the denomination thereof and the rate of interest thereon as provided by resolution of said Board of Supervisors.

Section 4. The aforesaid notes shall be issued and offered for sale by the Board of Supervisors at such time (prior to May 15, 1937) as may from time to time be provided by resolution of said Board, so as to meet the immediate requirements of said City and County of San Francisco, as aforesaid. Each such sale shall be made to the bidder offering to accept and pay for the note or notes so sold at the lowest net interest cost to said City and County computed from the date fixed for the presentation of bids to December 21, 1936 (in the case of such notes as shall be sold in the first half of said fiscal year) or to May 15, 1937 (in the case of such notes as shall be sold in the second half of said fiscal year); provided, however, that none of said notes shall be sold for less than the face amount thereof and accrued interest thereon to the date of delivery thereof.

Section 5. The principal and interest of all of said notes issued and sold as aforesaid shall be paid only upon the surrender thereof. All of said notes not sold prior to May 15, 1937, shall be cancelled.

Section 6. If any section, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or void, such decision shall not affect the validity of any other portion of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, paragraphs, sentences, clauses or phrases be declared unconstitutional or void for any reason.

Section 7. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is

passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That said ordinance authorizes the issuance of tax anticipation warrants in accordance with the provisions of Section 81 of the Charter, and that the issuance of said notes immediately is necessary in order to provide funds for the operation of the Police and Fire Departments, and for the maintenance of hospitals and relief homes in San Francisco and for the care of the indigent sick and dependent poor of the City and County, and for the preservation of the public peace, property, health and safety of the people of said City and County, as well as for the uninterrupted operation of the various departments of the government of the City and County of San Francisco.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.
Absent—Supervisor Schmidt—1.

Adopted.

The following resolution was *adopted*:

Sale of $3,500,000 Tax Anticipation Notes.

(Code No. 9.033)

On recommendation of the Finance Committee.

Resolution No. 2748, as follows:

Whereas, Ordinance No. 9.0338 heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain Tax Anticipation Notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1937, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of the said City and County it is necessary to forthwith issue and offer for sale Tax Anticipation Notes as authorized by said ordinance above mentioned to the amount of three million five hundred thousand ($3,500,000) dollars; now, therefore, be it

Resolved, That the President of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid Tax Anticipation Notes, to the amount of three million five hundred thousand ($3,500,000) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said Tax Anticipation Notes to the amount of three million five hundred thousand ($3,500,000) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Tuesday, the 1st day of September, 1936, and that said Tax Anticipation Notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to December 21, 1936.

Further Resolved, That Orrick, Palmer & Dahlquist, attorneys at law, are employed to furnish legal opinion on validity of the above men-

tioned Tax Anticipation Notes authorized by Ordinance No. 9.0338, the fee therefor to be $1,000.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.

Absent—Supervisor Schmidt—1.

### Motion to Rescind.

Supervisor Colman moved that the Board rescind its action taken on Monday, August 24, 1936, where it postponed action on Bill No. 1106, Ordinance No. 9.051303, appropriating $10,000 from the Emergency Reserve Fund, for the purpose of engaging Mr. Miller McClintock, Traffic Engineer, in connection with traffic studies throughout the City, and specifically in connection with the downtown traffic situation, until Monday, August 31, 1936.

### Point of Order.

Supervisor McSheehy rose to a point of order: (1) that this matter had been postponed for one week, and (2) that the Board recessed on Monday, August 24, for the purpose of considering the Tax Rate Ordinance and other specific matters.

The Chair ruled the point of order not well taken.

### Appeal From Decision of the Chair.

Whereupon, Supervisor McSheehy appealed the decision of the Chair.

### Chair Sustained.

Whereupon, the Chair was *sustained* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisor Schmidt—1.

Excused—Supervisor Havenner—1.

### Action Rescinded.

The roll was called and previous action to postpone consideration of ordinance appropriating $10,000 for traffic study by Miller McClintock was *rescinded* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors McSheehy, Uhl—2.

Absent—Supervisor Schmidt—1.

### Refused Passage for Second Reading.

On motion by Supervisor Colman, seconded by Supervisor Meyer, the roll was called and the following bill was *refused passage for second reading* by the following vote:

### Appropriating $10,000 for Traffic Studies Throughout the City.

(Code No. 9.051)

Bill No. 1106, Ordinance No. 9.051303, as follows:

Appropriating $10,000 from the Emergency Reserve Fund, Appropriation No. 602.900.00 for the purpose of engaging Mr. Miller McClintock, Traffic Engineer, in connection with traffic studies throughout the City, and specifically in connection with the downtown traffic situation.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $10,000 is hereby set aside from the Emer-

gency Reserve Fund, Appropriation No. 602.900.00, for the purpose of engaging Mr. Miller McClintock, Traffic Engineer, in connection with traffic studies throughout the City, and specifically in connection with the downtown traffic situation.

Recommended by the Mayor.

Approved by the Chief Administrative Officer, and the Director of Public Works.

Approved as to availability of funds by the Controller.

Ayes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors McSheehy, Uhl—2.

Absent—Supervisor Schmidt—1.

### Motion to Reconsider.

Before the above roll call was announced, Supervisor Colman changed his vote from "Aye" to "No" and moved for reconsideration.

### Point of Order.

Whereupon, Supervisor McSheehy raised the point of order that a motion to reconsider was in order only upon final action by the Board.

Point of order *sustained.*

### Motion.

Thereupon, Supervisor McSheehy moved that the matter be restored to the Calendar for consideration at the next meeting of the Board. Motion *carried.*

### Preliminary Report on Vehicular Traffic Survey.

Pursuant to request by Supervisor Shannon on Monday, August 24, Preliminary Report on Vehicular Traffic Survey, by the City Engineer, was presented to the Board.

### Subway and Rapid Transit Report.

Report on Subway and Rapid Transit System was presented by Supervisor Uhl.

## ADJOURNMENT.

There being no further business, the Board, on motion of Supervisor Colman, seconded by Supervisor Uhl, at the hour of 4:40 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, August 31, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

## MONDAY, AUGUST 31, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, August 31, 1936, 2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Brown, Schmidt—2.

Supervisor Brown was noted present at 2:40 p. m.

Quorum present.

President Havenner presiding.

### APPROVAL OF JOURNAL.

The Journals of Proceedings of the meetings of August 24 and August 26, 1936, were considered read and approved.

### SPECIAL ORDER—2:30 P. M.

The following matter was taken up:

**Approving Application of Santa Fe Transportation Company for Bus Service Between San Francisco and Los Angeles and Authorizing the City Attorney to Intervene.**

(Code No. 15.093)

On recommendation of Public Utilities Committee.

Resolution No. 2733, as follows:

Resolved, That the Board of Supervisors does hereby approve the application of the Santa Fe Transportation Company, subsidiary of the Atchison, Topeka and Santa Fe Railway Company, before the Railroad Commission of the State of California for certificates of public convenience and necessity authorizing it to engage in the transportation of passengers by stage upon the public highways of this State, between the City and County of San Francisco and Los Angeles and intermediate points and elsewhere, such stage service to be coordinated or integrated with the passenger train service of the Atchison, Topeka and Santa Fe Railway Company; and be it

Further Resolved, That the City Attorney be and is hereby authorized and requested to file with the Railroad Commission of the State of California the intervening petition of this Board in support of said applications, and to appear in the proceedings before the Commission and present suitable and proper evidence as to the interest of the City and County of San Francisco in the matter of said applications; and be it

Further Resolved, That the City Attorney be and is hereby further authorized and requested to petition the Railroad Commission, in the

course of such intervention, to require the routing of two of the four bus schedules proposed to be established each way between the City and County of San Francisco and Los Angeles over the San Mateo bridge and the peninsula into and out of San Francisco.

Motion.

Supervisor Uhl, seconded by Supervisor Meyer, moved to lay on the table.

Supervisor Shannon raised point of order that motion was out of order because it was made while Supervisor Colman had the floor.

Chairman (Supervisor Havenner) ruled the point of order well taken.

Whereupon, Supervisor Uhl, seconded by Supervisor Meyer, renewed the motion that the matter lay on the table.

Question being raised as to whether or not a motion to lay on the table was debatable, the Chair (Supervisor Havenner) ruled that the question is debatable.

After discussion the roll was called on Supervisor Uhl's motion to lay on the table and the same was *defeated* by the following vote:

Ayes—Supervisors Meyer, Uhl—2.

Noes—Supervisors Brown, Colman, Havenner, Mead, Ratto, Roncovieri, Shannon—7.

Absent—Supervisor McSheehy, Schmidt—2.

Supervisor Colman moved privilege of the floor for the proponents, and that a limitation of thirty minutes be placed on speakers for each side.

Allen Mathews, attorney, representing the Atchison, Topeka & Santa Fe Railway; George Gerhard, representing the Civic League of Improvement Clubs, and Mr. Schultz, representing the Steuben Society, were heard at length in favor of the approval by the Board of Supervisors of the application of the Santa Fe Railway Company pending before the State Railroad Commission for permission to operate bus lines in and out of San Francisco.

Harry Young, attorney representing the Southern Pacific Company; E. A. McMillan, representing the Railroad Brotherhood, and Harry See, secretary of Railroad Brotherhood, were heard in opposition.

Allen Mathews, representing the Santa Fe, was then heard in rebuttal.

Adopted.

Whereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Meyer, Uhl—2.

Absent—Supervisor Schmidt—1.

## UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

**Appropriating $63,627 for Care of Indigent Sick and Dependent Poor for Month of September, 1936.**

(Code No. 9.051)

**Final Passage.**

The following matters, heretofore passed for second reading, were taken up and *finally passed* by the following vote:

**Removal of Tracks on Sixth Street From Mission Street Northerly to Market Street, Across Market Street to Taylor Street, and Along Taylor Street to Post Street, and on Post Street From Leavenworth Street to Market Street.**

(Code No. 15.091)

On recommendation of Streets Committee.

Bill No. 1091, Ordinance No. 15.09117, as follows:

Authorizing Market Street Railway Company to remove the railway tracks and to discontinue the operation of its railway lines on Sixth street from Mission street northerly to Market street, across Market street to Taylor street, thence along Taylor street to Post street, and thence along Post street from Leavenworth street to Market street.

Whereas, the City and County of San Francisco and Market Street Railway Company did, on August 8th, 1936, enter into an agreement in writing, under and by virtue of which the City and County of San Francisco did consent to the removal of the railway tracks and the discontinuance of the operation of street railway lines over and along Sixth street from Mission street northerly to Market street, thence across Market street to Taylor street, thence along Taylor street to Post street, and thence along Post street from Leavenworth street to Market street, upon the terms and conditions set forth in said agreement, to which reference is hereby made; and

Whereas, public convenience will not be affected by the removal of said tracks and the discontinuance of said service as aforesaid; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That in pursuance of the agreement between the City and County of San Francisco and Market Street Railway Company, dated August 8th, 1936, to which reference is hereby made, Market Street Railway Company be and it is hereby authorized, without prejudice to any of the other rights now owned and held under the operating permit of said Company dated February 9th, 1931, and under Order No. 1890 of the Board of Supervisors of the City and County of San Francisco, dated December 27th, 1886, to remove said street car tracks and discontinue the operation of street cars along and upon Sixth street from Mission street northerly to Market street, thence across Market street to Taylor street, thence along Taylor street to Post street, and thence along Post street from Leavenworth street to Market street.

That the public interest will not be injured or suffer by the removal of said tracks or the discontinuance of said service, as provided in said agreement dated August 8th, 1936, and the Board of Supervisors so finds in pursuance of Section 132 of the Charter of the City and County of San Francisco.

### PRESENTATION OF PROPOSALS.

#### Sale of $3,500,000 of Tax Anticipation Notes.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.0338, in the amount of three million five hundred thousand dollars ($3,500,000) were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Tuesday, September 1, 1936, and were opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of three million five hundred thousand dollars ($3,500,000) in denominations of ten thousand dollars ($10,000) each to be dated as of the day of delivery thereof and to be payable to bearer on December 21, 1936, and issued under authority of Ordinance No. 9.0338 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1936-1937, without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1936-1937, in which said money represented by said notes respectively shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1936-1937, irrespective of the date the same shall be so received.

Said notes will bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to December 21, 1936. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any and all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check for said five (5) per cent payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit exceed the sum of ten thousand dollars ($10,000); which deposit of money or check shall be forfeited by the bidder in

case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Palmer & Dahlquist, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes, will be furnished to the successful bidder or bidders for said notes without cost.

**Bids.**

The following bids were received, opened, read by the Clerk and *referred to the Finance Committee*:

(1) Harris Trust & Savings Bank, Chicago, Illinois; Northern Trust Company, Chicago, Illinois; Central Hanover Bank & Trust Company, New York, N. Y.; Wells Fargo Bank & Union Trust Co., San Francisco, California, by Wells Fargo Bank & Union Trust Co. For all, but not for any part less than all, of three million five hundred thousand dollars ($3,500,000) legally issued City and County of San Francisco Tax Anticipation Notes, dated as of the day of delivery thereof, and maturing December 21, 1936, we bid you the sum of three million five hundred thousand dollars ($3,500,000) face value, plus a premium of fifty-three and 70/100 dollars ($53.70), said notes to bear interest at the rate of twenty-four hundredths of one per cent (0.24%) per annum from the date of delivery to December 21, 1936. In the event that the notes are awarded to us, we are to receive without cost, certified copy of the approving opinion of Messrs. Orrick, Palmer & Dahlquist as to the legality of these notes. Harris Trust & Savings Bank, Chicago, Illinois; Northern Trust Company, Chicago, Illinois; Central Hanover Bank & Trust Company, New York, N. Y.; Wells Fargo Bank & Union Trust Co., San Francisco, California, by Wells Fargo Bank & Union Trust Co.

(2) The Anglo California National Bank, American Trust Company, Bankamerica Company, by The Anglo California National Bank. For the three million five hundred thousand dollars ($3,500,000) par value legally issued Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we bid you par and in addition thereto a premium of twelve dollars ($12), said notes to bear interest at the rate of eighteen hundredths of one per centum (.18%) per annum; said interest to be paid at maturity of said notes. The Anglo California National Bank, American Trust Company, Bankamerica Company, by The Anglo California National Bank.

(3) The First Boston Corporation. In accordance with your published notice of sale dated August 26th, we will pay $3,500,000 for all but not for any part of $3,500,000 par value Tax Anticipation Notes of the City and County of San Francisco, maturing December 21, 1936, to bear interest at the rate of seventeen one hundredths of one per cent (.17 of 1%) per annum. The First Boston Corporation.

(4) Donnellan & Co. In compliance with your notice dated August 26, 1936, inviting bids for the purchase of $3,500,000 Tax Anticipation Notes of the City and County of San Francisco, which notice is made part of this proposal and in accordance with the conditions and stipulations contained therein, the undersigned hereby agrees to purchase said $3,500,000 Tax Anticipation Notes for three million five hundred thousand one hundred seventy-five dollars ($3,500,175), said notes to bear interest at the rate of thirty hundredths per cent per annum (30/100% p. a.) payable at maturity. Donnellan & Co. Ivan B. Heflebower, Manager Municipal Dept.

**Adopted.**

Subsequently, during the meeting the Finance Committee reported the following resolution which was *adopted*:

**Sale of $3,500,000 Tax Anticipation Notes.**

(Code No. 9.033)

Resolution No. 2771, as follows:

Whereas, after due notice given as provided by Ordinance No. 9.0338 that sealed proposals for the purchase of three million five hundred thousand dollars ($3,500,000) Tax Anticipation Notes of the City and County of San Francisco would be received and considered up to the hour of 3 o'clock p. m. on Tuesday, September 1, 1936; and

Whereas, sundry bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore,

Resolved, That the bid of The First Boston Corporation, by I. Gunderson, assistant manager, San Francisco, September 1, 1936, is hereby accepted as follows:

In accordance with your published notice of sale dated August 26, we will pay $3,500,000 for all but not for any part of $3,500,000 par value Tax Anticipation Notes of the City and County of San Francisco, maturing December 21, 1936, to bear interest at the rate of seventeen one hundredths of one per cent (.17 of 1%) per annum.

We enclose our certified check in the amount of $10,000 which is evidence of good faith.

Very truly yours,
The First Boston Corporation,
By I. Gunderson, Assistant Manager.

That all other bids for said Tax Anticipation Notes be rejected and the Clerk is hereby directed to return certified checks accompanying the same.

### Subway and Rapid Transit.

Supervisor Uhl presented:

Document outlining proposed subway and rapid transit system for San Francisco which was considered read and thereupon *referred to the Public Utilities Committee.*

### Statement by Supervisor Brown.

Under his name at roll call, Supervisor Brown rose to a question of personal privilege and read a communication from the Park Presidio Improvement Association addressed to himself criticizing him for failure to attend the Public Welfare Committee meeting on August 26 and voicing the indignation of said association at Supervisor Brown's alleged action in walking out of the meeting called for the removal of cemeteries on Wednesday, August 26, 1936, at 4 p. m., and stating further that a large delegation of citizens who had left their businesses and homes at considerable inconvenience to attend this meeting, were dismissed. That the ruling of City Attorney O'Toole for a legal meeting (Supervisor Schmidt in Europe on leave) required at least two members to be present, and that it was not fair that a public servant should act in this way and not respond to telephone calls to be present unless there is a very good reason of which the public had not been advised.

Supervisor Brown stated that he had been informed by a personal friend that Supervisor Uhl had declared to those assembled for the hearing that he (Supervisor Brown) was responsible that the meeting could not be held, and that Supervisor Brown had refused to come out and attend the meeting when requested by himself (Supervisor Uhl) over the 'phone.

Supervisor Brown, in explanation of this criticism, made the following recital of facts:

I was granted a leave of absence from the Board on August 4th for four weeks, expiring September 3. I was in Twin Falls, Idaho, on business, during my leave and in response to a telegram from the Clerk of the Board of Supervisors stating that nine members were required to be here at a Board meeting in reference to the tax levy ordinance, and the McClintock matter regarding rapid transit. And at great inconvenience to myself I returned from Twin Falls, Idaho, for that meeting, and remained until the business of the Board was completed.

During this meeting of the Board on Wednesday, August 26, there was a scheduled meeting of the Streets Committee called for 3 p. m. Supervisor Ratto asked to be excused to hold that Streets Committee meeting, and the Board of Supervisors refused permission. When 4 o'clock came the Board of Supervisors was still in session, and Supervisor Uhl took no such action regarding the scheduled meeting of the Public Welfare Committee called to consider the cemetery question.

I informed Supervisor Uhl that I would be unable to remain if the Board meeting continued after 4:30 p. m., and still Supervisor Uhl took no action as far as the people in the auditorium were concerned, who were present to attend the Welfare Committee meeting. When 4:40 arrived and the Board adjourned, I left and went back to my office, after informing Mr. Uhl again that I would be unable to remain for the Welfare Committee meeting. (The other member of the committee, Dr. Schmidt, being on leave and in Europe.)

Shortly thereafter Mr. Uhl called me at my office about five minutes to five and urged me to return, to attend the Welfare Committee meeting, and I told him that I came back to the City only to attend the Board meeting, but that I had been here at 4 o'clock, at the time the Welfare Committee meeting had been called, and would have been glad to remain for half an hour to make the meeting possible, but in view of the circumstances concerning my presence in town at all, in view of the fact that I was still on leave of absence from the Board and that the Board meeting itself had interfered with the scheduled meeting of the Public Welfare Committee, I did not feel, at the necessary sacrifice of my business affairs or my plans, that I should be called upon to come back for a meeting which he (Supervisor Uhl) and I had already agreed would result only in passing to the Board of Supervisors as a whole the affair before the committee concerning the cemetery removal matter. I told him (Supervisor Uhl) that as far as I was concerned, that it was O. K. for him to consider me present and voting for such action, which I thought could be taken by one member of the committee.

Whereupon, Supervisor Brown, seconded by Supervisor Meyer, moved that the Clerk be instructed to write a letter to the Park Presidio Improvement Club confirming the facts as I stated them here (that he, Brown, was present in the Hall at 4 o'clock, at the time the meeting was called, that the Board was in session, that all the votes of the Board were required at the Board meeting, and that for that reason no members were permitted to be excused to go to the committee meetings at the time the meeting was called at 4 o'clock. Similar action had been in reference to the Streets Committee.)

Motion *carried unanimously.*

### Meeting on Cemetery Removal.

Supervisor Uhl announced that the Welfare Committee would meet tomorrow (Wednesday, September 2, 1936) to consider the Cemetery Removal Ordinances.

### RECESS.

Whereupon, the Board of Supervisors at the hour of 5:05 p. m., took a recess until Thursday, September 3, 1936, at 2 p. m.

J. S. DUNNIGAN, Clerk.

## THURSDAY, SEPTEMBER 3, 1936, 2 P. M.

The Board of Supervisors reassembled in Committee of the Whole, pursuant to motion made at meeting of August 31, 1936, for the purpose of giving consideration to the proposed ordinance providing for the widening of Taylor street by the reduction of sidewalks from Golden Gate avenue to Post street.

### CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Havenner, Schmidt—2.

Supervisor Havenner, at his request, was excused from this meeting at the last session of the Board.

Supervisor Ratto presiding.

**Motion.**

Supervisor Shannon moved that before considering the order of the day the Board resolve itself into a Board of Supervisors for the purpose of giving consideration to the following communication from the Registrar of Voters:

Motion *carried.*

Whereupon, the Board of Supervisors reassembled, all members heretofore noted being present, Supervisor Ratto in the Chair:

**Communication from Registrar of Voters.**

The following was presented and read by the Clerk:

September 3, 1936.

Mr. John S. Dunnigan, Clerk, Board of Supervisors of the City and County of San Francisco, City Hall.

Dear Sir: This is to certify that the official canvass of votes cast at the State Primary Election held in the City and County of San Francisco, State of California, on the 25th day of August, 1936, has been completed and votes cast for all candidates for all offices compiled, and the total vote cast, and the total vote cast for each candidate is set forth in Statement of Votes for said election, marked "A-S," as follows:

Total vote cast, 149,199.

Yours very truly,
C. J. COLLINS,
Registrar of Voters.

**Adopted.**

Whereupon, the following resolution was presented and *adopted* by the following vote:

**Vote Cast, State Primary Election, August 25, 1936; Registrar of Voters to Transmit to Secretary of State Statement of Votes; Approving Statement of Votes, Record Book.**

(Code No. 3.02)

Resolution No. 2775, as follows:

Resolved, That the State Primary Election, held August 25, 1936, in the City and County of San Francisco, State of California, the whole number of votes cast in the 1055 precincts was 149,199.

Resolved, That the Registrar of Voters be directed to transmit to the Secretary of State a certified copy of the statement of votes of State Primary Election, held in the City and County of San Francisco on Tuesday, August 25, 1936;

Resolved, That the record book marked "A-S," statement of votes polled at Primary Election held in the City and County of San Fran-

cisco, State of California, on Tuesday, August 25, 1936, be and the same is hereby constituted the record of the official canvass of the State Primary Election held in the City and County of San Francisco, State of California, on Tuesday, August 25, 1936, and that the statement shows the whole number of votes cast in the City and County of San Francisco, State of California, and in each voting precinct therein, the names of the persons voted for, the number of votes given in each voting precinct to each of such persons, and the total number of votes given in the City and County of San Francisco in each voting precinct to each of such persons.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Havenner, McSheehy, Schmidt—3.

**Committee of the Whole.**

Whereupon, the Board of Supervisors again resolved itself into a Committee of the Whole for the purpose of continuing the hearing on the widening of Taylor street.

All members heretofore noted being present, Supervisor Ratto in the Chair.

S. Laz Lansburgh, attorney representing Golden Gate Theater Building; A. A. Wilson, representing A. W. Wilson and himself, owners of the Grant Hotel; A. G. Curtis, representing the Musto Estate at 530 Post street, and the Post Taylor Garage; Miss Ruth L. Landgrebe, Secretary-Manager of the Market and Taylor Building Company, Loew Warfield Theater, were heard in opposition to the proposed improvement; Andrew J. Gallagher, representing the Southern Promotion Association; A. W. Thomas, representing the Taylor Street Property Owners Association; Frank Barrett, property owner, were heard in favor of the proposed widening of Taylor street.

**Protests.**

The following were read by the Clerk:

Communication from S. Laz Lansburgh, President and attorney for corporation which owns the Golden Gate Building and the Golden Gate Theater, protesting proposed widening of Taylor street.

Communication from A. S. Newburgh, attorney, representing the Loew Warfield Theater, protesting the widening of Taylor street.

Communication from S. Joseph Thiesen, attorney, requesting additional time for consideration of proposed reduction of sidewalks on Taylor street.

Protest of J. Kugel against reducing sidewalk widths on Taylor street.

W. H. Worden, Director of Public Works, and John J. Casey, City Engineer, were heard at length regarding the pending question.

Whereupon, on motion of Supervisor Shannon, the subject matter was taken into the hands of the Board.

**Proposed Amendment.**

Thereupon, Supervisor McSheehy proposed to amend the pending ordinance by providing that the work of widening Taylor street shall be started at Post and Taylor streets on February 1, 1937. No second.

**Final Passage.**

Whereupon, the roll was called and the foregoing bill was *finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.
Absent—Supervisors Havenner, Schmidt—2.

**Committee of the Whole Arises.**

Whereupon, on motion of Supervisor Shannon, the Committee of the Whole arose and reported to the Board of Supervisors.

**Final Passage.**

Thereupon, the following ordinance was *finally passed* by the following vote:

**Authorizing the Controller to Draw His Warrant for the Payment of Two Lost Coupons, School Bonds, 1918.**
(Code No. 9.07)

Also, Resolution No. 2784, as follows:

Whereas, proof having been made to the satisfaction of the Board of Supervisors that the Bank of America National Trust and Savings Association on or about March 3, 1936, through its Fresno Main Office, accepted from one of its regular depositors two coupons in the amount of $22.50 each, totaling $45, detached from City and County School Bonds, issue 1918, Nos. 2371 and 2372, each coupon being No. 36, and payable March 1, 1936; and

Whereas, diligent search has been made both at the San Francisco and Fresno Main Offices, but said coupons cannot be located, and therefore have been lost, destroyed or stolen; and

Whereas, since said day said coupons, or either of them have never been heard of or presented for payment and that a stop payment order has been placed against them by the Treasurer of the City and County of San Francisco, said coupons are hereby declared to have been lost or destroyed within the meaning of the Act of the Legislature of the State of California, entitled: "An Act to provide for the issuance of duplicates of bonds, warrants and other evidences of indebtedness of counties and municipal and other corporations," Chapter 822, Statutes of 1933; and

Whereas, said Bank of America National Trust and Savings Association having made application to this Board of Supervisors for payment of said coupons without presentation thereof, it being a condition of such payment to the Bank of America National Trust and Savings Association that said bank will guarantee and indemnify the City and County of San Francisco, the Controller, the Treasurer and the Board of Supervisors against any loss or damage of any kind or character arising out of any subsequent presentation, demand or payment of said coupons; and

Whereas, in view of the small amount involved in comparison to the high cost of lithographing, it would be uneconomic to have duplicates made, and that the payment of said coupons under aforemen-

tioned warranty and without presentation thereof is well within the spirit and intent of the provision of said Chapter 822, Statutes of 1933; now, therefore, be it

Resolved, That the Controller of the City and County of San Francisco is hereby authorized and directed to draw his warrant for the payment of said coupons in favor of Bank of America National Trust and Savings Association, upon condition that the said Bank of America National Trust and Savings Association deliver to the said Controller a satisfactory guaranty indemnifying the City and County of San Francisco, the Controller, the Treasurer and the Board of Supervisors against any loss or damages of any kind or character, arising out of any subsequent presentation, demand or payment of said coupons.

Ayes—Supervisors Colman, Havenner, Mead, Meyer, Ratto, Uhl—6.

Absent—Supervisors Brown, McSheehy, Roncovieri, Schmidt, Shannon—5.

**Laurel Hill Cemetery Removal.**
**(Code No. 17.19)**

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits

of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said

mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

### Calvary Cemetery Removal.
(Code No. 17.19)

Also, Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commis-

sions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

### Night Club Ordinance.

(Code No. 11.05)

Bill No. 1118, Ordinance No. 11.056, as follows:

Regulating the establishment, maintenance and conducting of night clubs in the City and County of San Francisco and providing for the safety of patrons and employees thereof and for the issuance of permits for the establishment, maintenance and conducting of night clubs and defining certain terms used in this ordinance and providing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The term "night club" as used in this ordinance is hereby defined to be any place, room, building or space where food and/or drink of any kind or character is prepared, sold, distributed or given away to be consumed upon the premises by human beings, and where entertainment of any kind or character or dancing is conducted or

permitted upon the premises in conjunction with the serving of said food and/or drink.

Section 2. It shall be unlawful for any person, firm or corporation to conduct or maintain any night club within the City and County of San Francisco without first obtaining a permit therefor from the Department of Public Health. No such permit shall be issued by the Central Permit Bureau until the issuance of the same has been approved by the Department of Public Health, the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety.

Section 3. Application for said permit shall be made to the Department of Public Health, which said application shall state the proposed location of said night club, the character of the building in which the same is proposed to be conducted or maintained, and the size of the premises contemplated to be occupied by the applicant, as well as the number of patrons to be accommodated at any one time in said night club. Upon receipt of said application the Central Permit Bureau shall forthwith send copies thereof to the Department of Public Health, the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety. It shall be the duty of each of the said bureaus and departments, upon receipt of said application, to investigate the condition of the premises in which said night club is proposed to be maintained in so far as said conditions come under the jurisdiction of the said respective bureaus and departments and, upon the completion of said investigation, to approve or disapprove the granting of said permit. In the event of the disapproval of the application by any of said bureaus or departments, said application for said permit shall be denied.

Section 4. Any person, firm or corporation conducting or maintaining any night club in the City and County of San Francisco at the time this ordinance shall become effective shall make immediate application to the Department of Public Health for a permit to continue the maintenance and conduct of said night club.

Section 5. Every person, firm or corporation making application to maintain a night club shall pay to the Department of Public Health the sum of $10 for the purpose of defraying the cost of investigating and passing upon the application as hereinbefore referred to.

Section 6. The following regulations shall apply to all night clubs which may be in operation at the time this ordinance becomes effective as well as to all night clubs which may hereafter be established, maintained or conducted:

(a) All drapes, hangings, curtains and decorations, including curtains, drapes and hangings on or over windows shall be fire-proofed and kept permanently fire-proofed, to the satisfaction of the Bureau of Fire Prevention and Public Safety; and whenever the said Bureau shall determine that any drape, hanging, curtain or decoration in any night club has ceased to be fire-proof, the said Bureau shall cause the same to be removed or to be refire-proofed to the satisfaction of said Bureau.

(b) No drapes, hangings, curtains or decorations shall be installed in any night club without approval therefor being first had and obtained from the Bureau of Fire Prevention and Public Safety. In this connection a sample of the fire-proofed material from which said drapes, hangings, curtains or decorations are proposed to be made shall be furnished to the Bureau of Fire Prevention and Public Safety for its inspection.

(c) The doors serving as exits, or leading to exits, from any night club shall be arranged so as to open outwardly and shall be of such width as, in the opinion of the Bureau of Fire Prevention and Public Safety, shall be sufficient to provide a safe means of exit for all patrons and employees of said night club in case of fire or other panic. Said doors shall remain unlocked during the time said night club is open

to the public or shall be equipped with panic bolts approved by the Bureau of Fire Prevention and Public Safety. All doorways and passageways leading thereto shall be kept clear and unobstructed. Proper exit signs and lights shall be placed as the Bureau of Fire Prevention and Public Safety may direct. When permission is granted by the Bureau of Fire Prevention and Public Safety to allow exits to open on an alley or open court, said alley or open court must be kept clear and unobstructed and well lighted at all times. In lieu of satisfactory means of egress from any night club the Bureau of Fire Prevention and Public Safety may, as safety measures, order the installation of an approved automatic sprinkler system and/or the installation of metallic fire escapes with stairway extensions suspended from the first balcony of said escape which, when operated, shall reach the ground. The kind and location of said equipment shall be approved by the Bureau of Fire Prevention and Public Safety and the construction thereof shall be in accordance with the direction of the Bureau of Building Inspection of the Board of Public Works.

(d) No windows shall be obstructed in any manner whatsoever and all windows opening onto a fire escape shall be of the French type window; provided that a door opening outward onto such fire escape may be permitted in lieu of a window if said door is so constructed as not to obstruct the said fire escape when said door is opened, and said door shall be maintained so as to provide clear and unobstructed access to said fire escape.

(e) Open flames shall not be permitted in any night club except where said flames are used for cooking purposes; provided, however, that a system of gas illumination for emergency purposes will be permitted when approved by the Bureau of Fire Prevention and Public Safety. The use of candles may be permitted if said candles, when lighted, are protected in such manner as may be approved by the Bureau of Fire Prevention and Public Safety.

(f) In every night club where dressing rooms and/or storage rooms are provided for entertainers and/or storage of supplies and other materials, the Bureau of Fire Prevention and Public Safety may require an approved system of automatic sprinklers to be installed in such dressing rooms and/or storage rooms, in which case said rooms shall be subject to all rules and regulations as may be prescribed by the Bureau of Fire Prevention and Public Safety.

(g) There shall be maintained in all night clubs at least two (2) fire extinguishers of a type approved by the Bureau of Fire Prevention and Public Safety, said extinguishers to be kept in good working order and to be recharged at least every six (6) months. Additional fire extinguishers shall be installed as may be required by the Bureau of Fire Prevention and Public Safety. All such extinguishers shall be placed in and about the premises as the Bureau of Fire Prevention and Public Safety may designate and the employees in and about said night clubs shall be instructed as to the proper handling of said extinguishers.

(h) All exits and fire escapes shall be properly marked and designated by signs and lights to be kept burning during all times while said night clubs are open for business. All artificial illumination shall be by electricity and where located in corridors, hallways and stairways said lighting shall be maintained on a separate circuit distinct from the normal lighting system of the premises.

Section 7. The following regulations together with the regulations hereinbefore set forth, except as the same may be modified by this section, shall apply to all night clubs not in existence at the time this ordinance becomes effective and which may be opened hereafter, which said last mentioned night clubs, for the purpose of reference, shall be designated as "new" night clubs:

(a) All exits from said new night clubs shall open upon a street or alley or upon an open court, corridor or vestibule leading to a street or alley. The width of such corridor, court, street or alley shall be

not less than seven (7) feet and the width of any such vestibule shall be not less than the required width of the exit which it serves and all such corridors, courts or alleys shall be well lighted at all times by either natural or electric light.

(b) All new night clubs conducted on a street level of any building shall have not less than two (2) exits, each of which said exits shall be at least five (5) feet in width; each of said exits shall open directly into an open street or into a lane, alley or court which opens directly into an open street. In any case where, in the judgment of the Bureau of Fire Prevention and Public Safety, it is not practical to provide two exits five (5) feet in width, said Bureau may permit the construction of one exit of not less than ten (10) feet in width.

(c) In all new night clubs conducted or maintained above the ground floor of any building there shall be at least two (2) stairways for the exit of patrons from said new night club, provided that a fire escape of approved construction equipped with an approved stairway extension suspended from the first balcony of said escape and which when operated shall reach the ground, may take the place of one stairway; said fire escape shall be of such width, and so located, as the Bureau of Fire Prevention and Public Safety may require. And, provided, further, that said fire escape may take the place of a stairway beginning at the second floor level, not of a stairway required to ground level. The width of the stairway leading from said night club to the street shall be at least five (5) feet, provided said night club shall accommodate not more than one hundred (100) patrons, nor have an area of more than twenty-five hundred (2500) square feet. In new night clubs accommodating more than one hundred (100) patrons or having an area of more than twenty-five hundred (2500) square feet, one additional stairway not less than five (5) feet wide or an approved fire escape shall be provided for each additional five thousand (5000) square feet or portion thereof. Said stairways and/or fire escapes shall be as widely separated as possible. Elevators will not be accepted in lieu of stairways or fire escapes. When there may be conditions whereby the installation of additional means of egress is impracticable, in the opinion of the Bureau of Fire Prevention and Public Safety, an approved system of automatic sprinklers may be accepted in lieu thereof.

(d) In the case of a new night club located at street level with a street frontage of less than fifteen (15) feet, and in the case of all new night clubs located below the level of a street, from which there is but one exit leading to said street or alley, the kitchen of said night club shall be located in the rear half of said premises and patrons shall not be served in any portion of said premises which are located in the rear of the kitchen, provided, however, that the provisions relating to location of the kitchen shall not apply where an approved system of automatic sprinklers is installed and maintained.

(e) In all new night clubs all hallways leading to exits shall be not less than five (5) feet in width, but in any case the width of hallways shall not be less than the total width of all stairways, the lower end of which connects with said hallways. Said stairways and hallways shall, at all times while said night club is in operation, be well lighted by either natural or electric light. The ceiling and walls of said hallways shall be metal lined or plastered with one inch of cement plaster on metal lath.

(f) All new night clubs maintained in any part of any building below the level of the street shall be equipped with stairways leading from said night club directly to the street, which said stairways shall be of the width herein provided and of such number as required for night clubs maintained above the ground floor in any building, provided, however, that where it is structurally impracticable, in the opinion of the Bureau of Fire Prevention and Public Safety, to provide more than one such stairway, the width of such stairway shall be equal

to the total width of all stairways required for a night club located above the ground floor.

Section 8. Should any section, subsection, clause, provision or sentence of this ordinance be held unconstitutional or invalid by any court, the Board of Supervisors in passing this ordinance does hereby declare that it would have passed the remaining provisions in said ordinance irrespective of the unconstitutionality or invalidity of said section, subsection, clause, provision or sentence and said remaining portions of this ordinance shall remain and continue to be effective.

Section 9. Any violation of any law or ordinance shall constitute and shall be so construed as to be sufficient reason for the revocation of any permit. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Director of Public Health for cause, upon application of any one or more of the departments or bureaus whose approval was first necessary for the issuance of the permit, after due hearing shall be first had thereon; and reasonable notice shall be given to the person, firm or corporation charged with the said violation, and of the time, place and date set for the hearing on the revocation of said permit.

Section 10. Whenever any discretion as to the operation, construction or equipment of any night club is, by this ordinance, given to any officer, board, bureau, department or commission, the said officer, board, bureau, department or commission shall exercise said discretion only in so far as the same is necessary for the safety of the patrons and employees and other persons frequenting said night club.

Section 11. All ordinances of the City and County of San Francisco and all rules and regulations of the Department of Public Health relative to the keeping, preparation and serving of food and drink in restaurants or other places open to the public shall apply to night clubs; and no night club shall permit dancing therein without a permit from the Police Department of the City and County of San Francisco.

Section 12. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor and shall be punished by a fine of not more than five hundred ($500) dollars or by imprisonment in the County Jail for a period of not exceeding six (6) months or by both such fine and imprisonment.

## SPECIAL ORDER—3:30 P. M.

The following recommendation of Committee on Fire, Safety and Police was taken up:

### Night Club Ordinance.

(Code No. 11.05)

Bill No. 1118, Ordinance No. 11.056, as follows:

Regulating the establishment, maintenance and conducting of night clubs in the City and County of San Francisco and providing for the safety of patrons and employees thereof and for the issuance of permits for the establishment, maintenance and conducting of night clubs and defining certain terms used in this ordinance and providing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The term "night club" as used in this ordinance is hereby defined to be any place, room, building or space where food and/or drink of any kind or character is prepared, sold, distributed or given away to be consumed upon the premises by human beings, and where entertainment of any kind or character or dancing is conducted or permitted upon the premises in conjunction with the serving of said food and/or drink, provided that an orchestra or music produced by mechanical means shall not be deemed entertainment as said term is used in this ordinance.

Section 2. It shall be unlawful for any person, firm or corporation to conduct or maintain any night club within the City and County of San Francisco without first obtaining a permit therefor from the Department of Public Health. No such permit shall be issued by the Department of Public Health until the issuance of the same has been approved by the Department of Public Health, the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety.

Section 3. Application for said permit shall be made to the Department of Public Health, which said application shall state the proposed location of said night club, the character of the building in which the same is proposed to be conducted or maintained, and the size of the premises contemplated to be occupied by the applicant, as well as the number of patrons to be accommodated at any one time in said night club. Upon receipt of said application the Department of Public Health shall forthwith send copies thereof to the Department of Public Health, the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety. It shall be the duty of each of the said bureaus and departments, upon receipt of said application, to investigate the condition of the premises in which said night club is proposed to be maintained in so far as said conditions come under the jurisdiction of the said respective bureaus and departments and, upon the completion of said investigation, to approve or disapprove the granting of said permit. In the event of the disapproval of the application by any of said bureaus or departments, said application for said permit shall be denied.

Section 4. Any person, firm or corporation conducting or maintaining any night club in the City and County of San Francisco at the time this ordinance shall become effective shall make immediate application to the Department of Public Health for a permit to continue the maintenance and conduct of said night club.

Section 5. Every person, firm or corporation making application to maintain a night club shall pay to the Department of Public Health

the sum of $10 for the purpose of defraying the cost of investigating and passing upon the application as hereinbefore referred to.

Section 6. The following regulations shall apply to all night clubs which may be in operation at the time this ordinance becomes effective as well as to all night clubs which may hereafter be established, maintained or conducted:

(a) All drapes, hangings, curtains and decorations, including curtains, drapes and hangings on or over windows shall be fire-proofed and kept permanently fire-proofed, to the satisfaction of the Bureau of Fire Prevention and Public Safety; and whenever the said Bureau shall determine that any drape, hanging, curtain or decoration in any night club has ceased to be fire-proof, the said Bureau shall cause the same to be removed or to be refire-proofed to the satisfaction of said Bureau.

(b) No drapes, hangings, curtains or decorations shall be installed in any night club without approval therefor being first had and obtained from the Bureau of Fire Prevention and Public Safety. In this connection a sample of the fire-proofed material from which said drapes, hangings, curtains or decorations are proposed to be made shall be furnished to the Bureau of Fire Prevention and Public Safety for its inspection.

(c) The doors serving as exits, or leading to exits, from any night club shall be arranged so as to open outwardly and shall be of such width as, in the opinion of the Bureau of Fire Prevention and Public Safety, shall be sufficient to provide a safe means of exit for all patrons and employees of said night club in case of fire or other panic. Said doors shall remain unlocked during the time said night club is open to the public or shall be equipped with panic bolts approved by the Bureau of Fire Prevention and Public Safety. All doorways and passageways leading thereto shall be kept clear and unobstructed. Proper exit signs and lights shall be placed as the Bureau of Fire Prevention and Public Safety may direct. When permission is granted by the Bureau of Fire Prevention and Public Safety to allow exits to open on an alley or open court, said alley or open court must be kept clear and unobstructed and well lighted at all times. In lieu of satisfactory means of egress from any night club the Bureau of Fire Prevention and Public Safety may, as safety measures, order the installation of an approved automatic sprinkler system and/or the installation of metallic fire escapes with stairway extensions suspended from the first balcony of said escape which, when operated, shall reach the ground. The kind and location of said equipment shall be approved by the Bureau of Fire Prevention and Public Safety and the construction thereof shall be in accordance with the direction of the Bureau of Building Inspection of the Board of Public Works.

(d) No windows shall be obstructed in any manner whatsoever and all windows opening onto a fire escape shall be of the French type window; provided that a door opening outward onto such fire escape may be permitted in lieu of a window if said door is so constructed as not to obstruct the said fire escape when said door is opened, and said door shall be maintained so as to provide clear and unobstructed access to said fire escape.

(e) Open flames shall not be permitted in any night club except where said flames are used for cooking purposes; provided, however, that a system of gas illumination for emergency purposes will be permitted when approved by the Bureau of Fire Prevention and Public Safety. The use of candles may be permitted if said candles, when lighted, are protected in such manner as may be approved by the Bureau of Fire Prevention and Public Safety.

(f) In every night club where dressing rooms and/or storage rooms are provided for entertainers and/or storage of supplies and other materials, the Bureau of Fire Prevention and Public Safety may require an approved system of automatic sprinklers to be installed in such dress-

ing rooms and/or storage rooms, in which case said rooms shall be subject to all rules and regulations as may be prescribed by the Bureau of Fire Prevention and Public Safety.

(g) There shall be maintained in all night clubs at least two (2) fire extinguishers of a type approved by the Bureau of Fire Prevention and Public Safety, said extinguishers to be kept in good working order and to be recharged at least every six (6) months. Additional fire extinguishers shall be installed as may be required by the Bureau of Fire Prevention and Public Safety. All such extinguishers shall be placed in and about the premises as the Bureau of Fire Prevention and Public Safety may designate and the employees in and about said night clubs shall be instructed as to the proper handling of said extinguishers.

(h) All exits and fire escapes shall be properly marked and designated by signs and lights to be kept burning during all times while said night clubs are open for business. All artificial illumination shall be by electricity and where located in corridors, hallways and stairways said lighting shall be maintained on a separate circuit distinct from the normal lighting system of the premises.

Section 7. The following regulations together with the regulations hereinbefore set forth, except as the same may be modified by this section, shall apply to all night clubs not in existence at the time this ordinance becomes effective and which may be opened hereafter, which said last mentioned night clubs, for the purpose of reference, shall be designated as "new" night clubs:

(a) All exits from said new night clubs shall open upon a street or alley or upon an open court, corridor or vestibule leading to a street or alley. The width of such corridor, court, street or alley shall be not less than seven (7) feet and the width of any such vestibule shall be not less than the required width of the exit which it serves and all such corridors, courts or alleys shall be well lighted at all times by either natural or electric light.

(b) All new night clubs conducted on a street level of any building shall have not less than two (2) exits, each of which said exits shall be at least five (5) feet in width; each of said exits shall open directly into an open street or into a lane, alley or court which opens directly into an open street. In any case where, in the judgment of the Bureau of Fire Prevention and Public Safety, it is not practical to provide two exits five (5) feet in width, said Bureau may permit the construction of one exit of not less than ten (10) feet in width.

(c) In all new night clubs conducted or maintained above the ground floor of any building there shall be at least two (2) stairways for the exit of patrons from said new night club, provided that a fire escape of approved construction equipped with an approved stairway extension suspended from the first balcony of said escape and which when operated shall reach the ground, may take the place of one stairway; said fire escape shall be of such width, and so located, as the Bureau of Fire Prevention and Public Safety may require. And, provided, further, that said fire escape may take the place of a stairway beginning at the second floor level, not of a stairway required to ground level. The width of the stairway leading from said night club to the street shall be at least five (5) feet, provided said night club shall accommodate not more than one hundred (100) patrons, nor have an area of more than twenty-five hundred (2500) square feet. In new night clubs accommodating more than one hundred (100) patrons or having an area of more than twenty-five hundred (2500) square feet, one additional stairway not less than five (5) feet wide or an approved fire escape shall be provided for each additional five thousand (5000) square feet or portion thereof. Said stairways and/or fire escapes shall be as widely separated as possible. Elevators will

not be accepted in lieu of stairways or fire escapes. When there may be conditions whereby the installation of additional means of egress is impracticable, in the opinion of the Bureau of Fire Prevention and Public Safety, an approved system of automatic sprinklers may be accepted in lieu thereof.

(d) In the case of a new night club located at street level with a street frontage of less than fifteen (15) feet, and in the case of all new night clubs located below the level of a street, from which there is but one exit leading to said street or alley, the kitchen of said night club shall be located in the rear half of said premises and patrons shall not be served in any portion of said premises which are located in the rear of the kitchen, provided, however, that the provisions relating to location of the kitchen shall not apply where an approved system of automatic sprinklers is installed and maintained.

(e) In all new night clubs all hallways leading to exits shall be not less than five (5) feet in width, but in any case the width of hallways shall not be less than the total width of all stairways, the lower end of which connects with said hallways. Said stairways and hallways shall, at all times while said night club is in operation, be well lighted by either natural or electric light. The ceiling and walls of said hallways shall be metal lined or plastered with one inch of cement plaster on metal lath.

(f) All new night clubs maintained in any part of any building below the level of the street shall be equipped with stairways leading from said night club directly to the street, which said stairways shall be of the width herein provided and of such number as required for night clubs maintained above the ground floor in any building, provided, however, that where it is structurally impracticable, in the opinion of the Bureau of Fire Prevention and Public Safety, to provide more than one such stairway, the width of such stairway shall be equal to the total width of all stairways required for a night club located above the ground floor.

Section 8. Should any section, subsection, clause, provision or sentence of this ordinance be held unconstitutional or invalid by any court, the Board of Supervisors in passing this ordinance does hereby declare that it would have passed the remaining provisions in said ordinance irrespective of the unconstitutionality or invalidity of said section, subsection, clause, provision or sentence and said remaining portions of this ordinance shall remain and continue to be effective.

Section 9. Any violation of any law or ordinance shall constitute and shall be so construed as to be sufficient reason for the revocation of any permit. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Director of Public Health for cause, upon application of any one or more of the departments or bureaus whose approval was first necessary for the issuance of the permit, after due hearing shall be first had thereon; and reasonable notice shall be given to the person, firm or corporation charged with the said violation, and of the time, place and date set for the hearing on the revocation of said permit.

Section 10. Whenever any discretion as to the operation, construction or equipment of any night club is, by this ordinance, given to any officer, board, bureau, department or commission, the said officer, board, bureau, department or commission shall exercise said discretion only in so far as the same is necessary for the safety of the patrons and employees and other persons frequenting said night club.

Section 11. All ordinances of the City and County of San Francisco and all rules and regulations of the Department of Public Health relative to the keeping, preparation and serving of food and drink in restaurants or other places open to the public shall apply to night clubs; and no night club shall permit dancing therein without a permit from the Police Department of the City and County of San Francisco.

Section 12. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor and shall be punished by a fine of not more than five hundred ($500) dollars or by imprisonment in the County Jail for a period of not exceeding six (6) months or by both such fine and imprisonment.

### Committee of the Whole.

On motion of Supervisor Uhl, Seconded by Supervisor Mead, the Board of Supervisors resolved itself into Committee of the Whole for the purpose of hearing interested parties on the pending question.

President Havenner presiding and all members heretofore noted being present.

### Privilege of the Floor.

Attorneys J. J. Schlaepfer and Mr. Hooey, representing Hotels and Restaurants, were granted the privilege of the floor and opposed the use of the words "Night Club" in the ordinance as applied to hotels and restaurants.

Mr. Newhall was also heard on the pending question.

Communication from Bureau of Hotels, Restaurants and Purveyors calling attention to objectionable features of the ordinance and especially to the classification of Hotels and Restaurants as "Night Clubs."

### Amendments Proposed.

Supervisor Mead offered the following amendment to Section 1:

"The term 'night club' as used in this ordinance is hereby defined to be any place, room, or space upon or within any building or structure where any alcoholic beverage and food of any kind or character is served and where a theatrical, operatic, vaudeville or dancing performance, or a combination of such performances, is conducted or permitted upon the floor, a platform or a stage upon or within said place, room or space."

Supervisor Shannon moved that Section 1 be amended by striking out the words: "The term 'Night Club' as used in this ordinance is defined to be," and adding at the end of the proposed amendment the words, "Shall obtain a permit as provided by the provisions of this ordinance."

Amendment to the amendment *carried.*

Supervisor Shannon moved that wherever the word "Night Club" appears in the ordinance that the words "such establishment" be substituted.

*Motion carried.*

Chief of the Fire Department Charles Brennan thereupon offered amendments to various subdivisions of Section 6, which were approved by the Board.

Subdivision d of Section 6 was referred to Chief Brennan and Building Inspector Cope for revamping.

### Committee of the Whole Arises.

Whereupon, the Committee of the Whole arose and reported that the ordinance had been amended in various respects.

### Action Deferred.

Thereupon the ordinance as amended was *laid over one week for final correction.* Clerk directed to send copies to interested parties and notify them that the ordinance will be up for second reading next Monday.

**Statue of St. Francis of Assisi.**

(Code No. 2.93)

Supervisor Shannon presented:

Resolution No. 2795, as follows:

Whereas, the City of San Francisco was given its name by its founders in memory of St. Francis of Assisi, a man noted for his learning, for his broad charity to all, and for his kindness to all with whom he came in contact; and

Whereas, certain groups of citizens have signified a desire to aid in the financing of the erection of a statue to the memory of said St. Francis of Assisi; and

Whereas, if a sufficient amount can be obtained by private or other subscription, there is a possibility of the remainder of the cost of said statue being provided for by the Works Progress Administration of the Federal Government; and

Whereas, said Works Progress Administration, through its Federal Art Project, for the past four months has had a number of artists working on a model from which said statue can be constructed; now, therefore, be it

Resolved, That this Board of Supervisors does hereby approve the erection of said statue upon such property belonging to the City and County as may be available therefor, whenever said statue may be approved by the Art Commission as provided by Charter, and does hereby agree to accept such public contributions as may be made through a citizens' committee to aid in the erection of said statue, provided said erection of said statue is made a Works Progress Administration project; and be it

Further Resolved, That the Mayor is hereby authorized to make application to the proper authority that said statue be made a Works Progress Administration Project.

Absent—Supervisors Brown, McSheehy, Meyer, Schmidt—4.

### Revenue Bonds for Power Distribution—Proposed Charter Amendment.

Supervisor Havenner, respecting proposed ordinance to test authority of the Board of Supervisors to authorize issuance of Revenue Bonds, said that he had been informally advised that the Public Utilities Commission had not taken the action that the City Attorney said would be necessary to proceed with the court test at this time.

Obviously, if the report is correct, it will necessitate considerable delay and an amendment to the ordinance heretofore adopted by this Board upon which the test was to be based.

The City Attorney informed me that the Public Utilities Commission has refused to recommend any form of financing for distribution of Hetch Hetchy power.

I have asked the City Attorney to prepare for consideration at next meeting a charter amendment providing for authority for the issuance of revenue bonds sufficient in amount to finance the project that may be approved for the distribution of Hetch Hetchy power. He has informed me that he will have it ready for Monday's meeting.

### Joint Meeting of State Supervisors' Association and League of California Municipalities.

Supervisor Shannon announced that there is going to be a joint meeting here next Thursday at 10 o'clock of State Supervisors' Association and the League of California Municipalities on the question of relief. Harry L. Hopkins will be heard relative to the situation and it will be a most important and interesting meeting and should be attended by every member of the Board. He regretted that the entire membership of the Board was not able to be present at the League of California Municipalities conference held at Santa Monica last week, and moved, seconded by Supervisor Colman, that the proceedings of that meeting be sent to each member of the Board for his information.

### Beach Conference.

Supervisor McSheehy called attention to American Shore Beach Conference at Los Angeles, October 24 and 25, and the importance of having representation there from San Francisco. He moved that the President appoint a committee of three to attend.

Motion *carried* and Supervisors McSheehy, Shannon and Roncovieri appointed.

### Bus Transportation Over Golden Gate Bridge.

Supervisor Uhl read a report on bus transportation over the Golden Gate Bridge by which it was indicated that such bus transportation would be unprofitable and therefore impracticable.

He moved that the Clerk be requested to ask the Public Utilities Commission to report to the Board of Supervisors as to the feasibility of municipal bus operation over the Golden Gate Bridge.

*So ordered.*

### P. T. A. Conference, Scott Key School.

Supervisor McSheehy presented:

Communication from Parent Teachers' Association, re conference at Scott Key School.

*Referred to Clerk.*

## ADJOURNMENT.

### SPECIAL ORDER—2:30 P. M.

The following recommendations of Public Welfare Committee were taken up:

**Laurel Hill Cemetery Removal.**

**(Code No. 17.19)**

**Bill No. 937, Ordinance No. 17.194, as follows:**

**Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of**

the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

## Calvary Cemetery Removal.

### (Code No. 17.19)

Also, Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare

of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from

which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

### Committee of the Whole.

On motion duly made and carried, the Board of Supervisors resolved itself into a Committee of the Whole for the consideration of the foregoing recommendations of the Public Welfare Committee.

All members heretofore noted being present, and President Havenner presiding.

**Confirming the Sale of City Land on Alemany Boulevard to M. Linehan.**
(Code No. 12.1721)

Also, Resolution No. 2796, as follows:

Whereas, pursuant to Ordinance No. 12.17215, Bill No. 1089, the Director of Property advertised in the Official Newspaper that bids would be received by him on September 4, 1936, for the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

Commencing at a point on the southerly line of Ocean avenue distant thereon 177.567 feet westerly from the northwesterly line of Wattson place, said point of commencement being also the point of intersection of the northwesterly line of the property conveyed by the Ocean Shore R. R. Co., to the City and County of San Francisco by deed recorded May 22, 1925, in Volume 1083, page 55, Official Records of the City and County of San Francisco, and the southerly line of Ocean avenue; thence deflecting 61 degrees 21 minutes 06 seconds to the left from said line of Ocean avenue and running southwesterly, along said line of the property so conveyed, 27.130 feet to the true point of beginning of this description; thence continuing southwesterly along said line of the property so conveyed 220.431 feet to the southwesterly line of Lot 15, Block 13, West End Map No. 1, as per map thereof recorded in Map Book 2A and B, page 45, Records of the City and County of San Francisco; thence deflecting 87 degrees 14 minutes 34 seconds to the left and running southeasterly along said southwesterly line, 20.269 feet; thence at right angles northeasterly 95.473 feet; thence continuing northeasterly along the arc of a curve to the left, tangent to the preceding course, radius 950 feet, central angle 5 degrees 06 minutes 34 seconds, a distance of 84.719 feet to a point of compound curvature; thence continuing northeasterly, northerly and northwesterly along the arc of a curve to the left, tangent to the preceding curve, radius 50 feet, central angle 57 degrees 53 minutes 07 seconds, a distance of 50.514 feet to the true point of beginning.

Being portions of Lots 15, 16 and 17 of said Block 13.

Whereas, in response to said advertisement M. Linehan offered to purchase said land for the sum of $4,150 cash, no higher bids having been made or received; and

Whereas, said sum of $4,150 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $4,000; and

Whereas, M. Linehan has paid the sum of $415 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Department of Public Works has recommended the sale of said land for the sum of $4,150; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and, be it further

Resolved, That the Mayor and the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco, a municipal corporation, for the conveyance of said land to M. Linehan. The buyer must pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver said deed to the grantee upon receipt of the balance of the purchase price.

The following recommendation of Committee on Fire, Safety and Police was taken up:

**An Ordinance to Regulate Establishments Where Food and Alcoholic Beverages Are Served Upon the Premises and Where Entertainment Is Conducted or Permitted Thereon.**

(Code No. 11.05)

Bill No. 118, Ordinance No. 11.056, as follows:

Regulating the operation, maintenance and conducting of certain establishments in the City and County of San Francisco and providing for the safety of patrons and employees thereof and for the issuance of permits for the operation, maintenance and conducting of such establishments and defining certain terms used in this ordinance and providing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The establishments referred to in this ordinance are hereby defined to be any place, room, or space, upon or within any building or structure, where any alcoholic beverage and food of any kind or character is served, and where a theatrical, operatic, vaudeville or dancing performance, or any combination of such performance, is conducted or permitted upon the floor, a platform, or a stage, upon or within said place, room or space.

Section 2. It shall be unlawful for any person, firm or corporation to conduct or maintain any such establishment in the City and County of San Francisco without first obtaining a permit therefor from the Department of Public Health. No such permit shall be issued by the Department of Public Health until the issuance of the same has been approved by the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety.

Section 3. Application for said permit shall be made to the Department of Public Health, which said application shall state the proposed location of said establishment, the character of the building in which the same is proposed to be conducted or maintained, and a detailed plan of the premises contemplated to be occupied by the applicant, as well as the number of patrons to be accommodated at any one time in said establishment. Upon receipt of said application the Department of Public Health shall forthwith send copies thereof to the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety. It shall be the duty of each of the said bureaus and departments, upon receipt of said application, to investigate the condition of the premises in which said establishment is proposed to be maintained in so far as said conditions come under the jurisdiction of the said respective bureaus and departments, and, upon the completion of said investigation, to approve or disapprove the granting of said permit. In the event of the disapproval of the application by any of said bureaus or departments, said application for said permit shall be denied.

Section 4. Any person, firm or corporation conducting or maintaining such establishment in the City and County of San Francisco at the time this ordinance shall become effective, shall make immediate application to the Department of Public Health for a permit to continue the maintenance and conduct of said establishment.

Section 5. The following regulations shall apply to all such establishments which may be in operation at the time this ordinance becomes effective as well as to all such establishments which may hereafter be operated, maintained or conducted.

(a) All drapes, hangings, curtains and decorations, including curtains, drapes and hangings on or over windows shall be fire-proofed and kept permanently fire-proofed, to the satisfaction of the Bureau of Fire Prevention and Public Safety; and whenever the said Bureau

shall determine that any drape, hanging, curtain or decoration in any such establishment has ceased to be fire-proof, the said Bureau shall cause the same to be removed or to be refire-proofed to the satisfaction of said Bureau.

(b) No drapes, hangings, curtains or decorations shall be installed in any such establishment without approval therefor being first had and obtained from the Bureau of Fire Prevention and Public Safety. In this connection a sample of the fire-proofed material from which said drapes, hangings, curtains or decorations are proposed to be made shall be furnished to the Bureau of Fire Prevention and Public Safety for its inspection.

(c) The doors serving as exits, or leading to exits, from any such establishment shall be arranged so as to open outwardly and shall be of such width as, in the opinion of the Bureau of Fire Prevention and Public Safety, shall be sufficient to provide a safe means of exit for all patrons and employees of said establishment in case of fire or other panic. Said doors shall remain unlocked during the time said establishment is open to the public or shall be equipped with panic bolts approved by the Bureau of Fire Prevention and Public Safety. All doorways and passageways leading thereto shall be kept clear and unobstructed. When permission is granted by the Bureau of Fire Prevention and Public Safety to allow exits to open on an alley or open court, said alley or open court must be kept clear and unobstructed and well lighted at all times. In lieu of satisfactory means of egress from any such establishment the Bureau of Fire Prevention and Public Safety may, as safety measures, order the installation of an approved automatic sprinkler system and/or the installation of metallic fire escapes with stairway extensions suspended from the first balcony of said escape which, when operated shall reach the ground. The kind and location of said equipment shall be approved by the Bureau of Fire Prevention and Public Safety and the construction thereof shall be in accordance with the direction of the Bureau of Building Inspection of the Department of Public Works.

(d) No windows shall be obstructed in any manner. All windows opening onto a fire escape shall be of the French type windows opening outward, but so hung as not to obstruct when in an open position, said fire escape, provided, however, that windows of the double-hung type which, when in the open position, will provide a clear and unobstructed space not less than thirty (30) inches in width, nor less than thirty-six (36) inches in height, the top of the stool or sill of which shall not be more than thirty (30) inches in height above the floor level, or a door, opening outward onto said fire escape and so constructed as not to obstruct, when in the open position, the said fire escape, shall be permitted in lieu of said French-type windows.

(e) Open flames shall not be permitted in any such establishment except where said flames are used for cooking purposes, provided, however, that a system of gas illumination for emergency purposes will be permitted when approved by the Bureau of Fire Prevention and Public Safety. The use of candles on tables for purposes of decoration or/and illumination may be permitted if said candles, when lighted, are protected in such manner as may be approved by the Bureau of Fire Prevention and Public Safety.

(f) In every such establishment where rooms are used as dressing rooms for entertainers or for storage purposes, the Bureau of Fire Prevention and Public Safety may require the installation therein of an approved system of automatic sprinklers, and the use and maintenance of such rooms shall be subject to such rules and regulations as may be prescribed by the Bureau of Fire Prevention and Public Safety.

(g) There shall be maintained in all such establishments at least two (2) fire extinguishers of a type approved by the Bureau of Fire Prevention and Public Safety, said extinguishers to be kept in good working order and to be recharged at least every six (6) months. Additional fire extinguishers shall be installed as may be required by said Bureau. All such extinguishers shall be placed in and about the premises as

said Bureau may designate and the employees in and about said establishments shall be instructed in the proper care and operation of said extinguishers.

(h) All exits including fire escapes shall be indicated by electrically illuminated signs of such design and so located as may be prescribed by the Bureau of Fire Prevention and Public Safety, and said signs shall be kept burning continuously while said establishments are open to the public. No material or substance of any character shall be so placed as to prevent a clear and unobstructed view of said signs by all of the patrons and employees of the establishment concerned. All artificial illumination, except as in this ordinance otherwise provided, shall be electrical and where installed in exit signs, corridors, hallways and stairways shall be maintained on an electrical circuit separate and distinct from the normal illuminating system of the premises.

Section 6. The following regulations, together with the regulations hereinbefore set forth, except as the same may be modified by this section, shall apply to all establishments not in existence at the time this ordinance becomes effective and which may be opened hereafter, which said last mentioned establishments, for the purpose of reference, shall be designated as "new" such establishments.

(a) All exits from said "new" such establishments shall open upon a street or alley or upon an open court, corridor or vestibule leading to a street or alley. The width of such corridor, court, street or alley shall be not less than seven (7) feet and the width of any such vestibule shall be not less than the required width of the exit which it serves and all such corridors, courts or alleys shall be well lighted at all times by either natural or electric light.

(b) All such "new" establishments conducted on a street level of any building shall have not less than two (2) exits each of which said exits shall be at least five (5) feet in width; each of said exits shall open directly into an open street or into a lane, alley or court which opens directly into an open street.

(c) In all such "new" establishments conducted or maintained above the ground floor of any building there shall be at least two (2) stairways for the exit of patrons from said "new" establishment, provided that a fire escape of approved construction equipped with an approved stairway extension suspended from the first balcony of said escape and which when operated shall reach the ground, may take the place of such required stairway; said fire escape shall be of such width, and so located, as the Bureau of Fire Prevention and Public Safety may require. And, provided, further, that said fire escape may take the place of a stairway beginning at the second floor level, not of a stairway required to ground level. The width of the stairway leading from said establishment to the street shall be at least five (5) feet, provided said establishment shall accommodate not more than one hundred (100) patrons, nor have an area of more than twenty-five hundred (2500) square feet. In such "new" establishments accommodating more than one hundred (100) patrons or having an area of more than twenty-five hundred (2500) square feet, one additional stairway not less than five (5) feet wide or an approved fire escape shall be provided for each additional five thousand (5000) square feet or portion thereof. Said stairways and/or fire escapes shall be as widely separated as possible. Elevators will not be accepted in lieu of stairways or fire escapes. When there may be conditions whereby the installation of additional means of egress is impracticable, in the opinion of the Bureau of Fire Prevention and Public Safety, an approved system of automatic sprinklers may be accepted in lieu thereof.

(d) In the case of a "new" such establishment located at street level with a street frontage of less than fifteen (15) feet, and in the case of all "new" such establishments located below the level of a street, from which there is but one exit leading to said street or alley, the kitchen of said establishment shall be located in the rear half of said premises and patrons shall not be served in any portion of said premises which

are located in the rear of the kitchen, provided, however, that the provisions relating to location of the kitchen shall not apply where an approved system of automatic sprinklers is installed and maintained.

(e) In all such "new" establishments, all hallways or corridors, leading to exits or to stairways or to fire escapes accepted in lieu of stairways, shall not be less than five (5) feet in width. Provided, however, where such establishments are located upon the roof, an upper floor, or a basement, or cellar floor upon or within any building or structure, the width of the hallways or corridors into which such stairways may empty shall not be less than two-thirds (⅔) the combined width of said stairways. Said stairways, hallways and corridors shall, at all times while said establishments are in operation, be brightly lighted by electric lights, and the ceilings, walls and soffits of said stairways together with the ceiling and walls of all said hallways and corridors shall be plastered with not less than three-quarters (¾) of an inch of cement plaster on metal laths.

(f) All such "new" establishments conducted and maintained in any part of a building below the level of the adjoining street, shall be provided with at least two stairways each not less than six (6) feet in width and each said stairway shall lead to an exit equal in width to that of said stairway and said exit shall open directly into a street, lane, alley or court the width of which shall not be less than seven (7) feet.

Section 7. Should any section, subsection, clause, provision or sentence of this ordinance be held unconstitutional or invalid by any court, the Board of Supervisors in passing this ordinance does hereby declare that it would have passed the remaining provisions in said ordinance irrespective of the unconstitutionality or invalidity of said section, subsection, clause, provision or sentence and said remaining portions of this ordinance shall remain and continue to be effective.

Section 8. Any violation of any law or ordinance shall constitute and shall be so construed as to be sufficient reason for the revocation of any permit. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Director of Public Health for cause, upon application of any one or more of the Departments or Bureaus whose approval was first necessary for the issuance of the permit, after due hearing shall be first had thereon; and reasonable notice shall be given to the person, firm or corporation charged with the said violation, and of the time, place and date set for the hearing on the revocation of said permit.

Section 9. Whenever any discretion as to the operation, construction or equipment of any such establishment, by this ordinance, given to any officer, board, bureau, department or commission, the said officer, board, bureau, department or commission shall exercise said discretion only in so far as the same is necessary for the safety of the patrons and employees and other persons frequenting said establishment.

Section 10. All ordinances of the City and County of San Francisco and all rules and regulations of the Department of Public Health, relative to the keeping, preparation and serving of food and alcoholic beverages in restaurants or other places open to the public shall apply to such establishments; and no such establishment shall permit dancing therein without a permit from the Police Department of the City and County of San Francisco.

Section 11. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor and shall be punishable by a fine of not more than five hundred ($500) dollars or by imprisonment in the County Jail for a period of not exceeding six (6) months or by both such fine and imprisonment.

**Dr. McClintock to Expedite Report on Traffic.**

(Code No. 11.02)

Supervisor Shannon presented:

Resolution No. 2809, as follows:

Whereas, the San Francisco-Oakland Bay Bridge will be opened to vehicular traffic on November 12th; and

Whereas, no provision has been made or definite plan developed by the City and County of San Francisco to provide a direct and practical connection from the Fifth and Harrison street terminal with the so-called triangle shopping district; and

Whereas, under an appropriation authorized by the Board of Supervisors factual traffic data has been compiled by the City Engineer

and other necessary data is available from the California Toll Bridge Authority; and

Whereas, this Board of Supervisors has now authorized an appropriation of $10,000 to retain the services of Dr. Miller McClintock, nationally known traffic expert, with the understanding that immediate and first consideration be given solution of this emergency problem; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that Dr. Miller McClintock be officially requested to submit his report and recommendations to this Board at the earliest possible moment and that copies of this resolution be sent to Dr. McClintock, the Mayor, the Chief Administrative Officer, Director of Public Works, and the City Engineer.

*Referred to Streets Committee.*

Clerk to notify Don Nickelson, representing the Triangle District.

**In re Distribution of Hetch Hetchy Power.**

PRESIDENT HAVENNER: I would like to ask the Clerk what is the status at this time of the recommendation of the Public Utilities Commission with respect to the disposition of Hetch Hetchy power?

THE CLERK: It is in the Public Utilities Committee folder.

THE PRESIDENT: By what authority?

THE CLERK: The rules of the Board—and the subject matter has been there—it can be easily brought here if you want it.

THE PRESIDENT: I am talking about——

THE CLERK: Plan 7.

THE PRESIDENT: The recommendation of the Public Utilities Committee.

THE CLERK: Yes, the subject matter has been in the Public Utilities Committee. When it came to my desk I referred it to that committee. We can get it very quickly if you want it here. These matters go automatically to committees, but if you want it I can get it.

THE PRESIDENT: I would direct the attention of the Board to the fact that if it is intended to submit any proposition with respect to the disposition of Hetch Hetchy power at this time, for the November election, it would be necessary to take some action immediately. If it is the purpose of the Board or the desire of the Board to defer that submission until some later date, I think that will automatically occur unless action is taken today or tomorrow. As far as I am concerned, my position has been that, in accordance with our agreement with the Secretary of the Interior, we would proceed to submit a proposition to the voters of the City and County of San Francisco in conformity with his interpretation of the Raker Act as soon as we were ready to do so.

SUPERVISOR SHANNON: I would like to say something on that point, Mr. Chairman. I intended to do it under my name on roll call, but as long as the President of the Board brought it up I would like to read an article that appeared in the press yesterday and a telegram from Washington:

"A conference to explore the possibility of providing cheap electricity, of pooling public and private power in the Southeast and, ultimately, in other regions, was called today by President Roosevelt for September 30. In a statement summoning the meeting of Federal power officials and representatives of private utilities, banking and electric equipment industries, the President said:

" 'The public interest demands that the power that is being or soon will be generated by the Tennessee Valley Authority and at the Bonneville dam and other public works projects should be made to serve the greatest number of our people at the lowest cost, and, as far as possible, without injury to existing actual investment.'

" 'It appears,' Mr. Roosevelt added, 'that pooling of power through the joint use of existing transmission line networks "will smooth out the peaks and valleys of separate system operations, reduce the amount of

necessary reserve capacity and postpone the need for investments in new generating facilities." '

" 'I am advised that by this means investment in transmission lines and generating facilities could be kept to a minimum, service strengthened and large economies in operation effected. If so, these great savings, based on fair contractual relations between the public and private agencies participating, should make it possible to bring cheap and abundant power to the gate of every community in the region at uniformly low rates.' "

Now, we have the President on record as saying that he wants to effect savings by the joint use of these power facilities in transmission. When the committee appointed by this Board visited Mr. Ickes in Washington in January of this year, the committee, consisting of Mr. Cahill, Mr. O'Toole, Mr. Havenner, and myself, appeared before Mr. Ickes and the presentations were being made by representatives of San Francisco we were interrupted incessantly by Mr. Margold, who was the solicitor for Mr. Ickes, a young man who, in my judgment, has nothing but a theoretical knowledge of the law, a Yale graduate, and finally Mr. Ickes had to stop him from his interruptions; and after our last interview, Mr. Ickes, who had said little during the interviews, said, "Mr. Margold, maybe we better treat this in a more practical manner." And when Mr. O'Toole called attention to Section 9 of the Raker Act, which calls for reasonable compliance, Mr. Margold insisted on the letter of the law being carried out with reference to Section 6 of the Raker Act, and we were under the impression from Mr. Ickes' words, and his general attitude, that he was willing to grant San Francisco a reasonable compliance. He even went so far as to say to Mr. Margold, and Mr. Ickes is, very likely you know, a Chicago attorney, and Mr. Margold is also an attorney—he said, "Why, Mr. Margold, since listening to the recent decisions of the United States Supreme Court I haven't such a high regard for attorneys' opinions." So, we thought we had our case won, and finally Mr. O'Toole was requested by Mr. Margold to send on a brief, and Mr. Ickes—Mr. O'Toole did so, and it was answered, supposedly by Mr. Ickes, but I feel that Mr. Ickes is such a busy man that he turned it over to Mr. Margold, his solicitor, and the opinion is Mr. Margold's and Mr. Margold was antagonistic to us all the time.

Now, I feel that we have not been militant enough in this matter. Now, looking at this matter from a practical standpoint, November 5th is drawing very, very close at hand, and those of us that have been in public office for a long time know that around election time we sometimes do some high and lofty tumbling, so it might be well if we got after Mr. Ickes through President Roosevelt or through Mr. Ickes to President Roosevelt, and try and obtain something at this time, when California is liable to be the pivotal state in the election for the President of the United States; and if Mr. Roosevelt means what he says in this article published in The Chronicle of yesterday—let us try to find out by having representatives of San Francisco attend this meeting in Washington on the 30th of September, and I have in my resolution that I will present the suggestion that Mr. O'Toole and Mr. Cahill be sent on to attend this conference. I feel that we have to handle this matter in a very diplomatic manner. Up to the present time we have permitted Mr. Ickes to be the dictator. Other administrations have let us go by over the years, distributing this power, and now it has come to a critical time, and if we don't take some action at this time and do something definite to bring to the attention of the administration incumbent that we are serious about this and if a delay of four years ensues we are liable to lose our whole grant. I feel that this is the time to have action in this matter and to that end, out of order, I would ask permission to introduce this resolution.

THE CLERK (reading): "President of the United States requested

to lend his support in obtaining approval of Plans 4 or 7 for distributing electric power.

"Resolution No. 2810.

"Whereas, the City and County of San Francisco has submitted several proposals to the Secretary of the Interior Harold L. Ickes, providing for distribution of electrical power generated at Hetch Hetchy; and

"Whereas, recent statements made by His Excellency, the President of the United States, indicate that, in an effort to serve the greatest number of the people at the lowest cost without injury to existing actual investment, he will support a policy which will permit the joint use of existing transmission line networks by municipal and privately owned electrical distributing systems; and

"Whereas, Plan 4 as recommended by the Public Utilities Commission and this Board has not received the approval of the Secretary of the Interior, it is hereby declared to be the desire of the Board of Supervisors that the President of the United States be requested to give his personal attention to San Francisco's proposal to the end that Mr. Ickes' approval of Plan 4 be obtained; now, therefore, be it

"Resolved, That the Board of Supervisors does hereby respectfully request his Excellency the President of the United States to personally assist in obtaining the approval of Plan 4 so that the citizens of this city and county may share in the benefits that obtain in municipal distribution of electrical energy; and be it

"Further Resolved, that the Clerk transmit a copy of this resolution to the President of the United States; and be it

"Further Resolved, That his Honor the Mayor give consideration to ways and means of having the City and County of San Francisco represented at the conference, to be held on this subject in Washington, D. C., September 30th, by City Attorney O'Toole and Manager of Utilities Cahill."

SUPERVISOR RATTO: Are you recommending Number 4 there?

SUPERVISOR SHANNON: I am asking him to give consideration to Number 4. I specify Number 4 because in Plan 4 Mr. Cahill has evolved the scheme of having the power transmitted over the P. G. and E. transmission line to the San Francisco County Line, and sell the power to the P. G. and E. and buy it back from them at the County Line, exactly in line with what the President has stated, having the joint use of the line, right in line with his thought; and to that end I would like to move the suspension of the rules for the purpose of the consideration of the resolution.

SUPERVISOR COLMAN: Mr. Chairman. I think that matter should go to the Special Hetch Hetchy Committee which was appointed by this Board to consider such matters. There are too many points involved in the thing, too many questions involved that require our consideration. I certainly would not care to vote upon it without some further thought and some further discussion. I don't want any delay. I am available all this entire week, any morning or afternoon that the Chairman, Mr. McSheehy—I think he is the chairman—desires to call the meeting—I will be available, but I would object to the consideration of the matter now without reference to the Hetch Hetchy Committee or any other committee or joint committees that you may desire. I am not particularly set on that committee. As far as I am concerned, I am available every day this week.

SUPERVISOR McSHEEHY: Mr. Chairman, a matter of this kind cannot be decided as hastily, and I say this respectfully to Supervisor Shannon here this afternoon, by simply quoting a statement in a newspaper—And other statements have been made. I have carefully read a number of statements that the President has made in this particular matter. But I am not perhaps entirely in accord with Supervisor Colman, especially on this particular matter, or he with

me, but I think the Supervisor has expressed my view entirely when he stated that it ought to go to committee, to the special committee that has heard it, and has had it under advisement for over a year, so I am going to ask at this time that it be referred to the special Hetch Hetchy Committee. Supervisor Shannon, Supervisor Roncovieri, and myself will leave for Los Angeles on Thursday and if there is no objection to referring it to that committee, I can tell Supervisor Shannon now and authorize the clerk to send out notices that the committee will have a meeting at two o'clock on Wednesday of this week so that there is no lost time in reference to this particular matter.

SUPERVISOR SHANNON: I of course cannot raise any objection to having it sent to committee because I realize I must have unanimous consent. The great trouble with sending it to committee is due to the fact that the meeting will take place a week from Wednesday, this meeting in Washington, on September 30th, so by holding the meeting on Wednesday of this week it will have to come back to this Board, which will be the 28th of September. I realize fully, and the members of the Board do, that it calls, that part of the resolution, to have Mr. O'Toole and Mr. Cahill go there if in the judgment of the committee and the Board it was deemed advisable to send them. Of course, if that resolution is passed upon favorably by the committee and sent to the Board here, about all we can do is just to send the resolution itself to the President of the United States. If the members feel that they cannot digest the resolution by another reading of it and still insist on it going to committee, under the rules of this Board I am powerless to object.

THE PRESIDENT: What is the pleasure of the Board?

SUPERVISOR McSHEEHY: I move that the matter be sent to the Special Hetchy Hetchy Committee, and if the Board so desires I will immediately call a meeting for Wednesday at two o"clock.

THE PRESIDENT: The matter will be referred to the Hetchy Hetchy Committee.

SUPERVISOR McSHEEHY: I will give the statement now that the meeting of this committee will be heard in reference to this resolution at two o'clock, and on the adjournment of the committee meeting I would suggest to Supervisor Meyer, who is a member of this committee and also of the Public Utilities Committee, and Supervisor Colman, that we will convene or I would suggest to Supervisor Meyer, the chairman of the Utilities Committee, that that committee meet immediately upon the adjournment of the special committee so the matters pertinent to the Utilities Committee can be heard. Is that satisfactory to you, Supervisor Meyer?

SUPERVISOR MEYER: Yes.

SUPERVISOR McSHEEHY: Is that satisfactory to you, Supervisor Colman?

SUPERVISOR COLMAN: Yes.

(Proceedings under Roll Call:)

SUPERVISOR UHL: I have a resolution I would like read:

"Mayor requested to name Lester S. Ready to Conference of Officials re: Plan 7 for Distribution of Hetch Hetchy Power.

"Resolution No. 2810.

"Whereas, President Roosevelt has called a conference for September 30th of Federal power officials and representatives of private utilities, banking and electrical equipment industries to explore the possibility of providing cheap electricity, of pooling public and private power in the southeast and ultimately in other regions,

"In a statement summoning the meeting of the interested parties the President said:

" 'The public interest demands that the power that is being or soon will be generated by the Tennessee Valley Authority and at the Bonne-

ville dam and other public works projects should be made to serve the greatest number of people at the lowest cost and, as far as possible, without injury to existing actual investment.'

"'It appears,' Mr. Roosevelt added, 'that pooling of power through the joint use of existing transmission line networks "will smooth out the peaks and valleys of separate system operations, reduce the amount of necessary reserve capacity and postpone the need for investments in new generating facilities."

"'I am advised that by this means investment in transmission lines and generating facilities could be kept to a minimum, service strengthened and large economies in operation effected. If so, these great savings, based on fair contractual relations between the public and private agencies participating, should make it possible to bring cheap and abundant power to the gate of every community in the region at uniformly low rates.'

"Whereas, it is contended the Raker Act requires San Francisco to municipally distribute the power generated at Moccasin Power Plant and which distribution will call for a bond issue amounting to millions of dollars and in one particular instance the construction of a steam standby plant necessary under Plan 7 to augment in case of need the 24,000 KW to be transmitted over Hetch Hetchy transmission lines between the Moccasin Creek Power House, proposed Red Bar Mountain Power House, and Newark, estimated to cost $8,500,000, and which standby plant will be a duplication of existing facilities of the Pacific Gas and Electric Company;

"Whereas, the fundamental advocated by the President is one of the fundamentals involved in the matter of distributing Hetch Hetchy power; and

"Whereas, it is also a matter of paramount importance that a check of Plan 7 submitted by the Public Utilities Commission involving a bond issue of $43,700,000 should be reviewed by an elecric expert, preferably Lester S. Ready; be it therefore

"Resolved, That the Mayor be requested to immediately call a conference of our municipal power officials, representatives of power utilities and bankers to explore the possibility of pooling public and private power consumed in San Francisco, and by means of pooling power as referred to by the President, it might be possible to keep investment in transmission lines and generating facilities to a minimum; service strengthened and large economies in operation effected, and to ascertain if great savings based on fair contractual relations between public and private agencies participating will make it possible to bring cheap and abundant power to San Francisco; and be it

THE PRESIDENT: It will be referred to the Special Hetch Hetchy Committee.

### Mayor Requested to Name Lester S. Ready to Conference of Officials re Plan for Distribution of Hetch Hetchy Power.

(Code No. 15.03)

Supervisor Uhl presented:

Resolution No. 2811, as follows:

Whereas, President Roosevelt has called a conference for September 30th of Federal power officials and representatives of private utili-

ties, banking and electrical equipment industries to explore the possibility of providing cheap electricity, of pooling public and private power in the southeast and ultimately in other regions.

In a statement summoning the meeting of the interested parties, the President said:

"The public interest demands that the power that is being or soon will be generated by the Tennessee Valley Authority and at the Bonneville dam and other public works projects should be made to serve the greatest number of people at the lowest cost and, as far as possible, without injury to existing actual investment.

If so, these great savings, based on fair contractural relations between the public and private agencies participating, should make it possible to bring cheap and abundant power to the gate of every community in the region at uniformly low rates."

Whereas, it is contended the Raker Act requires San Francisco to municipally distribute the power generated at Moccasin Power Plant and which distribution will call for a bond issue amounting to millions of dollars and in one particular instance the construction of a steam standby plant necessary under Plan 7 to augment in case of need the 84,000 K. W. to be transmitted over Hetch Hetchy transmission lines between the Moccasin Creek Power House, proposed Red Bar Mountain Power House, and Newark, estimated to cost $8,500,000, and which standby plant will be a duplication of existing facilities of the Pacific Gas and Electric Company; and

Whereas the fundamentals advocated by the President is one of the fundamentals involved in the matter of distributing Hetch Hetchy power; and

Whereas, it is also a matter of paramount importance that a check of Plan 7, submitted by the Public Utilities Commission, involving a bond issue of $43,700,000, should be reviewed by an electric expert, preferably Lester S. Ready; now, therefore, be it

Resolved, That the Mayor be requested to immediately call a conference of our municipal power officials, representatives of power utilities and bankers to explore the possibility of pooling public and private power consumed in San Francisco, and by means of pooling power as referred to by the President, it might be possible to keep investment in transmission lines and generating facilities to a minimum; service strengthened and large economies in operation effected, and to ascertain if great savings based on fair constructural relations between public and private agencies participating will make it possible to bring cheap and abundant power to San Francisco; and be it

Further Resolved, That the Mayor request President Roosevelt to delegate a representative of the Federal power officials to attend said conference; and be it

### Bill Board Ordinance.

Supervvisor Ratto under his name at roll call declared that the proposed bill board ordinance regulating the erection of signs and bill boards at various locations had been considered during the week

in the Streets Committee, but that it was so drastically drawn he wished to suggest that it be presented before the entire Board of Supervisors and a hearing be had in Committee of the Whole of proponents and opponents.

Supervisor Shannon moved re-reference to the City Planning Commission. No second.

Supervisor Ratto moved that the ordinance be considered in Committee of the Whole next Monday at 3 p. m. and be made a special order of business for that time.

**Point of Order.**

Supervisor Shannon raised a point of order that the matter was tabled in Streets Committee and did not think it should be taken up now in the Board.

Whereupon, Supervisor Uhl declared that he would present the ordinance anew.

**Sign and Billboard Ordinance.**

(Code No. 11.08)

Thereupon Supervisor Uhl presented:

Bill No. ....., Ordinance No. ....., as follows:

An ordinance regulating the location, erection or placing of any sign or signboard, bill or billboard, or any advertising device or structure, movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use solely for advertisement sign or billboard purposes, in certain localities in the City and County of San Francisco, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to erect, paint or in any manner place any sign or signboard, bill or billboards, or any advertising device or structure, movable or immovable, temporary or permanent, and designed or intended for use solely for advertising, sign or billboard purposes or to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, handbill, sign, poster, advertisement or notice of any kind, excepting in the case of a public officer or a private person in giving a legal notice, upon any property within 800 feet of either side of the center line of the San Francisco-Oakland Bay Bridge, and/or bridge ramp or approaches thereto, and when visible from the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto, situated in the City and County of San Francisco; Provided, however, that nothing herein contained shall be deemed to restrict or prohibit the use for advertising purposes of, or the changing of advertising copy on, any advertising sign or advertising structure now erected or maintained upon any property situated upon or within the area above named.

Section 2. It shall be unlawful for the owners, lessees, occupants, tenants, or agents of any real or personal property located within the limits defined in Section (1) hereof, to license or allow any such property to be leased or used in any manner whatsoever for any such advertising sign or billboard purposes; provided, however, that nothing in this section, or Section (1) hereof, shall be construed to prohibit the owner or occupant of any building within the limits prescribed in Section (1) hereof and conducting a business in such building, from having thereon a sign directing attention to the person occupying the premises in question or the business transacted therein, or advertising the property itself or any part thereof, as for sale, or to let, and which contains no other advertising matter, providing that such sign shall be of such size, design and location as may be approved by the City Planning Commission, as one that will reasonably serve one or more of said purposes,

without being a distraction to traffic upon the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto.

Section 3. Any person, firm or corporation violating any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding Five Hundred Dollars ($500) or by imprisonment in the County Jail for not exceeding six (6) months, or by both fine and imprisonment.

Each day any sign or signboard, bill or billboard, or any other advertising device or structure is continued or maintained in violation of the provisions of this ordinance, such continuance or maintenance shall be deemed a separate and distinct offense and shall be punishable accordingly.

Section 4. This ordinance shall take effect immediately.

#### Laurel Hill Cemetery Removal.
(Code No. 17.19)

On recommendation of Public Welfare Committee.

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of

human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate of said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

**Amending Building Law—Standpipe Fire Hose.**

(Code No. 11.05)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 1127, Ordinance No. 11.058, as follows:

Amending Section 175 of Ordinance No. 1008 (N. S.), entitled, "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings; establishing fire limits and repealing all ordinances in conflict with this ordinance," relating to standpipe fire hose.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 175 of Ordinance No. 1008 (N. S.), the title of which is recited above, is hereby amended to read as follows:

Section 175. Standpipes, four inches in diameter, shall be provided with hose attachments on every floor and the gallery as follows, namely: One on each side of the auditorium in each tier, also one on each side of the stage on front of proscenium wall in each tier and at least one in the property room and one in the carpenter shop, if the same be contiguous to the building. All such standpipes shall be kept clear from obstruction. Said standpipes shall be separate and distinct, receiving their supply of water direct from the power of pumps or pumps installed and maintained by the owner or lessee of the building. They shall be fitted with the regulation couplings of the fire department, and shall be kept constantly filled with water by means of an automatic fire pump or pumps, of sufficient capacity to supply all the lines of hose when operated simultaneously; and said pump or pumps shall be supplied from the street main and be ready for immediate use at all times during a performance in said building.

In addition to the requirements contained in this section there shall be provided a four-inch standpipe, running from cellar to roof, with one two-way, three-inch siamese connection to be placed on street above the curb level, and with one two and one-half-inch outlet with hose attached thereto on each floor, placed as near the stairs as practicable.

All buildings shall be provided with an auxiliary fire apparatus and appliances, consisting of water tank on roof or in cellar, standpipes, hose, nozzles, wrenches, fire extinguishers, hooks, axes and other appliances as may be required by the Fire Department, all to be of the best material and of the sizes, pattern and regulation kinds used and required by the Fire Department.

A separate and distinct system of automatic sprinklers, with fusible plugs, approved by the Board of Public Works, supplied with water from a tank located on the roof over the stage, and not connected in any manner with standpipes, shall be placed on each side of the proscenium opening and on the ceiling or roof over the stage at such intervals as will protect every square foot of stage surface when said sprinklers are in operation. Automatic sprinklers shall be also placed wherever practicable, in the dressing rooms, under the stage, and in the carpenter shop, paint rooms, store rooms and property rooms. The entire installation of automatic sprinklers shall be in accordance with the rules of the Board of Fire Underwriters.

A proper and sufficient quantity of one and one-half-inch cotton, rubber-lined hose, not less than 100 feet, fitted with the regulation couplings of the Fire Department, and with regulation Fire Department shut-off nozzles attached thereto, and with hose spanners at each outlet, shall

always be kept attached to each hose attachment, as the Chief Engineer of the Fire Department may direct.

Such fire hose shall conform to the San Francisco Fire Department standard specifications for cotton, rubber-lined fire hose, and before installation, and as often thereafter, as the Chief Engineer of the San Francisco Fire Department may require, such hose shall be subjected to the regulation tests, and an affidavit shall be furnished to the Chief Engineer of the Fire Department setting forth the chemical analysis of the rubber contained therein, which must be in compliance with the requirements of said specifications.

There shall also be kept in readiness for immediate use on the stage at least two casks of water, and two buckets to each cask. The cask and buckets shall be painted red.

There shall also be provided hand pumps or other portable fire extinguishing apparatus, and at least four axes, and also two 25-foot hooks, two 15-foot hooks and two 10-foot hooks on each tier or floor of the stage.

**Re-referred to Committee.**

The foregoing resolution was *re-referred to Joint Committee on Public Buildings, Lands and City Planning, and Fire, Safety and Police.*

**Right of Entry by Fire Department.**

(Code No. 11.05)

Bill No. 1126, Ordinance No. 11.057, as follows:

Authorizing the officers and members of the uniformed forces of the Fire Department to enter buildings, structures or premises by direction of the Chief Engineer.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The officers and members of the uniformed forces of the Fire Department shall have the right to enter, at any time when under the orders of the Chief Engineer of said department, any buildings, structure or premises, except private dwellings, wherever located, within the City and County of San Francisco, for the purpose of making inspections, and in the interest of public safety.

Section 2. Any person, firm, company or corporation that resists or opposes the execution of any of the provisions of this ordinance, shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding five hundred ($500) dollars, or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

**Action Deferred.**

Action on the foregoing bill was *deferred until October* 5, 1936.

Opinion from City Attorney as to its constitutionality was requested.

**Prohibiting "Dead Man" Control.**

(Code No. 15.091)

On recommendation of Public Utilities Committee.

Bill No. 1124, Ordinance No. 15.09118, as follows:

Prohibiting the use of the "dead man" control in the operation of street cars and providing a penalty for violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to operate, or cause to be operated, any street car upon the streets of the City and County of San Francisco by means of a "dead man" control to which is attached any foot lever or cut-off valve which will enable said street car to be operated without the operator's hand being kept

upon the controller bar or handle at all times while said street car is in motion.

Section 2. Any person, firm or corporation violating the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred ($500) dollars or by imprisonment in the County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment for each separate conviction.

*September* 23, 1936—*Public Utilities recommends.*

**Petition for Removal of Single Track on Brannan Street From First Street to Second Street.**

(Code No. 15.091)

Bill No. 1128, Ordinance No. 15.09119, as follows:

Authorizing Market Street Railway Company to abandon and remove its single street railway track over and along Brannan street, from First street to Second street.

Whereas, Market Street Railway Company has in writing petitioned the Board of Supervisors of the City and County of San Francisco for permission to abandon its single track and service on Brannan street, from First street to Second street; and

Whereas, public convenience will not be affected by the removal of said single track and the discontinuance of said service; now, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That in pursuance of the petition of Market Street Railway Company set forth in the preamble of this ordinance, Market Street Railway Company be and it is hereby authorized, without prejudice to any of the other rights now owned and held under the operating permit of said company dated February 9, 1931, to remove said single street car track and discontinue the operation of street cars on Brannan street, from First street to Second street.

That the public interest will not be injured or suffer by reason of the removal of said track or the abandonment of said service, and the Board

of Supervisors so finds in pursuance of Section 132 of the Charter of the City and County of San Francisco.

*Passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Authorizing Chief Administrative Officer to Execute Memorandum of Agreement in Connection with Special Gas Tax Street Improvement Fund.**

(Code No. 5.31)

Resolution No. 2821, as follows:

Resolved, That for and on behalf of the City and County of San Francisco, the Chief Administrative Officer be and is hereby authorized to execute a memorandum of agreement between the Department of Public Works of the State of California and the City and County of San Francisco, covering construction or improvement of the following items with funds from the Special Gas Tax Street Improvement Fund:

**Requesting Early Report from Dr. McClintock on Traffic Survey.**

(Code No. 11.02)

On recommendation of Streets Committee.

Resolution No. 2820, as follows:

Whereas, the San Francisco-Oakland Bay Bridge will be opened to vehicular traffic on November 12; and

Whereas, no provision has been made or definite plan developed by the City and County of San Francisco to provide a direct and practical connection from the Fifth and Harrison street terminal with the so-called triangle shopping district; and

Whereas, under an appropriation authorized by the Board of Supervisors, factual traffic data has been compiled by the City Engineer and other necessary data is available from the California Toll Bridge Authority; and

Whereas, this Board of Supervisors has now authorized an appropriation of $10,000 to retain the services of Dr. Miller McClintock, nationally known traffic expert, with the understanding that immediate and first consideration be given solution of this emergency problem; now, therefore, be it

Resolved, That Dr. Miller McClintock be officially requested to submit his report and recommendations at the earliest possible moment and that copies of this resolution be sent to Dr. McClintock, the Mayor, the Chief Administrative Officer, Director of Public Works, and the City Engineer.

**Privilege of the Floor.**

*So ordered.*

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY COMMITTEE.

**Redwood Empire Association Annual Convention.**

President Franck R. Havenner announced appointment of Supervisor Alfred Roncovieri to attend annual convention of the Redwood Empire Association, at Crescent City, October 9 and 10, vice Supervisor Arthur M. Brown, Jr., who would be unable to attend.

**Nineteenth and Funston Avenues Approach to Golden Gate Bridge.**

Supervisor Warren Shannon presented, for reference to the Streets Committee, the following resolution:

(Code No. 12.111)

Resolution No. 2826, as follows:

Whereas, under the provisions of the Federal Aid Highway Authorization Act (Public Law No. 686) enacted by the Seventy-fourth Congress, the State of California has been allotted in excess of $15,000,000 to be expended on highways in the Federal Aid System, together with Grade Crossing Projects and Farm to Market Roads; and

Whereas, Nineteenth avenue from Sloat boulevard to Lincoln way and Funston avenue from Fulton street to Geary street have been heretofore included in the Federal Aid Highway System and designated as Federal Aid Route 21, thus making these particular projects eligible for Federal Aid Funds under the provisions of the Hayden-Cartwright Act and for which the State Department of Public Works (Division of Highways) is the duly authorized representative of the United States Department of Agriculture (U. S. Bureau of Public Roads) in the proper expenditure of these Federal Aid Funds; and

Whereas, the City and County of San Francisco has heretofore been unable to qualify for appropriations under the previous provisions of the Hayden-Cartwright Act, which was later amended to include various City streets; and

Whereas, the City and County of San Francisco has previously executed a contract agreement with the State of California (Division of Highways) which designated that the aforesaid Nineteenth avenue and Funston avenue be reconstructed and widened entirely out of ¼-cent Gas Tax Funds for State Highways Within Cities, without any Federal Aid contributions whatsoever; and

Whereas, the Golden Gate Bridge and Highway District must have proper approach and feeder roads to make possible the greatest possible revenue to protect the 87 per cent responsibility of the taxpayers of the City and County of San Francisco and for which purpose Funston avenue within the Presidio is contemplated as one of the main traffic arteries to be financed by the State of California; now, therefore, be it

Resolved, That the State Department of Public Works (Division of Highways) be requested to arrange the necessary procedure to obtain Federal Aid Funds from the U. S. Government to be expended on the aforementioned Nineteenth and Funston avenues to insure full completion and in turn apply other Gas Tax Funds under the jurisdiction of the State Department of Public Works to the performance and completion of the Presidio portion of Funston avenue approach to the Golden Gate Bridge.

### SPECIAL ORDER—2:30 P. M.

The following recommendations of Public Welfare Committee were taken up:

**Laurel Hill Cemetery Removal.**
**(Code No. 17.19)**

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and

removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the

City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body or said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

### Calvary Cemetery Removal.
(Code No. 17.19)

Also, Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective,

the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum,

columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

**An Ordinance to Regulate Establishments Where Food and Alcoholic Beverages Are Served Upon the Premises and Where Entertainment Is Conducted or Permitted Thereon.**

(Code No. 11.05)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 1118, Ordinance No. 11.056, as follows:

Regulating the operation, maintenance and conducting of certain establishments in the City and County of San Francisco and providing for the safety of patrons and employees thereof and for the issuance of permits for the operation, maintenance and conducting of such establishments and defining certain terms used in this ordinance and providing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The establishments referred to in this ordinance are hereby defined to be any place, room, or space, upon or within any building or structure, where any alcoholic beverage and food of any kind or character is served, and where a theatrical, operatic, vaudeville or dancing performance, or any combination of such performance, is conducted or permitted upon the floor, a platform, or a stage, upon or within said place, room or space.

Section 2. It shall be unlawful for any person, firm or corporation to conduct or maintain any such establishment in the City and County of San Francisco without first obtaining a permit therefor from the Department of Public Health. No such permit shall be issued by the Department of Public Health until the issuance of the same has been approved by the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety.

Section 3. Application for said permit shall be made to the Department of Public Health, which said application shall state the proposed location of said establishment, the character of the building in which the same is proposed to be conducted or maintained, and a detailed plan of the premises contemplated to be occupied by the applicant, as well as the number of patrons to be accommodated at any one time in said establishment. Upon receipt of said application the Department of Public Health shall forthwith send copies thereof to the Department of Electricity, the Bureau of Building Inspection of the Department of Public Works, and the Bureau of Fire Prevention and Public Safety. It shall be the duty of each of the said bureaus and departments, upon receipt of said application, to investigate the condition of the premises in which said establishment is proposed to be maintained in so far as said conditions come under the jurisdiction of the said respective bureaus and departments, and, upon the completion of said investigation, to approve or disapprove the granting of said permit. In the event of the disapproval of the application by any of said bureaus or departments, said application for said permit shall be denied.

Section 4. Any person, firm or corporation conducting or maintaining such establishment in the City and County of San Francisco at the time this ordinance shall become effective, shall make immediate application to the Department of Public Health for a permit to continue the maintenance and conduct of said establishment.

Section 5. The following regulations shall apply to all such establishments which may be in operation at the time this ordinance becomes effective as well as to all such establishments which may hereafter be operated, maintained or conducted.

(a) All drapes, hangings, curtains and decorations, including curtains, drapes and hangings on or over windows shall be fire-proofed and kept permanently fire-proofed, to the satisfaction of the Bureau of Fire Prevention and Public Safety; and whenever the said Bureau shall determine that any drape, hanging, curtain or decoration in any such establishment has ceased to be fire-proof, the said Bureau shall

cause the same to be removed or to be refire-proofed to the satisfaction of said Bureau.

(b) No drapes, hangings, curtains or decorations shall be installed in any such establishment without approval therefor being first had and obtained from the Bureau of Fire Prevention and Public Safety. In this connection a sample of the fire-proofed material from which said drapes, hangings, curtains or decorations are proposed to be made shall be furnished to the Bureau of Fire Prevention and Public Safety for its inspection.

(c) The doors serving as exits, or leading to exits, from any such establishment shall be arranged so as to open outwardly and shall be of such width as, in the opinion of the Bureau of Fire Prevention and Public Safety, shall be sufficient to provide a safe means of exit for all patrons and employees of said establishment in case of fire or other panic. Said doors shall remain unlocked during the time said establishment is open to the public or shall be equipped with panic bolts approved by the Bureau of Fire Prevention and Public Safety. All doorways and passageways leading thereto shall be kept clear and unobstructed. When permission is granted by the Bureau of Fire Prevention and Public Safety to allow exits to open on an alley or open court, said alley or open court must be kept clear and unobstructed and well lighted at all times. In lieu of satisfactory means of egress from any such establishment the Bureau of Fire Prevention and Public Safety may, as safety measures, order the installation of an approved automatic sprinkler system and/or the installation of metallic fire escapes with stairway extensions suspended from the first balcony of said escape which, when operated shall reach the ground. The kind and location of said equipment shall be approved by the Bureau of Fire Prevention and Public Safety and the construction thereof shall be in accordance with the direction of the Bureau of Building Inspection of the Department of Public Works.

(d) No windows shall be obstructed in any manner. All windows opening onto a fire escape shall be of the French type windows opening outward, but so hung as not to obstruct when in an open position, said fire escape, provided, however, that windows of the double-hung type which, when in the open position, will provide a clear and unobstructed space not less than thirty (30) inches in width, nor less than thirty-six (36) inches in height, the top of the stool or sill of which shall not be more than thirty (30) inches in height above the floor level, or a door, opening outward onto said fire escape and so constructed as not to obstruct, when in the open position, the said fire escape, shall be permitted in lieu of said French-type windows.

(e) Open flames shall not be permitted in any such establishment except where said flames are used for cooking purposes, provided, however, that a system of gas illumination for emergency purposes will be permitted when approved by the Bureau of Fire Prevention and Public Safety. The use of candles on tables for purposes of decoration or/and illumination may be permitted if said candles, when lighted, are protected in such manner as may be approved by the Bureau of Fire Prevention and Public Safety.

(f) In every such establishment where rooms are used as dressing rooms for entertainers or for storage purposes, the Bureau of Fire Prevention and Public Safety may require the installation therein of an approved system of automatic sprinklers, and the use and maintenance of such rooms shall be subject to such rules and regulations as may be prescribed by the Bureau of Fire Prevention and Public Safety.

(g) There shall be maintained in all such establishments at least two (2) fire extinguishers of a type approved by the Bureau of Fire Prevention and Public Safety, said extinguishers to be kept in good working order and to be recharged at least every six (6) months. Additional fire extinguishers shall be installed as may be required by said Bureau. All such extinguishers shall be placed in and about the premises as said Bureau may designate and the employees in and about said estab-

lishments shall be instructed in the proper care and operation of said extinguishers.

(h) All exits including fire escapes shall be indicated by electrically illuminated signs of such design and so located as may be prescribed by the Bureau of Fire Prevention and Public Safety, and said signs shall be kept burning continuously while said establishments are open to the public. No material or substance of any character shall be so placed as to prevent a clear and unobstructed view of said signs by all of the patrons and employees of the establishment concerned. All artificial illumination, except as in this ordinance otherwise provided, shall be electrical and where installed in exit signs, corridors, hallways and stairways shall be maintained on an electrical circuit separate and distinct from the normal illuminating system of the premises.

Section 6. The following regulations, together with the regulations hereinbefore set forth, except as the same may be modified by this section, shall apply to all establishments not in existence at the time this ordinance becomes effective and which may be opened hereafter, which said last mentioned establishments, for the purpose of reference, shall be designated as "new" such establishments.

(a) All exits from said "new" such establishments shall open upon a street or alley or upon an open court, corridor or vestibule leading to a street or alley. The width of such corridor, court, street or alley shall be not less than seven (7) feet and the width of any such vestibule shall be not less than the required width of the exit which it serves and all such corridors, courts or alleys shall be well lighted at all times by either natural or electric light.

(b) All such "new" establishments conducted on a street level of any building shall have not less than two (2) exits each of which said exits shall be at least five (5) feet in width; each of said exits shall open directly into an open street or into a lane, alley or court which opens directly into an open street.

(c) In all such "new" establishments conducted or maintained above the ground floor of any building there shall be at least two (2) stairways for the exit of patrons from said "new" establishment, provided that a fire escape of approved construction equipped with an approved stairway extension suspended from the first balcony of said escape and which when operated shall reach the ground, may take the place of such required stairway; said fire escape shall be of such width, and so located, as the Bureau of Fire Prevention and Public Safety may require. And, provided, further, that said fire escape may take the place of a stairway beginning at the second floor level, not of a stairway required to ground level. The width of the stairway leading from said establishment to the street shall be at least five (5) feet, provided said establishment shall accommodate not more than one hundred (100) patrons, nor have an area of more than twenty-five hundred (2500) square feet. In such "new" establishments accommodating more than one hundred (100) patrons or having an area of more than twenty-five hundred (2500) square feet, one additional stairway not less than five (5) feet wide or an approved fire escape shall be provided for each additional five thousand (5000) square feet or portion thereof. Said stairways and/or fire escapes shall be as widely separated as possible. Elevators will not be accepted in lieu of stairways or fire escapes. When there may be conditions whereby the installation of additional means of egress is impracticable, in the opinion of the Bureau of Fire Prevention and Public Safety, an approved system of automatic sprinklers may be accepted in lieu thereof.

(d) In the case of a "new" such establishment located at street level with a street frontage of less than fifteen (15) feet, and in the case of all "new" such establishments located below the level of a street, from which there is but one exit leading to said street or alley, the kitchen of said establishment shall be located in the rear half of said premises and patrons shall not be served in any portion of said premises which are located in the rear of the kitchen, provided, however, that the pro-

visions relating to location of the kitchen shall not apply where an approved system of automatic sprinklers is installed and maintained.

(e) In all such "new" establishments, all hallways or corridors, leading to exits or to stairways or to fire escapes accepted in lieu of stairways, shall not be less than five (5) feet in width. Provided, however, where such establishments are located upon the roof, an upper floor, or a basement, or cellar floor upon or within any building or structure, the width of the hallways or corridors into which such stairways may empty shall not be less than two-thirds (⅔) the combined width of said stairways. Said stairways, hallways and corridors shall, at all times while said establishments are in operation, be brightly lighted by electric lights, and the ceilings, walls and soffits of said stairways together with the ceiling and walls of all said hallways and corridors shall be plastered with not less than three-quarters (¾) of an inch of cement plaster on metal laths.

(f) All such "new" establishments conducted and maintained in any part of a building below the level of the adjoining street, shall be provided with at least two stairways each not less than six (6) feet in width and each said stairway shall lead to an exit equal in width to that of said stairway and said exit shall open directly into a street, lane, alley or court the width of which shall not be less than seven (7) feet.

Section 7. Should any section, subsection, clause, provision or sentence of this ordinance be held unconstitutional or invalid by any court, the Board of Supervisors in passing this ordinance does hereby declare that it would have passed the remaining provisions in said ordinance irrespective of the unconstitutionality or invalidity of said section, subsection, clause, provision or sentence and said remaining portions of this ordinance shall remain and continue to be effective.

Section 8. Any violation of any law or ordinance shall constitute and shall be so construed as to be sufficient reason for the revocation of any permit. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Director of Public Health for cause, upon application of any one or more of the Departments or Bureaus whose approval was first necessary for the issuance of the permit, after due hearing shall be first had thereon; and reasonable notice shall be given to the person, firm or corporation charged with the said violation, and of the time, place and date set for the hearing on the revocation of said permit.

Section 9. Whenever any discretion as to the operation, construction or equipment of any such establishment, by this ordinance, given to any officer, board, bureau, department or commission, the said officer, board, bureau, department or commission shall exercise said discretion only in so far as the same is necessary for the safety of the patrons and employees and other persons frequenting said establishment.

Section 10. All ordinances of the City and County of San Francisco and all rules and regulations of the Department of Public Health, relative to the keeping, preparation and serving of food and alcoholic beverages in restaurants or other places open to the public shall apply to such establishments; and no such establishment shall permit dancing therein without a permit from the Police Department of the City and County of San Francisco.

Section 11. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor and shall be punishable by a fine of not more than five hundred ($500) dollars or by imprisonment in the County Jail for a period of not exceeding six (6) months or by both such fine and imprisonment.

**Endorsing Proposed Constitutional Amendment Prohibiting Gas Tax Diversion.**

(Code No. 12.052)

On recommendation of Finance Committee.

Resolution No. 2737, as follows:

Whereas, the Hayden-Cartwright Act of the 73rd United States Congress states: "It is unfair and unjust to tax motor vehicle trans-

portation unless the proceeds of such taxation are applied to the construction, improvement or maintenance of highways"; and

Whereas, motor vehicle fees and gasoline taxes are levied on the users of our highways in proportionate measure to their use of those highways and paid for by them because of their reliance and full expectation that the proceeds will be applied in good faith to the maintenance and development of highways; and

Whereas, continuous development of adequate highways and rational highway planning require stabilized highway income without the constant threat of diversion; and

Whereas, an amendment to the Constitution designed to prevent the diversion of highway revenues to purposes other than the maintenance and development of highways will appear upon the ballot at the general election in November, 1936; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting assembled this 5th day of October, 1936, do hereby place ourselves on record as unalterably opposed to the diversion of highway funds to purposes other than the maintenance and development of highways, and we do hereby favor the adoption of that proposed constitutional amendment designed to prevent the diversion of highway revenues which will appear as No. 10 upon the ballot at the general election in November, 1936, and we do hereby urge its adoption by the people of the State of California.

Privilege of the Floor.

Wm. Merryman, representing the Chamber of Commerce, was heard in opposition to the adoption of the resolution.

M. Keaton, representing State Chamber of Commerce, was also heard in opposition.

Amending Resolution No. 2525, Code No. 9.092, entitled as follows: "Fixing Wage Scale—Private Employment on Public Contracts." Approved April 21, 1936.

Whereas, it has been determined that it is necessary that in certain crafts, and that certain artisans, perform their work within an eight (8) hour schedule, an amendment to Resolution No. 2525 is hereby adopted; now, therefore, be it

Resolved, That the paragraph in Resolution No. 2525 relating to overtime payments for Building Trades be, and it hereby is, amended to read as follows:

For Building Trades overtime payments, except as otherwise specifically provided, shall be as follows:

Overtime at time and one-half for first four hours after eight hours per day, and all time thereafter at double time except in the following crafts, which are paid double time for all overtime after eight hours: elevator constructors and helpers, all ironworkers, all engineers, model makers and bricklayers and hodcarriers; and except in those crafts in which a shorter work day now prevails by agreement in private employment.

The following recommendation of Joint Committee on Fire, Safety and Police, and Public Buildings, Lands and City Planning was taken up:

**Amending Building Law—Standpipe Fire Hose.**

(Code No. 11.05)

Bill No. 1127, Ordinance No. 11.0816, as follows:

Amending Section 175 of Ordinance No. 1008 (N. S.), entitled, "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings; establishing fire limits and repealing all ordinances in conflict with this ordinance," relating to standpipe fire hose.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 175 of Ordinance No. 1008 (N. S.), the title of which is recited above, is hereby amended to read as follows:

Section 175. Standpipes, four inches in diameter, shall be provided with hose attachments on every floor and the gallery as follows, namely: One on each side of the auditorium in each tier, also one on each side of the stage on front of proscenium wall in each tier and at least one in the property room and one in the carpenter shop, if the same be contiguous to the building. All such standpipes shall be kept clear from obstruction. Said standpipes shall be separate and distinct, receiving their supply of water direct from the power of pumps or pumps installed and maintained by the owner or lessee of the building. They shall be fitted with the regulation couplings of the fire de-

partment, and shall be kept constantly filled with water by means of an automatic fire pump or pumps, of sufficient capacity to supply all the lines of hose when operated simultaneously; and said pump or pumps shall be supplied from the street main and be ready for immediate use at all times during a performance in said building.

In addition to the requirements contained in this section there shall be provided a four-inch standpipe, running from cellar to roof, with one two-way, three-inch siamese connection to be placed on street above the curb level, and with one two and one-half-inch outlet with hose attached thereto on each floor, placed as near the stairs as practicable.

All buildings shall be provided with an auxiliary fire apparatus and appliances, consisting of water tank on roof or in cellar, standpipes, hose, nozzles, wrenches, fire extinguishers, hooks, axes, fire alarm boxes and other appliances as may be required by the Fire Department, all to be of the best material and of the sizes, pattern and regulation kinds used and required by the Fire Department. All such equipment to be kept in good condition and ready for immediate use at all times.

A separate and distinct system of automatic sprinklers, with fusible plugs, approved by the Board of Public Works and Bureau of Fire Prevention and Public Safety, supplied with water from a tank located on the roof over the stage, and not connected in any manner with standpipes, shall be placed on each side of the proscenium opening and on the ceiling or roof over the stage at such intervals as will protect every square foot of stage surface when said sprinklers are in operation. Automatic sprinklers shall be also placed wherever practicable, in the dressing rooms, under the stage, and in the carpenter shop, paint rooms, store rooms and property rooms. The entire installation of automatic sprinklers shall be in accordance with the rules of the Board of Fire Underwriters.

A proper and sufficient quantity of one and one-half-inch cotton, rubber-lined hose, not less than 100 feet, fitted with the regulation couplings of the Fire Department, and with regulation Fire Department shut-off nozzles attached thereto, and with hose spanners at each outlet, shall always be kept attached to each hose attachment, as the Chief Engineer of the Fire Department may direct.

Such fire hose shall conform to the San Francisco Fire Department standard specifications for cotton, rubber-lined fire hose, and before installation, and as often thereafter, as the Chief Engineer of the San Francisco Fire Department may require, such hose shall be subjected to the regulation tests, and an affidavit shall be furnished to the Chief Engineer of the Fire Department setting forth the chemical analysis of the rubber contained therein, which must be in compliance with the requirements of said specifications.

There shall also be kept in readiness for immediate use on the stage at least two casks of water, and two buckets to each cask. The cask and buckets shall be painted red.

There shall also be provided hand pumps or other portable fire extinguishing apparatus, and at least four axes, and also two 25-foot hooks, two 15-foot hooks and two 10-foot hooks on each tier or floor of the stage.

### Right of Entry by Fire Department.

(Code No. 11.05)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 1126, Ordinance No. 11.057, as follows:

Authorizing the officers and members of the uniformed forces of the Fire Department to enter buildings, structures or premises by direction of the Chief Engineer.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The officers and members of the uniformed forces of the Fire Department shall have the right to enter, at any time when under the orders of the Chief Engineer of said department, any buildings, structure or premises, except private dwellings, wherever located, within the City and County of San Francisco, for the purpose of making inspections, and in the interest of public safety.

Section 2. Any person, firm, company or corporation that resists or opposes the execution of any of the provisions of this ordinance, shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding five hundred ($500) dollars, or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

## Sign Ordinance.

(Code 11.08)

On recommendation of Building Committee.

Bill No. 1130, Ordinance No. 11.0818, as follows:

Regulating the installation, alteration, and maintenance of signs, devices, barber poles, and sidewalk clocks, fixing a penalty for violation of the provisions thereof, and repealing Ordinance No. 1009 (New Series), Ordinance No. 8962 (New Series), Ordinance No. 9083 (New Series), and all ordinances or parts of ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Title.* This ordinance shall be known as the "Sign Ordinance" of the City and County of San Francisco.

Section 2. *Unlawful to Place or Maintain Any Sign Except in Compliance Herewith.* It shall be unlawful for any person, firm or corporation hereafter to place or maintain upon or in front of, or attach to any building or premises, any sign, advertisement, transparency, bulletin board, barber pole, or sidewalk clock, projecting beyond the property line over any sidewalk or public thoroughfare, except such as are embraced within the classifications of Section 14 hereof and subject to the conditions stated herein; or to place or maintain upon or attach to any building or premises any sign, advertisement, transparency, bulletin board, barber pole or sidewalk clock wholly within the property lines except as shall be approved by the Bureau of Building Inspection; provided, that this ordinance shall not be deemed to apply to "billboards", as defined and regulated by Ordinance No. 4059 (New Series) nor to render unlawful the maintenance of any sign, advertisement, transparency, bulletin board, barber pole or sidewalk clock, erected and maintained under a lawful permit prior to the passage of this ordinance.

Section 3. *Permit from Central Permit Bureau Required.* No sign, transparency, advertisement, bulletin board, barber pole, or sidewalk clock shall hereafter be placed, maintained upon or in front of, or attached to any building, structure or premises, without a permit therefor from the Central Permit Bureau of the Department of Public Works.

(a) *Application for Permit.* Application for such permit shall be made to the said Central Permit Bureau, by the owner, lessee, or agent thereof, of the property on which the proposed sign is to be located, on the form and in the manner required by the Department of Public Works. Such application shall specify whether such sign is to be used as an electric sign or a non-electric sign.

(b) *Drawings of Proposed Sign Required.* Said application shall be accompanied by duplicate scale or dimensioned drawings of the proposed sign, which shall show fully the location, dimensions, and construction thereof, together with such other information as may be required. When the proposed sign is to be attached to a building or other independent structure, the drawings shall show the position of the sign on the supporting structure, the method of attachment to such structure, and the character of the structural members to which such attachment is made.

Section 4. *Permit Issued if Application Approved by Bureau of Building Inspection.* It shall be the duty of the Bureau of Building Inspection of the Department of Public Works, upon the filing of application for permit and exhibits as provided in Section 3 hereof, to examine such drawings and other data and, if necessary, the premises upon which it is proposed to erect the sign, and if it shall appear that the proposed sign is in accordance with all legal requirements, and the application for permit for its erection has been approved by the Bureau of Building Inspection, the City Planning Commission and the Bureau of Fire Prevention and Public Safety, the Central Permit Bureau of the Department of Public Works shall then issue a permit for the erection of the sign.

Section 5. *Inspection During Erection.* During the erection of the sign, the Bureau of Building Inspection shall make such inspections as are necessary to determine that the same is completed in conformance with all ordinances and approved application and plans for which permit was issued.

Section 6. *Signs Not Conforming to Application as Approved, Etc., May Be Removed.* In the event that any sign, electric sign, transparency, advertisement or sign device, when completed, does not conform in every respect to the terms of this ordinance and the approved application and plans therefor, the Bureau of Building Inspection shall notify the permittee, who shall thereupon cause such alterations and changes to be made as may be necessary to make the same conform thereto.

In case of failure to comply with such notification the Department of Public Works is authorized to cause the removal forthwith of such sign, electric sign, transparency, advertisement or sign device, at the expense of the permittee and without prejudice to the penalties herein imposed for violations of this ordinance.

If the application specifies that a sign is to be used as an electric sign such sign must be completed in accordance with the permit issued therefor by the Department of Electricity, and its use and maintenance otherwise than as an electric sign shall be unlawful.

In the event that any permittee shall maintain such sign as a non-electric sign the Bureau of Building Inspection shall notify the permittee to forthwith complete said sign in accordance with the application made and permits issued therefor.

In case of failure to comply with such notification for a period of thirty days from and after receipt thereof the Department of Public Works is authorized to cause the removal of such sign at the expense of the permittee and without prejudice to the penalties herein imposed for violation of this ordinance.

Section 7. *Date of Erection and Permit Number to Be Placed on Signs.* Every sign hereafter erected shall bear the date of erection, and the number of the permit issued for the sign by the Central Permit Bureau of the Department of Public Works shall be clearly painted on the face thereof in characters of not less than one inch in height and of such size and location as to be legible from the sidewalk level; provided, however, that electric signs may have attached thereto an approved metal tag in lieu of the painted characters.

Section 8. *Privileges Acquired Revocable at Any Time.* All rights and privileges acquired under the provisions of this ordinance or any

amendment thereto, permitting the erection or maintenance of signs, barber poles, or sidewalk clocks on or over sidewalks or public thoroughfares, are mere licenses revocable at any time by the Department of Public Works, and all such permits shall contain this proviso.

Section 9. *Removal of Signs Authorized Unless Placed and Secured as Directed by Bureau.* Any person, firm or corporation maintaining any sign, electric sign, transparency, advertisement or sign device upon or in front of the premises of which such person, firm or corporation has control, shall, upon notice from the Bureau of Building Inspection of the Department of Public Works, cause the same to be placed and secured in such manner as the said Bureau may direct. In case of failure to comply with such notification, the Department of Public Works is authorized to cause the removal forthwith of such sign, electric sign, transparency, advertisement or sign device, at the expense of the permittee and without prejudice to the penalties herein imposed for violations of this ordinance.

Section 10. *Electric Signs—Permit Required from Department of Electricity After Permit Granted by Central Permit Bureau.* Before any sign, transparency, advertisement or sign device is erected which is intended to be used in connection with electricity, a permit shall be secured from the Central Permit Bureau of the Department of Public Works as provided in Sections 3 and 4 hereof; and this permit, together with all necessary data regarding the proposed electrical construction, shall be submitted to the Department of Electricity. It shall be the duty of the Department of Electricity to examine such electrical data, and if the proposed sign is found to be in accordance with all ordinances regarding electrical construction, the said department shall issue a permit for the erection of such sign. No sign intended to be used in connection with electricity shall be erected until permits therefor have been secured from both the Central Permit Bureau of the Department of Public Works and the Department of Electricity.

Section 11. *Definitions.*

(a) The word "sign" as used herein when appearing alone, shall be understood to include all types of signs, sign devices, advertisements, transparencies, bulletin boards on or attached to any building, pole, structure, or premises, and shall also include barber poles and sidewalk clocks; provided, however, that the said word shall not include "billboards" as defined in Ordinance No. 4059 (New Series).

(b) The area of a sign is hereby defined as the product of the horizontal distanee between vertical lines passing through the extremities of the sign and the vertical distance between a horizontal line passing through the highest point of the sign and a horizontal line passing through the lowest point of the sign.

(c) The dimensions of a sign are hereby defined to be the extreme horizontal and extreme vertical dimension, including all fins, scrolls and trim.

(d) "*Electric Sign*" shall mean a sign whereon letters, figures or designs are formed or outlined by incandescent electric light globes, gas-filled luminous tubes, or by a transparent medium illuminated by means of electric lights or gas-filled luminous tubes contained within the sign. Electric lights or gas-filled luminous tubes, which are not an essential element of the sign proper are not classified as electric signs within the meaning of this ordinance; provided, however, that a sign or design installed or painted on the exterior of a building and illuminated or outlined by means of electric lights or gas-filled tubes that are installed for the specific purpose of illuminating said sign or design shall be considered within the requirements of this ordinance.

(e) "*Face of Building*" shall be construed to mean the general outer surface of the walls of the building facing the street, except where bay windows or pillars project beyond such walls, the outer surface of which windows or pillars shall be considered the face of the building at these points.

(f) Where the distance from the sign to sidewalk is specified, what is meant is the clear distance from the bottom of the sign or the frame thereof, to the highest point of the sidewalk immediately beneath such sign.

Section 12. *Required Wind Load Resistance.* All fixed signs except those lying flat against the surface of the building to which they are attached, shall be designed to withstand wind loadings as follows, the detail design to be in accordance with the provisions of the Building Law:

(a) *For solid signs*, twenty (20) pounds per square foot on one face of sign.

(b) *For skeleton signs*, thirty-six (36) pounds per square foot of the total face area of the letters or other sign surface, or ten (10) pounds per square foot on the gross area within the frame of the sign proper, whichever is the greater.

Section 13. *General Specifications.*

(a) *Metal shapes or flats used for supporting or bracing signs* shall not be less than one-eighth (⅛) inch thick, and shall be galvanized or porcelain enameled. Where wire is used to support or brace signs, it shall be galvanized or equal.

(b) *All cloth signs* shall have a rigid wood or metal frame and shall extend not more than six (6) inches from the face of the building and shall not be permitted to hang for a period exceeding sixty (60 days.

(c) *Signs projecting more than six (6) inches* from the face of the building shall be of metal or incombustible material. Provided, however, that within the fire limits all signs shall be constructed throughout of incombustible material.

(d) *All electric signs* shall be constructed throughout of incombustible materials.

(e) *No sign other than an electric sign* shall project more than twelve (12) inches from the face of the building, nor shall any electric sign project beyond the curb line of the sidewalk below such sign.

(f) *No double or triple face electric sign* shall be more than four (4) feet thick between sign faces.

(g) *No sign which projects more than eight (8) inches over a public sidewalk or thoroughfare* shall be less than eight (8) feet above the sidewalk; provided, however, that this provision shall not apply to non-electric pole signs when the base thereof is placed at sidewalk elevation.

(h) *No sign other than a swinging electric or marquee* shall extend across or in front of any window or other exterior opening in any building above the first story thereof, nor across the end windows or the end three (3) feet of glass front at each side of a mezzanine floor.

(i) *No sign shall be attached to any fire escape or standpipe*, and none except marquee signs shall be placed in front thereof, nor shall any sign be so placed as to obstruct the means of ingress or egress of a building.

(j) *No sign which is placed parallel with or flat against the wall of a building* shall extend above the fire wall of such building.

Section 14. *Classification of Signs and Provisions Regarding Each Class.* The classification of signs referred to in Section 2, and the special conditions pertaining to each classification, shall be as follows:

(a) *Flat or curved signs*, plain or electric, the face of the sign being parallel for its whole length to the face of the building, and the sign fastened directly thereto. Such signs shall project not more than ten (10) inches from the face of the building unless the sign is ten (10) feet or more above the sidewalk, in which case they may project not to exceed eighteen (18) inches.

(b) *Drum signs* attached to the pillars or entrances of buildings, and projecting not more than eight (8) inches from the face of the building unless the sign is eight (8) feet or more above the sidewalk, in which case they may project not to exceed twelve (12) inches. Provided,

an electric drum sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

(c) *"V" signs*, attached at their ends to the face of the building, and with the apex projecting therefrom not more than eight (8) inches unless the sign is eight (8) feet or more above the sidewalk, in which case this projection may be made not to exceed twelve (12) inches. Provided, an electric "V" sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

(d) *Barber poles* and similar type signs, free from any separate signs attached thereto, and projecting not more than fourteen (14) inches from the face of the building.

(e) *Horizontal double face or triple face signs* illuminated and conforming to the following specifications:

(1) *Swinging electric signs* having a maximum height not to exceed seven (7) feet nor projecting beyond the outer edge of the sidewalk nor having their lowest point less than ten (10) feet above the sidewalk. Provided, also, that such signs shall be erected in such manner as to permit their being swung back parallel with the face of the building and when so swung back the sign shall not project more than twenty (20) inches from the face of said building, or supporting element at property line. Further provided, that said signs shall be swung back parallel with the face of the building between the hours of 8 a. m. and 5 p. m.; and further provided, that this section shall not prohibit the erection of swinging electric signs, which are supported from framework constructed on the roofs of buildings not over fifteen (15) feet high, and complying in all other respects with the other requirements of this ordinance.

(2) *Horizontal electric signs* having a maximum height not to exceed five (5) feet, nor projecting from the face of the building more than seven (7) feet, nor beyond the outer edge of the sidewalk, nor having their lowest point less than ten (10) feet above the sidewalk. Provided, also, that they shall be mounted in such a manner as to permit their being swung back parallel with the face of the building (in case of emergencies such as fire) and when so swung back the sign shall not project more than twenty (20) inches from the face of said building or supporting element at property line, but shall be fastened permanently with easily removable galvanized metal guys in their extended position for normal usage, the lateral guys to be kept not more than ten (10) feet above the sidewalk at their point of attachment to the building.

(f) *Double face vertical electric signs*, illuminated on both sides, the face of the sign set at right angles to the face of the building except that at a corner of the building which is also a street corner, the sign may be so set that the plane of the sign bisects the angle formed by the intersecting wall faces. The limiting dimensions pertaining to such signs shall be as follows:

| Height Above Sidewalk Feet | Maximum Projection from Face of Building Feet | Minimum Length of Sign Feet |
|---|---|---|
| 10 | 4 | 8 |
| 12 | 5 | 10 |
| 15 | 6 | 20 |
| 18 | 7 | 30 |
| 20 | 8 | 40 |
| 23 | 9 | 50 |
| 25 | 10 | 60 |

(g) *Single face vertical electric signs* having a maximum width of six (6) feet placed either flat against the building or at an angle of forty-five (45) degrees with the walls at a corner thereof which is also a street corner. Such signs shall be not less than twelve (12)

feet above the sidewalk, nor shall any portion project above the fire wall of the building.

(h) *Gas or electric lamp or lamp globes on which signs may be placed*, such lamps or globes to be suspended in front of the building or premises, not less than eight (8) feet above the sidewalk, nor projecting more than two and one-half (2½) feet from the face of the building. No inscription or sign other than the name of the person, firm or corporation at whose expense and in front of whose premises the lamp is erected shall be placed thereon, nor shall the size of such lamp or globe exceed that of those used in lighting the public streets.

(i) *Flat or Curved Mesh Signs and Raised Letters.* Such signs may be extended from the front of one bay window above the first story to an adjacent bay window, provided that the sign shall not project more than six (6) inches from the front of the bay window.

(j) *Bulletin boards*, which shall not project more than eight (8) inches from the face of the building.

(k) *Signs Supported Upon Metal Awnings or Marquees.* Such signs shall not be less than ten (10) feet above the sidewalk, and unless electric signs, shall be not more than two (2) feet in vertical dimension; if electric signs their vertical dimension shall be not more than sixty-five (65) per cent of the projection of the marquee from the face of the building. When projecting above the roof of the marquee, the face of signs parallel with the building, or the apex of "V" signs, shall be distant from the face of the building not less than one and one-half (1½) times the height of the sign above the marquee. There shall be a clear space of not less than two (2) feet from the face of the building to any portion of any sign extending more than two (2) feet above the roof of the marquee, unless there is provided a walkway as herein specified. Such walkway shall extend along the face of the building for the full distance between signs, shall be at an elevation of not more than two (2) feet below the top of the sign at the face of the building, and shall be not less than two (2) feet wide. Such walkway shall be designed for its dead load plus a live load of sixty (60) pounds per square foot of area, and shall be of fireproof construction throughout. Where the walkway is located more than two (2) feet above the roof of the marquee, a hand-rail shall be provided along the outer edge of the walkway, and metal stairs or ladder, not less than eighteen (18) inches wide, shall be provided to give access from the walkway to the roof below. Signs extending above the roof of a marquee and placed other than along and flush with the edges thereof, shall be set back not less than two (2) feet from the side edges of the roof. No temporary sign of any kind shall be attached or supported on any marquee except as provided in Class L. All marquees shall be designed and constructed to sustain, in accordance with the provisions of the building law, their full dead load plus a live load of twenty (20) pounds per square foot of horizontal area, plus the weight of signs, and no sign shall be supported on any marquee which does not satisfy this requirement.

(l) *Temporary Signs, Advertisement, or Flags.* These may be suspended over the sidewalk in front of buildings or premises upon holidays, election days, and days of public parades or display, provided that such signs, advertisements, or flags shall be placed and secured as may be directed by the Bureau of Building Inspection of the Department of Public Works, and be removed immediately following the day or days for which the permit is granted.

(m) *Sidewalk clocks*, which shall be ornamental in character and construction, the design thereof to be subject to the approval of the Bureau of Building Inspection of the Department of Public Works. Such clocks shall be placed just inside of and abutting on the curb line, shall be not less than ten (10) feet above the sidewalk, and the clock face shall be not less than two (2) nor more than three (3) feet in diameter. No advertisement, notice, lettering, inscription, or name

shall be painted, placed or attached to the clock or to the pole or standard upon which it is mounted. After the erection thereof, all such clocks shall be maintained in good condition and shall correctly indicate the time; failure to comply with this condition shall be cause for revocation of permit by the Department of Public Works.

(n) *Roof Signs.* The extreme height of such signs above the lowest portion of the roof directly beneath the sign shall not exceed seventy-five (75) feet when the sign is supported on a Class A or Class B building, nor thirty (30) feet when supported on a Class C building. The face of the sign shall be set back not less than three (3) feet in the clear from the inside face of the parapet wall parallel or adjacent thereto, and the ends of the sign shall be not less than one (1) foot inside face of the parapet wall adjacent to such end. The bottom of such signs shall be not less than five (5) feet above the roof directly beneath, and the space between vertical support shall be not less than six (6) feet in the clear; not less than fifty (50) per cent of the spaces so defined shall be and remain clear of any obstructions whatever.

No advertising sign or electric sign shall hereafter be placed on any roof in such a position that any portion of the advertising surface, its supporting structure, posts or braces, will be closer than six (6) feet from the outlet connection of any standpipe or fire plug, nor interfere in any way with the free use of any fire escape or obstruct any ventilator door or stairway.

Any sign of any character, together with its foundation, framework and supports now or hereafter constructed or maintained on or above any roof shall be kept in safe repair at all times by the person, firm or corporation owning, operating or having the care or custody of the same.

All roof signs shall be constructed throughout of fireproof material except as hereafter provided, and shall be supported on and attached to the building by a suitable frame of galvanized metal, which shall be positively anchored to the main structural members of the building; sills, stringers, ornamental trim and foot walks supporting such frames on Class C and frame buildings may be of timber. All foot walks supported by the frame shall be provided with a secure metal railing.

The provisions of this section shall not prohibit the erection of signs on roofs of one-story buildings constructed of incombustible materials, advertising products sold on the premises when such sign is also constructed of incombustible materials and has an area and dimensions not greater than the following:

Such sign shall not be greater than sixty (60) square feet in area; and not longer than the roof of the building at the point of support, with a maximum length of twenty (20) feet; and the top of the sign shall not at any point be more than four (4) feet above the roof surface which is directly underneath such point.

Section 15. *Conflicting Ordinances Repealed.* Ordinances Nos. 1009 (New Series), 8962 (New Series), and 9083 (New Series), are hereby repealed, as are also any other ordinances or parts of ordinances in conflict with the provisions herein.

Section 16. *Invalidity of Any Part of Ordinance Not to Affect Remaining Portions.* If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 18. *Penalty.* Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a

misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars ($500) or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

The following recommendation of Streets Committee was taken up:

**Authorizing Chief Administrative Officer to Execute Project Statements and Memoranda of Agreements in Connection With Special Gas Tax Street Improvement Fund.**

(Code No. 5.31)

Resolution No. 2828, as follows:

Whereas, the Board of Supervisors has designated certain streets of major importance which are to be improved with funds from the Special Gas Tax Street Improvement Fund; and

Whereas, before actual improvement of those streets is commenced, a project statement must be executed and a memorandum of agreement entered into between the City and County of San Francisco and the State of California, covering the particular street or streets proposed to be improved; and

Whereas, the figures set up in the annual and other Appropriation Ordinances for the accomplishment of these projects are based on estimates only and in many cases must be revised after the receipt of bids; and

Whereas, this Board of Supervisors has officially designated the Chief Administrative Officer as the official who, for the City and County of San Francisco, shall execute these project statements and memoranda of agreements; and

Whereas, much delay and confusion has resulted through the practice heretofore followed, whereby the Chief Administrative Officer receives authorization, only after resolution of this Board, to execute each project statement or amended project statement and memorandum of agreement or amended memorandum of agreement, as the necessity for each such execution or revision arises; now, therefore, be it

Resolved, That in connection with the Special Gas Tax Street Improvement Fund, the Chief Administrative Officer be and is hereby authorized to execute, on behalf of the City and County of San Francisco, all project statements, amended project statements, memoranda of agreements and amended memoranda of agreements for streets which have been or shall be designated by this Board of Supervisors as Streets of Major Importance, the cost of improving which is to be paid out of the Special Gas Tax Street Improvement Fund; and, be it

Further Resolved, That nothing herein contained shall be construed as authorizing the Chief Administrative Officer to deviate in any manner whatsoever, other than as herein provided, from the full and complete prosecution of the projects designated for improvement with funds, in whole or in part, from the Special Gas Tax Street Improvement Fund as set up in each Annual or Supplemental Appropriation Ordinance.

The following recommendation of Streets Committee was taken up:

Ordering the Improvement of Barneveld Avenue and Rickard Streets (Wherenot).

(Code No. 12.0611)

Bill No. 1136, Ordinance No. 12.061166, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the Assessment District, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors, August 26, 1936, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of the southerly intersection of Barneveld avenue and Rickard street and the improvement of Rickard street between Barneveld avenue and San Bruno avenue, where not already improved. The improvement is to include the construction of the following items:

1. Grading (excavation).
2. Brick catchbasin, complete.
3. 10-inch V. C. P. culvert, in place.
4. Armored concrete curb.
5. Two-course concrete sidewalk.
6. Asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface on a 6-inch class "F" concrete base.

The Assessment District hereby approved is described as follows:

Within the exterior boundary of all those certain lots delineated, designated, and numbered respectively as Lots 1, 1-A, 2, 10, 11, 12 and 13 of Block 5855, and Lots 1, 9, 10, 11, 12 and 13 of Block 5856, all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

**Adopted.**

The following recommendations of Streets Committee were taken up:

**Requesting State Department of Public Works to Arrange for Federal Aid for Nineteenth Avenue and Funston Avenue.**

(Code No. 12.111)

Resolution No. 2829, as follows:

Whereas, under the provisions of the Federal Aid Highway Authorization Act (Public Law No. 686), enacted by the Seventy-fourth Congress, the State of California has been allotted in excess of $15,000,000 to be expended on highways in the Federal Aid System, together with Grade Crossing Projects and Farm to Market Roads; and

Whereas, Nineteenth avenue from Sloat boulevard to Lincoln way and Funston avenue from Fulton street to Geary street have been heretofore included in the Federal Aid Highway System and designated as Federal Aid Route 21, thus making these particular projects eligible for Federal Aid Funds under the provisions of the Hayden-Cartwright Act and for which the State Department of Public Works (Division of Highways) is the duly authorized representative of the United States Department of Agriculture (U. S. Bureau of Public Roads) in the proper expenditure of these Federal Aid Funds; and

Whereas, the City and County of San Francisco has heretofore been unable to qualify for appropriations under the previous provisions of the Hayden-Cartwright Act, which was later amended to include various city streets; and

Whereas, the City and County of San Francisco has previously executed a contract agreement with the State of California (Division of Highways) which designated that the aforesaid Nineteenth avenue and Funston avenue be reconstructed and widened entirely out of ¼-cent Gas Tax Funds for State Highways Within Cities, without any Federal Aid contributions whatsoever; and

Whereas, the Golden Gate Bridge and Highway District must have proper approach and feeder roads to make possible the greatest possible revenue to protect the 87 per cent responsibility of the taxpayers of the City and County of San Francisco and for which purpose Funston avenue within the Presidio is contemplated as one of the main traffic arteries to be financed by the State of California; now, therefore, be it

Resolved, That the State Department of Public Works (Division of Highways) be requested to arrange the necessary procedure to obtain Federal Aid Funds from the U. S. Government to be expended on the aforementioned Nineteenth avenue and Funston avenues to insure full completion and in turn apply other Gas Tax Funds under the jurisdiction of the State Department of Public Works to the performance and completion of the Presidio portion of Funston avenue approach to the Golden Gate Bridge.

**EMPLOYEES' RETIREMENT.**

(Code No. 4.07)

Bill No. 1125, Ordinance No. 4.073, as follows:

An ordinance carrying into effect sections 158 to 172, both inclusive, of the Charter, which provide, through a Retirement System for officers and employees of the City and County of San Francisco, for the payment of Retirement allowances to aged and disabled employees and for the payment of Death Benefits and Compensation Insurance Benefits; defining terms, providing for the procedure for the collection of benefits and the duties of the Retirement Board, creating the Retirement Fund, providing for membership in the Retirement System, providing for contributions by the members and by the City and County, providing for service and disability retirement and fixing allowances and conditions of payment providing for Death Benefits and the Administration of Benefits under the Workmen's Compensation Act, providing for the effect of Workmen's Compensation Benefits on other benefits, providing for the validity of this ordinance and repealing Ordinance No. 5561 (New Series), Ordinance No. 9134 (New Series) and Ordinance No. 4.072 (Bill No. 529), and all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco, as follows

CHAPTER I.

**RETIREMENT SYSTEM.**

ARTICLE 1.

**GENERAL PROVISIONS.**

Sec. 1. Definitions.
Sec. 2. Citation.
Sec. 5. Benefits exempt from execution.

Sec. 7. Time to apply for benefits.
Sec. 8. Application for rehearing.
Sec. 9. Determination of application for rehearing.

ec. 11. Duties of Retirement Board.
ec. 13. Estimates of age and service.
ec. 15. Creation and control of Retirement Fund.
ec. 17. Transfer of records and funds.
ec. 18. Controller's Annual Audit.

SEC. 1. **Definitions.** The following words and phrases as used herein, nless a different meaning is plainly required by context, shall have the fol- wing meanings:

(a) "Actuarial equivalent" shall mean a benefit of equal value when mputed upon the basis of such mortality tables as shall be adopted by the etirement Board, and regular interest.

(b) "Annuity" shall mean equal monthly payments for life derived from con- ibutions made by a member.

(c) "Beneficiary" shall mean any person in receipt of a retirement allow- ice, a death benefit or any other benefit from the Retirement System.

(d) "Board" shall mean "Retirement Board" as created in Section 159 of e Charter.

(e) "City" shall mean "City and County of San Francisco", or the "School istrict of the City and County of San Francisco."

(f) "City-service" shall mean service rendered as an employee of the City r compensation, and for the purposes of the Retirement System a member shall be nsidered as being in the "city-service" only while he is receiving compensa- on from the City of such service; provided, however, that any person heretofore ppointed to the position of Fire Marshal, who at the time of his appointment, as a member of the uniform rank of the Fire Department and was at same time, titled to the benefits of the Firemen's Relief Fund as provided for in Chapter VII Article IX of the Charter, which has been superseded by the present Charter, id who did not avail himself of the privileges permitted by Subsection (f) of ction 169 of the present Charter, shall as long as he occupies the position of Fire arshal be deemed to be in City Service, and shall continue to be a member of e Retirement System as provided in Section 169 of the present Charter and to njoy the same rights, privileges and benefits from said system, as he would have njoyed had he not been appointed to the position of Fire Marshal and had con- nued to serve in the position in said Department which he was legally occupy- g at the time of his appointment to said position of Fire Marshal, and his depen- nts shall be entitled to all the rights, benefits and privileges provided for in id Section 169 of the present Charter. The amount of the benefit which said rson or his dependents shall be entitled to, shall be in accordance with the mpensation attached to the position which he occupied in the Fire Department the time of the appointment to the position of Fire Marshal.

(1) "Compensation," as distinguished from benefits under the Workmen's mpensation, Insurance and Safety Law of the State of California, shall mean e remuneration payable in cash by the City, plus the monetary value, as deter- ined by the Board of Supervisors, or if that Board shall not have so deter- ined, then by the Retirement Board, of board, lodging, fuel, laundry and other lvantages allowed as remuneration by the City; and the "compensation" dur- g any fiscal year received by a person as a teacher shall be taken as such an nount as shall bear the same proportion to the total remuneration paid to ch teacher by the San Francisco School Department during such fiscal year the amount contributed during the previous fiscal year by the City to the mmon School Fund bears to the total amount contributed to the Common hool Fund during the previous fiscal year by the City and by the State of alifornia. In no case, even including two classes of service, shall the "com-

pensation" as defined in this subdivision be taken to exceed five hundred (500) dollars per month.

(2) "Compensation earnable" by a member shall mean the compensation as determined by the Retirement Board, which would have been earned by the member had he worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him during such period, and at the rate of pay attached to such positions, it being assumed that during any absence he was in the position held by him at the beginning of the absence, and that prior to entering city-service he was in the position first held by him in city-service. In the calculation of benefits, however, payable because of death or retirement of a member of the Fire or Police Department as a result of injuries incurred in performance of duty, "compensation earnable" shall be based on the assumption that prior to becoming a member of said department, the person so retired or dead was in the position first held by him in the department. "Compensation earnable" shall not be taken to exceed five hundred (500) dollars per month.

(3) "Final compensation" shall mean the average monthly compensation earnable by a member during the ten years immediately preceding his retirement.

(h) "Continuous service" shall mean uninterrupted city-service, except that discontinuance of city-service from any cause whatever followed by re-entrance into city-service within three years from the date of such discontinuance shall not be considered as a break in the continuity of service, and except that an absence from city-service by reason of service in the military or naval forces of the United States in any war in which the United States has engaged or may become engaged shall not be considered as a break in city-service and the period of such absence shall count as city-service; but time during which a person otherwise than because of such service has been or shall be absent, for any reason, from city-service shall not be included in calculating any benefit under the Retirement System or in determining whether a member qualifies for retirement.

(i) The various types of contributions are as follows:

(1) "Accumulated additional contributions" shall mean the sum of all the additional contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(2) "Accumulated contributions" shall mean accumulated normal contributions plus accumulated additional contributions plus such contributions with interest, as may have been made at the rate of two dollars per month.

(3) "Accumulated normal contributions" shall mean the sum of all the normal contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(4) "Additional contributions" shall mean contributions at the rates provided for in Section 36.

(5) "Normal contributions" shall mean contributions at the rates provided for in Section 32.

(j) "Death allowance" shall mean payments for life, or until remarriage or until the youngest child shall attain the age of sixteen years, as provided in Section 61.

(k) "Employee" shall mean any person who occupies a position created by or which is under the jurisdiction of the City, whose compensation is paid by the City, and who is under the control of the City as to employment, direction and discharge.

(l) "Member" shall mean any person included in the membership of the Retirement System as provided in Section 21.

(m) "Member of Police Department" or "member of Fire Department" shall mean any officer or employee of the San Francisco Police or Fire Department, respectively, whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date and was or shall be subject to a Charter maximum age at the time of employment of thirty-five years.

(n) "Pension" shall mean equal monthly payments for life derived from contributions made by the City as provided herein.

(o) "Prior service" as applied to (1) persons employed as teachers at the time of their entry into the Retirement System, and persons, as former teachers, to whom or on account of whose death, payments are made by the Retirement System under Section 29, shall mean city-service excluding city-service as a member of the San Francisco City Employees' Retirement System, rendered before October 1, 1925.

(2) Persons who were members of the Police or Fire Department on January 8, 1932, persons employed by the Board of Trustees of the Police Relief and Pension Fund on such date, and former members of such departments, to whom or on account of whose death, payments by the Retirement System are made under Sections 167 and 170 of the Charter, shall mean city-service rendered as members of the San Francisco Police or Fire Department, or as employees of said Board, respectively, before January 8, 1932.

(3) Persons referred to in the last two sentences of the first paragraph of Section 158 of the Charter, shall mean city-service, excluding city-service rendered as lawful members of the San Francisco City Employees' Retirement System, rendered before January 9, 1932.

(4) All other members of the Retirement System and all other persons, as former members of the San Francisco City Employees' Retirement System, to whom or on account of whose death, payments by the Retirement System are made under Section 29 hereof, shall mean city-service rendered before April 1, 1922, except as provided in subsection (g), Section 22.

(p) "Regular interest" shall mean interest at four per centum per annum, compounded at each June 30th, subject to the provisions of Subsection (b), Section 11 hereof, plus such additional interest as the Retirement Board may declare from year to year as provided herein.

(q) "Retirement allowance" shall mean the pension plus the annuity.

(r) "Retirement Fund" shall mean "San Francisco City and County Employees' Retirement Fund," as created and established in Section 15.

(s) "Retirement System" or "System" shall mean "San Francisco City and County Employees' Retirement System" as created in Section 158 of the Charter.

(t) "School Department" shall mean school district of the City and County of San Francisco.

(u) "Teacher" shall mean any person employed by the school district of the City and County of San Francisco, who is entitled also to retirement benefits provided by the State of California under the California Public School Teachers' Retirement Salary Fund or its successor.

(v) "The Charter" shall mean the charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931.

(w) Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

SEC. 2. **Citation.** This ordinance shall be known and may be cited as the "Retirement Code."

SEC. 5. **Benefits Exempt From Execution.** The right of a person to a pension, an annuity or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit, any other right or benefit accrued or accruing to any person under the provisions hereof and the monies in the fund created herein shall not be subject to execution garnishment, attachment, or any other process whatsoever, and shall be unassignable except as herein specifically provided.

SEC. 7. **Time to Apply for Benefits.** Proceedings before the Retirement Board for the collection of benefits provided under the Retirement System upon the death of a member or beneficiary, must be commenced within one year from the date of death, or from the date of appointment of a guardian or trustee of the person to whom the said benefits would be payable, if such person is incompetent or under twenty-one years of age.

SEC. 8. **Application for Rehearing.** Any applicant, or in the event of the death of the applicant, any child of the deceased member or beneficiary under sixteen years of age, may file an application for rehearing of any application whether for a benefit hereunder or retirement, within thirty (30) days after written notice of the determination by the Retirement Board has been sent by registered mail to the applicant or his attorney of record, upon any of the following grounds:

(a) That the Retirement Board acted without and in excess of its powers;

(b) That the order, decision or award was procured by fraud;

(c) That the evidence does not justify the determination of said Retirement Board;

(d) That the applicant has discovered new evidence material to him which he could not, with reasonable diligence, have discovered or procured at the hearing.

SEC. 9. **Determination of Application for Rehearing.** The determination of the Retirement Board on any application for rehearing shall be made within sixty days after the filing thereof, or said application shall be deemed denied and such determination shall be final and conclusive and it shall have no jurisdiction to entertain any subsequent application regarding the same matter.

SEC. 11. **Duties of Retirement Board.** The management and control of the Retirement System shall be vested in the Retirement Board as provided in Section 159 of the Charter. The Board shall exercise the powers and perform the duties conferred on it by said Charter and by other sections hereof, and in addition thereto:

(a) Shall credit contributions of members, of beneficiaries and of the City with interest at the rate of four per centum per annum, compounded on June 30th of each year, subject to the provisions of subsection (b) of this section. The Board, however, at the end of each fiscal year, may credit to all contributions held in the Retirement Fund at the end of such fiscal year such additional interest as it may deem proper in the light of the earnings of the Retirement Fund during such fiscal year, provided that the total interest credited to contributions during any fiscal year shall not exceed the earnings on the Retirement Fund during that year; and provided, further, that interest at the rate of four per centum per annum, compounded annually, shall be used in the calculation of benefits under any mortality table adopted by the Board subject to the provisions of subsection (b) of this section, regardless of any additional interest allowed on contributions under this paragraph.

(b) Shall keep in convenient form such data as shall be necessary for the actuarial valuation of the Retirement System. As of June 30, 1933, and thereafter at intervals of not to exceed six years, the Board shall make an actuarial

ıvestigation into the mortality, service and compensation experience of the ıembers and beneficiaries, and further shall make an actuarial valuation of ıe assets and liabilities of the Retirement System. From time to time, the oard shall determine the rate of interest being earned on the Retirement Fund. pon the basis of all or any of such investigation, valuation and determination, ıe Board shall:

(1) Adopt for the Retirement System such interest rate and such mortality; ervice and other tables, or any of such items, as shall be deemed necessary.

(2) Make such revision in the rates of contribution under the Retirement ystem as shall be deemed necessary to comply with Section 32.

(c) In addition to other records and accounts, shall keep such records and ccounts as shall be necessary to show at any time:

(1) The total accumulated contributions of members;

(2) The total accumulated contributions of retired members less the annuy payments made to such members;

(3) The accumulated contributions of the City held for the benefit of mem-ers on account of service rendered as members of the Retirement System;

(4) All other accumulated contributions of the City, which shall include ıe amounts available to meet the obligation of the City on account of benefits ıat have been granted and on account of prior service of members. A portion f the accumulated contributions of the City previously held for the benefit f members, excluding persons who are members under Sections 166 and 169 f the Charter, on account of service rendered as members of the Retirement ystem, equal to the accumulated normal contributions withdrawn by a mem-er, or paid to a beneficiary upon the death of a member or applied to purchase n annuity upon the retirement of a member, shall thereafter be included in ıe amounts available to meet the obligation of the City on account of benefits ıat have been granted and on account of prior service of members. No trans-er of accumulated contributions of the City shall be made on account of ithdrawal of accumulated contributions by a person who is a member under ection 166 or 169 of the Charter, but upon the death or retirement of such a ıember, accumulated contributions of the City, previously held for the benefit f such member, actuarially equivalent to that portion of the benefit granted to im or to his beneficiary, which is chargeable to service rendered as a member f the Retirement System, shall thereafter be included in the amounts available o meet the obligation of the City on account of benefits that have been granted nd on account of prior service of members.

(d) Shall determine the city-service rendered by members and shall fix nd may modify allowances for service and disability and fix other benefits. )ne year and proportionate parts thereof shall be credited on the basis of not nore than two hundred fifty nor less than two hundred twenty days of city-ervice rendered by per diem employees, on the basis of ten months or more of ity-service rendered by monthly employees and on the basis of the receipt of en-twelfths of the annual salary by teachers, but not more than one year shall e credited for all service in any fiscal year. Time during which a member was r shall be absent from city-service without pay shall not be allowed in com-uting service except as provided in subsection (h) of Section 1.

Credit for prior service shall be granted to each member who has rendered uch service as defined herein and who enters the Retirement System on Janu-ry 8 or 9, 1932, except as provided in Section 27 and Section 56, for re-entrants, nd except, further, that any such member who has failed to re-deposit accumu-ated contributions withdrawn by him from the San Francisco City Employees' Retirement System shall receive credit for such prior service only if, upon eing notified by the Retirement Board, he make such re-deposit, in the same nanner as provided in Section 27, for persons re-entering city-service. However, rior service so credited shall be the basis for a retirement allowance or benefit

as provided herein only if membership continues unbroken until retirement on a retirement allowance or until the granting of such other benfit, provided that a termination of membership by the withdrawal of accumulated contributions followed by the re-deposit of such contributions upon re-entrance into city-service shall not constitute a break in membership.

The method heretofore used under the San Francisco City Employees' Retirement System in calculating the amount of city-service to be credited to members, in fixing disability and service retirement allowances and other benefits, in determining effective dates of membership in the Retirement System and in calculating members' contributions to the Retirement System, based on the assumption that teachers, subsequent to first entering into their duties, are in city-service throughout that part of the interims between school terms during which they have been or shall be paid salary installments, is hereby approved solely for the purposes hereof and regardless of the status of said teachers under the State law. No adjustments affecting teachers under the Retirement System shall be made on the basis of payment of teachers' salaries in other than twelve monthly installments, provided, however, that this paragraph shall not prevent adjustments, prior to termination of membership in the Retirement System, in contributions because of under-payments or over-payments of salary, nor shall it prevent the Retirement Board from modifying the method referred to in the first sentence of this paragraph, in the event that teachers' salaries shall be paid in other than twelve monthly installments, but such modification shall apply only to city-service rendered thereafter.

SEC. 13. **Estimates of Age and Service.** If it shall be impracticable for the Retirement Board to determine from the records the length of service, the compensation or the age of any member, the said Board may estimate, for the purposes hereof, such length of service, compensation or age.

SEC. 15. **Creation and Control of Retirement Fund.** (a) A fund is hereby created and established to be known as the San Francisco City and County Employees' Retirement Fund and to consist of all the monies paid into it as herein provided, whether such monies shall take the form of cash, securities or other assets. The Retirement Board shall have exclusive control, as provided in Section 159 of the Charter, of the administration and investment of the said fund.

(b) The Retirement Board may deposit cash belonging to the Retirement Fund in any licensed national bank or banks in this State or in any bank or banks authorized or licensed to do a banking business, and organized under the laws of this State, subject to the provision of Section 82 of the Charter.

(c) The Treasurer shall be the custodian of the Retirement Fund under the provisions of Section 83 of the Charter, subject to the exclusive control of the Retirement Board as to the administration, deposit and investment of said fund. Payments from said fund shall be made by him only upon warrant drawn by the Controller and no such warrant shall be drawn except in payment of claims or payrolls prepared and signed by the Secretary of the Retirement Board.

(d) Interest on any cash and on any investments constituting a part of the said fund shall be paid into said fund as received.

(e) Except as herein provided, no member or employee of the Retirement Board shall have any interest, direct or indirect, in the making of any investment, or in the gains or profits accruing therefrom. No member of the Retirement System and no member or employee of the said Board, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or in any manner use the same except to make such current and necessary payments as are authorized by said Board; nor shall any member or employee of the Board become an indorser or surety or become in any manner an obligor for monies invested by the Board.

SEC. 17. **Transfer of Records and Funds.** All assets and all records of e San Francisco City Employees' Retirement System, the Police Relief and ension Fund and the Firemen's Relief Fund, transferred on January 8, 1932, to e Retirement System, shall be held for the same purpose as under the Retire- ent System or fund from which they were transferred, beneficiaries nominated such records to continue until changed as provided herein.

(j) Persons who are or shall be employed in places of employment creat by special appropriation to relieve any employment emergency declared by t Board of Supervisors, as set forth in Section 149 of the Charter.

SEC. 24. **Duty of Department Head.** It shall be the duty of the head each office or department to give immediate notice in writing to the Retireme Board of the change in status of any member in his office or department resu ing from transfer, promotion, leave of absence, resignation, reinstatement, d missal, death or other cause. The head of each office or department sh furnish such other information concerning any member as the Board m require.

SEC. 25. **Duty of Member or Beneficiary.** Each member and beneficia shall be subject to all the provisions hereof and to all the rules and regul tions adopted by the Retirement Board, and shall furnish to the Board su information affecting his status as a member or beneficiary of the system the Board may require.

SEC. 26. **Membership Ceases—When.** Should the city-service of any me ber, in any period of ten consecutive years, amount to less than five years, should he die or be retired, or should he be paid more than one-quarter of l accumulated normal contribution, or, if he be a member who does not co tribute as provided in Section 31, should he resign or be discharged, he sh thereupon cease to be a member.

SEC. 27. **Withdrawals.** Should the city-service of a member be discontinued, except by death or retirement, he shall be paid not less than six months after the date of discontinuance, such part of his accumulated contributions as he shall demand; provided that, if in the opinion of the Retirement Board, said member is permanently separated from city-service by reason of such discontinuance, he shall be paid forthwith all of his accumulated contributions, and provided also that the Retirement Board may in its discretion, withhold for not more than one year after a member last rendered city-service, all or part of his accumulated normal contributions if after a previous discontinuance of city-service he withdrew all or a part of his accumulated normal contributions and failed to redeposit such withdrawn amount in the Retirement Fund as provided in this section.

Any member may redeposit in the Retirement Fund, in one sum or in not to exceed six monthly or twelve semi-monthly payments, an amount equal to that which he withdrew therefrom or from its predecessor at the last termination of his membership. If a member upon re-entering the Retirement System after a termination of his membership shall not make such redeposit, he shall re-enter as a new member without credit for any service, and the rate of his contribution for future years shall be the normal rate provided for in Section 32 at his age of re-entrance, except that persons who are members under Section 166 of the Charter shall contribute as provided in Section 31; otherwise his rate of contribution for future years shall be the same as his rate prior to the last termination of his membership, subject to Section 32, and his membership shall be the same as if unbroken by such last termination and, if he never failed to redeposit accumulated contributions withdrawn from a San Francisco Retirement System, or, if he shall redeposit such accumulated contributions upon first re-entering hereafter, then he shall receive credit for prior service in the same manner as persons who became members on January 8, 1932, provided that members under Section 169 of the Charter shall receive credit for such prior service even though, having withdrawn no accumulated contributions, they shall make no redeposit. In the event such redeposit is made by a member, excluding persons who are members under Section 166 of the Charter, an amount equal to the accumulated normal contributions so redeposited shall again be held for the benefit of the said member and shall no longer be included in the amounts available to meet the obligations of the City on account of benefits that have been granted and on account of prior service of members.

SEC. 29. **Benefits to Former Members Continued.** Any person who was receiving a retirement allowance or other benefit on January 8, 1932, under the San Francisco City Employees' Retirement System, the Police Relief and Pension Fund or the Firemen's Relief Fund, shall continue to receive such retirement allowance or other benefit, subject to the provisions hereof, to the provisions of Section 166 of the Charter or to the provisions of Section 169 of the Charter, respectively, governing the payment of retirement allowances or other benefits. Such retirement allowances or other benefits, however, shall be paid by the Retirement System beginning with January, 1932.

Sec. 49. Guaranty.

**SEC. 31. Firemen and Policemen Employed Before January 8, 1932.** (a) Each person who was a member of the Police Department on January 8, 1932, shall contribute two dollars to the Retirement System for each month beginning with January, 1932, during any part of which he is in city-service as such member. Persons who were members of the Fire Department on January 8, 1932, shall not be required to make any contribution to the Retirement System as such members. If, however, prior to July 1, 1932, any member of the Fire or Police Departments exercised affirmatively the option provided in Sections 166 and 169, respectively, of the Charter, of becoming members of the Retirement System under the provisions of Sections 168 and 171, of the Charter, respectively, then he shall contribute, effective January 8, 1932, and on the basis of his attained age to the nearest year upon said date, to the Retirement System in accordance with Section 32, any contributions made by him under the provisions of this subsection being credited on the contributions required of him under said Section 32. Likewise, each member of the Police Department who exercised affirmatively the option provided in Section 166 of the Charter as amended in 1935, shall contribute, on and after the effective date of such affirmative action and on the basis of his attained age to the nearest year upon said date, to the Retirement System in accordance with Section 32.

SEC. 32. **Normal Contributions of Other Members.** The normal rate of contribution of all other members shall be those adopted by the Retirement Board and shall be based on sex and nearest age at time of entry into the Retirement System, or nearest age at time of entry into the San Francisco City Employees' Retirement System, if members of that system, such normal rates to be such as will provide, on the basis of experience as interpreted by the actuary, an average annuity at age fifty-five for persons who are members under Section 171 of the Charter, equal to three-fourths of one per centum of the final compensation of such members, for each year of service as members, and an average annuity at age sixty-two for all other male members, equal to two-thirds of one per centum, and for all female members, equal to five hundred eighty-six thousandths of one per centum, of the final compensation of such members, for each year of service as members. The actual amount of annuity receivable, however, by a member upon retirement for service shall be the actuarial equivalent of his accumulated contributions as provided in Section 52 hereof. The rates so adopted shall remain in full force and effect until revised or changed by the Retirement Board in the manner provided in Section 11.

SEC. 33. **Change of Status.** If a person who is a member under Section 166, Section 168, Section 169 or Section 171 of the Charter shall cease to be a member of the Police or Fire Department and shall be a member under any other section of the Charter, or if the reverse be true, then the accumulated contributions standing to his credit or redeposited by him shall remain in his individual account, and the rate of his contribution thereafter shall be the normal rate provided for in this subdivision for persons in his new group or class of employment and at his age when he first became a member, subject to Section 27 hereof in the event he did not re-deposit accumulated contributions withdrawn from the System. In the case of such person who shall cease

o be a member under Section 166 or Section 169 of the Charter, the accumulated contributions of the city held for his benefit on account of city-service endered after January 8, 1932, shall continue to be held for his benefit and pplied at his retirement as provided herein.

SEC. 34. **Rates for Certain Ages.** The normal rate of contribution established for age sixty-one, or age fifty-five for members under Section 171 of he Charter, shall be the rate for any member who has attained a greater age before entrance into the Retirement System. In like manner the normal rate of contribution established for age twenty shall be the rate for any member who enters the Retirement System at a lesser age.

SEC. 35. **Collection of Members' Contributions.** The Retirement Board shall certify to the head of the proper office or department and the Controller he normal rate of contribution for each member provided for in Section 32 nd the amount of contributions provided for in Section 31. The head of such office or department or the Controller shall apply such rate of contribution o so much of the compensation of the member as does not exceed five hundred (500) dollars per month to determine the amount to be contributed by each member, and shall furnish immediately to the Retirement Board a copy of each and every such payroll; and each of said amounts shall be deducted by the Controller and shall be deposited by the Retirement Board in the Retirement Fund, herein provided for, and shall be credited by the Retirement Board, together with regular interest, to the individual account of the member for whom the contribution was made. The Retirement Board, however, may accept cash payments by any member of amounts necessary to correct or adjust the contribution account of such member, the amount so accepted to be deposited and credited in the same manner as if deducted on a payroll and the Controller to be notified of such payment. Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his salary or compensation, and payment less said contribution shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except his claims to the benefits to which he may be entitled under the provisions hereof.

SEC. 36. **Additional Contributions.** Any member, except persons who are members under Sections 166 and 169 of the Charter, may elect to contribute at rates in excess of those provided herein, for the purpose of providing additional benefits, but the exercise of this privilege by a member shall not place on the city any additional financial obligation. The provisions of Section 35 shall apply also to additional contributions. The Retirement Board, upon application, shall furnish to such member information concerning the nature and amount of additional benefits to be provided by such additional contribution.

SEC. 41. **City Contributions by Funds.** (a) After the close of each month the Retirement Board shall determine the aggregate amount of the normal contributions for such month, excluding contributions provided for in Section 31, and the portions of such aggregate amount deducted from compensation paid from:

(1) Funds of operating public utilities, which shall include units of the Hetch Hetchy project certified from time to time by the Public Utilities Commission as being completed and placed on a permanent operating basis;
(2) Bond funds not included under the preceding item (1);
(3) Funds of the San Francisco School Department;
(4) County roads fund;
(5) Other special funds;
(6) All other sources.

(b) There shall be paid to the Retirement Fund from each of the fund included under subsection (a) above an amount equal to the total normal con tributions deducted from compensation paid from such fund. The Board sha certify to the Controller the amount of normal contributions deducted fro compensation paid from all other sources as set forth in subdivision (6), sub section (a) of this section, and the Controller shall charge an equal amoun to the appropriation for the Retirement System in the budget for the then cu rent fiscal year. Nothing in this section, however, shall prevent the determina tion of the amount of normal contributions deducted from compensation pai from any fund, on payrolls carrying compensation from more than one fun as being the amount which bears the same ratio to the total normal contribu tions deducted on such roll as the compensation paid from such fund bears t the total compensation paid from all funds on such roll.

SEC. 42. **City Contributions from Former Police Fund.** The City sha pay to the Retirement System an amount equal to the contributions, improve with interest at the rate of four per centum per annum, compounded at Jun 30th of each year, from the first day of the month following that for whic the contribution was made to January 8, 1932, made to the Police Relief an Pension Fund by persons who were members of the Police Department on Jan ary 8, 1932. The individual account of each of such persons shall be credite with that portion of such accumulated contributions, which is made up of con tributions, with such interest, made by him to such fund. Any balance due und this paragraph from the City to the Retirement System on and after January 1932, shall be improved with regular interest on and after that date.

SEC. 43. **City Contributions for Prior Service.** There shall be paid int the Retirement Fund, by contributions of the City, the amounts necessary t pay all pensions and all other benefits allowable hereunder to members c account of prior service. Until the amount accumulated in the Retiremen Fund becomes not less than the present value of all amounts thereafter pa able from the Retirement Fund, the amount due in each fiscal year to the sa fund under this section shall be the amount payable from said fund in suc fiscal year on account of prior service. Such portion of the amount as is ann ally due to the Retirement Fund on account of prior service rendered by perso as employees of municipally owned operating public utilities, which shall i clude units of the Hetch Hetchy project certified from time to time by th Public Utilities Commission as being completed and placed on a permanent o erating basis, or on account of prior service rendered by persons as employe of the San Francisco School Department, shall be paid from the funds of suc public utilities or from the funds of the San Francisco School Department, r spectively, provided that no amount due to the Retirement Fund on accou of prior service rendered by persons receiving retirement allowances under th provisions of subsection (c), Section 165 of the Charter, shall be paid fro the funds of the San Francisco School Department. After the close of ea month, the Board shall certify to the Controller the amount due to the R tirement Fund under this subdivision on account of prior service rendered persons other than employees of such public utilities and the School Depar ment, and the Controller shall charge an equal amount to the appropriation f the Retirement System in the budget for the then current fiscal year.

SEC. 44. **Administrative Cost.** The administrative costs of the Retireme System shall be met by contributions of the City, such contributions to charged against the appropriation for the system in the budget for the th current fiscal year and paid from other funds as determined by the Controll on the basis of information furnished by the Retirement Board.

SEC. 45. **Required Contributions Certified to Controller.** During each fisc

rear the Retirement Board shall certify to the Controller the amount of the contribution required of the City for such year on account of service rendered during such year by persons who are members of the Retirement System under Sections 166 and 169 of the Charter, and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget for the then current fiscal year.

SEC. 47. **City Contributions for Wokmen's Compensation.** Commencing with the fiscal year which began July 1, 1932, and during each fiscal year thereafter, the Retirement Board shall determine, on the basis of payrolls, the amount of contributions required, during such fiscal year, of the City under the Compensation, Insurance and Safety Law of the State of California, as provided in this section, such contributions to be segregated as to funds in the manner required for normal contributions in Section 41. There shall be paid into the Retirement Fund from each of such funds an amount equal to the required contributions on account of compensation, as defined herein, paid from such fund. The Retirement Board shall certify to the Controller the amount of contributions required of the City under said law on account of compensation, as defined herein, other than that charged against such funds, and the Controller shall charge an equal amount to the appropriation for the Retirement System for the then current fiscal year. Nothing herein shall prevent the determination of contributions under this section by the use of average rates for groups or classes of employees, such average rates to be redetermined once during each fiscal year or at more frequent intervals if deemed necessary by the Retirement Board. Contributions required of the City during any fiscal year to make up deficits in contributions for fiscal years previous thereto, chargeable against funds no longer existing shall be paid from the general fund.

The Retirement Board shall pay from such amounts the premium required under risks reinsured with the State Compensation Fund and benefits under risks not reinsured. Amounts to be contributed by the City on account of risks assumed by it through the Retirement System may be based on the rates used by said State Fund, but such rates may be increased or decreased if a study of the practices and experience in any of the City's operations indicate such rates are not appropriate therefor, provided that such contributions if based on such rates shall be calculated to carry all claims to maturity and to produce a reasonable reserve against the catastrophe hazard; or such amounts to be contributed during each fiscal year by the City on risks assumed may be made equal to the benefits payable thereunder during said year. Any excess in the contributions of the City above the amount necessary to meet the purposes for which they were calculated shall be credited or paid to the City. Any deficit in such contributions shall be made up by extra amounts to be included in the contributions required of the City during the fiscal year next following the determination of such deficit. Reserve funds shall be improved with regular interest.

SEC. 49. **Guaranty.** The payments of the City into the San Francisco City and County Employees' Retirement Fund, as provided in Sections 41 to 47 hereof, are hereby made obligations of the City. There shall be appropriated, in the budget for each fiscal year, such amounts as are necessary to make such payments, less the portions to be paid from the several funds set forth in the said sections, and the amounts so appropriated shall be provided for in the tax levy. Provision shall be made for the payment from the said several funds of such amounts as shall be necessary to meet the obligations of the City under the Retirement System on account of employees whose compensation is or has been paid from such funds.

### Initiative Measure Prohibiting Tideland Drilling Endorsed.

(Code No. 5.35)

Supervisor Colman presented:

Resolution No. 2846, as follows:

Whereas, an initiative measure has been submitted to the People of the State of California to be voted on at the coming general election in November, 1936, which initiative measure has been titled by the Attorney-General of California, as follows:

"Prohibiting Tideland Surface Oil Drilling. Authorizing Slant Drilling from Uplands. Initiative. Prohibits drilling from surface of tide, submerged and overflowed lands not heretofore leased or allocated. Authorizes Director of Finance on behalf of State to execute thirty-year sub-surface leases upon fourteen and two-sevenths per cent royalty to State for extracting oil, gas or other hydrocarbons from beneath tide-submerged and overflowed lands by wells slanted from the uplands, prohibiting pollution of tide, ocean, bay or inlet waters. Directs one-half State revenue from such leases be used to acquire, improve and maintain beaches and parks. Repeals conflicting legislation;" and

Whereas, this initiative measure makes definite provision for the maintenance, development of and addition to the State Park System without necessity for another bond issue or appropriation by the legislature and without additional cost to the taxpayers; and

Whereas, the State Park Commission approves of this measure for the extension and maintenance of State Parks and Beaches and requests the voters of the State to endorse the measure; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, after a study of the various provisions of the measure, is of the opinion that this initiative measure affords a reasonable and desirable method of forever settling the tidelands oil-drilling question; reserves to the cities and counties the power to regulate all drilling within the same as in the past; that by prohibiting direct drilling in the ocean, will prevent pollution of the beaches and will, to a large extent, eliminate interference with recreational and other uses of the beaches; that it will bring in a substantial revenue to the State from oil which it might otherwise lose, and that one-half of this revenue will be used to reduce general taxes and the other half will be equally divided between the improvement and acquisition of additional public ocean beaches for State Parks, and for the further extension of the State Park System, and that since additional money for acquisition of State beaches is urgently required at this time before these beaches are subdivided and built upon and increased so in value that their

acquisition will be prohibitive, these funds so derived will enable the State to complete and maintain a State Park System which will be one of the finest Park Systems in the United States and thus will promote the welfare and add to the enjoyment of the people of the State and attract innumerable visitors to the State; and be it

Further Resolved, That the Board of Supervisors of the City and County of San Francisco does unanimously endorse and recommend this initiative measure to the voters of the State for a favorable vote in November, and it further requests public spirited organizations throughout the State to cooperate in a campaign in order that the people of the State may be educated as to the desirable features of the measure and in order that it may carry at the polls by the largest possible vote.

Motion *carried* unanimously.

## Sign and Billboard Ordinance.

(Code No. 11.08)

Referred to Board by Joint Committee on Fire, Safety and Police, and Streets.

Committee recommends against passage; Supervisor Uhl dissenting.

Supervisor Uhl presented:

Bill No. 1129, Ordinance No. 11.0817, as follows:

An ordinance regulating the location, erection or placing of any sign or signboard, bill or billboard, or any advertising device or structure, movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use solely for advertisement sign or billboard purposes, in certain localities in the City and County of San Francisco, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to erect, paint or in any manner place any sign or signboard, bill or billboards, or any advertising device or structure, movable or immovable, temporary or permanent, and designed or intended for use solely for advertising, sign or billboard purposes or to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, handbill, sign, poster, advertisement or notice of any kind, excepting in the case of a public officer or a private person in giving a legal notice, upon any property within three hundred eighty-two (382) feet of either side of the center line of the San Francisco-Oakland Bay Bridge, and/or bridge ramp, and one hundred and twenty (120) feet on an arc from the Fifth street approach thereto, and within four hundred (400) feet westerly from the easterly line of Fifth street between Harrison and Bryant streets, when visible from the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto, situated in the City and County of San Francisco; provided, however, that nothing herein contained shall be deemed to restrict or prohibit the use for advertising purposes of, or the changing of advertising copy on, any advertising sign or advertising structure now erected or maintained upon any property situated upon or within the area above named.

Section 2. It shall be unlawful for the owners, lessees, occupants, tenants, or agents of any real or personal property located within the limits defined in Section (1) hereof, to license or allow any such property to be leased or used in any manner whatsoever for any such advertising sign or billboard purposes; provided, however, that nothing in this section, or Section (1) hereof, shall be construed to prohibit the owner or occupant of any building within the limits prescribed in Section (1) hereof and conducting a business in such building, from having thereon a sign directing attention to the person occupying the premises in question or the business transacted therein, or advertising the property itself or any part thereof, as for sale, or to let, and which contains no other advertising matter, providing that such sign shall be of such size, design and location as may be approved by the City Planning Commission, as one that will reasonably serve one or more of said purposes, without being a distraction to traffic upon the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto.

Section 3. Any person, firm or corporation violating any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding Five Hundred Dollars ($500) or by imprisonment in the County Jail for not exceeding six (6) months, or by both fine and imprisonment.

Each day any sign or signboard, bill or billboard, or any other advertising device or structure is continued or maintained in violation of the provisions of this ordinance, such continuance or maintenance shall

be deemed a separate and distinct offense and shall be punishable accordingly.

**Committee of the Whole.**

On motion duly made and carried, the Board of Supervisors resolved itself into a Committee of the Whole for the purpose of hearing persons interested in the sign and billboard ordinance.

All members heretofore noted being present, and Supervisor Shannon in the Chair.

The Clerk read a list of communications and protests on file in opposition to and in favor of the proposed legislation.

**Privilege of the Floor.**

The following were granted the privilege of the floor and heard at length on the pending question:

Mrs. Frank Panter, representing the City and County Federation of Women's Clubs, wished to correct statement that her organization was opposed to the ordinance and declared that it had gone on record in favor of the proposed legislation. Clerk announced that that was the fact.

S. J. Edenholm, 16 Joyce street, representing the Junior Chamber of Commerce; Dan V. Ryan, 1137 Green street, representing the Roadside Council as attorney; John J. Donovan, 580 Market street, representing the County Board of Architects of the Bay Bridge; William I. Garren, president of State Board of Architects, representing Roadside Council; William L. Gerstle, representing the San Francisco Art Association; George H. Allen, vice-president, Central Council of Civic Clubs; Joseph H. Dyer, Secretary of the Art Commission; John Bakewell, member of the Art Commission; Milton Meyer, member of City Planning; Arthur Brown, member of County Board of Architects, Bay Bridge; Mrs. Dr. Musante, member of the Art Commission, were all heard in favor of the proposed ordinance as amended by Supervisor Uhl.

John A. O'Connell, representing the San Francisco Labor Council; James V. Ricketts, representing the Building Trades Council; M. Leonard, representing Structural Iron Workers Local No. 61; J. A. Pardini, 410 Monticello street, representing the Peerless Laundry; Harold Crane, representing the San Francisco Real Estate Board; A. D. Shafter, representing H. L. Snyder property; Annie Huspadosky, property owner; George Barry, representing Foster & Kleiser; Robert McDonald, property owner; Andrew J. Gallagher, representing Southern Promotion Association; George O'Brien, representing the O'Brien Iron Works; Neal E. Larkin, 866 Faxon avenue, representing Delmo Manufacturing Co.; Philip A. Wooster, taxpayer, were all heard in vigorous opposition to the proposed legislation.

After discussion by the members of the Board, Supervisor Shannon moved the previous question.

There being no objection, *so ordered.*

Thereupon, the roll was called on the proposed bill and the same was *defeated* by the following vote:

Ayes—Supervisors Colman, Schmidt, Uhl—3.

Noes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

**Committee of the Whole Arises.**

Whereupon, on motion duly made and carried, the Committee of the Whole arose and reported to the Board.

### Ordinance Defeated.

Supervisor Shannon moved to call the roll on No. 21 on the Calendar, "Sign and Bill Board Ordinance."

*So ordered.*

Whereupon, the roll was called and the ordinance was defeated by the following vote:

Ayes—Supervisors Colman, Schmidt, Uhl—3.

Noes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Supervisor Havenner was noted present at 2:40 p. m.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of October 5, 1936, was considered read and approved.

### PRESENTATION OF PROPOSALS.

#### Sale $2,000,000 of Tax Anticipation Notes.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.0338, in the amount of two million ($2,000,000) dollars to be received by the Board of Supervisors up to the hour of 3 o'clock p. m., on Tuesday, October 13, 1936.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of two million ($2,000,000) dollars in denominations of ten thousand ($10,000) dollars each to be dated as of the day of delivery thereof and to be payable to bearer on December 21, 1936, and issued under authority of Ordinance No. 9.0338 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1936-1937, without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year, 1936-1937, in which said money represented by said notes respectively shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1936-1937, irrespective of the date the same shall be so received.

Said notes will bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to December 21, 1936. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest the Board of Supervisors shall de-

termine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any and all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check for said five (5) per cent payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit exceed the sum of ten thousand ($10,000) dollars; which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Palmer & Dahlquist, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes, will be furnished to the successful bidder or bidders for said notes without cost.

**Bid.**

The following and only proposal was presented, opened, read by the Clerk at the appointed hour and *referred to the Finance Committee*:

1. Bankamerica Company, American Trust Company, Anglo California National Bank. The notes bid for are more particularly described as follows: $2,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, California; of the denomination of $10,000 each; said notes to be dated as the day of delivery thereof and to be payable to bearer on December 21, 1936; said notes to bear interest at the rate of fifteen one-hundredths of 1 per cent (.15%) per annum; said interest to be paid at maturity of said notes.

The above bid is made with the understanding that if successful, we shall be furnished, at no expense to ourselves, with the satisfactory opinion of Messrs. Orrick, Palmer & Dahlquist, attorneys at law, San Francisco, California, approving the legality of the above described notes in all respects.

Enclosed please find our certified check in the amount of $10,000, drawn upon the Bank of America N. T. & S. A., which is to be returned to us in the event this bid is not accepted.

Respectfully submitted,

BANKAMERICA COMPANY,
AMERICAN TRUST COMPANY,
ANGLO CALIFORNIA NATIONAL BANK,
By BANKAMERICA COMPANY,
By A. K. Browne.

**Adopted.**

Subsequently during the proceedings the following resolution was presented by the Finance Committee:

## SPECIAL ORDER—2:30 P. M.

The following recommendations of Public Welfare Committee were taken up:

### Laurel Hill Cemetery Removal.
(Code No. 17.19)

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thou-

sand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions

of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate of said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

## Calvary Cemetery Removal.

(Code No. 17.19)

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the City and County will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the

manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

## Prohibiting "Dead Man" Control.

(Code No. 15.091)

On recommendation of Public Utilities Commission.

Bill No. 1124, Ordinance No. 15.09118, as follows:

Prohibiting the use of the "dead man" control in the operation of street cars and providing a penalty for violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to operate, or cause to be operated, any street car upon the streets of the City and County of San Francisco by means of a "dead man" control to which is attached any foot lever or cut-off valve which will enable said street car to be operated without the operator's hand being kept upon the controller bar or handle at all times while said street car is in motion.

Section 2. Any person, firm or corporation violating the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred ($500) dollars or by imprisonment in the County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment for each separate conviction.

## Communication.

The following communication from Samuel Kahn, manager of the Market Street Railway Company, was presented by Supervisor Shannon and read by the Clerk:

October 12, 1936.

To the Honorable the Board of Supervisors of the City and County of San Francisco, City Hall, Civic Center, San Francisco.

Dear Sirs: Tomorrow you will give final consideration to the ordi-

nance prohibiting the use of the so-called dead-man foot pedal control on the one-man safety cars. I do not believe that you appreciate the importance of having this safety device attached to the car, for if you understood its value you certainly, in good conscience, could not entertain for a moment any measure that prevents the use of a piece of apparatus designed to protect the public.

Only last week this control and nothing else saved the life of a little girl of 3 or 4 years of age. I am taking the liberty of quoting from a letter, dated October 9, written by Joseph F. Brechwald, operator of the one-man safety car that was involved in this near accident, as follows:

"On Tuesday, October 6, 1936, I was working as a one-man operator on run No. 7 of the No. 19 line. As I was crossing Washington and Polk streets, northbound, at 12:32 p. m., I noticed a little girl of 3 or 4 years old standing alone in the safety zone on the opposite side of the street. Just as I started the car on full power this little girl suddenly dashed toward the side of my street car. I jumped to pull the reverse handle to slug car, and in doing so my foot slipped off the dead-man control and before I could pull back the reverse handle the car came to a sudden stop, and it was just in time, for the rear wheel was just three inches from the little girl's head.

"It sure was lucky there was a dead-man's control on this car, as it saved the child's life, as the reverse or slug would have been too slow to stop in time.

"It was the quickest stop I ever made."

If due to your action this foot pedal control had been removed from this car and as a result the little girl in question had been horribly crushed to death beneath the wheels, I do not believe that you would have been proud of your achievement.

I hope that you will seriously reconsider your first vote in favor of the removal of this piece of apparatus, as I am certain that you did not have all the facts to enable you to vote intelligently.

Very truly yours,
SAMUEL KAHN,
President.

### Privilege of the Floor.

L. O. Newton, representing the Market Street Railway, and Carl J. Bogt, member of faculty, College of Engineering, University of California, were heard in opposition to the proposed legislation.

### Action Deferred.

Whereupon, the foregoing bill was *laid over until Monday, October 19, 1936, and made a Special Order for that day at 2:30 P. M.*

### Final Passage.

The following matter was taken up:

### Petition for Removal of Single Track on Brannan Street From First Street to Second Street.

(Code No. 15.091)

On recommendation of Streets Committee.

Bill No. 1128, Ordinance No. 15.09119, as follows:

Authorizing Market Street Railway Company to abandon and remove its single street railway track over and along Brannan street, from First street to Second street.

Whereas, Market Street Railway Company has in writing petitioned the Board of Supervisors of the City and County of San Francisco for permission to abandon its single track and service on Brannan street, from First street to Second street; and

Whereas, public convenience will not be affected by the removal of said single track and the discontinuance of said service; now, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That in pursuance of the petition of Market Street Railway Company set forth in the preamble of this ordinance, Market Street Railway Company be and it is hereby authorized, without prejudice to any of the other rights now owned and held under the operating permit of said company dated February 9, 1931, to remove said single street car track and discontinue the operation of street cars on Brannan street, from First street to Second street.

That the public interest will not be injured or suffer by reason of the removal of said track or the abandonment of said service, and the Board of Supervisors so finds in pursuance of Section 132 of the Charter of the City and County of San Francisco.

### Bay Bridge Billboard Ordinance.

The following was read by Supervisor Brown and made part of the record:

October 13, 1936.

To the Editor.

Dear Sir: There has been so much misinformation circulated about the so-called "Bay Bridge Billboard Ordinance" recently before the Board of Supervisors that I believe a short statement of the facts would be advantageous for those interested.

First, the purpose of the ordinance should be clearly understood. It proposed to prohibit the erection of billboards on property adjoining the bridge approaches and within 800 feet of any of these approaches. The regulation proposed also to start at Rincon Hill and to include the territory surrounding the main approach from Rincon Hill to Fifth street; also, the off-ramp for downtown automobile traffic, running from Rincon Hill to First street and likewise, the on-ramp, running from Beale street up to the bridge on Rincon Hill. Later the distance was modified to 382 feet, at which distance the ordinance finally came to a vote and was defeated, 8 to 3.

The following facts should be carefully noted by those interested: First, *no billboards can possibly be erected on the bridge itself or any of its approaches.* Many people have the mistaken impression that the failure of the ordinance to pass will permit billboards on the bridge structure itself. This is not correct; the bridge proper is under the jurisdiction of the State Toll Bridge Authority, which has already barred billboards from the bridge, its approaches and the property immediately adjoining the approaches, which is owned by the Toll Bridge Authority. This includes the area between Perry and Stillman streets, a stretch about 200 feet wide, running from First to Fifth streets, in the middle of which is situated the main approach structure, thus it will not be permissible to locate billboards within 100 feet of the center line of the main approach, regardless of any action taken by the Board of Supervisors.

Second, no attempt was made by the disputed ordinance to regulate in any way, shape or form all the billboards now visible from the ferry boats, which will, of course, still be visible from the main bridge structure after its completion. It is about 2½ miles from the west portal of Yerba Buena tunnel to the Rincon Hill terminal of the bridge; over all that distance there was proposed no regulation, the ordinance confining itself to about five blocks of the main approach and about five blocks jointly on the two downtown off and on ramps. This is certainly a case of the tail trying to wag the dog—leaving 2½ miles of bridge unregulated, and penalizing the property adjoining the five blocks of approach structure.

Third, it must be obvious even to those not engaged in the advertising business that the prohibition of signs within 400 feet of the bridge approach structure would merely have the effect of forcing the erection of larger signs outside of the prohibited zone. These would still be visible from the bridge structure, but in order to be legible, would have to be several times the size of the signs located closer. I leave to my readers the answer to the question as to which type of sign would be more damaging to the artistic sensibilities of those visiting San Francisco.

Copy of this letter is being sent to each of the editors of our San Francisco daily papers in the hope that they will feel constrained to publish it in full and to set these three facts before the public.

Let me remind you again: (1) There is no possibility of any billboards being erected on the bridge structure itself, or on any property belonging to the State Toll Bridge Authority; (2) The ordinance proposed to regulate merely a few blocks of approach structure and made no attempt to regulate billboards visible from the 2½ miles of main bridge structure; (3) Any attempt to regulate by distance only would merely have the effect of pushing the signs back from the bridge a few hundred feet and making them much larger and therefore much more objectionable.

There have been altogether too many ordinances introduced into the Board of Supervisors for the purpose of acquiring publicity for the Supervisor introducing them. When ordinances, properly conceived and drawn for a legitimate purpose, come before the Board of Supervisors, I am always happy to vote for them.

Yours very truly,

ARTHUR M. BROWN, JR.

Member, Board of Supervisors, City and County of San Francisco.

**Policy on Six-Hour Working Day.**

(Code No. 9.092)

Supervisor McSheehy presented:

Resolution No. 2856, as follows:

Whereas, this Board has by Ordinance No. 9.0925 passed for second reading an ordinance amending subdivision "j" and repealing subdivision "i" of Section 1, and repealing Section 2, of Ordinance No. 9.0923, the purport of which amending ordinance is to permit the working of an eight-hour day for five days a week upon all construction contracts entered into by the City and County of San Francisco or by any of the Officers, Commissions or Departments thereof; and

Whereas, the alleged purpose for passing said amending ordinance for second reading is that at the present time it is not possible to secure a sufficient number of satisfactory workers and artisans to perform labor under contracts for construction work entered into and to be entered into upon the basis of the six-hour day provided for in existing ordinances; and

Whereas, no assurance can be given at the present time that the conditions which exist at present making it impossible to obtain a sufficient number of workers and artisans to perform labor and render service on said contracts for said City and County will continue; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that whenever existing conditions will so change that it will be possible to obtain a sufficient number of satisfactory workers and artisans to perform labor and render service on contracts and subcontracts for public work and improvements to be undertaken by the City and County of San Francisco that the aforesaid Ordinance No. 9.0925 be repealed and that legislation be enacted by this Board of Supervisors providing for a six-hour working day on all contracts for public work or improvements undertaken by the City and County of San Francisco; and, be it

Further Resolved, That it is the sense of this Board of Supervisors that if in the future it is possible to obtain a sufficient number of satisfactory workers and artisans to perform the necessary labor and service on contracts for public work and improvements undertaken by the City and County of San Francisco that Resolution No. 2843, providing for the payment of overtime after eight hours in any one day be amended to provide for the payment of overtime at the same rates as are provided in said Resolution No. 2843 for all overtime after six hours' service in any one day.

## SPECIAL ORDER—2:30 P. M.

**Prohibiting the Use of the "Dead Man" Control in the Operation of Street Cars and Providing a Penalty for Violation Thereof.**

(Code No. 15.091)

On recommendation of Public Utilities Committee.

Bill No. 1124, Ordinance No. 15.09118, as follows:

Prohibiting the use of the "dead man" control in the operation of street cars and providing a penalty for violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to operate, or cause to be operated, any street car upon the streets of the City and County of San Francisco by means of a "dead man" control to which is attached any foot lever or cut-off valve which will enable said street car to be operated without the operator's hand being kept upon the controller bar or handle at all times while said street car is in motion.

Section 2. Any person, firm or corporation violating the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred ($500) dollars or by imprisonment in the County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment for each separate conviction.

### Privilege of the Floor.

J. F. Brecknard, 927 Shotwell street, operator of one-man car on Polk street, was examined and testified as to case of young girl whom he alleged would have been killed but for the accidental operation of the foot lever of the "dead-man" control on his car at Polk and Washington streets.

### Action Deferred.

Thereupon, Supervisor Shannon moved that the bill lay over one week and that Market Street Railway Company be requested to arrange for a time and place for a demonstration of the "dead-man" control device.

*So ordered.*

### Amending Building Law—Standpipe Fire Hose.

(Code No. 11.05)

On recommendation of Joint Committee on Fire, Safety and Police, and Public Buildings, Lands and City Planning.

Bill No. 1127, Ordinance No. 11.0816, as follows:

Amending Section 175 of Ordinance No. 1008 (N. S.), entitled, "Regu-

lating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings; establishing fire limits and repealing all ordinances in conflict with this ordinance," relating to standpipe fire hose.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 175 of Ordinance No. 1008 (N. S.), the title of which is recited above, is hereby amended to read as follows:

Section 175. Standpipes, four inches in diameter, shall be provided with hose attachments on every floor and the gallery as follows, namely: One on each side of the auditorium in each tier, also one on each side of the stage on front of proscenium wall in each tier and at least one in the property room and one in the carpenter shop, if the same be contiguous to the building. All such standpipes shall be kept clear from obstruction. Said standpipes shall be separate and distinct, receiving their supply of water direct from the power of pumps or pumps installed and maintained by the owner or lessee of the building. They shall be fitted with the regulation couplings of the fire department, and shall be kept constantly filled with water by means of an automatic fire pump or pumps, of sufficient capacity to supply all the lines of hose when operated simultaneously; and said pump or pumps shall be supplied from the street main and be ready for immediate use at all times during a performance in said building.

In addition to the requirements contained in this section there shall be provided a four-inch standpipe, running from cellar to roof, with one two-way, three-inch siamese connection to be placed on street above the curb level, and with one two and one-half-inch outlet with hose attached thereto on each floor, placed as near the stairs as practicable.

All buildings shall be provided with an auxiliary fire apparatus and appliances, consisting of water tank on roof or in cellar, standpipes, hose, nozzles, wrenches, fire extinguishers, hooks, axes, fire alarm boxes and other appliances as may be required by the Fire Department, all to be of the best material and of the sizes, pattern and regulation kinds used and required by the Fire Department. All such equipment to be kept in good condition and ready for immediate use at all times.

A separate and distinct system of automatic sprinklers, with fusible plugs, approved by the Board of Public Works and Bureau of Fire Prevention and Public Safety, supplied with water from a tank located on the roof over the stage, and not connected in any manner with standpipes, shall be placed on each side of the proscenium opening and on the ceiling or roof over the stage at such intervals as will protect every square foot of stage surface when said sprinklers are in operation. Automatic sprinklers shall be also placed wherever practicable, in the dressing rooms, under the stage, and in the carpenter shop, paint rooms, store rooms and property rooms. The entire installation of automatic sprinklers shall be in accordance with the rules of the Board of Fire Underwriters.

A proper and sufficient quantity of one and one-half-inch cotton, rubber-lined hose, not less than 100 feet, fitted with the regulation couplings of the Fire Department, and with regulation Fire Department shut-off nozzles attached thereto, and with hose spanners at each outlet, shall always be kept attached to each hose attachment, as the Chief Engineer of the Fire Department may direct.

Such fire hose shall conform to the San Francisco Fire Department standard specifications for cotton, rubber-lined fire hose, and before installation, and as often thereafter, as the Chief Engineer of the San Francisco Fire Department may require, such hose shall be subjected to the regulation tests, and an affidavit shall be furnished to the Chief Engineer of the Fire Department setting forth the chemical analysis of the rubber contained therein, which must be in compliance with the requirements of said specifications.

There shall also be kept in readiness for immediate use on the stage

at least two casks of water, and two buckets to each cask. The cask and buckets shall be painted red.

There shall also be provided hand pumps or other portable fire extinguishing apparatus, and at least four axes, and also two 25-foot hooks, two 15-foot hooks and two 10-foot hooks on each tier or floor of the stage.

*Finally passed* by the following vote:

**Sign Ordinance.**
(Code 11.08)

On recommendation of Public Buildings, Lands and City Planning Committee.

Bill No. 1130, Ordinance No. 11.0818, as follows:

Regulating the installation, alteration, and maintenance of signs, devices, barber poles, and sidewalk clocks, fixing a penalty for violation of the provisions thereof, and repealing Ordinance No. 1009 (New Series), Ordinance No. 8962 (New Series), Ordinance No. 9083 (New Series), and all ordinances or parts of ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Title.* This ordinance shall be known as the "Sign Ordinance" of the City and County of San Francisco.

Section 2. *Unlawful to Place or Maintain Any Sign Except in Compliance Herewith.* It shall be unlawful for any person, firm or corporation hereafter to place or maintain upon or in front of, or attach to any building or premises, any sign, advertisement, transparency, bulletin board, barber pole, or sidewalk clock, projecting beyond the property line over any sidewalk or public thoroughfare, except such as are embraced within the classifications of Section 14 hereof and subject to the conditions stated herein; or to place or maintain upon or attach to any building or premises any sign, advertisement, transparency, bulletin board, barber pole or sidewalk clock wholly within the property lines except as shall be approved by the Bureau of Building Inspection; provided, that this ordinance shall not be deemed to apply to "billboards", as defined and regulated by Ordinance No. 4059 (New Series) nor to render unlawful the maintenance of any sign, advertisement, transparency, bulletin board, barber pole or sidewalk clock, erected and maintained under a lawful permit prior to the passage of this ordinance.

Section 3. *Permit from Central Permit Bureau Required.* No sign, transparency, advertisement, bulletin board, barber pole, or sidewalk clock shall hereafter be placed, maintained upon or in front of, or attached to any building, structure or premises, without a permit therefor from the Central Permit Bureau of the Department of Public Works.

(a) *Application for Permit.* Application for such permit shall be made to the said Central Permit Bureau, by the owner, lessee, or agent thereof, of the property on which the proposed sign is to be located, on the form and in the manner required by the Department of Public Works. Such application shall specify whether such sign is to be used as an electric sign or a non-electric sign.

(b) *Drawings of Proposed Sign Required.* Said application shall be accompanied by duplicate scale or dimensioned drawings of the proposed sign, which shall show fully the location, dimensions, and construction thereof, together with such other information as may be required. When the proposed sign is to be attached to a building or other independent structure, the drawings shall show the position of

the sign on the supporting structure, the method of attachment to such structure, and the character of the structural members to which such attachment is made.

Section 4. *Permit Issued if Application Approved by Bureau of Building Inspection.* It shall be the duty of the Bureau of Building Inspection of the Department of Public Works, upon the filing of application for permit and exhibits as provided in Section 3 hereof, to examine such drawings and other data and, if necessary, the premises upon which it is proposed to erect the sign, and if it shall appear that the proposed sign is in accordance with all legal requirements, and the application for permit for its erection has been approved by the Bureau of Building Inspection, the City Planning Commission and the Bureau of Fire Prevention and Public Safety, the Central Permit Bureau of the Department of Public Works shall then issue a permit for the erection of the sign.

Section 5. *Inspection During Erection.* During the erection of the sign, the Bureau of Building Inspection shall make such inspections as are necessary to determine that the same is completed in conformance with all ordinances and approved application and plans for which permit was issued.

Section 6. *Signs Not Conforming to Application as Approved, Etc., May Be Removed.* In the event that any sign, electric sign, transparency, advertisement or sign device, when completed, does not conform in every respect to the terms of this ordinance and the approved application plans therefor, the Bureau of Building Inspection shall notify the permittee, who shall thereupon cause such alterations and changes to be made as may be necessary to make the same conform thereto.

In case of failure to comply with such notification the Department of Public Works is authorized to cause the removal forthwith of such sign, electric sign, transparency, advertisement or sign device, at the expense of the permittee and without prejudice to the penalties herein imposed for violations of this ordinance.

If the application specifies that a sign is to be used as an electric sign such sign must be completed in accordance with the permit issued therefor by the Department of Electricity, and its use and maintenance otherwise than as an electric sign shall be unlawful.

In the event that any permittee shall maintain such sign as a non-electric sign the Bureau of Building Inspection shall notify the permittee to forthwith complete said sign in accordance with the application made and permits issued therefor.

In case of failure to comply with such notification for a period of thirty days from and after receipt thereof the Department of Public Works is authorized to cause the removal of such sign at the expense of the permittee and without prejudice to the penalties herein imposed for violation of this ordinance.

Section 7. *Date of Erection and Permit Number to Be Placed on Signs.* Every sign hereafter erected shall bear the date of erection, and the number of the permit issued for the sign by the Central Permit Bureau of the Department of Public Works shall be clearly painted on the face thereof in characters of not less than one inch in height and of such size and location as to be legible from the sidewalk level; provided, however, that electric signs may have attached thereto an approved metal tag in lieu of the painted characters.

Section 8. *Privileges Acquired Revocable at Any Time.* All rights and privileges acquired under the provisions of this ordinance or any amendment thereto, permitting the erection or maintenance of signs, barber poles, or sidewalk clocks on or over sidewalks or public thoroughfares, are mere licenses revocable at any time by the Department of Public Works, and all such permits shall contain this proviso.

Section 9. *Removal of Signs Authorized Unless Placed and Secured as Directed by Bureau.* Any person, firm or corporation maintaining

any sign, electric sign, transparency, advertisement or sign device upon or in front of the premises of which such person, firm or corporation has control, shall, upon notice from the Bureau of Building Inspection of the Department of Public Works, cause the same to be placed and secured in such manner as the said Bureau may direct. In case of failure to comply with such notification, the Department of Public Works is authorized to cause the removal forthwith of such sign, electric sign, transparency, advertisement or sign device, at the expense of the permittee and without prejudice to the penalties herein imposed for violations of this ordinance.

Section 10. *Electric Signs—Permit Required from Department of Electricity After Permit Granted by Central Permit Bureau.* Before any sign, transparency, advertisement or sign device is erected which is intended to be used in connection with electricity, a permit shall be secured from the Central Permit Bureau of the Department of Public Works as provided in Sections 3 and 4 hereof; and this permit, together with all necessary data regarding the proposed electrical construction, shall be submitted to the Department of Electricity. It shall be the duty of the Department of Electricity to examine such electrical data, and if the proposed sign is found to be in accordance with all ordinances regarding electrical construction, the said department shall issue a permit for the erection of such sign. No sign intended to be used in connection with electricity shall be erected until permits therefor have been secured from both the Central Permit Bureau of the Department of Public Works and the Department of Electricity.

Section 11. *Definitions.*

(a) The word "sign" as used herein when appearing alone, shall be understood to include all types of signs, sign devices, advertisements, transparencies, bulletin boards on or attached to any building, pole, structure, or premises, and shall also include barber poles and sidewalk clocks; provided, however, that the said word shall not include "billboards" as defined in Ordinance No. 4059 (New Series).

(b) The area of a sign is hereby defined as the product of the horizontal distance between vertical lines passing through the extremities of the sign and the vertical distance between a horizontal line passing through the highest point of the sign and a horizontal line passing through the lowest point of the sign.

(c) The dimensions of a sign are hereby defined to be the extreme horizontal and extreme vertical dimension, including all fins, scrolls and trim.

(d) "*Electric Sign*" shall mean a sign whereon letters, figures or designs are formed or outlined by incandescent electric light globes, gas-filled luminous tubes, or by a transparent medium illuminated by means of electric lights or gas-filled luminous tubes contained within the sign. Electric lights or gas-filled luminous tubes, which are not an essential element of the sign proper are not classified as electric signs within the meaning of this ordinance; provided, however, that a sign or design installed or painted on the exterior of a building and illuminated or outlined by means of electric lights or gas-filled tubes that are installed for the specific purpose of illuminating said sign or design shall be considered within the requirements of this ordinance.

(e) "*Face of Building*" shall be construed to mean the general outer surface of the walls of the building facing the street, except where bay windows or pillars project beyond such walls, the outer surface of which windows or pillars shall be considered the face of the building at these points.

(f) Where the distance from the sign to sidewalk is specified, what is meant is the clear distance from the bottom of the sign or the frame thereof, to the highest point of the sidewalk immediately beneath such sign.

Section 12. *Required Wind Load Resistance.* All fixed signs except those lying flat against the surface of the building to which they are

attached, shall be designed to withstand wind loadings as follows, the detail design to be in accordance with the provisions of the Building Law:

(a) *For solid signs*, twenty (20) pounds per square foot on one face of sign.

(b) *For skeleton signs*, thirty-six (36) pounds per square foot of the total face area of the letters or other sign surface, or ten (10) pounds per square foot on the gross area within the frame of the sign proper, whichever is the greater.

Section 13. *General Specifications.*

(a) *Metal shapes or flats used for supporting or bracing signs* shall not be less than one-eighth (⅛) inch thick, and shall be galvanized or porcelain enameled. Where wire is used to support or brace signs, it shall be galvanized or equal.

(b) *All cloth signs* shall have a rigid wood or metal frame and shall extend not more than six (6) inches from the face of the building and shall not be permitted to hang for a period exceeding sixty (60) days.

(c) *Signs projecting more than six (6) inches* from the face of the building shall be of metal or incombustible material. Provided, however, that within the fire limits all signs shall be constructed throughout of incombustible material.

(d) *All electric signs* shall be constructed throughout of incombustible materials.

(e) *No sign other than an electric sign* shall project more than twelve (12) inches from the face of the building, nor shall any electric sign project beyond the curb line of the sidewalk below such sign.

(f) *No double or triple face electric sign* shall be more than four (4) feet thick between sign faces.

(g) *No sign which projects more than eight (8) inches over a public sidewalk or thoroughfare* shall be less than eight (8) feet above the sidewalk; provided, however, that this provision shall not apply to non-electric pole signs when the base thereof is placed at sidewalk elevation.

(h) *No sign other than a swinging electric or marquee* shall extend across or in front of any window or other exterior opening in any building above the first story thereof, nor across the end windows or the end three (3) feet of glass front at each side of a mezzanine floor.

(i) *No sign shall be attached to any fire escape or standpipe*, and none except marquee signs shall be placed in front thereof, nor shall any sign be so placed as to obstruct the means of ingress or egress of a building.

(j) *No sign which is placed parallel with or flat against the wall of a building* shall extend above the fire wall of such building.

Section 14. *Classification of Signs and Provisions Regarding Each Class.* The classification of signs referred to in Section 2, and the special conditions pertaining to each classification, shall be as follows:

(a) *Flat or curved signs*, plain or electric, the face of the sign being parallel for its whole length to the face of the building, and the sign fastened directly thereto. Such signs shall project not more than ten (10) inches from the face of the building unless the sign is ten (10) feet or more above the sidewalk, in which case they may project not to exceed eighteen (18) inches.

(b) *Drum signs* attached to the pillars or entrances of buildings, and projecting not more than eight (8) inches from the face of the building unless the sign is eight (8) feet or more above the sidewalk, in which case they may project not to exceed twelve (12) inches. Provided, an electric drum sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

(c) *"V" signs*, attached at their ends to the face of the building, and with the apex projecting therefrom not more than eight (8) inches unless the sign is eight (8) feet or more above the sidewalk, in which case this projection may be made not to exceed twelve (12) inches.

Provided, an electric "V" sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

(d) *Barber poles* and similar type signs, free from any separate signs attached thereto, and projecting not more than fourteen (14) inches from the face of the building.

(e) *Horizontal double face or triple face signs* illuminated and conforming to the following specifications:

(1) *Swinging electric signs* having a maximum height not to exceed seven (7) feet nor projecting beyond the outer edge of the sidewalk nor having their lowest point less than ten (10) feet above the sidewalk. Provided, also, that such signs shall be erected in such manner as to permit their being swung back parallel with the face of the building and when so swung back the sign shall not project more than twenty (20) inches from the face of said building, or supporting element at property line. Further provided, that said signs shall be swung back parallel with the face of the building between the hours of 8 a. m. and 5 p. m.; and further provided, that this section shall not prohibit the erection of swinging electric signs, which are supported from framework constructed on the roofs of buildings not over fifteen (15) feet high, and complying in all other respects with the other requirements of this ordinance.

(2) *Horizontal electric signs* having a maximum height not to exceed five (5) feet, nor projecting from the face of the building more than seven (7) feet, nor beyond the outer edge of the sidewalk, nor having their lowest point less than ten (10) feet above the sidewalk. Provided, also, that they shall be mounted in such a manner as to permit their being swung back parallel with the face of the building (in case of emergencies such as fire) and when so swung back the sign shall not project more than twenty (20) inches from the face of said building or supporting element at property line, but shall be fastened permanently with easily removable galvanized metal guys in their extended position for normal usage, the lateral guys to be kept not less than ten (10) feet above the sidewalk at their point of attachment to the building.

(f) *Double face vertical electric signs*, illuminated on both sides, the face of the sign set at right angles to the face of the building except that at a corner of the building which is also a street corner, the sign may be so set that the plane of the sign bisects the angle formed by the intersecting wall faces. The limiting dimensions pertaining to such signs shall be as follows:

| Height Above Sidewalk Feet | Maximum Projection from Face of Building Feet | Minimum Length of Sign Feet |
|---|---|---|
| 10 | 4 | 8 |
| 12 | 5 | 10 |
| 15 | 6 | 20 |
| 18 | 7 | 30 |
| 20 | 8 | 40 |
| 23 | 9 | 50 |
| 25 | 10 | 60 |

(g) *Single face vertical electric signs* having a maximum width of six (6) feet placed either flat against the building or at an angle of forty-five (45) degrees with the walls at a corner thereof which is also a street corner. Such signs shall be not less than twelve (12) feet above the sidewalk, nor shall any portion project above the fire wall of the building.

(h) *Gas or electric lamp or lamp globes on which signs may be placed*, such lamps or globes to be suspended in front of the building or premises, not less than eight (8) feet above the sidewalk, nor projecting more than two and one-half (2½) feet from the face of the building. No inscription or sign other than the name of the person, firm or corporation at whose expense and in front of whose

premises the lamp is erected shall be placed thereon, nor shall the size of such lamp or globe exceed that of those used in lighting the public streets.

(i) *Flat or Curved Mesh Signs and Raised Letters.* Such signs may be extended from the front of one bay window above the first story to an adjacent bay window, provided that the sign shall not project more than six (6) inches from the front of the bay window.

(j) *Bulletin boards,* which shall not project more than eight (8) inches from the face of the building.

(k) *Signs Supported Upon Metal Awnings or Marquees.* Such signs shall not be less than ten (10) feet above the sidewalk, and unless electric signs, shall be not more than two (2) feet in vertical dimen- also a street corner. Such signs shall not be less than twelve (12) sixty-five (65) per cent of the projection of the marquee from the face of the building. When projecting above the roof of the marquee, the face of signs parallel with the building, or the apex of "V" signs, shall be distant from the face of the building not less than one and one-half (1½) times the height of the sign above the marquee. There shall be a clear space of not less than two (2) feet from the face of the building to any portion of any sign extending more than two (2) feet above the roof of the marquee, unless there is provided a walkway as herein specified. Such walkway shall extend along the face of the building for the full distance between signs, shall be at an elevation of not more than two (2) feet below the top of the sign at the face of the building, and shall be not less than two (2) feet wide. Such walkway shall be designed for its dead load plus a live load of sixty (60) pounds per square foot of area, and shall be of fireproof construction throughout. Where the walkway is located more than two (2) feet above the roof of the marquee, a hand-rail shall be provided along the outer edge of the walkway, and metal stairs or ladder, not less than eighteen (18) inches wide, shall be provided to give access from the walkway to the roof below. Signs extending above the roof of a marquee and placed other than along and flush with the edges thereof, shall be set back not less than two (2) feet from the side edges of the roof. No temporary sign of any kind shall be attached or supported on any marquee except as provided in Class L. All marquees shall be designed and constructed to sustain, in accordance with the provisions of the building law, their full dead load plus a live load of twenty (20) pounds per square foot of horizontal area, plus the weight of signs, and no sign shall be supported on any marquee which does not satisfy this requirement.

(l) *Temporary Signs, Advertisement, or Flags.* These may be suspended over the sidewalk in front of buildings or premises upon holidays, election days, and days of public parades or display, provided that such signs, advertisements, or flags shall be placed and secured as may be directed by the Bureau of Building Inspection of the Department of Public Works, and be removed immediately following the day or days for which the permit is granted.

(m) *Sidewalk clocks,* which shall be ornamental in character and construction, the design thereof to be subject to the approval of the Bureau of Building Inspection of the Department of Public Works. Such clocks shall be placed just inside of and abutting on the curb line, shall be not less than ten (10) feet above the sidewalk, and the clock face shall be not less than two (2) nor more than three (3) feet in diameter. No advertisement, notice, lettering, inscription, or name shall be painted, placed or attached to the clock or to the pole or standard upon which it is mounted. After the erection thereof, all such clocks shall be maintained in good condition and shall correctly indicate the time; failure to comply with this condition shall be cause for revocation of permit by the Department of Public Works.

(n) *Roof Signs.* The extreme height of such signs above the lowest portion of the roof directly beneath the sign shall not exceed seventy-five (75) feet when the sign is supported on a Class A or

Class B building, nor thirty (30) feet when supported on a Class C building. The face of the sign shall be set back not less than three (3) feet in the clear from the inside face of the parapet wall parallel or adjacent thereto, and the ends of the sign shall be not less than one (1) foot inside face of the parapet wall adjacent to such end. The bottom of such signs shall be not less than five (5) feet above the roof directly beneath, and the space between vertical support shall be not less than six (6) feet in the clear; not less than fifty (50) per cent of the spaces so defined shall be and remain clear of any obstructions whatever.

No advertising sign or electric sign shall hereafter be placed on any roof in such a position that any portion of the advertising surface, its supporting structure, posts or braces, will be closer than six (6) feet from the outlet connection of any standpipe or fire plug, nor interfere in any way with the free use of any fire escape or obstruct any ventilator door or stairway.

Any sign of any character, together with its foundation, framework and supports now or hereafter constructed or maintained on or above any roof shall be kept in safe repair at all times by the person, firm or corporation owning, operating or having the care or custody of the same.

All roof signs shall be constructed throughout of fireproof material except as hereafter provided, and shall be supported on and attached to the building by a suitable frame of galvanized metal, which shall be positively anchored to the main structural members of the building; sills, stringers, ornamental trim and foot walks supporting such frames on Class C and frame buildings may be of timber. All foot walks supported by the frame shall be provided with a secure metal railing.

The provisions of this section shall not prohibit the erection of signs on roofs of one-story buildings constructed of incombustible materials, advertising products sold on the premises when such sign is also constructed of incombustible materials and has an area and dimensions not greater than the following:

Such sign shall not be greater than sixty (60) square feet in area; and not longer than the roof of the building at the point of support, with a maximum length of twenty (20) feet; and the top of the sign shall not at any point be more than four (4) feet above the roof surface which is directly underneath such point.

Section 15. *Conflicting Ordinances Repealed.* Ordinances Nos. 1009 (New Series), 8962 (New Series), and 9083 (New Series), are hereby repealed, as are also any other ordinances or parts of ordinances in conflict with the provisions herein.

Section 16. *Invalidity of Any Part of Ordinance Not to Affect Remaining Portions.* If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 18. *Penalty.* Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars ($500) or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

**Confirming Sale of Certain Land Near Northwesterly Corner of Silver Avenue and Charter Oak Avenue to Eugene F. Berg, Et Ux.**

(Code No. 12.1721)

Also, Resolution No. 2865, as follows:

Whereas, pursuant to Ordinance No. 12.17211, Bill No. 94, the Director of Property advertised in the Official Newspaper that bids would be received by him on September 26, 1936, for the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

Commencing at a point on the westerly line of Charter Oak avenue distant thereon 26.974 feet northerly from the northerly line of Silver avenue, said point of commencement being the point of tangency of 40 feet radius curve with 142.836 course, as shown on map of Charter Oak avenue recorded February 3, 1930, in Map Book M, page 23, Records of the City and County of San Francisco, also the point of intersection of the northeasterly line of the property now or formerly owned by Florida and Eugene F. Berg with said line of Charter Oak avenue; thence running northwesterly, along last mentioned line, 84.122 feet to the southeasterly line of property now or formerly owned by Sophie Landau; thence deflecting 89 degrees 30 minutes 58 seconds to the right and running northeasterly, along last mentioned line, 29.395 feet to the westerly line of Charter Oak avenue; thence deflecting 109 degrees 41 minutes 30 seconds to the right and running southerly along last mentioned line 89.346 feet to the point of commencement.

Being a portion of Block 2, "Golden City Tract," recorded August 1, 1905, in Map Book "C", page 15, records of aforesaid City and County.

Whereas, in response to said advertisement Eugene F. Berg and Florida Berg, his wife, offered to purchase said land for the sum of $500 cash, no higher bids having been made or received; and

Whereas, said sum of $500 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property; the amount of said appraisal being $500; and

Whereas, Eugene F. Berg, et ux., have paid the sum of $50 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Department of Public Works has recommended the sale of said land for the sum of $500; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and, be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in

behalf of the City and County of San Francisco, a municipal corporation, for the conveyance of said land to Eugene F. Berg and Florida Berg, his wife. The buyers must pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver said deed to the grantee upon receipt of the balance of the purchase price.

**Extending Time of Furnishing Water to Land of Annie E. Murphy.**
(Code No. 15.034)

Also, Resolution No. 2866, as follows:

Whereas, the City and County of San Francisco, a municipal corporation, under authority of Resolution No. 29551 (New Series), of this Board, accepted a certain deed dated October 23, 1928, from Annie E. Murphy, et al., to an easement for a portion of the Coast Range Tunnel of the Hetch Hetchy Aqueduct through their land in Alameda County, California; and

Whereas, said deed provides a time limit for the ascertainment of the amount of damage, if any, which may be caused by the disappearance or diminution of the natural flow of water in any springs or wells on the land of the grantors as a result of the construction of said tunnel; and

Whereas, by Resolution No. 2307, adopted by this Board on December 16, 1935, said time limit was extended to November 1, 1936; and

Whereas, said Annie E. Murphy, et al., have requested the Director of Property to further extend said time limit to November 1, 1937, and have requested the City and County of San Francisco to furnish water to said land until November 1, 1937; and

Whereas, the Public Utilities Commission has recommended the further extension of said time limit and has recommended furnishing water to said property until November 1, 1937; now, therefore, be it

Resolved, That said time limit be and is hereby extended to November 1, 1937, and that the City and County of San Francisco furnish water to said land until said time; and, be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute on behalf of the City and County of San Francisco a written agreement with Annie E. Murphy, et al., extending said time limit to November 1, 1937, and providing for the furnishing of water to said land until said time, subject to all conditions contained in said deed, except as expressly modified in said agreement.

Bill No. 1143, Ordinance No. 12.2018, as follows:

Granting permission revocable at will of the Board of Supervisors, to the General Brewing Corporation to lay down, construct, maintain and operate a standard gauge spur track upon and along Carroll avenue and Mendell street as hereinafter described.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the General Brewing Corporation to lay down, construct, maintain and operate a standard gauge spur track along and upon Carroll avenue and Mendell street, said location more particularly described as follows, to-wit:

Beginning at a point on the center line of the existing spur track in Carroll avenue distant northwesterly 20 feet more or less from the northwesterly line of Shoup avenue produced and distant southwesterly 26 feet more or less from the northeasterly line of Carroll avenue; thence in a northerly direction on a curve concave to the right and crossing portion of Carroll avenue, also crossing parcel of private property at corner of Carroll avenue and Mendell street, and crossing Mendall street to a point in the northwesterly line of Mendell street approximately 132 feet southwesterly from the southwesterly line of Bancroft avenue; thence continuing into private property.

Provided that all work is to be done in accordance with blue print entitled "Southern Pacific Company, San Francisco, proposed spur for General Brewing Corporation at Newhall Street and Carroll Avenue," and that any interference with the natural drainage of the above mentioned streets caused by the installation of the spur track shall be corrected by the General Brewing Corporation to the satisfaction of the Department of Public Works.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

### Endorsing 50-Cent Toll for San Francisco-Oakland Bay Bridge.
(Code No. 12.112)

Supervisor Havenner presented:

Resolution No. 2868, as follows:

Whereas, the San Francisco-Oakland Bay Bridge is approaching completion; and

Whereas, the California Toll Bridge Authority is about to fix the tolls and charges for vehicles travelling over said bridge; and

Whereas, privately owned and operated passenger automobiles will at all times constitute the greater number of vehicles using said bridge; and

Whereas, said bridge was constructed as a part of the State Highway System primarily for the accommodation of privately owned and operated passenger automobiles; and

Whereas, it appears to the Board of Supervisors of the City and County of San Francisco that if said bridge is to meet its obligations as contemplated, it must receive the patronage of the largest possible number of automobile owners; and

Whereas, it also appears to this Board of Supervisors that a flat charge of 50 cents per automobile, containing not more than four persons, will induce the greatest number of automobile owners to use said bridge and will produce to said bridge a larger amount of revenue than if a higher toll was charged; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby urge the California Toll Bridge Authority to initiate its service for privately owned passenger automobiles at a toll charge of 50 cents a single trip, and to maintain the same at said figure until it is shown that the said figure is insufficient to enable said Toll Bridge Authority to meet the obligation of said bridge; and be it

Further Resolved, That a copy of this resolution be forthwith transmitted to said California Toll Bridge Authority.

**Providing for 8-Hour Day, 5-Day Week, on City and County Construction Contracts.**

(Code No. 9.092)

Supervisor McSheehy presented:

Resolution No. 2856, as follows:

Whereas, this Board has by Ordinance No. 9.0925 passed for second reading an ordinance amending Subdivision "j" and repealing Subdivision "i" of Section 1, and repealing Section 2, of Ordinance No. 9.0923, the purport of which amending ordinance is to permit the working of an eight-hour day for five days a week upon all construction contracts entered into by the City and County of San Francisco or by any of the officers, commissions or departments thereof;

Whereas, the alleged purpose for passing said amending ordinance for second reading is that at the present time it is not possible to secure a sufficient number of satisfactory workers and artisans to perform labor under contracts for construction work entered into and to be entered into upon the basis of the six-hour day provided for in existing ordinances; and

Whereas, no assurance can be given at the present time that the conditions which exist at present making it impossible to obtain a sufficient number of workers and artisans to perform labor and render service on said contracts for said City and County will continue; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that whenever existing conditions will so change that it will be possible to obtain a sufficient number of satisfactory workers and artisans to perform labor and render service on contracts and subcontracts for public work and improvements to be undertaken by the City and County of San Francisco that the aforesaid Ordinance No. 9.0925 be repealed and that legislation be enacted by this Board of Supervisors providing for a six-hour working day on all contracts for public work or improvements undertaken by the City and County of San Francisco; and be it

Further Resolved, That it is the sense of this Board of Supervisors that if in the future it is possible to obtain a sufficient number of satisfactory workers and artisans to perform the necessary labor and service on contracts for public work and improvements undertaken by the City and County of San Fancisco that Resolution No. 2843, providing for the payment of overtime after eight hours in any one day be amended to provide for the payment of overtime at the same rates as are provided in said Resolution No. 2843 for all overtime after six hours' service in any one day.

**Regulating Billboard Advertising at Bay Bridge Approach.**

(Code No. 11.08)

Supervisor Shannon presented:

Bill No. 1150, Ordinance No. 11.0819, as follows:

An ordinance regulating the location, erection or placing of any sign or signboard, bill or billboard, or any advertising device or structure, movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use solely for advertisement sign or billboard purposes, in certain localities in the City and County of San Francisco, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to erect, paint or in any manner place any sign or signboard, bill or billboards, or any advertising device or structure, movable or immovable, temporary or permanent, and designed or intended for use solely for advertising, sign or billboard purposes, or to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, handbill, sign, poster, advertisement or notice of any kind, excepting in the case of a public officer or a private person in giving a legal notice, upon any property within 350 feet of either side of the center line of the San Francisco-Oakland Bay Bridge, and/or bridge ramp or approaches thereto, and when visible from the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereof, situated in the City and County of San Francisco; provided, however, that nothing herein contained shall be deemed to restrict or prohibit the use for advertising purposes of, or the changing of advertising copy on, any advertising sign or advertising structure now erected or maintained, or for the erection or maintenance of which advertising sign or advertising stucture a pemit has heretofore been issued, upon any property situated upon or within the area above named.

Section 2. It shall be unlawful for the owners, lessees, occupants, tenants or agents of any real or personal property located within the limits defined in Section (1) hereof, to license or allow any such property to be leased or used in any manner whatsoever for any such advertising sign or billboard purposes; provided, however, that nothing in this section, or Section (1) hereof, shall be construed to prohibit the owner or occupant of any building within the limits prescribed in Section (1) hereof and conducting a business in such building, from having thereon a sign directing attention to the person occupying the premises in question or the business transacted therein, or advertising the property itself or any part thereof, as for sale, or to let, and which contains no other advertising matter, providing that such sign shall be of such size, design and location as may be approved by the City Planning Commission, as one that will reasonably serve one or more of said purposes, without being a distraction to traffic upon the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto.

Section 3. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding five hundred ($500) dollars, or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

Each day any sign or signboard, bill or billboard, or any other advertising device or structure is continued or maintained in violation of the provisions of this ordinance, such continuance or maintenance shall be deemed a separate and distinct offense and shall be punishable accordingly.

Section 4. This ordinance shall take effect immediately.

## SPECIAL ORDER—3 P. M.

### Regulating Location of Billboards at Bridge Approach.

(Code No. 11.08)

Supervisor Shannon presented:

Bill No. 1150, Ordinance No. 11.0819, as follows:

An ordinance regulating the location, erection or placing of any sign or signboard, bill or billboard, or any advertising device or structure movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use solely for advertisement sign or billboard purposes, in certain localties in the City and County of San Francisco, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to erect, paint or in any manner place any sign or signboard, bill or billboards, or any advertising device or structure, movable or immovable, temporary or permanent, and designed or intended for use solely for advertising, sign or billboard purposes or to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, handbill, sign, poster, advertisement or notice of any kind, excepting in the case of a public officer or a private person in giving a legal notice, upon any property within 350 feet of either side of the center line of the San Francisco-Oakland Bay Bridge, and/or bridge ramp or approaches thereto, and when visible from the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereof, situated in the City and County of San Francisco; provided, however, that nothing herein contained shall be deemed to restrict or prohibit the use for advertising

purposes of, or the changing of advertising copy on, any advertising sign or advertising structure now erected or maintained, or for the erection or maintenance of which advertising sign or advertising structure a permit has heretofore been issued, upon any property situated upon or within the area above named.

Section 2. It shall be unlawful for the owners, lessees, occupants, tenants, or agents of any real or personal property located within the limits defined in Section 1 hereof, to license or allow any such property to be leased or used in any manner whatsoever for any such advertising sign or billboard purposes; provided, however, that nothing in this section, or Section 1 hereof, shall be construed to prohibit the owner or occupant of any building within the limits prescribed in Section 1 hereof and conducting a business in such building, from having thereon a sign directing attention to the person occupying the premises in question or the business transacted therein, or advertising the property itself or any part thereof, as for sale, or to let, and which contains no other advertising matter, providing that such sign shall be of such size, design and location as may be approved by the City Planning Commission, as one that will reasonably serve one or more of said purposes, without being a distraction to traffic upon the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto.

Section 3. Any person, firm or corporation violating any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars ($500), or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

Each day any sign or signboard, bill or billboard, or any other advertising device or structure is continued or maintained in violation of the provisions of this ordinance, such continuance or maintenance shall be deemed a separate and distinct offense and shall be punishable accordingly.

Section 4. This ordinance shall take effect immediately.

## SPECIAL ORDER—4 P. M.

### Plan No. 7 for Distribution of Hetch Hetchy Power.

Called out of Special Committee by Supervisor Uhl.

After discussion participated in by Claude Brown, consulting engineer, Supervisors Brown, Uhl, Roncovieri, McSheehy, the following motion was made by Supervisor Uhl, seconded by Supervisor Schmidt:

That Lester S. Ready be employed to check Plan No. 7.

Motion *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Absent—Supervisor Colman—1.

*Explanation of Vote*

Supervisor Brown: I would like to explain my vote, Mr. Chairman. I don't feel, in the first place, that the Board of Supervisors have any authority to employ outside experts. I think that authority is clearly vested in the administrative branch of this government, and that it should be accomplished by a recommendation of a properly constituted branch of the government before we make any such motion; and in the second place, I don't think, even if the Board is held to have that power—it would be justifiable to have Mr. O'Toole sent for if such a step should be taken, without due process, without reference to committee, so, I am going to vote against it.

### Communication.

A communication dated September 30, 1936, from the Department of Water and Power of Los Angeles, signed Ralph L. Criswell, on the

question of power distribution was presented by Supervisor Uhl and read into the record.

**Action Deferred.**

Whereupon, on motion of Supervisor Uhl the hearing was *continued until Monday, November* 2, 1936, *at* 3:30 *p. m.*

**Meat Inspection Ordinance.**

(Code 17.04)

Bill No. 1158, Ordinance No. 17.044, as follows:

Providing for the inspection of meat and meat food products sold or delivered or offered for sale or delivery within the City and County of San Francisco; authorizing the Director of Public Health to adopt, promulgate and enforce regulations governing such inspection; providing for the payment and collection of fees to defray the cost of such inspection; defining certain terms used in this ordinance; and providing penalties for the violation of this ordinance; and repealing certain ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Definitions.* "Department" as used in this ordinance shall mean the Department of Public Health of the City and County of San Francisco.

"The Director" as used in this ordinance shall mean the Director of Public Health of the City and County of San Francisco.

The term "local meat" as used in this ordinance shall mean the carcass, or the part of any carcass, of any cattle, calf, sheep, lamb, goat or swine which has been killed within the City and County of San Francisco, including calves over four weeks of age which are killed outside of the City and County and brought into said City and County and inspected within said City and County as provided in Section 4 of this ordinance.

"Imported meat" as used in this ordinance shall mean the carcass or part of any carcass of any cattle, calf, sheep, lamb, goat or swine, or any meat food products of any cattle, calf, sheep, lamp, goat or swine, or any of them, which have been killed or manufactured or processed outside of the limits of the City and County, and which is shipped, carried or brought into the City and County of San Francisco, excepting calves over four weeks of age which are killed outside of the City and County and inspected within said City and County as provided by Section 4 of this ordinance, and which have not been inspected and marked "Approved" by the Department.

"Federal inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the Government of the United States.

"State inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the State of California.

"Local inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the City and County of San Francisco under approval of the Department of Agriculture of the State of California.

"Other approved inspection service" as used in this ordinance shall mean any inspection service maintained by any city or county, which said service has been approved and continues to be approved by the Department of Agriculture of the State of California.

"Meat food products" as used in this ordinance shall mean any article of food, or any article which enters into the composition of food for human consumption which is derived or prepared in whole or in part from any portion of the carcass of any of the animals mentioned in Section 2 of this ordinance, if such portion is all, or a considerable and definite portion of the article, except such articles as meat juices or meat extracts which are only for medical purposes and are advertised only to the medical profession.

"Imported Meat Food Products" as used in this ordinance shall mean any meat food product described above when said article of food is manufactured or processed outside of the City and County of San Francisco.

Section 2. *Meat Inspection Brands.* No person, firm or corporation shall expose for sale or offer for sale, or sell or otherwise dispose of, or have in his possession, in the City and County of San Francisco, any meat of any cattle, calf, sheep, lamb, goat or swine or any meat food products thereof, which does not have thereon the inspection mark or brand and stamp of approval of either the federal inspection, state inspection, local inspection or other approved inspection service. If any carcass of any animal heretofore named is kept, or offered for sale, or exposed within the City and County of San Francisco which does not bear one of the aforesaid stamps or brands, said Department shall take possession of and destroy said meat or meat food products.

Section 3. *No Meat Without Inspection to Be Shipped.* No person, firm or corporation shall ship, send, bring or cause to be brought into the City and County of San Francisco, the meat of any cattle, sheep, lamb, goat or swine, or any meat food products thereof, which does not bear the meat inspection brand or other mark of identification recognized by the Department, and/or the Department of Agriculture of the State of California.

Section 4. *Calves Over Four Weeks of Age.* The carcasses of calves in good healthy condition and over four weeks of age may be brought into the City and County of San Francisco, and each of said carcasses of such calves must be inspected and stamped and marked by the Department at the point of arrival of said carcasses of such calves in the City and County of San Francisco, or at their first place of rest.

Section 5. *Unsound, Unhealthful, etc., Meats.* All meats or meat food products which are unsound, unhealthful, unwholesome or otherwise unfit for food, shall be stamped or otherwise marked by the Department "San Francisco Department of Public Health Inspected and Condemned" and shall be destroyed or otherwise disposed of as provided by rule of the Department.

Section 6. *Reinspection.* All meats or meat food products sold or offered for sale in the City and County of San Francisco shall be subject to inspection and if found unfit for human consumptiion to be condemned by the Department.

Section 7. *Unlawful to Forge, Alter, etc., Brands.* It shall be unlawful for any person, firm or corporation to forge, counterfeit, simulate or falsely represent, or without proper authority to use or detach or wrongfully alter, deface or destroy any of the stamps or marks or brands recognized by the Department, on any cattle, calf, sheep, lamb, goat or swine, or any meat food products thereof, or any carcass, or any part of

parts of any carcass or carcasses named in Section 2 of this ordinance, except that the processer thereof may remove or destroy any stamp or mark before said carcass or portion thereof is processed, or any retail butcher may destroy said stamp or mark before any portion of said carcass is delivered to the ultimate consumer thereof.

Section 8. *Authority to Make Regulations.* The Department is authorized to adopt, promulgate and enforce such rules and regulations regarding the slaughter houses and places where meat food products are manufactured, as well as such rules and regulations relative to the inspection of meats and meat food products, as will enable the Department to enforce and carry out the meaning and intent of this ordinance, and to maintain the standard of meat inspection of the Department of Agriculture of the State of California.

Section 9. *Inspection of Imported Meat.* All meat of any of the animals mentioned in Section 2 of this ordinance which are killed outside the City and County of San Francisco and all meat food products manufactured outside of the City and County of San Francisco shall be subject to the inspection by the Department at their first place of rest in said City and County, for the purpose of ascertaining if said meat or said meat products bear an approved meat inspection service stamp, or brand, or mark, and also for the purpose of ascertaining if said meat has in any way deteriorated since said stamp or mark was affixed thereto. No person, firm or corporation shall sell or offer for sale in the City and County of San Francisco any imported meat or meat food product unless and until such meat or meat food product shall have been inspected by the Department as herein provided. The term "first place of rest" as herein used shall mean the point to which said imported meat or meat food product is delivered by the person transporting or carrying said meat into said City and County.

Every person, firm or corporation engaged, or who engages, in the business of selling, offering for sale, or distributing imported meat or imported meat food products in the City and County of San Francisco, other than a person purchasing said meat or meat products from one receiving the inspection service provided for in this section, shall apply to the Department of Public Health for the inauguration of an inspection service in such person's place of business. Such application shall be in writing, addressed to the Department on blanks furnished by said Department. In such application the applicant for inspection service shall agree to comply with the provisions of this ordinance and to maintain the place of business of said applicant in a clean and sanitary condition. Upon receipt of such application the Department shall make an inspection of the place of business of such applicant and if found clean and sanitary and properly equipped to conduct the business of the applicant in accordance with the rules and regulations of the Department, said Department shall inaugurate an inspection service therein. The applicant shall pay a fee for such inspection service, as hereinafter in subdivision (b) of Section 11 provided. In the event the applicant shall fail to pay such inspection fees as they fall due, or within ten days thereafter, the said Department may discontinue such inspection service.

All imported meat and imported meat food products, the inspection of which is provided for in this section, shall be stamped or marked as re-inspected by the Department.

It shall be unlawful for any person, firm or corporation to sell or deliver to anyone not receiving the inspection service, provided for in this section, any imported meat or imported meat food products which have not been so re-inspected.

Section 10. *State Laws.* All of the provisions of the Agricultural Code of the State of California, as well as the rules and regulations made under authority of said code, regarding the inspection and examination of any of the animals mentioned in Section 2 of this ordinance, as well as regarding the killing of said animals and the inspection,

keeping and handling of the meat of said animals, and meat food products thereof, except in so far as the same are changed or modified by this or other ordinances of the City and County of San Francisco, or by rules made under authority of said ordinances, shall apply to the inspection and examination and killing of said animals mentioned in said Section 2 and to the inspection, keeping and handling of the meat of said animals.

Section 11. *Fees and Charges.* For the purpose of meeting and providing for the cost of the inspection and examinations provided for in this ordinance, the following fees shall be paid to the Tax Collector of the City and County:

(a) All persons, firms and corporations killing, dressing and making ready for market in the City and County of San Francisco any of the animals mentioned in Section 2 of this ordinance shall pay the sum of two (2c) cents per each one hundred pounds of the meat of said animals as weighed after said animals have been killed and dressed.

(b) All persons, firms or corporations receiving the inspection service provided for in Section 9 of this ordinance shall pay the sum on one and one-half (1½c) cents for each one hundred pounds of said imported meat or meat food products received by him.

(c) Any person, firm or corporation manufacturing or offering for sale any meat food products shall pay an annual inspection fee of fifty ($50) dollars per year, payable semi-annually in advance, and, in addition to the said annual inspection fee, shall pay the following amounts based upon the amount of meat food products manufactured per month, namely:

| *Exceeding* | *But Not Exceeding* | |
|---|---|---|
| 5,000 lbs. | 10,000 lbs. per month | $ 25.00 per year |
| 10,000 " | 20,000 " " " | 50.00 " " |
| 20,000 " | 30,000 " " " | 75.00 " " |
| 30,000 " | 40,000 " " " | 100.00 " " |
| 40,000 " | 50,000 " " " | 125.00 " " |
| 50,000 " | 60,000 " " " | 150.00 " " |
| 60,000 " | 70,000 " " " | 175.00 " " |
| 70,000 " | 80,000 " " " | 200.00 " " |
| 80,000 " | 90,000 " " " | 225.00 " " |
| 90,000 " | 100,000 " " " | 250.00 " " |

All of said persons, firms or corporations mentioned in Subdivisions (a), (b) and (c) of this section shall keep full, true and correct books of account showing in pounds the amount of meat killed or dressed, or imported, as well as the amount of meat food products manufactured or imported, and each of said persons shall on or before the 10th day of each calendar month file with the Department and with the Tax Collector a verified statement showing in pounds the amount of meat killed, dressed or imported, or the amount of meat food products manufactured during the preceding calendar month, and shall thereupon pay to said Tax Collector the amount due for the inspection of the same, as in this section provided.

The books of account mentioned herein shall at all times be opened to the inspection of the Department or of the Controller or his representatives.

The Controller shall provide for the method of billing, collecting and accounting for all amounts to become due under this ordinance.

Section 12. The Director shall make and enforce such rules and regulations as shall provide for the inspection of imported meat and imported meat food products as will enable him to properly inspect and stamp the same, in all cases where the person, firm or corporation bringing the same into the City and County, or offering the same for sale or delivery therein, has not arranged for the inspection service provided for in Section 9 of this ordinance, and for the purpose of

accomplishing said inspection may provide places or depots where said imported meat or imported meat food products shall be inspected and stamped.

Section 13. All persons, firms or corporations selling, or offering for sale, any meat or meat food products from any vehicle, wagon, truck, cart or automobile, shall keep said vehicle, wagon, truck, cart or automobile in a clean and sanitary condition, and the same shall be subject to inspection by the Department.

No person, firm or corporation shall engage in the business of selling, or offering for sale, any meat or meat food products from any vehicle, wagon, truck, cart or automobile without first obtaining a permit from the Department. Such person, firm or corporation shall pay an annual license fee of fifty ($50) dollars, payable quarterly for each such vehicle.

Section 14. *Penalties.* Any person, firm or corporation, or their agents violating any of the provisions of this ordinance, or failing to comply with any direction or order of the Director of Public Health of the City and County of San Francisco, given pursuant to the provisions of this ordinance, or any agent of said Director, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than fifty ($50) dollars, nor more than five hundred ($500) dollars, or by imprisonment in the County Jail for a period of not less than ten (10) days nor more than three (3) months, or by both such fine and imprisonment and any violation of the provisions of this ordinance shall subject the violator thereof to revocation of any and all permits held.

Each day that the violation of this ordinance or the failure to comply with the directions of the Director of Public Health of the City and County of San Francisco, given in accordance with the provisions of this ordinance, shall continue, shall constitute a new and separate offense and shall be punishable accordingly as herein provided.

Section 15. *Repeals and Exemptions.* Ordinance No. 1265 (New Series), and Section 67, Ordinance No. 5132 (New Series), are hereby repealed, and any person, firm or corporation paying the fees provided in this ordinance shall be exempt from the payment of the fees provided for in Section 18, Ordinance No. 3.0412.

## SPECIAL ORDER—3 P. M.

**Withdrawn.**

The following matter, upon request of Supervisor Shannon, the author of the resolution, was *withdrawn fram the Calendar*:

**Regulating Billboard Advertising at Bay Bridge Approach.**

(Code No. 11.08)

Supervisor Shannon presented:

Bill No. 1150, Ordinance No. 11.0819, as follows:

An ordinance regulating the location, erection or placing of any sign or signboard, bill or billboard, or any advertising device or structure, movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use solely for advertisement sign or billboard purposes, in certain localities in the City and County of San Francisco, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to erect, paint or in any manner place any sign or signboard, bill or billboards, or any advertising device or structure, movable or immovable, temporary or permanent, and designed or intended for use solely for advertising, sign or billboard purposes, or to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, handbill, sign, poster, advertisement or notice of any kind, excepting in the case of a public officer or a private person in giving a legal notice, upon any property within 350 feet of either side of the center line of the San Francisco-Oakland Bay Bridge, and/or bridge ramp or approaches thereto, and when visible from the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereof, situated in the City and County of San Francisco; provided, however, that nothing herein contained shall be deemed to restrict or prohibit the use for advertising purposes of, or the changing of advertising copy on, any advertising sign or advertising structure now erected or maintained, or for the erection or maintenance of which advertising sign or advertising structure a permit has heretofore been issued, upon any property situated upon or within the area above named.

Section 2. It shall be unlawful for the owners, lessees, occupants, tenants or agents of any real or personal property located within the limits defined in Section (1) hereof, to license or allow any such property to be leased or used in any manner whatsoever for any such advertising sign or billboard purposes; provided, however, that nothing in this section, or Section (1) hereof, shall be construed to prohibit the owner or occupant of any building within the limits pre-

scribed in Section (1) hereof and conducting a business in such building, from having thereon a sign directing attention to the person occupying the premises in question or the business transacted therein, or advertising the property itself or any part thereof, as for sale, or to let, and which contains no other advertising matter, providing that such sign shall be of such size, design and location as may be approved by the City Planning Commission, as one that will reasonably serve one or more of said purposes, without being a distraction to traffic upon the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto.

Section 3. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding five hundred ($500) dollars, or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

Each day any sign or signboard, bill or billboard, or any other advertising device or structure is continued or maintained in violation of the provisions of this ordinance, such continuance or maintenance shall be deemed a separate and distinct offense and shall be punishable accordingly.

Section 4. This ordinance shall take effect immediately.

## SPECIAL ORDER—3:30 P. M.

The following matter was taken up:

### Meat Inspection Ordinance.

(Code 17.04)

Bill No. 1158, Ordinance No. 17.044, as follows:

Providing for the inspection of meat ana meat food products sold or delivered or offered for sale or delivery within the City and County of San Francisco; authorizing the Director of Public Health to adopt, promulgate and enforce regulations governing such inspection; providing for the payment and collection of fees to defray the cost of such inspection; defining certain terms used in this ordinance; and providing penalties for the violation of this ordinance; and repealing certain ordinances in conflict herewith. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Definitions.* "Department" as used in this ordinance shall mean the Department of Public Health of the City and County of San Francisco.

"The Director" as used in this ordinance shall mean the Director of Public Health of the City and County of San Francisco.

The term "local meat" as used in this ordinance shall mean the carcass, or the part of any carcass, of any cattle, calf, sheep, lamb, goat or swine which has been killed within the City and County of San Francisco, including calves over four weeks of age which are killed outside of the City and County and brought into said City and County and inspected within said City and County as provided in Section 4 of this ordinance.

"Imported meat" as used in this ordinance shall mean the carcass or part of any carcass of any cattle, calf, sheep, lamb, goat or swine, or any meat food products of any cattle, calf, sheep, lamp, goat or swine, or any of them, which have been killed or manufactured or processed outside of the limits of the City and County, and which is shipped, carried or brought into the City and County of San Francisco, excepting calves over four weeks of age which are killed outside of the City and County and inspected within said City and County as provided by Sec-

tion 4 of this ordinance, and which have not been inspected and marked "Approved" by the Department.

"Federal inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the Government of the United States.

"State inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the State of California.

"Local inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the City and County of San Francisco under approval of the Department of Agriculture of the State of California.

"Other approved inspection service" as used in this ordinance shall mean any inspection service maintained by any city or county, which said service has been approved and continues to be approved by the Department of Agriculture of the State of California.

"Meat food products" as used in this ordinance shall mean any article of food, or any article which enters into the composition of food for human consumption which is derived or prepared in whole or in part from any portion of the carcass of any of the animals mentioned in Section 2 of this ordinance, if such portion is all, or a considerable and definite portion of the article, except such articles as meat juices or meat extracts which are only for medical purposes and are advertised only to the medical profession.

"Imported Meat Food Products" as used in this ordinance shall mean any meat food product described above when said article of food is manufactured or processed outside of the City and County of San Francisco.

Section 2. *Meat Inspection Brands.* No person, firm or corporation shall expose for sale or offer for sale, or sell or otherwise dispose of, or have in his possession, in the City and County of San Francisco, any meat of any cattle, calf, sheep, lamb, goat or swine or any meat food products thereof, which does not have thereon the inspection mark or brand and stamp of approval of either the federal inspection, state inspection, local inspection or other approved inspection service. If any carcass of any animal heretofore named or meat food products are kept, or offered for sale, or exposed within the City and County of San Francisco which does not bear one of the aforesaid stamps or brands, said Department shall take possession of and destroy said meat or meat food products.

Section 3. *No Meat Without Inspection to Be Shipped.* No person, firm or corporation shall ship, send, bring or cause to be brought into the City and County of San Francisco, the meat of any cattle, sheep, lamb, goat or swine, or any meat food products thereof, which does not bear the meat inspection brand or other mark of identification recognized by the Department, and/or the Department of Agriculture of the State of California.

Section 4. *Calves Weighing More Than Fifty-five Pounds for Smaller Breeds or Sixty-five Pounds for Larger Breeds, Exclusive of Head, Heart, Lungs and Liver.* The carcasses of calves in good healthy condition may be brought into the City and County of San Francisco, and each of said carcasses of such calves must be inspected and stamped and marked by the Department at the point of arrival of said carcasses of such calves in the City and County of San Francisco, or at their first place of rest.

Section 5. *Unsound, Unhealthful, etc., Meats.* All meats or meat food products which are unsound, unhealthful, unwholesome or otherwise unfit for food, shall be stamped or otherwise marked by the Department "San Francisco Department of Public Health Inspected and Condemned" and shall be destroyed or otherwise disposed of as provided by rule of the Department.

Section 6. *Reinspection.* All meats or meat food products sold or

offered for sale in the City and County of San Francisco shall be subject to reinspection and condemnation by the Department.

Section 7. *Unlawful to Forge, Alter, etc., Brands.* It shall be unlawful for any person, firm or corporation to forge, counterfeit, simulate or falsely represent, or without proper authority to use or detach or wrongfully alter, deface or destroy any of the stamps or marks or brands recognized by the Department, on any cattle, calf, sheep, lamb, goat or swine, or any meat food products thereof, or any carcass, or any part of parts of any carcass or carcasses named in Section 2 of this ordinance, except that the processer thereof may remove or destroy any stamp or mark before said carcass or portion thereof is processed, or any retail butcher may destroy said stamp or mark before any portion of said carcass is delivered to the ultimate consumer thereof.

Section 8. *Authority to Make Regulations.* The Department is authorized to adopt, promulgate and enforce such rules and regulations regarding the slaughter houses and places where meat food products are manufactured, as well as such rules and regulations relative to the inspection of meats and meat food products, as will enable the Department to enforce and carry out the meaning and intent of this ordinance, and to maintain the standard of meat inspection of the Department of Agriculture of the State of California.

Section 9. All meat of any of the animals mentioned in Section 2 of this ordinance which are killed outside of the City and County of San Francisco, and all meat food products manufactured outside of the City and County of San Francisco shall be subject to inspection by the Department at their first place of rest in said City and County for the purpose of ascertaining if said meat or said meat food product bears an approved meat inspection service stamp, or brand, or mark, and also for the purpose of ascertaining if said meat has in any way deteriorated since said stamp or mark was affixed thereto. The term "first place of rest," as herein used, shall mean the point to which said imported meat or meat food product is delivered by the person transporting or carrying said meat or meat food products into said City and County. It shall be unlawful for any person, firm or corporation transporting or carrying said imported meat or meat food products into said City and County to sell or deliver the same to anyone in said City and County not receiving the inspection service provided for in this section, but it shall be lawful for such person to sell or deliver to one receiving such service. Other than the sale to one receiving such inspection service as hereinabove provided, no person, firm or corporation shall sell or offer for sale in the City and County of San Francisco any imported meat or meat food products unless and until such person shall have applied for and obtained inspection service from the Department, as hereinafter provided, and then only during such period as said inspection service shall be extended to such person by said Department, or unless such person shall have purchased such meat or meat food products from one receiving the inspection service provided for in this section.

Every person, firm or corporation engaged, or who engages, in the business of selling, offering for sale, or distributing imported meat or imported meat food products in the City and County of San Francisco, other than a person purchasing said meat or meat food products from one receiving the inspection service provided for in this section, or one selling to one receiving such service, shall apply to the Department for the inauguration of an inspection service in such person's place of business. Such application shall be in writing, addressed to the Department on blanks furnished by said Department. In such application the applicant for inspection service shall agree to comply with the provisions of this ordinance and to maintain the place of business of said applicant in a clean and sanitary condition. Upon receipt of such application the Department shall make an inspection of the place of business of such applicant and if found clean

and sanitary and properly equipped to conduct the business of the applicant in accordance with the rules and regulations of the Department, said Department shall inaugurate an inspection service therein. The applicant shall pay a fee for such inspection service, as hereinafter in subdivision (b) of Section 11 provided. In the event the applicant shall fail to pay such inspection fees as they fall due, or within ten days thereafter, the said Department may discontinue such inspection service.

Section 10. *State Laws.* All of the provisions of the Agricultural Code of the State of California, as well as the rules and regulations made under authority of said code, regarding the inspection and examination of any of the animals mentioned in Section 2 of this ordinance, as well as regarding the killing of said animals and the inspection, keeping and handling of the meat of said animals, and meat food products thereof, except in so far as the same are changed or modified by this or other ordinances of the City and County of San Francisco, or by rules made under authority of said ordinances, shall apply to the inspection and examination and killing of said animals mentioned in said Section 2 and to the inspection, keeping and handling of the meat of said animals.

Section 11. *Fees and Charges.* For the purpose of meeting and providing for the cost of the inspection and examinations provided for in this ordinance, the following fees shall be paid to the Tax Collector of the City and County:

(a) All persons, firms and corporations killing, dressing and making ready for market in the City and County of San Francisco any of the animals mentioned in Section 2 of this ordinance shall pay the sum of two (2c) cents per each one hundred pounds of the meat of said animals as weighed after said animals have been killed and dressed.

(b) All persons, firms or corporations receiving the inspection service provided for in Section 9 of this ordinance shall pay the sum of one and one-half (1½c) cents for each one hundred pounds of said imported meat or meat food products received by him.

(c) Any person, firm or corporation manufacturing and offering for sale any meat food products shall pay an annual inspection fee of fifty ($50) dollars per year, payable semi-annually in advance, and, in addition to the said annual inspection fee, shall pay the following amounts based upon the amount of meat food products manufactured per month, namely:

| *Exceeding* | *But Not Exceeding* | |
|---|---|---|
| 5,000 lbs. | 10,000 lbs. per month | $ 25.00 per year |
| 10,000 " | 20,000 " " " | 50.00 " " |
| 20,000 " | 30,000 " " " | 75.00 " " |
| 30,000 " | 40,000 " " " | 100.00 " " |
| 40,000 " | 50,000 " " " | 125.00 " " |
| 50,000 " | 60,000 " " " | 150.00 " " |
| 60,000 " | 70,000 " " " | 175.00 " " |
| 70,000 " | 80,000 " " " | 200.00 " " |
| 80,000 " | 90,000 " " " | 225.00 " " |
| 90,000 " | 100,000 " " " | 250.00 " " |

All of said persons, firms or corporations mentioned in Subdivisions (a), (b) and (c) of this section shall keep full, true and correct books of account showing in pounds the amount of meat killed or dressed, or imported, as well as the amount of meat food products manufactured or imported, and each of said persons shall on or before the 10th day of each calendar month file with the Department and with the Tax Collector a verified statement showing in pounds the amount of meat killed, dressed or imported, or the amount of meat food products manufactured or imported during the preceding calendar month, and shall thereupon pay to said Tax Collector the amount due for the inspection of the same, as in this section provided.

The books of account mentioned herein shall at all times be opened to the inspection of the Department or of the Controller or his representatives.

The Controller shall provide for the method of billing, collecting and accounting for all amounts to become due under this ordinance.

Section 12. The Director shall make and enforce such rules and regulations as shall provide for the inspection of imported meat and imported meat food products as will enable him to properly inspect and stamp the same, in all cases where the person, firm or corporation bringing the same into the City and County, or offering the same for sale or delivery therein, has not arranged for the inspection service provided for in Section 9 of this ordinance, and for the purpose of accomplishing said inspection may provide places or depots where said imported meat or imported meat food products shall be inspected and stamped.

Section 13. All persons, firms or corporations selling, or offering for sale, any meat or meat food products from any vehicle, wagon, truck, cart or automobile, shall keep said vehicle, wagon, truck, cart or automobile in a clean and sanitary condition, and the same shall be subject to inspection by the Department.

Any person, firm or corporation, without a fixed or established place of business within the City and County of San Francisco, engaging in the business of selling, or offering for sale, any meat or meat food products, from any vehicle, wagon, truck, cart or automobile, shall first obtain a permit from the Department, and shall pay an annual inspection fee of fifty dollars ($50), payable quarterly, in advance, for each such vehicle. All persons, firms or corporations processing meat food products, and paying the inspection fee provided for in Subdivision (c) of Section 11 herein, shall be exempt from the payment of the fee under this section.

Each such vehicle shall have printed conspicuously on both sides the firm name, address and Department permit number of the vehicle in letters and figures not less than three (3) inches in height.

Every person, firm or corporation paying the fees provided for in this ordinance shall be exempt from the provisions of Bill No. 141, Ordinance No. 3.04112, covering the same classification.

Section 14. *Penalties.* Any person, firm or corporation, or their agents violating any of the provisions of this ordinance, or failing to comply with any direction or order of the Director of Public Health of the City and County of San Francisco, given pursuant to the provisions of this ordinance, or any agent of said Director, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than fifty ($50) dollars, nor more than five hundred ($500) dollars, or by imprisonment in the County Jail for a period of not less than ten (10) days nor more than three (3) months, or by both such fine and imprisonment and any violation of the provisions of this ordinance shall subject the violator thereof to revocation of any and all permits held.

Each day that the violation of this ordinance or the failure to comply with the directions of the Director of Public Health of the City and County of San Francisco, given in accordance with the provisions of this ordinance, shall continue, shall constitute a new and separate offense and shall be punishable accordingly as herein provided.

Section 15. *Repeals and Exemptions.* Ordinance No. 1265 (New Series), and Section 67, Ordinance No. 5132 (New Series), are hereby repealed, and any person, firm or corporation paying the fees provided in this ordinance shall be exempt from the payment of the fees provided for in Section 18, Ordinance No. 3.0412.

Section 16. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, sub-section, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any

one or more sections, sub-sections, subdivisions, sentences, clauses or phrases is declared unconstitutional or invalid for any reason.

Section 17. This ordinance is passed by an emergency measure, and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows: That the inspection of meats as provided for in said ordinance is necessary for the preservation of the health of the people of the City and County, and that the collection of the fees provided for in said ordinance is necessary for the uninterrupted operation of the Department of Public Health.

**Committee of the Whole.**

On motion, the Board of Supervisors resolved itself into a Committee of the Whole, with Supervisor Ratto in the chair.

City Attorney O'Toole explained the controversial points in sections 9, 11 and 13.

Ed. Turner, representing meat jobbers; Ray Williamson, representing the California Meat Council; D. N. Topplemeyer, representing the California Meat Council; Leon Morris, representing San Francisco abattoirs, and A. DeVeto, representing sausage companies, were heard at length on the pending ordinance.

Whereupon, the matter was taken in the hands of the Board.

**Committee Arises.**

Whereupon, on motion, the Committee of the Whole arose and reported to the Board.

**Amendments.**

Supervisor Shannon moved the following amendments:

That Section 11, Subdivision (c), be amended in first line thereof by adding after the word "corporation," the words "in the City and County of San Francisco."

Also, that Section 13, second paragraph, fourth line, after the word "automobile," insert the words "except when said meat or meat food products are delivered to one having inspection service as provided for in Section 9 of this ordinance."

Amendments *carried without objection.*

**Finally Passed.**

Whereupon, the following bill, as amended, was *finally passed* by the following vote:

**Meat Inspection Ordinance.**

(Code No. 17.04)

Bill No. 1158, Ordinance No. 17.044, as follows:

Providing for the inspection of meat and meat food products sold or delivered or offered for sale or delivery within the City and County of San Francisco; authorizing the Director of Public Health to adopt, promulgate and enforce regulations governing such inspection; providing for the payment and collection of fees to defray the cost of such inspection; defining certain terms used in this ordinance; and providing penalties for the violation of this ordinance; and repealing certain ordinances in conflict herewith. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Definitions.* "Department" as used in this ordinance shall mean the Department of Public Health of the City and County of San Francisco.

"The Director" as used in this ordinance shall mean the Director of Public Health of the City and County of San Francisco.

The term "local meat" as used in this ordinance shall mean the carcass, or the part of any carcass, of any cattle, calf, sheep, lamb, goat or swine which has been killed within the City and County of San Francisco, including carcasses of calves in good healthy condition and weighing more than 55 pounds for smaller breeds, or 65 pounds for larger breeds, exclusive of head, heart, lungs and liver, which are killed outside of the City and County and brought into said City and County and inspected within said City and County as provided in Section 4 of this ordinance.

"Imported meat" as used in this ordinance shall mean the carcass or part of any carcass of any cattle, calf, sheep, lamb, goat or swine, or any meat food products of any cattle, calf, sheep, lamb, goat or swine, or any of them, which have been killed or manufactured or processed outside of the limits of the City and County, and which is shipped, carried or brought into the City and County of San Francisco, excepting carcasses of calves in good healthy condition and weighing more than 55 pounds for smaller breeds, or 65 pounds for larger breeds, exclusive of head, heart, lungs and liver, which are killed outside of the City and County and inspected within said City and County as provided by Section 4 of this ordinance, and which have not been inspected and marked "Approved" by the Department.

"Federal inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the Government of the United States.

"State inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the State of California.

"Local inspection" as used in this ordinance shall mean any service for the inspection of meat maintained by the City and County of San Francisco under approval of the Department of Agriculture of the State of California.

"Other approved inspection service" as used in this ordinance shall mean any inspection service maintained by any city or county, which said service has been approved and continues to be approved by the Department of Agriculture of the State of California.

"Meat food products" as used in this ordinance shall mean any article of food, or any article which enters into the composition of food for human consumption which is derived or prepared in whole or in part from any portion of the carcass of any of the animals mentioned in Section 2 of this ordinance, if such portion is all, or a considerable and definite portion of the article, except such articles as meat juices or meat extracts which are only for medical purposes and are advertised only to the medical profession.

"Imported Meat Food Products" as used in this ordinance shall mean any meat food product described above when said article of food is manufactured or processed outside of the City and County of San Francisco.

Section 2. *Meat Inspection Brands.* No person, firm or corporation shall expose for sale or offer for sale, or sell or otherwise dispose of, or have in his possession, in the City and County of San Francisco, any meat of any cattle, calf, sheep, lamb, goat or swine or any meat food products thereof, which does not have thereon the inspection mark or brand and stamp of approval of either the federal inspection, state inspection, local inspection or other approved inspection service. If any carcass of any animal heretofore named or meat food products are kept, or offered for sale, or exposed within the City and County of San Francisco which does not bear one of the aforesaid stamps or brands, said Department shall take possession of and destroy said meat or meat food products.

Section 3. *No Meat Without Inspection to Be Shipped.* No person, firm or corporation shall ship, send, bring or cause to be brought into the City and County of San Francisco, the meat of any cattle, sheep, lamb, goat or swine, or any meat food products thereof, which does not bear the meat inspection brand or other mark of identification recognized by the Department, and/or the Department of Agriculture of the State of California.

Section 4. *Calves.* The carcasses of calves in good healthy condition and weighing more than 55 pounds for smaller breeds or 65 pounds for larger breeds, exclusive of head, heart, lungs and liver, may be brought into the City and County of San Francisco, and each of said carcasses of such calves must be inspected and stamped and marked by the Department at the point of arrival of said carcasses of such calves in the City and County of San Francisco, or at their first place of rest.

Section 5. *Unsound, Unhealthful, etc., Meats.* All meats or meat food products which are unsound, unhealthful, unwholesome or otherwise unfit for food, shall be stamped or otherwise marked by the Department "San Francisco Department of Public Health Inspected and Condemned" and shall be destroyed or otherwise disposed of as provided by rule of the Department.

Section 6. *Reinspection.* All meats or meat food products sold or offered for sale in the City and County of San Francisco shall be subject to reinspection and condemnation by the Department.

Section 7. *Unlawful to Forge, Alter, etc., Brands.* It shall be unlawful for any person, firm or corporation to forge, counterfeit, simulate or falsely represent, or without proper authority to use or detach or wrongfully alter, deface or destroy any of the stamps or marks or brands recognized by the Department, on any cattle, calf, sheep, lamb, goat or swine, or any meat food products thereof, or any carcass, or any part or parts of any carcass or carcasses named in Section 2 of this ordinance, except that the processer thereof may remove or destroy any stamp or mark before said carcass or portion thereof is processed, or any retail butcher may destroy said stamp or mark before any portion of said carcass is delivered to the ultimate consumer thereof.

Section 8. *Authority to Make Regulations.* The Department is authorized to adopt, promulgate and enforce such rules and regulations regarding the slaughter houses and places where meat food products are manufactured, as well as such rules and regulations relative to the inspection of meats and meat food products, as will enable the Department to enforce and carry out the meaning and intent of this ordinance, and to maintain the standard of meat inspection of the Department of Agriculture of the State of California.

Section 9. All meat of any of the animals mentioned in Section 2 of this ordinance which are killed outside of the City and County of San Francisco, and all meat food products manufactured outside of the City and County of San Francisco shall be subject to inspection by the Department at their first place of rest in said City and County for the purpose of ascertaining if said meat or said meat food product bears an approved meat inspection service stamp, or brand, or mark, and also for the purpose of ascertaining if said meat has in any way deteriorated since said stamp or mark was affixed thereto. The term "first place of rest," as herein used, shall mean the point to which said imported meat or meat food product is delivered by the person transporting or carrying said meat or meat food products into said City and County. It shall be unlawful for any person, firm or corporation transporting or carrying said imported meat or meat food products into said City and County to sell or deliver the same to anyone in said City and County not receiving the inspection service provided for in this section, but it shall be lawful for such person to sell or deliver to

one receiving such service. Other than the sale to one receiving such inspection service as hereinabove provided, no person, firm or corporation shall sell or offer for sale in the City and County of San Francisco any imported meat or meat food products unless and until such person shall have applied for and obtained inspection service from the Department, as hereinafter provided, and then only during such period as said inspection service shall be extended to such person by said Department, or unless such person shall have purchased such meat or meat food products from one receiving the inspection service provided for in this section.

Every person, firm or corporation engaged, or who engages, in the business of selling, offering for sale, or distributing imported meat or imported meat food products in the City and County of San Francisco, other than a person purchasing said meat or meat food products from one receiving the inspection service provided for in this section, or one selling to one receiving such service, shall apply to the Department for the inauguration of an inspection service in such person's place of business. Such application shall be in writing, addressed to the Department on blanks furnished by said Department. In such application the applicant for inspection service shall agree to comply with the provisions of this ordinance and to maintain the place of business of said applicant in a clean and sanitary condition. Upon receipt of such application the Department shall make an inspection of the place of business of such applicant and if found clean and sanitary and properly equipped to conduct the business of the applicant in accordance with the rules and regulations of the Department, said Department shall inaugurate an inspection service therein. The applicant shall pay a fee for such inspection service, as hereinafter in subdivision (b) of Section 11 provided. In the event the applicant shall fail to pay such inspection fees as they fall due, or within ten days thereafter, the said Department may discontinue such inspection service.

Section 10. *State Laws.* All of the provisions of the Agricultural Code of the State of California, as well as the rules and regulations made under authority of said code, regarding the inspection and examination of any of the animals mentioned in Section 2 of this ordinance, as well as regarding the killing of said animals and the inspection, keeping and handling of the meat of said animals, and meat food products thereof, except in so far as the same are changed or modified by this or other ordinances of the City and County of San Francisco, or by rules made under authority of said ordinances, shall apply to the inspection and examination and killing of said animals mentioned in said Section 2 and to the inspection, keeping and handling of the meat of said animals.

Section 11. *Fees and Charges.* For the purpose of meeting and providing for the cost of the inspection and examinations provided for in this ordinance, the following fees shall be paid to the Tax Collector of the City and County:

(a) All persons, firms and corporations killing, dressing and making ready for market in the City and County of San Francisco any of the animals mentioned in Section 2 of this ordinance shall pay the sum of two (2c) cents per each one hundred pounds of the meat of said animals as weighed after said animals have been killed and dressed.

(b) All persons, firms or corporations receiving the inspection service provided for in Section 9 of this ordinance shall pay the sum of one and one-half (1½c) cents for each one hundred pounds of said imported meat or meat food products received by him.

(c) Any person, firm or corporation in the City and County of San Francisco manufacturing and offering for sale any meat food products shall pay an annual inspection fee of fifty ($50) dollars per year, payable semi-annually, in advance, and, in addition to the said annual inspection fee, shall pay the following amounts based upon the amount of meat food products manufactured per month, namely:

| *Exceeding* | | *But Not Exceeding* | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 5,000 | lbs. | 10,000 | lbs. | per | month | $ 25.00 | per | year |
| 10,000 | " | 20,000 | " | " | " | 50.00 | " | " |
| 20,000 | " | 30,000 | " | " | " | 75.00 | " | " |
| 30,000 | " | 40,000 | " | " | " | 100.00 | " | " |
| 40,000 | " | 50,000 | " | " | " | 125.00 | " | " |
| 50,000 | " | 60,000 | " | " | " | 150.00 | " | " |
| 60,000 | " | 70,000 | " | " | " | 175.00 | " | " |
| 70,000 | " | 80,000 | " | " | " | 200.00 | " | " |
| 80,000 | " | 90,000 | " | " | " | 225.00 | " | " |
| 90,000 | " | 100,000 | " | " | " | 250.00 | " | " |

All of said persons, firms or corporations mentioned in Subdivisions (a), (b) and (c) of this section shall keep full, true and correct books of account showing in pounds the amount of meat killed or dressed, or imported, as well as the amount of meat food products manufactured or imported, and each of said persons shall on or before the 10th day of each calendar month file with the Department and with the Tax Collector a verified statement showing in pounds the amount of meat killed, dressed or imported, or the amount of meat food products manufactured or imported during the preceding calendar month, and shall thereupon pay to said Tax Collector the amount due for the inspection of the same, as in this section provided.

The books of account mentioned herein shall at all times be opened to the inspection of the Department or of the Controller or his representatives.

The Controller shall provide for the method of billing, collecting and accounting for all amounts to become due under this ordinance.

Section 12. The Director shall make and enforce such rules and regulations as shall provide for the inspection of imported meat and imported meat food products as will enable him to properly inspect and stamp the same, in all cases where the person, firm or corporation bringing the same into the City and County, or offering the same for sale or delivery therein, has not arranged for the inspection service provided for in Section 9 of this ordinance, and for the purpose of accomplishing said inspection may provide places or depots where said imported meat or imported meat food products shall be inspected and stamped.

Section 13. All persons, firms or corporations selling, or offering for sale, any meat or meat food products from any vehicle, wagon, truck, cart or automobile, shall keep said vehicle, wagon, truck, cart or automobile in a clean and sanitary condition, and the same shall be subject to inspection by the Department.

Any person, firm or corporation, without a fixed or established place of business within the City and County of San Francisco engaging in the business of selling, or offering for sale, any meat or meat food products from any vehicle, wagon, truck, cart or automobile, except when said meat or meat food products are delivered to one having inspection service as provided for in Section 9 of this ordinance, shall first obtain a permit from the Department, and shall pay an annual inspection fee of fifty dollars ($50), payable quarterly in advance for each such vehicle. All persons, firms or corporations processing meat food products, and paying the inspection fee provided for in Subdivision (c) of Section 11 herein, shall be exempt from the payment of the fee under this section.

Each such vehicle shall have printed conspicuously on both sides the firm name, address and Department permit number of the vehicle in letters and figures not less than three (3) inches in height.

Every person, firm, or corporation paying the fees provided for in this ordinance shall be exempt from the provisions of Bill No. 141, Ordinance No. 3.04112, covering the same classification.

Section 14. *Penalties.* Any person, firm or corporation, or their agents, violating any of the provisions of this ordinance, or failing to

comply with any direction or order of the Director of Public Health of the City and County of San Francisco, given pursuant to the provisions of this ordinance, or any agent of said Director, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than fifty ($50) dollars, nor more than five hundred ($500) dollars, or by imprisonment in the County Jail for a period of not less than ten (10) days nor more than three (3) months, or by both such fine and imprisonment; and any violation of the provisions of this ordinance shall subject the violator thereof to revocation of any and all permits held.

Each day that the violation of this ordinance or the failure to comply with the directions of the Director of Public Health of the City and County of San Francisco, given in accordance with the provisions of this ordinance, shall continue, shall constitute a new and separate offense and shall be punishable accordingly as herein provided.

Section 15. *Repeals and Exemptions.* Ordinance No. 1265 (New Series), and Section 67, Ordinance No. 5132 (New Series), are hereby repealed, and any person, firm or corporation paying the fees provided in this ordinance shall be exempt from the payment of the fees provided for in Section 1, Ordinance No. 3.0412.

Section 16. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, sub-section, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, subdivisions, sentences, clauses or phrases is declared unconstitutional or invalid for any reason.

Section 17. This ordinance is passed as an emergency measure, and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows: That the inspection of meats as provided for in said ordinance is necessary for the preservation of the health of the people of the City and County, and that the collection of the fees provided for in said ordinance is necessary for the uninterrupted operation of the Department of Public Health.

**Favoring Additional Appropriation in State Budget to Enable Railroad Commission to Evaluate Public Utility Properties.**

(Code No. 5.3)

Supervisor Havenner presented:

Resolution No. 2908, as follows:

Whereas, the Legislature of the State of California will soon adopt a 1937-1938 State budget; and

Whereas, it is in the public interest that public utility rates in San Francisco be reduced; and

Whereas, the California Railroad Commission is handicapped in ordering and enforcing rate reductions by a shortage of funds with which to evaluate public utility properties; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby declare itself in favor of a liberal additional appropriation for the Railroad Commission in the budget for the coming biennium to enable said commission to evaluate public utility properties; and be it

Further Resolved, That an additional appropriation be earmarked for the specific purpose of evaluating properties of gas, electricity, telephone and water companies to the end that said commission may order, and sustain in the courts, legitimate reductions in the rates charged consumers for gas, electricity, water and telephone service; and be it

Further Resolved, That the Clerk of this Board be instructed to send a copy of this resolution to the California Legislature.

*Adopted* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

**Finance Committee to Provide for Rehabilitation and Clearing of Chambers of Board of Supervisors.**

Supervisor Mead presented:

Resolution No. ....., as follows:

Whereas, San Francisco will be a veritable Mecca for tourists and sightseers from now until the Exposition commemorating the completion of our two great birdges has ended, and

Whereas, the Civic Center and municipal buildings of the City and County of San Francisco are renowned throughout the world and will be one of the most popular points of interest for visiting guests, and

Whereas, the Chambers of the Board of Supervisors will, when cleaned and rehabilitated, present a scene of beauty and architectural charm; now, therefore, be it

Resolved, That the Finance Committee of this Board be and is hereby authorized and directed to devise ways and means of providing the money necessary to clean and rehabilitate these Chambers in the very near future, and to make report and recommendation thereon to this Board.

*Referred to Finance Committee.*

**Recreation Commission to Have Control of Playgrounds, Swimming Pools, Recreation Centers, Etc.**

Supervisor Colman presented, for reference to committee, proposed ordinance conferring on Recreation Commission, complete manage-

ment and control of all playgrounds, swimming pools and recreation centers in City and County, and summer camps and other public recreational units now, or hereafter owned by the City (not under jurisdiction of Park Commission).

*Referred to Education, Parks and Recreation Committee.*

**Rates of Interest for Bonds.**

Supervisor McSheehy requested that the Clerk ascertain from ten of the largest cities in the United States, what rate of interest they have been selling their bonds for during the past three months.

**Water Department Information Requested.**

Supervisor Uhl requested the Clerk to obtain the following information from the Public Utilities Commission: Set-up as to investment in the Hetch Hetchy Water System, presuming that the sale of water to San Mateo County will be applied to the Hetch Hetchy part of the system. If not, is it to be applied to the San Francisco Water Department? Mr. Uhl wishes to know just the valuation placed on each system, and how the Commission arrives at the figures placed upon the system, regarding the sale of water to San Mateo County.

**Meeting.**

Education, Parks and Recreation Committee, November 18, at 4 p. m.

**Death of Mrs. Charles H. Sooy.**

(Code No. 5.91)

Supervisors Shannon and Ratto presented:

Resolution No. 2906, as follows:

Whereas, our Heavenly Father has summoned Mrs. Charles Sooy to her eternal reward, and

Whereas, the City and County of San Francisco suffers through the loss of Mrs. Sooy; a lovable and charming character; a cherished companion and wife; a leader in society as well as civic affairs; a sportswoman of note; a true lover and friend of animals, and a sincere devotee of, and ardent worker for the promotion of all phases of scientific animal breeding and the advancement of the livestock industry, and

Whereas, those whose privilege it was to have known this dear lady now find themselves conscious of an empty place in their hearts; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the passing of Mrs. Charles H. Sooy and extends to her bereaved husband its heartfelt sympathy; and be it

Further Resolved, That when this Board of Supervisors adjourns it does so out of respect to the memory of Mrs. Charles H. Sooy.

*Adopted unanimously by rising vote.*

**RECESS.**

There being no further business, the Board of Supervisors, at 5:10 p. m., took a recess, to meet again tomorrow at 9 a. m., to canvass vote of the General Election of November 3, 1936.

Supervisor Mead moved that the President of the Board be requested to appoint a committee of three Supervisors to represent the City and County of San Francisco in the Tournament of Roses to be held in Pasadena on New Year's Day.

Motion *carried.*

**Relative to Special Election for Power Distribution or Rapid Transit.**

Supervisor McSheehy moved that when the Board recess, it does so to reconvene at 10 a. m., Tuesday, November 17, to consider whether there will be presented to the voters at a special election, the date to be fixed, proposal for rapid transit or for distribution of Hetch Hetchy power.

**Announcement.**

Meeting of Judiciary Committee announced for November 20, 4 p. m.

**RECESS.**

Whereupon, the Board of Supervisors at the hour of 6:50 p. m. took a recess until tomorrow at 10 a. m., when consideration will be given to Plan No. 7 for the municipal distribution of Hetch Hetchy power, and to the question of providing rapid transit for San Francisco.

J. S. DUNNIGAN, Clerk.

## TUESDAY, NOVEMBER 17, 1936, 10:30 A. M.

The Board of Supervisors reassembled pursuant to recess of yesterday for the purpose of giving consideration of Plan No. 7 for the municipal distribution of Hetch Hetchy power and to the question of Rapid Transit for San Francisco.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

Supervisor Shannon excused to attend meeting of Board of Directors of Golden Gate Bridge and Highway District.

Quorum present.

Supervisor Ratto was elected to preside.

THE CLERK: There should be a motion for a temporary presiding officer.

SUPERVISOR HAVENNER: I move Supervisor Ratto take the chair.

SUPERVISOR RATTO: Are there any objections? So ordered.

SUPERVISOR McSHEEHY: Mr. Chairman, I have here a motion that I have prepared in writing, and I would like the Clerk to read it, and I would like the attention of the entire Board. Read it rather slowly, so the entire Board can hear it.

THE CLERK: Supervisor McSheehy presents the following motion:

"I move that it be the policy and intention of this Board of Supervisors to submit to the people of San Francisco at the first appropriate election the question of municipal distribution of Hetch Hetchy power; and further, that this question so far as it involves bonds or financing other public projects, shall be exclusive at the said election; also this motion shall include request of the City Attorney to prepare the appropriate proceedings for the submission of the question of municipal distribution of Hetch Hetchy power, legally, to the voters; said procedure to include such Charter amendments, bond ordinances, or other legislation as are necessary to carry out the intention and policy of the Board of Supervisors."

SUPERVISOR UHL: I would ask that it be read again, please.

(The Clerk thereupon read the proposed motion.)

SUPERVISOR BROWN: Mr. Chairman——

THE CHAIRMAN: Is there a second to the motion?

SUPERVISOR BROWN: I was going to say that I would second that motion for Mr. McSheehy if he would take the part out about it being exclusive, for this reason: Mr. McSheehy, as you know, it only requires four votes of the Board of Supervisors to place a matter on the ballot and a majority of the Board might well vote for this measure and then find it is powerless to present any other measures from going on the ballot because of the four votes favoring such submission. So, I would suggest you eliminate the exclusion clause. In any event, I think the Board should discuss both of the matters before they exclude one of the other. I am offering a second, with that condition.

SUPERVISOR McSHEEHY: Naturally that would destroy the intent of the entire motion if I was to accept the suggestion made by Supervisor Brown. Now, if someone will second it I will state my reasons for a reply to that. The supervisor qualified his seconding of my motion, but if I receive a second it will be before the Board.

SUPERVISOR MEAD: Mr. Chairman, I would be glad to second the motion submitted by Supervisor McSheehy. However, before doing so I would like to have some assurance that the P. G. and E. would

be acceptable to a plan of that kind. We have no assurance, to the best of my knowledge, that they are agreeable to the proposed plan, and I don't know, to the best of my knowledge, whether that has been explained to the Board or not.

SUPERVISOR HAVENNER: I would ask Mr. McSheehy what he means by the word "appropriate election"?

SUPERVISOR McSHEEHY: Well, I mean the first appropriate election, naturally will be the election——

SUPERVISOR HAVENNER: I think it ought to be more specific. I want it put at the "first election." I don't want any "Appropriate election." The first election is the appropriate election in my judgment. I think this is the time when this project has the best chances of success it has ever had. Therefore, the first election will be the most appropriate election for the submission of this proposition. I am in favor of the idea, Mr. McSheehy, but your language is so complicated that I think it could be simplified throughout. I want the Hetch Hetchy power disposal proposition to be submitted at the next election, which is tentatively recommended as a date in February.

SUPERVISOR McSHEEHY: Mr. Supervisor Havenner, or any other supervisor, I would ask you to second it, and of course we can strike out—you can second it with the intent of striking out or adding to any of the language, and then it will be before us, so that is what I will ask with that thought in mind, and then we can strike out any of the words you wish afterward if we so conclude, because, of course, it will have to meet with the approval of the majority membership of this Board, but I want to get it before you.

SUPERVISOR MEAD: With that understanding, I will second it.

SUPERVISOR McSHEEHY: That is the understanding, Supervisor Mead.

SUPERVISOR UHL: May I ask, through the Chair, who drafted the resolution?

SUPERVISOR McSHEEHY: I drafted it myself.

SUPERVISOR UHL: What do you mean by the exclusion in that first paragraph?

SUPERVISOR McSHEEHY: I will go over any portion of it that you wish. I can't explain three portions at once. I think I will first explain the part Mr. Brown wanted. I think that is the fair thing. He asked the first question.

SUPERVISOR UHL: All right.

SUPERVISOR McSHEEHY: What was the question, Mr. Brown. You said you would second it if I struck out certain words.

SUPERVISOR BROWN: About the exclusion part of it.

SUPERVISOR McSHEEHY: May I answer your question? When I say "The exclusion of all others," I simply mean this, members of the Board: I for one member, and I think every other member of the Board feels the same way, that we should not attempt to place a Charter amendment before the people that we feel within ourselves would not pass. Now, we must first sell the idea to ourselves. I know I have tried to, in my own way, sell the first thought entirely to myself. If I can't sell it to myself I am a poor man to sell it to anybody else. Now, what position do we find ourselves in? We find ourselves in this position: We know that at the present time there is outstanding, if my memory serves me right, something like 163 million dollars worth of bonds, and I think there is something like 60 odd millions as the entire limit. We can't go over that. Now, if we attempt to place other bonds besides this particular bond before the people they will be defeated. We must place just one particular bond if we are going to carry it. Now, it is a mandate, almost a mandate from the Secretary of the Interior that we do distribute our own hydroelectric power—almost a mandate—this part of the contract that we have with our government that we must distribute that power. If we don't distribute that power the government of the United States can come right in and take the investment that we have made in the

Hetch Hetchy project, practically 130 millions of dollars. Now, we must—so therefore, when I write that word in there I mean just what I have written, that I cannot personally myself strike that word out. I would like to see this resolution passed by the whole Board, but if we are going to pass it in a way that we are going to put Hetch Hetchy on the ballot, and we are going to put some other bond resolution on the ballot, we will find that they will both be defeated and we are not only fooling ourselves but we are fooling the people of the city we are representing.

SUPERVISOR UHL: May I have a copy of the resolution?

SUPERVISOR McSHEEHY: I will have copies of the resolution made. That is the thought I have behind me on that.

SUPERVISOR UHL: In other words, may I ask, your thought is in the passage of this to exclude any debate on the rapid transit, is that it?

SUPERVISOR McSHEEHY: Yes—I want to be frank with you——

SUPERVISOR COLMAN: To exclude any debate?

SUPERVISOR McSHEEHY: No, not to exclude any debate.

SUPERVISOR COLMAN: You can't stop us from debating.

SUPERVISOR McSHEEHY: I can't do that.

SUPERVISOR UHL: We won't be able to go into the details of the rapid transit?

SUPERVISOR COLMAN: Yes, you will. My understanding of your motion is that you don't want to attempt to block any discussion the Board wishes to bring up?

SUPERVISOR McSHEEHY: I couldn't if I wanted to, but I have no such intention. Supervisor Havenner, you asked me a question?

SUPERVISOR HAVENNER: I don't understand the necessity for all of this debate. All I want to see done here is that the simple provision and agreement that the Charter amendment under discussion for the financing of the municipal power distribution system shall be presented at the next election, and then I shall oppose the submission at the same time of any other bond proceeding.

SUPERVISOR McSHEEHY: I can't see the logic of your entire objection.

SUPERVISOR HAVENNER: I am not objecting to that, except they are so complicated that I don't exactly understand what they mean.

SUPERVISOR McSHEEHY: I think you do, Supervisor. You and I have associated together for a long, long time——

SUPERVISOR HAVENNER: Yes, I would say so in just simple words that nobody could misunderstand it. I want to shut off the rapid transit, or anything else, from this next election, and that is what I am going to fight to do. I think I understand their strategy in this whole situation very thoroughly. If they can get something else on the ballot they will have a chance to kill Hetch Hetchy. I realize that. We might as well be completely frank about it. I want to have Hetch Hetchy power on this ballot alone, and nothing else. To my judgment, anybody who is trying to push anything else on this ballot is either consciously or unconsciously abetting in an effort to kill the Hetch Hetchy proposition.

SUPERVISOR McSHEEHY: My views entirely coincide with yours on that matter. I said to you a minute ago, and say it now—that is why I am in agreement with you on that. In placing this motion I have incorporated in it various parts of it so there would be no misunderstanding. If any member of the Board wishes to strike out any portion of it——

SUPERVISOR HAVENNER: I can't do it until I get a copy of it, and when I do I will be glad to make suggestions.

SUPERVISOR McSHEEHY: We will get them through as fast as we can, and have a couple stenographers work on them.

SUPERVISOR BROWN: I would like to ask Mr. McSheehy, have

you given thought to this situation: That, let us for the sake of argument suppose that the vote on your measure is six to five and it carries; Supervisor Havenner has already made very clear the fact that he intends to vote for this matter—now, it is quite easy to understand that we are not going to have an election before next year, in any event—I believe it is on January 4th.

SUPERVISOR UHL: February——

SUPERVISOR BROWN: Supervisor Havenner's connection with this Board terminates, and you don't know now who is going to take Supervisor Havenner's place, and looking forward a little bit maybe we are anticipating how the Board will feel when it finally comes to a vote to place this matter on the ballot next year—in other words, isn't all of this discussion more or less academic?

SUPERVISOR HAVENNER: I am still a member of the Board, Supervisor.

SUPERVISOR McSHEEHY: May I answer that question?

SUPERVISOR RONCOVIERI: We are getting nowhere and I would like to straighten this out if I can.

SUPERVISOR McSHEEHY: All right, I will sit down.

SUPERVISOR RONCOVIERI: Will you permit me to suggest something?

SUPERVISOR McSHEEHY: Yes, certainly.

SUPERVISOR RONCOVIERI: I think Supervisor Havenner and Supervisor McSheehy see eye to eye in this matter, have the same thought, and I think Supervisor McSheehy has written his thoughts and we all know what he means, but it is a little, if you will permit the criticism, it is a little too verbose, too many words to express the same thought. I would suggest that we recess for five minutes, and allow these two gentlemen to get together in the room there and come out here with something that will say just what you mean in as few words as possible.

SUPERVISOR HAVENNER: We can do that when it comes to the Board. I don't want to recess for that purpose. We can do that when it comes here.

SUPERVISOR RONCOVIERI: Well, we are doing nothing here.

SUPERVISOR McSHEEHY: Supervisor Brown has just asked a question in reference to Supervisor Havenner. Supervisor Brown, might I say this: I happen to be a member of this Charter Provision Committee—I happen to be a member of the Legislative Committee of this Board and the last day, the Charter election will take place on February 16th; it can't be postponed after that date because our financial set-up on the tax anticipation notes would fall due and we would find ourselves without sufficient funds to meet our general obligations. We have put it back—we first agreed on January 12th, and then it was postponed and now it will be February 16th.

SUPERVISOR COLMAN: Can it not be postponed, for example, to February 25th?

SUPERVISOR HAVENNER: For what purpose? In order to allow me to get off the Board?

SUPERVISOR COLMAN: You will be gone long before that.

SUPERVISOR HAVENNER: Yes, but the time limit will expire very shortly before I get off the Board.

SUPERVISOR COLMAN: Just a minute. That is not the object at all. I will ask you the question: Can the election be somewhere in the twenties of February?

SUPERVISOR McSHEEHY: No, we figured that out, Mr. Leavy, your Controller——

SUPERVISOR COLMAN: And your Controller.

SUPERVISOR McSHEEHY: And my Controller, figured that out, and it can not take place any later than that particular date because we can not—he will not have his tax anticipation notes sold so that he can meet the obligations that he has to meet. Now, that is on

February 16th. On January 4th is the last day that this Board must pass or act on it for the reason that it has to have 40 days for advertising. That is the statement made by our own City Attorney. And December the 14th is the last day we can set propositions to place on the ballot for the election which will take place on February 16th. Then it is so settled—you have this motion before you now, Supervisor.

SUPERVISOR HAVENNER: Mr. Chairman: I appreciate very much the unintentional compliment that some of my colleagues are paying me this morning by suggesting that the termination of this matter be delayed until after I am no longer a member of the Board. However, in order to allay any misapprehension they may have concerning my attitude toward this matter, I want to say to them that I hope to be able to support it much more effectively after I get to Washington than perhaps I can do even here. That is my intention, very frankly, and I want everybody to know it. I expect to be able, hope to be able to enlist some very valuable support in Washington for the passage of this proposition. So, if they have any idea that I am going to abate my support of it after I leave the Board they are entirely in error, but I think the thing might as well be decided before I leave the Board and if that is the issue, let it become public, let the press know it, and let the people know it. It is an obvious move by way of suggestion and we might as well have it threshed out publicly. However, I can say to you this, if you are interested in the attitude of our public utilities manager toward this proposition: He said to me yesterday, before he left the meeting, that he was thoroughly convinced that it would be fatal to both propositions if they were put on the ballot at the same time, that he was thoroughly convinced that only one bond proposition ought to go before the people at the next election, and he did not want to offer his suggestion as to which one should go. But, as I have stated here yesterday, I think that is a matter for the determination of this Board. The Charter clearly vests in this body the authority to determine when the public convenience and necessity requires a bonding proposition to be submitted to the people, and so I don't think we need any outside advice on that whatsoever. We are all thoroughly familiar with the problem that is before us, and we can all make up our own minds with the information that we have had in tremendous volume in the past as to what the decision ought to be on the part of this Board. Now, of course, if the majority of this Board wants to deliberately defer the decision until I am no longer a member of the Board, they have the authority by a majority vote to arrive at that decision, but so far as I am concerned, respectfully and modestly, I shall oppose any such proposition. I have been very much interested in this undertaking ever since I have been a member of the Board, and I desire to exercise my voice in the determination of this question before I retire from the Board, and it is my present intention not to retire from the Board until the first of the year, when my new term begins; unless something very unexpected should occur that will be my course. So, the question is before us and I think we ought to decide it now.

SUPERVISOR COLMAN: Mr. Chairman: I am assuming the question is definitely before us. The motion has been made, and I want to discuss the question just as it appears before us——

SUPERVISOR BROWN: May I say one word before you do that, Mr. Colman? The statement was made by Mr. Havenner——

SUPERVISOR COLMAN: I am not going to discuss that——

SUPERVISOR BROWN: I have no desire in the world, Mr. Havenner, of preventing you discussing this matter to your heart's content. I was just pointing out to the Board that all of this matter might all be nullified by the fact that you are leaving for a higher place in the future.

SUPERVISOR HAVENNER: Yes, that is true, and we might as

well make the issue clear to the people at this time. The gentleman is suggesting at any rate that perhaps the appointment of my successor may be determined by his attitude toward this question. I hope that it will be, very frankly, and I think very properly it should be. I hate to express my own political position but apparently half of the voters of this City, and I want to say I haven't the remotest doubt of what the attitude of the other voters would be on this particular question. In the past, when this question came up, the vote of the City has been divided more or less along the lines of the congressional districts, and the major part of the support for municipal distribution of Hetch Hetchy power has happened to be in the district which I do not represent at the present time, or which I will not represent when I become a member of Congress; so I don't think there need be any uncertainty in the mind of the appointing power as to the attitude of the rest of the City toward this question. Now, if that is going to be the issue, let us have it thoroughly understood so that the people may know when the determination is made as to the identity of my successor—though apparently a good many people think the appointment ought to be made on the issue of whether he favors or does not favor municipal distribution of power. That is a clear cut issue. Why not fight it out on those lines? Of course, we here in the Board will have no voice obviously in the selection of my successor, but if it is hoped by those who oppose the distribution of municipal power that my successor will be one who will vote against it, let us let the people know it in advance, and they won't be under any misapprehensions when the appointment takes place.

SUPERVISOR COLMAN: Mr. Chairman: The words that he flatters himself. I had no thought in my mind of importance when I suggested that the election be later in February than now—the reason for that had nothing in the world to do with the Congressman-elect. We are discussing the question of which question shall be submitted to the people at the next election, the question of rapid transit, or retail distribution of power. Now, that is the only question that really is before us, with its implied threats of attacking the honor of our colleague has no bearing whatsoever——

I am going to appeal to the common sense of the members of this Board and ask them which issue is more important to the people of San Francisco, the question of rapid transit or the question of retail distribution of power. On the answer to that question determines the way you will vote, if you vote on the issue entirely on its merits, and I am not concerned with an attempt being made to create a political issue or an issue that does not exist today. There is one thing the people of San Francisco need above all others, and that is rapid transit. If you gentlemen attempt by six, eight, ten or twelve, or all the votes in the world, to tell the people of San Francisco that the question of power is more important than the question of rapid transit, why, they will laugh at you, those who have common sense enough to think and see know the conditions that actually exists here in our City. Six votes, I realize, can put this matter on the ballot, and it may be quite likely that those six votes are here, but six votes cannot make the issue of power more important than the issue of rapid transit, nor can our Congressman-elect, and I say this with due respect, and with great admiration for him, nor can he make the issue of power more important than the issue of rapid transit. Everybody knows that we have an adequate supply of power for heat and light, that we have an adequate supply of gas for power, heat and light, the least use being in the last. There is no question in the world about that. Everyone knows that anyone can get all the power they need, industry or anyone else. Everyone knows that the rates charged to our people for power are comparable and comparative with the rates charged in any city on the Pacific Coast, and everyone knows that the power company is under the control of the Railroad Commission, so that no one can say with any degree of truth or common sense that there is need for the development of San Francisco, for the urgent

need of San Francisco, no one can truthfully say that that is a pressing issue for the people of San Francisco, and I challenge anyone to come up and make that remark, that there is any hardship being endured by our citizens, any inconvenience, any lack of protection, any lack of development that can be definitely charged to a lack of or a proper distribution of gas or electricity to our people.

Now, let us contrast the other situation of rapid transit. Since we spoke, the San Francisco Bay Bridge has been opened and now is in use by the citizens of both sides of the bay. No doubt every member of the Board has been over the bridge, not once, twice or three times—I don't know how many times, but you are all familiar with the conditions that exist and you must realize, and if you don't you simply don't see or won't see or have this issue so confused in your mind that for some reason or other you can only see one situation and can't see the pressing needs of your own citizens. You must admit that something must be done regarding rapid transit, and taking care of the traffic on the streets of San Francisco. Now, as I say, six of you can wisely get up and explain your vote and make it seem plausible if you like, and your vote would count, and that would be the official attitude of San Francisco under the law, but you can do that all day long and all night long, but still you can't change the fact that what you need is rapid transit. You cannot change it and it is idiotic to think you can change it. I will tell you this, in my opinion if, when the City is pressed by an issue so strong as this, which it needs so vitally, you getting up and supporting the view that power is more important must do more to defeat the power bonds than any action that you could possibly take because if the people of San Francisco know what they want, they know what they need, and they would laugh, they must laugh and ridicule anyone who would have the—well, I can't—I don't know what to call it—have the lack of knowledge to place the power bonds ahead of the rapid transit bonds.

Reference was made to the manager of the utilities by Mr. Havenner and his attitude. Now, the Board is not concerned with what Mr. Cahill thinks about whether two bond issues or one will carry or not. That is really a political question and not an expert question on public utilities, but, as I understand it, Mr. Cahill thinks that the rapid transit bonds should come first and in that regard his opinion should be taken with a great deal of respect because he is considering that from an engineering viewpoint and from the need of the entire City, with which he is very familiar. Mr. Cahill told me that it was not his concern, but he told me he would be glad to come here and in reply to a simple question, "Which do you think is the more important?", he is prepared to advise the Board that he thinks that the rapid transit is more important, and in reply to the question, "Which one should have precedence over the other?", he would say that the rapid transit should have precedence over the matter of distribution of power.

Now, the reason I asked Mr. McSheehy whether the election could be delayed until some date in the twenties was this reason: It is true to a degree that the Board at this moment is not of a mind on the question of rapid transit, that it has not come to a decision as to which—I think every member of the Board believes in the necessity of rapid transit. I have never heard anyone express any opinion contrary to that. We appear at the moment to have different views as to how this thing can be brought about, whether to take the $52,000,000 proposal of the Public Utilities Commission, whether possibly to divide it into units and submit the Market street unit first, or whether to combine some of the other suggestions may be, or whether—Mr. Uhl favors the four-track subway—as I say, at this minute our minds are not together, but this is November 17th, and if this Board of Supervisors between now and January the 4th, which was the date you stated, or I would hope a little bit longer—and that was the only reason I had for calling the election up in the twenties—that could be done so that forty days would carry us a little bit further along so that with half of November, and all of December, this Board, by

meeting day and night, in my opinion, could come to a mind, must come to a mind on the question of rapid transit, and must finally determine which proposal in our minds would be the best for the people, and submit it. Now, that is the only object I have, to give us a little more time. However, I accept Mr. McSheehy's word entirely, if January 4th is all the time we have, it is my opinion that we can still come to a mind on the question of rapid transit. It is not beyond human possibility. Working day and night that could be done.

Now, gentlemen, I have been a member of this Board a long time and I recall very few instances where the Board has asked thirty—about forty-five days ahead of time that it is required to take action to tie itself up by expressing a policy when they are not in a position to do it. Why should this Board go on record now when a great deal can happen in 45 days, when we possibly will know much more about rapid transit if we apply ourselves to it vigorously and properly and why should we go on record to do something when we don't know what we are doing? Now, those are my views.

I want to state this, too: That from what I have heard, though there is no proposal here and that is another matter, I don't like to tie myself up ahead to submit any proposal when I don't know in what form the proposal is, and neither do you. If you are going to make yourselves a lot of "yes men" and vote to go along, why, that is your privilege, too, but how do you know the form it is going to be in, how do you know you will like it when it comes and why should we by our vote state what we are going to do ahead of time? It is the last thing I will do, as a member of a legislative body. I am told indirectly, as I say, that there is another proposal here, I am told indirectly that another attempt is going to be made to tear down the safeguards that have existed in our Charter since the City was born, and which, in my opinion, have resulted in San Francisco's splendid credit condition today, I am informed. I am informed that this thing will come in such a way that although bond issues are safeguarded by the necessity of eight votes of this Board that this is going to appear as a Charter amendment which, in the first place, only requires six votes to submit to the people, and which, in the second place—to which I am unalterably opposed—may be passed by a majority vote of the people of San Francisco. The thing is very skillfully presented, in a way to circumvent safeguards that have meant a great deal to the people of San Francisco. Gentlemen, if that is true, and I speak now only from rumor because nothing has come before us and you don't know what you are going to be asked to vote on, I am opposed to it and I will vote against its presentation to the people in that form, and I will do all I possibly can, whatever that amounts to, in defeating such a proposal.

Now, you are asked here today to determine between the merits of two proposals. You don't even know one of the proposals. In fact, you don't know what form the other proposal is in. You are asked to declare a question of policy that you consider the retail distribution of power of more importance to the people of San Francisco than supplying them with rapid transportation. You know the manager of the utilities corporation has told the members of this Board, not once but repeatedly, that if something is not done to take care of the rapid transit San Francisco is threatened with the loss of a serious number of its population. This view is not only expressed to us by Mr. Cahill, but has been expressed to us by the members of practically every civic body in San Francisco, right down the line, improvement clubs, civic bodies, are unanimous in the thought that rapid transit is of vital importance. They may not agree as to the way of bringing it about That is another question. That is a question for us to determine after consultation with all parties, but there has never been a voice in San Francisco to say that we don't need rapid transit, and yet today, without knowing what form this rapid transit is, how much it is going to cost, in what shape it is going to be, you are asked to go on record and express yourselves in favor of the power

business, that that is of more importance than the other, and that that should be presented to the exclusion of all others. Well, gentlemen, in my opinion, you have reached a cross-roads here where you have to choose, in my opinion, on the one side for what is unquestionably and universally acknowledged to be a most urgent thing. I don't think any city in America today faces the urgent need for rapid transit that does San Francisco. You can see how it is working already. You can imagine, go ahead a couple years and visualize the lower deck of the bridge when it is running, with the two tracks taking the suburban people from Plan X over across that bridge. They can get on the car at Plan X, take a comfortable seat, and whisk over the bridge to their destination on the other side of the bay for five cents, or whatever the fare may be—I don't know, but in comfort and with an increase of speed that will certainly be most appealing; and what have we? Our people must still hang on the car straps, crowding in the cars—Market street with its one minute headway—the traffic congestion morning and night. Why, gentlemen, is that question of retail distribution of power of more importance than safeguarding the future of San Francisco? Do you realize what it would mean for a hundred thousand people to move to the other side of the bay? Do you realize the shrinkage in the property values in our city? Do you realize that we would lose our prominence as the metropolis of the coast? Do you realize that maybe the East Bay will take over everything we have got if you don't do something, if you don't take care of this condition which you cannot deny and no one else can deny? How, in God's name, can you represent the people of San Francisco and today, on November 17, say that in January you are going to put up the question of power to the people of San Francisco instead of what they really want and need, and that is the question of rapid transit?

SUPERVISOR RONCOVIERI: I would like to reply to Supervisor Colman. The supervisor has at length given us views of the comparative value of the Hetch Hetchy distribution of power to the rapid transit. He has omitted to tell us that the Secretary of the Interior is holding the sword of Damocles over our head. We don't know what will happen if we don't distribute our power. A method of distributing the power has been presented to us which, to all appearances at present, seems to be of remarkbale advantage to this city, and I will read to you what Mr. Cahill gave to us a few days ago.

SUPERVISOR COLMAN: What who?

SUPERVISOR RONCOVIERI: Mr. Cahill, on the subject of the distribution of power, and ask you if you wouldn't rush into that business yourself as an individual if you had sufficient money to do it, and if we should not do it for the people of San Francisco.

"Plan 7 first pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then:

Pays off and retires bonds in amounts of $1,748,000 per year, and then

Pays into depreciation reserve fund $1,260,000 per year, and then

Pays into the General Fund an estimated tax loss of $654,000 per year, and after all that, produces a

Surplus revenue of over $4,000,000 per year, and in addition to all this, Plan 7 reduces power rates to consumers in San Francisco by $1,721,000 per year."

If we had $4,000,000 surplus money we Supervisors could appropriate that to build the rapid transit with a very small bond issue, perhaps, to start the work. Four million a year in ten years would give you $40,000,000. It will take some years before your rapid transit is complete. You can't build it in a day. It is practically $53,000,000. You have only got $58,000,000 worth of bonding limit and you simply can't do it. Your arguments were good, they were excellent, and I endorse every word you said regarding the importance of rapid transit, but we have no money. You can get the money through the profits

of the distribution of electric power. Do you refuse it? You don't know the day, you don't know the minute we will be jacked up by the government of the United States. The government of the United States is strong today, the people have expressed their wishes, their will, regarding power all over the United States. We know the attitude of the President, and the attitude of the Department of the Interior which has expressed itself in writing, and we have their statement. Is it not wise to do something to bring into our treasury a clean $4,000,000 surplus profit that we can use to build the very subways that we need? I will agree with you that we need them, but you can't have both. That is impossible. I doubt if you could have one, that is the $53,000,000 for subways, when the people realize that they have got less than $60,000,000 bonding limit, I doubt if they would go that far. You can, if a proper Charter amendment is submitted to the people, ask the people specifically—a Charter amendment specifically to provide revenue bonds to build this Hetch Hetchy distribution system, specifically for that—not as you expressed a moment ago—submit a Charter amendment by a mere majority, adopt revenue bonds for all purposes—no, but specifically for building this Hetch Hetchy power distribution system. I believe the people, if this is given to them, if it is correct, and it is up to us yet to find out if it is correct—we have not had a discussion yet with Mr. Cahill, but if that is absolutely correct I believe the people will gladly vote overwhelmingly a Charter amendment which will give this Board the power to issue some $43,000,000 of revenue bonds for Hetch Hetchy purposes. I believe they will. Certainly, I would rush into that if it were my own business, and I am trying to do the business of the City as I would do my own.

We can't omit from consideration Hetch Hetchy power, and I don't believe that you need to do so, Supervisor Colman, but you are balancing both rapid transit and the Hetch Hetchy power distribution one against the other. From your remarks I take it you look upon rapid transit as the more important. Perhaps it is. It is very important. There is no doubt about that, but you haven't any money. With the other you might, according to some—you may build your rapid transit out of the profits of the Hetch Hetchy. You may build it at $4,000,000 a year. If you don't reduce the power rates to consumers we would have nearly 2,000,000 more, nearly 6,000,000 a year which we can throw into the rapid transit development. I think we are all trying to do our best for the City, for the people, and I think we all have the same views. We just differ in some, I will say, minor respects. I believe we should start with the Hetch Hetchy because that will bring into our treasury nearly $6,000,000, nearly 2,000,000 of which will go to reducing the rate, the electric rate to the taxpayers, and 4,000,000 of which will go into our treasury. It is a mighty fine proposition. I would hesitate to throw that up, and particularly if it can be built, and it should be built out of revenue bonds that are no obligation whatever upon the real estate of the people of San Francisco.

The other day at the dedication exercises, in Oakland, of the bridge I heard the Governor say: "The greatest achievement in the matter of this bridge is the fact that it has been built without any obligation whatever on any city, on any county, and not even the State of California." Now, I heard him say that. He took pride in the fact that revenue bonds built that bridge which we are proud of. Let revenue bonds build this, specifically, this only. I can't—no—I don't want to open the door by a Charter amendment that will permit revenue bonds for anything that six or eight members or eleven members of this Board might want. I am somewhat inclined to your view in that respect, but for a specific thing like this, that we know will pay, at least if Mr. Cahill has made no mistake—we can check, we have Mr. Ellis, and we have others to check if this is correct, and I believe it to be so. I have faith in Mr. Ost, who worked for so many years with

Mr. O'Shaughnessy, and is responsible for the O'Shaughnessy reports, and has been in this with Mr. Cahill. I have faith in this man. We have a brilliant proposal, financially speaking, and we can not overlook it lightly. It must be taken into consideration.

As to which shall be first, I am for the income paying project which will cost the citizens of San Francisco not a dime, and will be no obligation on their property, and will be a facsimile, an identical duplication of the Bay Bridge which is now operating and is a success; $77,000,000 has been borrowed, not on the face of the people of the State of California, as he said, not any city, not any county, not even the State of California, is obligated to pay one nickle of those bonds, that the profits of the bridge will pay the $77,000,000, and no other way shall be taken to pay those bonds. The same thing can apply exactly on all-fours to this Hetch Hetchy distribution system. Therefore, I regard this as the more important of the two. I trust I have made a little dent.

SUPERVISOR COLMAN: Mr. President, I would like to take the floor again to answer Mr. Roncovieri.

SUPERVISOR HAVENNER: I would like to have a few words before the Supervisor speaks again.

SUPERVISOR COLMAN: As he referred to me particularly——

SUPERVISOR HAVENNER: Is the Supervisor going to be allowed to violate all the rules of the Board this morning?

THE CHAIRMAN: I must consider you out of order. This morning you have spoken twice already.

SUPERVISOR COLMAN: That is true, I have; but he has asked me certain questions and I would request the privilege of answering them.

THE CHAIRMAN: I think your request will be granted just as soon as Mr. Havenner——

SUPERVISOR COLMAN: Very briefly, Mr. Havenner, and then you will have all the opportunity——

THE CHAIRMAN: As soon as Supervisor Havenner yields to your request—I must consider Supervisor Havenner in order.

SUPERVISOR COLMAN: I thought you allowed me the floor?

SUPERVISOR HAVENNER: The Supervisor never has very much regard to the rights of others. I will yield to him.

SUPERVISOR COLMAN: Accepting it, I do not admit the statement at all. I think I have a very keen regard to the rights of others.

Mr. Roncovieri brought up the attitude of the President of the United States. I want to call his attention to the fact that at one of our meetings the President of the United States—we heard that the President of the United States had called a conference of the Tennessee Valley Authorities to meet with the utility people to discuss the question that arose back there, and the President at that time stated that he favored a co-operation between the government and the public utilities companies, with the view of stopping duplications, and various other expenditures that did not appear to be justified, and he hoped to be able to work out some method together. It was suggested by a member of this Board that we send a representative of this Board there but the reason the committee, which is Mr. McSheehy's committee, did not act favorably was because it was for the consideration of a specific thing to which we were not invited, but we appointed Mr. Paul Vetters, and requested that he represent San Francisco at that meeting, and to advise the Board what transpired, and any view that the President of the United States might have with regard to the government and the utilities corporations getting together in a co-operative body. I would like to move now that we ask for a report from Mr. Vetters, as to what transpired at that meeting. I would like to have that information, if I can receive

a second, and I would like to move that we wire Mr. Vetters to inquire if he has any report to make regarding that conference.

SUPERVISOR RONCOVIERI: I will gladly second that.

THE CHAIRMAN: Is there any objection? So ordered.

SUPERVISOR COLMAN: I want to call the attention of Mr. McSheehy to a paragraph in Plan 7 report, which is in there, and I am taking it at its face value. It is that it is the hope of the Public Utilities Commission that these negotiations with the P. G. & E., that the matter can be handled by negotiations which would not disturb the pleasant relations always existing between the City and the company, however, it was intimated in the report that in case the matter went to court that a long and expensive period of litigation might follow. Personally, I have no idea as to what the attitude of the company is with regard to the sale of its retail properties. I think that is a matter that might well be gone into by this Board if the Board is going to become involved in a long litigation, and costly litigation, which might well last over a period of years, I think the Board should have some intimation as to that. In fact, conditions were paragraphed in there which ought to have at least our consideration. That statement is made and, as I say, I have no means only as a member of the Board, of knowing what the attitude of the company will be, whether they will sell their properties at the price named by the Public Utilities Commission, or whether they will not. It is a fact, however, that should the company decide it will not sell its properties to the City for the price mentioned and take the matter into court, the fixing of the price no longer remains in the Public Utilities Commission, the fixing of the price would them go to the Railroad Commission, which might put a different valuation on the thing by the time it takes place.

Now, there is another point, Mr. Roncovieri. I don't know, the statement was not made—perhaps Mr. Ellis can enlighten us—the statement was not made that the City would receive in its general fund a profit of $4,000,000 cash which apparently Mr. Roncovieri thinks could be put aside for the relief of the tax payers. As I understand it—as I understand that, in bringing up the report, you took the figures of the Railroad Commission made before and eliminated from that the cost on which a separate charge was made, but that you found in the meantime, in the last few years that there had been comparatively little in the way of additions made due to the fact that business has been so quiet during the depression that those expenditures were not necessary, but I gather that of the $4,000,000 profit substantial additions and betterments would have to be made from time to time on our plant were the City to take over under Plan 7. Can you enlighten me on that? In other words, is it your statement that a $4,000,000 profit could be placed in the general fund which might, as Mr. Roncovieri expressed, after a period of years, ten years, be $40,000,000 which would be available for the City? I will ask Mr. Ellis.

MR. ELLIS: The $4,000,000 is the estimated annual surplus of the distribution system after taking care of all bond interest, operating expenses, retirements, and things of that kind. As to the disposition of the $4,000,000, there was no report made. In other words, any material extensions of the system would be made out of the $4,000,000, but there is no statement that there would be $4,000,000 turned over to the general fund. As to the disposition of that, it would be in the hands of the Public Utilities Commission.

SUPERVISOR COLMAN: But is it not a fact that there would be material extensions necessary from time to time?

MR. ELLIS: Oh, there will be material extensions in any distribution system, of course, the normal extensions.

SUPERVISOR COLMAN: I understand that, but I was told, I understood that due to the fact that during the depression the normal rate of extensions were not made by the company, and that now that

the depression is over and that the power business is on the increase it will be necessary to make the extensions, alterations, and additions.

MR. ELLIS: Not any more than normal. In other words, during the depression the power sales fell off quite materially. In other words, the plant in San Francisco was very much overbuilt for the business that they had. After they hit a point as to where they were, say in 1931, in their sales, there will be the normal extension beyond that. I mean, there is no heavy deferred construction facing the company in San Francisco at the moment. In other words, you see, if they had kept on in 1932 and so on, at the rate they were going in 1930 and 1931 it would have necessitated the $750,000 every year, but the sales fell off very rapidly, the result not only in San Francisco, but all over their system, and they probably had 25 per cent of their plant that was of no practical use to them. They are now building up to that.

SUPERVISOR COLMAN: Mr. Roncovieri: I would say where you and I differ is you want to have a distribution system, assuming the success of your plan, to apply to a city of very much decreased population and not take care of the rapid transit. Now, if you can hope to take care of the rapid transit from the profits of the company—I can not quite share that view—I am not disputing the figures of Mr. Ost, but I don't think you have demonstrated the greater importance by a long shot of going into the power business as compared to going into the rapid transit business because you have not in any way taken care of the objections that I have attempted to point out to you, the great dangers to our City that would result from no rapid transit, namely a shrinkage in property value and the shrinkage in population which would be very startling, and would be inevitably more than to offset a financial gain—the success of the system with a decreasing population and decreasing property value—and from all the evidence submitted to the Board that certainly appears to substantiate that view.

SUPERVISOR HAVENNER: I would like to have a few words with the gentleman. Mr. Chairman: I want to brush aside this effort to sidetrack the real issue before us, and get back to the question here. Supervisor Colman, in his opening statement characteristically expressed a very profound conviction of his authority to interpret the political opinions of the people of San Francisco. He says that there is no question in the minds of the people of San Francisco that it is more important to submit at this time the rapid transit issue than it is to submit the Hetch Hetchy power issue. I seem to recall that only about two or three weeks ago Supervisor Colman asserted, and according to the press, he joined with them as loudly proclaiming their convictions, that it was far more important for the people of America to have Landon than it was to have Roosevelt. That is only about two and a half or three weeks ago.

SUPERVISOR COLMAN: Mr. President: I think that is—I want the gentleman to know that I voted——

THE CHAIRMAN: Please, gentlemen.

SUPERVISOR COLMAN: His statement must be corrected.

SUPERVISOR HAVENNER: I can only judge him by his party activities in the political campaign. I know who his associates are.

SUPERVISOR COLMAN: Mr. President: I cannot refute the statement that my political activity was in behalf of Mrs. Florence P. Kahn, but my vote was for Mr. Roosevelt. That resulted in an apparent inconsistency, but due to many other conditions for which I have no apology whatsoever to offer.

SUPERVISOR HAVENNER: I do not yield any further.

SUPERVISOR COLMAN: I think that statement should be withdrawn when I state to my gentleman that my vote went for the President.

SUPERVISOR HAVENNER: I am delighted to hear that, but the votes of his associates, and the votes of those people with whom he has been associated in the past in opposition to this issue, did not go to Mr. Roosevelt, or if they did then certainly their pre-election activities did not go to him. However, that was simply by way of illustration of the gentleman's authority to interpret the attitude of the people of San Francisco at this time.

Now, Mr. Chairman: I have been accused of a sentimental attitude when profusely I have expressed my belief that the City of San Francisco ought to be in honor bound to keep to its publicly and legally expressed promise, no matter whether it be in this case or in any other case. Some of my friends cynically say that is pure sentiment, that it is emotionalism, that sentiment and emotion cannot enter into public business. I respectfully and eternally disagree with them and as far as I am concerned I believe that the solemn word of the City, pledged by the vote of this Board, pledged by the vote of certain members sitting here today, although the action was taken more than a decade ago, ought to be a pledge of honor, ought to be a thing that supersedes all subsequent consideration and ought to bind us now that the opportunity has finally arrived which they said then did not exist, ought to bind us now to put this proposition ahead of any material consideration. And I will stand by that before any audience of American citizens. I want to read to you again—maybe I have read it to you in the past, but I want to read to you the preamble—I say preamble only in the sense of its precedence here to the rest of this ordinance, but a preamble to the ordinance whereby this City entered into the agreement for the sale of its power through the agency of the Pacific Gas and Electric Company, and I will read you those passages which I consider an obligation of honor to San Francisco regardless of who may be representing San Francisco now or in the future. I shall read to you from parts of the electric distribution agreement, Bill No. 7164, Ordinance No. 6684, adopted by the Board of Supervisors Monday, June 29, 1925. I will not read it all to you, and if anybody thinks I have omitted anything of importance they can call my attention to it, but here are the sections to which I have reference:

"Whereas, the City has not yet constructed or acquired a transmission line from the point near Newark to the City limits, and has not yet constructed or acquired a distribution system for utilizing the power produced at Moccasin plant and delivering the same for general municipal uses and for sale to consumers of electric energy within the limits of the City and County; and

Whereas, pursuant to resolutions of its Board of Supervisors looking to the acquisition of a municipally owned electrical distribution system, the City has commenced and there is now pending before the Railroad Commission of the State of California proceedings for the determination by the Commission of the compensation to be paid by the City for the local distribution systems and certain steam plants now owned and operated by the Pacific Gas and Electric Company and the Great Western Power Company of California, respectively, when the same shall be taken over by the City under eminent domain proceedings, or otherwise; and

Whereas, the City has not funds available at the present time with which to purchase or construct a distribution system of its own and it will be necessary to submit a proposition to the people to vote bonds to provide money for that purpose before a distribution system can be purchased or constructed, and the City cannot well determine whether to purchase one or both of the local distribution systems, or to construct a distribution system of its own until the Railroad Commission determines the amount of compensation to be paid by the City for the taking of either or both of said local distribution systems under the proceedings now pending before the Commission; and

Whereas, the City intends to complete its power transmission line

THE CLERK: Supervisor McSheehy presents the following motion:

"I move that it be the policy and intention of this Board of Supervisors to submit to the people of San Francisco at the first appropriate election the question of municipal distribution of Hetch Hetchy power; and further, that this question so far as it involves bonds or financing other public projects, shall be exclusive at the said election; also this motion shall include request of the City Attorney to prepare the appropriate proceedings for the submission of the question of municipal distribution of Hetch Hetchy power, legally, to the voters; said procedure to include such Charter amendments, bond ordinances, or other legislation as are necessary to carry out the intention and policy of the Board of Supervisors."

SUPERVISOR UHL: I would ask that it be read again, please.

(The Clerk thereupon read the proposed motion.)

SUPERVISOR BROWN: Mr. Chairman——

THE CHAIRMAN: Is there a second to the motion?

SUPERVISOR BROWN: I was going to say that I would second that motion for Mr. McSheehy if he would take the part out about it being exclusive, for this reason: Mr. McSheehy, as you know, it only requires four votes of the Board of Supervisors to place a matter on the ballot and a majority of the Board might well vote for this measure and then find it is powerless to present any other measures from going on the ballot because of the four votes favoring such submission. So, I would suggest you eliminate the exclusion clause. In any event, I think the Board should discuss both of the matters before they exclude one of the other. I am offering a second, with that condition.

SUPERVISOR McSHEEHY: Naturally that would destroy the intent of the entire motion if I was to accept the suggestion made by Supervisor Brown. Now, if someone will second it I will state my reasons for a reply to that. The supervisor qualified his seconding of my motion, but if I receive a second it will be before the Board.

SUPERVISOR MEAD: Mr. Chairman, I would be glad to second the motion submitted by Supervisor McSheehy. However, before doing so I would like to have some assurance that the P. G. and E. would

be acceptable to a plan of that kind. We have no assurance, to the best of my knowledge, that they are agreeable to the proposed plan, and I don't know, to the best of my knowledge, whether that has been explained to the Board or not.

SUPERVISOR HAVENNER: I would ask Mr. McSheehy what he means by the word "appropriate election"?

SUPERVISOR McSHEEHY: Well, I mean the first appropriate election, naturally will be the election——

SUPERVISOR HAVENNER: I think it ought to be more specific. I want it put at the "first election." I don't want any "Appropriate election." The first election is the appropriate election in my judgment. I think this is the time when this project has the best chances of success it has ever had. Therefore, the first election will be the most appropriate election for the submission of this proposition. I am in favor of the idea, Mr. McSheehy, but your language is so complicated that I think it could be simplified throughout. I want the Hetch Hetchy power disposal proposition to be submitted at the next election, which is tentatively recommended as a date in February.

SUPERVISOR McSHEEHY: Mr. Supervisor Havenner, or any other supervisor, I would ask you to second it, and of course we can strike out—you can second it with the intent of striking out or adding to any of the language, and then it will be before us, so that is what I will ask with that thought in mind, and then we can strike out any of the words you wish afterward if we so conclude, because, of course, it will have to meet with the approval of the majority membership of this Board, but I want to get it before you.

SUPERVISOR MEAD: With that understanding, I will second it.

SUPERVISOR McSHEEHY: That is the understanding, Supervisor Mead.

SUPERVISOR UHL: May I ask, through the Chair, who drafted the resolution?

SUPERVISOR McSHEEHY: I drafted it myself.

SUPERVISOR UHL: What do you mean by the exclusion in that first paragraph?

SUPERVISOR McSHEEHY: I will go over any portion of it that you wish. I can't explain three portions at once. I think I will first explain the part Mr. Brown wanted. I think that is the fair thing. He asked the first question.

SUPERVISOR UHL: All right.

SUPERVISOR McSHEEHY: What was the question, Mr. Brown. You said you would second it if I struck out certain words.

SUPERVISOR BROWN: About the exclusion part of it.

SUPERVISOR McSHEEHY: May I answer your question? When I say "The exclusion of all others," I simply mean this, members of the Board: I for one member, and I think every other member of the Board feels the same way, that we should not attempt to place a Charter amendment before the people that we feel within ourselves would not pass. Now, we must first sell the idea to ourselves. I know I have tried to, in my own way, sell the first thought entirely to myself. If I can't sell it to myself I am a poor man to sell it to anybody else. Now, what position do we find ourselves in? We find ourselves in this position: We know that at the present time there is outstanding, if my memory serves me right, something like 163 million dollars worth of bonds, and I think there is something like 60 odd millions as the entire limit. We can't go over that. Now, if we attempt to place other bonds besides this particular bond before the people they will be defeated. We must place just one particular bond if we are going to carry it. Now, it is a mandate, almost a mandate from the Secretary of the Interior that we do distribute our own hydro-electric power—almost a mandate—this part of the contract that we have with our government that we must distribute that power. If we don't distribute that power the government of the United States can come right in and take the investment that we have made in the

Hetch Hetchy project, practically 130 millions of dollars. Now, we must—so therefore, when I write that word in there I mean just what I have written, that I cannot personally myself strike that word out. I would like to see this resolution passed by the whole Board, but if we are going to pass it in a way that we are going to put Hetch Hetchy on the ballot, and we are going to put some other bond resolution on the ballot, we will find that they will both be defeated and we are not only fooling ourselves but we are fooling the people of the city we are representing.

SUPERVISOR UHL: May I have a copy of the resolution?

SUPERVISOR McSHEEHY: I will have copies of the resolution made. That is the thought I have behind me on that.

SUPERVISOR UHL: In other words, may I ask, your thought is in the passage of this to exclude any debate on the rapid transit, is that it?

SUPERVISOR McSHEEHY: Yes—I want to be frank with you——

SUPERVISOR COLMAN: To exclude any debate?

SUPERVISOR McSHEEHY: No, not to exclude any debate.

SUPERVISOR COLMAN: You can't stop us from debating.

SUPERVISOR McSHEEHY: I can't do that.

SUPERVISOR UHL: We won't be able to go into the details of the rapid transit?

SUPERVISOR COLMAN: Yes, you will. My understanding of your motion is that you don't want to attempt to block any discussion the Board wishes to bring up?

SUPERVISOR McSHEEHY: I couldn't if I wanted to, but I have no such intention. Supervisor Havenner, you asked me a question?

SUPERVISOR HAVENNER: I don't understand the necessity for all of this debate. All I want to see done here is that the simple provision and agreement that the Charter amendment under discussion for the financing of the municipal power distribution system shall be presented at the next election, and then I shall oppose the submission at the same time of any other bond proceeding.

SUPERVISOR McSHEEHY: I can't see the logic of your entire objection.

SUPERVISOR HAVENNER: I am not objecting to that, except they are so complicated that I don't exactly understand what they mean.

SUPERVISOR McSHEEHY: I think you do, Supervisor. You and I have associated together for a long, long time——

SUPERVISOR HAVENNER: Yes, I would say so in just simple words that nobody could misunderstand it. I want to shut off the rapid transit, or anything else, from this next election, and that is what I am going to fight to do. I think I understand their strategy in this whole situation very thoroughly. If they can get something else on the ballot they will have a chance to kill Hetch Hetchy. I realize that. We might as well be completely frank about it. I want to have Hetch Hetchy power on this ballot alone, and nothing else. To my judgment, anybody who is trying to push anything else on this ballot is either consciously or unconsciously abetting in an effort to kill the Hetch Hetchy proposition.

SUPERVISOR McSHEEHY: My views entirely coincide with yours on that matter. I said to you a minute ago, and say it now—that is why I am in agreement with you on that. In placing this motion I have incorporated in it various parts of it so there would be no misunderstanding. If any member of the Board wishes to strike out any portion of it——

SUPERVISOR HAVENNER: I can't do it until I get a copy of it, and when I do I will be glad to make suggestions.

SUPERVISOR McSHEEHY: We will get them through as fast as we can, and have a couple stenographers work on them.

SUPERVISOR BROWN: I would like to ask Mr. McSheehy, have

you given thought to this situation: That, let us for the sake of argument suppose that the vote on your measure is six to five and it carries; Supervisor Havenner has already made very clear the fact that he intends to vote for this matter—now, it is quite easy to understand that we are not going to have an election before next year, in any event—I believe it is on January 4th.

SUPERVISOR UHL: February——

SUPERVISOR BROWN: Supervisor Havenner's connection with this Board terminates, and you don't know now who is going to take Supervisor Havenner's place, and looking forward a little bit maybe we are anticipating how the Board will feel when it finally comes to a vote to place this matter on the ballot next year—in other words, isn't all of this discussion more or less academic?

SUPERVISOR HAVENNER: I am still a member of the Board, Supervisor.

SUPERVISOR McSHEEHY: May I answer that question?

SUPERVISOR RONCOVIERI: We are getting nowhere and I would like to straighten this out if I can.

SUPERVISOR McSHEEHY: All right, I will sit down.

SUPERVISOR RONCOVIERI: Will you permit me to suggest something?

SUPERVISOR McSHEEHY: Yes, certainly.

SUPERVISOR RONCOVIERI: I think Supervisor Havenner and Supervisor McSheehy see eye to eye in this matter, have the same thought, and I think Supervisor McSheehy has written his thoughts and we all know what he means, but it is a little, if you will permit the criticism, it is a little too verbose, too many words to express the same thought. I would suggest that we recess for five minutes, and allow these two gentlemen to get together in the room there and come out here with something that will say just what you mean in as few words as possible.

SUPERVISOR HAVENNER: We can do that when it comes to the Board. I don't want to recess for that purpose. We can do that when it comes here.

SUPERVISOR RONCOVIERI: Well, we are doing nothing here.

SUPERVISOR McSHEEHY: Supervisor Brown has just asked a question in reference to Supervisor Havenner. Supervisor Brown, might I say this: I happen to be a member of this Charter Provision Committee—I happen to be a member of the Legislative Committee of this Board and the last day, the Charter election will take place on February 16th; it can't be postponed after that date because our financial set-up on the tax anticipation notes would fall due and we would find ourselves without sufficient funds to meet our general obligations. We have put it back—we first agreed on January 12th, and then it was postponed and now it will be February 16th.

SUPERVISOR COLMAN: Can it not be postponed, for example, to February 25th?

SUPERVISOR HAVENNER: For what purpose? In order to allow me to get off the Board?

SUPERVISOR COLMAN: You will be gone long before that.

SUPERVISOR HAVENNER: Yes, but the time limit will expire very shortly before I get off the Board.

SUPERVISOR COLMAN: Just a minute. That is not the object at all. I will ask you the question: Can the election be somewhere in the twenties of February?

SUPERVISOR McSHEEHY: No, we figured that out, Mr. Leavy, your Controller——

SUPERVISOR COLMAN: And your Controller.

SUPERVISOR McSHEEHY: And my Controller, figured that out, and it can not take place any later than that particular date because we can not—he will not have his tax anticipation notes sold so that he can meet the obligations that he has to meet. Now, that is on

February 16th. On January 4th is the last day that this Board must pass or act on it for the reason that it has to have 40 days for advertising. That is the statement made by our own City Attorney. And December the 14th is the last day we can set propositions to place on the ballot for the election which will take place on February 16th. Then it is so settled—you have this motion before you now, Supervisor.

SUPERVISOR HAVENNER: Mr. Chairman: I appreciate very much the unintentional compliment that some of my colleagues are paying me this morning by suggesting that the termination of this matter be delayed until after I am no longer a member of the Board. However, in order to allay any misapprehension they may have concerning my attitude toward this matter, I want to say to them that I hope to be able to support it much more effectively after I get to Washington than perhaps I can do even here. That is my intention, very frankly, and I want everybody to know it. I expect to be able, hope to be able to enlist some very valuable support in Washington for the passage of this proposition. So, if they have any idea that I am going to abate my support of it after I leave the Board they are entirely in error, but I think the thing might as well be decided before I leave the Board and if that is the issue, let it become public, let the press know it, and let the people know it. It is an obvious move by way of suggestion and we might as well have it threshed out publicly. However, I can say to you this, if you are interested in the attitude of our public utilities manager toward this proposition: He said to me yesterday, before he left the meeting, that he was thoroughly convinced that it would be fatal to both propositions if they were put on the ballot at the same time, that he was thoroughly convinced that only one bond proposition ought to go before the people at the next election, and he did not want to offer his suggestion as to which one should go. But, as I have stated here yesterday, I think that is a matter for the determination of this Board. The Charter clearly vests in this body the authority to determine when the public convenience and necessity requires a bonding proposition to be submitted to the people, and so I don't think we need any outside advice on that whatsoever. We are all thoroughly familiar with the problem that is before us, and we can all make up our own minds with the information that we have had in tremendous volume in the past as to what the decision ought to be on the part of this Board. Now, of course, if the majority of this Board wants to deliberately defer the decision until I am no longer a member of the Board, they have the authority by a majority vote to arrive at that decision, but so far as I am concerned, respectfully and modestly, I shall oppose any such proposition. I have been very much interested in this undertaking ever since I have been a member of the Board, and I desire to exercise my voice in the determination of this question before I retire from the Board, and it is my present intention not to retire from the Board until the first of the year, when my new term begins; unless something very unexpected should occur that will be my course. So, the question is before us and I think we ought to decide it now.

SUPERVISOR COLMAN: Mr. Chairman: I am assuming the question is definitely before us. The motion has been made, and I want to discuss the question just as it appears before us——

SUPERVISOR BROWN: May I say one word before you do that, Mr. Colman? The statement was made by Mr. Havenner——

SUPERVISOR COLMAN: I am not going to discuss that——

SUPERVISOR BROWN: I have no desire in the world, Mr. Havenner, of preventing you discussing this matter to your heart's content. I was just pointing out to the Board that all of this matter might all be nullified by the fact that you are leaving for a higher place in the future.

SUPERVISOR HAVENNER: Yes, that is true, and we might as

well make the issue clear to the people at this time. The gentleman is suggesting at any rate that perhaps the appointment of my successor may be determined by his attitude toward this question. I hope that it will be, very frankly, and I think very properly it should be. I hate to express my own political position but apparently half of the voters of this City, and I want to say I haven't the remotest doubt of what the attitude of the other voters would be on this particular question. In the past, when this question came up, the vote of the City has been divided more or less along the lines of the congressional districts, and the major part of the support for municipal distribution of Hetch Hetchy power has happened to be in the district which I do not represent at the present time, or which I will not represent when I become a member of Congress; so I don't think there need be any uncertainty in the mind of the appointing power as to the attitude of the rest of the City toward this question. Now, if that is going to be the issue, let us have it thoroughly understood so that the people may know when the determination is made as to the identity of my successor—though apparently a good many people think the appointment ought to be made on the issue of whether he favors or does not favor municipal distribution of power. That is a clear cut issue. Why not fight it out on those lines? Of course, we here in the Board will have no voice obviously in the selection of my successor, but if it is hoped by those who oppose the distribution of municipal power that my successor will be one who will vote against it, let us let the people know it in advance, and they won't be under any misapprehensions when the appointment takes place.

SUPERVISOR COLMAN: Mr. Chairman: The words that he flatters himself. I had no thought in my mind of importance when I suggested that the election be later in February than now—the reason for that had nothing in the world to do with the Congressman-elect. We are discussing the question of which question shall be submitted to the people at the next election, the question of rapid transit, or retail distribution of power. Now, that is the only question that really is before us, with its implied threats of attacking the honor of our colleague has no bearing whatsoever——

I am going to appeal to the common sense of the members of this Board and ask them which issue is more important to the people of San Francisco, the question of rapid transit or the question of retail distribution of power. On the answer to that question determines the way you will vote, if you vote on the issue entirely on its merits, and I am not concerned with an attempt being made to create a political issue or an issue that does not exist today. There is one thing the people of San Francisco need above all others, and that is rapid transit. If you gentlemen attempt by six, eight, ten or twelve, or all the votes in the world, to tell the people of San Francisco that the question of power is more important than the question of rapid transit, why, they will laugh at you, those who have common sense enough to think and see know the conditions that actually exists here in our City. Six votes, I realize, can put this matter on the ballot, and it may be quite likely that those six votes are here, but six votes cannot make the issue of power more important than the issue of rapid transit, nor can our Congressman-elect, and I say this with due respect, and with great admiration for him, nor can he make the issue of power more important than the issue of rapid transit. Everybody knows that we have an adequate supply of power for heat and light, that we have an adequate supply of gas for power, heat and light, the least use being in the last. There is no question in the world about that. Everyone knows that anyone can get all the power they need, industry or anyone else. Everyone knows that the rates charged to our people for power are comparable and comparative with the rates charged in any city on the Pacific Coast, and everyone knows that the power company is under the control of the Railroad Commission, so that no one can say with any degree of truth or common sense that there is need for the development of San Francisco, for the urgent

need of San Francisco, no one can truthfully say that that is a pressing issue for the people of San Francisco, and I challenge anyone to come up and make that remark, that there is any hardship being endured by our citizens, any inconvenience, any lack of protection, any lack of development that can be definitely charged to a lack of or a proper distribution of gas or electricity to our people.

Now, let us contrast the other situation of rapid transit. Since we spoke, the San Francisco Bay Bridge has been opened and now is in use by the citizens of both sides of the bay. No doubt every member of the Board has been over the bridge, not once, twice or three times—I don't know how many times, but you are all familiar with the conditions that exist and you must realize, and if you don't you simply don't see or won't see or have this issue so confused in your mind that for some reason or other you can only see one situation and can't see the pressing needs of your own citizens. You must admit that something must be done regarding rapid transit, and taking care of the traffic on the streets of San Francisco. Now, as I say, six of you can wisely get up and explain your vote and make it seem plausible if you like, and your vote would count, and that would be the official attitude of San Francisco under the law, but you can do that all day long and all night long, but still you can't change the fact that what you need is rapid transit. You cannot change it and it is idiotic to think you can change it. I will tell you this, in my opinion if, when the City is pressed by an issue so strong as this, which it needs so vitally, you getting up and supporting the view that power is more important must do more to defeat the power bonds than any action that you could possibly take because if the people of San Francisco know what they want, they know what they need, and they would laugh, they must laugh and ridicule anyone who would have the—well, I can't—I don't know what to call it—have the lack of knowledge to place the power bonds ahead of the rapid transit bonds.

Reference was made to the manager of the utilities by Mr. Havenner and his attitude. Now, the Board is not concerned with what Mr. Cahill thinks about whether two bond issues or one will carry or not. That is really a political question and not an expert question on public utilities, but, as I understand it, Mr. Cahill thinks that the rapid transit bonds should come first and in that regard his opinion should be taken with a great deal of respect because he is considering that from an engineering viewpoint and from the need of the entire City, with which he is very familiar. Mr. Cahill told me that it was not his concern, but he told me he would be glad to come here and in reply to a simple question, "Which do you think is the more important?", he is prepared to advise the Board that he thinks that the rapid transit is more important, and in reply to the question, "Which one should have precedence over the other?", he would say that the rapid transit should have precedence over the matter of distribution of power.

Now, the reason I asked Mr. McSheehy whether the election could be delayed until some date in the twenties was this reason: It is true to a degree that the Board at this moment is not of a mind on the question of rapid transit, that it has not come to a decision as to which—I think every member of the Board believes in the necessity of rapid transit. I have never heard anyone express any opinion contrary to that. We appear at the moment to have different views as to how this thing can be brought about, whether to take the $52,000,000 proposal of the Public Utilities Commission, whether possibly to divide it into units and submit the Market street unit first, or whether to combine some of the other suggestions may be, or whether—Mr. Uhl favors the four-track subway—as I say, at this minute our minds are not together, but this is November 17th, and if this Board of Supervisors between now and January the 4th, which was the date you stated, or I would hope a little bit longer—and that was the only reason I had for calling the election up in the twenties—that could be done so that forty days would carry us a little bit further along so that with half of November, and all of December, this Board, by

meeting day and night, in my opinion, could come to a mind, must come to a mind on the question of rapid transit, and must finally determine which proposal in our minds would be the best for the people, and submit it. Now, that is the only object I have, to give us a little more time. However, I accept Mr. McSheehy's word entirely, if January 4th is all the time we have, it is my opinion that we can still come to a mind on the question of rapid transit. It is not beyond human possibility. Working day and night that could be done.

Now, gentlemen, I have been a member of this Board a long time and I recall very few instances where the Board has asked thirty—about forty-five days ahead of time that it is required to take action to tie itself up by expressing a policy when they are not in a position to do it. Why should this Board go on record now when a great deal can happen in 45 days, when we possibly will know much more about rapid transit if we apply ourselves to it vigorously and properly and why should we go on record to do something when we don't know what we are doing? Now, those are my views.

I want to state this, too: That from what I have heard, though there is no proposal here and that is another matter, I don't like to tie myself up ahead to submit any proposal when I don't know in what form the proposal is, and neither do you. If you are going to make yourselves a lot of "yes men" and vote to go along, why, that is your privilege, too, but how do you know the form it is going to be in, how do you know you will like it when it comes and why should we by our vote state what we are going to do ahead of time? It is the last thing I will do, as a member of a legislative body. I am told indirectly, as I say, that there is another proposal here, I am told indirectly that another attempt is going to be made to tear down the safeguards that have existed in our Charter since the City was born, and which, in my opinion, have resulted in San Francisco's splendid credit condition today, I am informed. I am informed that this thing will come in such a way that although bond issues are safeguarded by the necessity of eight votes of this Board that this is going to appear as a Charter amendment which, in the first place, only requires six votes to submit to the people, and which, in the second place—to which I am unalterably opposed—may be passed by a majority vote of the people of San Francisco. The thing is very skillfully presented, in a way to circumvent safeguards that have meant a great deal to the people of San Francisco. Gentlemen, if that is true, and I speak now only from rumor because nothing has come before us and you don't know what you are going to be asked to vote on, I am opposed to it and I will vote against its presentation to the people in that form, and I will do all I possibly can, whatever that amounts to, in defeating such a proposal.

Now, you are asked here today to determine between the merits of two proposals. You don't even know one of the proposals. In fact, you don't know what form the other proposal is in. You are asked to declare a question of policy that you consider the retail distribution of power of more importance to the people of San Francisco than supplying them with rapid transportation. You know the manager of the utilities corporation has told the members of this Board, not once but repeatedly, that if something is not done to take care of the rapid transit San Francisco is threatened with the loss of a serious number of its population. This view is not only expressed to us by Mr. Cahill, but has been expressed to us by the members of practically every civic body in San Francisco, right down the line, improvement clubs, civic bodies, are unanimous in the thought that rapid transit is of vital importance. They may not agree as to the way of bringing it about That is another question. That is a question for us to determine after consultation with all parties, but there has never been a voice in San Francisco to say that we don't need rapid transit, and yet today, without knowing what form this rapid transit is, how much it is going to cost, in what shape it is going to be, you are asked to go on record and express yourselves in favor of the power

business, that that is of more importance than the other, and that that should be presented to the exclusion of all others. Well, gentlemen, in my opinion, you have reached a cross-roads here where you have to choose, in my opinion, on the one side for what is unquestionably and universally acknowledged to be a most urgent thing. I don't think any city in America today faces the urgent need for rapid transit that does San Francisco. You can see how it is working already. You can imagine, go ahead a couple years and visualize the lower deck of the bridge when it is running, with the two tracks taking the suburban people from Plan X over across that bridge. They can get on the car at Plan X, take a comfortable seat, and whisk over the bridge to their destination on the other side of the bay for five cents, or whatever the fare may be—I don't know, but in comfort and with an increase of speed that will certainly be most appealing; and what have we? Our people must still hang on the car straps, crowding in the cars—Market street with its one minute headway—the traffic congestion morning and night. Why, gentlemen, is that question of retail distribution of power of more importance than safeguarding the future of San Francisco? Do you realize what it would mean for a hundred thousand people to move to the other side of the bay? Do you realize the shrinkage in the property values in our city? Do you realize that we would lose our prominence as the metropolis of the coast? Do you realize that maybe the East Bay will take over everything we have got if you don't do something, if you don't take care of this condition which you cannot deny and no one else can deny? How, in God's name, can you represent the people of San Francisco and today, on November 17, say that in January you are going to put up the question of power to the people of San Francisco instead of what they really want and need, and that is the question of rapid transit?

SUPERVISOR RONCOVIERI: I would like to reply to Supervisor Colman. The supervisor has at length given us views of the comparative value of the Hetch Hetchy distribution of power to the rapid transit. He has omitted to tell us that the Secretary of the Interior is holding the sword of Damocles over our head. We don't know what will happen if we don't distribute our power. A method of distributing the power has been presented to us which, to all appearances at present, seems to be of remarkbale advantage to this city, and I will read to you what Mr. Cahill gave to us a few days ago.

SUPERVISOR COLMAN: What who?

SUPERVISOR RONCOVIERI: Mr. Cahill, on the subject of the distribution of power, and ask you if you wouldn't rush into that business yourself as an individual if you had sufficient money to do it, and if we should not do it for the people of San Francisco.

"Plan 7 first pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then:

Pays off and retires bonds in amounts of $1,748,000 per year, and then

Pays into depreciation reserve fund $1,260,000 per year, and then

Pays into the General Fund an estimated tax loss of $654,000 per year, and after all that, produces a

Surplus revenue of over $4,000,000 per year, and in addition to all this, Plan 7 reduces power rates to consumers in San Francisco by $1,721,000 per year."

If we had $4,000,000 surplus money we Supervisors could appropriate that to build the rapid transit with a very small bond issue, perhaps, to start the work. Four million a year in ten years would give you $40,000,000. It will take some years before your rapid transit is complete. You can't build it in a day. It is practically $53,000,000. You have only got $58,000,000 worth of bonding limit and you simply can't do it. Your arguments were good, they were excellent, and I endorse every word you said regarding the importance of rapid transit, but we have no money. You can get the money through the profits

of the distribution of electric power. Do you refuse it? You don't know the day, you don't know the minute we will be jacked up by the government of the United States. The government of the United States is strong today, the people have expressed their wishes, their will, regarding power all over the United States. We know the attitude of the President, and the attitude of the Department of the Interior which has expressed itself in writing, and we have their statement. Is it not wise to do something to bring into our treasury a clean $4,000,000 surplus profit that we can use to build the very subways that we need? I will agree with you that we need them, but you can't have both. That is impossible. I doubt if you could have one, that is the $53,000,000 for subways, when the people realize that they have got less than $60,000,000 bonding limit, I doubt if they would go that far. You can, if a proper Charter amendment is submitted to the people, ask the people specifically—a Charter amendment specifically to provide revenue bonds to build this Hetch Hetchy distribution system, specifically for that—not as you expressed a moment ago—submit a Charter amendment by a mere majority, adopt revenue bonds for all purposes—no, but specifically for building this Hetch Hetchy power distribution system. I believe the people, if this is given to them, if it is correct, and it is up to us yet to find out if it is correct—we have not had a discussion yet with Mr. Cahill, but if that is absolutely correct I believe the people will gladly vote overwhelmingly a Charter amendment which will give this Board the power to issue some $43,000,000 of revenue bonds for Hetch Hetchy purposes. I believe they will. Certainly, I would rush into that if it were my own business, and I am trying to do the business of the City as I would do my own.

We can't omit from consideration Hetch Hetchy power, and I don't believe that you need to do so, Supervisor Colman, but you are balancing both rapid transit and the Hetch Hetchy power distribution one against the other. From your remarks I take it you look upon rapid transit as the more important. Perhaps it is. It is very important. There is no doubt about that, but you haven't any money. With the other you might, according to some—you may build your rapid transit out of the profits of the Hetch Hetchy. You may build it at $4,000,000 a year. If you don't reduce the power rates to consumers we would have nearly 2,000,000 more, nearly 6,000,000 a year which we can throw into the rapid transit development. I think we are all trying to do our best for the City, for the people, and I think we all have the same views. We just differ in some, I will say, minor respects. I believe we should start with the Hetch Hetchy because that will bring into our treasury nearly $6,000,000, nearly 2,000,000 of which will go to reducing the rate, the electric rate to the taxpayers, and 4,000,000 of which will go into our treasury. It is a mighty fine proposition. I would hesitate to throw that up, and particularly if it can be built, and it should be built out of revenue bonds that are no obligation whatever upon the real estate of the people of San Francisco.

The other day at the dedication exercises, in Oakland, of the bridge I heard the Governor say: "The greatest achievement in the matter of this bridge is the fact that it has been built without any obligation whatever on any city, on any county, and not even the State of California." Now, I heard him say that. He took pride in the fact that revenue bonds built that bridge which we are proud of. Let revenue bonds build this, specifically, this only. I can't—no—I don't want to open the door by a Charter amendment that will permit revenue bonds for anything that six or eight members or eleven members of this Board might want. I am somewhat inclined to your view in that respect, but for a specific thing like this, that we know will pay, at least if Mr. Cahill has made no mistake—we can check, we have Mr. Ellis, and we have others to check if this is correct, and I believe it to be so. I have faith in Mr. Ost, who worked for so many years with

Mr. O'Shaughnessy, and is responsible for the O'Shaughnessy reports, and has been in this with Mr. Cahill. I have faith in this man. We have a brilliant proposal, financially speaking, and we can not overlook it lightly. It must be taken into consideration.

As to which shall be first, I am for the income paying project which will cost the citizens of San Francisco not a dime, and will be no obligation on their property, and will be a facsimile, an identical duplication of the Bay Bridge which is now operating and is a success; $77,000,000 has been borrowed, not on the face of the people of the State of California, as he said, not any city, not any county, not even the State of California, is obligated to pay one nickle of those bonds, that the profits of the bridge will pay the $77,000,000, and no other way shall be taken to pay those bonds. The same thing can apply exactly on all-fours to this Hetch Hetchy distribution system. Therefore, I regard this as the more important of the two. I trust I have made a little dent.

SUPERVISOR COLMAN: Mr. President, I would like to take the floor again to answer Mr. Roncovieri.

SUPERVISOR HAVENNER: I would like to have a few words before the Supervisor speaks again.

SUPERVISOR COLMAN: As he referred to me particularly——

SUPERVISOR HAVENNER: Is the Supervisor going to be allowed to violate all the rules of the Board this morning?

THE CHAIRMAN: I must consider you out of order. This morning you have spoken twice already.

SUPERVISOR COLMAN: That is true, I have; but he has asked me certain questions and I would request the privilege of answering them.

THE CHAIRMAN: I think your request will be granted just as soon as Mr. Havenner——

SUPERVISOR COLMAN: Very briefly, Mr. Havenner, and then you will have all the opportunity——

THE CHAIRMAN: As soon as Supervisor Havenner yields to your request—I must consider Supervisor Havenner in order.

SUPERVISOR COLMAN: I thought you allowed me the floor?

SUPERVISOR HAVENNER: The Supervisor never has very much regard to the rights of others. I will yield to him.

SUPERVISOR COLMAN: Accepting it, I do not admit the statement at all. I think I have a very keen regard to the rights of others.

Mr. Roncovieri brought up the attitude of the President of the United States. I want to call his attention to the fact that at one of our meetings the President of the United States—we heard that the President of the United States had called a conference of the Tennessee Valley Authorities to meet with the utility people to discuss the question that arose back there, and the President at that time stated that he favored a co-operation between the government and the public utilities companies, with the view of stopping duplications, and various other expenditures that did not appear to be justified, and he hoped to be able to work out some method together. It was suggested by a member of this Board that we send a representative of this Board there but the reason the committee, which is Mr. McSheehy's committee, did not act favorably was because it was for the consideration of a specific thing to which we were not invited, but we appointed Mr. Paul Vetters, and requested that he represent San Francisco at that meeting, and to advise the Board what transpired, and any view that the President of the United States might have with regard to the government and the utilities corporations getting together in a co-operative body. I would like to move now that we ask for a report from Mr. Vetters, as to what transpired at that meeting. I would like to have that information, if I can receive

a second, and I would like to move that we wire Mr. Vetters to inquire if he has any report to make regarding that conference.

SUPERVISOR RONCOVIERI: I will gladly second that.

THE CHAIRMAN: Is there any objection? So ordered.

SUPERVISOR COLMAN: I want to call the attention of Mr. McSheehy to a paragraph in Plan 7 report, which is in there, and I am taking it at its face value. It is that it is the hope of the Public Utilities Commission that these negotiations with the P. G. & E., that the matter can be handled by negotiations which would not disturb the pleasant relations always existing between the City and the company, however, it was intimated in the report that in case the matter went to court that a long and expensive period of litigation might follow. Personally, I have no idea as to what the attitude of the company is with regard to the sale of its retail properties. I think that is a matter that might well be gone into by this Board if the Board is going to become involved in a long litigation, and costly litigation, which might well last over a period of years, I think the Board should have some intimation as to that. In fact, conditions were paragraphed in there which ought to have at least our consideration. That statement is made and, as I say, I have no means only as a member of the Board, of knowing what the attitude of the company will be, whether they will sell their properties at the price named by the Public Utilities Commission, or whether they will not. It is a fact, however, that should the company decide it will not sell its properties to the City for the price mentioned and take the matter into court, the fixing of the price no longer remains in the Public Utilities Commission, the fixing of the price would them go to the Railroad Commission, which might put a different valuation on the thing by the time it takes place.

Now, there is another point, Mr. Roncovieri. I don't know, the statement was not made—perhaps Mr. Ellis can enlighten us—the statement was not made that the City would receive in its general fund a profit of $4,000,000 cash which apparently Mr. Roncovieri thinks could be put aside for the relief of the tax payers. As I understand it—as I understand that, in bringing up the report, you took the figures of the Railroad Commission made before and eliminated from that the cost on which a separate charge was made, but that you found in the meantime, in the last few years that there had been comparatively little in the way of additions made due to the fact that business has been so quiet during the depression that those expenditures were not necessary, but I gather that of the $4,000,000 profit substantial additions and betterments would have to be made from time to time on our plant were the City to take over under Plan 7. Can you enlighten me on that? In other words, is it your statement that a $4,000,000 profit could be placed in the general fund which might, as Mr. Roncovieri expressed, after a period of years, ten years, be $40,000,000 which would be available for the City? I will ask Mr. Ellis.

MR. ELLIS: The $4,000,000 is the estimated annual surplus of the distribution system after taking care of all bond interest, operating expenses, retirements, and things of that kind. As to the disposition of the $4,000,000, there was no report made. In other words, any material extensions of the system would be made out of the $4,000,000, but there is no statement that there would be $4,000,000 turned over to the general fund. As to the disposition of that, it would be in the hands of the Public Utilities Commission.

SUPERVISOR COLMAN: But is it not a fact that there would be material extensions necessary from time to time?

MR. ELLIS: Oh, there will be material extensions in any distribution system, of course, the normal extensions.

SUPERVISOR COLMAN: I understand that, but I was told, I understood that due to the fact that during the depression the normal rate of extensions were not made by the company, and that now that

the depression is over and that the power business is on the increase it will be necessary to make the extensions, alterations, and additions.

MR. ELLIS: Not any more than normal. In other words, during the depression the power sales fell off quite materially. In other words, the plant in San Francisco was very much overbuilt for the business that they had. After they hit a point as to where they were, say in 1931, in their sales, there will be the normal extension beyond that. I mean, there is no heavy deferred construction facing the company in San Francisco at the moment. In other words, you see, if they had kept on in 1932 and so on, at the rate they were going in 1930 and 1931 it would have necessitated the $750,000 every year, but the sales fell off very rapidly, the result not only in San Francisco, but all over their system, and they probably had 25 per cent of their plant that was of no practical use to them. They are now building up to that.

SUPERVISOR COLMAN: Mr. Roncovieri: I would say where you and I differ is you want to have a distribution system, assuming the success of your plan, to apply to a city of very much decreased population and not take care of the rapid transit. Now, if you can hope to take care of the rapid transit from the profits of the company—I can not quite share that view—I am not disputing the figures of Mr. Ost, but I don't think you have demonstrated the greater importance by a long shot of going into the power business as compared to going into the rapid transit business because you have not in any way taken care of the objections that I have attempted to point out to you, the great dangers to our City that would result from no rapid transit, namely a shrinkage in property value and the shrinkage in population which would be very startling, and would be inevitably more than to offset a financial gain—the success of the system with a decreasing population and decreasing property value—and from all the evidence submitted to the Board that certainly appears to substantiate that view.

SUPERVISOR HAVENNER: I would like to have a few words with the gentleman. Mr. Chairman: I want to brush aside this effort to sidetrack the real issue before us, and get back to the question here. Supervisor Colman, in his opening statement characteristically expressed a very profound conviction of his authority to interpret the political opinions of the people of San Francisco. He says that there is no question in the minds of the people of San Francisco that it is more important to submit at this time the rapid transit issue than it is to submit the Hetch Hetchy power issue. I seem to recall that only about two or three weeks ago Supervisor Colman asserted, and according to the press, he joined with them as loudly proclaiming their convictions, that it was far more important for the people of America to have Landon than it was to have Roosevelt. That is only about two and a half or three weeks ago.

SUPERVISOR COLMAN: Mr. President: I think that is—I want the gentleman to know that I voted——

THE CHAIRMAN: Please, gentlemen.

SUPERVISOR COLMAN: His statement must be corrected.

SUPERVISOR HAVENNER: I can only judge him by his party activities in the political campaign. I know who his associates are.

SUPERVISOR COLMAN: Mr. President: I cannot refute the statement that my political activity was in behalf of Mrs. Florence P. Kahn, but my vote was for Mr. Roosevelt. That resulted in an apparent inconsistency, but due to many other conditions for which I have no apology whatsoever to offer.

SUPERVISOR HAVENNER: I do not yield any further.

SUPERVISOR COLMAN: I think that statement should be withdrawn when I state to my gentleman that my vote went for the President.

SUPERVISOR HAVENNER: I am delighted to hear that, but the votes of his associates, and the votes of those people with whom he has been associated in the past in opposition to this issue, did not go to Mr. Roosevelt, or if they did then certainly their pre-election activities did not go to him. However, that was simply by way of illustration of the gentleman's authority to interpret the attitude of the people of San Francisco at this time.

Now, Mr. Chairman: I have been accused of a sentimental attitude when profusely I have expressed my belief that the City of San Francisco ought to be in honor bound to keep to its publicly and legally expressed promise, no matter whether it be in this case or in any other case. Some of my friends cynically say that is pure sentiment, that it is emotionalism, that sentiment and emotion cannot enter into public business. I respectfully and eternally disagree with them and as far as I am concerned I believe that the solemn word of the City, pledged by the vote of this Board, pledged by the vote of certain members sitting here today, although the action was taken more than a decade ago, ought to be a pledge of honor, ought to be a thing that supersedes all subsequent consideration and ought to bind us now that the opportunity has finally arrived which they said then did not exist, ought to bind us now to put this proposition ahead of any material consideration. And I will stand by that before any audience of American citizens. I want to read to you again—maybe I have read it to you in the past, but I want to read to you the preamble—I say preamble only in the sense of its precedence here to the rest of this ordinance, but a preamble to the ordinance whereby this City entered into the agreement for the sale of its power through the agency of the Pacific Gas and Electric Company, and I will read you those passages which I consider an obligation of honor to San Francisco regardless of who may be representing San Francisco now or in the future. I shall read to you from parts of the electric distribution agreement, Bill No. 7164, Ordinance No. 6684, adopted by the Board of Supervisors Monday, June 29, 1925. I will not read it all to you, and if anybody thinks I have omitted anything of importance they can call my attention to it, but here are the sections to which I have reference:

"Whereas, the City has not yet constructed or acquired a transmission line from the point near Newark to the City limits, and has not yet constructed or acquired a distribution system for utilizing the power produced at Moccasin plant and delivering the same for general municipal uses and for sale to consumers of electric energy within the limits of the City and County; and

Whereas, pursuant to resolutions of its Board of Supervisors looking to the acquisition of a municipally owned electrical distribution system, the City has commenced and there is now pending before the Railroad Commission of the State of California proceedings for the determination by the Commission of the compensation to be paid by the City for the local distribution systems and certain steam plants now owned and operated by the Pacific Gas and Electric Company and the Great Western Power Company of California, respectively, when the same shall be taken over by the City under eminent domain proceedings, or otherwise; and

Whereas, the City has not funds available at the present time with which to purchase or construct a distribution system of its own and it will be necessary to submit a proposition to the people to vote bonds to provide money for that purpose before a distribution system can be purchased or constructed, and the City cannot well determine whether to purchase one or both of the local distribution systems, or to construct a distribution system of its own until the Railroad Commission determines the amount of compensation to be paid by the City for the taking of either or both of said local distribution systems under the proceedings now pending before the Commission; and

Whereas, the City intends to complete its power transmission line

from Newark to San Francisco and to acquire or construct a distribution system of its own."

Those paragraphs which I have read to you are part and parcel of the law adopted by the Board of Supervisors in 1925 whereby the present agreement with the Pacific Gas and Electric Company was entered into. They constitute, in my opinion, a pledge of the honor of San Francisco, and in my opinion, anybody who says that we ought to ignore, after the lapse of more than ten years, to ignore that pledge of honor and put something else ahead of it, has no regard for the honor of San Francisco, and places, in my opinion, the interests of a private corporation above the interests of this City which we represent. I believe that very, very frankly. The Secretary of the Interior obviously agrees with that viewpoint, because in the hearings which we attended in Washington a year ago last May he repeatedly referred to the failure of San Francisco to live up to its sound pledge to fulfill the obligation which it had assumed, and he said very pointedly and with great justification that we have repeatedly used our credit during the past decade for other purposes, that you have always found excuses not to use your credit for the electrical distribution system but to use it for every other conceivable purpose and now, he said, you come before me again and plead financial inability to do the thing that you pledged to do ten years ago and it is the same old story today. I don't know how plausible or how sentimental the arguments may be that are advanced to you now. They are simply a repetition of any others that have been adopted in the past. The game of the Pacific Gas and Electric Company was, if necessary, to wreck the financial stability of San Francisco, to exhaust its credit before they would permit this pledge to be carried out.

Now, in my judgment, my friends, the people are in a temper today to carry out this pledge, and I hope that a majority of the members of this Board will place in them the opportunity to decide whether they believe that there is any honor or any sacredness in the pledged word of the City which they represent and which we represent. That argument, in my opinion, is of far more importance in the life of this City, and in the history of this City, than any spacious temporary argument that may be advanced to the contrary.

Now, Mr. Chairman, there is no doubt about the seriousness of the crisis which confronts San Francisco now. These same people who are making these arguments to you today used to deny in the past that there was any crisis confronting this City with respect to its flagrant violation of its agreement with the Federal government for the distribution of Hetch Hetchy power. That denial has been deserted by the righteous action of the present Secretary of the Interior who has made it very, very plain that he intends to compel San Francisco, regardless of the attitude of certain of its misrepresentatives, he intends to compel San Francisco to live up to its agreement with the government and in that attitude I heartily agree with him for the reasons I have just tried to explain to you. I want to tell you that I know the man and I don't think you can have very much misapprehension in your own mind concerning the man because you have had an opportunity to observe him in these past few years, and, in my judgment, there has been no more courageous man in public life in my experience than the present Secretary of the Interior. Therefore, I don't think any of you who are at all intelligent can entertain any reasonable doubt as to what he is going to do if you don't do your part now. Now your part now consists solely of giving the people the opportunity to determine whether they want to go through with this agreement. If they do not, the responsibility will not be on your shoulders, my colleagues, but it will be on the shoulders of the people themselves, and I believe that is why there is this effort now somehow or other to defer or postpone submission of this proposition. I believe that the opponents of the electric distribution here in San

Francisco realize that the people are in a temper now to undertake a public enterprise of this kind. I think the last election demonstrated that beyond all possibility of a reasonable doubt, and that is why there is this desperate effort now to delay this thing and the effort is ridiculous on its face. The progress of rapid transit, and, I have no quarrel with rapid transit, I will probably vote for some proposition for rapid transit here if I am convinced that it is reasonable and sound, but they are at loggerheads, they are fighting each other, trying to knife each other's proposition, and they won't be in agreement for months and months, and there won't be any delay for which you and I are responsible for any rapid transit proposition which has a chance to carry.

I think I had an opportunity to contact a great deal of this community during the last campaign, and I have heard in various parts of town a very skeptical attitude toward any of the propositions submitted thus far, and my experience in these bond issues, and I have had as much experience as any member of the Board with bond issues, would make me very, very doubtful of the chances of success of any proposition submitted to us if it were placed before the people at this time. Furthermore, there is not going to be agreement enough to submit it. So, your submission of the Heach Hetchy proposition at this time is not going to delay a fair determination by the people of the question of providing rapid transit here in this City. All we are asking you is that at this time, in an election called for the primary purpose of a Charter revision, not for the primary purpose of submitting a rapid transit proposition at all, but for the primary purpose of submitting certain measures for Charter revision, that we may carry out our pledged word to the Secretary of the Interior and submit at the same time the question of municipal distribution of Hetch Hetchy power. That is the whole question and, gentlemen, don't let anybody deceive you. These people who are against this thing are going to be against it forever. No matter under what circumstances it may be presented to you, they will still have some form of spacious argument to put up to you why you should not do it. So, gentlemen, I think you are bound by the sacred honor of San Francisco to submit this proposition now. If the people should not see fit to approve it, go ahead, you can call another election and you will be able to call another election just as soon as you decide amongst yourselves what kind of rapid transit proposition you should prepare to submit to the people. There is no doubt about that. You are not going to be rushed into telling something in the face of bitter opposition on the part of large groups in San Francisco here, and you would be fools if you did because bond issues do not succeed that way. Bond issues have to start out with the support of a substantial majority of the whole community before they have a chance to succeed, and you all know that—I know it. So I hope that—at this time the question is not of the technical aspects of the proposition, not the technical merits of this or that proposition of rapid transit which may be in the offing, the question is, will you at the next election carry out the pledged word of San Francisco and submit the question of municipal distribution of electric power to the people, and I hope you will.

SUPERVISOR UHL: Will you submit to a question?

SUPERVISOR HAVENNER: Yes.

SUPERVISOR UHL: Would you submit it if it were found——

THE CHAIRMAN: Supervisor McSheehy has the floor.

SUPERVISOR McSHEEHY: He is asking a question.

SUPERVISOR UHL: Would you be in favor of submitting Plan 7 regardless of the profit that has been set forth by Mr. Cahill?

SUPERVISOR RONCOVIERI: Regardless of what?

SUPERVISOR UHL: Regardless of profit shown by Mr. Cahill.

SUPERVISOR HAVENNER: If you mean in the event I become

convinced that Mr. Cahill's profit is slightly in error I would feel justified in advocating it, yes. But even though I didn't think—we have our pledge to the Federal Government which is not based on any consideration of profit but was based on the assumption that the municipal distribution would be for the benefit of the people.

SUPERVISOR UHL: Regardless of the financial outcome?

SUPERVISOR HAVENNER: It was based on that assumption, that it would be. Just as the municipal distribution of water, the same argument used to be made here before we took over Spring Valley, the same identical argument, it is going to be unprofitable, it will not earn its way, and all of these arguments repeated almost identically were made to us then. I am convinced, sufficiently convinced in my own mind, that this particular project can not fail to be profitable to the people of San Francisco.

SUPERVISOR McSHEEHY: Mr. Chairman: A contract we have with our government, a contract that this City has expended the huge sum of $130,000,000, a feasible contract; that contract was signed on December 16, 1913, by the President of the United States. Now, in that contract there has been some differences of opinion. I don't know why, but they are. Now, I will read to you just two small portions of that contract. Section 6:

"That the grantee is prohibited from selling or letting to any corporation or individual except a municipality or municipal water district or irrigaton district the right to sell or sublet the water or the electric energy sold or given to it or by him by the said grantee."

Now, you know entirely what that means. It means that the United States government gave to the City of San Francisco the right to impound the Hetch Hetchy water supply, which was part of Yosemite Valley, and a portion of that property was the property of the United States government. It took us weeks, it took us months, yes, over a year to get that bill through Congress. Now, another section:

"That the rights hereby granted shall not be sold, assigned or transferred to any private person or corporation or association, and in case of any attempt to sell, assign or transfer or convey this grant, this grant shall revert to the government of the United States."

Now, if we attempt to—we have to in some degree—not to comply with that contract the government of the United States can take these properties from us and we will be left high and dry. Now, time after time we have gone along and we have visited the Department of the Interior, and Mr. Ickes in no uncertain words has told us exactly how he has felt in reference to this particular matter. So, on July 31st of this very year—this is a letter that I received from Mr. Sharron, assistant secretary to Mr. Cahill:

"Enclosed herewith for your information is a copy of a letter received today from the Honorable Harold L. Ickes, Secretary of the Interior, addressed to Mr. Cahill, relative to Plan 5, 6 and 7, for the retail distribution of Hetch Hetchy power by the City and County of San Francisco."

Now, this is Mr. Ickes' letter to Mr. Cahill:

"Mr. Edwin G. Cahill, Manager of Utilities, Public Utilities Commission.

dated July 27, 1936.

"My dear Mr. Cahill. I received your letter of July 16th with which you enclosed copies of Plans 5, 6 and 7 for retail distribution of Hetch Hetchy power by the City and County of San Francisco. I sincerely hope that the Board of Supervisors may find one of those plans to be acceptable and feasible. May I request that as soon as the Board of Supervisors has taken action that I be advised of that fact so that I may evaluate the plan in accordance with the standard set up by the Raker Act and so that the action can be taken with as little delay as possible on the application. Your San Francisco has

filed with the Board of Public Works Administration for a grant of funds affecting the municipal distribution of electric power.

"Sincerely yours,

(Signed) "HAROLD L. ICKES."

Now, members of the Board, what problem have we before us here today? There is an effort on the part of some members of this Board to place two propositions on the ballot. There is an effort on the part of some members of the Board to place the rapid transit bond issue on the ballot exclusive of the Hetch Hetchy, or, in other words, they want to place both if possible, and, no one knows better than these members that they will defeat both propositions. We can not place both propositions, as I have stated before, on the ballot with any thought of success. We must succeed because if we do not succeed some time the government is not going to wait on forever, it will come in and develop our own power in her own way and perhaps she will develop a lot of that power to our adjacent cities and we will find that we are holding the bag after paying the bill. We don't know what will happen. During all the years, and I have had a great many years in the advocacy of distribution of Hetch Hetchy power, during all the years we have never received such a favorable report as we received from the manager of the utilities here a week ago. Supervisor Roncovieri has read to you that short report of his, of very few words, and I will not attempt to read it again. Every member of the Board has received a copy of it, every member has received a copy of that report showing the profit, and retiring of bonds, in the amount of $1,700,000, and then it goes on down the line showing each portion of the report. Now, I will simply say this to the membership of this Board: We have gone over this problem day in and day out, year in and year out, and I imagine that most of the members of this Board have their minds made up one way or another. My good friend, Supervisor Colman, has differed with us on this. When I say "us," because there have been a great many of us who have continuously, year in and year out, advocated the distributing of Hetch Hetchy power—he has been consistently opposed to it. That is his privilege. He has never hesitated a moment to oppose it in any manner or form that he could, and that is his right. We have differed—he has not changed his mind, and we have not changed ours. He has consistently at all times opposed the distributing of Hetch Hetchy power, but I will say this, it was his good fortune at one time not to have to run for the office of Supervisor, because at that time they were relegated to private citizenry and left us as members of this Board. The people at that time, in the most emphatic way, expressed themselves and they will do it again if we will give them a chance. They want the power. Why do they want the power? Because if they have the public distribution of power they will buy the power at a far less price than they are buying it today, far less. It will mean a great deal to the people of San Francisco to be able to heat their houses with electricity and they can do that if the power is sold to them at the price it should be sold. They can not do it at the price it is being sold to them today. It means a great deal to our people here in San Francisco to distribute our own power.

Now, we are told here by Mr. Cahill the profits that will come to this municipality, as I have stated here, and the report I showed you some time back. We spend here in San Francisco for power alone the huge sum of fifteen million two hundred and some odd thousand dollars. Why, they pay to 63 of the officials of the Pacific Gas and Electric Company the huge sum of $640,000 a year. Mr. Black comes here from the east and he didn't know one street from the other here in San Francisco and he receives $70,000 a year as president of that company. That company's receipts in the northern section of California amount to something list $54,000,000 a year. Of course, they

are going to do everything they can to stop us from distributing the power, but I want to say to you, Mr. Colman, and to all of the member of this Board, that today conditions are far different from what they were 12 years ago, and the people of this City will be told what profits that this company are making if we can ever get this before them in the form of a bond issue; and they will be told what it will mean to what I term the plain people of our City if we can ever get it before them because we will show them that it means a great deal to them as a whole if they can heat their homes by electricity and if they can use electricity as they should use it by paying what I term the proper price for it. So I hope you will allow this as an issue and adopt a policy here today, just simply adopt a policy, that is all we are asking for, a policy that will allow us to present a bond issue to the people of San Francisco on February 16th of next year. That is all we are asking for here today. After we have adopted that policy we will then go into the plan that we will adopt, and, of course, there is a great many other issues that we will go into, revenue bonds and so forth, but the first thing we want to do is adopt a policy, adopt a policy as to whether we shall put on the ballot the purchase of the hydro-electric distributing system or whether we shall attempt to bond the city for $52,000,000, or some other large sum, for rapid transit. That is the policy before us, and I think if it is presented to the people the people will vote, I am positive they will vote for the distribution of the hydro-electric power. Conditions have changed. We all know how they have changed. We know what the people did a few weeks ago, a new philosophy has gone over the entire people of the United States and the radio, thank God, is in such a condition today that some of us can take it up and tell the people of this City, and the Bay region, what it means to bond this City or issue revenue bonds for the distribution of this power, and show the report of Mr. Cahill showing that it will not mean any bond issue against their holdings, but simply against the utility that we hope to develop and which we own.

Now, I simply say this, membership of this Board: I hope we will come to a vote here within the next few minutes and agree upon this policy. I hope we will come to that vote because if we come to that vote we have started the first part of our work. The work is only started by establishing a policy here this morning, and that is all we are attempting to do at this time.

SUPERVISOR UHL: Mr. Chairman, and members of the Board: I desire to talk on this matter, but I want Mr. Cahill to be present when I do. I want to ask him some pertinent questions. Therefore, if any other members want to speak at this time, all right; if not, I move we recess until 2 o'clock.

SUPERVISOR McSHEEHY: Mr. Chairman: I would ask that Mr. Cahill, who left word with our Clerk that he would come over here on a minute's notice, so I think if the Clerk telephones to him, Mr. Cahill will come right over.

SUPERVISOR UHL: I am agreeable to continue if he comes over.

SUPERVISOR McSHEEHY: Can you proceed before he arrives?

SUPERVISOR UHL: No, I would like him to hear the remarks I have.

SUPERVISOR McSHEEHY: Mr. Chairman, Mr. Mead just—— just a second. Mr. Chairman: I have introduced here a motion, I have it in motion form—now, I have carefully, myself, outlined it in three sections, and if the Board wishes to take it up in three sections, if you want to change the verbiage of it, I am not wedded to any particular verbiage—I carefully went over it and covered everything I could cover in presenting it and I will take it up. If there is no objection by the members of the Board, I will read it in this form, and if you wish to vote on the first section, take it up like you would take up anything serriatum and then if you wish to change the verbiage of it,

as I said, I am not particularly wedded to any particular verbiage, I am only wedded to the entire intent of the motion.

"I move that it be the policy and intention of this Board of Supervisors to submit to the people of San Francisco at the first appropriate election, the question of municipal distribution of Hetch Hetchy power."

Now, if there are any words you want to change in that?

SUPERVISOR HAVENNER: Yes, that is entirely—there is nothing whatsoever decisive about that at all, at the first appropriate election. I want it submitted at the next election, not the first appropriae one, but the next one.

SUPERVISOR McSHEEHY: Cut out the words and say, "at the next election."

SUPERVISOR HAVENNER: Cut out the word "appropriate" and say "at the next."

THE CHAIRMAN: Is there any objection to that change?

SUPERVISOR McSHEEHY: I will ask that we go through it and then we will agree and we can propose it again—I am trying to get an opinion from the members in reference to the language. Is there any objection to that change?

SUPERVISOR HAVENNER: Cut out the word "appropriate" and put in "next."

SUPERVISOR McSHEEHY: No objection by me.

"And further, that this question so far as it involves bonds or financing other public projects, shall be exclusive at the said election;"

SUPERVISOR HAVENNER: I would suggest we change it by making it read, "That no other bond proposition shall be submitted at said election."

SUPERVISOR McSHEEHY: And cut out all that language I have inserted.

SUPERVISOR HAVENNER: Yes.

SUPERVISOR McSHEEHY: I have no objection to that. It is the intent I am looking for. The words don't mean anything to me. That is satisfactory to me.

THE CHAIRMAN: Any objections to that?

SUPERVISOR McSHEEHY: "Also, this motion shall include request of the City Attorney to prepare the appropriate proceedings for the submission of the question of the municipal distribution of Hetch Hetchy power, legally, to the voters;"

SUPERVISOR HAVENNER: Well, he has already been requested to do that.

SUPERVISOR McSHEEHY: Well, this is covering this entirely; it takes it all in so there will be no mistake—it is all going to come—All right, if that is satisfactory.

"Said procedure to include such Charter amendments, bond ordinances, or other legislation as are necessary to carry out the intention and policy of the Board of Supervisors."

SUPERVISOR RONCOVIERI: It says here it is the intention and policy——

SUPERVISOR McSHEEHY: If you wish to change that wording it is all right.

THE CHAIRMAN: Is there any objection to that?

SUPERVISOR McSHEEHY: Mr. Chairman: The changes that have been made represent the motion that I have made, with the consent of the second those changes will stand as the motion that is before this body at this time.

THE CLERK: Mr. Cahill said he would come here in a few moments. He is over in Mr. Cleary's office.

SUPERVISOR McSHEEHY: May I be permitted to say one word further? I would like the members of this Board to get this thought——

SUPERVISOR HAVENNER: Supervisor Shannon left word that he could be called here.

SUPERVISOR McSHEEHY: Yes. And he said, too, what time he would ring up.

SUPERVISOR MEAD: No; he left word that were any action taken on this he would like to be called.

SUPERVISOR McSHEEHY: I was talking with Supervisor Shannon a short while ago and he wanted to know if we were about to come to a vote, and I told him we were not at that time, that particular time, and he told me he would call me a little later, and he specified the time and I think he will call me in a few minutes.

THE CLERK: He said, as I recall it, that he would call around twelve-thirty.

SUPERVISOR McSHEEHY: May I say this to the membership of this Board: I say this in all good faith, I say that every one's vote here today would be a direct expression, which of course I think we all understand, a direct expression of whether you favor the placing of the Hetch Hetchy distributing system on the ballot or whether you favor the placing of the rapid transit on the ballot, and I think that if one attempts to vote with that thought in mind, that both should go on the ballot, I don't think people will misunderstand them. I think it will be a deliberate attempt to kill the bond issue for the distributing of Hetch Hetchy bonds. Here is Mr. Cahill now——

Mr. Cahill, I am going to sit down right now. Supervisor Uhl has a number of questions he wishes to ask you.

SUPERVISOR UHL: Through the Chair, Mr. Cahill, the Board is deliberating here this morning whether Plan 7 should be placed upon the ballot exclusive of any other bond issue for rapid transit and the like. I believe it was last April that you expressed before this Board the importance of rapid transit for San Francisco. Is that correct? Was it about April?

MR. CAHILL: Some time along there.

SUPERVISOR UHL: And it is regrettable that the Board has failed to give the necessary attention to so important a matter as rapid transit. I remember evenings that we met here and there was not a quorum on one particular occasion. The Supervisors seemed to be so indifferent and to take such a little interest in that very important matter.

As you know, I feel—I am sold on the proposal of the then City Engineer, O'Shaughnessy, 1931 report, on the four-track subway. You still contend it should be a two-track subway for the Municipal lines? I interested Mr. John Dobbins in giving me the benefit of his views as an engineer and the letter which he wrote was submitted to you and you answered same. Without at this time going into great length, reading the correspondence covered by your letter of November 6, accompanied by a letter from you to the Board of Supervisors under date of November 7th which refers to your answer of the previous letter of Mr. John Dobbins, I feel that it would consume the time of the Board unnecessarily to read Mr. Dobbins' reply of November 14, much as I would like to read it, in which he still maintains his position contending it is sound and practical for a four-track subway and refuting some of the arguments that you make, and also excluding therefrom, for example, one item of $3,400,000 for the additional cost covering the cost necessary for the Market Street Railway if they used the subway. Now, it is just regrettable that we are not agreed on the matter of rapid transit because I feel just as Supervisor Colman has expressed himself that really of the two issues the more important of the two is rapid transit, and they should have gone to the people, should have been submitted, I believe, jointly to the citizenship, but rapid transit is not in a condition today to submit to the people. Positively not. I know from the sentiment that I have found from the improvement clubs, and persons that I have talked to, and also the representations that have been made here in the Board, that the two-track subway would positively not carry. I don't think there is any question about it. The suggestion was made today that when the

time comes the rapid transit may be submitted to the people in various units—Do you want this subway—Do you want this part of it or that part of it? We are not even ready today to go along on that line and I can't see that we would be ready to agree upon submission of rapid transit within the prescribed time of placing it on the ballot, on February 16. It is most regrettable, I feel, that we are not ready in this important matter. Supervisor Colman urged that we begin now, set each day until we do agree upon it. It is just regrettable that we did not urge that these many, many months that the matter has been before the Board of Supervisors. Therefore, I can only feel that the matter is not ready to submit to the voters for reasons which I have explained.

Now, then, I do feel on the other hand that rapid transit is so important a matter that we should follow the suggestion of Supervisor Colman and immediately take up the same and let this Board assume the responsibility for calling another special election for the very earliest possible date. If you do not do that rapid transit is going to be delayed until next November and in the meantime the interurban trains may be across the bay, may have completed their installation, or immediately thereafter, and begin operation. Now, I for one am not going to stand the criticism of our people in the procrastination that has taken place on this Board in the matter of rapid transit. It has been handled in a most unbusinesslike manner. When Mr. Cahill brought it up to this Board in a reasonable time and here it has been these many, many months. I regret, indeed, that the matter has been handled in so unbusinesslike a way so, as far as I am concerned, at this time, rapid transit is out of the picture. It is not possible to place it on the ballot, feeling as I do that we should have a four-track subway on Market street. I positively feel that it is not alone backed up by the report of Mr. O'Shaughnessy, but by Mr. Dobbins' judgment, and my own judgment, as I stated before. An engineer will be employed by the executive to bring in a report and in the final analysis the executives are the ones who will decide whether or not they will go ahead with the proposal.

I should like to ask Mr. Cahill this question: There has been a discussion here this morning of the profits of the distribution of power and the statement which you made regarding the financial results, and the $4,000,000 surplus which would go into the general fund. Will the $4,000,000 surplus profit be realized the first year, Mr. Cahill?

MR. CAHILL: I haven't the document before me, Mr. Uhl. I didn't know what you were going to ask me when I came over here. That is one of the difficulties I have been under here lately, because I never knew whether you were going to talk about rapid transit, or power, so I came prepared to discuss either one. I believe that is a proper statement. Yes, I am certain you will find it divided between the initial year situation and the average year situation, but I believe your statement or that the statement that $4,000,000 be realized the first year is very close to true, but I am not absolutely certain on it.

SUPERVISOR UHL: It is based on an 8 per cent increase?

MR. CAHILL: Yes, it is based on an increase. I was going to amend that. My income has been based on an average of 8 per cent increase in the year 1936, and an 8 per cent increase in the year 1937. Now, the Pacific Gas and Electric Company yesterday—I have it before me—a statement of their business for the twelve months ended September 30, 1936, and the 8 per cent increase which I expected to take place turns out to be, according to their own statement, in the electrical department, 12.42. Now, had I assumed that it was going to be more than 12 per cent, naturally my income would have been considerably greater because I assumed 8 per cent for each of the two years. I might have assumed 12 per cent, which, you will observe, is 50 per cent more than the increase that I had assumed. I just simply mention that to you gentlemen to emphasize the statement that I

hitherto made concerning the figures in this report. Mr. Ost and his engineers and I have leaned over backwards to be conservative to the best of our ability. We have not assumed 12 per cent, although we knew it was close to 12 per cent. We have added 8 per cent. We have added 30 per cent on an average for the cost of operation of the company to cover conditions as they might exist in civil service, and certainly it seems to me a large enough addition to the cost of the private corporation as they are reported by the private corporation. We have endeavored throughout to be conservative, to be on the safe side in our expenses and be on the safe side in our estimate of income. If there are mistakes, Mr. Uhl, they are probably on the safe side—in both directions—but if they are mistakes I want to point out to you that they are almost certain to compensate in their nature. One may be a little too much, and the other may be a little too low. I don't say they are all exact. That is impossible for any man to produce, but I do say it is an honest effort to arrive at the condition of affairs which exist. I think the actual conditions will be found to approximate very closely to these things.

There is just one thing in this which no man can tell. That is, how much will we have to pay for the part of the system that we propose to buy. Now, this matter of 39 odd million dollars that we have suggested is not a guess on our part at all. It is based on some actual estimates which have been made, and paid for by the City, and brought down to date by means of the engineers' estimates of increase in service, and decreases in valuation due to obsolescence and such.

SUPERVISOR UHL: Can you tell me what the cost was covering the installation for the lighting of the Trans-Bay Bridge?

MR. CAHILL: No, I don't know anything about that.

SUPERVISOR UHL: Isn't that in San Francisco County?

MR. CAHILL: Yes, part of it.

SUPERVISOR UHL: Will that not come under our municipal distribution of power?

MR. CAHILL: We do not, as I understand it, contemplate that. That is a matter which the Toll Bridge Authority managed and probably they would take power from us.

SUPERVISOR UHL: In that case, what would be the installation cost?

MR. CAHILL: I can't tell you.

SUPERVISOR UHL: What about the lighting of the Golden Gate Bridge, is that going to be to the P. G. & E.?

MR. CAHILL: The lighting of those two bridges are minor matters, they are not fundamental, they are not matters of importance, they are a matter of a few thousand dollars.

SUPERVISOR UHL: Only a few thousand?

MR. CAHILL: I would say yes, 50 or 75 thousand dollars would probably make all the necessary connections to those systems. The fundamental things are the cost of the system, the income that can be made—as I said, I under-estimated the income, the increase in income by 50 per cent over the actuality, and I probably have over-estimated some things, but the errors will almost certainly be compensating.

SUPERVISOR UHL: Mr. Cahill, that is where you and I differ. I said you have over-estimated the revenue based on figures I will refer to, and under-estimated the cost.

Now, on July 15, 1936, Plan 7 was filed with the Board of Supervisors by the Public Utilities Commission. The matter remained in committee until October 19th, on which date Plan 7 was called out of committee by me. I maintain there has been gross procrastination on the part of the committee in so important matter; despite the fact the matter has been in the hands of the Board since October 19th, the discussions have been limited to approximately two hours.

I renew my statement that revenues under Plan 7 have been over-

estimated and operating costs under-estimated. The only hearing on the matter thus far has been in the matter of cost covering standby service. Mr. Claude Brown, Chief Engineer of the Railroad Commission, informed this Board that under Schedule P-18, P. G. & E. Rates for Standby Service would approximate $84,000 per month, $1,000,000 per year. Mr. Cahill counters by stating the most standby service will cost is $75,000 per year. Who is right? No attempt has been made to ascertain what amount the Pacific Gas and Electric Company can legally charge for standby service.

Under Plan 7 the 84,000 k. w. generated at Moccasin Creek power house, and Red Mountain Bar power house, will be delivered to P. G. & E. lines at Newark for transmission to San Francisco." Will Mr. Cahill state that P. G. & E. have agreed to transport these 84,000 k. w. from Newark over their lines to San Francisco gratis?

MR. CAHILL: No.

SUPERVISOR UHL: Will there be a charge made for that?

MR. CAHILL: Certainly. It is included in Plan 7, somewhere—transmission stepdown, table 5—$200,000.

SUPERVISOR UHL: Transmission stepdown, that is the Moccasin Power over the P. G. & E. lines?

MR. CAHILL: That is right.

SUPERVISOR UHL: On what do you base the $200,000?

MR. CAHILL: We base it on Mr. Ost's, and the other engineers' estimates of the value of the service.

SUPERVISOR UHL: The Public Utilities Commission fixes the price of the properties to be acquired from P. G. & E. under Plan 7 at $39,700,000. What assurance that the price will not exceed this figure by several million dollars?

MR. CAHILL: None.

SUPERVISOR UHL: It seems a strange procedure, to ask the voters to approve a bond issue of $43,700,000 before ascertaining the price that must be paid for P. G. & E. properties under Plan 7.

Now, Mr. Cahill, isn't it possible that the company will raise the demand for severance damages?

MR. CAHILL: No.

SUPERVISOR UHL: They will not? Why not?

MR. CAHILL: Because you have included nothing upon which the Railroad Commission allowed them severance damages in the last examination which was made a few years ago. We are not buying now from them, not taking over anything upon which the Railroad Commission allowed them severance damages. Anyhow, the steam standby plant and the transmission line, we haven't that.

SUPERVISOR UHL: Would the Railroad Commission be the final judges in that matter, would they have the final say?

MR. CAHILL: I don't know. You would have to ask Mr. O'Toole as to that.

SUPERVISOR UHL: Mr. Cahill bases his revenue on an 8 per cent annual increase in k. w. sales. Mr. Claude Brown, Chief Engineer of the Railroad Commission, in compliance to my request, furnished under date of September 28, 1936, the k. w. h. sales from 1920 to 1935, an average increase in k. w. h. sales covering that period, average 4.82 per cent.

I maintain you can not take any one particular year as you have taken for the 12 per cent now. I maintain you can not do that in a sound manner.

MR. CAHILL: Why can't I take an 8 per cent for a year, which is actually, according to the P. G. & E.'s own statement, 12.42?

SUPERVISOR UHL: Correct, but take it last year, what was the P. G. & E. last year?

MR. CAHILL: I am taking it for this year.

SUPERVISOR UHL: You are taking it for the future year. In order to be sound, I state, and Mr. Brown said, you have got to take

an average year which Mr. Brown advised me was 4.82 per cent in twenty years. Let us see how we got off on this——

SUPERVISOR HAVENNER: I would like to hear Mr. Cahill's reply to that.

SUPERVISOR UHL: There will be another one bearing on the same matter.

In December, 1923, the Commonwealth Club rendered a report on Hetch Hetchy power. On page 303 of said report there is set forth the following:

"A forecast of the future growth in power demand is given by the City Engineer in his report to the Supervisors. It is based on the conservative annual compounding rate of 5 per cent."

Wasn't Mr. Ost the electrical engineer with Mr. O'Shaughnessy in that year, Mr. Cahill?

MR. CAHILL: I don't know, possibly he was.

SUPERVISOR UHL: I am sure he was. The estimated demand deliveries to consumers for the year 1935 was set up at 772,000,000 kilowatt hours. Whereas kilowatt sales in San Francisco were 542,456,000 kilowatt hours. It is presumed the City Engineer did not include the Market Street Railway load in his estimated demand delivery to consumers. As a matter of fact, these figures were set up by Mr. Ellis for me in 1935. The kilowatt hour sales were 542,456,000 kilowatt hours as against what Mr. O'Shaughnessy or Mr. Ost, I take it, predicted would be 772,000,000 kilowatt hours. So you see what a danger there is in forecasting what the percentage of increase could be in this matter of power and if it turns out that 8 per cent is too high an average over a period of years—there may be a peak year in there like the 12 per cent referred to here by Mr. Cahill in the P. G. & E. report, but that is no assurance that the next year or the year after will be 12 per cent or even average 8 per cent, and I certainly would be more likely to be guided by the past than the future, and the past ten years, 1925 to 1935, shows only 5.1 per cent average increase, so how can you reasonably say that the next ten years will average eight?

MR. CAHILL: I did not say so. You just assumed I said so.

SUPERVISOR UHL: You have it in your report.

MR. CAHILL: That is one of your assumptions which you make without the slightest reason for making them. I have said for two years, one of which is past and which has made 12.42 per cent, according to the report of the Pacific Gas and Electric Company.

SUPERVISOR UHL: Yes, but Mr. Cahill——

MR. CAHILL: Wait until I get through, for a minute. For two years. In order to arrive at what we will get the first year, not for the ten years following, for two years, in order to arrive at what our first year's income would be I said there would be an 8 per cent increase the first of those years. According to the Pacific Gas and Electric, it shows 12.42 per cent. The next year only has to show less than 4 per cent to make me correct. I did not say anything about the next ten years or twenty years. Those two years only, up to 1938. In other words, the year 1936 and the year 1937, according to Plan 7, will produce an average excess of 8 per cent over the corresponding amount last year. Now, the first year has done 12.42 per cent, and the next year only has to do 3.6 per cent in order to bring me right; but I don't say anything about ten years or twenty years, or any other number of years.

SUPERVISOR UHL: You didn't say in that letter to the Board regarding paying the retirement of bonds, and so forth, and leaving a net surplus of $4,000,000, you don't say that is only estimated for the next two years, you don't know what it will be beyond that. You are leading the Board to believe in that—you led me to believe so, that there would be $4,000,000 surplus at least per year in the future.

MR. CAHILL: Don't say any such thing. I said, applying this figure to the estimated 1938 sales will produce a revenue of $15,000,000.

I don't say anything about 1939 or any other year. You just assumed that. If you would read this thing and give it careful thought maybe you would not make these statements.

SUPERVISOR UHL: Could I see that statement? Here is what this letter says: "Plan 7 pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then,—pays off and retires bonds in the amount of $1,748,000 per year, and then pays into depreciation reserve fund $1,260,000 per year, and then pays into the general fund an estimated tax loss of $645,000 per year, and after all that, produces a surplus revenue of over $4,000,000 per year, and, in addition to all this, Plan 7 reduces power rates to consumers in San Francisco by $1,721,000 per year."

If that does not lead me to believe that the future means $4,000,000 surplus per year, please, then I can stand to be corrected.

MR. CAHILL: You certainly can.

SUPERVISOR UHL: That is all it says on here.

MR. CAHILL: All right, that was just a resume of this. Read this plan, get it in your head before you try to criticize it, and it would be far better for all of us. Here is a situation in which I definitely stated that I estimated in 1926 and again in 1937 there would be an 8 per cent increase in power sales over the year before, and that is as far as I went. In order to produce a gross income figure I made those estimates. Now, I am not wrong in making those estimates and I have only made them for two years, and not for ten or twenty years, I have only made them for two. I have not made one move further than that, and I am right because the Pacific Gas and Electric Company says, "Total sales of electricity during the 12 months ending September 30, 1936, increased 12.42 per cent compared with the same period a year ago." Now, that is not all of one year, but it is nine months of it. All it has to do next year is to get about 4 per cent increase, which even you admit is o. k., and they will have the two 8 per cents that I have forecast; and in my opinion they will have much more.

SUPERVISOR UHL: In other words, Mr. Cahill, you wouldn't take a chance and go beyond the two years?

MR. CAHILL: I don't have to. I was trying to produce an income as of the initial year. Beyond that I have made no prophecies.

SUPERVISOR UHL: Beyond that it is questionable.

Operating costs under Plan 7 are estimated at $1,199,018, less than it costs the Los Angeles Water & Power Company despite the fact that the distribution of kilowatt hours under municipal distribution in San Francisco will be 9 per cent greater than by the Los Angeles Water & Power Company.

SUPERVISOR MEAD: Where are you reading from?

SUPERVISOR UHL: From what I am stating now.

SUPERVISOR MEAD: It is your own statement?

SUPERVISOR UHL: Yes. I want to re-read that:

"Operating costs under Plan 7 are estimated at $1,199,018, less than it costs the Los Angeles Water & Power Company despite the fact that the distribution of kilowatt hours under municipal distribution in San Francisco will be 9 per cent greater than by the Los Angeles Water & Power Company."

Now, those are the matters that I wanted to discuss here in committee and be able to have a thorough check up on it so if I vote for this matter, I want to know exactly what I am voting for or submitting to the people, to know exactly what the facts are and, Mr. Cahill coming in here at this time and just disputing this statement or that statement does not clear it up entirely to my mind. That is where I feel the Board has procrastinated, in not having held meetings here and bringing in all the evidence so we know that the statements submitted here are sound. That is the way I feel about it. Now, I will say to you very frankly——

SUPERVISOR HAVENNER: I would like——

SUPPERVISOR UHL: I have the floor.

SUPERVISOR HAVENNER: I know you have, but you have made a statement and I would like to hear Mr. Cahill's reply.

MR. CAHILL: Los Angeles covers an area of more than 400 square miles that is operated by that outfit. We operate something like 44 or 50 square miles and it is surprising the differential isn't much greater.

SUPERVISOR UHL: In other words, the Los Angeles Municipal plant has a full coverage of 400 square miles?

MR. CAHILL: Yes, over that.

SUPERVISOR UHL: Full coverage?

MR. CAHILL: I won't say full coverage, but they operate over that area.

SUPERVISOR UHL: Now, members of the Board, I can recall at the time that the municipal distribution of power was submitted to the people some time ago to vote on bonds, I have a very distinct recollection that a majority of the people voted for that, but a minority—that is, it did not reach the necessary two-thirds vote of a general bond issue.

SUPERVISOR COLMAN: Which one was that?

SUPERVISOR UHL: That was the time they voted on the question of acquisition of the Pacific Gas and Electric Company.

SUPERVISOR COLMAN: But you are mistaken. It was overwhelmingly beaten. There was one bond issue for $2,000,000, the bond issue to build a transmission line that carried by a majority, but not the necessary two-thirds, but the others I think did not receive a majority.

SUPERVISOR UHL: Well, be that as it may, my feeling in this matter is that I am going to vote to afford the people of San Francisco the opportunity to say whether or not they want municipal distribution of power. I feel that it is incumbent upon me to do that, but I want to emphasize this fact, that in voting in that way I do not obligate myself to the desirability at this time of the municipal distribution of power. I don't want to be put—that is why I want to emphasize, I don't want to be placed in the position of—well, Uhl has voted for submission and the others have—because I am not yet convinced that it is the right thing financially for us to do.

I would ask, through the Chair, of Supervisor Roncovieri, are you voting—will you vote for this, and I presume you will, on the basis of the revenue that can be made, or would you vote for it if there were no revenue to be made out of it, no profit?

SUPERVISOR RONCOVIERI: I would vote for it if there were no revenue, as was explained by Supervisor Havenner—we have an obligation, our word to the government of the United States, given some thirteen or fourteen or fifteen years ago under the Raker Act. We have given our word that we will do it. My word is my bond and I believe the people of San Francisco will feel the same way and will vote that way, but it will be a successful business and will be a double pleasure to vote for it.

SUPERVISOR HAVENNER: May I ask another question of the Supervisor? However, Supervisor, you are convinced in your own mind that there will be abundant profit in here for the benefit of San Francisco?

SUPERVISOR RONCOVIERI: I added that it will be a double pleasure to vote for a profitable project such as this and to keep my faith with the people.

SUPERVISOR UHL: Naturally, if there is a tremendous profit to be made I am for that. There is no doubt about that, but I want to be assured of it between now and the time the matter will come up for attention on February 16th, and I will satisfy myself regarding that.

SUPERVISOR MEAD: Mr. Uhl, is it not possible to put this thing on trial for a year to find out whether we are going to make a profit or not?

SUPERVISOR UHL: You can't do that.

SUPERVISOR MEAD: We have to take those chances.

SUPERVISOR UHL: I appreciate it, and as I said a moment ago, I feel the people should be able to say whether they want to fulfill their obligation or whether they want to vote these revenue bonds for that purpose. That is the way I feel about it and I am perfectly willing that it should be submitted to the people but I do regret at this time that the rapid transit matter has not been heard by the committee or the Board so that both matters could be submitted to the people, not with any idea of defeating one with the other, but with the idea that rapid transit is so positively necessary and I shall certainly do everything I can to see that the matter is given immediate consideration, and will move for a special election which will be no fault of mine if that happens, but it should have the earliest possible consideration.

SUPERVISOR McSHEEHY: Mr. Chairman, the hour is 1 o'clock, and I trust the Board will come to a vote.

SUPERVISOR COLMAN: I want to speak briefly.

SUPERVISOR McSHEEHY: I thought we ought to come to a vote. As the author of the motion I have a right to close, but I have no desire to close. I think we have all been heard—if Supervisor Colman wishes to speak—— Do you think five minutes?

SUPERVISOR COLMAN: I think so. Don't try to stop someone. Mr. Uhl is apparently the only one that thinks as I do——

SUPERVISOR RONCOVIERI: Would you permit the resolution to be read once? Mr. Cahill was not here.

THE CHAIRMAN: Kindly read it.

THE CLERK: It is a motion: (Reading.)

"I move that it be the policy and intention of this Board of Supervisors to submit to the people of San Francisco at the next election, the question of municipal distribution of Hetch Hetchy power, and that no other bond issue be submitted at said election; also this motion shall include request to the City Attorney to prepare the appropriate proceedings for the submission of the question of the municipal distribution of Hetch Hetchy power, legally, to the voters; said procedure to include such Charter amendments, bond ordinances or other legislation as are necessary to carry out the intention and policy of the Board of Supervisors."

SUPERVISOR COLMAN: Mr. President: There hasn't been a reason advanced as to why the Board today, on the 17th of November, should declare a policy of something it is going to do in January. There is no edict of the people that has been called to ask us to state now what we are going to do, and, as I said before, in my experience as a member of the Board that is a most unusual circumstance, something personally I would not do on any question. I have seen too often conditions change in a period of time that will warrant us in changing our policy. Why must we today state what we are going to do? Of course, I say, it is not for the purpose of creating ill-feeling, but Mr. Uhl's attitude passes my comprehension. In the first instant, he cries to the procrastination of the question of rapid transit, and deliberately now that the matter is before us pays no attention to a proposition that would allow us, in my opinion, to come to a decision in ample time before the 4th of January if the Board were to begin to go in session. If Mr. Uhl takes the attitude that he has agreed on rapid transit, even then that does not excuse the Board. After all, Mr. Uhl is credited with two votes, but that does not control the Board of Supervisors, either, and he should be given every opportunity to express his views, but this to me is deliberate procrastination because it is my opinion that we can agree by meeting daily and nightly with the assistance and the cooperation of the Manager of the Utilities on the question of rapid transit, and we can come to a mind on the question and submit it. There is no question about that. I am not for the submission of both at once. I want to state myself clearly; I am

for the submission of the more important issue and the most important issue that faces the people of San Francisco and that has ever faced them in the entire history of the city, and no one can dispute the truth or accuracy of that statement, in all our lives we have never faced anything so important, having such a direct bearing on the future of the City, on its metropolitan standing, on its population, on the value of property, on the assessment roll, as we face today by the need of rapid transit, and nobody disputes that statement. Nobody disputes it. I repeat again, Mr. Havenner's appeal is entirely emotional. He points to 1925, you have a moral obligation—I don't care to speak on morals, but I think my own—I have observed them to the best of my ability, and as scrupulously as possible. We have submitted this question to the voters and the voters have turned us down on the matter. Now, we are not bound to allow ourselves to become a small city and not present the matter of rapid transit.

Mr. Ickes pointed out that we used our credit for other purposes, but proper purposes, on all of which every member of the Board voted for the bonds we were compelled to pass. Now, gentlemen, Mr. Havenner blames the P. G. and E. for all of these things that have transpired—these issues, these fictitious things, they are not real at all. The P. G. and E. is responsible for the congestion of traffic; the P. G. and E. built the bridge; the P. G. and E. is responsible because San Francisco needs a rapid transit system. If you gentlemen believe that, and that influences your vote, as I said before, it is your privilege to vote that way. I don't believe it. That is ridiculous. We are faced with a very real issue which you are positively ignoring, gentlemen, and as I stated, I think Mr. Cahill will agree. I might ask him to state which in his opinion is the more important issue to the people of San Francisco? Mr. Cahill, if that is a fair question, I respectfully ask it.

MR. CAHILL: Gentlemen of the Board: It is the power, it is the duty of the Board of Supervisors to make the policy for the City and County of San Francisco, it is not my function. However, as long as Supervisor Colman has asked me that question, I will say that in my opinion, inasmuch as we have power and we do not have rapid transit, and inasmuch as we have a bridge and we do not have rapid transit, that in my opinion the rapid transit is the more important and should have first place.

SUPERVISOR COLMAN: Now, gentlemen—I have the floor, Mr. Chairman—that opinion is the opinion of every civic body in the City of San Francisco. That must be the opinion of every thinking man in the City of San Francisco. Just consider the statement made by the Manager of the Utilities. You have a power system now, you have all the power necessary for the development of San Francisco. We can lose nothing by lack of power, but contrast that with the situation about rapid transit and what we can lose by not having rapid transit.

Now, again I say, you can vote this down, you can vote that power is more important, but you can't make it more important because it is not more important. Six votes of the Board can do a whole lot but that is not one thing it can not do, change the facts. The people of San Francisco are entitled from this Board, in my opinion, to the facts, and here, what are you about to do? You are about to state that although there are six weeks you won't take up the matter of rapid transit and solve it but you are going to go on record now stating what you are going to do in January, which is most dangerous, in my opinion, a most profitless action for a Board of Supervisors to take. So, for the reason that I know that rapid transit is more important than the power, and should have first place, for the reason that there is no logical argument why this Board should act today—it can well act when the time comes and can hold an open mind on the comparative value of these two things, if there is really any

doubt in your mind as to the comparative value and, I can't honestly, knowing you are all intelligent men, I can't see how you can feel any real doubt on the question. Keep yourselves open and receptive and vote this thing down, begin to have hearings on rapid transit, with the cooperation of the Manager of Utilities, and I am sure that we can come to a decision. Now, if there is procrastination on the question of rapid transit it certainly is not my fault. I can take it up now and stay with it until a meeting of the minds is obtained, and until a logical and proper proposition is submitted. That is the reason, the two reasons I am voting "No" on Mr. McSheehy's motion.

SUPERVISOR RONCOVIERI: Mr. Chairman, I should like——

THE CHAIRMAN: I recognize Supervisor Schmidt.

SUPERVISOR SCHMIDT: Mr. Chairman, and members of the Board: I am going to be brief, and just make a couple statements. I agree with what most of the members of the Board have offered. I think that we should not becloud the issue at all. I think the people of San Francisco should be given the opportunity of voting on the power situation. Let us get that behind us one way or the other. I don't think we are in full agreement concerning the matter of rapid transit. I agree with Mr. Cahill that it is a very, very important proposition, and one that should be solved, and I daresay it will follow immediately upon the heels of the other. We are not in agreement at all as a Board as to all points of rapid transit. We have still got to work that problem out and I think we can be doing that in the meantime. If we put both problems on the ballot, as has been stated, they will doubtless be defeated and it will not clear the atmosphere one bit. The proponents of both measures will say that if we had only given them one they would only have to vote for one at a time. I think it is a good time to get the power issue settled; if the people of San Francisco want municipal distribution of power, let them have it. I am keeping an open mind about the proposition. There may be some slight discrepancies in the figures. I can not gainsay that but I think the one proposition that we have to find out is how the people feel as regards municipal distribution of power. We will have the answer so the sooner the better. Now, in the meantime. we can be working out the problem of rapid transit, the subway on Market street or any other subways, are going to be a matter of years. I think the people should be given to understand that that is the situation there. In the meantime regulatory measures can be taken to speed up traffic on the surface in various parts of our City, and I think, as far as I am personally concerned, that if we put both measures on the ballot the atmosphere will still be clouded, we will not know where we stand, the people will not know where they stand. Take one at a time. I am perfectly willing that the power issue should go on first. and then after we have that out of the way, if it is necessary to call a special election, let us call a special election. I don't want to be accused of procrastination as regards rapid transit. I realize its importance. I realize it is going to take several years to iron out the major parts of that proposition. I therefore submit that I think it is the best thing for this Board to put on the matter of power distribution first, get that out of the way, and if necessary call a special election concerning the matter of rapid transit.

SUPERVISOR McSHEEHY: Mr. Chairman, the hour is late. I was going to ask for roll call.

THE CHAIRMAN: Supervisor Roncovieri has asked the privilege of the floor.

SUPERVISOR RONCOVIERI: I simply wanted to call Supervisor Colman's attention that when he asked Mr. Cahill which should be submitted first, which should have the right of way, and when Mr. Cahill replied that the subway should take precedence, you did not ask him, and I would like now at this moment to ask Mr. Cahill, did you, when you made your reply, and you made it rather suddenly the question was put to you, did you consider or take into considera-

tion the attitude of Mr. Ickes—in other words, the government of the United States—regarding the enforcement of the Raker Act? With that before you, that consideration, considering what the government might do to us, and can do to us, would your answer remain the same?

MR. CAHILL: In making the answer, possibly I should have elaborated a little bit. I said we have power. I should have said we are paying much too much for that power. But as to Secretary Ickes I considered not his attitude but the attitude of the President of the United States as expressed during the last three or four months in various meetings in Washington, asking for a pooling of power resources between the Federal government and companies, and so forth. I don't believe, personally, that Mr. Ickes will cause San Francisco any trouble. That is my personal belief. And, as I said before, we have power, we pay too much for it. There is the question of the Raker Act. Mr. Ickes' attitude, and in the light of Mr. Roosevelt's recent actions, I don't believe it is a serious matter, that particular thing. We do not have rapid transit, and we do have a bridge. Therefore, I think the subway is——

SUPERVISOR HAVENNER: Question.

SUPERVISOR McSHEEHY: I would ask for a roll call.

SUPERVISOR RATTO (The Chairman): I want to just state my views on traffic. Since the Bay Bridge has been opened—last Sunday I drove around out from Tenth to Eleventh, around Third and Fourth, Fifth and Sixth, Bryant and Harrison, and Folsom, owing to the fact that there was quite a lot of traffic going on—I got on the bridge and it took me just 30 minutes to get to the toll gates, the congestion that was on the bridge. On Saturday night I understand that they were something like 35 or 40 thousand machines coming across from the East Bay, and I stood at Fifth and Mission, between Harrison and Bryant, and watched the traffic coming in, and then I drove along Fifth street to Mission, and on Market street down to Fourth, and I want to say that the proposition that has been submitted to us regarding the traffic in San Francisco is going to be changed entirely from the anticipated routing. We are going to vote on traffic and I think our traffic situation should be studied a great deal more before we submit it to the public to vote on. We have Mr. McClintock making a study, and I think his ideas are going to be considerably changed after the survey of this bridge traffic—So, I am in favor of having the power distribution go on the ballot.

SUPERVISOR McSHEEHY: Roll call?

SUPERVISOR RONCOVIERI: Just one moment. I want to make an amendment here. There is nothing said in this motion of Mr. McSheehy's about revenue bonds, not a thing, and I believe it should be amended so as to make clear the fact that we wish to submit a bond issue but that it shall be a revenue bond issue. In other words, after the third line, that entire bond issue—no, at the beginning, "I move that it be the policy and intention of this Board of Supervisors to submit to the people of San Francisco at the next election, the question of municipal distribution of Hetch Hetchy power"—and insert, "by means of revenue bonds." I believe the question of revenue bonds should be straightened out.

SUPERVISOR HAVENNER: It does not belong in here.

SUPERVISOR RONCOVIERI: Where does it belong?

SUPERVISOR HAVENNER: When you get your proceedings—you have got to have a lot of legal proceedings.

SUPERVISOR RONCOVIERI: You are asking the City Attorney to prepare the appropriate proceedings for the submission of the question for the municipal distribution of Hetch Hetchy power legally to the voters, but you don't say how.

SUPERVISOR HAVENNER: When you get those proceedings you will determine. Will you submit to an interruption?

SUPERVISOR RONCOVIERI: Certainly.

SUPERVISOR HAVENNER: I want to point out to you that this Board of Supervisors is now on record and has been on record for months past by official action of the Board to the effect that when the question of Hetch Hetchy distribution is submitted it shall be submitted in the form of revenue bonds, so I don't think it is necessary to have any discussion over the amendment, Supervisor.

SUPERVISOR RONCOVIERI: If it is taken care of——

SUPERVISOR McSHEEHY: I will call for the question.

SUPERVISOR SHANNON: I would like to hear the resolution read.

(The motion was again read by the Clerk.)

SUPERVISOR SHANNON: Mr. President, a minor matter, but I think a correction should be made "also this motion shall include request of the City Attorney"—I move an amendment by striking out the word "of" and substituting the word "to". It is not a request of the City Attorney, it is a request to the City Attorney.

SUPERVISOR HAVENNER: Question.

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor Colman—1.

Absent—Supervisor Brown—1.

SUPERVISOR McSHEEHY: Now, Mr. Chairman, I would ask that we recess until tomorrow at the same time so as to take up the matter in reference to Plan No. 7. We have gone partly through Plan 7, about half way—now if you want to take it up——

SUPERVISOR RONCOVIERI: Second the motion.

SUPERVISOR McSHEEHY: Will you state a time?

SUPERVISOR SCHMIDT: Make it ten o'clock.

SUPERVISOR McSHEEHY: Ten o'clock. I make that as a motion.

SUPERVISOR SHANNON: Just a minute. I know that tomorrow morning the Golden Gate Bridge Directors meet and Mr. Brown and myself cannot be here.

SUPERVISOR HAVENNER: I may have to ask to be excused.

SUPERVISOR McSHEEHY: I make that as a motion, that we recess to convene again tomorrow morning at 10 o'clock.

SUPERVISOR HAVENNER: Just before we recess, I just wanted to make a certain statement for the benefit of the record. In view of the fact that Supervisor Colman in his objections to this proceeding just adopted has based it very largely on the statement that he had never voted in advance for any committment on a policy of comparable importance——

SUPERVISOR COLMAN: I said "rarely."

SUPERVISOR RONCOVIERI: Hardly ever.

SUPERVISOR HAVENNER: I would like to call his attention to Resolution No. 2295, adopted December 10, 1935, whereas, the Board of Supervisors set up in its budget for 1935-1936 out of the gas tax moneys the improvement of Dearborn and Shakespeare streets—and among the "Ayes" at the head of the list is Supervisor Colman.

SUPERVISOR COLMAN: That must be taken, I presume, as a conclusive argument that the power is more important than rapid transit, and fully in accord with all the argument presented by you this morning in your demonstration that power was more important than rapid transit——

SUPERVISOR McSHEEHY: My motion is that we recess to reconvene tomorrow morning at 10 o'clock.

THE CHAIRMAN: It is so ordered.

## RECESS.

Whereupon, the Board of Supervisors took a recess until 10 a. m. tomorrow.

JOHN S. DUNNIGAN, Clerk.

## WEDNESDAY, NOVEMBER 18, 1936, 10:30 A. M.

The Board of Supervisors reassembled pursuant to recess of yesterday for the purpose of giving consideration of Plan No. 7 for the municipal distribution of Hetch Hetchy power and to the question of rapid transit for San Francisco.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—6.

Absent—Supervisors Brown, Colman, Havenner, Mead, Shannon—5.

Supervisor Havenner was excused from attendance.

Quorum present.

President Havenner being absent, Supervisor Ratto was elected to preside.

THE CLERK: As I recall, at the last meeting we were starting table 4.

SUPERVISOR McSHEEHY: Mr. Chairman, and members of the Board: At the last meeting on Plan 7 we went perhaps one-half through the plan, the Clerk has the particular number where we recessed to, and I move we take up that portion we left off at at the last meeting. We went through it seriatim and took up to that portion——

SUPERVISOR MEYER: I thought this was rapid transit today.

SUPERVISOR McSHEEHY: No, sir.

SUPERVISOR MEYER: What is the object of the meeting?

THE CLERK: Plan 7.

SUPERVISOR MEYER: I thought that was passed up to the people.

SUPERVISOR McSHEEHY: We have not adopted it, Supervisor Meyer. To date we have adopted no plan. I hope to see Plan 7 adopted.

SUPERVISOR MEYER: I would second it if you made the motion.

SUPERVISOR McSHEEHY: I would gladly do that, but what we did was we went ahead and took up Plan 7 seriatim, and we passed about one-half of it. I move that the Clerk proceed and that we pass the rest of it, and then naturally pass all of it.

SUPERVISOR MEYER: Is the Board of Supervisors going to have the Engineering Department here? Are we going to tell the Engineering Department how to build it? I can't understand that.

SUPERVISOR McSHEEHY: In reply to that last few words, I would say this: Plan 7 has been recommended by the Public Utilities Commission through their manager, Mr. Cahill, and that has been taken up, and Mr. Cahill was here a few minutes ago. I imagine Mr. Cahill will come right back if the Clerk will telephone to him, and we will have Mr. Cahill, and Mr. Ost and Mr. Ellis here to expain Plan 7 in detail as we go along. They were here the other day, and we took up one-half of it and passed that half of Plan 7. So, my thought is to continue where we left off and I so move, that we simply continue where we left off with Plan 7.

SUPERVISOR MEYER: Mr. Chairman: I feel this way about it, whether we go through the other half of Plan 7 or not, it is the recommendation of the Utilities Commission and when you get all through the Utilities Commission will tell us that they are going to have Plan 7 or nothing, and that is where we are left. Am I right?

THE CHAIRMAN: That is the recommendation.

SUPERVISOR McSHEEHY: Plan 7 is the Utilities Commission's plan. I would ask Mr. Dunnigan to kindly send for Mr. Cahill.

THE CLERK: He was here and Mr. Cahill said he would be back in a moment. He had some duty, I don't know what.

SUPERVISOR McSHEEHY: I would ask Mr. Dunnigan to send for him.

MR. DUNNIGAN: Mr. Ost prepared it for him.

SUPERVISOR McSHEEHY: Mr. Ost can probably take care of it.

THE CLERK: Will you take Mr. Ost?

SUPERVISOR McSHEEHY: Certainly, if Mr. Cahill feels——

THE CLERK: The Board was discussing page 4. If you want to go on to Table 5——

SUPERVISOR UHL: Table 4. I would like to refer to that. The last sentence there on the top of the page which reads, "The 1938 sales have been computed from the 1935 sales on the basis of 8 per cent annual increase, in round numbers, 686,000,000 kilowatt hours."

Now, I take it from this report, and I still feel the same way about it, that the statements made there lead me to believe that 8 per cent would be the annual increase. Mr. Cahill said yesterday that would be definitely for two years. It does not definitely state it there, that it is for two years. Therefore, I would ask that statement be rendered the Board, what the estimated increase would be, as they have done in the past, as was done in the case of the report of the Commonwealth Club in 1933, the City Engineer then anticipated the increase or estimated demand at least to consumers from 1925 to 1945, over a period of 20 years. Now, in talking with, as I said to you yesterday, that is, talking with Mr. Brown of the Railroad Commission regarding that 8 per cent increase, annual increase, I said, "How about a 10-year average?" He said it would not be fair because the last three or four years have been decidedly poor ones. For example, if you go back to the years 1927, 1928 and 1929, in 1927 the kilowatt hour sales were 428,991,000, whereas in the previous agency report of 1927 was estimated at 523,000,000, nearly a 100,000,000 more than was actually sold. That was an 8 per cent increase that year. In 1928 there was an increase of 8 per cent, 458,100,000 kilowatt hours, whereas it was anticipated that it would be 549,000,000. Then, in 1929 there was 9.85 per cent increase. That was in 1929, 503,183,000 kilowatt hours, whereas, it was estimated it would be 576,000,000. So, therefore, only a difference of 75,000,000 in that year.

Now, let us come to the next year, 1930. It dropped to 6.3 per cent. Then in 1931 it dropped to 1 per cent; and then in 1932 it is minus 5 per cent. They lost 5 per cent. In 1933 they lost 2.3 per cent. In 1934 they got it up again with 3.8 per cent. In 1935 it is 5 per cent. I asked Mr. Dunnigan to secure from the company what their figures on the increase has been up to the first of this year. Mr. Cahill said yesterday it was 12 per cent, but I want to know definitely whether that is entirely sales of just San Francisco.

Now, you can see if we take one year or two years on the 1928, then following that it drops from 6 to 1, and then goes minus. You have got to take a period of 10 or 20 years. Mr. Brown said it should be 20 years, in the 20 years or 15 years from 1920 to 1935 the average was 4.82 per cent. That is to me a fair and correct way of getting at this. And by 1938 it is a question whether it is going to be 8 per cent, 10 per cent, or 7 per cent. Therefore, I feel that we should have set it up at least 15 years to show what the average would be in 15 years. Sure, at the present time we are getting out of this depression, and there is a demand, factories are opening, and there is a demand today. But, for this 12½ per cent—you don't mean to tell me you can say in lieu of what has gone in the past that there will be 12½ per cent in the next 10 years. It is not possible. I wrote to Mr. Ost in relation to that 8 per cent. I said to him, "Over a 3-year compound of that it would be 3.75 per cent." If that is only for two years, then I would like him to give me a statement anticipating what the increase will be over the period of 10 or 15 years in the future. That is what I want.

MR. CAHILL: Gentlemen, may I make a statement here? If Mr.

Uhl thinks our department is going to prophesy what is going to happen to the electric business in the next 15 years, he is mistaken. We have had to forecast what will happen in the next two years following this year, and I think the results published by the P. G. & E. amply bear out the prognostication we made. I will absolutely refuse to go beyond the date specified because I am not a prophet. No engineer is a prophet. We have not anticipated one single per cent of increase after 1938 and we will not.

SUPERVISOR UHL: Did I understand you to say yesterday that the increase in the P. G. and E. sales in San Francisco were 12½ per cent?

MR. CAHILL: No, as usual, Mr. Uhl——

SUPERVISOR UHL (interrupting): I know, but that I think, misled the members of the Board. Will you tell us what the increase of sales of the P. G. and E. is in San Francisco?

MR. CAHILL: I don't know. The Pacific Gas and Electric does not publish figures like that.

SUPERVISOR UHL: What was your statement?

MR. CAHILL: My statement was this: I read it from the report, and you can get a copy—total sales of electricity during 12 months ending September 30, 1936, increased 12.42 per cent compared with the same period a year ago. I did not say whether it was San Francisco, San Joaquin County or any other place. It is undoubtedly, in my opinion, that the total sales in San Francisco increased less than 12.42 per cent. I took Mr. Black's word as to what the total business must have been.

SUPERVISOR UHL: You believe San Francisco was less than that?

MR. CAHILL: Surely, I do, just as I believe the P. G. and E.'s purported reduction of 10 per cent last year was no reduction of 10 per cent for San Francisco; it was less than 6 per cent for San Francisco and something like 16 per cent for the outlying country, and that is the reason why the greater portion of this 12.42 per cent increase has taken place in the outlying country. Nevertheless, I am convinced my 8 per cent is not far wrong one way or the other in San Francisco. I am not saying that in San Francisco we had 12 per cent increase. Far from it. I am saying that we probably had very close to an 8 per cent. If you do as the Pacific Gas and Electric has done, and publish, broadcast that they have made a 10 per cent rate reduction, thereby leading the citizens of San Francisco to believe they got a 10 per cent rate reduction, you are doing the wrong thing, because it is not true, it never was true. The Pacific Gas and Electric published a voluntary rate reduction two or three days before my Plan 4 came before this Board, and the result was I had to revise the entire setup of that plan. They said a 10 per cent reduction, and I believe that covering the entire territory, that 10 per cent rate reduction was a correct statement, but they did not tell you that in San Francisco they had not cut 10 per cent or anything like 10 per cent, they had cut approximately $1,000,000 in San Francisco; and a 10 per cent rate reduction in San Francisco, if you will examine Plan 7, which shows clearly that a 10 per cent rate reduction is approximately $1,760,000, and they gave us approximately $1,000,000 in San Francisco, giving all the balance, which must have amounted to more than 10 per cent, possibly as much as 15 per cent, to the outlying territory of San Francisco.

Gentlemen: You have all heard of a thing called a process tax. The Supreme Court of the United States declared it unconstitutional. It is going to be renewed in some form, in my opinion, by the present Congress, because Mr. Roosevelt is not satisfied with it. That, in effect, was a tax on the urban communities to support the suburban communities. Only it happened to be a regulatory tax. The P. G. and E. is in fact imposing a processing tax, which was declared illegal by the Supreme Court of the United States, upon the citizens of the

City and County of San Francisco. They are charging them high rates where they charged, for similar service, for people in the outlying district, low rates. In other words, they are charging the urban communities for the support of the suburban communities and that is, in effect, exactly the same thing Mr. Roosevelt brought out with his processing tax, and it was declared illegal. The P. G. and E. gets away with it. The United States Government could not.

SUPERVISOR UHL: Well, I cannot see Mr. Cahill's position in not wanting to predict what the future sales would be predicated upon the O'Shaughnessy report which the Commonwealth Club have set up herein and also upon the past 10 years' record which Mr. Ellis gave me, which showed an average here of increase, 5.1 per cent. So, I think if I were in Mr. Cahill's position I would take the same position that he is taking in not wanting to predict what the future will be. It is simply a question of whether we can realize, is I presumed it was going to be realized here, 8 per cent annually.

MR. CAHILL: Gentlemen: May I say this: I have not refused to predict what is going to happen in the next 15 years. I have said and Mr. Ost has said that for the next two years, 1937 and 1938, we may expect an 8 per cent increase in sales in San Francisco. I believe that is a conservative figure but I have said by implication, if not in so many words, that there will be no increase at all and no decrease at all after 1938, that it will remain in statu quo. In other words, I have anticipated no increase in revenue after 1938. We have assumed 1938 will be the peak and that it would remain the peak, it would neither increase nor decrease for a period of time covered by these bonds. We have to make some assumptions. We have made, in my opinion, too conservative assumptions throughout this document.

SUPERVISOR RONCOVIERI: You regard that as a very conservative assumption, to say that after two years there will be no increase because we all feel that our city is going to grow, during the period of the bonds at any rate, and that a greater consumption of electricity will occur.

MR. CAHILL: I have forgotten, Supervisor, what Supervisor Uhl said was the average rate of increase for the last 10 or 20 years, but I think he said it was between 4 and 5 per cent. I think so, I am not quite certain of that. Am I right in that?

SUPERVISOR UHL: 5.1 for the last 15 years.

MR. CAHILL: Then, gentlemen, if I assume there will be no increase——

SUPERVISOR RONCOVIERI: That is conservative?

MR. CAHILL: It seems to me I am conservative—that is, no increase after 1938—and if you are going to say there is a decrease, you are in the position of what the newspapers call selling America short.

SUPERVISOR UHL: I am read to go on with Table 5.

THE CLERK (reading): "Operating Expenses

The cost of operating the entire plant has been prepared on the basis of the estimated sales of 1938. These costs are as follows:

TABLE V

*Annual Cost of Operation*

| | |
|---|---|
| Hetch Hetchy plants, including depreciation | $ 420,000 |
| Red Mountain Bar Power House maintenance and operation | 15,000 |
| Distribution and utilization | 1,482,000" |

SUPERVISOR RONCOVIERI: May I ask what that means, "utilization"?

MR. CAHILL: Go along to the next page and you will find it defined.

SUPERVISOR RONCOVIERI: All right.

| | |
|---|---|
| THE CLERK (reading): "Commercial | $ 576,000 |
| New Business | 213,000 |
| General and Miscellaneous less depreciation | 659,000 |
| Transmission and Stepdown | 200,000 |
| Purchased energy | 3,134,000 |
| Depreciation, 3 per cent of $42,000,000—valuation of depreciable property | 1,260,000 |
| Total | $7,959,000 |

The operation of Hetch Hetchy plants is based on past experience and the estimated cost of operating the Red Mountain Bar plant is with remote control from the Moccasin power house.

Distribution, Utilization, Commercial, New Business."

SUPERVISOR RONCOVIERI: Can't we stop occasionally to ask questions.

THE CLERK: Any time.

SUPERVISOR RONCOVIERI: Under the words Purchased Energy of 3,000,000——

MR. CAHILL: That will be discussed as we come to it in more or less detail.

SUPERVISOR RONCOVIERI: All right, go ahead.

THE CLERK: This is on page 8. (Continuing reading):

"The total amount of money set up for distribution, utilization, commercial and new business expense is $2,271,000. The company's expense for the year 1935 for these same items is approximately $1,550,000. The estimate of costs for 1938 is 46½ per cent above the company's figure for the past year. The estimated increase in sales between 1935 and 1938 is 26½ per cent. All expenses will not increase at the same rate as sales, therefore, the above estimate will permit an increase of costs under City management of close to 30 per cent.

There is no reason for not combining the commercial work of the electric department with that of the water department, resulting in economy to both. This should make the City's costs for meter reading, billing, etc., comparable to those of the company whose gas and electric accounting is combined. The percentage of increase used is ample to offset the higher wages paid by the City."

MR. CAHILL: May I make a statement? We have assumed, as shown in that paragraph, an estimate of increase in cost under City management of close to 30 per cent. That also, gentlemen, is a conservative figure. I call to your attention——

SUPERVISOR UHL: You say conservative, do you expect it will be higher?

MR. CAHILL: We expect it will be lower. I expect all the expenses set forth in this document to be lower than they are. I want to say to you this, for the reason—I want to give you the reason why I expect the cost of operation mentioned there will be lower than 30 per cent increase over the cost of the private corporation. This is the reason: When the City and County of San Francisco took over the ownership and operation of the City's water supply on March 30, 1930, the old Spring Valley Water Company, which had formerly operated the system, had 486 employees. Today the San Francisco Water Department employs a total of 418 employees, 68 less, notwithstanding the fact that the number of consumers has increased during the past six years from approximately 108,000 to 114,000, that we are delivering to consumers in San Francisco and down the peninsula approximately 10 per cent more water than was delivered by the private company in 1930. The actual cost of water distribution when the system was in the hands of the Spring Valley Water Company in 1930 was 16.14 cents per 100 cubic feet, while the City is now distributing water through the same system at a cost of 14.82 cents per 100 cubic feet. That is an 8.25 per cent decrease in cost under municipal operation, not a 30 per cent increase. I want to particularly call to

the attention of the Board that this lower cost under City operation has been realized in spite of the fact that the wage scale for employees of the Water Department is materially higher than the wage scale paid by the Spring Valley Water Company. I want to also call to your attention the fact that this reduction in the cost of distributing water cannot be attributed to the fact that the San Francisco Water Department pays no taxes, because the Water Department gives free the water to other City departments equal to the amount of taxes which would be paid if the system were privately owned.

I also call to your attention the fact that on December 1, 1934, the Public Utilities Commission reduced water rates in San Francisco 10 per cent to all consumers.

SUPERVISOR McSHEEHY: Just for the record, to get something concrete down in figures, can you sometime later on tell us about how much in money the City of San Francisco gives to various municipal departments in water?

MR. CAHILL: Yes, about $400,000 worth.

The reduction of 10 per cent in water rates constitutes the first lowering of water rates in San Francisco for more than 25 years during which, on the contrary, the private company found it necessary to increase rates. Thus we find that under public management the San Francisco Water Department is operating with fewer employees, at a lower distributing cost, at a higher wage scale, and with a substantial cost in water rates.

Now, then, gentlemen, why can't we do that in the electrical business? Why should I have added 30 per cent to the operating cost of the P. G. and E. to cover City operation? Simply because these figures are conservative figures.

SUPERVISOR UHL: Isn't it a fact, Mr. Cahill, that a number of years ago the Spring Valley Water Company went before the Railroad Commission and the City of San Francisco agreed to a 25 per cent increase in rates in order to build the San Andreas pipe line?

MR. CAHILL: I don't know what the reason was. They raised the rates 25 per cent, but the point is this: assuming here a capital cost of the old Spring Valley, adding many millions more in the last bond issue, we still operate, assuming all of those costs, 8 per cent cheaper than the Spring Valley Water Company under private operation. I assume that if you are going to take this P. G. & E. proposition and operate it and it is going to cost 30 per cent more, that is a conservative figure, to say the least.

SUPERVISOR UHL: The only reason I raise that point, in your statement there has been no reduction in water rates, and you have not reduced it 10 per cent.

MR. CAHILL: There has been a reduction of 10 per cent a year ago.

SUPERVISOR UHL: But there was an increase very few years ago of 25 per cent, and, therefore, the 10 per cent reduction still leaves it 15 per cent higher than the rate that existed prior to the agreement between the Spring Valley, the City and the Commission. I bring that out to show that our rates are still higher than they were at that time.

MR. CAHILL: That is true. When we were a village, of course, the rates were low. There was a time when they delivered water by donkeys and the rates were low. When the Spring Valley Water Company supplied the water from here, their rates were low, but when the Spring Valley had to go over to Calaveras, the rates were higher. They carried on those rates for years and years, and we inherited those rates, but after two years, or thereabouts, we were able to reduce them 10 per cent under municipal operation, we were able to carry along on a 10 per cent lower rate scale than the private company had done.

Gentlemen, I have assumed, and maybe I am wrong in making the assumption, that we are going to spend 30 per cent more money in the operation of the P. G. & E. than the P. G. & E. Company does. Now, that is possibly true for a year or two, as it was for a year or

two in the San Francisco Water Department, though the San Francisco Water Department increased nothing like that, but I certainly do not believe that in the long run we will spend any more money, but I have to put you gentlemen on the safe side of this proposition, and, therefore, I have assumed what apparently is almost an outrageous assumption, namely, that we will spend 30 per cent more for municipal operation of the gas and electric company than the electric company spends itself.

THE CLERK (Continuing reading): "Transmission and Stepdown. The Pacific Gas and Electric Company has six transmission lines between Newark and San Francisco, a stepdown station in Visitacion Valley, a number of transbay cables, and four steam plants in San Francisco. As it will be necessry to purchase a large block of power to carry the load in San Francisco, which can only come from the Pacific Gas and Electric Company system, it will be advantageous to both the City and the company to utilize existing company facilities. This will obviate the necessity for large capital expenditures by the City for transmission, stepdown and tie lines and allow the company to use plant which would otherwise be operated either inefficiently or not at all. It is proposed to pay the company an annual service charge for the use of all property employed for transporting the City's power between Newark Substation and San Francisco. The $200,000 shown is the estimated price of this service which must be secured by by negotiation with the company. If the City built its own transmission line and stepdown station, it is possible that in the purchase of the distribution system the company would claim severance damages on a part of their transmission and transformer station property. This would result in the City not only constructing new property but also reimbursing the company for loss of the use of property which, under the plan proposed, can be made to serve the City at minimum capital cost.

The Hetch Hetchy power used in San Francisco will be delivered into the Pacific Gas and Electric Company transmission lines at Newark through meters. The power losses between Newark and San Francisco can be determined. The company would be required to deliver to the City at San Francisco the amount of energy equivalent to that put into the Pacific Gas and Electric Company system at Newark less losses between Newark and San Francisco. This use of the company property for transmission is in accordance with one paragraph of Secretary Ickes' findings of April 22, 1936, in which he says:

'It seems clear that no violence can be done to the provisions of Section 6 by arranging for the sale of electric energy with the Pacific Gas and Electric Company at Newark and a repurchase of a similar amount of energy by the City within the territorial limits of San Francisco. In practical effect there would be only an arrangement for transmission of that energy which is actually distributed to the consumers by the City itself in accordance with the intent of the statute. Substantial and reasonable compliance with the requirements of the Raker Act would result; nor does it matter that the City might not receive in San Francisco the identical energy which it had delivered to the company at Newark. Electric energy cannot be identified or segregated when it becomes mixed with other electric energy as that energy produced by the City at Hetch Hetchy must become mixed with that purchased elsewhere by the company and carried through its Newark transmission lines. The City can no more expect to receive identified energy than can the purchaser of a warehouse receipt for grain expect to receive the identified grain, yet where a fungible commodity such as grain is involved, the situation is in contemplation of law, as though the identified thing had been delivered. Certainly no distinction can reasonably be taken because the commodity is electric energy rather than grain. Both are fungible.'

Under this plan it is not proposed to sell Hetch Hetchy electricity at Newark and buy it back at San Francisco, but deliver it to the

company for transmission to San Francisco, paying it an agreed price for the service."

SUPERVISOR UHL: I would like to ask Mr. Cahill, supposing the plant did not exist between Newark and San Francisco, and we had to build the necessary transmission lines and so forth, how much would have been involved?

MR. CAHILL: I will have to ask Mr. Ost to answer that.

SUPERVISOR RONCOVIERI: Will you kindly repeat the question?

SUPERVISOR UHL: Our power now comes to Newark, and suppose we had to build the transmission lines and stepdown station and everything to San Francisco, how much would it cost?

MR. OST: Under Plan 7 we propose to bring in the power from the present Hetch Hetchy plant to San Francisco, it means the extension of the transmission line from Newark to San Francisco at a cost of $1,120,000.

SUPERVISOR UHL: That is under Plan 6, you mean?

MR. OST: Did I say Plan 7? Plan 5—I beg your pardon. Plan 6 contemplated an increased power house and the increased transmission line——

SUPERVISOR UHL: You understand my question, don't you?

MR. OST: Yes. I will follow through. In addition to that we would have to spend $1,210,000 for a stepdown station, and there were alterations and additions to be made, the larger part of which contemplates an extension of the 11,000-volt circuits from the stepdown stations to the City stations, totaling $1,735,000.

SUPERVISOR UHL: Then the standby for 8,600,000.

MR. OST: No, $4,550,000. That covers only the Hetch Hetchy plant.

SUPERVISOR UHL: What was that in Plan 6, your 8,800,000 for a stepdown——

MR. CAHILL: That is the entire City.

SUPERVISOR UHL: In other words, if we operate this from Newark to San Francisco independent of the P. G. & E., these are the investments we would have to make plus the 8,800,000 standby, is that so?

MR. OST: No. We are only bringing into San Francisco the power which is being developed by the existing Hetch Hetchy plant plus the Red Mountain Bar plant. That is all we have to take care of in San Francisco. The rest of the power under Plan 7 is to be provided by the Pacific Gas & Electric Company.

SUPERVISOR UHL: Then the total here would be $8,615,000, is that correct?

MR. OST: I don't know. I haven't figured it up that way.

SUPERVISOR UHL: You gave me a figure of 1,120,000 for a transmission line.

MR. OST: Yes.

SUPERVISOR UHL: $1,210,000 for a stepdown.

MR. OST: Yes.

SUPERVISOR UHL: $1,735,000, what is that for?

MR. OST: Sub-transmission.

SUPERVISOR UHL: $4,500,000 for the——

MR. OST: Yes, your standby is taken care of, as we have already told you in our purchase contract with the Pacific Gas and Electric, so you can wipe out that 4,000,000.

SUPERVISOR UHL: I will only concede that when the company says they will do that. You heard Mr. Brown—were you here the day Mr. Claude Brown addressed the Board?

MR. OST: No.

SUPERVISOR UHL: Well, he said the P. G. & E. have a standby schedule here, P-6, I think it is, that although they have the right under the Railroad Commission ruling, they have a right to make a special arrangement or price with the City of San Francisco, but under the schedules that exist now for standby service, it would be

$84,000 a month, in his judgment. Now, therefore, I am still of the opinion that there must be a charge here in the operating cost for standby service of 1,000,000 or less, according to what the company will do for us. Now, am I to eliminate this $4,550,000 that you mention if we do not use their transmission lines, if we were building it?

MR. OST: Yes. In fact, you can take it all out because the power is coming in over the plant that exists.

SUPERVISOR UHL: Suppose the company would say, "We don't care for that arrangement, if you are going into the distribution of power, we will simply remove our equipment." They have a right to do that, I take it. That point has never been raised. Suppose they say, "We don't care for the business. We will remove our lines, vacate San Francisco." Then what would it cost us to step in and take care of that transmission? May I ask you, in the first place, Mr. Cahill, is that a possibility, that the company could do that?

MR. CAHILL: It is a possibility, but it is so very improbable that it does not enter into it. The proposition is this: No corporation, in my opinion, will deliberately allow duplication of existing facilities. It will run them rather than have them put out of business.

SUPERVISOR UHL: What is the investment then of that property?

MR. CAHILL: About two and a half or two million eight hundred thousand dollars.

SUPERVISOR UHL: He has given me 4,000,000 so far.

MR. CAHILL: The 4,000,000's did not enter into it. They must give us that standby service whether you agree to it or not.

SUPERVISOR UHL: That is outside of the standby. Mr. Ost told me 1,120,000 for transmission lines.

MR. CAHILL: Yes. If the Pacific Gas & Electric is so stupid that they want us to duplicate their $4,000,000 worth of property, put it out of business, practically eliminate it from business, they can do it, but they won't.

SUPERVISOR UHL: All I am trying to get at is this——

MR. CAHILL: You are trying to make up a lot of bugaboo.

SUPERVISOR UHL: If there is $4,500,000 in the stepdown station, which Mr. Ost says will be unnecessary, there is 400,000 standby —you are allowing $400,000 for that—what percentage of that is $400,000?

MR. CAHILL: About 5.

SUPERVISOR UHL: The Railroad Commission allows them 7. There is a 2,000,000 depreciation on that, so I would say your $4,500,000 is about right.

MR. OST: It may be. There is another service rendered in there that you don't want to forget, and that is that the stepdown station and some of this line, transmission line, is used to take steam power from San Francisco out to the system, that is, the P. G. & E. system, and they claimed severance when we talked of taking that property away from them, so it has some value to them which should be given consideration in setting up any figure such as you have spoken of.

SUPERVISOR UHL: All right.

THE CLERK: (Continuing reading): "Purchased Energy. It has already been pointed out that the estimated peak demand in San Francisco in 1938 will be 216,000 kws. of which the City plants can supply 84,000 kws. It will be necessary to purchase 132,000 kws. of peak capacity and over 300,000,000 kw-hrs. of energy. Estimates have been made of the demand and energy required by months. This service has been priced under published schedule P-6 resulting in an annual cost of $3,134,000, or 9.855 mills per kw-hr. It is possible that a better price can be obtained when the City is ready to sign a contract for the power which it must purchase."

MR. CAHILL: May I talk at that point? Mr. Uhl asked me something about Los Angeles. On Plan 7 we figured about 300,000,000

kilowatt hours of energy, and we have set that up at $3,134,000. In Los Angeles they bought 528,000,000 kilowatt hours for $2,814,000. In other words, what actually happened was that in rates approved by the Railroad Commission of California the City of Los Angeles bought two-thirds more power than we are asking to buy for 90 per cent of the price. My statement is perfectly reasonable that a better price can be obtained when the City is ready to sign a contract for the power which must be purchased. About this $1,000,000—there is to be a $1,000,000 involved there, and this $1,000,000 possible saving is not considered by me as a possible saving in this document—it is assumed by me that we can't get any better price. Now, then, suppose the $1,200,000 price on transmission stepdown, and what have you, is too low—there are, as I have shown to you, several possibilities of picking up a $1,000,000 in this figure because the figures in this document are conservative. Mr. Uhl is raising here a lot of bugaboos that do not exist, and if they do exist, they are minor compared to the savings that can be made on the conservative estimate presented to you.

SUPERVISOR UHL: Can you tell me from which point the Edison delivered the power to Los Angeles?

MR. CAHILL: No, I can't tell you.

SUPERVISOR UHL: Was it out of the Long Beach plant?

MR. OST: Their steam came from Long Beach—part of it from Long Beach, yes.

SUPERVISOR UHL: Won't you say there is an entirely different cost whether it is delivered from the P. G. & E. plants in the mountains or whether it will be delivered from Long Beach steam plant closely adjacent?

MR. CAHILL: You are talking about the total amount of power Los Angeles bought?

SUPERVISOR UHL: I am talking in order to justify the low price —is it not because of the close proximity of the plants?

MR. CAHILL: Absolutely not. It is further from the Big Creek plant of the Southern California Edison into Los Angeles than it is from the large plants of the Pacific Gas and Electric into San Francisco. Also, it is considerably farther and more expensive to transmit from the Long Beach plants, 20 miles, possibly, into Los Angeles, than it is to transmit from the steam plant located in San Francisco into the sub-stations.

SUPERVISOR UHL: I simply asked the question because I know that the company has that enormous steam plant at Long Beach, and the claim is made that they are producing power, generating power there by steam at a less cost than hydro—is that correct?

MR. OST: There is in many cases a possibility of generating electricity cheaper by steam than by water and the power companies have been balancing their plants so as to have a portion steam and a portion hydro, and as the difficulties of hydro generation increase, due to the fact that the cheap plants have largely been developed already, your differential may grow less and less.

MR. CAHILL: Appropos of that particular item, I would like to call your attention that while we have heard many claims in San Francisco that steam power was cheaper to make than hydro-electric power, actions speak louder than words, and the act of the Pacific Gas and Electric Company not more than 60 days ago in asking the United States Government to permit them to go into the Sierra Nevada Mountains and produce a new hydro-electric power in the quantity of 400,000 kilowatts belies the entire statement that steam is cheaper than hydro-electric, because if it were, they would not ask the United States Government for that privilege, they would come to the Railroad Commission and say, "We want about 400,000 kilowatts of steam in San Francisco."

SUPERVISOR UHL: Answering that, Mr. Cahill, doesn't it make a difference that the power plant is built right where the oil is? San Francisco has not that advantage. They would have to import the oil from Southern California. It makes all the difference in the picture, of course. I am talking about the difference between the Edison production cost with their plant located immediately adjacent to the oil supply as compared with what it would be in San Francisco. Now, right here I want to say this point: To me it seems most unbusinesslike not to find out just where we are at with the company. Is there going to be a standby charge for bringing this 84,000 kilowatts from the Moccasin Power House down to Newark? As a layman, it would be reasonable to suppose so. Mr. Cahill says "Well, $75,000 is the most it can be." I can't help but feel if the company is called upon at any time to pick up our load of 84,000 kilowatts, that is the standby service, that you are not going to get it for $75,000. I don't know. It seems to me that way. Mr. Cahill raises the point of what price it can be had for. Why aren't those things arranged for in advance, to know where we stand?

SUPERVISOR McSHEEHY: Mr. Uhl, in answer to your last question I would say this: We have to act first, the laboring oar is on us, I mean the Board of Supervisors. We have to submit to the Secretary of the Interior a plan showing that we can distribute our own hydroelectric power. After we have shown the Secretary of the Interior, we are then in a position to negotiate with the Pacific Gas and Electric. I am trying to carry this entire matter—I say I—just as one member of the Board. I am trying to see if we can't carry the entire matter on so one will follow the other, and we know just exactly where we are going; and that is all. So when you ask one question, I would say to you to please go through one portion of it, and then you will have to come back. In other words, using the old expression that is used day in and day out: Don't put the cart before the horse.

SUPERVISOR UHL: Let me understand you. You want to approve this plan in order to send it back to Mr. Ickes?

SUPERVISOR McSHEEHY: Yes, sir.

SUPERVISOR UHL: All right, then. Leave the amounts out and ask Mr. Ickes if it meets with his approval, and then if it meets with his approval, we can take it up with the company and get down to the cost.

SUPERVISOR McSHEEHY: I have read you a letter, if you want me to read it again—I have read to you a letter Mr. Ickes wrote to Mr. Cahill and Mr. Cahill sent me a copy of that letter, asking us—and now, we have got to do this. This is Mr. Ickes' request. I don't want to get into a controversy with you—I have no desire——

SUPERVISOR UHL: I will go along with you to send Plan 7 to Mr. Ickes without the figures in it, and say to Mr. Ickes "If we can work out this plan, will it be satisfactory to you?" Then I will vote that far with you, ask Mr. Ickes if the general outline of the plan, leaving out all the figures on the revenue and operating cost, say, and when it comes back and Mr. Ickes says, "Yes," that would be satisfactory, and then at that time I say we should find out from the company just where we stand. If it shows that Mr. Cahill's figures are substantiated by the company, I will go along with it, but I am not going to vote for the approval of this plan to go to Mr. Ickes and say, "Yes, this is what the operating costs and revenues are." I won't do that.

MR. CAHILL: It is probable that if you vote for this plan Mr. Ickes should be consulted. Mr. Uhl has finally hit on one thing among all of these small items, which is deserving at least of your consideration, and that is whether it is the proper course to authorize some person—and it must be authorized by this Board, because you are the policy-making department of this government—as to whether or not you desire to authorize a contract with the Pacific Gas and Electric

Company to get a formal figure as to what they will sell their distributing system in San Francisco for. I have hitherto called to your attention that the Railroad Commission, if you go to the Railroad Commission, may not agree with our engineers' determination of $39,000,000, though we believe it is conservative, just as we believe the other figures are conservative. I had occasion recently to observe that in Los Angeles there is a forthcoming special election to pass some $46,340,000 worth of bonds for the purchase by the municipality of the Los Angeles Gas and Electric distributing system, which is some 35 per cent of the total area of San Francisco, and is the only important item left for the City to make a complete distribution in Los Angeles. But I was considerably interested to see the terms of the agreement. May I read to you, gentlemen, the terms of this agreement? And please follow me as closely as you can and interrupt me if I go too fast:

"In order to bring to an end litigation and negotiations of several years standing between the City of Los Angeles and the Los Angeles Gas and Electric Company, relative to (a) the purchase of the electric properties of the Los Angeles Gas and Electric Company by the Los Angeles Bureau of Power and Light, (b) the right of the Los Angeles Gas and Electric Company and its affiliates to use the streets for the distribution of gas for other than 'illuminating purposes,' as provided in its constitutional franchise, the negotiating parties have agreed on a charter amendment to be submitted to the voters at a special election to be held December 8, embodying the following provisions:

(1) The Company grants a three-year option to the City to purchase the Los Angeles Gas and Electric Company electric properties for the sum of $46,340,000.

(2) The City will grant a thirty-five-year franchise to the Los Angeles Gas and Electric Company and its affiliates to supply gas for 'heat and power' within the City boundaries.

(3) The Los Angeles Gas and its affiliates will pay the City as a minimum fee of 1 per cent of their gross receipts for gas, as a franchise tax.

(4) The Los Angeles Gas and affiliates will further pay to the City the sum of $505,000 for past use of the streets for purposes of 'heat and power' from natural gas.

(5) The Bureau of Light and Power will offer for sale 'revenue bonds' in the amount of $46,340,000, to pay for the electric properties.

(6) The Los Angeles Gas and Electric Company will use the purchase price to retire $40,000,000 of outstanding bonds on its gas and electric properties plus a 'calling' premium of 5 per cent or $2,000,000, a total of $42,000,000.

The $46,340,000 is a compromise from the original asking price of the Company, $60,000,000, and the offered price of the City, $40,000,000.

The Los Angeles Gas and Electric Company operates two steam plants, having a total installed capacity of 148,700 kw. Total kilowatt-hour output in 1935 was 437,156,431 kw.h.

On January 1, 1935, the Company was serving 163,888 customers, which represented approximately 35 per cent of the load within the City.

The option to purchase expires September 30, 1939." The intricate part of that, the thing that caught my eye is this, gentlemen: The Los Angeles Gas and Electric asked $60,000,000. Undoubtedly the Pacific Gas and Electric will ask a large sum. The Los Angeles Electric—I mean the municipality discovered that Los Angeles Electric Company had no constitutional franchise to distribute gas through their streets for the purpose of power and heat, and, naturally, there is almost no illumination business left. It is my opinion that the San Francisco franchise of the Pacific Gas and Electric is exactly the same type of franchise, necessarily a State constitutional franchise which gives them simply the power to distribute illuminating gas in this City, not the power to distribute gas for heat and gas for power.

They are in exactly the same fix that the Los Angeles Gas and Electric found themselves to be in when they asked $60,000,000 for that property and compromised for $46,000,000. I have therefore asked Mr. John O'Toole for a determination as to whether the Pacific Gas and Electric Corporation has a franchise to deliver gas through the streets of the City and County of San Francisco for the purpose of supplying gas for heat and gas for power. It is my opinion, though he has not yet rendered his decision, that Mr. O'Toole will say that the two franchises, both being State constitutional franchises, so-called, are identical.

Now, then, gentlemen, this matter is in litigation but before the court decision has come down an agreement has been reached whereby the Los Angeles Gas and Electric Company reduced its $60,000,000 demand for its system to 46,000,000 and something, plus $505,000 for back franchise tax for heat and power gas, agreed to pay 1 per cent of all that it gets in the future out of its gas business for the purposes of the franchise tax and asks, and is granted by the City a 35-year franchise to distribute gas through the City of Los Angeles for the purpose of heat and power. I am quite sure that Mr. O'Toole will find that this Board has never granted the Pacific Gas and Electric any gas franchise, that the Pacific Gas and Electric Company, in my opinion, and that is not yet backed up by the City Attorney, is operating its gas franchise through San Francisco almost exclusively for the purpose of heat and power, and it has no right to do so unless this Board grants them a franchise.

It may be well, as Mr. Uhl suggests, that this Board authorize some person or persons, or Commission, to take up with Mr. Ickes as to whether Plan 7 satisfies the Raker Act, though I am under no misapprehensions, I think the thing is absolutely in accordance with the Raker Act. I think he will immediately grant it, though, that, of course, is always subject to question until he does grant it. And it may be the better part of wisdom for this Board to request or authorize some person, some department in their behalf to ask the Pacific Gas and Electric Company if we can arrive at a formal fixed price which can be put up to the voters to say yes or no to.

SUPERVISOR UHL: Members of the Board: That was a very interesting statement of Mr. Cahill's regarding what Los Angeles is doing down there, and it shows they are on their toes and watching every point, and it rather indicates we have been asleep at the switch here not to have found that same condition regarding the franchise matter. Now, it is going to be a rather interesting thing to see what the court decision will be in that particular matter. I can't help but feel that the Public Utilities Commission should have—it is within their power to have long before this taken up negotiations with the Pacific Gas and Electric Company to ascertain just exactly what price could be arrived at and what they would charge us, what the figure would be on the transmission of the power to the county or standby service. I can't understand—really, it strikes me as most unbusinesslike to come in here with a plan and simply assume that we get standby service for nothing, and assume we might save a $1,000,000 on the schedule P-6, and assume that $2,000 will be the price for bringing the—for the use of their transmission line. I can't help but feel right now that the Board of Supervisors might request—although that might be looked upon as a violation of Section 22—I don't believe it would. As one of the framers of the Charter, I know that is not what we had in mind—I feel that the Public Utilities Commission should have before this and should now take up with the Pacific Gas and Electric Company what price they can get for these various items, and then we know where we stand.

SUPERVISOR MEYER: Mr. Chairman, I quite agree with Supervisor Uhl, but I don't think you could get any information you wanted until we decided to go into the light and power business ourselves.

SUPERVISOR UHL: I don't agree with you.

SUPERVISOR MEYER: You wouldn't expect them to give you an answer to it when they still have a possibility of calling this thing off. Now, if we go on record you can get that information and you can get different information now than you would day before yesterday.

SUPERVISOR UHL: At any rate, isn't it worth trying?

SUPERVISOR MEYER: They wouldn't give you an answer day before yesterday. Now, they will; they have got to show their hand now.

SUPERVISOR UHL: Have they been asked? You say they wouldn't until day before yesterday——

SUPERVISOR MEYER: Until we decided to go into the light and power business ourselves.

SUPERVISOR UHL: You have not decided it yet. We only voted a policy. That is not a decision to go into it.

SUPERVISOR MEYER: You will get a better answer from them today than you would day before yesterday.

SUPERVISOR UHL: All right, then, let us have the answer.

SUPERVISOR RONCOVIERI: Mr. Chairman: You spoke about a gas franchise; have they no franchise at all?

MR. CAHILL: Yes, Los Angeles has what is called a State constitutional franchise, and, in my opinion, though I have not yet received Mr. O'Toole's reply to my request, in my opinion the Pacific Gas and Electric Company has also in San Francisco a State constitutional franchise.

MR. DUNNIGAN: May I correct you or make a suggestion?

MR. CAHILL: Yes.

MR. DUNNIGAN: They operate on a franchise derived from the old Broden Act.

MR. CAHILL: A State law, wasn't it?

MR. DUNNIGAN: Yes. All those franchises in early days were under the Broden Act. They had no legal franchise, they never had to get one.

MR. CAHILL: I believe their franchise called simply for illuminating gas. That is a question Mr. O'Toole has been asked to determine. He says on a curbstone sort of judgment, that he believes that is true, but he won't make an opinion until he has investigated.

SUPERVISOR RONCOVIERI: But that matter is settled in Los Angeles?

MR. CAHILL: It is still in court, but before the decision comes down the Los Angeles Gas and Electric Company says "We need a franchise, and we will pay you for a franchise. We will pay you for back taxes for the franchise we were using." So it looks as though deeds are stronger than words.

SUPERVISOR RONCOVIERI: Mr. Chairman: I think a properly worded resolution requesting the Public Utilities Commission to do the very thing that Mr. Uhl has asked should be adopted here today.

SUPERVISOR UHL: What is that?

SUPERVISOR RONCOVIERI: I say, I believe a properly worded resolution requesting the Public Utilities Commission to do the very things you mentioned and requested, should be adopted by this Board. That resolution should be properly prepared. I am not in a position to do it. I am not in a position to do it myself at this time, but I would say if we can meet again this afternoon at 2:00 o'clock——

SUPERVISOR UHL: I cannot meet this afternoon.

SUPERVISOR RONCOVIERI: Well, the next time this Board meets we then can adopt that resolution. It would take time to prepare it. Mr. Cahill might assist in preparing the resolution.

MR. CAHILL:: I think it would be better to get the City Attorney.

SUPERVISOR RONCOVIERI: All right, the City Attorney, to prepare a resolution requesting the Public Utilities Commission to render to this body the points you have made. I would ask you now to repeat those points so the stenographer may get them, so we may agree upon the points that may go into that resolution. You asked a

few pertinent questions awhile ago. I cannot repeat them now, but if you can, I would ask that you do so.

SUPERVISOR UHL: My statement was that I feel that we should before voting for Plan 7, as set up here, that we should know what the price of the distributing system which we want to purchase from the P. G. and E. is, what price they are asking, on what price we can negotiate. If we feel that that price is too high and the people of San Francisco vote the bonds, and the money is available, then, of course, under eminent domain we can go in and condemn that system. Then it remains for the courts to decide what we will pay for it. I feel it is business-like, in the first place, to say, "What will you sell your distributing system for?" That is clear, isn't it?

SUPERVISOR RONCOVIERI: Yes.

SUPERVISOR UHL: Number 2. I want to know if $200,000 will be sufficient for the transmission stepdown. I want to know that. I want to know if they will give us at cost or at the most $75,000 a year standby service covering our 84,000 kilowatts transmitted from the Moccasin Power House down to Newark. Those are my points. And also I would ask to ascertain the lowest price that they will sell us the power we require under Schedule P-6. Those are my questions that I would like answered.

SUPERVISOR RONCOVIERI: I would ask Mr. Cahill if he can add anything to that.

MR. CAHILL: That covers it. Of course, I won't disguise from this Board that these negotiations will take several months, to say the least. The last question that Mr. Uhl put up must go to the Railroad Commission to see whether or not they will give San Francisco a rate comparable to that Los Angeles gets from the Southern California Edison and adjacent companies. All of those things take time. I don't disguise from you it is going to take a long time. I want you to understand that.

SUPERVISOR RONCOVIERI: Does that mean we are all at sea now, and that we should not go ahead?

MR. CAHILL: No.

SUPERVISOR RONCOVIERI: You say it will take a long time.

MR. CAHILL: Let me read to you again the first statement I made here: "In order to bring to an end litigation and negotiations of several years standing between the City of Los Angeles and the Los Angeles Gas and Electric Company——"

SUPERVISOR RONCOVIERI: Yes, I realize it will take time.

MR. CAHILL: All right. I am not a miracle man and this is going to take time. Now, you gentlemen have to make up your minds if you want to take the time, do the thing Los Angeles did, or do it your own way.

SUPERVISOR RONCOVIERI: But that does not satisfy my mind at all. Does this last statement that you made mean that we should stop all proceedings as to the revenue bonds to be submitted to the people?

MR. CAHILL: No.

SUPERVISOR RONCOVIERI: The Charter amendment that we have in view of $43,000,000, does that mean that we must stop everything until you are through?

MR. CAHILL: Well, if you authorize, Mr. Roncovieri, some person or some organization to represent this Board in negotiations with the Pacific Gas and Electric Company as to a $40,000,000 purchase more or less, as to the negotiations for a rental of transmission and stepdown, and then at the same time go to the Railroad Commission for a certain determination besides, it is obvious that it is not only going to take time, but it is going to require an appropriation from this Board to enable us to do it. I cannot tell you how much that appropriation is because I have not thought along those lines sufficiently, but we cannot do these things without certain appropriations. They won't be very great, but we have to have them. We cannot do them in time —if you pass the resolution which you propose, you cannot possibly

get your bond issue on the November election. It is not possible and I cannot tell you when you will be able to do it.

SUPERVISOR RONCOVIERI: I believe you were here yesterday and heard the discussion as to which should come first for submission to the people, the rapid transit, or the distribution of power. Yesterday, by an almost unanimous vote we decided to submit the power first to the people and everyone had in mind, I believe, that it would be at the very next election, which would be a month, or two, or three from now. Then, I would take it from your last remarks that we are at sea. We don't know whether we can submit it.

MR. CAHILL: No, you are not at sea. You have one of two propositions in your mind which you must adopt, one course of procedure is to go to the people for financial authority to do the thing, then negotiate with the P. G. & E. and Railroad Commission afterwards. The other course of procedure is the one Los Angeles adopted. They went to the P. G. & E. first and then to the people afterwards. You have one of two ways open, to the Board of Supervisors which must determine the policy, must determine what they want to do. There are only those two questions in your minds at this time.

MR. RONCOVIERI: If we undertake to ask the people for a certain sum of money first, before going to the P. G. & E., we must have enough money.

MR. CAHILL: You will unquestionably have to add a safety figure of 10 per cent, because the Railroad Commission—I don't know what they will do, they will do as they please. They won't do exactly what the engineers of San Francisco want, and you can't tell whether it will be more or less than 39,000,000 as presented.

SUPERVISOR RONCOVIERI: Then the 39,000,000, to that you would add 10 per cent?

MR. CAHILL: Yes, at least.

SUPERVISOR RONCOVIERI: And you think that would be——

MR. CAHILL: Those funds not to be expended, of course, if they were not necessary.

SUPERVISOR RONCOVIERI: To then go to the P. G. & E. with the knowledge we have that the people have approved, assuming that they do, the 39,000,000 plus 10 per cent, and say, "Now, we have that money, we are authorized to issue revenue bonds in that amount." We go to the P. G. & E. and negotiate with them, that is your recommendation, is it?

MR. CAHILL: No. I make no recommendation on that. My recommendation——

SUPERVISOR RONCOVIERI: You recommend, rather, that we start in by negotiating with the P. G. & E. and wait until later to submit to the people?

MR. CAHILL: I would rather have a definite concrete proposition to put up to the people than to put up to them a nebulous proposition. In other words, we might go past the 10 per cent. How do I know? How do you know? Los Angeles assumed that attitude, and Los Angeles went to the Los Angeles Gas and Electric first and established the price, and then went to the people for the financial authority.

SUPERVISOR UHL: May I ask a question right there? If this was your private affair, not the City affair, which would you do, Mr. Cahill?

MR. CAHILL: I would go to the P. G. & E. first. I have made that recommendation.

SUPERVISOR UHL: You would go to them and get exactly what the cost would be?

MR. CAHILL: Certainly.

SUPERVISOR MEYER: But only after you determined to go into the power business, you would not go and ask them before they knew you were going into the business?

MR. CAHILL: Oh, no.

SUPERVISOR MEYER: That is the position I am trying to show.

MR. CAHILL: I have showed you the two courses, I have showed you that Los Angeles did the one that I think is right, and you gentlemen have to make your decision as to which one you desire to do.

SUPERVISOR MEYER: As I said day before yesterday, the P. G. & E. would give a price which was exorbitant, feeling that we would call off the project here. Now, we are determined to enter the project. Now, again my opening statement is this, after we get all through going into this thing Mr. McSheehy wants, we have one plan and that is Plan 7, which is acceptable for your engineers and all that. Plan 7 is the one you suggest?

MR. CAHILL: Yes.

SUPERVISOR MEYER: Then we have to do one of two things: go before Mr. Ickes and say we are ready to shoot, here is the plan. Am I right that far?

MR. CAHILL: That is one way of doing it.

SUPERVISOR MEYER: Before you do all of this, you cannot go before the people or anyone else until this Board finally decides to adopt some plan, and that plan is Plan 7. Then we can go to Mr. Ickes and say we are ready to shoot, here is our plan, and that is always subject to adjustment afterwards, isn't it?

MR. CAHILL: Yes.

SUPERVISOR MEYER: All right, but we are killing a lot of time.

SUPERVISOR RONCOVIERI: But the important thing is to ask the people for so many million dollars. Then go to the people and ask for a few million more—I don't know——

SUPERVISOR MEYER: We have experts to tell us what to do.

SUPERVISOR RONCOVIERI: I want to say that we are in a different position from Los Angeles to this extent: Los Angeles is not burdened by decisions from Washington or the Federal Government has nothing to say about Los Angeles. That is their private business, between the municipality and the Los Angeles Electric Company, but here we have a third party who may overrule everything.

SUPERVISOR UHL: Correct; but I say let us send the plan on to Mr. Ickes without any figures in it.

SUPERVISOR McSHEEHY: Mr. Uhl, talk sense.

SUPERVISOR UHL: I am talking sense.

SUPERVISOR McSHEEHY: No, you are not.

SUPERVISOR UHL: Of course, I am. I am talking dollars; I am talking millions instead of cents. Will Mr. Ickes accept this plan? In other words, it resolves itself down to this: wlil we deliver our power at Newark to the P. G. & E. to transmit to San Francisco? If Mr. Ickes says no to that, that is all there is to it. Mr. Ickes is not interested at all in the question of dollars and cents in this set-up, so you don't have to send it on to Mr. Ickes.

SUPERVISOR MEYER: This Board will have to send word to Mr. Ickes that we have adopted it.

SUPERVISOR McSHEEHY: I am only one member of this Board—Mr. Uhl, I can't understand your line of reasoning at all.

SUPERVISOR UHL: You can't? Well, it is too bad. Mr. Cahill agrees with it.

SUPERVISOR McSHEEHY: Will you allow me to go on? I can not understand—I am talking now to the Chair and my colleagues here at a regular meeting—I can not understand a colleague of mine receiving a report from Mr. Cahill, the manager of the Utilities, and having the nerve to ask us to send that report to the Secretary of the Interior without giving him any figures, a report that calls for approximately a bond issue of 43,000,000's of dollars. I can't see how a sane man could make such a statement and mean it, and he said it about three times. Now, let us be right in this entire matter. I have tried—we are all trying—we have a problem before us, gentlemen, I don't think we should get mad, one with another. It is our

problem. Mr. Roncovieri—I know how Supervisor Roncovieri sometimes looks one way and then another, looking for what light he can get, which he is entitled to.

SUPERVISOR RONCOVIERI: Indeed, I will get it before I vote.

SUPERVISOR McSHEEHY: I don't want to see any of us make a mistake but the problem is before us. I trust and hope you will allow the Clerk to finish his reading, and when he has finished his reading I will offer a motion, but will not ask you to vote on the motion here today. I will not ask you to vote on its simply because I feel you should take it under consideration. Think over all the knowledge we can gather on this particular matter, but I hope we will be allowed to proceed and after it is over, I will offer this motion so we can bring the whole thing up, and see it as it should be—because it is a problem that we cannot go one one way, and one, another way; we must go through with it. Perhaps, if we do not, we will lose our properties entirely. We are in an entirely different position than Los Angeles, and yet we can learn to some degree from what has happened down there, and we must be just as strategic as they were in dealing with the Edison. So, I will ask the Clerk to proceed and read the entire Plan 7, and take it up seriatim. There is only a couple more pages, and then I will offer a motion.

THE CLERK: The last paragraph of page 10. (Reading):

"In making this purchase of additional energy from the Pacific Gas and Electric Company, and in employing it to deliver the City's power from Newark into San Francisco, it will be possible for the company to continue to utilize its full system to the same advantage as at present. True it will lose the retail business within the City. It will, however, retain a wholesale market equivalent to its present retail market except for such electricity as comes from the Red Mountain Bar power house. This, however, is inconsiderable in view of the fact that the consummation of this plan is projected forward to the year 1938 which is the earliest date at which it is possible to get the Red Mountain Bar plant into production. It is also probable that the year 1937 will pass during the time of negotiating the sale of the distribution property. Depreciation.

Under Section 128 of the Charter, the Public Utilities Commission must maintain a depreciation reserve for each utility. To comply with this requirement there has been included in the estimated operating expenses an annual charge of 3 per cent of the wearing value of the plant for depreciation. This amounts to $1,260,000 annually. This figure is reasonable as the plant being purchased is a seasoned one requiring replacements from the day of its acquisition.

METHOD OF FINANCING

The financing of municipally owned public utilities through revenue bonds has been in use sufficiently long to demonstrate its desirability. Revenue bonds have been issued by Los Angeles, Seattle and Tacoma for power projects. In every case the rate of interest required has been satisfactorily low. With San Francisco's financial reputation equally good rates should be obtained for this project. An interest rate of 5 per cent on revenue bonds has been used in preparing this report. This was done after consulting with Mr. L. S. Leavy, Controller of the City and other competent financial men. The interest rate of 4 per cent on general obligation bonds has been used on advice from the Controller. It is probable that interest rates below these may be had at the time of issuing bonds.

CONCLUSION

Plan Seven has been devised as a means of meeting the Raker Act in a manner which will give the City maximum service from its present power investment and once and for all time settle the question of electric distribution in San Francisco. The total investment is

more than twice that of Plan Four which Mr. Ickes does not feel complies with the Raker Act. The financial results are, however, even better than those of Plan Four and any other plan which has so far been devised for a lower capital expenditure.

In approving this proposal the people of San Francisco must definitely assume the responsibility for the entire power supply of the City. They will have developed all of the cheaper power sites of the Hetch Hetchy Project. Other plants may be economically built coincident with additional water development at some indeterminate future date.

San Francisco's electric load can be expected to increase at a rate of not less than 8 per cent a year. During the early years of municipal operation this means that the City will have to find an additional 50,000 or 75,000 kw. each year. Under the arrangement of this plan this energy would be purchased from the Pacific Gas and Electric Company. With the growth of less favorable types of load the peak demand may grow at a faster rate than the consumption. This condition would raise the price of energy purchased.

The surplus should be ample to care for normal additions and betterments to the distribution system. Additional generating and transmission plant would have to be purchased by bonds.

Respectfully submitted,

E. G. Cahill,
Manager of Utilities."

SUPERVISOR McSHEEHY: Mr. Chairman, I have here and I would like Mr. Uhl's attention to the document—in fact, all the members of the Board—a letter, just a short letter—I have here a letter. First, a letter was addressed to me by Mr. Sharon, Assistant Secretary. I read it yesterday and again today. I won't read that, but I will read this. It is addressed by the Secretary of the Interior to Mr. E. G. Cahill, Manager of the Utilities, Public Utilities Commission, San Francisco, California.

"My dear Mr. Cahill:

I have received your letter of July 16th with which you enclosed copies of Plans 5, 6 and 7 for retail distribution of Hetch Hetchy power by the City and County of San Francisco. I sincerely hope that the Board of Supervisors may find one of those plans to be acceptable and feasible. May I request that as soon as the Board of Supervisors has taken action, I be advised of that fact, so that I may evaluate the plan in accordance with the standards set by the Raker Act, and so that action can be taken with as little delay as possible on the application which San Francisco has filed with the Public Works Administration for a grant of funds to assist in effecting municipal distribution of electric power.

Sincerely yours,

Harold L. Ickes."

SUPERVISOR MEYER: May I call to your attention that this letter is dated July 27th, and we talk about procrastination. It ought to have been on its way long ago.

SUPERVISOR McSHEEHY: Members of the Board: A great many statements were made here this morning about requesting an estimate of the property from the Pacific Gas and Electric Company before we agreed on a plan. I trust that there will be no effort on the part of any member of this Board to carry through such a program, because, as I stated, it is not working in sequence, the way we should, and, using an old phrase which I stated before, it is placing the cart before the horse.

Now, I have carefully prepared in writing—I don't even want to make a motion, I have prepared it in writing, and I will move at

this time, Mr. Clerk—this is a motion by me—I move that Plan 7 for the ownership and operation of the entire San Francisco electric supply, as reported by the Public Utilities Commission of San Francisco, is hereby approved by the Board of Supervisors of the City and County of San Francisco. This action by the Board shall be transmitted forthwith to the Honorable Harold L. Ickes, Secretary of the Interior at Washington, D. C. I make that as a motion.

SUPERVISOR MEYER: I second the motion.

SUPERVISOR McSHEEHY: I will ask that the Clerk kindly pass these around to the members.

THE CHAIRMAN: Supervisor McSheehy, I was wondering, owing to the fact that this is such a problem, should we have a full Board on a motion of that kind?

SUPERVISOR McSHEEHY: If the membership of this Board wishes to defer action until Monday, I have no particular objection because I feel—of course, I would like to see it passed today, but if you feel that way, Mr. Chairman, and other members feel that they want to give it further consideration, I will not attempt to force it, because I realize one thing, that after we have done our work the people of San Francisco will have to pass on it, and I realize if we possibly can we should have unity in this Board to show the people of San Francisco that they are making no mistake when they vote the Hetch Hetchy bonds to be placed before them on February 16th of this year. So, once in a while, if you and I get a little mad—I don't mean anything by it. I know it is going to take united action to get the people to pass these bonds, so if any member wants this matter to go over until Monday——

SUPERVISOR UHL: I would request it go over until Monday.

MR. CAHILL: May I say, it would be impossible for me to be here Monday.

SUPERVISOR McSHEEHY: I say this as respectfully as I can to you, I think if Mr. Ost is here and Mr. Ellis, and this is a matter of policy—I think we have received from you a lot of things here today—I say that respectfully as I can, if Mr. Ost and Mr. Ellis will be here Monday, I think we can get the information we want from them, so we can go into this.

SUPERVISOR UHL: Supervisor McSheehy, inasmuch as there have been some very new things brought up and very important, I would suggest that we have a transcript made in order that Mr. Shannon, Mr. Brown and Mr. Colman, and Supervisor Havenner, who was not here during the discussion, should have copies of it. I would like a copy of it also.

SUPERVISOR McSHEEHY: I would make that, if you wish, I would make that as a motion, that the transcript be made for the entire Board.

MR. DUNNIGAN: Please. If you want a transcript, I will have it printed from the reporter's transcript so you can get as many as you want.

SUPERVISOR McSHEEHY: I move that a transcript be printed and that the Clerk of this Board be authorized to have 25 printed.

SUPERVISOR MEAD: Including yesterday's meeting?

SUPERVISOR McSHEEHY: Including yesterday's meeting.

SUPERVISOR RONCOVIERI: Second the motion.

THE CHAIRMAN: Is there any objection? So ordered.

SUPERVISOR McSHEEHY: I move this matter be made a special order of business by the Board of Supervisors for 2:30 o'clock next Monday.

SUPERVISOR MEYER: I second the motion.

SUPERVISOR UHL: Now, then, Supervisor McSheehy, why can't we then at this time say we will take up the matter of rapid transit—Mr. Cahill cannot be here on Monday—I feel he should be at the next meeting. Mr. Cahill, by the way, I will send you today a copy of Mr. Dobbins' letter, which he sent me.

MR. CAHILL: I have received it already.

SUPERVISOR SCHMIDT: Mr. Cahill, how long do you think it would take to get a report from the P. G. & E?

Mr. CAHILL: I haven't the remotest idea.

MR. DUNNIGAN: May I answer that?

SUPERVISOR SCHMIDT: Yes.

THE CHAIRMAN: Is there any objection to this being a special order for 2:30 next Monday? So——

MR. DUNNIGAN: The Board has already addressed two communications to the P. G. & E. on the subject matter and they did not answer.

SUPERVISOR SCHMIDT: How long ago?

MR. DUNNIGAN: Last year.

SUPERVISOR McSHEEHY: My motion is that this be made a special order of business for 2:30 o'clock next Monday.

THE CHAIRMAN: Is there any objection? So ordered.

SUPERVISOR McSHEEHY: I move we adjourn.

## ADJOURNMENT.

Whereupon, the Board of Supervisors, at the hour of 12:15 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors November 23, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

## MONDAY, NOVEMBER 23, 1936—2 P. M.

In Board of Supervisors San Francisco, Monday, November 23, 1936, 2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Havenner presiding.

### APPROVAL OF JOURNALS.

#### Correction.

Supervisor Brown called attention to meeting of November 18, that it had not been noted that Supervisor Shannon and himself had not been recorded as being excused from said meeting to attend meeting of the Board of Directors of the Golden Gate Bridge and Highway District, and requested that the correction be made.

*So ordered.*

The Journals of Proceedings of the meetings of November 16, 17 and 18, 1936, were considered read and approved.

Whereas, said deed provides that under certain conditions, if the natural flow of water in any springs on the land of the grantor shall disappear or diminish, the City shall furnish to the grantor a continuous supply of water sufficient for the present domestic, irrigation and stock watering requirements of the grantor; and

Whereas, said deed provides a time limit for furnishing said water and for the ascertainment of the amount of any damage which may

be caused by the disappearance or diminution of the natural flow of water in said springs; and

Whereas, said time limit was extended to October 1, 1936, by Resolution No. 2237 of this Board; and

Whereas, the Public Utilities Commission has recommended a further extension of said time limit to October 1, 1937; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute on behalf of the City and County of San Francisco a written agreement with Thomas M. Hughes, dated November 5, 1936, extending said time limit of said deed to and until October 1, 1937, subject to all conditions contained in said deed, except as expressly modified in said agreement.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Regulating the Business of Spray Coating.**

(Code No. ——)

Supervisor Mead presented:

Bill No. ———, Ordinance No. ———, as follows:

Regulating the application or use of paints, stains, varnishes, lacquers, enamels and similar substances through "spray guns" or by means of compressed air; providing for the health and safety of persons operating "spray guns" or compressed-air devices in connection with the above-mentioned substances; defining certain terms used in this ordinance, and fixing a penalty for the violation of said ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Definitions. "Approved" shall mean approved by the Director of

Public Health of the City and County of San Francisco, or his authorized representative.

The term "Spray Coating" shall mean the application of paints, stains, varnishes, lacquers, enamels and any and all materials or substances except water, by the spray method.

The term "Spray Method" shall mean the application of atomized paints, stains, varnishes, lacquers, enamels, and any and all materials or substances except water, delivered through or applied by a spray gun or similar device by compressed air or other means.

The term "Structure" shall include buildings, walls, bridges, ships (when not under maritime jurisdiction), or other fabricated units.

The term "Air Helmet" or "Hose Mask" shall mean a device so designed and equipped as to enable the wearer to breathe air obtained from an unpolluted source.

The term "Respirator" shall mean a device designed to be worn over the nose and mouth and so equipped as to prevent the wearer from inhaling solid particles contained in the surrounding air.

The term "Gas Mask" shall mean a device to be worn over the nose and mouth (and may include the eyes) and equipped with materials which will absorb or neutralize the fumes, gases or vapors contained in the air being breathed by the wearer.

The phrase "place of employment" shall mean and include any and every place, whether indoors or out or underground or elsewhere, and the premises appurtenant thereto, where either temporarily or permanently, any enterprise, project, industry, trade, work or business is carried on, or where any process or operation directly or indirectly related to any enterprise, project, industry, trade, work or business is carried on, including all excavation, demolition and construction work, and where any person is employed by another, or suffered or permitted to work for hire but shall not include any place where persons are employed solely in household domestic service.

Section 2. The provisions of this ordinance shall govern the use and control of all spray-coating apparatus, in every place of employment; provided, however, that they shall not prohibit or regulate any farmer, horticulturist, fruit grower, or other person engaged in farming, or fruit or vegetable growing from using a spray machine for the purpose of spraying trees, shrubs, plants, flowers and vines with approved chemicals to protect the same from disease; or prohibit or regulate any dairyman, creamery owner or operator or other person from using any spraying machine to spray any building or part thereof with approved solutions composed of water and chemicals of recognized medical value, when used for the purpose of keeping said building in a sanitary condition; provided further, that the provisions of this ordinance shall have no application to "cabinet booths" or "room booths" as those terms are commonly understood in the trade.

Section 3. On interior and exterior spray coating of buildings or other structures, each operator must be provided with and shall wear while spraying is being done, an approved type of respirator, gas mask or air helmet and hood, jacket and gauntlets made of rubber or other material impervious to paint or other spray solutions and in addition, on interior work, where, in the opinion of the Director of Public Health, there is not sufficient natural ventilation, approved exhaust systems shall be installed and operated continuously while spraying operations are being carried on. The spray coating of interiors shall be so performed that neither the spray operator, nor any other worker, shall come between the spray gun and exhaust openings during spraying operations.

Section 4. Where spray coating is conducted in the interior of a building or structure, no person other than the operator of the spray equipment shall be permitted to work or remain in the same room or compartment unless he be provided with an approved type of respirator, gas mask or air helmet. Where spray coating is conducted on the exterior of a building or structure no person shall be permitted to

work or remain within 30 feet of the spray-coating operator unless such person be provided with an approved type of respirator, gas mask or air helmet.

Section 5. During spray-coating operations the nozzle of the spray gun shall not at any time be more than thirteen (13) inches from the surface being spray coated. When necessary, scaffolding or other approved support shall be used so that the maximum allowable distance between the gun nozzle and surface being spray coated is not exceeded.

Section 6. Where workers are engaged in the spray coating of automobiles, trucks, railroad cars and similar or other objects placed in sheds, or in the open, a space of at least six (6) feet shall intervene between each two vehicles or objects being so coated.

Section 7. Every person, firm or corporation employing any person to engage in the occupation, wholly or incidentally, of spray coating shall, at said person's, firm's or corporation's own expense, provide the spray paint operator with an approved type of respirator, gas mask or air helmet and hood, jacket and gauntlets as required herein. Every person, firm or corporation employing any worker who, although not actually engaged in spray coating, is required under the terms of this ordinance to be provided with an approved type of respirator, gas mask or air helmet, shall at said person's, firm's or corporation's own expense provide said worker with said equipment.

Section 8. It shall be the duty of every person, firm or corporation who, under the terms of this ordinance is required to furnish any other person or worker with a respirator or similar device, to see that such respirator or similar device is kept in working order; cleaned every two hours, and that the filtering material therein shall be renewed as often as the Director of Public Health shall, by rule, require. It shall be the duty of every person engaged in spray-coating operations in a capacity other than that of employee to see that such respirator or similar device as is used by him, is kept in working order; cleaned every two hours, and that the filtering material shall be renewed as often as the Director of Public Health shall, by rule, require.

Section 9. Any person, firm or corporation, or their agents, violating any of the provisions of this ordinance, or failing to comply with any direction or order of the Director of Public Health of the City and County of San Francisco, given pursuant to the provisions of this ordinance, or any authorized agent of said Director, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than fifty ($50) dollars, nor more than five hundred ($500) dollars, or by imprisonment in the county jail for a period of not less than ten (10) days nor more than three (3) months, or by both such fine and imprisonment.

Section 10. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases is declared unconstitutional or invalid for any reason.

**Commending Chinese Citizens for Their Participation in San Francisco-Oakland Bay Bridge Celebration.**

(Code No. 12.112)

Supervisor Shannon presented:

Resolution No. 2936, as follows:

Whereas, in the day parade of November 13, and the electrical night parade of November 14, 1936, celebrating the completion of the San Francisco-Oakland Bay Bridge, our Chinese citizens of San Francisco signally distinguished themselves for a most splendid demon-

stration providing a spectacle unique and artistic in the highest degree; and

Whereas, the people of San Francisco are sincerely proud of their Chinese fellow citizens who, on every such occasion of public significance, have proven themselves most generous in their co-operation and most devotedly patriotic in everything that makes for the good of our well-beloved San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors extends to the Chinese Chamber of Commerce, to other participating Chinese organizations, and to our Chinese fellow citizens of San Francisco in general, our most sincere thanks for their wonderful presentation in our recent celebration, and our appreciation of their gracious and effective co-operation.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### City Attorney to Report on Franchises of the Pacific Gas and Electric Co.

Supervisor Havenner, seconded by Supervisor Mead, moved that the City Attorney be requested to make a report to the Board, in the immediate future upon the following questions:

Has the Pacific Gas and Electric Company a franchise which authorizes it to sell gas in San Francisco for power, heating and cooking purposes?

Has the Pacific Gas and Electric Company a franchise which authorizes it to sell electricity in San Francisco for power, heating and cooking purposes?

Supervisor Havenner requested that the Clerk ask the City Attorney to investigate this matter immediately and make his report to the Board, if possible by next Monday, November 30, 1936.

Motion *carried*.

### Appreciation of Trevor Wignall's Article on San Francisco.

Supervisor Colman called attention to article "Where would you want to live?" by Trevor Wignall, and moved that the Board of Supervisors acknowledge this article and express its appreciation of same, and that the Clerk be directed to send proper letter to the writer.

*So ordered.*

## MONDAY, NOVEMBER 30, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, November 30, 1936, 2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Havenner presiding.

### APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of November 9 to 20 and 23, 1936, were considered read and approved.

### SPECIAL ORDER—2:30 P. M.

The following recommendation of the Judiciary, Legislative and Civil Service Committee was taken up:

#### Repeal of Anti-Picketing Ordinance.

It is hereby ordered that the following ordinance is, pursuant to the provisions of Section 179 of the Charter, submitted to the electors of the City and County of San Francisco:

THE REPEAL OF AN INITIATIVE ORDINANCE ENTITLED: "PROHIBITING THE LOITERING, PICKETING, CARRYING OR DISPLAYING BANNERS, BADGES, SIGNS OR TRANSPARENCIES, OR SPEAKING IN PUBLIC STREETS, SIDEWALKS, ALLEYS OR OTHER PUBLIC PLACES IN A LOUD OR UNUSUAL TONE, FOR CERTAIN PURPOSES THEREIN NAMED, AND PROVIDING A PENALTY FOR ANY VIOLATION THEREOF." ADOPTED BY THE VOTERS AS AN INITIATIVE MEASURE AT AN ELECTION HELD NOVEMBER 7, 1916.

#### Committee of the Whole.

On motion the Board of Supervisors resolved itself into Committee of the Whole for the purpose of hearing all concerned, President Havenner presiding and all members heretofore noted being present.

#### Privilege of the Floor.

The following were granted the privilege of the floor and heard in support of proposed legislation submitting to the people the question of the repeal of the anti-picketing ordinance, to-wit:

Henry Robinson, representing Northern California Newspaper Guild; Reverend Don Chase, minister, Calvary Methodist Church; Hugo Ernst, representing the culinary workers; J. A. Duggan, representing the Maritime Federation; Redfern Mason, representing the Inter-professional Society; Ernest Besig, Director, American Civil Liberties Union; Bert Leach, representing American League Against War and Fascism;

Miss Bella Silverman, representing Builders' Peace Foundation; Walter Thomas Troy, representing the public; Lawrence Ross, representing the Communist Party; Jennie Matyas, representing the International Ladies' Garment Workers' Union; Henry Shrimp, representing the Longshoremen's Union; Charles Lyon, representing District Council of Iron Workers; M. Leonard, representing laborers.

The following were heard in opposition to the submission of the foregoing ordinance:

William Merryman, representing San Francisco Chamber of Commerce; Joseph Cummings, representing the Down Town Association; Hugh McKevitt, representing Northern California Hotel Men's Association, especially a majority of the hotels in San Francisco; Wesley Peoples, representing the Negro Chamber of Commerce; Frank Royston, executive secretary, San Francisco Hotel Association; Edward J. Lynch, attorney, representing San Francisco Hotel Association.

### Communications.

Communications were read by the Clerk favoring submission of the proposed ordinance from the San Francisco Labor Council and a telegram favoring submission from the Warehouse and Cereal Workmen's Organization.

### Motion to Postpone.

Supervisor Brown, seconded by Supervisor Colman, moved that the matter be postponed one week in order to get City Attorney's opinion on points raised by Mr. Merryman as to the right of the Board of Supervisors to submit matter that had already been passed upon by the electors.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman—2.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Whereupon, the roll was called on submission of the ordinance and the same *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Committee of the Whole Arises.

Thereupon, the Committee of the Whole arose and reported the proposed legislation favorably to the Board of Supervisors.

### Ordered Submitted.

Whereupon, the following measure was *ordered submitted* by the following vote:

It is hereby ordered that the following ordinance is, pursuant to the provisions of Section 179 of the Charter, submitted to the electors of the City and County of San Francisco:

THE REPEAL OF AN INITIATIVE ORDINANCE ENTITLED: "PROHIBITING THE LOITERING, PICKETING, CARRYING OR DISPLAYING BANNERS, BADGES, SIGNS OR TRANSPARENCIES, OR SPEAKING IN PUBLIC STREETS, SIDEWALKS, ALLEYS OR OTHER PUBLIC PLACES IN A LOUD OR UNUSUAL TONE, FOR CERTAIN PURPOSES THEREIN NAMED, AND PROVIDING A PENALTY FOR ANY VIOLATION THEREOF." ADOPTED BY THE VOTERS AS AN INITIATIVE MEASURE AT AN ELECTION HELD NOVEMBER 7, 1916.

*Ordered submitted*, Board of Supervisors, November 30, 1936, by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Explanation of Votes—Anti-Picketing Ordinance.

SUPERVISOR BROWN: Mr. Chairman: I consider that the only issue before the Board of Supervisors today is not the question of whether there shall or shall not be legal picketing in San Francisco, but whether that question shall be submitted to the electorate of San Francisco for repeal. I think that that is a question that affects vitally large numbers of San Francisco citizens, some adversely, some, according to what we have heard here today, favorably. I believe it would be ill-advised for the Board of Supervisors, an elected body of the people of San Francisco, to presume to dictate to the people of San Francisco whether they should or should not have the right to express themselves on this question. I was not a member of the Board of Supervisors, nor, in fact, had I any part in San Francisco's civic life at the time that this measure was first considered. Personally, therefore, I can see no course for myself to follow but to submit the matter to the people of the city. I am not doing that for any other reason than I think the people should have the right to express themselves. It does not necessarily reflect any opinion on my part as to my views on picketing or anti-picketing; it is simply on the issue before you, as to whether there shall be submission or nonsubmission, that I favor giving the people that right to express themselves and I shall so vote.

SUPERVISOR SCHMIDT: I should like to explain my vote. Ever since I have been a member of this Board I have always followed the practice of giving the people an opportunity to vote on any issue if that opportunity could be brought about. I think here we have an opportunity to get an expression from the public as to whether or not they want this ordinance to continue in force. Therefore, I am going to vote for submission.

SUPERVISOR COLMAN: Mr. President: I have listened very carefully to the remarks made by both sides of the question and whereas, frankly, I was in doubt as to what action I would take in the matter, I, like my colleagues have expressed, I cannot feel that there has been sufficient reason advanced why the matter should not be submitted to the public. Mr. McSheehy does not present the question properly. We are not voting on appeal here, and his views are immaterial to the question, of just submitting this question, if we have the legal right to do so, to the people for their determination.

Well, in a sense, too, I was thinking about the time of it—it has been said here it was passed in a time of hysteria. Today we are in a time of hysteria, and I can't help saying this, in the matter of the attitude of the Board of Supervisors of San Francisco in all matters having to do with labor disputes, it has been one of splendid neutrality and it has taken no part on either side of the question. And I know as one member of the Board I do express the fervent hope that these matters will be straightened out just as soon as they possibly can be with dignity and honor to both sides because, reading in the press, particularly articles in the "Daily News", where this strike is now causing distress to sections of the State that are not directly involved in the matter between the parties in dispute. We read where firms are forced to curtail their operations due to the lack of raw material which cannot be transported, and also due to the fact that when their product is manufactured they are unable to place it on the market. That is causing people to lose their jobs, and loss of payroll, and general distress, so I know I probably speak for the Board, and I feel I do for the entire city, in hoping sincerely that the questions will be settled just as soon as possible for the good of everybody concerned.

I would prefer another time to have this matter come before us, but I see the attitude of my colleagues, and after all the principle involved is a strong one in my heart, that the people have a right to express their views. In view of this feeling, I am going to vote for submission of the matter.

SUPERVISOR UHL: (Before the Committee of the Whole.) I would like to explain my vote. I was elected by the people here to represent them, elected by a very large number of the citizenship. I believe in a democratic role of government. If the Chamber of Commerce, or the Down Town Association, or any other group would come before this Board desiring us to place upon the ballot an initiative ordinance I would certainly favor it. Here comes today a very large representative group of citizens of San Francisco who request that this matter be placed upon the ballot. I believe it is positively my duty, therefore, to vote for the same.

## SPECIAL ORDER—4 P. M.

**Hearing of Appeal, Rezoning of South Side of Pacific Avenue, 139 Feet 8 Inches Westerly From Westerly Side of Larkin Street.**

Appeal from the decision of City Planning Commission by its Resolution No. 1565, dated November 5, 1936, denying application to rezone from Commercial District to Heavy Industrial District, property located at the south side of Pacific avenue, 139 feet 8 inches westerly from the westerly side of Larkin street.

**Privilege of the Floor.**

Wm. Hornblower, attorney representing J. Barbe & Co., appellant, and Robt. Sullivan were heard in opposition to the decision of the City Planning Commission.

Mrs. E. E. Lundstedt, property owner, stated that she had no objection to the zone change provided the tanks on roof of laundry were removed.

Milton Meyer, City Planning Commission, was heard in support of Commission's decision.

**Adopted.**

Whereupon, the following resolution was presented and *adopted*:

**Disapproving Decision of City Planning Commission, Denying Application to Rezone South Side of Pacific Avenue, 139 Feet 8 Inches Westerly From Westerly Line of Larkin Street.**

(Code No. 13.02)

Resolution No. 2956, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1565, dated November 5, 1936, denying application to rezone from Commercial District to Heavy Industrial District, property located at the southerly side of Pacific avenue, 139 feet 8 inches westerly from the westerly side of Larkin street, is hereby disapproved.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

## UNFINISHED BUSINESS.

**Final Passage.**

**Authorizing Agreement with Edwin T. Jasper, et al.**

(Code No. 15.034)

Also, Resolution No. 2941, as follows:

Whereas, the City and County of San Francisco, under authority of Resolution No. 24746 (New Series) of the Board of Supervisors, accepted a certain deed dated November 21, 1925, from Edwin T. Jasper, et al., to a sub-surface easement for a portion of the Foothill Tunnel of the Hetch Hetchy Aqueduct in Tuolumne County, California; and

Whereas, said deed provides that under certain conditions if the natural flow of water in any springs on the land of the grantors shall disappear or diminish, the City shall furnish to the grantors a continuous supply of water sufficient for the present domestic, irrigation and stock watering requirements of the grantors; and

Whereas, said deed provides a time limit for the ascertainment of the amount of any damage which may be caused by the disappearance or diminution of the natural flow of water in said springs; and

Whereas, said time limit was extended to October 1, 1936, by Resolution No. 2255 of this Board,; and

Whereas, said Edwin T. Jasper, et al., have requested an extension of said time limit to October 1, 1937, and the Public Utilities Commission has recommended the further extension of said time limit; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a written agreement dated November 18, 1936, with Edwin T. Jasper, et al., extending said time limit of said deed to and until October 1, 1937, subject to all conditions contained in said deed, except as expressly modified in said agreement.

**Final Passage.**

The following emergency bill was taken up:

**Supplemental Appropriation, $8,000, Increased Work, Golden Gate Bridge Approach.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 1173, Ordinance No. 9.051327, as follows:

Authorizing supplemental appropriation of eight thousand dollars ($8,000) out of surplus existing in Appropriation No. 648.900.00, to the credit of Appropriation No. 648.982.00, for the purpose of paying costs of increased work incidental to the Golden Gate Bridge approach structure in the Presidio. An emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of eight thousand dollars ($8,000) is hereby appropriated and set aside from the surplus existing in Appropriation No. 648.900.00, to the credit of Appropriation No. 648.982.00, for the

purpose of paying the costs of increased work incidental to the Golden Gate Bridge approach structure in the Presidio.

Section 2. In accordance with provisions of Sections 97 and 80 of the Charter, approval is hereby given of said supplemental appropriation of eight thousand dollars ($8,000), and said supplemental appropriation is made for the reason that the revised estimates of the costs of piling for the Golden Gate Bridge approach structure as called for in the contract awarded to M. B. McGowan, Inc., October 14, 1936, will actually exceed the original contract price of $18,513.25 by more than ten (10%) per cent.

Section 3. This ordinance is passed as an emergency measure and the Board of Supervisors, does, by the vote by which this ordinance is passed, declare that an actual emergency exists that necessitates this ordinance becoming effective immediately. The nature of said emergency being as follows:

That the Golden Gate Bridge will be completed by May 1, 1937, and the Golden Gate Bridge approach structure in the Presidio must also be completed by that time in order that there may be an uninterrupted flow of vehicular traffic over said approach structure and said Golden Gate Bridge.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by W. H. Worden, Director of Public Works.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved as to funds available by Leonard S. Leavy, Controller.

### In Re: Distribution of Hetch Hetchy Power.

(*Meeting Deferred*)

SUPERVISOR McSHEEHY: Did you wish to bring up something with respect to the Hetch Hetchy meeting?

THE PRESIDENT: I can not be here tomorrow morning at ten o'clock.

SUPERVISOR McSHEEHY: Members of the Board, our President tells us it would be impossible for him to attend the meeting tomorrow morning at ten o'clock in respect to the Hetch Hetchy power distribution which is before this Board. In other words, with reference to the adoption of Plan No. 7. As the Chairman of the committee I wouldn't care to attempt to meet here tomorrow morning without our

President being present, and if I can receive a second I would like to move that the meeting be postponed from tomorrow morning until Wednesday morning at ten o'clock, when our President assures me he can be here.

I move that the meeting be made Wednesday morning at ten o'clock instead of tomorrow morning at ten o'clock.

SUPERVISOR MEAD: I second the motion.

SUPERVISOR SHANNON: I can not be here Wednesday morning, on account of a meeting with the Controller, but I can be here any other morning of the week.

SUPERVISOR McSHEEHY: Well, I make the motion then for ten o'clock Thursday morning.

SUPERVISOR SCHMIDT: I second the motion.

THE PRESIDENT: In other words, that when we recess tonight we recess to meet at ten o'clock on Thursday morning for the purpose of the consideration of Plan No. 7 on Hetch Hetchy power distribution, and that the prior order fixing tomorrow morning at ten o'clock be vacated. Is there any objection to that motion? Hearing none, such will be the order.

* * * * *

CITY ATTORNEY O'TOOLE: Mr. President, may I have the privilege of addressing the Board?

THE PRESIDENT: Mr. O'Toole.

CITY ATTORNEY O'TOOLE: Mr. President, you made a motion a week ago, before the Board, that the City Attorney be requested to advise the Board as to the franchises possessed by the Pacific Gas and Electric Company; first, for the distribution of gas for heat and power; and secondly, for the distribution of electricity for heat and power.

Now, we have made a partial investigation, and if you want to hear that now, all right; and if not, let it go.

THE PRESIDENT: I would be very glad to hear it now, for one.

SUPERVISOR SHANNON: Well, I would like to finish with the roll call and the business of the Board first.

SUPERVISOR UHL: Can't we hear it Thursday morning? You said it was only a partial investigation, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR UHL: Well, I don't object to hearing it today.

THE PRESIDENT: It is of considerable importance, and I don't see why anyone should object to hearing a report on the question of whether one of our large corporations has been operating in our City without franchises or authority or not.

SUPERVISOR UHL: May I ask, is it in condition where it is complete and you can make a recommendation?

CITY ATTORNEY O'TOOLE: I can make no recommendation, Supervisor, at this time.

* * * * *

CITY ATTORNEY O'TOOLE: As I started to say, gentlemen, a moment ago, I received from the Board, on the motion of Supervisor Havenner, a letter requesting that I advise this Board as to what franchises the Pacific Gas and Electric Company had for the distribution of gas for heat and power, and for the distribution of electricity for the same purposes.

My office has looked into the matter, and, while the decisions are not entirely free from doubt, we are of the opinion that the only franchises that we can find the Pacific Gas and Electric Company has are what are called constitutional franchises under what is known as the Braughton Act, Section 19 of Article II of the State Constitution as it existed prior to 1911, which gave to any person, company, or corporation, the right, with the permission of the proper department of the municipality, to lay pipes or conduits or wires for the furnishing of gas or electricity for illuminating purposes. Now the question as to whether or not that included the right to deliver gas or electric

current for heat and power purposes has been before the court on more than one occasion. The leading case, I think, is that of Hanford versus the City of Hanford, isn't it, Mr. Holm?

MR. DION HOLM: Hanford versus the Hanford Gas and Electric Company.

CITY ATTORNEY O'TOOLE: Yes, Hanford versus the Hanford Gas and Electric Company, and there they held that the company in Hanford might have a right to deliver gas for power for illuminating purposes, but that did not carry with it the right to deliver gas or electricity for heat and power purposes.

SUPERVISOR UHL: What court decided that?

CITY ATTORNEY O'TOOLE: The Supreme Court of the State of California. Then the matter came up very recently down in Los Angeles, and the Superior Court of Los Angeles County entered a decision to the same effect, basing it practically on the Hanford case, and that is on appeal now by the City of Los Angeles. The Los Angeles Gas and Electric Company in that case cross-appealed on some other matters that arose in the litigation, so the matter is pending in the court today.

From the best knowledge obtainable at the present time we are of the opinion that the Pacific Gas and Electric Company has not a franchise for the purpose of distributing either gas or electricity for any other than illuminating purposes.

Now we had a conference with members of the Pacific Gas and Electric Company endeavoring to ascertain to some extent what their views were on the question of franchises, or if they had any franchises unknown to the City, because, as you know, all of ours were destroyed in the fire in 1906. As I say, we had a conference with them and while they did not admit that they did not have the requisite franchises they did infer that if they did not have them they would be very glad to make application for whatever was considered necessary and advisable, and their representatives said that if this Board of Supervisors would authorize the City Attorney, or anybody else, to confer with them and determine just what the exact condition regarding these franchises is, or endeavor to agree on what the exact condition of the franchises is, and how far the franchises which they held went; that they would be very glad to discuss the matter to the fullest extent. That after they determined that they desired to get a franchise they would endeavor to agree on the terms of such franchise or franchises under the provisions of the Charter.

The matter of the granting of a franchise is usually initiated by the legislative body itself, which in this instance would be this Board of Supervisors, and they advise that a certain franchise is for sale, under such conditions as they see fit, and then it is sold to the highest bidder. So, therefore, it is rather necessary that there should be some preliminary discussion with the Pacific Gas and Electric Company; first, to clear up the situation and see if we can come to any understanding with them as to just what franchises they desire to get; and, second, whether they now have any franchises other than those set forth; and, third, if they are desirous of obtaining a franchise or franchises what the terms and conditions would be, how much they would pay for it, how long it should run, and so on.

SUPERVISOR UHL: Would you repeat who you called upon?

CITY ATTORNEY O'TOOLE: I called upon the Pacific Gas and Electric Company, and we had a conference with them—Mr. John P. Coghlan, their attorney, Mr. Holm and myself.

SUPERVISOR UHL: And what was their statement?

CITY ATTORNEY O'TOOLE: Their statement was that they did not admit that they did not have the proper franchises, or that they did not have the right to distribute gas and electricity for heat and power purposes under their constitutional franchise because that matter was now on appeal from the Superior Court of Los Angeles. They feel that possibly they don't need any franchises. However, their statement was that if they did determine that franchises were

necessary they would be very glad to discuss the matter with the representatives of the City thereafter. For that reason I feel that it is desirable that the authority be given to the City Attorney, and such others, including members of the Board as this Board of Supervisors may see fit, to confer with the Pacific Gas and Electric Company and report back to this Board the results of that conference.

SUPERVISOR UHL: I so move.

CITY ATTORNEY O'TOOLE: I have here a resolution setting forth the members of the committee to confer with the gas company.

SUPERVISOR UHL: And I move that the President of the Board be added to the list——

THE PRESIDENT: Before we consider that resolution I would like to ask the City Attorney a question. When the authorities of Los Angeles concluded that the utility company there was operating without the franchise authority here under discussion, what action did they take?

CITY ATTORNEY O'TOOLE: Well, they commenced an action against them; and, first, they negotiated for quite a period of years, and at the present time there is the Charter amendment before the people which will be voted on at the election on the 8th of December, which carries with it the right to purchase certain portions of their property, and the issuance of franchises under the Charter. Now just what the terms of those franchises are, I don't know, because it is a very long amendment and you would have to give time to the study of it, but this is a matter which will be voted on by the people of Los Angeles on December 8th, the issuance of revenue bonds for the purpose of purchasing certain parts of the property of the Los Angeles company, and the agreement that that would be sold and that a franchise would be issued authorizing them to operate the remainder of the property, and providing that such franchise not be taken into consideration as a thing of value in the event of any condemnation proceeding.

THE PRESIDENT: What kind of an action was brought by the City of Los Angeles?

CITY ATTORNEY O'TOOLE: You see, Dion Holm handled most of that and he could probably tell you better than I.

MR. HOLM: One phase in the Los Angeles case was for condemnation, that was one part of the prayer, and the rest of the prayer was to have it declared that they were illegally operated, and it sought to compel them to obtain a franchise. It was a case that was tried for some fifty-two weeks, and the case has gone no further than the completion of the transcript for filing on appeal. Los Angeles to date has received nothing in the way of returns from the Los Angeles Gas and Electric Company, it is in a similar situation in Los Angeles as the Pacific Gas and Electric Company is conducted here.

THE PRESIDENT: What did they seek in return?

MR. HOLM: What did who seek in return?

THE PRESIDENT: The City of Los Angeles.

MR. HOLM: Los Angeles, under the Board of Supervisors proposition that is to be voted on December 8th, in that they set, if my memory serves me correctly, a 2 per cent charge under the Braughton Act, and never to be less than 1 per cent of the gross income of the business transacted. Now it is also my belief they eliminated the figures for illumination, and in arriving at what is used for power and heat it amounts to roughly about 45 per cent of the gross income.

I think that is a matter of negotiation, and the full amount set out in the agreement is about $500,000, and that goes back—hard to estimate. That is part of the settlement, that if the bond issue goes over that $500,000 will be more or less used as a part of the purchase price to obtain the franchise from the City.

SUPERVISOR McSHEEHY: Mr. President, I think we are making a mistake here in this matter; we are about to negotiate on Plan No. 7, and this matter came up. It has been going on for years, and they are in the same position today that they were in two weeks ago

today when the matter was brought to our attention. Now if we allow ourselves to go ahead and put ourselves in a position so we can place Plan No. 7 before the people and the people should see fit to vote in favor of Plan No. 7, I think we would be in a very fine position to negotiate with the Pacific Gas and Electric Company, because, as has been said here before, we would have something to work on, something to talk on, and something that means something, no question about it. I am not questioning anything from a legal standpoint, but just from a question of a pure business standpoint. I think if we attempt to enter into negotiations at this time ways and means may be found to prevent our placing Plan No. 7 before the people, which means so much to our people. Now, we received an order from the Secretary of the Interior, Secretary Ickes told us——

SUPERVISOR RONCOVIERI: Please don't go into that again. It is getting late.

SUPERVISOR McSHEEHY: I won't; I am sorry some of these gentlemen——

SUPERVISOR RATTO: A point of order, Mr. Chairman.

SUPERVISOR McSHEEHY: I trust that you will not attempt to pass this here this afternoon. Let's—I know it is getting late, but we should not attempt to pass this here this afternoon, I am sorry if I am preventing any of the Supervisors from going home, but this is an important matter, a very, very important matter, and we have to be very, very careful just what we do, and especially when we are dealing with Greeks bearing gifts, and we are dealing here with a Greek with a horse with very long ears. Three million dollars they tell you that they are going to rebate to the consumers of San Francisco. They are becoming very generous at this particular time, and I say this very respectfully, and especially to you, Mr. City Attorney, that I think it would be very imprudent for us to pass this matter here this afternoon, and I ask this afternoon that this entire matter be postponed until Thursday when we can take it up, and in the meantime we can think it over. But don't attempt here this afternoon to pass this, or perhaps you might be sorry, and especially under the conditions we are working under here. Here these people are offering $3,000,000 that they are going to give to the rate payers, and we find one of their highest priced attorneys coming here and telling us that they——

SUPERVISOR UHL: I asked Mr. O'Toole that question, you remember, and he said he went to their company.

CITY ATTORNEY O'TOOLE: The only purpose of the resolution was that when this question came up about dealing for the purchase of their plant, or any portion of it, is in order that they might know what the exact franchise conditions were.

SUPERVISOR McSHEEHY: Frankly, I like you, but I am afraid, and I would like you to think this over until Thursday and not attempt to pass it here this afternoon. I can't see any harm in thinking it over before you attempt to jump to a conclusion. We are all tired, I know, and God knows I have talked enough here today——

SUPERVISOR UHL: I have no objection.

SUPERVISOR McSHEEHY: Then I move that Mr. O'Toole present this matter to us some time Thursday, and if he can clear my mind at that time I will have no objection——

THE PRESIDENT: I will introduce the resolution presented by our City Attorney, and I have no objection to having the matter deferred until Thursday.

SUPERVISOR McSHEEHY: Then I move that the matter be re-referred to——

THE PRESIDENT: No, I will introduce the resolution now about to be considered on Thursday.

SUPERVISOR UHL: I offer the motion.

SUPERVISOR SHANNON: Mr. President, may I——

SUPERVISOR RONCOVIERI: Yes, you may.

SUPERVISOR SHANNON: I would like to make a motion that the meeting on Thursday, which we decided to recess to, be not exclusive. If you recall we made it specifically for the consideration of Plan No. 7. Now if you want this matter considered, we will have to rescind our action making it specifically for the consideration of Plan No. 7, and so I make that recommendation.

SUPERVISOR RONCOVIERI: Second the motion.

THE PRESIDENT: Have you any other matter in mind?

SUPERVISOR SHANNON: Possibly one other matter, but absolutely foreign from anything we are considering now; it won't take very long I think.

THE PRESIDENT: Yes, I suppose it will be necessary to rescind the previous motion.

SUPERVISOR SHANNON: That is my intent.

SUPERVISOR RONCOVIERI: Second the motion.

THE PRESIDENT: Is there any objection to rescinding the previous motion, Hearing none, such will be the order.

The motion now is that when the Board does recess today we recess until Thursday——

SUPERVISOR McSHEEHY: I so move, that when we do recess we recess to reconvene on Thursday morning at 10 o'clock a. m., to take up Plan No. 7, and also the resolution as called for by Supervisor Havenner.

**Directing the City Attorney, the Chairman of the Finance Committee, the Manager of Utilities and the Controller to Confer With Representatives of Pacific Gas and Electric Company Concerning a Franchise.**

(Code No. ——)

Supervisor Havenner presented:

Resolution No. 2959, as follows:

Be It Resolved, That the City Attorney is hereby authorized and directed to confer with legal representatives and executives of the Pacific Gas and Electric Company for the purposes of preparing a form of franchise to issue to that company, under the terms of which Pacific Gas and Electric Company may distribute electric energy, gas and steam, for cooking, heating, industrial and all power purposes within the City and County of San Francisco, and conferring upon said company the right to use the streets of the City and County for said purposes; and be it

Further Resolved, That Supervisor Alfred Roncovieri, as chairman of the Finance Committee; E. G. Cahill, manager of Utilities; Leonard S. Leavy, Controller, and John J. O'Toole, City Attorney, act as a committee to confer with the executives and legal representatives of the Pacific Gas and Electric Company for the purposes of determining the rates to be provided for under such franchise, as described in the preceding paragraph hereof, the duration of said franchise, and other provisions to be made therein that in the opinion of the officers designated may be necessary for the protection of the City's interests and a proper operation of the utilities described. The officers herein designated shall report to this Board as soon as possible after conferences have been held.

*Laid over until next meeting, Thursday, December* 3, 1936.

**Endorsing the San Francisco News Plan of Settlement of Maritime Strike.**

(Code No. ———)

Supervisor Shannon presented:

Resolution No. 2957, as follows:

Whereas, the prolonged maritime strike involving some 40,000 men in the shipping industry on the Pacific Coast spells social and

economic disaster for San Francisco and the Bay Region, paralyzing the business of this coast; and

Whereas, the principal question between the ship owners and the men is that of the "Hiring Hall," the manner in which seagoing personnel shall be hired and fired; and

Whereas, it is of vital importance to the welfare of this city that this question be settled at once in order that these intolerable conditions may cease; and

Whereas, the San Francisco News has offered a plan for a port committee to be established at each port, consisting of one or more representatives from each side, and in any case where they fail to agree, one outside member to be designated in any mannr that the two sides may agree upon; and

Whereas, this plan seems eminently fair to both sides and offers a basis for bringing about a cessation of the hostilities between the ship owners and the men; now, therefore, be it

Resolved, That this Board of Supervisors heartily endorses the plan of the San Francisco News as a fair and reasonable effort to end this disastrous and paralyzing strife that is fast throttling the business of this city and coast; and be it

Further Resolved, That copies of this resolution be sent to the President of the United States, to all the Maritime Labor Organizations, and to all the shipping firms involved.

## THURSDAY, DECEMBER 3, 1936—10 A. M.

In Board of Supervisors, San Francisco, Thursday, December 3, 1936, 10 a. m.

The Board of Supervisors met pursuant to recess of Monday, November 30, 1936.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Havenner, Roncovieri—3.

Quorum present.

Supervisor Brown phoned and asked to be excused as he had been subpoenaed to attend court.

Supervisor Roncovieri was noted present at 10:35 a. m.

Supervisor Havenner was noted present at 10:55 a. m.

President Havenner being absent, Supervisor McSheehy was elected to preside.

### In Re: Distribution of Hetch Hetchy Power.

* * * * *

THE CLERK: Motion by Supervisor McSheehy, seconded by Supervisor Meyer: Moved as follows:

"That Plan No. 7 for the ownership and operation of the entire San Francisco electric supply as reported by the Public Utilities Commission of San Francisco, is hereby approved by the Board of Supervisors of the City and County of San Francisco. This action by the Board shall be transmitted forthwith to the Honorable H. L. Ickes, Secretary of the Interior, at Washington, D. C."

THE CHAIRMAN: That was the motion, and it was seconded by Supervisor Meyer a week ago Monday.

SUPERVISOR SHANNON: Now, Mr. President, since then I have transmitted to the Controller, Mr. Leavy, some questions that I wanted him to answer.

THE CLERK: Pardon me, Mr. Leavy asked me to inform him when the Board was in session.

SUPERVISOR UHL: Just a moment. I want to ask the Chairman in regard to the full membership of the Board, particularly having in mind that this meeting was postponed——

SUPERVISOR COLMAN: Supervisor Havenner just came in.

SUPERVISOR UHL: And Supervisor Brown asked to be excused?

THE CLERK: Yes.

SUPERVISOR UHL: I see Supervisor Roncovieri here. Do you want to go ahead?

THE CHAIRMAN: Supervisor Havenner will be here in a minute, and then, of course, I will step down. I can proceed with the matter, because it is an important one. As I understand at the last meeting

there were a number of questions Supervisors Shannon and Uhl wished to propound to Mr. Cahill, and Controller Leavy, and Mr. Cahill is present and I imagine he will be able to answer those questions. Supervisor Shannon, do you wish to ask Mr. Cahill——

SUPERVISOR SHANNON: No.

THE CHAIRMAN: ——some questions?

SUPERVISOR SHANNON: No.

THE CHAIRMAN: Supervisor Uhl, have you some questions?

SUPERVISOR UHL: Well, he has them.

MR. CAHILL: Mr. Chairman, and gentlemen, I believe the questions proposed by Supervisor Uhl and Supervisor Shannon were addressed to the Controller, Mr. Leavy, who, I believe, is able, ready and willing to answer them.

SUPERVISOR UHL: Pardon me, I did not understand Mr. Leavy has my questions.

THE CHAIRMAN: You say Mr. Leavy is coming, Mr. Clerk?

THE CLERK: Yes; I phoned him—he asked to be informed when the Board was in session, and I have done so.

* * * * *

SUPERVISOR SHANNON: At the end of the meeting on Monday there was another motion made of a matter to be taken up at this time, I believe.

THE CHAIRMAN: The City Attorney's resolution to appoint a committee to negotiate with the P. G. & E.

SUPERVISOR SHANNON: Oh, yes. Could we consider that motion at this time, that was a motion to have a committee appointed, and Supervisor Uhl asked that it be put over until today.

THE CHAIRMAN: I personally think we should hear Plan No. 7 first.

SUPERVISOR SHANNON: I have no objection. And the Clerk tells me that Supervisor Havenner should be here when it is considered.

THE CHAIRMAN: I would just merely—it might be repetition—might I just say this to the Board: I trust and hope that today—this is just my opinion—that we will adopt Plan No. 7, and for this particular reason: Mr. Ickes, the Secretary of a Department of the Interior, one of our most important departments of the Federal Government, whom you see in the motion we have to notify. Now, we all know that perhaps he represents one of the most important departments in the United States Government today, and that he is a very, very busy man. Now this cantankerous question has been before that department for years, and I imagine he will take some time deliberating as to just what he will do with the entire matter after we have passed it up to him, so that I think time is the essence of almost everything in this matter. Personally, I would like to see the thing finished today, if possible, on account of the fact we have to confer with Secretary Ickes, and, as you all know, we are trying to have the special election take place on February 16th of this coming year, and I think you will find it is almost impossible to postpone action in reference to that date, because if we do we will find that we can not dispose of our tax anticipation notes, and if we do not, Mr. Leavy, our Controller, is in a very embarrassing position in the transaction of the City's business. I am just merely making the statement to act at once in this matter. Now here is Mr. Leavy.

SUPERVISOR SHANNON: Did Supervisor Havenner say how much longer he would be away from the meeting?

THE CHAIRMAN: Just to telephone. I understand there are a number of questions propounded by Supervisor Shannon, and Supervisor Uhl, to you, and the Board is awaiting your answer to those questions, if possible, Mr. Leavy.

MR. LEAVY: Do you want me to proceed now, Mr. Chairman?

THE CHAIRMAN: Yes, proceed.

MR. LEAVY: I will start with the questions by Supervisor Uhl as of November 25, 1936.

Question One: Kindly advise total construction cost of the Hetch Hetchy system, including the cost of completing the erection of O'Shaughnessy Dam.

Answer: Total costs incurred and estimated to be incurred under present authorizations in connection with the construction of the Hetch Hetchy project, including the cost of completing the erection of O'Shaughnessy Dam, $108,529,343.64.

SUPERVISOR UHL: That includes the power unit?

MR. LEAVY: That includes everything in the cost of construction.

SUPERVISOR UHL: All right.

MR. LEAVY: Question number two: Kindly advise interest on outstanding Hetch Hetchy bonds, including the interest on the bonds voted for the completion of O'Shaughnessy Dam.

Answer: Requirements for interest on outstanding Hetch Hetchy bonds, including those for completing O'Shaughnessy Dam, as detailed on page 19 of the Annual Appropriation Ordinance (Budget) for 1936-1937, as follows:

| | | |
|---|---|---|
| 1910 Water | $1,260,000 | |
| 1925 Hetch Hetchy Water | 406,250 | |
| 1928 Hetch Hetchy | 1,080,000 | |
| 1932 Hetch Hetchy | 346,803 | |
| 1933 Hetch Hetchy Dam | 122,500 | $3,215,553 |

Question number three: Kindly advise amount of bond redemption covering outstanding bonds, including redemption of the bonds for the completion of the O'Shaughnessy Dam.

Answer: Requirements for redemption of Hetch Hetchy bonds, including those for completing O'Shaughnessy Dam, as detailed on page 19 of the Annual Appropriation Ordinance for 1936-1937:

| | | |
|---|---|---|
| 1910 Water | $1,000,000 | |
| 1925 Hetch Hetchy Water | 250,000 | |
| 1933 Hetch Hetchy Dam | 175,000 | $1,425,000 |

Other redemptions are as follows: 1928 Hetch Hetchy, $600,000 annually, 1937-38 to 1976-77.

1932 Hetch Hetchy, $200,000 annually, 1938-39 to 1969-70; $100,000 annually to 1970-71.

Questions number four, five and six are so closely co-related that we brought them together, and I will read them in order:

Question number four: To what funds are the earnings from Hetch Hetchy power credited?

Number five: What amount derived from power is used to pay interest on Hetch Hetchy bonds?

Six: What amount, if any, to pay bond redemption?

Answer: Earnings from Hetch Hetchy power are credited to Hetch Hetchy Power Operative Fund and are expended in accordance with the provisions of Section 127 of the Charter. The detail of the budgeted expenditures is shown on page 77 of the Annual Appropriation Ordinance for 1936-37.

Now if there is any comment you care to make, or if you care to have those read, we can read them from the annual budget.

SUPERVISOR UHL: No, I can get them.

MR. LEAVY: Question number seven: In event that revenues for power under Plan 7 are diverted from paying interest and bond redemption of Hetch Hetchy bonds in excess of $8,500,000, what amount must be raised by taxation to meet the interest and bond redemption on outstanding Hetch Hetchy bonds in excess of the $8,500,000?

Answer: The Supreme Court of the State of California, in its decision, S. F. No. 12161 in Bank, August 27, 1936, in re Adolph Uhl versus John B. Badaracco, et al., holds that earnings from power

shall not be diverted until interest and redemption on Hetch Hetchy bonds have been provided for. Sections 127, 128 and 129 of the Charter regulate the disposition of utility revenues. The Controller is not in a position to verify the sum of $8,500,000 as being the total cost of the power development.

SUPERVISOR UHL: May I ask right there, who is going to determine that——

MR. LEAVY: If you will permit me to go on, and just hold the question until we reach some more of these questions by you and Supervisor Shannon, I think it will appear.

SUPERVISOR UHL: Very well.

MR. LEAVY: Question number eight: In event upon completion of Hetch Hetchy Dam, Hetch Hetchy system absorbs the Water Department, what will be the increase in water rates?

Answer: Section 122 of the Charter provides—this is simply an excerpt: "The Hetch Hetchy project until completion thereof, when it shall be merged with the Water Department."

Now this is the Controller's comment and the pleasure of your Board should be—without attempting to discuss the province of the Board—to clarify these four questions I am going to put to you, because the day will come when it will need very definite clarification.

First, as a prerequisite to cost determination for water and power purposes, at the time of completion of the Hetch Hetchy project there must necessarily be a cost evaluation of the project, segregated as to water supply and power production.

You had asked, Supervisor Uhl, what effect it would have on rates, and that is why it is here stated, and I think to that Mr. Cahill, Mr. Ost and Mr. Ellis would agree:

It is suggested that the matter be referred to the City Attorney, with these queries:

1. Has the Public Utilities Commission the authority to determine and segregate the assets of the Hetch Hetchy project as between water and power and establish a rate base therefrom?

2. Has the Board of Supervisors, on recommendation of the Public Utilities Commission, authority to authorize same by ordinance?

3. Has the Controller, under Section 64 of the Charter, the authority to so determine?

4. Would a Charter amendment be required to authorize this segregation?

Question number nine, Mr. Uhl, appeared to me to be rather a statement and I have reserved any answer on that, as you will note. That appeared to me to be a statement which was somewhat involved, or ambiguous, and I so answered. If there is a point in there you want to have answered later, if you will put the query I will answer it. I hold that the Board has no power to approve any rate until reported to it by the Public Utilities Commission.

SUPERVISOR UHL: Except if they come with a lower rate we must then put the amount of the deficit in the tax rate.

MR. LEAVY: But the rate must emanate from the Public Utilities Commission.

SUPERVISOR UHL: Oh, I agree with that.

MR. LEAVY: Question number ten: In Plan 7 Mr. Cahill fails to set forth——

SUPERVISOR UHL: I should have said there "Plan 6."

MR. LEAVY: I omitted that because it was in Plan 6, so I made no reference to it.

In Plan 7 Mr. Cahill fails to set forth under "Operating Costs" any item for standby service covering the transmission of 84,000 k. w. by the City from the power houses to Newark. Mr. Charles Browne, chief engineer of the Railroad Commission, has informed the Board of Supervisors under Schedule P-6 of the P. G. & E. the company could charge $84,000 per month. The Railroad Commission, however, allows the private company to make a lower charge for standby service. A

standby station, costing $8,800,000, was provided to cover standby service for any portion of the Hetch Hetchy system, including that portion of the system between Newark and the power houses. My contention, therefore, is that standby service must be provided to take that part of the Hetch Hetchy system between Newark and the power houses. Mr. Cahill counters by saying, "The cost cannot be over $75,000." Mr. Cahill maintains San Francisco can draw upon P. G. & E. to take care of any break in the system between Newark and the power houses.

Will you therefore kindly contact P. G. & E. on this important point and ascertain if the company considers "Ready to serve" in case of a break between Newark and the power houses calls for a standby service charge, and if so, what would be the charge covering standby service for 84,000 k. w.?

Answer: We did not contact the Pacific Gas and Electric Company. See answer to Question 14.

And in making the statement to Supervisor Uhl, and to the Board, that we did not contact the Pacific Gas and Electric Company on this, or two other points, one of which came to me yesterday by telegram from Supervisor Uhl, I had this in mind: It is almost impossible to get from a corporation, irrespective of what corporation it may be, the internal records of the corporation unless it is ready and willing to serve. My personal opinion has been that were the Board definitely in earnest now in setting forth some consideration for a power project, whether it be by revenue bonds or obligation bonds, or some other manner of acquisition, a special committee ought to be appointed by the Board to contact the Pacific Gas and Electric Company for the purpose of evaluating its properties properly, and in receiving an offer, or counter offer, from the company as to what price it was willing to sell for, and then make a substantial offer for the City, even though it may be in rebuttal.

Now it is very important to have accurate information, and it is equally important to get such information from the right channels, and it has appeared up to date that it cannot be obtained if it is for the purpose of purchasing the plant of the P. G. & E. So, therefore, we did not contact them.

Question number eleven: Plan 7, page 7, table V, item, "Transmission and stepdown, $200,000." Mr. Cahill estimates that $200,000 is for use of transmitting Hetch Hetchy power over the P. G. & E. transmission lines from Newark to San Francisco. Mr. Ost approximates the cost of duplicating the P. G. & E. system for transmitting Hetch Hetchy power from Newark to San Francisco at $4,000,000. I, therefore, raise the point that $200,000 per annum seems an insufficient amount. Mr. Cahill concedes the amount might be low. Will you, therefore, ascertain what charge the P. G. & E. will make for this service?

Answer: We did not contact the Pacific Gas and Electric Company.

However, in discussing this $4,000,000 figure with Mr. Ost I was informed that that was not a correct statement; and I would ask that my record might be corrected along with your questions.

SUPERVISOR UHL: Well, did you read the transcript?

MR. LEAVY: I read most of it, I think the figure was—— What was that figure? May I ask, through the Chair, or Mr. Ost or Mr. Cahill, if they will correct that figure.

MR. CAHILL: Mr. Ost.

MR. LEAVY: Did you say——

MR. OST: Plan 7, sheet 7, table V.

SUPERVISOR UHL: I suggest that go over.

SUPERVISOR SHANNON: When you say Plan 7, sheet 7, table V, is that the typewritten Plan 7 that we have?

MR. LEAVY: Yes, the cost of transmission and stepdown, the $200,000 item.

SUPERVISOR SHANNON: Where is that?

MR. LEAVY: Page 7, table V: "Annual Cost of Operation." You want to pass that, Mr. Uhl?

SUPERVISOR UHL: Yes, temporarily.

MR. LEAVY: Question number twelve: Plan 7, page 7, "Revenue." Mr. Cahill states: "The 1938 sales have been computed from the 1935 sales on the basis of 8 per cent annual increase." My contention is that Mr. Cahill has overestimated the revenue. I base my statement upon the k. w. h. sales of P. G. & E., Great Western Power Company in San Francisco territory upon figures furnished by Mr. L. Randall Ellis, and which statement I enclose herewith. Take note that Mr. Ellis sets forth the 1935 k. w. h. sales as 542,456,000, an annual increase of 5 per cent. Whereas, Mr. Caylor, of the San Francisco News, quotes Mr. Black, president of the P. G. & E., as saying the increase for the first nine months of 1936 is 4.93 per cent. I also enclose herewith a statement from Mr. Claude Browne, Chief Engineer of the Railroad Commission of California, under date of September 28, 1936, covering k. w. h. electric sales from the years 1920 to 1935, inclusive, showing an average of 4.82 per cent. I also call your attention to the report of the Board of Water Commissioners of Los Angeles covering fiscal year ending June 30, 1935, page 106, which report sets forth the increase in k. w. h. sales for the fiscal year 1934, 3.3 per cent, and for the fiscal year 1935, 5.1 per cent. Taking the foregoing figures into consideration, will you say Mr. Cahill's increase of 8 per cent for the year 1935 and the increase of 8 per cent for 1939 is a conservative estimate?

Answer: The 10-year period on which you base your conclusions with respect to power revenues includes four depression years. In two of these years there was an actual loss and in two others only a small gain. The first five years of this period, that is, 1925-30, show an 8 per cent increase; 1935 shows a substantial increase over 1934 and the commercial power sales of the P. G. & E. for the first ten months of 1936 show an increase over the first ten months of 1935, equivalent to more than 8 per cent. This statement is based upon figures reported to the San Francisco Chamber of Commerce by the P. G. & E. (See Survey of Business Conditions in San Francisco, Chamber of Commerce Issue, November 25, 1936, Table A.)

I have a copy of it here. Now, in addition to that answer, I would like to interpolate that we have been endeavoring to get information from various electrical associations which could be used by us, and who could give us more concrete information as to sales and as to what might take place in the future. I have no way of knowing whether we have reached the saturation point in the sale of energy in and around San Francisco, and there may be possible means of acquiring that information from those dealing in electrical specialties, the architects, those building apartment houses, men who are building big industrial plants, as to what type of power or fuel is going to be used, but naturally we haven't had it from the records we had. We have developed the answer given, and if there is more to be said on the subject, naturally I would have to——

SUPERVISOR UHL: Did you read the statement by Mr. Black, president of the P. G. & E., that the increase for the first nine months of 1936 is 4.93 per cent?

MR. LEAVY: You referred to the statement in the Daily News, but I have the report of the San Francisco Chamber of Commerce that it is over 8 per cent.

SUPERVISOR UHL: In the San Francisco territory?

MR. LEAVY: There is no way we can break down the territory.

SUPERVISOR UHL: That is one of the things I wanted you to do.

MR. LEAVY: And our inability to go into the records of the P. G. & E. makes that almost impossible.

SUPERVISOR UHL: Do you mean to say that the P. G. & E. would refuse to give an official of the City the kilowatt hours consumed in the San Francisco territory?

MR. LEAVY: I haven't attempted to get it, personally.

SUPERVISOR UHL: I would like to go into that further with you.

MR. LEAVY: Here is a report of the—— Where is that? These are changes in San Francisco business conditions, October, 1936. Survey of business conditions in San Francisco, the table A that I referred to a moment ago.

SUPERVISOR UHL: By who is that report made?

MR. LEAVY: The report of the Chamber of Commerce from reports gathered from the Pacific Gas & Electric Company, energy sales, kilowatt hours. Electric energy sales, percentage, this is dated October, 1936, percentage change from previous month, 10 per cent increase over same month a year ago. Per cent over first ten months of last year, 8 per cent.

SUPERVISOR UHL: Read that again, please.

MR. LEAVY: Electric energy sales, percentage change—this is dated October, 1936—percentage change over previous months, 10 per cent increase, and over same month a year ago, 23 per cent. Over first 10 months of last year, 8 per cent.

SUPERVISOR UHL: Did you ascertain from that that is the entire system or locally, for San Francisco?

MR. LEAVY: The heading is, it says, "Changes in San Francisco business conditions." It cannot be anything else. If it is applicable to San Francisco, a survey of business conditions in San Francisco, and it does not appear to take in anything other than San Francisco, according to the Chamber of Commerce. That change is applicable to our own City.

MR. CAHILL: May I interrupt you, Mr. Leavy, and if you will read the statement on page three of that same document I think you will have it.

MR. LEAVY: On page three,—I have the statement on page nine.

MR. CAHILL: Look on page three for this year, the first 10 months of this year as compared with last year.

MR. LEAVY: Under the heading of Utilities, in this same report, electric energy sales during October—this is 1936—an increase of 10 per cent over September—I just read that from the schedule, and 23 per cent over October, bringing the average eight per cent over the same period last year. Well, that is what I read a moment ago, the same statement.

SUPERVISOR UHL: May I interrupt just a moment, to ask the clerk——

MR. LEAVY: Yes, certainly.

SUPERVISOR UHL: Some four months ago I asked you, John, to contact the P. G. & E. and ask them what the kilowatt hour sales were in San Francisco.

THE CLERK: Well, whatever answer I got you got.

SUPERVISOR UHL: I never received it. Remember I asked you about it?

THE CLERK: And you were at my desk when I phoned to Mr. Downing and confirmed to him what I had written.

MR. LEAVY: Question number 13: Plan 7, page 4. I do not find where Mr. Cahill takes into consideration the item of $654,000 loss in taxes. It is my understanding, under the charter, the item of taxes should be set forth for comparison purposes, and that, therefore, the $654,000 should be deducted from the $4,000,000 surplus set forth in said Plan 7. Am I not correct in this contention?

Answer: $654,000 estimated loss in taxes has been deducted in arriving at the amounts under surpluses shown under Table 3.

Now I would like to say to you, Mr. Chairman, and to the members of the Board, Mr. Cahill and Mr. Ost are here, and I have not discussed my statements or answers with them, and if there are any corrections to be made in my statement I would like to have them corrected as we go along.

SUPERVISOR UHL: Where does that appear in Table No. 3?

MR. LEAVY: Table 3, page 4 of Plan 7.

SUPERVISOR UHL: I don't see it set up there.

MR. LEAVY: "In taking over the company's property in San Francisco it is estimated that there will be an annual loss in tax revenue of $654,000. This, however, will be more than offset by the estimated annual saving of $1,721,000 to consumers because of lower rates. After deducting bond retirement and estimated loss in tax revenue, there will still remain the following surpluses:"—

Have you those tables?

SUPERVISOR UHL: Doesn't our charter provide that there shall be a comparable charge set up on the books of the city and it is not here.

MR. LEAVY: It is included in arriving at the $4,000,000, and we worked it out the other day, and we got a figure something like $682,000 instead of $654,000.

SUPERVISOR UHL: And you say this positively conforms with the charter requirement of a comparable set-up on the books of the City?

MR. LEAVY: It does if it were a question of impressing or recording on the books the positive statement as to the expense and revenue the $654,000 would be shown as a specific item.

SUPERVISOR UHL: Now that the company is making a reduction in the rate which will offset that amount, how will that be taken care of?

MR. LFAVY: I would rather discuss that in another question.

SUPERVISOR UHL: All right.

MR. LEAVY: If you will look at page three, table I,—"Estimated financial results," Supervisor Uhl, you will find, under five per cent revenue bonds, you will find a surplus of $6,409,000, and in arriving at the $4,007,000 there has been deducted $1,748,000, estimated annual bond retirement, and this $654,000——

SUPERVISOR UHL: Where does that show in the plan No. 7?

MR. LEAVY: Table III showed a surplus of $4,007,000, and in arriving at that the statement was made that the $654,000 had been deducted, and we prove it the other way, by taking the surplus and deducting the $1,748,000 for bond interest and redemption, and the $654,000, which left the $4,007,000.

SUPERVISOR UHL: My feeling is this, Mr. Controller, in Table No. 3: "This, however, will be more than offset by the estimated annual saving of $1,721,000 to consumers because of lower rates." I take it now that statement is set aside by the reduction made by the company at this time. If that is so, the item of taxation doesn't come into the picture.

MR. LEAVY: Oh, yes, that comes into the picture, your taxes now being collected, or a comparable charge, has no bearing on the rates.

SUPERVISOR UHL: I appreciate that.

MR. LEAVY: We are attempting to evaluate to you the correctness of the statement made by Mr. Cahill. You have asked a single question regarding this $654,000, you haven't asked anything pertaining to a reduction of rates. However, Supervisor Shannon in his questions has asked us in reference to that, and rather than discuss it now I would prefer to discuss that when we come to his questions. In fact, I think we discussed it in part in your own.

Question number 14: Mr. Cahill contends San Francisco is entitled to a much lower price per k.w.h. than the amount set up in Schedule P-6 of the P. G. & E. Kindly ascertain from the Railroad Commission if such is the case, or must any possible reduction from Schedule P-6 be through negotiations between the City and the company?

Answer: The Plan proposes to purchase 300,000,000 k.w. hours under Schedule P-6 at 9.855 mills per k.w. hour. It is possible that we may be able to secure reduction through contract entered into between the P. G. & E. and the City and County of San Francisco. We note in the report of the Board of Water & Power Commissioners

of the City of Los Angeles, pages 90 and 148, that the unit cost is 5.3 mills per k.w. hour, which evidently includes charges, i. e., standby service.

City of Los Angeles, Power purchased. Page 90, 528,471,763 k.w. hours. Page 148, $2,814,335, 5.3 mills.

We note also that the Market Street Railway purchased from the P. G. & E. in 1935, 125,340,290 k. w. hours at a total cost of $1,047,760 or an average of 8.36 mills per k. w. hour. It appears that this includes standby service, and the contract between the purchase of 125,340,290 k.w. hours at 8.36 mills as against the proposed purchase by the City of 300,000,000 k.w. hours at 9.855 mills indicates the possibility of a privately negotiated contract at a more advantageous rate.

THE CHAIRMAN: Supervisor Shannon, did Mr. Leavy answer your questions?

SUPERVISOR SHANNON: Not yet.

MR. LEAVY: No.

SUPERVISOR UHL: This thought occurs to me: Mr. Leavy says that Los Angeles purchased power for 5.3 mills. Mr. Ost, what price are we receiving for the bulk of the power we sell to the P. G. & E.?

MR. OST: .004878144.

SUPERVISOR UHL: How many kilowatt hours do we turn over to them for that price?

MR. OST: It varies every year; between 450 and 500 million.

SUPERVISOR UHL: Then we sell the entire block in round figures at 4.78 mills?

MR. OST: Yes.

SUPERVISOR UHL: And Los Angeles is able to buy it for 5.3 mills?

MR. OST: Yes.

SUPERVISOR UHL: My conclusion then is that we are receiving a fairly good price for our power. It has been stated that we sell it for half a cent, and buy it back for 12; but as evidenced by the Los Angeles price I would say we have a pretty good contract.

MR. LEAVY: Are you ready to proceed?

THE CHAIRMAN: Yes.

MR. LEAVY: Hetch Hetchy project. Including Hetch Hetchy water supply and Hetch Hetchy power development—this is——

SUPERVISOR RONCOVIERI: You haven't a copy of that?

MR. LEAVY: No. I gave Supervisor Shannon a copy.

THE CHAIRMAN: May I state that they will be printed in the Journal and sent to every member of the Board.

MR. LEAVY: In re questions submitted by Supervisor Shannon November 27, 1936.

Question One: In 1930 practically the same properties of the P. G. & E. that are covered by Plan 7 were submitted to the people for purchase. These proposals fixed the value of P. G. & E. properties at $44,600,000 and the Great Western properties at $18,945,000, a total of $63,545,000. Another proposal was for $1,045,000 for Red Mountain Bar power plant. How do the figures in Plan 7 compare with these proposals, and why do they differ so widely? Chief O'Shaughnessy made a report in April, 1930, on the cost of acquiring these properties, in which he said an additional bond issue of $21,500,000 would be necessary to complete the job. He said "Without this second bond issue, it will be impossible to make the plant to be acquired capable of functioning." This makes a total of $85,045,000. Does Plan 7 undertake to provide for substantially the same power service for $43,700,000? If so, how can the two estimates be reconciled?

Answer: The proposal of 1930 set forth the valuations: Pacific Gas & Electric properties $44,600,000——

SUPERVISOR SHANNON: Just a minute. This starts in, "In 1930 practically the same properties of the P. G. & E.——"

MR. LEAVY: No, that is the question.

SUPERVISOR SHANNON: O. K. Proceed.

MR. LEAVY: All right. Answer: The proposal of 1930 set forth the valuations:

| | | |
|---|---|---|
| Pacific Gas & Electric properties | $44,600,000 | |
| Great Western Power Co. properties | 18,945,000 | $63,545,000 |
| Red Mountain Bar power plant | | 1,045,000 |
| | | $64,590,000 |

In accordance with a letter of November 18, 1936, addressed to Mr. E. G. Cahill, Manager of Utilities, by Mr. P. J. Ost, Chief Electrical Engineer, Plan 7 contemplates the purchase of distribution property alone and omits the property on which the Railroad Commission allowed severance damage. The value of these omissions is ..... $21,850,000

This letter states that a further modification has been made to reflect reproduction cost less depreciation and an estimated amount of additions and betterments ..... 1,995,000

$23,845,000

Plan 7 includes items not included in the proposal of 1930 as follows:

| | | |
|---|---|---|
| Office, shop, warehouse and equipment | $2,000,000 | |
| Materials and supplies | 175,000 | |
| Working cash | 700,000 | |
| Increase in cost of Red Mountain Bar power plant | 80,000 | |
| Net deduction from Proposal of 1930 | | $20,890,000 |
| Plan 7 | | $43,700,000 |

Note—and this is a very important factor. When that was discussed very hurriedly on a week ago Monday, when Supervisor Roncovieri very graciously said go and hire an engineer, I deferred doing anything like that at this time, but here is my answer to Supervisor Shannon's question:

A determination of these factors cannot be concluded without engaging the special services of a valuation engineer.

And I refer to that a little later on in answer to some of the other questions.

Question Two: The Railroad Commission previously allowed severance damages in the amount of $6,500,000. What is the amount provided for severance damages in Plan 7?

Answer: As far as we can ascertain, no provision for severance damages has been made in Plan 7.

Unless it be a part of that which has been deducted in Mr. Ost's letter.

Question Three: If the cost should turn out to be $60,000,000 instead of $39,700,000 as estimated in Plan 7, how would the "surplus earnings" of Plan 7 be affected. The difference is $20,300,000. If that sum were obtained by the issuance of 5 per cent revenue bonds, what would be the annual added charges?

Answer: At the request of your Board, Mr. Randall Ellis, Chief Valuation and Rate Engineer of the City Attorney's office for some years past——

SUPERVISOR SHANNON: Isn't there a paragraph just above that?

MR. LEAVY: Where?

SUPERVISOR SHANNON: Question three?

MR. LEAVY: I just read that. I read question three.

SUPERVISOR SHANNON: You read question three, but you didn't read the first paragraph of your answer to question three.

MR. LEAVY: Yes, I am starting that now.

SUPERVISOR SHANNON: If the cost should turn out to be——

MR. LEAVY: Yes, I read that question, and now I am reading the answer.

SUPERVISOR SHANNON: Oh, pardon me. Yes.

MR. LEAVY: At the request of your Board, Mr. Randall Ellis, Chief Valuation and Rate Engineer of the City Attorney's office for some years past, in a report to Mr. O'Toole, dated August 28, 1936, reviewed plans 5, 6 and 7. Mr. Ellis states: "I firmly believe that the three acquisition costs for the distributing system as set forth in the alternative plans are fair and reasonable." Time does not permit a report beyond the recommendation submitted. As previously stated, it would require the services of a valuation engineer other than one regularly employed by the city. We are not certain that a report could be completed prior to the date that may be fixed by your Board for a bond election.

And as very definitely stated a week ago yesterday, the matter of evaluation does belong in engineering departments and not necessarily to financial department, but we are willing to cooperate in any activity, but we would have to require the proper services of those who would be competent to evaluate the properties.

Question Four: There is no provision in Plan 7 to pay for steam standby service. Engineer Brown of the Railroad Commission stated before our Board that standby service from the company would cost $1,000,000 or more a year. How would this million dollars be provided?

Answer: Any added cost for standby service would have to be met out of operating expenses. Please refer to Supervisor Uhl's question 14, which was answered a few minutes ago, wherein we referred to the Los Angeles report, and the Market Street Railway purchase of power—Would you care to have that referred to again?

SUPERVISOR SHANNON: No, that is not necessary.

MR. LEAVY: Question Five: If a reduction in rates of $1,000,000, or $1,500,000, was made by the gas company, as reported in the papers, what effect would that have on the surplus estimated in Plan 7?

This also answers a question of Mr. Uhl's.

Answer: We are not informed as to the application of the reductions reported to have been made by the P. G. & E. A reduction in rates by the P. G. & E. would not necessarily affect the surpluses estimated in Plan 7. Under charter provisions the Public Utilities Commission may recommend reductions as surpluses are reported.

It was a very broad question which could not be answered without definite investigation as to the application of rate reductions to either businesses or industrial plants——

SUPERVISOR UHL: Will you permit a question? If the surplus shown is $4,000,000, shouldn't that reduction be made from the $4,000,000?

SUPERVISOR RONCOVIERI: Will you repeat that? I didn't get the question.

SUPERVISOR UHL: Let's assume, then, there will be a reduction of $1,500,000. Shouldn't that reduction be made from the $4,000,000?

MR. LEAVY: It necessarily would have to be.

THE CLERK: Where is it going to apply is what he wants to know, I think.

MR. LEAVY: We have no way of knowing as to where the application of these reductions are going to be made, if made by the P. G. & E. If the application of reductions is made, as has been reported by Mr. Cahill, that they might be made in the water department, to the big industries, and it would increase the sales at no added cost of operation, it would automatically increase the $4,000,000—how much I don't know. However, any reductions in rates, or any loss in revenue, naturally would affect the $4,000,000.

MR. CAHILL: May I interpolate here—this Plan 7 is based on a primary reduction in rates of $1,720,000. None of the figures can be affected until after the P. G. & E. has made a rate reduction in the

City of San Francisco which equals the $1,720,000. They have stated they are going to make a $3,000,000 rate reduction applicable to their entire system. In order for them to meet the primary premise of this document, they must give to San Francisco 60 per cent of the rate reduction they propose.

SUPERVISOR RONCOVIERI: Pardon me, I didn't get that. Will you repeat that?

MR. CAHILL: In order to arrive at the premise from which this document—Plan 7—Starts—in other words, until after they have made a rate reduction applicable to San Francisco alone of $1,720,000, no figure in this document is affected at all.

SUPERVISOR HAVENNER: I would like to make this observation: That if the P. G. & E. does make this suggested reduction, it will be entirely due to Plan 7, and Plan 7 will be entitled to all the credit for this rate reduction, whether it is made before or after Plan 7 goes into effect.

SUPERVISOR RONCOVIERI: There is no doubt about that.

SUPERVISOR UHL: Pardon me, I will ask Mr. Cahill, through the Chair, if I may, if the reduction turns out to be in round figures $1,000,000 then would that not change your surplus to $3,000,000?

MR. CAHILL: No, Supervisor Uhl, until they have made a rate reduction of $1,720,000 applicable solely to San Francisco, not a figure changes, because I predicated the entire figures in the document, Plan 7, based on a rate reduction of $1,720,000.

SUPERVISOR UHL: And when it is $1,720,000, what would be your surplus?

MR. CAHILL: $4,000,000.

SUPERVISOR UHL: Still $4,000,000?

MR. CAHILL: Yes, I have stated it in the document itself there.

MR. LEAVY: Are you ready to proceed?

THE CHAIRMAN: Yes.

MR. LEAVY: Question six: Wouldn't these three items; (1) the cost of additional capital; (2) $1,000,000 per year for standby, and (3) the rate reduction reported in the newspapers, wipe out all the surplus estimated under Plan 7?

Answer: The answer to this question is given in the answers to questions four and five. We have just been discussing that, and the further discussion between Supervisor Uhl and Mr. Cahill.

Question Seven: The city is now getting about $2,250,000 a year from the Hetch Hetchy contract, $1,830,000 of which is net. Does Plan 7 make allowance for this?

Answer: The surplus shown under Table 3 in the report on Plan 7 does not indicate other than that the surplus which now obtains in Hetch Hetchy power operative is included in the total.

In other words, the $4,000,000, plus or minus, it is shown is inclusive of whatever revenue is now obtained under the Hetch Hetchy power operation.

Question Eight: How is the present Hetch Hetchy net revenue of $1,830,000 used by the city?

Answer: Answered in Supervisor Uhl's questionnaire, under questions four, five and six, which were answered: Earnings from Hetch Hetchy power are credited to Hetch Hetchy Power Operative Fund and are expended in accordance with the provisions of Section 127 of the Charter. The detail of the budgeted expenditures is shown on page 77 of the Annual Appropriation Ordinance for 1936-1937.

I have a copy with me, if you want the detail of that.

Question 9-A: ——

SUPERVISOR UHL: Pardon me, before you go to the next question. Does the revenue from the power today go beyond the interest and bond redemption on the basis of $8,500,000 power investment?

MR. LEAVY: It does.

SUPERVISOR UHL: Then what becomes of that money?

MR. LEAVY: It goes to pay for some of the original construction of the 1932 bond issue.

SUPERVISOR UHL: Of the Hetch Hetchy?

MR. LEAVY: Of the Hetch Hetchy project. Whatever has been allocated up to date by Mr. Cahill or Mr. Ost, the $8,500,000 referred to in the report is an integral part of the Hetch Hetchy, and in answer to that question, it is broken down by proper evaluation. Supervisor Shannon, do you want to hear the break down of that? You have it in the report?

SUPERVISOR SHANNON: You say it is in the report?

MR. LEAVY: In your budget, page 77, in your Annual Appropriation Ordinance. I think the thing perhaps you are interested in are the items of bond interest and redemption, and that is answered in 9-A; but we have on page 77 a complete break down of the total appropriation based on the estimated revenues of the Hetch Hetchy Power Operative Fund itself, showing a total estimated amount of revenue and expenditure of $2,438,000 transfers for bond issues and redemption; and then the other items, such as permanent salary, temporary, contractual service, and the other things that appear.

Question 9-A: How much does this mean in the tax rate?

Answer: In answer to question eight above, and to Supervisor Uhl's questions, reference has been made to page 77 of the Annual Appropriation Ordinance for 1936-1937. There was provided therein for bond interest and redemption $2,116,854, which is the equivalent of twenty-eight plus cents in the tax rate based on the assessment roll for 1936-1937.

The $1,800,000 was an average figure, but we never like to step back, and we looked at the last available information we have, and we referred you to the present budget.

Question 9-B: What does it cost per year to meet interest at five per cent and retirement charges on 25-year revenue bonds, say in units of $1,000,000 each?

Answer: Assuming a bond issue of $25,000, five per cent, 25-year bonds, to be retired beginning one year after authorized date, at the rate of $1,000,000 per year:

First year:

| | |
|---|---|
| Interest | $1,250,000 |
| Retirement | 1,000,000 |
| | $2,250,000 |

Each year thereafter, until all bonds has been retired, this charge would be reduced in the amount of $50,000, which is five per cent of $1,000,000.

I have the tables, if you care to have them, and I will file them with the report.

SUPERVISOR SHANNON: All right.

MR. LEAVY: Question 10: The same for 40-year general obligation bonds at four per cent and 3½ per cent?

Answer: Assuming a bond issue of $40,000,000 forty-year bonds to be retired beginning one year after authorized date, at the rate of $1,000,000 per year:

Four per cent: First year, interest, $1,600,000; retirement, $1,000,000. $2,600,000.

Three and one-half per cent. First year, interest, $1,400,000, retirement, $1,000,000. $2,400,000.

Each year thereafter, until all bonds had been retired, these charges would be reduced $40,000 or $35,000, which amounts are respectively 4 per cent and 3½ per cent of $1,000,000.

Question 11: What would be the saving in money on $60,000,000 if the city issued 40-year general obligation bonds at 3½ per cent as against 25-year revenue bonds at five per cent?

Answer: $60,000,000, 3½ per cent 40-year general obligation bonds. Annual retirement beginning one year after authorized date, $1,500,000. Total retirements, $60,000,000. Total interest, $43,050,000. Total cost, $103,050,000.

$60,000,000, five per cent 25-year revenue bonds. Annual retirement beginning one year after authorized date: $2,400,000. Total retirements, $60,000,000. Total interest, $39,000,000. Total cost, $99,000,000.

Excess cost of 3½ per cent 40-year bonds. Total interest, $4,050,000. Total cost, $4,050,000.

That answers all your questions.

SUPERVISOR SHANNON: I would like to ask, through the Chair, of Mr. Cahill, this question: Mr. Leavy refers, in his answer to question number one, as follows: "In accordance with a letter of November 18, 1936, addressed to Mr. E. G. Cahill, Manager of Utilities, by Mr. P. J. Ost, Chief Electrical Engineer, Plan 7 contemplates the purchase of distribution property alone and omits the property on which the Railroad Commission allowed severance damage." Would we be able to get away from a severance damage charge in the event that we follow this plan?

MR. CAHILL: I believe, Supervisor Shannon, that we have allowed sufficient to take care of all of the severance damages which are involved, and I think that your question number one is an important one. It was a matter which I should have mentioned before, and I would like to make a statement on the subject of question number one now, if it is satisfactory to the Board—and it is this: The fundamental difference between the plan for connecting and completing the San Francisco electric generator and distribution system made by M. M. O'Shaughnessy in his report dated April, 1930, and Plan 7, is that Mr. O'Shaughnessy's plan contemplated cutting loose from the Pacific Gas and Electric and Great Western Companies completely. His plan, therefore, required long distance transmission systems, step-down stations and steam plant property to be acquired and operated by the city. Plan 7 does not require these costly items.

Inasmuch as the total capacity of the Moccasin and Early Intake plants in 1930 was not sufficient to take care of the load in the city, not only did Mr. O'Shaughnessy's plan contemplate the purchase of all the company's steam standby plants in San Francisco, but it contemplated, also, the construction of further steam plants for the purpose of supplying the extra energy necessary to supply the city and which the Moccasin and Early Intake plants could not furnish.

Furthermore, the figures presented by Mr. O'Shaughnessy contained an item of over $9,500,000 for additions, betterments, and contingencies. With this money, Mr. O'Shaughnessy proposed to build additional steam plants and distribution systems during the two or three years following the acquisition of the distribution system and which would be required on account of the city's growth.

Plan 7 does not contemplate acquiring transmission systems, step-down stations or steam plant property, either at the present time or in the future, until such time as the total capacity of the Pacific Gas and Electric Company to supply San Francisco with wholesale energy is completely exhausted.

The purchase price for Pacific Gas and Electric distribution properties required to effect distribution proposed in Plan 7 was arrived at as follows: The Public Utilities Commission's engineers started with the evaluation of $63,345,000 laid down in the April, 1930, valuation by the California Railroad Commission. Briefly, these valuations of the California Railroad Commission included the cost of land, property going concern value, and severance damage less depreciation. Plan 7 contemplates the purchase of distribution property, alone.

And appropos of that, you just asked me whether we could do that, and the City Attorney has assured me that the City and County of San Francisco can condemn any portion of any system whatever.

LIC LIBRARY
MEDICAL DEPT

SUPERVISOR SHANNON: Yes, we have had that statement before.

MR. CAHILL: Plan 7 states that it omits to buy the property on which the Railroad Commission allowed severance damage, nor does it sever any electric load from the steam generating property, the stepdown station property, or the transmission line property now owned by the Pacific Gas and Electric Company, with exception of the relatively small amount of power to be developed at Red Mountain Bar.

SUPERVISOR SHANNON: Well, will you interrupt right there. You make the very definite statement that we do not sever any of their equipment; but do you think that we can make that stand up before the Railroad Commission in the event that the company wanted severance damage?

MR. CAHILL: I don't know how far—of course, I can't tell what a court will do. I am confident that those figures will stand up, but I don't know what a court will do.

The purchase price for property as set up in Plan 7 has been further modified to reflect reproduction cost, less depreciation, together with additions and betterments which have taken place since 1930. On account of the depression, these additions and betterments have been small.

In addition to the cost of the items to be purchased as set up in the Railroad Commission's 1930 valuation, certain other costs suggested by M. M. O'Shaughnessy in his report of April, 1930, have been included in the capital costs of Plan 7, these are: Office building, shops, et cetera; Red Mountain Bar power house; working cash; materials and supplies. All these items are set up in Plan 7 at the same price, or at a higher price than was named in M. M. O'Shaughnessy's report dated April, 1930.

Plan 7, in effect, proposes the same thing recently suggested by the President of the United States, viz.: A pooling of the facilities of the publicly owned, together with those of the privately owned utilities corporations, to the end that the people may enjoy the lowest possible electric power rates without suffering the waste which is produced by duplication of existing plant.

SUPERVISOR SHANNON: Through the Chair, I would like to ask the same question I just asked of Mr. Cahill, of Mr. Ellis. I notice he shakes his head "Yes" when I asked that question.

MR. ELLIS: I was somewhat familiar, of course, with the condemnation proceedings that led up—and also with the development of the severance, the severance allowance of the Railroad Commission, which were in two categories, one for the Great Western Power Company, the larger amount, and the second to the P. G. & E. The severance in the case of the Great Western Power was due to this—it amounted to some $3,400,000 as I recall it—The Great Western Power were supplying all of their load in San Francisco through trans-bay cables, and with the facilities, stepdown stations on the other side of the bay. In buying out the Great Western Power we were not buying out those cables, or the stepdown facilities, and so on, it was simply left as junk, with a certain amount of salvage. That was one thing that ran up the cost in the case of the Great Western Power. In the P. G. & E., that condition, of course, does not exist, under Plan 7, because the P. G. & E. are bringing in and reselling just the same amount of power in San Francisco, presumably, as they are doing now, with a slight modification in the case of the Red Mountain Bar. In this case the two major considerations in the severance were these: Number one, we did not take over the transmission line between Newark and San Francisco. We contemplate those in our own set up. Consequently that left that 40 miles of transmission line into San Francisco which belongs to the P. G. & E. with only a fraction of the load on it, the Peninsula, and South San Francisco. In other words, the tower line, two of them, with large capacity wires of copper and so on that was simply standing idle and for which we had to pay. In the case of

Plan 7 that condition does not exist, as you can readily see. There was a third consideration, which was this: In taking over the existing steam plants of the P. G. & E., which the O'Shaughnessy plan contemplated, it meant that the Pacific Gas and Electric Company had to go down the Peninsula, and they had to erect at a considerable cost to the load they would get a steam plant down there. The reason for the steam plants—they serve two purposes, they are a standby—they really serve three purposes, they are a standby, they are an off-peak, and they help to control voltage. Put on the end of the line they are very similar to condensers, and that is another idea—they had to have some sort of a standby on the line, if for nothing except for the condenser effect. The aggregate of those items brought up the $3,000,000 of the severance. Now none of those items enter into Plan 7. In other words, Plan 7 contemplates no severance for rendering any property inoperative, except a slight modification which does not effect the total, of the Red Mountain Bar coming in; with the facilities they have, the Red Mountain Bar would be provided for.

SUPERVISOR SHANNON: I would like to make this statement to the members of the Board, so we might get a short cut on the matter. In answer to question number three, Mr. Leavy says—The question is: "If the cost should turn out to be $60,000,000 instead of $39,700,000, as estimated in Plan 7, how would the surplus earnings of Plan 7 be affected? The difference is $20,300,000." And Mr. Leavy answers—part of his answer: "Time does not permit a report beyond the recommendation submitted. As previously stated, it would require the services of a valuation engineer other than one regularly employed by the city. We are not certain that a report could be completed prior to the date that may be fixed by your Board for a bond election." My position is this: I don't want to go to the voters with a statement of a certain valuation and then have to change it possibly for $5,000,000 or $10,000,000 or $20,000,000 as the case may be. I would suggest, and it is a suggestion that was made by Supervisor Havenner last Monday when he was stating that in Washington we had people that were not 100 per cent in our favor, and they might attack our figures, and why can't the plan be sent to Washington irrespective of the figures, and then let's thresh these figures out in the meantime?

SUPERVISOR HAVENNER: I think it can be. I don't think the Secretary is going to inquire into the finances. He proposed himself a plan that would be much more costly than this.

SUPERVISOR SHANNON: Then I would like to read Supervisor McSheehy's motion: I move that Plan No. 7 for the ownership and operation of the entire San Francisco electric supply as reported by the Public Utilities Commission of San Francisco, is hereby approved by the Board of Supervisors of the City and County of San Francisco. This action by the Board shall be transmitted forthwith to the Honorable Harold L. Ickes, Secretary of the Interior, at Washington, District of Columbia—and I will amend by adding, "without the financial set up." I think that will cover it—or if you have any other suggestion to cover the point that I am getting at.

SUPERVISOR HAVENNER: You mean you don't want to send the financial set up? Well, I think we might just make the statement to the Secretary that the Board has not yet committed itself as to the details of the financial estimate. But I don't thnik he is concerned with that at all, Supervisor Shannon.

SUPERVISOR SHANNON: I don't either, but after listening to you last Monday—although I did read in the Chronicle since then, it was an article on Thanksgiving Day, it stated, "Renewed hope of Federal aid towards construction of a rapid transit system in San Francisco was raised yesterdy when Utilities Manager Cahill was asked by the P. W. A. to submit more details of the $52,750,000 subway and rapid transit plan. Colonel Horatio B. Hackett, Deputy P. W. A. Administrator, also asked for a break down of cost estimates in the mu-

nicipal power distribution proposal now before the Board of Supervisors; but as most of the cost of the power plant would be to purchase existing facilities, little P. W. A. aid could be expected. The request from Colonel Hackett followed a conference in Washington between Mayor Rossi and other San Francisco officials with P. W. A. executives."

SUPERVISOR HAVENNER: Well, that might be important, of course, if the city were making application for P. W. A. aid, but the Secretary in his capacity as Secretary of the Interior, and the responsible official for the enforcement of the Raker Act, would not look into that at all.

SUPERVISOR SHANNON: Well, couldn't we send the plan on approved by the Board, and send the figures on not yet approved?

SUPERVISOR HAVENNER: Yes, figures not yet approved. I think that is all right, don't you, Mr. Cahill? I don't see any objection to that.

MR. CAHILL: I don't see how you can send the plan on without including the figures.

SUPERVISOR HAVENNER: I think the figures should be sent, but merely with a statement, in order to carry out Supervisor Shannon's wish—I personally am ready to approve the plan—

MR. CAHILL: The Secretary, gentlemen, already has a copy of the plan. If you gentlemen want to ask him if he approves it as being in conformity with the Raker Act, you can do so.

SUPERVISOR HAVENNER: I think that is the sole question we want to ask the Secretary: Mr. Secretary, does Plan 7 conform to the provisions of the Raker Act?

SUPERVISOR RONCOVIERI: That is all.

SUPERVISOR UHL: That was my suggestion last Monday; but I would like to carry forward this plan of Supervisor Shannon's nevertheless. We approve the plan, reserving to ourselves further inquiry into the financial set-up. I would like to do that very much. I will second the motion.

SUPERVISOR COLMAN: I want to state, if it is the purpose of the meeting to send the plan east, to find out whether it is in conformity with the Raker Act, or for general discussion by the Secretary of the Interior, if that is your purpose, I have no objection to that being done. But if you include in the motion an approval of the plan which would then be binding on me to submit that plan at the coming election, I would oppose it—simply as one member, I would oppose it; but if you want information as to what the Secretary thinks about it, then send on the plan for his opinion. No one can possibly have any objection to that,—to get his views on that.

SUPERVISOR HAVENNER: I don't think the Secretary is going to devote a lot of time discussing this matter with the Board of Supervisors. I think he is probably interested to know whether this Board is prepared to approve this plan. So far as I am concerned, I am. I have no objection to Supervisor Shannon's motion that we notify the Secretary that the Board has not yet agreed on the details of the financial estimates.

THE CHAIRMAN: May I again read—I hate to do this, but I just want to familiarize you with it again—I want to read to you the Secretary's letter to this Board—to Mr. Cahill, of which I have a copy. This is dated July 27, 1936.

"I have received your letter of July 16th with which you enclose copy of Plans 5, 6 and 7 for retail distribution of Hetch Hetchy power by the City and County of San Francisco. I sincerely hope that the Board of Supervisors may find one of these plans to be acceptable and feasible. May I request that as soon as the Board of Supervisors has taken action, I be advised of the fact so that I may evaluate the plan in accordance with the standard set up by the Raker Act and so that action can be taken with as little delay as possible on the application which San Francisco has filed with the Public Works Administration

for a grant of funds to assist in effectuating municipal distribution of electric power."

Now may I call the attention of the Board to the fact that if we approve Plan 7 Secretary Ickes will examine the plan and he naturally will send us back his findings. Now can we very well approve the plan without giving him some details as to the plan in the set-up of the figures?

SUPERVISOR HAVENNER: We will give him the whole details, the whole thing.

THE CHAIRMAN: That is the thought I have, and he will come back then with a letter to us, or his department will come back and tell us exactly their findings in reference to Plan 7.

SUPERVISOR HAVENNER: Yes.

THE CHAIRMAN: Then, of course, we will know just what we are doing. Of course, the thought that we all have is to have whatever we submit to the voters of San Francisco on the bond election that I trust will be held on February 17th of this year.

Doctor Schmidt?

SUPERVISOR SCHMIDT: Then I am given to understand that the Secretary of the Interior has not approved Plan 7?

THE CHAIRMAN: He has not?—No, he has not.

SUPERVISOR SCHMIDT: We don't know whether he will approve it or not?

SUPERVISOR HAVENNER: We feel morally certain that he will, because we believe that it is in conformity with the provisions of the Raker Act.

SUPERVISOR RONCOVIERI: Well, at this point I would like to inquire: Has Mr. Ickes received this plan forwarded from the Board of Supervisors, or merely as Mr. Cahill has stated, a letter from him?

MR. CAHILL: That is all.

SUPERVISOR RONCOVIERI: Has he received it official from this Board?

SUPERVISOR HAVENNER: No.

SUPERVISOR RONCOVIERI: Then he cannot approve it until he receives it officially from this Board?

SUPERVISOR HAVENNER: No.

SUPERVISOR COLMAN: It appears to me that there are not two things—there is not a plan and a set of figures, but the figures are closely interwoven—the figures are part of the plan and just as important as the general theory. Now to approve of the plan without approving of the figures, it seems to me that is a rather frivolous action. The plan is predicated on a set of figures, the set of figures are advantageous to the people of San Francisco, or they are not. Now to just say that our plan is to approve the plan without approving the figures is to me no approval at all, and I don't see how you can definitely approve a plan until you have approved the figures. That seems common sense to me, unless you just take the attitude, which perhaps you may take, that regardless of how the figures would come out you would favor this sort of thing, even at a loss to the city. Then in that case figures mean nothing, and would not have to be present; but certainly Plan 7 means the plan and the figures. That is the way it strikes me. If you don't approve the figures you don't approve the plan.

SUPERVISOR HAVENNER: Well, Mr. Chairman, with all due respect to my colleague, that is not common sense. The Secretary is not concerned with the financial set-up—I will make that statement without reservation—the Secretary is concerned only with the legal aspects of this plan; he is concerned only with the question whether this plan will carry out the provisions of the Raker Act. I make that statement without any fear of contradiction.

SUPERVISOR UHL: That is not the quotation here on page nine (indicating document).

SUPERVISOR HAVENNER: Let me differentiate between a statement of the Secretary in his capacity as Secretary of the Interior, and his capacity as Public Works Administrator. We are not making application for a grant—

SUPERVISOR UHL: That is not a question of making application for funds—Would you like that read?

SUPERVISOR HAVENNER: I don't remember that (examining document).

SUPERVISOR UHL: Page nine.

THE CHAIRMAN: Page nine of Plan 7?

SUPERVISOR UHL: Yes.

SUPERVISOR HAVENNER: No, that was Plan 4 that they were—that we took back east.

SUPERVISOR UHL: Doesn't that apply to Plan 7 as well?

SUPERVISOR HAVENNER: Plan 7 wasn't in existence at that time was it, Mr. Cahill?

MR. CAHILL: At the time the Secretary made this remark?—No, but his remark is applicable to Plan 7.

SUPERVISOR UHL: That is my point. All that remains for us to do is to fight out the question of the financial set-up and the bond issue.

SUPERVISOR HAVENNER: I think our submission of this to the Secretary is merely more or less perfunctory. We don't want to go ahead with it until we are certain that he will approve it. As far as I am concerned, I am certain that he will, but I will be glad to second Supervisor Shannon's motion.

THE CHAIRMAN: Would you mind, Supervisor,—I see your point,—would you mind if we incorporate that in the motion—Mr. Clerk, will you kindly read the amendment?

THE CLERK (reading): "I move that Plan No. 7 for the ownership and operation of the entire San Francisco electric supply as reported by the Public Utilities Commission of San Francisco, is hereby approved by the Board of Supervisors of the City and County of San Francisco. This action by the Board shall be transmitted forthwith to the Honorable Harold L. Ickes, Secretary of the Interior, at Washington, D. C."

SUPERVISOR SHANNON: I made an amendment to that.

THE CHAIRMAN: Will you kindly repeat that, Mr. Clerk? Just read that motion, as amended,—without the financial set-up?

THE CLERK: Well, it would read the same as this, and added, "without the financial set-up."

SUPERVISOR SHANNON: That was the way I made it, but I think that should be worded a little differently; that it is without the approval of the financial set-up at the present time—something of that sort.

SUPERVISOR HAVENNER: Why don't you make the statement that the Board reserves the right to make certain changes in the financial set-up?

THE CLERK: May I make a suggestion?

THE CHAIRMAN: Yes.

THE CLERK: "The figures herein are estimates, subject to revision and amendment."

SUPERVISOR HAVENNER: That is all right.

SUPERVISOR SHANNON: What was that, again?

THE CLERK: "The figures herein submitted are estimates, subject to revision and amendment by the Board of Supervisors."

SUPERVISOR UHL: Or, "subject to adoption by the Board of Supervisors."

THE CLERK: "Subject to revision and amendment," because you have already used the word approval" in the opening sentence.

SUPERVISOR HAVENNER: I think that is all right.

SUPERVISOR SHANNON: "The figures herein are estimates, subject to revision and amendment."

THE CHAIRMAN: "By the Board of Supervisors."

SUPERVISOR UHL: Well, if the Clerk just meant what he said, that it is "hereby approved," and you merely bring that in at the end, I would say it is more or less a continuation.

THE CLERK: It is.

SUPERVISOR UHL: Instead of saying that, why don't you say "It is hereby submitted for your consideration."

THE CLERK: That is not the motion.

SUPERVISOR UHL: I am going to vote for the question of approval.

THE CLERK: Supervisor Uhl, I am not concerned with these proceedings. I am concerned with the rhetoric. The motion approves the plan, and then you add the qualification that the figures are estimates, and subject to revision.

SUPERVISOR SCHMIDT: Aren't we asking the Secretary to approve the plan?

THE CLERK: He has asked in his letter to you that you approve something and send it to him for him to approve or disapprove.

SUPERVISOR HAVENNER: The question?

THE CHAIRMAN: Mr. Cahill, as the author of Plan 7, do you wish to comment on that?

MR. CAHILL: May I hear the resolution read again?

(Motion again read by the Clerk.)

SUPERVISOR SHANNON: I want to make a suggestion, that that sentence should follow the words "San Francisco," in the fourth line.

THE CLERK: You are right about that,—I was going to make that suggestion. It should read:

"I move that Plan No. 7 for the ownership and operation of the entire San Francisco electric supply as reported by the Public Utilities Commission of San Francisco, is hereby approved by the Board of Supervisors of the City and County of San Francisco. The figures herein are estimates and subject to revision and amendment by the Board of Supervisors. This action by the Board shall be transmitted forthwith to the Honorable Harold L. Ickes, Secretary of the Interior, at Washington, D. C."

SUPERVISOR SHANNON: I offer that amendment, and move its adoption.

SUPERVISOR HAVENNER: Second the motion.

THE CHAIRMAN: May I ask, Mr. Cahill,—I asked you that question,—have you any comment in reference to that, as you have a right to comment on it, you being the author of the plan?

MR. CAHILL: Well, gentlemen, I don't want to throw any monkey wrench in this machinery, or stop it at all, but I notice you have written in there "by the Board of Supervisors." I am not quite sure—you could ask the City Attorney—whether the Board of Supervisors can change a plan of this type recommended by the Public Utilities Commission. If it is possible, it is all right with me. That is the only comment I have to make. I don't know whether it is possible or not.

SUPERVISOR HAVENNER: I don't think there is any doubt about the Board of Supervisors' right to submit a bond issue that might be at variance with the recommendations of any commission.

MR. CAHILL: That is quite true, but that is not what it says, Mr. Havenner.

SUPERVISOR HAVENNER: What difference does it make if we say "by the Board of Supervisors"?

THE CLERK: I suggest that you cut out the words "by the Board of Supervisors."

SUPERVISOR SHANNON: Oh, I think we are the ones that are going to make the changes.

THE CLERK: That is inferred.

SUPERVISOR SHANNON: Well, if it is inferred I want to have the words in there. I think that we have the right under the—Plan 7 is before us. May I ask this question: We will take Plan 7, and suppose the Board of Supervisors determined that the total new invest-

ment, instead of being $43,000,000—suppose the Board of Supervisors determined that the total new investment, instead of being $43,700,000, should be $44,700,000? Haven't we the right to make that change?

MR. CAHILL: Mr. Shannon, I don't know. That is why I suggested you ask the City Attorney.

THE CHAIRMAN: Mr. Krelling, will you ask the City Attorney to come over?

SUPERVISOR RONCOVIERI: While we are waiting, I would like to have an answer to this question: Can any one tell the Board what amount of money we may expect from the government on the P. W. A. basis on this job? In other words, we approve $43,700,000, but we expect something from the government. Now what is the amount expected?

MR. CAHILL: You can expect very little help from the government on this project. The total amount of new construction is just a little over $3,000,000, consequently the maximum you could expect in any event would be 45 per cent of $3,000,000. That probably will be cut down, if they continue the P. W. A.

SUPERVISOR SHANNON: Is Mr. O'Toole coming over?

THE SERGEANT-AT-ARMS: Mr. Dion Holm is coming over.

### Relating to Application of Pacific Gas and Electric Company to Develop Additional Power Sites.

SUPERVISOR HAVENNER: While we are waiting for the City Attorney, may I call your attention to this: The Pacific Gas and Electric Company had made an application to the Federal Power Commission for a permit to develop additional power sites in—I am not exactly sure, I won't be certain of my memory, where these plants are to be located, but they contemplate a number of additional power sites in California. I was notified that the State Water Authority—is that the correct title?— Whatever the title is—is to hold a meeting tomorrow at the request of the Federal Power Commission. The Federal Power Commission has asked the attitude of the State of California, and of the interested subdivisions of the State, towards this application. I was informed by the gentleman who called me up yesterday that the State Water Authority—whatever that title may be—had made a recommendation against the granting of the permit; and that Mr. Kelly, who is the chairman of the Authority, had been asked to hold a public hearing tomorrow in Sacramento, and this gentleman called me, as Chairman of the Board, and asked whether we could be represented at this hearing tomorrow morning at ten o'clock at Sacramento.

I think we ought to be represented. I remember that when I was a member of the Public Works Board here in California, the Federal Public Works Board, representatives of the Pacific Gas and Electric appeared before our Board, and the representatives of other power companies appeared before our Board, on numerous occasions to oppose the approval of application for Federal loans and grants to municipal and publicly owned power projects on the ground that there was then a surplus of available power, marketable power in California market, that there would be an additional surplus after the completion of the Boulder Dam power project; that there was too much power in California, and that these public subdivisions ought to be denied any Federal aid in the development of additional power. My recollection is that the company, in some kind of a semi-official reply to the proposal, I think made by Supervisor Colman here a year or so ago, when asked whether they would buy the output of the Red Mountain Bar—the contemplated output of the Red Mountain Bar plant, my recollection is that they then said that there was too much power in California market, they did not need any more.

Now they are giving the lie to those statements that they then made officially, before official bodies of the United States Government, and the subdivisions of California, when they made this application, and I think that in the interest of our own power project we ought to

oppose it, and I think, if you want to ask the advice of anybody who is perhaps better qualified to speak on that subject than I am they will tell you that they think that we ought to oppose it. I would be glad to hear any discussion of this. It is a very important matter. It comes up tomorrow morning at ten o'clock, and I think this Board ought to take action now, and substantially for the reasons I have indicated, ought to oppose the application of the P. G. & E. to develop additional power in California.

SUPERVISOR SHANNON: Wouldn't it be better to have this Board represented at this hearing in Sacramento, and to let them report back to us?

SUPERVISOR HAVENNER: What good will it do to be represented there? We know what is coming up. The question is, what is the attitude of the public? Now, the State Water Authority is opposing this on the ground that the Pacific Gas and Electric Company took exactly the same attitude with respect to the Central Water Project—they did everything they could to defeat the Central Water Project, and they advanced exactly that argument then with respect to the provisions of that plan—there was too much power in California, they didn't want this publicly developed plant. The State of California has had the courage thus far to go on record as opposed to this application, that they did not want this additional power to compete with the power developed by the Central Water Project.

SUPERVISOR UHL: Isn't it a fact that the more competition, the more power you have, the lower rate the public will enjoy?

SUPERVISOR HAVENNER: That isn't the question. We know if they get this they are going to use them as an argument against our project, they will say we are developing additional power, there is no reason why you should go ahead with this public project. In any event, until we reach the point where we are able to get a clear cut decision from our people on our public project, I think we ought to oppose it, and I so move.

SUPERVISOR SHANNON: Well, we have a motion before us.

THE CHAIRMAN: Well, we have the City Attorney, Mr. O'Toole, with us, and would you propound the question, Supervisor Shannon?

SUPERVISOR SHANNON: The point is, Mr. O'Toole, I moved that Plan 7 for the ownership and operation of the entire San Francisco electric supply as reported by the Public Utilities Commission of San Francisco, is hereby approved by the Board of Supervisors of the City and County of San Francisco. The figures herein are estimates and subject to revision and amendment by the Board of Supervisors. This action by the Board shall be transmitted forthwith to the Honorable Harold L. Ickes, Secretary of the Interior, at Washington, D. C.

THE CHAIRMAN: I, as the author of the motion, will accept the amendment—Supervisor Meyer, you seconded the motion. Will you accept the amendment of Supervisor Shannon?

SUPERVISOR MEYER: I do.

SUPERVISOR SHANNON: The question that the Board of Supervisors are in conflict on is in the fourth line, Mr. Cahill raised some question about that.

SUPERVISOR HAVENNER: He asked the question whether the Board of Supervisors had the right to revise the figures, and Supervisor Shannon raised the question that we had.

SUPERVISOR SHANNON: I asked this specific question, Mr. O'Toole: Supposing in the consideration of Plan 7, submitted by the Public Utilities Commission, the Board of Supervisors determined that $43,700,000 was not enough, could we change that figure to $44,700,000?

CITY ATTORNEY O'TOOLE: Well, I think you could. Suppose when you came to figure the thing right down you found out the plan you wanted to put over could not be put over for $43,700,000. I think you have a right to provide for an additional appropriation by bond issue, or whatever method you use to finance it.

THE CHAIRMAN: You have heard the motion as now amended. Is there any objection to the motion?

SUPERVISOR UHL: Yes, I want to explain my vote in the matter. As I read this motion, it obligates me, when the Board finally decides on any changes in the estimate and so on, I would be obligated to go along with this, despite the fact that I may still feel that the results are not as set forth in the Plan 7. Therefore, while I am perfectly willing to vote to let it go to Secretary Ickes, I want to be on record, and I want it made a part of the Journal that I am not at this time obligating myself in the matter of approval when the Board makes its changes on this item, or that item, in the financial set up. In other words, I may come in here and still contend that the 8 per cent, or rather that the revenues are overestimated, and that the cost is underestimated. I may still feel that I am correct in that. Therefore, in voting to send this to Secretary Ickes, I want it definitely understood that I am not voting later on that what changes the Board makes has my approval.

THE CHAIRMAN: That is your explanation.

SUPERVISOR UHL: Yes, and I want it made a part of the record.

THE CHAIRMAN: Yes. Is there any other Supervisor wants to explain his vote—I will recognize Supervisor Colman.

SUPERVISOR COLMAN: If the Board feels in approving the plan, the fact that they do not approve the figures with it—if they really think that that is approval of the plan, I presume that is the way you are going to vote. However, to approve this carries with it the obligation to vote for the submission of it to the voters at the next election, in February, and to that I am opposed for two excellent reasons. I want to say that Plan 7 is the best plan so far submitted. I have not the ability to discuss the figures, and I accept them as they are written, unless I am shown to the contrary, so that is not the point; but I am opposed to it for two other reasons. The first one is, that the most important thing that faces the people of San Francisco is not power, but rapid transit. That is a statement that cannot be denied. The crisis is here on rapid transit, it is before us, and that is the thing we must take up. Anyone running their own private business, or a public business, takes up the most important thing first, and concentrates with all their ability, and all their power, on the solution of the thing that faces them of most importance, and power is secondary in my opinion to the matter of rapid transit. Even assuming that we may be paying too much for the power that we are receiving, yet no one can dispute that there is adequate power to meet every possible need for now and for the immediate future, and that the progress of San Francisco cannot be retarded in any way by the lack of power, because we have it. As to transit, you know just as well as I do, you recognize the truth, that is something we need and need right now. You have seen the result of the completion of the Bay Bridge. You have seen how closely we are now allied to the district across the Bay. You have seen the Big Game crowd—— May I have silence, please, while I am speaking? You have seen the Big Game with thousands and thousands of automobiles carried to and from San Francisco without any confusion, and in a remarkably short time. Now vision the time when Plan X will have been completed, and trains will draw the commuters across this bridge, without waiting, they will get in a car at Plan X and be taken to their destination 15 or 20 minutes faster than they are reaching there now. Contrast that situation with the situation that faces the car riders of San Francisco, who are crowded in the cars, having to wait a long time, as car after car passes by too full for anyone else to get on, people hanging on to straps, and taking a very long time to reach their homes in the outlying districts. Now think of the result on the future development of San Francisco? Think of the temptation. And can you blame anyone in San Francisco for thinking of moving across the Bay, where he can, in much more comfort, in superior facilities, come to and from his work? That is a con-

dition the Manager of Utilities pointed out in his preliminary remarks on the subject of rapid transit, and it has been concurred in by real estate experts of San Francisco, that we are facing a grave danger of the loss of population, and naturally a loss of population results in a shrinkage in assessed valuation, and a shrinkage in the tax rolls. It means disaster for San Francisco, and its prestige is seriously threatened, because people will not endure discomfort, and a long trip, when they can go elsewhere in comfort and speed, and enjoy superior facilities. There is no question about that, and the losses resulting from that condition are not in any measure offset by a saving in electric rates by the users of San Francisco.

Now, gentlemen, you are going at the thing wrong. The first thing to take up is rapid transit. You all say, "Yes, we recognize its importance," but that is not enough. In the comparative importance between the two things, as far as the future of San Francisco is concerned, there is no reasonable argument, and no one can stand up and state that this power situation means more to San Francisco than does the immediate development of rapid transit.

Now for that reason, and for the further reason that I know the submission of the power bonds will be passed by a two-thirds—by a majority vote of the people instead of a two-thirds vote, which I claim it should carry, when the city goes into debt to that degree—for those two reasons, first the greater importance of rapid transit, and secondary because the method of financing by having this approved by a majority, instead of the safeguard of a two-thirds vote, I am going to vote "No."

I want to state, Mr. Chairman, however, that if the Board of Supervisors want just information from the Secretary of the Interior, of course, I have no objection to sending it on without approval, but I want my vote against approval.

THE CHAIRMAN: Doctor Schmidt.

SUPERVISOR SCHMIDT: I want to explain my vote. I am perfectly willing to send this on to Secretary Ickes to see if he would approve this Plan 7; but I don't want it to bind my future action as regards submission to the people. I don't want to feel that I am obligated to later on submit the plan, as it may work out at that time, because I have got this feeling in the matter: Personally, I don't want to see a repetition of the Hetch Hetchy episode, which we started with a certain figure and found we have had to add a few million more, and the people later on are required to add a few million more. If I can be satisfied at the time that the figures given out represent the actual cost, I may feel differently about it. I know a lot of people are asking me, "What are they trying to do? Slip over another Hetch Hetchy project?" So I don't know what the figures will be at the time this is entirely worked out, but certainly if we are giving a set of figures, and we find that later on we need to increase those figures, need additional money, I don't feel very kindly toward a plan of that kind. So I want it distinctly understood in my voting to send this on to Secretary Ickes it doesn't bind me as regards my future action, because I want to be sure about the figures, not for my own sake but because I know the people of San Francisco want to know the absolute cost before they embark in this major project.

THE CHAIRMAN: Call the roll.

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor Colman—1.

Absent—Supervisor Brown—1.

THE CHAIRMAN: Carried.

SUPERVISOR RONCOVIERI: Before we leave this matter. I hope when we submit this matter to the people it will be under the head of "Buy or Build." I asked Mr. Cahill how much of P. W. A. money might be expected on the buy method, and you heard the answer, that

it is about $3,000,000 new work, and 45 per cent of that would be the amount we might expect. Now Mr. Cahill, through the Chair, laying the foundation for the question to you, in the case of build—we are going to submit it in all probability buy or build, but should it be submitted to the people and the people vote for the full amount, what then might we expect from the P. W. A. if it is on the build system—May I have a little attention, my question is of importance—to me, if not to you.

SUPERVISOR HAVENNER: I was discussing it, Supervisor Roncovieri.

SUPERVISOR RONCOVIERI: What may be expected from the Federal Government in W. P. A. money if we build the project?

MR. CAHILL: I believe that you should put it on a buy or build basis, and if we were to be forced into the build situation we might expect as much as $20,000,000 in the way of P. W. A. subvention, provided the P. W. A. continues on the old basis.

SUPERVISOR RONCOVIERI: Thank you.

SUPERVISOR UHL: Through the Chair, Mr. Cahill, what would be your capital expenditure then?

MR. CAHILL: The capital expenditure does not change. In other words, these figures have been adjusted on a reproduction basis.

SUPERVISOR UHL: Then you anticipate the cost of $39,000,000, and you would receive $20,000,000?

MR. CAHILL: No, there are some other costs. We would receive approximately $20,000,000 out of the present basis of $43,000,000—we might receive $18,000,000 or $19,000,000 or $20,000,000.

SUPERVISOR UHL: A number of questions are not answered to my satisfaction, Mr. Cahill——

SUPERVISOR RONCOVIERI: Will you permit me to finish?

SUPERVISOR UHL: Yes, pardon me. I was just asking a question of Mr. Cahill. I would ask then, through the Chair, of Mr. Cahill, if I send you an additional list of questions, will you kindly answer them at your earliest convenience?

MR. CAHILL: I will try to. I have plenty of other things to do.

SUPERVISOR UHL: Well, I don't want to take the time today to argue them.

MR. CAHILL: All right, Supervisor Uhl.

SUPERVISOR RONCOVIERI: From the remarks just made, I would assume that it would be cheaper for the city to build. If it cost $43,000,000, plus, to build, and we might get $20,000,000 from the Federal Government, it might be cheaper for us—for San Francisco to build rather than buy. To buy means $43,000,000 at least, and of the 43,000,000 we would only get a small percentage of $3,000,000 new construction. That means that the people of San Francisco have to put up the entire amount, less a small fraction. If we build, why, we build for almost half the money—half price. There is something there on the financial side, to be worked out very carefully.

SUPERVISOR SCHMIDT: Would that mean leaving a competing company?

SUPERVISOR RONCOVIERI: It would mean that they would run their business and we would run ours.

SUPERVISOR RATTO: Better wait and see what the people tell us to do.

THE CHAIRMAN: It is understood the Journal will contain the proceedings, that every word is being taken down, and will be printed in the Journal.

THE CLERK: Just the Controller's report?

THE CHAIRMAN: Right up to the time the motion was carried.

THE CLERK: But do you want all these comments?

SUPERVISOR UHL: I move there be a transcript made, and published in the Journal.

THE CHAIRMAN: What do you want?

THE CLERK: Right straight through the meeting?
SUPERVISOR UHL: Yes.
THE CHAIRMAN: And published in the Journal. All right, any objection? (No response.) So ordered.

**Correction.**

The following communication was subsequently presented for inclusion in the record:

"December 3, 1936.

"Subject: Plan No. 7—Municipal Power Distribution.

"To the Honorable The Board of Supervisors,
City and County of San Francisco,
City Hall, San Francisco.

"Gentlemen: At your meeting today during your discussion of the subject of municipal distribution of power I was inadvertently in error in responding to a question propounded by Supervisor Roncovieri. As my inaccurate reply to Supervisor Roncovieri's question was due to a misunderstanding as to the question asked, I respectfully request that your records be corrected in accordance with the following data:

"Without examination of the record, I recall that Supervisor Roncovieri asked whether the cost of constructing a new electric system in San Francisco would be the same as the cost of purchasing the present system of the Pacific Gas and Electric Company. In response I stated that I believed the $39,000,000 estimate given in Plan No. 7 would cover the cost of a distribution system on either a 'buy or build' basis. This is obviously incorrect.

"The $39,000,000 estimate in Plan 7 is based upon the estimated reproduction cost of the present Pacific Gas and Electric Company system minus the amount it has depreciated since its construction. In order to reproduce the Pacific Gas and Electric Company electric distribution system it would be necessary to pay more than the amount necessary to buy a system at its reproduction cost less depreciation. It would therefore cost more to build a new electric system duplicating the Pacific Gas and Electric Company system than it would to buy the existing facilities.

"This correction is not to be construed, however, as a disapproval of the proposal to issue any bonds for electric distribution in a form which would permit the City and County of San Francisco either to buy the existing plant or to build its own plant as I am heartily in favor of the submission of a bond proposal in this form.

"Very truly yours,
"E. G. Cahill,
"Manager of Utilities.")

**Appointment of Warren Shannon as Golden Gate Bridge Director.**

(Code No. 12.111)

Supervisor Meyer presented:

Resolution No. 2955, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect Warren Shannon as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for a term of four years.

This appointment to become effective from and after December 24, 1936.

(Signed) FRED W. MEYER,
JAS. B. McSHEEHY.

Supervisor Colman raised the question that there had been no meeting of the Public Utilities Committee to which the foregoing resolution had been previously referred.

**Motion to Re-refer Lost.**

Whereupon, Supervisor Colman, seconded by Supervisor Uhl, moved that the matter be re-referred to the Public Utilities Committee.

Motion *lost* by the following vote:

Ayes—Supervisors Colman, Schmidt, Uhl—3.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Absent—Supervisor Brown—1.

**Motion to Adjourn Lost.**

Supervisor Schmidt, seconded by Supervisor Uhl, moved to adjourn.

Motion *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Absent—Supervisor Brown—1.

**Resolution Adopted.**

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Noes—Supervisors Colman, Schmidt, Uhl—3.

Absent—Supervisor Brown—1.

Supervisor Shannon had requested that he be excused from voting on foregoing resolution, but was refused the privilege by the Chair, whereupon he voted *Aye*.

**Explanation and Change of Vote.**

PRESIDENT HAVENNER: The Chair would like to make this explanation. I voted inadvertently—I think Supervisor Shannon understands my position, as I have stated it here repeatedly on the Board. I voted against this from the very beginning, for members of the Board to be members of the Golden Gate Bridge Commission, and, in order to be consistent, I am going to change my vote at this time from *Aye* to *No*, without any disparagement on Supervisor Shannon, but in order to maintain my position all the way through.

Whereupon, Supervisor Havenner's vote was changed from *Aye* to *No*.

**Motion to Reconsider.**

Before the result of the foregoing ballot was announced, Supervisor Uhl changed his vote from *No* to *Aye* and moved for reconsideration at next meeting.

**Appointment of Frank C. Sykes as Golden Gate Bridge Director.**

(Code No. 12.111)

Supervisor Meyer presented:

Resolution No. 2968, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect Frank C. Sykes as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for a term of four years.

This appointment to become effective from and after December 24, 1936.

**Motion to Substitute.**

Supervisor Colman, seconded by Supervisor Uhl, moved to amend by substituting the name of Francis V. Keesling for the name of Frank C. Sykes.

**Motion to Adjourn.**

Supervisor Uhl, seconded by Supervisor Schmidt, moved that the Board of Supervisors now adjourn.

Motion *lost* by the following vote:

Ayes—Supervisors Roncovieri, Schmidt, Uhl—3.

Noes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Shannon—7.

Absent—Supervisor Brown—1.

**Motion to Substitute Lost.**

Whereupon, the roll being called on Supervisor Colman's motion to substitute the name of Francis V. Keesling for the name of Frank C. Sykes, and the motion *lost* by the following vote:

Ayes—Supervisors Colman, Roncovieri, Schmidt, Uhl—4.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Shannon—6.

Absent—Supervisor Brown—1.

Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the name of Louis Lury be substituted for the name of Frank C. Sykes.

Amendment *lost* by the following vote:

Ayes—Supervisors Roncovieri, Uhl—2.

Noes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon—8.

Absent—Supervisor Brown—1.

Whereupon, the roll was called on the resolution naming Frank C. Sykes and the same *carried* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Noes—Supervisors Colman, Schmidt, Uhl—3.

Absent—Supervisor Brown—1.

Before the result of the foregoing ballot was announced, Supervisor Colman changed his vote from *No* to *Aye* and moved for reconsideration at the next meeting.

**San Francisco to Be Represented at Sacramento Meeting to Consider Pacific Gas and Electric Company Application for Additional Power Development Permits.**

Supervisor Havenner moved that the Board of Supervisors accept invitation of the State Water Authority to be represented in Sacramento, said representatives to report that the City and County of San Francisco is opposed to the application of the Pacific Gas and Electric Company made to the Federal Power Commission for permission to develop additional power sites.

Supervisor Shannon moved as an amendment that this Board of Supervisors be represented at the hearing and that the committee report back to this Board, and that it be authorized to purchase a transcript of the proceedings.

*So ordered.* Supervisors Meyer, Havenner, McSheehy were appointed to represent San Francisco.

### Leave of Absence, Hon. Charles T. Traung, Recreation Commissioner.

(Code No. 4.053)

The following recommendation of the Mayor was read by the Clerk:

Resolution No. 2690, as follows:

Resolved, That in accordance with the recommendation of his Honor, the Mayor, Hon. Charles F. Traung, Recreation Commissioner, is hereby granted a leave of absence for a period of thirty days, commencing December 5, 1936, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Mrown—1.

### Curtailment of Employment on WPA Projects Protested.

Supervisor Mead said he had reliable information that wholesale layoffs are contemplated and already taking place in San Francisco without opportunity of reassignment on W. P. A. projects, and suggested that the Board of Supervisors and the Mayor protest this curtailment of employment until such time as Congress had an opportunity to meet.

Supervisor Shannon, seconded by Supervisor Mead, moved that the Clerk be authorized to forward a telegram to President Roosevelt protesting this action and ask that same be deferred until Congress meets.

Supervisor Uhl suggested that the Mayor be requested to send similar telegram.

Whereupon, the motion *carried unanimously.*

### Transcript Authorized.

Supervisor Colman moved that the Clerk be authorized to procure a transcript of the proceedings regarding the rezoning of property at Nineteenth avenue and Quintara street, heard in the Board of Supervisors on November 18, 1936.

*So ordered.*

## RECESS.

Whereupon, the Board of Supervisors took a recess until Monday, December 7, 1936, at 10 a. m., when the matter of Rapid Transit will be taken up for discussion.

J. S. DUNNIGAN, Clerk.

---

## MONDAY, DECEMBER 7, 1936, 10 A. M.

In Board of Supervisors, San Francisco, Monday, December 7, 1936, 10 a. m.

The Board of Supervisors met, pursuant to recess of December 3, 1936, for the purpose of discussing the question of rapid transit.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Havenner, Mead, Meyer—3.

President Havenner phoned that he would be late and appeared and was noted present at 11:05 a. m.

### Rapid Transit Discussion.

SUPERVISOR UHL: In order to start the ball rolling, I think that it would be advisable to take up right now the question of park-

ing at peak hours. Parking from 4:30 to 6 o'clock is absolutely tending to congestion in the downtown district. Mr. Chairman, some five years ago we passed an ordinance prohibiting parking on Geary street, and I remember that so well, prohibiting parking on the north side in the morning and on the south side from 4:30 in the afternoon, and there is no question about the congestion which exists, particularly on Geary street, and I would like also to include Market street, because of the automobile traffic in the afternoon, and it is so bad that only one car can cause a tie-up, and I would like to make a motion now that we request from the Public Utilities Commission what their viewpoint would be regarding this parking during the peak hours on the particular streets that we have in mind. I would like to make that as a motion. I feel that the sooner we pass on that point—and it must come up in the rapid transit, Mr. President and members of the Board, here in discussing rapid transit during the next month or so.

THE CHAIRMAN: May the Chair ask if it is necessary to go to the Public Utilities Commission to ask about a matter of traffic when that matter is more or less in our hands, and in the hands of the traffic advisory committee?

SUPERVISOR UHL: Is it your judgment a motion could be made that there be no parking on streets where there are street cars, that is, between certain hours?

THE CHAIRMAN: That it is the sense of this Board that there be no parking, and so on, and send that motion to the traffic advisory committee, that is the Chair's idea.

SUPERVISOR UHL: Then I would be very glad to make that as a motion and send it on its way.

SUPERVISOR SCHMIDT: I second the motion.

THE CHAIRMAN: It has been regularly moved and seconded that it is the sense of this Board——

SUPERVISOR UHL: And that the motion be sent to the advisory committee.

THE CHAIRMAN: That there be no parking—if you will name the streets?

SUPERVISOR UHL: On the streets on which there are street cars between the hours of 4:30 and 6 p. m.

THE CHAIRMAN: In what particular district?

SUPERVISOR UHL: I think if we cover that in the fire district we would be thoroughly in line. May I ask, through the Chair, of Mr. Cahill or Mr. Ost, through the Chair, what their ideas are on that?

MR. CAHILL: It is not within the powers of the Public Utilities Commission to regulate traffic, it is entirely a Police Commission matter. However, I do agree that the abolition of parking in the congested areas downtown, such as Market street and Sutter street, and through there, would materially help the traffic situation. That is, not that it would entirely relieve it, but it would help. I don't know what the fire limits are.

SUPERVISOR UHL: Mr. Clerk, can you tell us that?

MR. CAHILL: Supervisor, you already have an ordinance covering lower Geary street, but it is not enforced.

SUPERVISOR UHL: Well, this brings in Market street, which is not covered.

SUPERVISOR RONCOVIERI: Why not say from Van Ness avenue, east.

SUPERVISOR UHL: From Van Ness avenue, east, all right.

SUPERVISOR RONCOVIERI: And south of California street.

SUPERVISOR UHL: All right, Mr. President, then it would be from Van Ness avenue, and Van Ness avenue South, and Howard street, to the east, that would take in Mission and Howard streets where there are car lines.

THE CHAIRMAN: Have you discussed this matter with Captain Goff, of the Police Department?

SUPERVISOR UHL: No.

THE CHAIRMAN: Don't you think it would be advisable to get his advice?

SUPERVISOR RATTO: I want to say that I think our action here this morning is a little bit premature, owing to the fact we should find out from Captain Goff first the result of the study he has been making in the last month. He and his department are making an investigation, and they have already stated numerous ideas along the line of left hand turns, and the parking situation, and they are making a study of it, and I think before this Board should take any action we should hear what Captain Goff and his associates have done. Maybe they have a plan already worked out, they know the streets that are congested, and I think we might let them go ahead, and I think we should have their report first——

SUPERVISOR UHL: No——

THE CHAIRMAN: Just a minute. I don't like to have two members have the floor at the same time.

SUPERVISOR UHL: I allowed him to make a statement——

THE CHAIRMAN: I appreciate that. But I would like to have one of you take a seat.

SUPERVISOR RATTO: Although it is well to check up, I don't think we should interfere with the work that is already going on by merely directing certain instructions to them which might interfere with the work. Let's find out exactly how far they have gone, and what they are doing.

THE CHAIRMAN: We have a traffic advisory committee——

SUPERVISOR RATTO: Let's find out before injecting ourselves into it. Now if they are doing these things already I don't think it is exactly right for us to interfere with them. While this is up, I want to bring up the question of the bus line already started from across the bridge. All these buses, we haven't a terminal building——

SUPERVISOR UHL: I object to Supervisor Ratto asking about buses now. That is not before us.

SUPERVISOR RATTO: Well, it is traffic, and left hand turns——

SUPERVISOR UHL: This is a traffic matter. We are not going into this, as far as left hand turns are concerned at all, what I am urging here is immediate action by the Board on the question of no parking after 4:30 where there are street cars on the street. Now that is different, and I don't care what Captain Goff might have to say on that, it is vitally important, and, as Mr. Cahill just mentioned, he is favorably impressed with the idea, and I think I have read the same thing in the newspapers. However, I don't want to say, "No parking" on Polk street, for instance, or "No parking" on Ellis street, except perhaps that first block—perhaps I should bring in a motion that would absolutely outline the district. I have traveled all through there by automobile, and I know positively that after you leave Mason street, on the left, that there is no need of saying "No parking," because there is no particular congestion there, and you might carry it on Mission street, and the same thing applies to Turk street in the first block. However, I shall be very glad to hold it in abeyance, and I will also ask that Captain Goff be present. I feel this is one of the essential things that should be done, because no one can say just how much congestion may be relieved by eliminating that parking. For example, I was coming along Kearny street the other night, and a couple of cars were parked between Post and Sutter, and they stopped the entire flow of two lines of traffic, just that one line of traffic congested things clear from Market back to Sutter street, and I feel that we should make as much open space for automobiles as possible.

THE CHAIRMAN: I suggest that you have your motion in the form of a resolution outlining the streets definitely.

SUPERVISOR UHL: I will bring that in.

SUPERVISOR RONCOVIERI: I would like to offer a suggestion to Supervisor Uhl: I am in receipt of a letter signed by Mr. Cottrell, of the San Francisco Traffic Law Board, informing me that the next

meeting of the San Francisco Traffic Law Board will be held in the Directors' Room of the California Automobile Association at 150 Van Ness avenue, commencing at the hour of 2:15 o'clock, Thursday, December 10th. I think possibly you ought to go to that meeting; I am going, of course. It is the San Francisco Traffic Law Enforcement Board, and they are undoubtedly giving attention to this, and you can learn a great deal there, and you can offer some suggestions yourself, possibly.

SUPERVISOR UHL: I will try and get there, Supervisor.

SUPERVISOR RONCOVIERI: And here next Monday you will have a good resolution.

SUPERVISOR UHL: I am not going to put this off a week. It is my understanding we are going to meet right along on this matter until we get it cleaned up.

SUPERVISOR RONCOVIERI: So you can bring a motion in that will perhaps cover some point you are not thinking of now. You can get considerable information there Thursday. I make that as a suggestion.

SUPERVISOR COLMAN: Let's get down to the meat of the thing we have to consider, which is Mr. Cahill's report. So far we have come to this point, we have had hearings here and heard various groups of citizens who had plans to suggest to the Board of Supervisors which they thought were superior in some respects or other to the Cahill plan. These plans were all referred to the Public Utilities Commission with the request that they make a report back to the Board explaining the viewpoint of the commission in deciding upon the plan they did present in preference to various plans suggested by the outside groups. Now that has been done, that is in our hands, and I suggest that we proceed from that point on, and if any member has any questions to ask Mr. Cahill concerning his plan with which he disagrees, I think that would be in order. Now in other words, the plan before us is the Cahill Plan, and I would move that we take up the Cahill Plan for our consideration, if I could receive a second.

Supervisor Uhl seconded the motion, and there being no objection, it was *so ordered.*

* * * * *

Thereupon, Manager of Utilities Cahill explained the plan of Rapid Transit submitted by him in May, 1936, and called attention to his request for an appropriation of $50,000 for the preparation of plans for a two-track subway station under the Plan X terminal which he said Secretary Ickes requires in case we make an application for a grant. Moreover, the terminal will be constructed next year, and if our plans are not made at once, it will cost much more than $50,000.

After further discussion covering our bond limitation, Market Street Railway Company's willingness to go underground and assessment districts for paying the cost of the work, the possibility of a government grant, etc.

### Privilege of the Floor.

William Coughlin, representing the Associated General Contractors, was granted the privilege of the floor and addressed the Board. He said:

Mr. Chairman and Members of the Board: I just want to touch on one item; that is, subvention granted to the City and County of San Francisco by the State of California. You have approximately in round figures now about $2,000,000 per year, in other words about a half a million dollars on the one-quarter-cent gas tax, and approximately one million dollars from the one-cent fund. Now all of the gas tax funds are paid to the City on the basis of population. In other words, the quarter-cent gas tax is paid on a population basis entirely. In

other words what the population of the City bears to the population of the State. The one-cent gas tax is on the basis of motor vehicle registration, so if you lose in population you are cutting right away from the one-quarter-cent tax; and if you lose automobile registration you are going to deduct from the one-cent fund. For instance, this year the State of California has increased the gas tax revenue to $45,000,000, rather that gas tax revenue is increased from $45,000,000 to $56,000,000 this year. Now instead of you being given an increase of approximately 20 per cent if your population drops you are going to have a decrease, so you will not only lose your gas tax fund, but——

SUPERVISOR UHL: I would debate that with you as not being correct.

MR. COUGHLIN: Do you want me to read the law on that?

SUPERVISOR UHL: If you gain 20 per cent you do not know what it will be.

MR. COUGHLIN: If you keep the population it would increase.

MR. UHL: Yes.

MR. COUGHLIN: And if you lose your population you lose your gas tax fund.

## RECESS.

Whereupon, the Board of Supervisors took a recess until 2 p. m., when it was agreed to discuss further the question of Rapid Transit after the conclusion of the Calendar.

J. S. DUNNIGAN, Clerk.

---

## MONDAY, DECEMBER 7, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 7, 1936, 2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Havenner presiding.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of November 30, 1936, was considered read and approved.

### Writ of Superior Court.

The following were read by the Clerk:

Writ of Superior Court, temporarily enjoining the Board of Supervisors from taking any further action in the matter of appointment of Frank C. Sykes as director of the Golden Gate Bridge and Highway District, and ordering the defendants named therein, to-wit: J. M. Ratto, Warren Shannon, Franck R. Havenner, Fred W. Meyer, James B. McSheehy, Dewey Mead and John S. Dunnigan, to appear before the court, Department No. 4, at 10 a. m., December 15, 1936.

### Resignation of Frank C. Sykes.

The resignation of Frank C. Sykes from position as director of Golden Gate Bridge and Highway District.

**Appointment of Frank C. Sykes as Golden Gate Bridge Director.**

The following matter was taken up:

(Code No. 12.111)

Resolution No. 2968, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect Frank C. Sykes as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for a term of four years.

This appointment to become effective from and after December 24, 1936.

*December* 3, 1936—*Adopted* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Noes—Supervisors Colman, Schmidt, Uhl—3.

Absent—Supervisor Brown—1.

Before the result of the foregoing ballot was announced, Supervisor Colman changed his vote from "no" to "aye" and moved for reconsideration at the next meeting.

Supervisor Uhl withdrew his motion for reconsideration in the case of Frank C. Sykes in view of his resignation.

Supervisor Brown moved to reconsider the Board of Supervisors vote on Frank C. Sykes and said he would vote *no* and explained by saying that he did not consider it good public policy to change directors at a time so close to the completion of the bridge. Keesling, like Shannon, he said, has done a good job and should be retained.

**Motion.**

Supervisor Roncovieri, seconded by Supervisor Uhl, moved the resignation of Frank C. Sykes be accepted.

After advice by the City Attorney that acceptance of Mr. Sykes' resignation would not be in conflict with the court order, the motion was *carried*.

**Appointment of Warren Shannon as Golden Gate Bridge Director.**

The following resolution, *adopted* on December 3, 1936, but final determination of which was postponed on motion by Supervisor Uhl, was taken up:

(Code No. 12.111)

Resolution No. 2955, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect Warren Shannon as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for a term of four years.

This appointment to become effective from and after December 24, 1936.

*December* 3, 1936—*Adopted* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—7.

Noes—Supervisors Colman, Havenner, Schmidt—3.

Absent—Supervisor Brown—1.

Before the result of the foregoing ballot was announced, Supervisor Uhl changed his vote from *No* to *Aye* and moved for reconsideration at next meeting.

Supervisor Uhl announced that he would not press his previous motion for reconsideration.

**Motion.**

Whereupon Supervisor Brown, seconded by Supervisor Mead, moved

that the Board reconsider its action whereby Supervisor Warren Shannon had been elected as director of the Golden Gate Bridge and Highway District, both mover and seconder announcing they would vote "no" on the motion.

Motion *lost by unanimous vote.*

Noes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Question of Personal Privilege.

Supervisor Shannon: I rise to question of personal privilege. First of all, I want to thank the members of the Board of Supervisors for their vote. Ordinarily, I pay little attention to mistakes made by a newspaper, even when they effect me personally. However, there was a mistake in the Chronicle of Friday last that I desire to correct, as it puts me in a very compromising position, with a gentleman with whom I have been acquainted nearly all my life, and for whom I have the greatest esteem. I discussed the subject of the Golden Gate Bridge directors with him early last week and I want it known to the world and to this gentleman particularly, that I did not nominate Frank C. Sykes in the meeting of the Public Utilities Committee as a Golden Gate Bridge and Highway director, as the article written by Ben Kline and appearing in the San Francisco Chronicle on Friday, December 4, 1936, would indicate.

At the end of the article regarding the matter of the appointment of directors this statement appears: "An attempt by Colman to substitute the name of Keesling was defeated, an objection was raised that Sykes had not even been nominated." But Meyer said "Shannon had made the nomination to the committee."

I did not nominate Mr. Sykes and had nothing to do with his selection. While I have known Mr. Sykes well and favorably, I have not seen him, talked to him, written to him, or in any way communicated with him in over three or four months, and at no time in my life have I ever discussed the subject of Golden Gate Bridge or its directors with him.

I desire to have my statement made part of the record and request that I be given three copies of the statement when transcribed, and to be perfectly fair in the matter I am going to move the privilege of the floor to Mr. Ben Kline if he desires to make any correction in this statement I have just made.

There was no response on the part of Mr. Kline to this invitation, which was subsequently renewed.

### Appointment of W. D. Hadeler as Golden Gate Bridge Director.

(Code No. 12.111)

Supervisor Meyer presented:

Resolution No. 2971, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect W. D. Hadeler, vice Francis V. Keesling, as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for a term of four years.

This appointment to become effective from and after December 24, 1936.

(Signed) FRED W. MEYER.

*Referred to Public Utilities Committee.*

### Committee Meeting.

Supervisor Meyer, Chairman, announced meeting of Public Utilities Committee on Tuesday, December 8, at 4 p. m., to consider the foregoing resolution.

**Nomination of Francis V. Keesling as Golden Gate Bridge Director.**

(Code No. 12.111)

Supervisor Colman presented:

Resolution No. 2970, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect Francis V. Keesling as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, to succeed himself, for a term of four years.

This appointment to become effective from and after December 24, 1936.

(Signed) JESSE COLMAN,
ADOLPH SCHMIDT,
ADOLPH UHL,
ARTHUR BROWN, JR.,
ALFRED RONCOVIERI,

*Referred to Public Utilities Committee.*

## UNFINISHED BUSINESS.

Parcel 4. Beginning at the northeasterly corner of Lot 7, Block 8 of Flint Tract Homestead Association, as per map thereof recorded in Map Book 1 at page 148, Records of the City and County of San Francisco; thence northwesterly along the northeasterly line of aforesaid Block 8, parallel with and distant 100 feet at right angles northeasterly from the northeasterly line of Fifteenth street, 12 feet; thence deflecting 149 degrees 44 minutes 37 seconds to the right and running northeasterly, 13.892 feet to the southeasterly line of said Lot 7 produced northeasterly; thence deflecting 120 degrees 15 minutes twenty-three seconds to the right and running southwesterly along last named line so produced seven feet to the point of beginning.

Section 2. The above described property shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to such reservations and conditions as may be deemed necessary by the City Attorney and the Director of Property.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

## Powers of Recreation Commission.

(Code No. 23.041)

On recommendation of Committee on Education, Parks and Recreation.

Bill No. 1171, Ordinance No. 23.0411, as follows:

Conferring additional powers on the Recreation Commission by giving said Commission complete management and control of all playgrounds, swimming pools and recreation centers in the City and County of San Francisco, exclusive of those located in public parks or delegated to the Park Commission and including summer camps and other public recreational units now or hereafter owned, controlled or established by the City and County of San Francisco, together with recreational units heretofore or hereafter granted to or licensed to the Recreation Commission by the Park Commission or Board of Education; and authorizing and empowering said Recreation Commission to lay out, grade, equip, supervise and control said playgrounds, swimming pools, recreation centers, summer camps and public recreational units and to construct buildings thereon and to enter into contracts therefor and incident thereto.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 9 of the Charter of the City and County of San Francisco, the Board of Supervisors of said City and County does, by this ordinance, confer the following powers on the Recreation Commission of said City and County in

addition to those conferred on said Commission by Section 42 of said Charter:

(a) The Recreation Commission shall have exclusive jurisdiction and control over all playgrounds, swimming pools, community centers, summer camps, and all other public recreational units now or hereafter owned, controlled or established by the City and County of San Francisco, either within or without the City limits, with the exception of such parks and recreational units, the jurisdiction of which has been, or shall be, expressly delegated exclusively to the Park Commission or to the Board of Education, unless the same have been or hereafter shall be, transferred, leased, licensed or deeded, by the Park Commission or Board of Education to the Recreation Commission for recreational purposes.

(b) The Recreation Commission shall have complete and exclusive control, management and direction of the aforesaid playgrounds, swimming pools, camps and recreation centers, and the exclusive right to lay out, grade, equip and control the same, as well as the exclusive right to erect and supervise the erection of buildings and structures thereon, and to that end, said Commission may employ superintendents, surveyors, engineers, architects, laborers and other employees and assistants and prescribe and fix their duties and compensation, subject to the Civil Service Provisions of the Charter, and shall have full power and authority to enter into contracts for doing or accomplishing any, or all of the aforementioned things; and, pursuant to the provisions of the Charter governing the appropriation and expenditure of moneys, said Commission shall have the exclusive management and disbursement of all funds legally appropriated to said Recreation Commission for the acquisition, support, equipping and maintenance of the aforesaid playgrounds, swimming pools, camps and recreation centers.

Section 2. The exercise of any of the powers, duties or authority conferred by this ordinance on said Recreation Commission shall be subject to all Charter provisions applicable thereto.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Renewal of Applications for Permits That Have Been Denied.**

(Code No. 3.041)

On recommendation of Judiciary Committee.

Bill No. 1172, Ordinance No. 3.04165, as follows:

Amending ordinance No. 3.0411 entitled, "An Ordinance Establishing Procedure by Departments and Offices for the Issuance, Transfer and Revocation of Licenses and Permits and Appeals Based Thereon," by adding a new section thereto to be known as Section 5a by providing that when the granting of any permit is finally denied by the Board of Permit Appeals the application for said permit shall not be renewed for the period of one year from the date of the action of said Board of Permit Appeals.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 3.0411, entitled "An Ordinance Establishing Procedure by Departments and Offices for the Issuance, Transfer and Revocation of Licenses and Permits and Appeals Based Thereon" is hereby amended by adding a new section thereto, which said section is designated as Section 5a and which shall be in the words and figures as follows, to-wit:

Section 5a. Whenever any person, firm or corporation shall make application for any permit, pursuant to the provisions of Ordinance No. 3.0411, and the application for said permit shall be denied and

no appeal from the denial of said permit shall be taken as provided in said Ordinance No. 3.0411, or when any appeal shall be taken to the Board of Permit Appeals from any order of any officer, board or commission denying any application for any permit provided to be issued pursuant to the provisions of this ordinance and said Board of Permit Appeals shall concur in the judgment or order of said officer, board or commission in denying said application for said permit, said application for said permit shall not be renewed nor shall the same be heard by the officer, board or commission to whom said original application was made until one year after the denial of said application by said Board of Permit Appeals and there shall be no appeal to said Board of Permit Appeals for failure to hear any such application within said one-year period.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

## NEW BUSINESS.

### Adopted.

The following matters were taken up:

### Approving County Road Fund Report.

(Code No. 9.062)

On recommendation of Finance Committee.

Resolution No. 2961, as follows:

Resolved, That the annual report of the receipts and expenditures of the County Road Fund for the year ended June 30, 1936, is hereby approved. It is further directed that the Clerk of the Board of Supervisors, through the Controller, transmit a copy of this report to the California Highway Commission, Sacramento, California, together with a certified copy of this resolution.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Re-referred.**

The following recommendation of Public Welfare Committee was taken up:

**Endorsing the San Francisco News Plan of Settlement of Maritime Strike.**

(Code No. 5.49)

Supervisor Shannon presented:

Resolution No. 2957, as follows:

Whereas, the prolonged maritime strike involving some 40,000 men in the shipping industry on the Pacific Coast spells social and economic disaster for San Francisco and the Bay Region, paralyzing the business of this Coast; and

Whereas, the principal question between the ship owners and the men is that of the "Hiring Hall," the manner in which sea-going personnel shall be hired and fired; and

Whereas, it is of vital importance to the welfare of this City that this question be settled at once in order that these intolerable conditions may cease; and

Whereas, the San Francisco News has offered a plan for a port committee to be established at each port, consisting of one or more representatives from each side, and in any case where they fail to agree, one outside member to be designated in any manner that the two sides may agree upon; and

Whereas, this plan seems eminently fair to both sides and offers a basis for bringing about a cessation of the hostilities between the ship owners and the men; now, therefore, be it

Resolved, That this Board of Supervisors heartily endorses the plan of the San Francisco News as a fair and reasonable effort to end this disastrous and paralyzing strife that is fast throttling the business of this City and Coast; and, be it

Further Resolved, That copies of this resolution be sent to the President of the United States, to all the maritime labor organizations and to all the shipping firms involved.

C. Negstad, representing the International Longshoremen's Association, was heard, saying that his organization endorses the San Francisco News plan generally speaking, but that the plan is vague and urged that the committee hearing be had where all interested may be heard.

**Re-referred.**

Whereupon, on motion of Supervisor Shannon, the resolution was *re-referred to the Public Welfare Committee for hearing at its meeting Wednesday, December* 9, 1936, *at* 4:30 *p. m.*

**Adopted.**

The following recommendation of Committee on Education, Parks and Recreation was taken up:

**Accepting Bequest of James M. Huddart and Dedicating Same for Park Purposes.**

(Code No. 23.01)

Resolution No. 2968, as follows:

Whereas, James M. Huddart died on or about the 31st day of March, 1935, leaving a last will and testament wherein and whereby he devised unto the City and County of San Francisco nine hundred seventy-three and one-half (973½) acres, more or less, of land located at Woodside, in the County of San Mateo, the said devise being in the words and figures following, to-wit:

"I give and devise unto the City and County of San Francisco, State of California, to be dedicated and maintained by said City and County as a public park, those parcels of land containing 973½ acres, more or less, located at Woodside, in the County of San Mateo, State of California, and described as follows:

"All of Lot No. 1 of Tract No. 1 as said lot and tract of land are marked and numbered on a certain map entitled 'Map of the Greer Lands, situated in San Mateo County, which said map was filed in the office of the County Recorder of San Mateo County on the 22nd day of March, 1889.

"Also all of Lot No. 2 in Tract No. 1 as said lot and tract are marked and numbered on said map of the Greer Lands, except that portion thereof conveyed by J. F. Greer to Earnest Litcheu et al. by deed dated March 15, 1892, and recorded in Book 58 of deeds in the office of the County Recorder of San Mateo County.

"Should the said City and County of San Francisco fail to accept said devise within three years from and after the admission of this my will to probate, or fail or cease to maintain said property as a public park for at least twenty years from and after the date of a decree of distribution to it of said property, then and in either of such events said property shall go to the State of California, upon the conditions and for the same purposes as provided in the case of the City and County of San Francisco, and should said State of California also fail to accept said devise within four years from and after the admission of this my will to probate, or fail or cease to maintain said property as a public park for at least twenty years from and after a decree of distribution to it of said property, then and in either of such events, said property shall go to the County of San Mateo, State of California, for the same purposes."

And whereas, it appears that the said devise mentioned in said paragraph Second of said will was and is subject to the following conditions:

"In the event that my real property in San Mateo County adjoining the real property described in paragraph Second of this my said will shall be distributed to my said sister, Mary Huddart, I further direct that said property described in said paragraph Second shall be distributed upon the condition and subject to the agreement on the part of the distributee thereof that water will be furnished to said adjoining lands distributed to said Mary Huddart to the extent and in the manner in which water is now being furnished from said lands described in paragraph Second to said adjoining real property, and without cost to said Mary Huddart and to her successors in interest in said land, it being my intent that said water right shall be appurtenant to said land."

And whereas, the real property adjoining the said real property described in paragraph Second of said will has heretofore been distributed to Mary Huddart, and that therefore said real property described in said paragraph Second of said will must be distributed to the City and County of San Francisco subject to the agreement upon

the part of said City and County that water will be furnished to said adjoining lands distributed to said Mary Huddart to the extent and in the manner in which water was, on the 22d day of April, 1931, being furnished from said lands described in paragraph Second of said will to said Mary Huddart.

Now, Therefore, be it Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby accept, for and on behalf of the City and County of San Francisco, the devise of real property described in said paragraph Second of the last will and testament of James M. Huddart, deceased, and which said real property is described in said paragraph Second hereinbefore contained, upon the express understanding and condition that the City and County of San Francisco shall dedicate the aforesaid real property as a public park and maintain the same as such for at least twenty years from and after the date of the decree of distribution distributing the aforesaid real property to the City and County of San Francisco; and that, upon the failure of the City and County of San Francisco to continue to maintain said real property as a public park for at least twenty years from the date of the decree of distribution made in the matter of the Estate of James M. Huddart, deceased, distributing said property to the said City and County, said property shall revert to the State of California; and in the event that the State of California shall fail or cease to maintain said property as a public park for at least twenty years from the date of said decree of distribution, then said real property shall vest in the County of San Mateo; and the said real property which is hereby accepted by the City and County of San Francisco is accepted subject to the terms and conditions specified in paragraph Ninth of said will of said James M. Huddart, deceased, to-wit: that the said City and County will agree that water from the property accepted by the said City and County will be furnished to the adjoining lands heretofore distributed to Mary Huddart under the will of said deceased, to the extent and in the manner in which said water was being so furnished at the date of the will of said deceased, all without cost to said Mary Huddart, and said waters shall be appurtenant to the land of said Mary Huddart and to her successors.

And be it Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof are hereby authorized and empowered to enter into such agreements, on behalf of the City and County of San Francisco, as may be necessary for the carrying out of the purposes of paragraph Second and paragraph Ninth of said last will according to the terms and conditions therein set forth;

And be it Further Resolved, That when the aforesaid mentioned lands described in paragraph Second of said last will and testament of said deceased are accepted by the City and County of San Francisco, they be, and they are hereby, dedicated as a public park and that the City and County of San Francisco shall maintain said lands as such for at least twenty years from and after the date of the decree of distribution distributing said lands to said City and County to be hereafter made in the Matter of the Estate of James M. Huddart, deceased.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Re Conference With P. G. and E. Regarding Status of Its Franchises.**

The following resolution was presented by Supervisor Havenner in lieu of one on Calendar prepared by City Attorney:

(Code No. 15.09)

Resolution No. 2959, as follows:

Resolved, That the President of the Board of Supervisors, the Chairman of the Finance Committee, the Manager of Utilities, the Con-

troller and the City and Attorney be and they are hereby authorized to confer with the Pacific Gas and Electric Company relative to the status of the franchises under which they are distributing gas and electricity in the City and County of San Francisco at the present time.

Privilege of the Floor.

City Attorney O'Toole was heard at length on the foregoing resolution.

Adopted.

Whereupon, the resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Excused.

At 5:45 p. m. Supervisor Meyer was excused on account of illness.

Adopted.

The following recommendation of the Finance Committee was taken up:

**Authorizing the Re-issuance of Certain Mutilated Bonds of the City and County of San Francisco and Designated as Sewer Bonds, 1929 Issue.**

(Code No. 9.07)

Resolution No. 2969, as follows:

Whereas, Bankamerica Company did heretofore, to-wit, on the 23rd day of November, 1936, file with the Clerk of this Board of Supervisors its application that this Board of Supervisors, by resolution, authorize the re-issuance of the hereinafter described bonds heretofore issued and sold by the City and County of San Francisco for the reason and upon the grounds that said bonds, without any bad faith upon the part of the owner thereof, have been so mutilated and defaced as to impair their value to the owner; and

Whereas, it appears that on the 6th day of November, 1928, after due and proper proceedings had in that behalf, the electors of the City and County of San Francisco, by more than two-thirds of the persons voting on said proposition to issue the hereinafter mentioned bonds, authorized the incurring by the City and County of San Francisco of a bonded indebtedness in the sum of two million two hundred thousand ($2,200,000) dollars for the purpose of constructing new and additional sewers and additions to certain existing sewers in the City and County of San Francisco; and thereafter all of said bonds so authorized were duly issued and signed by the duly authorized officials of the City and County of San Francisco; and that on the 25th day of May, 1936, said City and County of San Francisco offered for sale and sold to the highest and best bidder therefor, three hundred ninety-one thousand ($391,000) dollars par value of said sewer bonds above mentioned, said Bankamerica Company being the purchaser of said bonds; and

Whereas, it appears that of the said bonds so issued as aforesaid and sold and delivered on the said 25th day of May, 1936, the hereinafter described bonds have, without the bad faith upon the part of the owner thereof, been so mutilated and defaced as to impair their value, and the value of each of them, to the owner thereof; and that each of said bonds so mutilated and defaced is capable of being identified by number and description; and that said Bankamerica Company is now the owner and holder of said bonds; and that the following is the description of the aforesaid bonds so mutilated and defaced, to-wit:

11 bonds due January 1, 1940, numbered 679, 680, 690, 692, 693, 694, 695, 696, 697, 698 and 700.

9 bonds due January 1, 1941, numbered 782, 787, 790, 792, 793, 794, 795, 796 and 800.
11 bonds due January 1, 1942, numbered 887, 888, 891, 892, 893, 895, 896, 897, 898, 899 and 900.
8 bonds due January 1, 1943, numbered 978, 981, 986, 989, 997, 998, 999 and 1000.
15 bonds due January 1, 1944, numbered 1078, 1080, 1083, 1085, 1086, 1087, 1089, 1090, 1093, 1094, 1095, 1097, 1098, 1099 and 1100.
11 bonds due January 1, 1945, numbered 1181, 1189, 1178, 1192, 1193, 1195, 1196, 1197, 1198, 1199 and 1200.
14 bonds due January 1, 1946, numbered 1278, 1279, 1281, 1282, 1283, 1284, 1285, 1287, 1288, 1289, 1290, 1291, 1292 and 1294.
13 bonds due January 1, 1947, numbered 1378, 1379, 1380, 1382, 1385, 1384, 1383, 1386, 1387, 1389, 1397, 1398 and 1399.
11 bonds due January 1, 1948, numbered 1478, 1483, 1485, 1486, 1488, 1489, 1490, 1491, 1492, 1493 and 1499.
15 bonds due January 1, 1949, numbered 1578, 1579, 1580, 1581, 1583, 1584, 1586, 1587, 1588, 1589, 1591, 1594, 1596, 1597 and 1600.
8 bonds due January 1, 1950, numbered 1679, 1681, 1682, 1685, 1689, 1690, 1696 and 1698.
15 bonds due January 1, 1951, numbered 1783, 1784, 1786, 1787, 1788, 1789, 1790, 1791, 1792, 1793, 1794, 1795, 1796, 1797 and 1798.
15 bonds due January 1, 1953, numbered 1979, 1981, 1982, 1983, 1984, 1985, 1986, 1988, 1990, 1991, 1993, 1995, 1997, 1999 and 2000.
12 bonds due January 1, 1954, numbered 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2086, 2087, 2090, 2092 and 2094.
10 bonds due January 1, 1955, numbered 2178, 2179, 2180, 2183, 2184, 2185, 2188, 2190, 2191 and 2198.

And Whereas, it has been made to appear to this Board of Supervisors that each of the bonds above referred to has, without bad faith upon the part of Bankamerica Company, the owner of said bonds, been so mutilated and defaced as to impair the value of each of said bonds to the owner thereof, and that each of the aforesaid mentioned bonds is capable, as well as the coupons attached thereto, of being identified by number and description, and that said bonds and all of the interest coupons attached thereto can be surrendered to the Treasurer of the City and County of San Francisco for cancellation and that therefore there is no necessity of taking or retaining any security upon the issuance of duplicate bonds; and

Whereas, all of the aforesaid bonds above referred to have, pursuant to the ordinances and resolutions authorizing the issuance thereof, been signed by the following officers of the City and County of San Francisco, to-wit, by Angelo J. Rossi, Mayor of said City and County; Duncan Matheson, Treasurer thereof, and John S. Dunnigan, Clerk of the Board of Supervisors thereof, and by Benning Wentworth, who was, at the time of the signing of said bonds, the Auditor of said City and County; that there is affixed to each of the interest coupons attached to said bonds the facsimile signature of John H. Thieler as Treasurer of said City and County who, at the time said two million two hundred thousand ($2,200,000) dollars of bonds was ordered issued, was the Treasurer of said City and County; and

Whereas, said Benning Wentworth who signed said bonds as Auditor as aforesaid has died and the duties of the office of Auditor have, pursuant to the Charter of the City and County of San Francisco, been merged and consolidated with the office of Controller of said City and County; and Leonard S. Leavy is the duly appointed, qualified and acting Controller and Auditor of the City and County of San Francisco; and that said John H. Thieler has resigned from the

office of Treasurer and Duncan Matheson is the duly elected, qualified and acting Treasurer of the City and County of San Francisco; and

Whereas, the said Bankamerica Company, the owner of the aforesaid enumerated bonds, has complied with all and singular the provisions and requirements of an act of the Legislature of the State of California entitled "An Act to Provide for the Issuance of Duplicates of Bonds, Warrants and Other Municipal Securities Which Have Become Defaced or Mutilated," approved February 23, 1907, as well as with all the provisions and requirements of the act amendatory thereto, relative to the issuance of the aforesaid bonds; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby order and direct that the Clerk of the Board of Supervisors who was the officer who had charge in the first instance of preparing and lithographing the aforesaid bonds, to cause a duplicate of each of the hereinbefore numbered and described bonds to be printed or lithographed, and to cause the same to be signed by Angelo J. Rossi as Mayor of the City and County of San Francisco, Duncan Matheson as Treasurer thereof, and by John S. Dunnigan as Clerk of the Board of Supervisors thereof, and by Leonard S. Leavy as Controller thereof, and that the interest coupons heretofore attached to each of said mutilated bonds, to-wit, coupons maturing January 1, 1937, and subsequent thereto to the date of maturity of each of said bonds, be attached to each of said duplicate bonds so printed or lithographed, signed or issued; and be it

Resolved, That said duplicate bonds shall be issued in all respects as nearly as possible as said original bonds mutilated and defaced as aforesaid, and that each of said duplicate bonds when issued shall be given the same number as the respective originals of said bonds, and each of said bonds shall have the respective dates of maturity as had the original bond replaced by said duplicate;

That when said duplicate bonds are so printed or lithographed and signed by the aforesaid officers, they be delivered to the owners of said original bonds mutilated and defaced as aforesaid, upon the same, together with the coupons attached thereto, being surrendered to the Treasurer of the City and County of San Francisco for cancellation; and be it

Further Resolved, That when said mutilated bonds are delivered and cancelled, and said duplicates are signed and delivered as herein directed, a record be made by the Clerk of this Board of Supervisors of the cancellation of said bonds so surrendered and that thereafter said duplicate bonds shall have the same force and effect and validity as said original bonds.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Meyer—1.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Leave of Absence of Hon. Jesse C. Colman.

(Code No. 4.053)

On recommendation of His Honor, the Mayor:

Resolution No. 2972, as follows:

Resolved, That, upon the recommendation of His Honor, the Mayor, Hon. Jesse C. Colman, member of the Board of Supervisors, is hereby granted a leave of absence of ten (10) days, commencing December 9, 1936, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Funston Avenue Approach to Golden Gate Bridge.

The Clerk read a communication from Wm. P. Filmer, president of the Golden Gate Bridge and Highway District, requesting that the Board of Supervisors take up the matter of Funston avenue approach to the Golden Gate Bridge with the State Highway Commission.

### Motion.

Supervisor Brown, seconded by Supervisor Shannon, moved that a committee be appointed to take this matter up with the State Highway Commission, said committee to be composed of three members of the Board, together with the Controller, City Attorney and the Chief Administrative Officer.

*So ordered.*

### Appointment of Committee.

Supervisor Havenner, President, appointed Supervisors Shannon, Brown and Uhl to represent the Board on the committee.

### Traffic Survey.

Privelege of the floor was extended Frederick Whitten on motion of Supervisor Brown, who presented a petition urging that the scope of contract with Mr. McClintock be extended to include all phases of traffic study.

*Referred to Streets Committee.*

### Completion of Skyline Boulevard to Woodwardia.

Supervisor Ratto moved that the Board re-introduce resolution adopted August 27, 1934 (Resolution No. 1546) calling upon meeting of representatives of various counties and organizations to promote the completion of the Skyline Boulevard to the town of Woodwardia, Santa Cruz County.

*Referred to Streets Committee.*

### Golden Gate Bridge Bus Line Application.

The Clerk read communication from Southern Promotion Association, Andrew J. Gallagher, industrial director, relative to application of Bridge Bus Lines, Inc., for certificate of public convenience and necessity to operate buses over Golden Gate Bridge and along San Francisco streets.

### Motions.

Supervisor Mead moved that the Traffic Advisory Board should be requested, in any matters such as the application of Bridge Bus Lines, Inc., to refer such matter to the Board of Supervisors so that the Board can take any necessary action.

Motion *carried.*

Supervisor Uhl moved the application of Bridge Bus Lines, Inc., for certificate of public convenience and necessity to operate buses over the Golden Gate Bridge, and on streets of San Francisco, that any petition which the Police Commission might grant be modified and that a franchise, if determined necessary, will be applied for from the Board of Supervisors.

Motion *carried.*

### Protest of Pacific Gas and Electric Application for Development of Additional Power Sites.

President Franck R. Havenner reported that pursuant to order of the Board, Supervisors McSheehy, Meyer and Havenner attended meeting of State Water Authority at Sacramento, at which a protest against

granting permit to the Pacific Gas and Electric Company to erect power plant on Feather River.

**Motion.**

Supervisor McSheehy moved that the Board go on record as opposing the application of the Pacific Gas and Electric Company for permit to erect power plant on the Feather River.

Motion *carried.*

Supervisors Brown and Havenner excused from tomorrow's meeting.

## RECESS.

Whereupon, the Board of Supervisors took a recess until tomorrow at 10 a. m., when the question of rapid transit will be taken up for discussion.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, December 14, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

## TUESDAY, DECEMBER 8, 1936, 10 A. M.

In Board of Supervisors, San Francisco, Tuesday, December 8, 1936, 10 a. m.

The Board of Supervisors reassembled pursuant to recess of Monday, December 7, 1936, for the purpose of giving consideration to the question of Rapid Transit for San Francisco.

### CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.

Absent—Supervisors Colman, Mead, Meyer, Ratto, Shannon—5.

Excused from attendance—Supervisors Brown, Havenner—2.

Supervisor Meyer reported ill and excused.

### ADJOURNMENT.

Thereupon, Supervisor McSheehy at 10:45 a. m. moved adjournment for lack of a quorum.

J. S. DUNNIGAN, Clerk.

## MONDAY, DECEMBER 14, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 14, 1936, 2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Havenner presiding.

### APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of December 3 and 7, 1936, were considered read and approved.

### SPECIAL ORDER—2 P. M.

Hearing of protests against costs and expenses for improvement on south side of Lincoln way, between 82′ 6″ and 157′ 6″ west of Forty-sixth avenue. Work by M. Bertolino.

Minnie Hanson was heard in protest declaring that the city should pay for her street work inasmuch as the sidewalks had been broken by Water Department trucks.

Ellen Fuller declared her sidewalks were good enough as there were no people living there. She said the sidewalks were constructed many years ago but have become undermined.

### Action Deferred.

Thereupon, further action was *deferred three weeks and protests referred to the Streets Committee. Minnie Hanson's protest was directed sent to the Public Utilities Commission.*

### Rapid Transit Hearing.

*No action.*

## UNFINISHED BUSINESS.

None.

## NEW BUSINESS.

### Passed for Second Reading.

The following recommendation of the Finance Committee was taken up:

**Appropriating $50,000 Out of Municipal Railway Operative Fund for Cost of Making Plans for Construction of Rapid Transit System for San Francisco.**

(Code No. 9.051)

Bill No. 1179, Ordinance No. 9.051328, as follows:

Appropriating $50,000 from the Municipal Railway Operative Fund to defray the cost of making plans and specifications for the construction of a rapid transit system for San Francisco that will be an extension and improvement to the existing Municipal Railway system.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Public Utilities Commission having requested the Mayor to recommend that an appropriation of $50,000 out of the Municipal Railway Operative Fund be made, and the Mayor having concurred in the act of the Public Utilities Commission and recommended the appropriation, for the purpose of defraying the cost of making plans and specifications for the construction of a rapid transit system of San Francisco to be used as an extension and improvement of the existing Municipal Railway, there is hereby appropriated the sum of $50,000 out of the Municipal Railway Operative Fund for the purposes hereinabove stated.

Approved by Angelo J. Rossi, Mayor.

Approved as to funds available by Leonard S. Leavy, Controller.

Approved as to form by John J. O'Toole, City Attorney.

Approved by Public Utilities Commission Resolution No. 1437 of July 6, 1936, J. W. Sharon, Assistant Secretary.

*Passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Discussion.

THE CLERK: Number one on the calendar, appropriating $50,000 out of municipal railway operative fund for cost of making plans for construction of rapid transit system for San Francisco, on passage for second reading.

SUPERVISOR UHL: Mr. President, through the Chair, is this appropriation intended for a two-track subway?

SUPERVISOR RONCOVIERI: Perhaps I can explain part at least why the committee has recommended this appropriation. This is a letter from Mr. Ost, representing Mr. Cahill: (Reading):

"By its Resolution No. 1437 the Public Utilities Commission has requested that you recommend to the Board of Supervisors the appropriation of $50,000 out of Municipal Railway Operative Fund for subway plans and specifications. To acquaint you with the conditions

prompting this request there is set forth herein the necessity for immediate action on the subway program and an estimate of proposed expenditures.

"The making of plans and specifications preparatory to entering into contracts for the construction of the subways covered by the Public Utilities report of May, 1936, will consume a number of months and should be commenced at once for the following reasons:

"1. An application for a grant of $6,775,000 has been filed with the P. W. A. to be used in the construction of the Market street subway structure. Current P. W. A. rules necessitate the completion of work covered by a grant before July, 1938. To meet this requirement the City must be allowed to award construction contracts as soon as the grant is allowed.

"2. The engineers of the San Francisco-Oakland Bay Bridge are preparing contracts for the San Francisco terminal of rail service over the bridge. The Public Utilities Commission should develop its plans for the subway station under this terminal immediately so the construction of the two structures can be co-ordinated. To wait until after the approval of bonds before designing this station will either materially increase its ultimate cost or delay the building of the bridge terminal station.

"3. The original appropriation for rapid transit study would not permit the commission to work out in full detail the most effective method of utilizing the surface street railway lines in conjunction with the subways. This study should be made at once so the proposed subways may be arranged to serve most effectively.

"4. As stated in the subway report, feeder lines are necessary to give fast service to the maximum area. These rapid transit extensions must be studied and planned to use most modern methods of transportation. As these lines will affect subway traffic they should be given immediate consideration.

"The appropriation of $50,000 requested is only sufficient to do the most urgent preliminary work. The amount requested is based on the following estimated expenditures:

"Plans for Market street subway structure.....$20,000
"Plans for Fremont street subway and station..... 15,000
"Studies of surface car and feeder service..... 7,500
"Consulting engineers' fees and expenses..... 7,500

"Respectfully yours, Paul J. Ost, Chief Electrical Engineer."

Now since it will take from six to eight months to accomplish this work your committee thought it wise to recommend to the Board to proceed immediately, so that we will be able—we probably will be able, if we are through in six to eight months, to obtain from the federal government a gift of $6,700,000, almost $7,000,000. That is the reason why, in discussing the matter of a two-rail subway or a four-rail subway, my personal view at first was that a four-rail subway should be provided; but it was explained by Mr. Cahill, and I think he will explain it again here to you, that a two-rail subway with two, three, four, five or even more cars coupled together will take our people from the lower district of the City out to their homes en masse, and that they would make up for—largely make up for what I thought, and I believe Mr. Uhl thinks, should be both a local subway track and an express—having both. Mr. Cahill also stated that it would cost about $20,000,000 more to give us the four tracks.

Now for further information along that line, Mr. Cahill is with us, and he will explain the plan, any question that may be asked.

SUPERVISOR UHL: Through the Chair, Mr. President, from the statement that has been made, this is tantamount to approving a two-track subway, is it not?

SUPERVISOR RONCOVIERI: No.

SUPERVISOR UHL: Of course it is because you read there your-

self "the construction of subways as per Public Utilities Plan of May, 1936." Will you kindly read that again?

SUPERVISOR RONCOVIERI: No—— Well, you are right about that, but Mr. Cahill stated that the change can be made at any time regarding the four tracks. However, the principal object of Mr. Cahill, as I understand it, is the Fremont subway, in order to get under that terminal building of Plan X. The terminal building will require piles, and those piles will be driven quite a distance into the earth. Now if the piles are all driven before this plan is made, it will be absolutely impossible later—well, maybe anything would be possible, but it will cost millions for our subway if we build one, to get under that building, and we should get under that building, drive right in under the building, and with elevators take the passengers up to the Oakland cars.

SUPERVISOR SCHMIDT: May I ask a question there?

SUPERVISOR RONCOVIERI: Yes.

SUPERVISOR SCHMIDT: In this appropriation—at least in appropriating this money, is it also understood that they will consider the four-track subway under Market?

SUPERVISOR RONCOVIERI: That was not definitely answered. I will submit that question to Mr. Cahill.

MR. CAHILL: The four-track subway will not be considered in that appropriation. The statement was made to the Finance Committee that at any time you gentlemen wanted to make a four-track subway the extra two tracks can be added without losing money; but this appropriation does not consider—Mr. Uhl's statement is perfectly correct, this appropriation considers starting the plan as shown in the Public Utilities report of May, 1936.

SUPERVISOR UHL: I would like to ask, through the Chair, of Mr. Cahill, what study was made of the subway along First street to the Terminal Building, Plan X terminal, and why did you select Fremont instead of First?

MR. CAHILL: We selected Fremont instead of First because it is advisable to get to the station as far east on Market street as is possible, and the furthest possible we could go, without getting into the mud, is Fremont; and therefore the furthest east point at which we could make a reasonable—a station of reasonable cost was at Fremont street. Therefore, we went to Fremont street, because that is directly under Plan X terminal.

SUPERVISOR UHL: Well, have you given consideration to taking First street, and subsequently by tunneling through First street, in order to get over to the Southern Pacific depot?

MR. CAHILL: No, sir, we have gone up Fremont street for the reason I have stated—for the reason that it is the furthest east we can get without going into the mud, and the furthest east you go on Market street is better for the people who have to use it. We did consider possibly later going from the end of Fremont over to the Southern Pacific, rather than the end of First street. That is only a short distance apart.

SUPERVISOR UHL: Well, Mr. President, I am not prepared to vote today $50,000 just for an exclusive study of a two-track subway. I would be perfectly agreeable if included in that study were the question of four tracks on Market, following closely the O'Shaughnessy plan, but with slight modifications in the report; and if a motion is in order now I would move to amend it.

SUPERVISOR RONCOVIERI: What is the amendment?

SUPERVISOR UHL: The amendment is that the study shall include the four-track subway on Market, with—and that in bringing in the report each one of the units shall be set up separately as to the cost. I offer that as an amendment.

SUPERVISOR SCHMIDT: Second the motion.

SUPERVISOR RONCOVIERI: May I ask Mr. Cahill to give us his views on that amendment?

MR. CAHILL: Gentlemen, this recommendation by the Public Utilities Commission and the Mayor to your Board is not a matter of a study. It is a matter of paying for plans and specifications for certain things which are definitely set down before you, both as to what they are, and what their cost shall be. There is $7,500 set aside for study of surface car and feeder service. If you gentlemen desire to have a part of that taken for further examination of four-track, or two-track, subway on Market street I would have no objection, provided you allow the other parts of the appropriation to go for the purpose for which they are requested.

SUPERVISOR McSHEEHY: Mr. Cahill, do you consider this a commitment on our part in reference to agreeing on the subway on Market street, in making this appropriation?

MR. CAHILL: I beg your pardon, Supervisor?

SUPERVISOR McSHEEHY: I say, do you consider this a commitment—I don't know how the Board is going to vote, but if the Board did vote for the appropriation, would it be a commitment for the plan as outlined?

MR. CAHILL: Well, it is a curious thing, Supervisor, the situation here calls rather urgently for a $50,000 expenditure. Now that $50,000 expenditure will never be necessary if you consider that never will there be necessary a subway under Market street, either two-track or four-track; but if you gentlemen consider that now, or at some time in the future, a subway, be it two-track or be it four-track, under Market street will be necessary, then you should vote this appropriation. If you do not consider that we will ever need such a thing, then you should vote against it.

SUPERVISOR McSHEEHY: Then you place that interpretation upon it, that it really is a commitment?

MR. CAHILL: It commits this to you, Supervisor, that you are taking time by the forelock, and you are trying to avoid a much greater expenditure than $50,000 at some future time, if, as and when it may be necessary for San Francisco to have a subway under Market street. Now there isn't any doubt in my mind, and there wasn't any doubt in Mr. O'Shaughnessy's mind, and that of many other men, that there should be, and must be eventually, a subway under Market street. If you don't vote this money, then you are going to spend many times the $50,000 later on if a subway is required along that street. You have the advice of many engineers; not only myself, Mr. Ost, Mr. O'Shaughnessy, Mr. Ridgeway, that Market street will have a subway some day. Now if you don't vote this you will cause the City at a later date to spend much more money trying to get under Plan X terminal. I want to point out to you that every such terminal as Plan X, in large eastern cities, take the Pennsylvania Station, take the Grand Central Station; those stations all have subways adjacent and underneath them. I have no doubt that eventually—maybe not now, but some time it will be necessary to have a subway under Plan X terminal. If you don't prepare for it while the foundations are going to be put in you are going to cost the City, in the future, many times the $50,000.

SUPERVISOR McSHEEHY: May I ask the committee—I don't know whether Supervisor Shannon was there or not—Supervisor Roncovieri, did the committee have knowledge—Supervisor Roncovieri as the chairman—does he understand this as a commitment?

SUPERVISOR RONCOVIERI: It is not a commitment.

SUPERVISOR McSHEEHY: It is a commitment, as I understand it.

SUPERVISOR RONCOVIERI: It is making preparation for something that eventually must take place; whether we do it now or five or ten years from now, a subway has been recommended by every engineer that has ever made a study of this matter in the past ten or fifteen years. But no plan has ever been prepared. I feel if financially we are able to do it, within a year or two we are going to go ahead. If we cannot, why, the plan will be there for the day when

the subway will—when the funds will be provided for a subway. Another street below the present Market street, not only from my point of view, but from the point of view of everyone who has studied this matter, another street below Market will be necessary. However, whether the street shall be wide enough to take four tracks, or two tracks, is only a matter of expense, only a matter of money. They can make four tracks if they get enough money; but the plans will be there for two or four, as I understand it. The four tracks—the plans and specifications which you intend to prepare, Mr. Cahill, is for two tracks immediately, but the third and fourth track can be added without much trouble at a later date?

MR. CAHILL: Yes.

SUPERVISOR RONCOVIERI: Without any great expenditure?

MR. CAHILL: No.

SUPERVISOR RONCOVIERI: In other words, these plans form the basis of a two or four-track subway?

MR. CAHILL: Yes.

SUPERVISOR RONCOVIERI: Now to repeat that: These plans form the basis of a subway system, having two tracks, or a four-track system, whenever we want the four track; but the same plans will have to be prepared later, unless you prepare them now, and we have a chance of getting some six or seven million dollars from the government, and if we make the application—and the application will be made, but they will not grant the money unless they are certain—the government—that the job can be completed by—I think it is 1938? —I think July, 1938. So time is of the essence. We should have the plans. If we never use them—that is, we will use them, any one with any foresight will see that in time a subway is bound to come on Market street—Market street is one of the most difficult streets for traffic, probably, in the United States; and a subway—another street below the present level is a necessity. That is the reason your committee, Mr. Brown and myself—we didn't have the good fortune of Supervisor Shannon being present and his advice—but we decided that something ought to be done, and done immediately to get the thing started.

SUPERVISOR McSHEEHY: Mr. President, I don't want—I feel this is so important—May I ask Supervisors Shannon and Brown—I have some little question in my mind—Supervisor Shannon, may I ask you this question: Do you take this appropriation as a commitment on the part of the Board of Supervisors?

SUPERVISOR SHANNON: Through the Chair, I regret that I was not at the meeting of the finance committee when this matter was considered, because there were definite questions I desired to have answered. I was in Los Angeles attending to legislation connected with the unemployment situation, the fifth meeting that the committee on finance and revenue have had, and preparing definite legislation to present to the Legislature; but as I see it, I consider that it is a definite commitment for plans and specifications for the construction of a rapid transit system; and as Mr. Cahill has always spoken about the subway I feel that we are committing ourselves to a subway.

Had I been at the committee I would have liked to have asked if any consideration were ever given, in any of these sections of San Francisco, to the Strauss Plan, the overhead mono-rail, which can be erected for about $700,000 a mile, as against $7,000,000 a mile for the subway; and on some of the streets other than Market street I feel that this system might be placed in in connection with the possible subway on Market street. So when you are through with the floor I was going to ask Mr. Cahill about that.

SUPERVISOR McSHEEHY: You go ahead, I will sit down, gladly.

SUPERVISOR SHANNON: Through the Chair, I would like to ask Mr. Cahill, what chance this Board of Supervisors, or the Public Utilities Committee, has of giving consideration to the Strauss Plan?

I don't know that it has ever been presented to the Board of Supervisors, or the Utilities Commission?

MR. CAHILL: It was presented to the Public Utilities Commission, and when we again asked Mr. Strauss for definite statements as to how, for example, you would switch a car off one of his monorails he withdrew his plan from our consideration, and asked us to take no further action. So, therefore, acting upon his request I didn't take it into consideration futher. However, I did have Mr. Ridgeway look into it quite thoroughly. He made a report on it, unfavorable to the Strauss plan. I can't see that the Strauss plan has anything, it is half-baked, has not been worked out, it has many engineering features for which the engineer, Mr. Strauss, either can not or will not give us a definite, straightforward answer. Therefore, we can not consider such a plan.

SUPERVISOR SHANNON: Thank you. I have never had the plan explained to me. I have read pamphlets about it, and it rather appealed to me, especially as to the cost; but after listening to your statement I daresay it is impracticable.

MR. CAHILL: I may say that Mr. Strauss, I believe, asked the citizens' committee on rapid transit for $25,000 wherewith to complete his plan; but of course the citizens' committee had no such money, and the Public Utilities Commission had no such money, so therefore we were not able to give it to him.

SUPERVISOR SHANNON: Answering Supervisor McSheehy's question, I don't feel that this is a commitment whereby the entire plan, as laid down by the Public Utilities Commission, is approved. If we make this appropriation I take it it will be for the plans and specifications for the complete plan as submitted to us by the Public Utilities Commission—is that correct, Mr. Cahill?

MR. CAHILL: I beg your pardon?

SUPERVISOR SHANNON: I take it that this appropriation, if we make it, is for the complete plan as presented to us by the Public Utilities Commission; the plans and specifications for the subway on Market, out Geary, and so forth?

MR. CAHILL: No, of course, that is impossible; $50,000 wouldn't be nearly enough. This is merely for the purpose of getting ready one short, first section of subway plans and specifications, on Fremont street, and Market street, so that if, as and when the P. W. A. goes ahead with its program, which we hope it will do, and it has shown considerable interest in this subway plan; so that if they go ahead we will be ready to let a short piece of subway contract.

Our failure to get P. W. A. funds has been occasioned quite often because they give us a definitely limited time in which to expend the funds, and when it takes six or eight months to make the plans and specifications for a half or three-quarters of a mile of this subway, and they give us 24 months in toto to perform the whole job—and as I say, it takes six to eight months to make the plans and specifications, why, we have to refuse the appropriation because we are not ready.

SUPERVISOR SHANNON: Then this appropriation will be for plans and specifications along Fremont street and out Market as far as Church?

MR. CAHILL: Oh, no, it wouldn't go nearly that far.

SUPERVISOR SHANNON: Then if we decided to go all the way out to Church, would we have to make an additional appropriation, or would that be taken care of in your bond issue?

MR. CAHILL: Yes. In other words, this is a part of the system. It is there for several purposes: Number one, if we don't prepare the plans so we can drive the tunnel under the Fremont station, called Plan X station, when we later do it our tunnel will interfere with their foundations and we will have many times $50,000 on that item alone; and number two, I want to get ready so that if the P. W. A. want to take a two or three million dollar bite at these things, they won't find us unprepared, and number three, I want to take some of the

money and determine where we can put these cross-town bus lines which you referred to the other day, Supervisor Shannon.

SUPERVISOR SHANNON: Thank you.

SUPERVISOR SCHMIDT: Through the Chair, your idea, then, in getting this money is to have the money—at least have the plans ready for the terminal under Plan X?

MR. CAHILL: Yes, that is the chief thing.

SUPERVISOR SCHMIDT: Then it doesn't make any difference how far you plan going up Market street?

MR. CAHILL: As far as that is concerned, no; but the point is this: I happen to think that P. W. A. is going to go on, and I believe we will get some further appropriations. The Mayor learned on his recent trip to Washington that San Francisco is definitely in line for further P. W. A. grants. Now, unless I have a chance to make some plans and specifications now, when the time comes that the Washington government may offer us benefit of a 45 per cent grant, I will not be able to advise you gentlemen that we can take advantage of such proposition by the federal government. It just can't be done when you have to take, out of a possible 24 months, eight months to make plans and specifications.

SUPERVISOR SCHMIDT: Now can we have plans that will contemplate the four-track subway as well as the two? For instance, in your report you are inclined to the two-track subway. Now there may be some difference of opinion in the Board as to the two-track and four-track subway. Now if it doesn't make any difference how far that goes up Market with this original plan, if the chief concern is the terminal near Plan X, why can't we also have the plans and specifications for the four-track subway?

MR. CAHILL: You could have, but you would have to pay considerably more money.

SUPERVISOR SCHMIDT: How much more would it be?

MR. CAHILL: I suppose it would cost about double. If you put in double the amount of work you will double the cost of the engineering.

SUPERVISOR SCHMIDT: In other words, we couldn't shorten the length of the subway as regards the first plan and take in four tracks?

MR. CAHILL: Yes, that could be done. The Board has to decide what they want.

SUPERVISOR UHL: Mr. President, and members of the Board: It is evident from the last conversation between Supervisor Schmidt and Mr. Cahill that what we should decide on first is whether we want a four-track or two-track subway. I think Mr. Cahill will positively agree if you make this appropriation it is a commitment for a two-track subway as far as he may want to go on Fremont, and on up Market, and you eliminate the four-track subway. Am I correct in that, Mr. Cahill?

MR. CAHILL: You don't eliminate the four tracks. You may at any time add two tracks.

SUPERVISOR UHL: I am not talking about the future; but it eliminates it at this time?

MR. CAHILL: The appropriation recommended here is set up on two tracks.

SUPERVISOR UHL: Let me read this to the Board—this is from Mr. Ost's statement which Supervisor Roncovieri read, the second paragraph: "The making of plans and specifications preparatory to entering into contracts for the construction of the subways covered by the Public Utilities report of May, 1936, will consume a number of months and should be commenced at once for the following reasons"—Now it is evident what that money is for, and it is a commitment for a two-track subway. No question about it. The four-track subway is not in the picture at all; and I feel that we should first decide whether we are going to have a two-track subway, or four-track subway, and the sooner we do that the better, because we will avoid delay in making request for the appropriation. I certainly won't vote for

the matter as before us today, because, if I do, it positively commits me to two tracks, a two-track subway, as per Public Utilities Commission plan May, 1936; and I also call your attention that that covers the entire plans and specifications, it does not just cover Fremont and Market, that paragraph certainly covers plans preparatory to entering into a contract for the construction of the subways covered by Public Utilities report of May, 1936.

MR. CAHILL: Mr. Ost's letter reads: "—should be commenced at once,"—not completed.

SUPERVISOR UHL: But didn't you just say the $50,000 is only for the study of Fremont and up a certain distance on Market street?

MR. CAHILL: Yes, but you didn't read the document in toto. You just read a piece of it. It says—I will just quote the thing you just now read:—"Covered by the Public Utilities report of May, 1936, will consume a number of months and should be commenced at once."—this doesn't mean that you can make plans for $50,000,000 worth of work for $50,000. That is only one per cent, and it can't be done. Also I want to call your attention to this, that in the Public Utilities Commission report it says this two-track subway may at any time be converted to a four-track subway. There is nothing to stop us from doing that, and nothing to stop you gentlemen from ordering us to do that, after we have done the first one.

SUPERVISOR SHANNON: I call for the previous question.

SUPERVISOR McSHEEHY: Well, I would like to ask Supervisor Brown if he understands this to be a commitment?

SUPERVISOR BROWN: Well, if you had been before the committee meeting, you would appreciate that at least as far as I am concerned I do not consider this a commitment to any form of rapid transit plan. I do not even consider it a commitment to the construction of a subway, regardless of how many tracks on it.

However, I think it is advisable to spend this money at this time, for two reasons: The first of which is to have available a plan for an underground station in connection with the Plan X terminal. If that plan is not available at the time the architects start drawing the Plan X details it may well result in a situation where it would either be impossible, or very expensive, to build a subway terminal at Plan X later on, the reason being that these underground terminals have to be very carefully laid out, and especially where a large structure rests over the subway terminal, the calculation of underpinning, footing, and underground spans, is very important, as you, as a builder can appreciate. That is item number one. Item number two, is this: We have been given to understand by Mr. Cahill that the P. W. A. authorities will not consider our application for P. W. A. funds unless there is available this plan which he proposes to draw—I mean the plans, I should say, which he proposes to draw. The question of availability, or non-availability, of P. W. A. funds seems to me to be a very real part of whether we should build a subway. In other words, if we get $7,000,000 from the government, as Mr. Cahill hopes, then that will go quite a ways toward paying the cost of the subway installation and may very well be a determining argument. We can't know whether we will get that $7,000,000 or not unless we spend the money to get the plans drawn up in detail.

For those two reasons I feel—I felt it was advisable to go this far along the program outlined by Mr. Cahill at this time; but I do not consider it in any way or form, so far as I am personally concerned, a commitment to any plan of rapid transit.

SUPERVISOR McSHEEHY: May I again address myself to Supervisor Brown: You heard the statement of Mr. Cahill that he considers it a commitment to some degree—am I wrong or right, Mr. Cahill? There seems to be a great difference of opinion between Supervisor Brown and yourself in reference to this being a commitment, and I would like to have this explained, because I realize as a member of the Board——

SUPERVISOR BROWN: May I ask Mr. Cahill a question?

SUPERVISOR McSHEEHY: Yes.

SUPERVISOR BROWN: Mr. Cahill, do you consider by my attitude in committee, or in voting for this, that I am irrevocably committed to a two-track subway?

MR. CAHILL: Not at all. I will say you are not committed to anything, because one can get a set of plans drawn up by an architect or engineer, and never build the building for which he gets the plan, nor is he committed to build it merely because he spends the money to have the plans drawn up.

SUPERVISOR McSHEEHY: I feel this way in reference to this entire problem—as I have said before, it is a problem, and one we have with us, whether we like it or not—we have to solve it. Every day the traffic conditions are increasing here in our city. If you drive downtown today, as I did, around Fifth and Mission, you can hardly pass over the streets.

I do know you must prepare plans, and I do know you must prepare studies, and I do know it costs money to prepare plans, and make studies. The only thing that rests in my mind, is whether I as one member—I should not make a direct commitment. I have no objection to this appropriation with that understanding, and it has been made very clear, especially the last few words of Mr. Cahill, and Supervisor Brown, a member of the committee, that it is not a commitment, it is simply the setting aside of a sum of money to make studies of the problem that is confronting this Board. Therefore, as one member of the Board, I have no objection because I believe that studies should be made, we must look into this problem in a scientific way, and the only way to make those studies is to employ men who can make the studies, and I believe Mr. Cahill will employ men who can make those studies, and when those studies are made, we, as members of the Board, will act on the studies that we receive from his department. For that reason, I am going to support the report of the committee, but it is particularly understood, and I want the record to show that as one member of this Board that it is not a commitment on my part.

SUPERVISOR UHL: May I ask, through the Chair, this question: Are you going to hold hearings here on the four-track subway?

SUPERVISOR McSHEEHY: I don't know. If you want to hold hearings, you can hold hearings, and if the Board votes to hold hearings, as one member, I will attend.

SUPERVISOR UHL: And supposing the Board votes for a four-track subway instead of a two-track subway, then where are we at?

SUPERVISOR McSHEEHY: I don't think, as one member of this Board, I could decide what was best for our City until I had received the information that I hope we shall all get by this appropriation of $50,000. I realize, as a man engaged along construction lines, that studies must be made, and I realize you often draw plans and destroy them, and drawn up another set, and finally you get a plan which you feel is the right plan. I don't know whether we are premature at this time in attempting to hold hearings until we do receive this report, because we are employing our engineering department to make a report, and we are placing a sum of money at their disposal.

SUPERVISOR UHL: What kind of a report do you expect?

SUPERVISOR McSHEEHY: I expect a report in reference to the entire traffic conditions.

SUPERVISOR UHL: We have that in the May, 1936, report, the cost and everything, the report of the Commission. Now they are coming to you and asking you to endorse, or are asking you to draw plans and specifications which when finished will be ready to call for bids, ready to send them on to Washington, and calling for two tracks.

SUPERVISOR McSHEEHY: I can't see how you can place that interpretation on it.

SUPERVISOR UHL: That is the picture.

SUPERVISOR McSHEEHY: It was just stated clearly in words,

by Supervisor Brown and Mr. Cahill, that this is not a commitment, and I don't consider it one.

SUPERVISOR UHL: All right. I want to explain my vote.

THE PRESIDENT: Well, the question is on the amendment proposed by Supervisor Uhl.

THE CLERK: May I make a request for information? Where does that go, and what is the language; what is the amendment, and where does it go in this particular ordinance?

SUPERVISOR UHL: The fifth line.

SUPERVISOR SHANNON: After what word?

SUPERVISOR UHL: Defraying the cost,—what would be the third paragraph, it starts, "Section 1. The Public Utilities Commission having requested the Mayor to recommend that an appropriation of $50,000 out of the Municipal Railway operative fund be made, and the Mayor having concurred in the act of the Public Utilities Commission and recommended the appropriation, for the purpose of defraying the cost of making plans and specifications for the construction of a rapid transit system"—for the construction of a two-track versus a four-track rapid transit system in San Francisco.

SUPERVISOR SHANNON: Repeat that, please?

SUPERVISOR UHL: For the construction of a two-track versus a four-track subway on Market street in San Francisco.

THE CLERK: I never heard of any such language, versus, in an ordinance—I am only trying to get some kind of definitive language.

SUPERVISOR UHL: Well, anything you want to make it clear, I am willing to go with that, if you will draw it up to make it clear, if you can explain the change.

THE CLERK: If you will pardon a suggestion, the languge doesn't belong in this form of an ordinance, and Mr. Cahill has told you that if you want a portion of this fund devoted to the study of a four-track proposition that he is willing to use it, but you haven't set up any of the budgetary expenditures in this ordinance. You haven't itemized it at all—I am only making suggestions here now—if you want to recommend that the Public Utilities Commission or the Mayor give consideration to a four-track subway then it is up to you and to him to give it consideration, but the language you suggest—I say this very respectfully, Supervisor Uhl—doesn't belong in this ordinance that way.

SUPERVISOR UHL: Well, it is difficult to put it in language offhanded, but the purpose of my amendment is to include at the same time the question of the four-track subway.

SUPERVISOR MEAD: Well, if you want a four-track subway it will cost twice as much money.

SUPERVISOR UHL: Not as I see it, as a layman. However, that is the thought; this Board, I believe, should first decide do you want a two-track or four-track subway. Then, after you decide which one you want, then pass this resolution for the appropriation, whichever one you decide upon. That is what I had in mind.

SUPERVISOR SCHMIDT: Mr. President, and Members: Since that question has come up, and we haven't definitely decided whether we should have two tracks or four tracks, why not defer the appropriation of this money until after we have had our hearings. I imagine this week we will be having more hearings, and a few days won't make any difference in the appropriation.

SUPERVISOR MEAD: You aren't going to complete your hearings in two or three days.

SUPERVISOR SHANNON: I would like to ask Mr. Cahill to state to the Board where two-track subways are in existence, the population they are serving, so we will get an idea. We have heard from Mr. Cahill on that and he has satisfied me that San Francisco for many years to come will be adequately served with a two-track subway.

MR. CAHILL: Well, I can cite you Boston, 900,000 population, with a two-track subway; Philadelphia, approximately 2,000,000, hav-

ing two-track subways; and Chicago, with approximately 3,000,000 or more, having two-track elevated.

SUPERVISOR MEAD: All satisfactorily working?

MR. CAHILL: All working satisfactorily, and I will further say there is only one city in the United States where there is a four-track subway, and that is New York, where there is a population of 7,000,000. We are approximately 700,000 here. I think it is a waste of money to put a four-track subway under Market street.

SUPERVISOR SHANNON: I call for the previous question.

SUPERVISOR COLMAN: And with the addition of this fact, that you have a condition in Manhattan Island where everybody travels in the same direction, north and south, it is only a very narrow section ten or twelve miles long, and with the situation here in San Francisco, with approximately 20 per cent of the people using the Market street subway, the thing doesn't stand up.

SUPERVISOR UHL: May I ask you, are the conditions the same as where the most of the traffic has to go on Market street?

SUPERVISOR COLMAN—

MR. CAHILL: That is not so, you are going to have a subway going up Geary street, and up Mission; but you only take care of 20 per cent of the people on Market, and as Mr. Cahill pointed out, why should you put another burden of $20,000,000 on the entire people when it only serves approximately 20 per cent of them? Goodness knows, it may be hard enough to build a $50,000,000 subway let alone increasing it to $70,000,000, when the additional $20,000,000 are unnecessary.

SUPERVISOR UHL: You are giving me your idea that only 20 per cent of the street-car riders are on Market street?

SUPERVISOR COLMAN: The statement was made here that this additional $20,000,000 should not be put on the rest of the people of San Francisco because it won't serve but 20 per cent of the car riders.

SUPERVISOR UHL: Didn't you make the statement a moment ago that only 20 per cent of the street-car riders used Market street?

SUPERVISOR COLMAN: The subway—that was my understanding. Let's see if I am quoting Mr. Cahill correctly. Did I make a correct statement, Mr. Cahill?

MR. CAHILL: I believe more than 20 per cent of the car riders of San Francisco use the Market street lines, but however it definitely does not serve—you cannot serve through the Market street lines the Mission district, the financial district, the North Beach district, the Marina district, nor the Richmond. You can only serve certain parts of the Western Addition, the Sunset, the West of Twin Peaks district, and a very small part on Valencia street, and on Church street. There is more than half of the city that is not served by means of the Market street car lines, and it is not fair to people who live in those districts and who will go on the mortgage, to build these four tracks to serve merely the Market street users, and leave the rest out entirely.

SUPERVISOR UHL: May I ask this question, through the Chair, of Mr. Cahill: When you have completed what you have in mind in that letter of Mr. Ost's under date of July 27th—when you have completed what you have in mind there, what is your next step?

MR. CAHILL: Long before I have completed that, Mr. Uhl, I hope that this Board will have made its mind up whether or not rapid transit is required in San Francisco, and either vote it one way or another.

SUPERVISOR UHL: And then follows a bond issue?

MR. CAHILL: Then follows whatever you gentlemen order.

SUPERVISOR UHL: Then follows a bond issue for the two-track subway.

MR. CAHILL: For whatever you gentlemen order; and if you want a four-track subway—although it will have to be referred to the City

Attorney for a decision—I believe that you can have it, but I don't know.

SUPERVISOR UHL: I can see the step we are taking, leading to a bond issue for a two-track subway, and I wish to explain my vote when it comes to the ordinance itself. I can't vote for it under these conditions. I am not going to obligate myself to follow along that program.

SUPERVISOR SHANNON: Question.

THE PRESIDENT: The question is on the amendment.

SUPERVISOR RATTO: Will you kindly read the amendment?

MR. SHAFFER: May I have the privilege of the floor?

SUPERVISOR McSHEEHY: I move the privilege of the floor for five minutes to Mr. Shaffer.

SUPERVISOR BROWN: On what matter?

MR. SHAFFER: On the matter of the connection of the subway with Plan X.

SUPERVISOR McSHEEHY: I move it be granted.

SUPERVISOR BROWN: I don't think this matter is before us. The whole matter of rapid transit is before us on a different heading, and at that time this gentleman should be given the right to address us, but not on the subject of whether we shall appropriate $50,000 by this ordinance or not.

SUPERVISOR McSHEEHY: Mr. Chairman——

THE PRESIDENT: The objection of one member precludes the privilege.

SUPERVISOR McSHEEHY: May I just say one word in reference to this to Supervisor Brown. Mr. Brown, there are men here—Perhaps you have not attended these meetings as often as I have, but I feel that there are two citizens here that have given a lot of time to this matter, and they should be given the privilege of the floor for five minutes, each, and I ask our president to look at his watch and see that they are allowed five minutes and no more. They should have that right, because we are going to make an appropriation of the people's money, and I will ask for five minutes and no more to be allowed these two men who have given a lot of time to this matter, I think they are entitled as public citizens to be allowed that privilege.

SUPERVISOR BROWN: Well, Supervisor McSheehy, the matter of rapid transit is on the calendar, and as I understand the situation we will proceed with the rapid transit when the other business of the Board is completed, and I think at that time the gentlemen should be given the privilege of the floor, and I won't object to it then; but at the present time we are not discussing the whole question of rapid transit, we are discussing the matter of an appropriation of $50,000, and at this time I think remarks from the outside are not in order.

THE PRESIDENT: You object, do you, Supervisor Brown?

SUPERVISOR BROWN: Yes.

SUPERVISOR McSHEEHY: I just wish to say to the gentlemen, our rules will not permit the privilege of the floor if one member objects.

THE PRESIDENT: The question is on the amendment.

SUPERVISOR RATTO: I would like to have it read.

THE CLERK: All I can say is, Supervisor Uhl has proposed a four-track subway.

THE PRESIDENT: Call the roll.

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—9.

THE PRESIDENT: The amendment is lost.

The question?

THE CLERK: The question is on passage for second reading.

SUPERVISOR SCHMIDT: I just want to explain my vote. That I am going to vote for the appropriation, but with this distinct understanding: That I am not binding myself, or committing myself to

just a two-track subway on Market street. In voting for this I feel that what is wanted is along the line of the plan for the terminal in the vicinity of Plan X which must be looked into at the present time, and that a certain amount of subway plan will be given us.

SUPERVISOR McSHEEHY: Mr. Chairman, so there will be no misunderstanding, and I want the record to show this: I am voting for this with the understanding that it is no commitment on my part as a member of this Board to a subway in any manner, shape or form, for a subway on Market, and I am voting this merely for the engineers at this time, and I am going to ask, if there is no objection, that a transcript be made of these entire proceedings from the start to the finish today, showing the attitude of the Board, and Mr. Cahill.

SUPERVISOR SHANNON: Well, I think we are wasting a lot of time making statements of this kind, for the reason that when we vote for a bond issue the items are specifically mentioned, and it takes eight members of this Board to submit a bond issue, and every item is enumerated in the bond issue, and it is no commitment at all.

SUPERVISOR UHL: Nevertheless, I want to make an explanation of my vote. I am voting for this with the full understanding that I am not voting for a two-track subway.

THE PRESIDENT: Mr. Coghlan has asked for the privilege of the floor.

SUPERVISOR BROWN: In order to be consistent, I am going to object to Mr. Coghlan having the floor.

THE PRESIDENT: Call the roll.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt Shannon, Uhl—11.

THE PRESIDENT: Carried.

SUPERVISOR UHL: I am going to ask the President that the proceedings here be printed in our journal as a record; I think Supervisor McSheehy has made a motion for a transcript. I will second it.

SUPERVISOR McSHEEHY: I think the journal forms the same function as a transcript.

THE CLERK: May I ask, what you want in the journal is the record of the action, not all this discussion?

SUPERVISOR UHL: I want my explanation of vote.

THE CLERK: All right.

**Passed for Second Reading.**

The following recommendation of the Finance Committee was taken up:

**Amending the Purchaser's Revolving Fund No. 9.0811 by Adding Section 6A.**

(Code No. 9.081)

Bill No. 1180, Ordinance No. 9.0812, as follows:

Amending the Purchaser's Revolving Fund Ordinance, Bill No. 38, Ordinance No. 9.0811, by adding a new section to be known as Section 6A.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby added a new section to the Purchaser's Revolving Fund Ordinance No. 9.0811 to be known as Section 6A: Balances of materials and supplies, which have been purchased or acquired out of annual appropriations made to General Fund departments and which may remain in the custody of the Purchaser of Supplies at the end of any fiscal year, shall be transferred to the Purchaser's Revolving Fund. Unused balances, which may have been encumbered by definite quantity contracts, out of funds provided by

annual appropriations to General Fund departments, shall, at the end of any fiscal year, be transferred to the Purchaser's Revolving Fund.

Final Passage.

The following emergency ordinance, recommended by the Finance Committee, was taken up:

**Appropriation of $12,800 for Temporary Employees, Meat Inspection Department.**

(Code No. 9.051)

Bill No. 1182, Ordinance No. 9.051329, as follows:

Appropriating $12,800 from the Emergency Reserve Appropriation No. 602.900.00, for the expenses of temporary employees, covering the period November 1, 1936, to and including June 30, 1937, as follows: 1 Veterinarian at $200 per month and 7 Market Inspectors at $175 per month, and for automobile allowance for 7 Market Inspectors at $25 per month, for the Division of Meat Inspection, Department of Public Health; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $12,800 be and is hereby set aside and appropriated from Emergency Reserve Appropriation No. 602.900.00, $11,400 to the credit of Appropriation No. 650.102.04 for the employment of:

1 Temporary Veterinarian at $200 per month,

7 Temporary Market Inspectors at $175 per month each,

and $1,400 to the credit of Appropriation No. 633.203.50-4 for the automobile allowance of 7 temporary Market Inspectors at $25 each per month, for the portion of the fiscal year 1936-1937 from November 1, 1936, to and including June 30, 1937.

Section 2. The moneys appropriated hereunder are to be returned to the Emergency Reserve Fund out of revenue received in excess of operating requirements under the meat inspection ordinance.

Section 3. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed hereby declare that an actual emergency exists which necessitates this ordinance becoming effective at once; that the nature of said emergency is as follows, to-wit: That the appropriation herein provided for is necessary to provide funds for the employment of the various employees above mentioned and their transportation, in order to provide for the uninterrupted operation of the Meat Inspection Division of the Department of Public Health.

Approved as to form by John J. O'Toole, City Attorney.

Passed for Second Reading.

The following recommendations of the Finance Committee were taken up:

**Appropriation of $1,614 for Room Allowance for Laguna Honda Home.**

(Code No. 9.051)

Bill No. 1183, Ordinance No. 9.051330, as follows:

Appropriating $1,614 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 651.108.00, for room allowance for Laguna Honda Home Institutional Help and Registered Nurses, for the fiscal year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,614 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropriation No. 651.108.00, for room allowance for Laguna Honda Home Institutional Help and Registered Nurses.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the Laguna Honda Home, and the Board of Supervisors does hereby declare that an emergency exists, due to a clerical error at budget time in calculating the number of employees receiving room allowance and, as a result, the Department of Public Health is with-

out sufficient funds to meet the expenses of room allowance for the fiscal year 1936-1937.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by J. C. Geiger, Director of Public Health.

Recommended by Alfred J. Cleary, Chief Administrative Officer.

**Appropriation of $50,000 for the Purchase of Foodstuffs for San Francisco Hospital.**

(Code No. 9.051)

Also, Bill No. 1187, Ordinance No. 9.051334, as follows:

Appropriating $50,000 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 653.350.00 for the purchase of foodstuffs for the San Francisco Hospital for the year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $50,000 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropria-

tion No. 653.350.00, for the purchase of foodstuffs for the San Francisco Hospital for the year 1936-1937.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the San Francisco Hospital, and the Board of Supervisors does hereby declare that an emergency exists, due to an increase in the cost of foodstuffs and an increase of approximately 5 per cent in the number of patients being cared for, which factors make the funds heretofore provided for the purchase of foodstuffs insufficient therefor.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by J. C. Geiger, Director of Public Health.

Recommended by Alfred J. Cleary, Chief Administrative Officer.

Approved by Angelo J. Rossi, Mayor.

**Settlement and Adjustment of Claims of Columbia Casualty Co. et al.**

(Code No. 6.0222)

Also, Bill No. 1191, Ordinance No. 6.022223, as follows:

Authorizing the settlement and adjustment in favor of the City and County of San Francisco of two certain actions against Columbia Casualty Company, et al., by the acceptance of $7,000 in full payment and satisfaction of all claims of the City and County of San Francisco against the defendants in said actions.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having, in writing, recommended the settlement and adjustment of action No. 245765 in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled City and County of San Francisco, etc., plaintiff, vs. Columbia Casualty Company, et al., defendants, and action No. 260048 in the Superior Court of the State of California, in and for the City and County of San Francisco, also entitled City and County of San Francisco, etc., plaintiff, vs. Columbia Casualty Company, et al., defendants, by the acceptance of the sum of seven thousand ($7,000) dollars to be paid by said Columbia Casualty Company to the City and County of San Francisco in full of all demands arising in either of said actions. And it appearing that the said offer of compromise of settlement made by the said defendants in said actions is fair and reasonable and that the same should be accepted, the City Attorney is hereby authorized to accept the sum of seven thousand ($7,000) dollars in full settlement and satisfaction of all demands arising in favor of the City and County of San Francisco and against said defendants in either of said actions, and upon payment of said sum, cause a dismissal of said actions to be entered.

**Adopted.**

The following recommendation of Public Welfare Committee was taken up:

**Endorsing the San Francisco News' Plan of Settlement of Maritime Strike.**

(Code No. 5.49)

Resolution No. 2957, as follows:

Whereas, the prolonged maritime strike involving some 40,000 men in the shipping industry on the Pacific Coast spells social and economic disaster for San Francisco and the Bay Region, paralyzing the business of this Coast; and

Whereas, on Thursday, December 3, 1936, the San Francisco News offered a plan for a port committee to be established at each port, as part of the conditions of the agreement to be entered into, consisting of one or more representatives from each side, and in any case where they fail to agree, one outside member to be designated in any manner that the two sides may agree upon; and

Whereas, this plan seems eminently fair to both sides; now, therefore, be it

Resolved, That this Board of Supervisors heartily endorses the plan of the San Francisco News and urges its immediate adoption as a fair and reasonable effort to end this disastrous and paralyzing strife that is fast throttling the business of this City and Coast; and be it

Further Resolved, That copies of this resolution be sent to the President of the United States, to all the maritime labor organizations, and to all the shipping firms involved.

Henry Smith, representing International Longshoremen's Association, urged the Board of Supervisors to adopt the resolution as he felt that it would help toward ending the strike.

Whereupon, the resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Adopted.**

The following recommendations of his Honor the Mayor were taken up:

**Leave of Absence for Honorable Philip L. Bush, Member of Board of Education.**

(Code No. 4.053)

Resolution No. 2977, as follows:

### Death of Edward J. Lynch.

Supervisor Havenner moved that the Clerk prepare suitable In Memoriam Resolution to be forwarded to the family of the late Edward J. Lynch.

The following was presented and *adopted* unanimously by a rising vote:

The Board of Supervisors learns with deep regret of the passing of Edward J. Lynch, well-known sports promoter and popular citizen of San Francisco.

His sudden death was a distinct shock to his many friends in public and private life.

The Board of Supervisors extends its sympathy to the family of the deceased.

### Death of Police Sergeant Patrick McGee.

Supervisor Shannon moved that proper resolution be prepared and forwarded to the family of the late Sergeant Patrick McGee of the Police Department.

The following was presented and *adopted* unanimously by a rising vote:

The sudden passing of Sergeant Patrick H. McGee of the San Francisco Police Department has meant a distinct loss to his bereaved family, his many friends and the department in which he served for 41 years. The records of the Police Department give testimony of the bravery and courage with which he met the problems of his hazardous position, while thousands of friends and admirers who mourn his death indicate that his faithfulness to duty was tempered with a kindliness resulting in his marked popularity.

The Board of Supervisors hereby publicly acknowledges Sergeant McGee's devotion to service and loyalty to the interests of San Francisco, and deeply regrets his untimely death. To his grief-stricken family the Board extends its sincere sympathy.

### Charter Amendment Giving Jurisdiction Over Civic Auditorium to Some Person or Body Responsible to the People.

### Charter Amendment—Park Department, Etc.

Supervisor McSheehy presented communication from Park Commission requesting that a charter amendment be put on the ballot increasing the Park allowance of 10 cents on each hundred dollars of assessed value to 12 cents on the $100. Also ten other proposed charter amendments.

*Referred to the Judiciary Committee.*

### Distribution of Hetch Hetchy Power.

PRESIDENT HAVENNER: I would like to ask Supervisor McSheehy, as chairman of the Special Hetch Hetchy Power Committee, have you made arrangements for a meeting this week for the consideration of the proposed revenue bond amendment for the municipal distribution of power?

SUPERVISOR McSHEEHY: Mr. President, no, I have not, but I have prepared a letter. I will follow up your suggestion, and I trust the Board will do something. I will read the letter I have prepared—I have not sent this letter, but I would like the advice and attention of this Board—I feel I should have their attention. This is a letter I have prepared. It is dated December 12th, but I have not yet sent it: "Honorable Harold L. Ickes, Secretary of the Interior, Washington, D.C.

"Dear Mr. Secretary: On December 4, 1936, our clerk, Mr. John S. Dunnigan, sent to you a copy of Plan 7 recommended by the Public Utilities Commission of San Francisco and approved by the Board of Supervisors; also two motions that I introduced, and which were adopted by the Board and which are now awaiting your approval.

"On February 16, 1937, a Charter election will be held to determine the rights of the Board of Supervisors to permit the sale of revenue bonds. Enclosed you will find a digest in the form of a statement made by Mr. Cahill, Manager of the Public Utilities Commission of our city, which is self-explanatory. January the 4th, 1937, is the dead line for the passing of these Charter amendments, in order that the election may be held on February 16, 1937, as forty days must be allowed, according to law, for legal advertising.

"Therefore, Mr. Secretary, I trust you will see the importance of this letter, calling your attention to the fact that time is the essence of placing this Charter amendment before the voters of San Francisco. Efforts are being made by those opposed to public ownership to try and stop this amendment from going on the ballot, and the easiest way they can stop it is to mark time. Therefore, may I ask you, in the most humble way, if you would kindly approve Plan 7 so that the Judiciary Committee, of which I am chairman, may recommend it to the Board of Supervisors, and thereby have it placed on the ballot to have it voted on in February. The State Legislature will convene in Sacramento on January 4, 1937, and all Charter amendments have to be approved by that body. Their practice has been for the past twenty years to approve all amendments that have been approved by the people; and Mr. Secretary, once more, may I state that I sincerely believe that the people will pass this amendment, which will mean the distributing of our power and the fulfilling of our contract with the government."

I prepared this letter, and I thought at first I would send it to the Secretary, and then I felt I would be perhaps presuming something as a Supervisor in sending this, and I felt I should advise with a few of my colleagues, because the time is running on—the Secretary was notified two weeks ago by our Clerk, I have his letter here, calling his attention to the passing of these two motions, and therefore I feel

that we should do something because we do—some of us on this Board —a majority of the members of this Board do want to place before the people of our city this amendment in reference to revenue bonds.

So I am going to ask you, if you feel like endorsing this letter, to do so. It would really serve its purpose much better if we sent a wire, with the purport of this letter being expressed. I don't care what we do, so long as we do something that will hasten the matter in reference to this entire Hetch Hetchy affair; because we ought to get some amendment before the people—at least we want to get some amendment before the people at this election which will be held in February. I may not have it in the proper form so as to place it in an orderly way, so I will make a motion that either the President of this Board, or myself—I happen to be the chairman of this special Hetch Hetchy committee—be authorized to send this letter to the Secretary of the Interior either in the form of a letter, or in the form of a wire. I think the wire would perhaps get action faster, and be considered faster. We all know what a busy man the Secretary of the Interior is, and therefore we must contact him as much as we can to try to get results, and try to get a result from the communication.

SUPERVISOR UHL: If you had made the explanation first I would not have asked you to read it again, but will you kindly read it again?

SUPERVISOR RONCOVIERI: Have you sent this letter?

SUPERVISOR McSHEEHY: No.

SUPERVISOR UHL: I thought you had sent it.

SUPERVISOR McSHEEHY: No, I have not. I wrote the letter last Saturday at home, and then I thought, no, it would not be fair for me —at least I would not have accomplished the result I wanted by first having it——

SUPERVISOR RONCOVIERI: Would you object to boiling that down to a telegram?

SUPERVISOR McSHEEHY: I have no objection to that.

SUPERVISOR RONCOVIERI: I would suggest that that be done by our literary clerk.

SUPERVISOR McSHEEHY: I have no objection to conferring with our clerk. All I want is results. Do you want me to read it again?

SUPERVISOR UHL: As I understand it, the import is you want hasty action on his part?

SUPERVISOR McSHEEHY: Exactly.

Then I make this motion, if I can receive a second—that I confer as a member of the Board with the Clerk of this Board, and send a telegram to the Secretary of the Interior outlining the purport of this letter.

SUPERVISOR RONCOVIERI: Second the motion.

THE PRESIDENT: Is there any objection?

SUPERVISOR COLMAN: What is the motion again?

SUPERVISOR McSHEEHY: My motion is, Supervisor Colman, that I be instructed, as a member of this Board, to confer with our Clerk and send a telegram to the Secretary of the Interior to the purport expressed in this letter.

SUPERVISOR COLMAN: Well, you are not asking me to approve anything except your asking the Secretary of the Interior to approve the plan, is that it? I do not approve the plan, as you know.

SUPERVISOR McSHEEHY: That is all right.

SUPERVISOR COLMAN: Now I don't want to cast any ballot today that would cloud my record in opposing it. If you want to ask information from the Secretary of the Interior I have no objection to that.

SUPERVISOR UHL: He is asking for an immediate answer to Plan 7.

SUPERVISOR McSHEEHY: I am asking for action on Plan 7.

SUPERVISOR COLMAN: Whether Plan 7 is in violation of the Raker Act.

SUPERVISOR McSHEEHY: No; he has already received Plan 7.

SUPERVISOR COLMAN: What are you doing then?

THE PRESIDENT: Asking for a prompt statement of his opinion as to whether Plan 7 is in violation of the Raker Act.

SUPERVISOR COLMAN: That is what I asked him. I have no objection to asking the Secretary of the Interior that question, no.

THE PRESIDENT: I would like to say to the members of the Board that I think that the Board, in view of the fact that the special election has been tentatively set for February 16th, that the Board should meet some time before the end of this week for the purpose—in order to consider the submission of Plan 7 to the people. The City Attorney has advised me that he will have the Charter amendment which I requested in readiness probably by tomorrow, and I think that the Board ought to meet and take action on it one way or another before the end of the week, if possible.

SUPERVISOR UHL: Why not next Monday, Supervisor? Any good and substantial reason?

THE PRESIDENT: Well, no good and substantial reason, but——

SUPERVISOR UHL: What is the dead line—let me put it that way?

THE PRESIDENT: I would like to state very frankly my own interest in this situation. I will probably be obliged to leave here before the end of the month, and I would like to have the privilege of voting on this proposition before I go. If the matter should be deferred until next Monday, and some member of this Board should for instance serve notice of reconsideration, I think that would be—deny me the opportunity of a final vote on the submission. I am speaking very frankly, now. I wouldn't have any objection to a consideration of it next Monday if the members of the Board—if there could be a gentleman's agreement that there would be no technical motion for a reconsideration raised against it; but if there could not be any such agreement then I would ask that the Board meet some time this week.

SUPERVISOR COLMAN: As one of those who is opposed to the submission in the form that I am led to believe that it will be presented, namely, by revenue bonds, passed by a majority, I would not resort to a reconsideration motion myself. Now—the majority will rule, so far as I am concerned. I will simply voice my protest, and give my reasons, but I will not attempt to keep something off the ballot by any tactics of any kind or character.

SUPERVISOR McSHEEHY: I am going to suggest that I feel that we owe it to you, as an old colleague, as our President, and a man that has been elevated to a high position, and if you want to call a meeting, or even suggest a meeting, I would call a meeting. Otherwise, I would suggest next Monday. I know you will have the reconsideration on the director of the Golden Gate Bridge, but I don't think it will take very long. If we met Thursday of this week—we will only have you here a few more weeks. I know the great interest you have taken in this matter, and I know how important it is, and I know how you feel about it. I would move at this time, if I could receive a second—I want to comply with your wishes—I would suggest Thursday of this week, if you don't feel you want it to run over next week. Your wishes are my wishes.

THE PRESIDENT: I wish to accommodate the convenience of the Board in this matter.

SUPERVISOR UHL May I say a word, there, Supervisor Havenner?

THE PRESIDENT: Supervisor Uhl.

SUPERVISOR UHL: You just said that if there was a gentleman's agreement reached it would not be necessary to call another meeting. I would rather see it go over until next Monday, and I am not going to resort to any such tactics, and I would ask you not to call a meeting this week if it is not absolutely necessary.

THE PRESIDENT: I would like to ask the members of the Board, and I am perfectly willing to be guided, if the members of the Board

don't feel—if there is no member of the Board who feels he would want to delay the submission of this proposition by moving for reconsideration, I have no objection whatever of it going over until next Monday.

SUPERVISOR McSHEEHY: All right.

* * * * *

SUPERVISOR RONCOVIERI: Mr. President, in this connection I want to say that I am not convinced at all that we will have an election that will cost $50,000, a special election. The main reasons given by Mr. Leavy are that there may not be sufficient money in the treasury to pay all expenses. I don't know until we find out, and I would like to know something further, see how much money has been turned in from the first installment of taxes, and if there is sufficient money to carry on the business of the City without holding a special election for a few Charter amendments, I think we better go slowly. I am not going to say anything until we know the estimates, but I do know there is $50,000 that may be saved if we don't hold a special election. Now as to everything else, it can wait.

THE PRESIDENT: Members of the Board, I hope that the distribution of Hetch Hetchy power is not going to be deferred again on the plea of economy, and I suggest to the members of the Board that they read again the transcript of the hearing before Secretary of the Interior Ickes a year ago last May, in which he indicated he would not accept any other pleas of economy, so far as the necessity for meeting the requirements of the Raker Act are concerned. I hadn't heard before that anybody had raised the question. Mr. Leavy has been acting, well, in a sort of an executive capacity, in connection with the Charter Revision Committee, and Mr. Leavy certainly did not indicate at any of those meetings that there was any problem of economy that might prevent the holding of a Charter amendment election this year.

I want to say that there might be very grave reasons to look upon any plea by this Board of Supervisors at the eleventh hour as not a plea in good faith, and I don't see any necessity for any such action at this time. There must be an election in the immediate future for the submission of the Hetch Hetchy power distribution Charter amendment, if that is not going to be deferred for two years, and that would be the result if you don't do it at this time.

SUPERVISOR UHL: Next fall, the election——

THE PRESIDENT: It will be two years, because a Charter amendment could not be ratified until the next meeting of the Legislature, which will be in two years, and I hope that submission is not going to be deferred on any question of economy at the present time.

SUPERVISOR COLMAN: Mr. President, where did you get the statement—I only heard a part of it—What was the statement you just made about economy?

THE PRESIDENT: I said that the proposed election for the submission of the Hetch Hetchy power distribution should not be deferred under any plea of economy at the present time, and I said that I had not heard any mention of any such necessity, I had not sat in at all of the meetings, the Charter amendment meetings, with Mr. Leavy, but only occasionally, but Mr. Leavy had indicated and said he expected a Charter amendment election to be held in February, and that I had not heard anybody now suggesting there wouldn't be money enough available to hold that election.

SUPERVISOR COLMAN: Excuse me; I thought you meant it was not sound grounds to reject one measure in favor of another of much greater importance.

SUPERVISOR RONCOVIERI: I would like to clear up any misunderstanding. Mr. Leavy in no way indicated there wouldn't be enough money for an election, and the objection I raised to it is not on that ground, that there wouldn't be enough, but we shouldn't waste that money; we shouldn't throw $50,000 into a special election if we can

do whatever we have to do later at some other election. I don't want to spend $50,000 for a special election unless it is absolutely necessary, and our backs are against the wall, and that will have to be shown, that will have to be shown to me.

THE PRESIDENT: I can assure you there is very urgent need for it at this time.

SUPERVISOR McSHEEHY: I hope and trust that Supervisor Roncovieri, who has gone along with us so well so many years on this Hetch Hetchy power propositions will not at this time——

SUPERVISOR COLMAN: He might be seeing the light at last.

SUPERVISOR McSHEEHY: Oh, no, Supervisor——

SUPERVISOR RONCOVIERI: Pardon me; I wasn't thinking of Hetch Hetchy. I was thinking of these Charter amendments, I think we can wait until November for all these Charter amendments, I don't think there is any special amendment of such great importance that we have to spend $50,000 in such a rush.

SUPERVISOR McSHEEHY: In the first place, you are not going to spend $50,000. It runs around forty, and even then you are not spending it all for Charter amendments. This Hetch Hetchy plan must be submitted.

In reference to the Charter amendments, there are certain sections that should be amended, and there are certain amendments that mean a great deal to San Francisco, and to all of our citizens. There is no instrument that is perfect, and that is never going to be amended in any shape or form, and you must realize that if we don't amend it now it cannot be done for two years. It is impossible, because the Legislature will meet in January of this year, and February, and, of course, they have to ratify any amendments we make. I trust no effort will be made, and I hate to see any member of this Board, and especially an old member such as you, place us in an embarrassing position such as we would be placed in under the conditions. There are people who don't wish us to attempt to issue revenue bonds so that we can acquire the necessary system to distribute Hetch Hetchy power; they don't want it to go before the people. Now you have read Mr. Cahill's report, and especially the report showing the wonderful profits that will accrue to the people of San Francisco. I just say this to you.

* * * * *

SUPERVISOR RONCOVIERI: I wish to either introduce a resolution, or if that meets objection, that I be permitted to ask this information:

Resolved, That the Director of Public Works be, and he is hereby requested and authorized to prepare a City-wide assessment district plan for the financing of the $52,700,000 estimated cost of building the subway as recommended by the Public Utilities Commission, as reported to the Board of Supervisors last May.

The desire here is that the Director of Public Works, and our City Engineer, will do exactly what they did some years ago in preparing assessment districts to build our two tunnels, I mean the Twin Peaks tunnel especially.

This involves, I hope, no expense—well, we will hear from that if it does——

SUPERVISOR UHL: $10,000.

SUPERVISOR RONCOVIERI: No, no, I don't want any expense at this time. They have the experience, they have done that same work before, and I think they have the equipment, the knowledge, and the experience, which will give to this Board an idea how to finance the subway without a bond issue. I think it is a very important thing that we should have that information; it is only information, how can we finance the subway without submitting a bond issue of nearly $53,000,000 to the people. Personally, I believe, I know what will happen to the $53,000,000 bond issue on top of the $43,000,000 bond issue, whether it be revenue bonds or not, with a limit of only $58,000,-

000 in the treasury, so I ask either that this resolution be adopted as being the expression of this Board asking for this information, or if I am refused may I go——

SUPERVISOR RATTO: You are asking for an assessment district covering the entire city?

SUPERVISOR RONCOVIERI: Yes, yes. So far as I am concerned I am not going to vote on a $15,000,000 bond issue; I am taking the entire unit——

SUPERVISOR RATTO: Pardon me; you are asking for information on the entire setup, and should we vote on only the Market street subway, then your setup would be out of order.

SUPERVISOR RONCOVIERI: No; it would not be out of order to ask the engineer's office to cover that by an assessment district plan, covering 52,000,000, or 20,000,000.

SUPERVISOR COLMAN: You want to pass this now?

SUPERVISOR RONCOVIERI: I would like to.

SUPERVISOR COLMAN: Then I ask that it be referred to the Finance Committee, you know, you would have to contact practically every man in San Francisco——

SUPERVISOR RONCOVIERI: I don't want the expense of another bond issue——

SUPERVISOR COLMAN: ——because it would be worthless unless it was done properly.

SUPERVISOR RONCOVIERI: What is your idea?

SUPERVISOR COLMAN: If you want my idea, and want it looked into, have it referred to your committee to have it looked into.

SUPERVISOR RONCOVIERI: I will do that.

* * * * *

SUPERVISOR UHL: Now then, gentlemen, what about rapid transit? What about these meetings? It is regrettable last week only four members were here and we adjourned at a quarter of eleven, we were to meet at ten o'clock.

SUPERVISOR MEAD: Right there I want to make a correction. I was excused for one hour, I think you realize that, Supervisor Uhl——

SUPERVISOR UHL: You came in, yes.

SUPERVISOR MEAD: And I am criticizing your action. I don't think you should have adjourned at a quarter of eleven.

SUPERVISOR RATTO: And at that point, Mr. President, I want to call up my situation. I stated I would not be able to be here before eleven o'clock, and I was here at a quarter of eleven myself, and Mrs. Kumerford can verify that, and my name was given in the press—when they enumerated the names of the members arriving late, my name wasn't even mentioned. Now I arrived here fifteen minutes earlier than I had expected to, and last Monday it was stated by a majority of the members that they would not be able to be here, and that is the time the meeting hour should have been changed. Now I don't mind being here through the noon hour, or any time. I have never missed a meeting, but I don't want to be quoted in the press as not being here at all, because I was here at a quarter of eleven.

SUPERVISOR UHL: The statement I made, what are we going to do about giving consideration to the subway plan?

SUPERVISOR SCHMIDT: What about a meeting Thursday morning at ten o'clock?

SUPERVISOR RONCOVIERI: All right with me.

SUPERVISOR MEAD: Okay.

SUPERVISOR UHL: I move we meet Thursday morning at ten o'clock on the subject matter of rapid transit.

THE PRESIDENT: If there is no objection, such will be the order.

SUPERVISOR UHL: I move we recess until Thursday morning at ten o'clock.

SUPERVISOR RONCOVIERI: Second the motion.

## Meetings Announced.

Board of Supervisors, recessed meeting, December 17, 10 a. m. (Rapid Transit).

Judiciary Committee, every Thursday at 4 p. m.

Fire, Safety and Police, December 17 at 3 p. m.

Health Committee, December 18 at 10:15 a. m.

Streets Committee, December 16 at 2:30 p. m.

Traffic Advisory Committee, December 17, at 2:15 p. m., in Room 251.

## RECESS.

Whereupon, on motion of Supervisor Uhl, the Board of Supervisors took a recess until Thursday, December 17, 1936, to consider the question of Rapid Transit.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, December 21, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

## THURSDAY, DECEMBER 17, 1936, 10 A. M.

In Board of Supervisors, San Francisco, Thursday, December 17, 1936, 10 a. m.

The Board of Supervisors met pursuant to recess for the purpose of giving consideration to the question of rapid transit for San Francisco.

### CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Havenner, Roncovieri—3.

Quorum present.

Supervisor Roncovieri was noted present at 10:35 p. m.

Supervisor Ratto was elected to preside.

### Motion.

Supervisor Colman moved that we proceed to discuss four-track subway on Market street as against a two-track subway recommended by the Public Utilities Commission.

*So ordered.*

Supervisor Colman thereupon suggested that Manager Cahill give his reasons for recommending two-track subway instead of a four-track subway.

Whereupon, Manager Cahill proceeded and read the following statement:

In the Public Utilities Commission report on subways dated May 25, 1936, plans are presented for serving all quarters of the City of San Francisco with rapid transit utilizing the existing Municipal Railway lines and some additions thereto. This plan contemplates among other things the construction of two tracks under Market street.

In submitting this report the requirements of San Francisco were very carefully considered. The construction proposed in the report will provide fast, convenient and comfortable transportation over direct lines between all important outlying residential districts and the downtown area including the Transbay Bridge train terminal.

In 1931 the late M. M. O'Shaughnessy, at that time City Engineer, submitted a tentative report for rapid transit in which he proposed to put four tracks under Market street with the expressed intention of primarily relieving traffic congestion on Market street. At the time his report was prepared, neither the location of the bridge across the Bay, its terminal, nor the possible effect of the bridge on San Francisco population was known. Mr. O'Shaughnessy states in the body of the report that

"There is no definite period at which it can be stated that a subway should be constructed; that it is rather a matter of opinion to be decided by all interested parties. However, it usually happens that the construction of rapid transit systems is postponed until traffic

conditions become intolerable; in the meantime the community has suffered quite a loss that cannot be measured directly."

More than five years have elapsed since this report was made public and the intolerable traffic condition mentioned above is now being experienced. The automobile traffic being brought into the City over the newly completed bridge is having a marked effect. Only those with automobiles who can afford bridge tolls and the cost of operation are able to enjoy this service. Early in 1938 the East Bay trains will be in operation to a location much more convenient than the present ferries terminal.

Automobile drivers report the travel time between San Francisco and Oakland via the Bridge as appreciably less than the time formerly spent on the ferry boat alone. With the trains in operation passengers will be provided with seats from San Francisco to their destination and a reduction in travel time of between ten to sixteen minutes, the weighted average being twelve and a half minutes.

If the use of the bridge by a limited number using automobiles is having an appreciable effect on San Francisco, a much greater change can be expected when mass public transportation at high speed is available between the two sides of the Bay.

It is my sincere belief that San Francisco may lose a considerable population through train operation over the bridge. Serious as this may be, I consider the loss of future potential population more to be feared. Therefore at this time I urge upon you the necessity of quickly reaching a reasonable solution of our local transportation problems in order that all of our efforts can be given to carry out such a plan with the utmost dispatch.

The loss of population to the east side of the Bay is not, however, the thing of greatest importance. We must at this time provide traffic relief to all sections of the City by providing rapid local transit. This can only be done by separating rails from the surface, thus increasing the capacity of the downtown streets.

Automatically the separation of rail and vehicular traffic increases both capacity and speed of operation. Market street has already reached the saturation point and relief is urgently demanded. With the present tracks, cars cannot be operated at closer headways than at present and we have no capacity for future growth.

The question now blocking progress is whether a double-track subway on Market street with other lines on Montgomery, Geary and Mission streets is preferable to the construction of a four-track subway on Market street with no betterment of transportation to the Financial, North Beach, Marina, Richmond and Mission districts. The Public Utilities report is based on the City-wide program for good reasons, and in light of many years' study of San Francisco's traffic problems, after the determination of the location of the East Bay Bridge train terminal and with the advice of eminent engineers.

In the United States, New York, Boston, Philadelphia and Chicago have rapid transit lines, all but Chicago having both elevated and subway, Chicago having elevated only. Of these cities New York only has four-track subways and all of these are on Manhattan Island. This island and the peninsula adjacent to it, is many miles long and only a few blocks wide, thus the traffic is almost exclusively north and south over long distances. The Buenos Aires subways have two tracks and Sydney, Australia, with a population twice that of San Francisco, has but two tracks in its subways.

The matter of putting four tracks under Market street was discussed with Messrs. Robert Ridgway and Alfred Brahdy and these —gentlemen recognized authorities on the subject of rapid transit— were most emphatic in their statement that they did not believe a four-track subway should be constructed under Market street at this time and that they doubted if four tracks would ever be required in San Francisco. They suggested, however, that on account of the peculiar configuration of the downtown streets, it would be well to

arrange the two tracks under Market street so that additional ones might be added later if and when found necessary.

Experience has demonstrated conclusively that with the train operation in a two-track subway 60,000 to 90,000 passengers per hour can be handled in each direction. From the data included in the 1931 rapid transit report it can be seen that less than 75,000 passengers are carried daily on the most heavily loaded section of Market street, between Taylor and McAllister streets. This is the combined traffic of the Market Street and Municipal Railways. Approximately 15,000 of these people travel between 5:00 and 6:00 p. m. With trains, a two-track subway could handle from four to six times this many people.

The Public Utilities plan contemplates a continuous subway without the interruption of a branch from the Bridge terminal to Van Ness avenue, where for the time being it is proposed to take off the line into the Mission district. Later this Mission street branch can be removed from Market street and operated east under Mission street; this will furnish a high-speed route without branch connections east of Church street.

The expression "rapid transit" connotes high speed which necessitates the safe separation of individual operating units. Additional capacity will be obtainable by increasing the number of cars in a unit.

The present bonding limit of the City is under $60,000,000. The Public Utilities plan spreads out the $52,700,000 proposed to be expended in such a way as to give excellent service to practically all parts of the City. Careful study has not disclosed a more effective method of spending the funds which can be made available for rapid transit.

Thirty-four and three-tenths per cent of the street car riders of San Francisco use the routes which operate on Market street. This comprises both the Market Street Railway Company lines and the Municipal Railway lines. The proposal which has been made to put four tracks under Market street would, therefore, benefit only 34.3 per cent of the street car riding population. The other 65.7 per cent will get no benefit from a four-track subway system on Market street. As I have pointed out, to build such a four-track subway on Market street would utilize all of the money available for rapid transit purposes for all of the City. The 65.7 per cent of the poeple who would not be benefited by a four-track Market street subway would nevertheless have a burden imposed upon them equal to that which would be assumed by the 34.3 per cent of the riders who would be benefited. It is unfair and palpably unjust to spend more than $50,000,000 for the benefit of approximately one-third of the people of San Francisco, to the exclusion from any benefit of the other two-thirds who must, nevertheless, assume two-thirds of the burden.

As developed in my letter to the Honorable Board of Supervisors under date of November 7, 1936, construction of the four tracks on Market street will preclude the construction of the Geary-Montgomery route and the Mission street route at this time. As a part of the service on Market street would be operated by the Market Street Railway, it would be necessary for them to provide the additional track and equipment required to handle their traffic. The preliminary estimate of this cost is $4,900,000 which does not include interest during construction or the value of the company's investment which will be extinguished. In view of the company's financial showings it is improbable that it can be induced to invest another $5,000,000 in new plant and retire the investment no longer required.

If the Public Utilities plan is to be augmented by two additional tracks under Market street the total initial expenditure will be increased by $30,000,000. The two tracks additional will require the City to invest $22,500,000 in subway structures to be used exclusively by the Market Street Railway Company.

New York City, Boston and Philadelphia have built subways which

they have leased under contract for operation by private organizations. In no case have the results been satisfactory. The Boston Metropolitan District transportation is under the control of the State. The fare is 10 cents and during the depression additional money has been secured from taxation. In New York the operating companies have failed to pay the contract rentals. In Philadelphia the fare is eight cents (2 for 15 cents) with a charge of three cents for transfers between rapid transit lines and street cars or buses and the company has been unable to meet its financial obligations.

In view of the experience elsewhere, it is very unwise at this time to enter into any entangling agreements with the private corporation. Joint use of the two-track subway under Market street is not practicable because it will not have sufficient capacity with single car units and because operation by two organizations on the same tracks is difficult and unsatisfactory where service is rendered at high speed. The service resulting from spending $50,000,000 for four tracks on Market street will neither serve as many patrons nor as many sections of the City as the Public Utilities plan. It will also necessitate the company's consent to the expenditure of over $5,000,000.

For the reasons given above I again commend to you the Public Utilities plan and urge upon you the necessity for immediately settling on a rapid transit program for the purpose of shortening the running time between the outlying residential and downtown districts, retaining our present population, increasing the value of local property, preventing the decentralization of our business, stabilizing downtown real estate values, improving vehicular traffic flow downtown by taking two car tracks off Market street.

Time is of the essence of this matter. Bridge trains will be operating into San Francisco within fifteen months. Under the best of conditions the entire rapid transit program proposed cannot be placed in service under forty-eight months. For this reason precious time should not be lost in quibbling over questionable benefits compared to what has already been fully stated as the probable results of carrying out the program recommended by the Public Utilities Commission.

Construction costs are rising rapidly and there is no assurance that the present favorable financial market will continue indefinitely. These two items have a direct bearing on the ultimate cost of the project and either is of sufficient moment to demand immediate action.

---

Manager Cahill thereupon referred to his report of October 8, page 15, as to his reasons for recommending a two-track subway instead of a four-track subway in Market street.

He referred to his report of November 7, page 9, as to the cost of the O'Shaughnessy plan.

Statement of Supervisor Meyer.

Supervisor Meyer thereupon read the following statement:

Mr. Chairman: This Board has been considering Rapid Transit for a long time. Every phase of the problem has been brought out, I believe, and discussed by Board members and by representatives of the public before this Board. The one thing this Board has not done is to adopt a plan of procedure to bring the whole matter to a head. I propose to suggest such a plan.

But before doing so, I would like to call attention to one factor in the situation that has not as yet been clearly faced by this Board. That is that the new charter of the City and County sets forth clearly the respective powers and responsibilities of the Board of Supervisors and the Public Utilities Commission with regard to this problem.

Rapid Transit, if provided by the City, will be the extension of an old utility, namely the Municipal Railway.

Section 121 of the Charter says "The Public Utilities Commission

shall have charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities. . . ."

It further states: "The Commission shall locate and determine the character and type of all construction and additions, betterments and extensions to utilities under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions from the public funds under its jurisdiction. . . ."

There is more to the section, but the rest is either concerned with matters not before us now or with procedure within the commission itself: for instance, "in each such case (involving a utility extension or betterment), it (the commission) shall secure the recommendation of the manager of utilities, which shall be presented in writing and shall include analysis of cost," etc.

Now this states clearly that the type and character of a new utility, or extension of an existing one, is the responsibility of the Public Utilities Commission. It is not ours, except to an incidental degree as we decide whether to pass along a proposal for the votes of the people, and as we provide for the financing of what the voters decide upon.

When we ascertain that the Utilities Commission has gone into the problem thoroughly before coming to a conclusion in the form of a recommendation, when we find that the commission has not relied entirely upon the judgment of its own engineers, who themselves are eminently able, but has engaged the services of the outstanding rapid transit experts of the nation, we must be very presumptuous indeed to put our own judgment or that of non-qualified representatives of the public, ahead of those who formulated the proposal before us.

Granting that some of our own engineers, and some of the representatives of the public who have appeared before us, are influenced by the highest motives, still it remains that the job of planning a rapid transit system is a technical one that only the most highly qualified experts should do.

So we have the charter saying who should plan rapid transit, and we have a well-considered proposal, supported by outside experts, from those who legally should plan such a system.

It is our task to decide whether or not San Francisco needs rapid transit, particularly in view of the completion of the Bay Bridge. If, even, we are not convinced that San Francisco needs, or can afford, an adequate transportation system, it still must be decided by us whether we should let the people decide if they want rapid transit.

Now I don't think this Board, owing to the many controversies that have been opened up, is ready to decide the final question at once. Only when we have decided various phases of the problem can we reach unanimity on the question as a whole.

I therefore wish to announce a series of motions I intend to make. Taken all together, I believe these motions will constitute a logical plan of procedure. It is not my intention to force anyone into line, but merely to end arguments that will lead nowhere. If a logical procedure is followed I do not believe much more time will be required to mark up real progress on rapid transit, and by making progress this Board will relieve its members of much grief and of ever mounting and perhaps justified public criticism.

The motions I intend to make, to bring this matter to a head, are as follows: (I am not making them now, but intend to make them one at a time).

1. I move that this Board go on record as favoring the provision of an adequate system of rapid transit for the citizens of San Francisco.

2. I move that this Board go on record as favoring subways, as against elevated railways, for the trunk lines of a rapid transit system.

3. I move that this Board go on record as favoring a two-track subway as recommended by the Public Utilities Commission, rather than a four-track subway on Market street.

4. I move that this Board go on record as favoring a general obliga-

tion bond issue, which would in the final analysis be paid off by increases in property values brought about by the improvement in transportation, to finance rapid transit construction.

5. I move you that the Clerk of the Board be directed to inquire of the Public Utilities Commission as to two things: (1) Whether the possibilities of the City purchasing the Market Street Railway should be permitted to delay submission of a rapid transit bond issue to the people, and (2) When the commission would advise submitting the transit proposal to the voters.

6. I move that the Public Utilities Commission's subway and rapid transit proposal be submitted to the voters in the form of a bond proposition, and that the Board go on record favoring its ratification by the voters.

At this time I will formally make the first of the proposed list of clarifying motions:

Motions of Supervisor Meyer.

Supervisor Meyer, seconded by Supervisor McSheehy, moved that this Board go on record as favoring the provision of an adequate system of rapid transit for the citizens of San Francisco.

No objection and it was *so ordered.*

Supervisor Meyer, seconded by Supervisor Colman, moved that this Board of Supervisors go on record as favoring subways as against elevated railways for the trunk lines of a rapid transit system.

## FRIDAY, DECEMBER 18, 1936, 10 A. M.

In Board of Supervisors, San Francisco, Friday, December 18, 1936, 10 a. m.

The Board of Supervisors met pursuant to recess of Thursday, December 17, 1936, for the purpose of continuing discussion of the question of rapid transit for San Francisco.

## CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—6.

Absent—Supervisors Brown, Colman, Havenner, Meyer, Shannon—5.

Quorum present.

Supervisor Meyer was noted present at 11:30 a. m.

Supervisors Brown and Colman excused.

Supervisor Ratto was elected to preside.

Question: Supervisor Meyer's motion that this Board go on record as favoring subways as against elevated railways for the trunk lines of a rapid transit system.

Privilege of the Floor.

P. R. Thompson, chairman of Traffic Committee of the Central Council of Civic Clubs, was granted the privilege of the floor and heard at length.

Hugh R. Pomeroy, planning advisor for San Mateo County, was heard with respect to furnishing rapid transit into San Mateo County.

Cleve Schaffer read statement in explanation of his plan for rapid transit for San Francisco.

Cornealius Murphy, representing Owners and Lesses Apartment House Association, was also heard at length on the subject.

**Motion.**

Supervisor Uhl moved that we request Mr. Pomeroy to take this message to Supervisors of San Mateo that we are desirous of cooperating in urging the Southern Pacific to bring their interurban trains into the heart of San Francisco.

(Transcript of discussion on file in Clerk's office.)

**Letter from P. R. Thompson, Chairman, Traffic Committee, Central Council of Civic Clubs, San Francisco, California.**

December 18, 1936.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen: The present street car transportation of San Francisco can be speeded up by the following method:

All of the local traffic on Mission street between McCoppin and the Ferry to be removed. All of the local traffic on Valencia street from McCoppin to Mission or connection with San Jose avenue that will terminate in Bernal Cut to be removed. This would establish a surface route for rapid transit service via Mission to McCoppin, over McCoppin to Market, and through the Sunset Tunnel and the Twin Peaks Tunnel to the outlying districts. The Valencia street would provide a rapid transit route from McCoppin to Bernal Cut. This latter route to serve the southern districts via surface connection, Bernal Cut, and also the "40" line of the Market Street Railway. Traffic signals on these routes to be synchronized and be automatic, controlled by the movement of the trains or cars.

In my opinion the traffic could be speeded up via these routes and create a saving of ten minutes to the outlying districts of San Francisco, and perhaps more.

This would provide a rapid transit service on Mission street just below and convenient to the Market street business district, and on Valencia street just west of and convenient to the Mission district.

The local traffic would remain on Mission street from McCoppin south and west and be turned into Market street at Twelfth or Eleventh where the tracks run up to Market, thereby increasing the downtown Market street travel, and leaving the Mission business districts its local service on Mission street just as it is today.

The North Beach section should be connected via First and Battery streets to Columbus avenue and the outlying surface lines by the same method.

The present charter provides that this may be done by joint agreement and certainly an effort should be made to negotiate such agreements until and if the Market street is acquired by the City. The joint agreement might well include conditions leading up to the acquisition if a reasonable and fair proposition can be accepted to become a part of the agreement.

The two systems should be unified, and the people afforded the service that unification would bring about. But any proposal, in my opinion, to acquire the Market Street system should also include the "40" line running to San Mateo which is the most profitable line that the system has and has the greatest revenue possibilities of any of its units. It has been rumored that there is some new arrangement going to take place that will turn this "40" line over to the Southern Pacific

Company which would detract materially and seriously from any proposal to acquire the Market Street system.

A proposal to improve the service by making the two inner tracks on Market street rapid tracks and synchronize the traffic signals so that the traffic on the inner track could make two or three blocks at a time, is, in my opinion, inferior to the above proposals.

Yours very truly,

P. R. THOMPSON,
Chairman, Traffic Committee,
Central Council of Civic Clubs.

### Motions.

Supervisor Uhl moved that this matter be made a Special Order of Business for Monday, December 21, 1936, at 2:30 p. m., and that Mr. Cahill be requested to be present. *So ordered.*

Supervisor McSheehy moved that Supervisor Meyer's prevailing motion be *carried* on the Calendar. *So ordered.*

### Death of Battalion Chief Thomas Murphy.

On motion of Supervisor Schmidt, seconded by Supervisor McSheehy, the following was *adopted* unanimously by a rising vote:

"It is with feelings of the most profound sorrow that the members of the Board of Supervisors learn of the death of First Assistant Chief Thomas J. Murphy of the San Francisco Fire Department.

Because of his warm heart, his interest in the welfare of his fellows, his love for the department in which he faithfully served, and all engaged therein, Chief Murphy had formed a close personal friendship with a host of San Franciscans, many such friendships bearing the test of long years.

But whether the relationship extended over one year or forty, there is not an acquaintance or friend who does not feel a deep sense of personal loss in the death of Chief Thomas J. Murphy.

The members of the Board of Supervisors extend heartfelt sympathy to the family of this courageous fireman who labored for 41 years in the service of the city he loved."

## ADJOURNMENT.

Whereupon, the Board of Supervisors, at 1:40 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

---

## MONDAY, DECEMBER 21, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 21, 1936, 2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Havenner presiding.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of December 8 and 14, 1936, were considered read and approved.

## MOTION TO RECONSIDER.

### Appointment of W. D. Hadeler as Golden Gate Bridge Director.

(Code No. 12.111)

Resolution No. 2971, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect W. D. Hadeler, vice Francis V. Keesling, as a director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for a term of four years.

This appointment to become effective from and after December 24, 1936.

*December* 14, 1936—*Adopted by the following vote*:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Shannon—6.

Noes—Supervisors Brown, Colman, Roncovieri, Schmidt, Uhl—5.

Before the result of the foregoing vote was announced, Supervisor Colman changed his vote from *No* to *Aye* and moved for reconsideration at next meeting.

### Motion.

Supervisor Colman, seconded by Supervisor Brown, moved that the question of reconsideration of the above matter be postponed one week.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Roncovieri, Schmidt, Uhl—5.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Shannon—6.

Whereupon, the roll was called on the question "Shall the vote whereby the foregoing resolution was adopted be reconsidered" and the same was *defeated* by the following vote:

Ayes—Supervisors Brown, Colman, Roncovieri, Schmidt, Uhl—5.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Shannon—6.

## SPECIAL ORDER—2:30 P. M.

### Rapid Transit.

December 17, 1936—Supervisor Meyer, seconded by Supervisor Colman, moved that this Board go on record as favoring a subway as against an elevated for trunk lines for a rapid transit system for San Francisco.

Supervisor Meyer moved the adoption of the pending motion, to-wit:

That the Board of Supervisors go on record as favoring a subway rather than an elevated system for trunk lines for rapid transit in San Francisco.

*So ordered.*

Supervisor McSheehy, seconded by Supervisor Shannon, moved that action on the foregoing motion be deferred temporarily.

Supervisor Meyer, seconded by Supervisor McSheehy, moved that this Board of Supervisors go on record as favoring a two-track subway in lieu of a four-track subway on Market street.

After discussion, Supervisor McSheehy moved the previous question.

The Chair put the question, "Shall the previous question now be put?" which *carried* by the following vote:

Ayes—Supervisors Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Brown—1. (Excused to attend meeting in the Controller's office.)

Upon his return from the Controller's office, Supervisor Brown moved to rescind the action above taken in order to permit him to vote on the question.

There being no objection, it was *so ordered.*

Whereupon, the roll was called and the motion was again *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—9.

Noes—Supervisors Schmidt, Uhl—2.

Thereupon, Supervisor Uhl presented a resolution providing for a bond issue of $19,875,000 for a subway as an alternative plan to that presented by Manager of Utilities Cahill, which was, on motion, *referred to the Public Utilities Committee.*

Supervisor Meyer moved that this Board go on record as in favor of a subway as against an elevated on the routes recommended by the Utilities Commission in its report of May 25, 1936.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

(At 5 p. m. Supervisor Brown again asked to be excused to attend meeting in Controller's office.) *So ordered.*

Supervisor Meyer moved that the Board of Supervisors go on record as favoring general obligation bond issue which would in the final analysis be paid off by increase in property values brought about by the improvement in transportation to finance rapid transit construction.

Supervisor Shannon moved that all rapid transit matters referred to in Supervisor Meyer's report, from and including No. 4 to the end, be made a special order of business for discussion at the next meeting of the Board.

*So ordered.*

(Transcript of Rapid Transit discussion on file in Clerk's office.)

## NEW BUSINESS.

**Adopted.**

The following recommendations of the Finance Committee were taken up:

**Authorizing Issuance and Sale of Tax Anticipation Notes.**

(Code No. 9.033)

Resolution No. 2979, as follows:

Whereas, Ordinance No. 9.0338, heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain tax anticipation notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1937, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of the said City and County, it is necessary to forthwith issue and offer for sale tax anticipation notes as authorized by said ordinance above mentioned to the amount of two million ($2,000,000) dollars; now, therefore, be it

Resolved, That the President of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid tax anticipation notes, to the amount of two million ($2,000,000) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said tax anticipation notes to the amount of two million ($2,000,000) dollars, and that sealed bids or

offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, the 4th day of January, 1937, and that said tax anticipation notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to May 15, 1937.

Further Resolved, That Orrick, Palmer & Dahlquist, attorneys at law, are employed to furnish legal opinion on validity of tax anticipation notes authorized by Ordinance No. 9, the fee therefor to be $666.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by Duncan Mathewson, Treasurer.

Recommended by Leonard S. Leavy, Controller.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Confirming Lease of Jefferson Street Property to Di Maggio.**

(Code No. 12.17353)

Also, Resolution No. 2980, as follows:

Whereas, pursuant to Ordinance No. 12.173533, Bill No. 1142, the Director of Property advertised in the official newspaper that bids would be received by him on November 20, 1936, for leasing the following described City owned real property situated in the City and County of San Francisco, State of California:

Commencing at a point on the southerly line of Jefferson street distant thereon westerly 137.5 feet from the westerly line of Taylor street; running thence westerly along the southerly line of Jefferson street 50 feet; thence at a right angle southerly 137.5 feet; thence at a right angle easterly 50 feet; thence at a right angle northerly 137.5 feet to the point of commencement.

Whereas, in response to said advertisement, Thomas Di Maggio & Company offered to lease said land for a period of ten years at a rental of $75 per month, beginning January 15, 1937, no higher bids having been made or received; and

Whereas, Thomas Di Maggio & Company have paid the sum of $75 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Public Utilities Commission has recommended said lease; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary lease to Thomas Di Maggio & Company. Said lease shall be made subject to the following conditions, and such other conditions and reservations as may be deemed necessary or desirable by the City Attorney and the Director of Property: Any building and equipment erected on the land by the lessee shall be limited to a cost of $5,000, the investment to be amortized at 10 per cent per year. The City reserves the right to cancel the lease after 30 days' notice upon payment to the lessee of the unamortized value of the building. At the expiration of the lease, the building shall revert to the City. The building shall be insured by the lessee.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

**Passed for Second Reading.**

The following recommendation of Finance Committee was taken up:

**Appropriation of $10,500 for Truck Hire for the Department of Public Works.**

(Code No. 9.051)

Bill No. 1193, Ordinance No. 9.051338, as follows:

Appropriating $10,500 from Emergency Reserve Appropriation No. 602.900.00, for truck hire for the Department of Public Works; $9,500 to the credit of Appropriation No. 643.203.00, Bureau of Sewer Repair, and $1,000 to the credit of Appropriation No. 642.203.00, Bureau of Street Cleaning.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $10,500 is hereby set aside from Emergency Reserve Fund Appropriation No. 602.900.00, for truck hire for the Department of Public Works; $9,500 to the credit of Appropriation No. 643.203.00, Bureau of Sewer Repair, and $1,000 to the credit of Appropriation No. 642.203.00, Bureau of Street Cleaning.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the Bureaus of Sewer Repair and Street Cleaning, Department of Public Works, and the Board of Supervisors does hereby declare that an emergency exists, due to an increase in rates for truck hire established by the California Railroad Commission, which makes the funds heretofore appropriated insufficient for the purpose.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by William Worden, Director of Public Works.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved by Angelo J. Rossi, Mayor.

Approved as to funds available by Leonard S. Leavy, Controller.

The following recommendation of the Finance Committee was taken up:

**Reducing License Fee on Apartment Houses.**

(Code No. 3.041)

Bill No. 1195, Ordinance No. 3.04166, as follows:

Amending Section 12 of Ordinance No. 5132 (New Series), entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco," in effect July 1, 1920, by reducing the license fee on apartment houses and repealing Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and repealing all ordinances and parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 12 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 12. Every person, firm, partnership or corporation maintaining, conducting or operating an apartment house shall pay an annual license fee as follows, to defray the cost of inspection and regulation by the Division of Housing Inspection of the Department of Public Health, Fire Prevention Bureau and Bureau of Licenses, and no permits of occupancy shall be issued by the Division of Housing Inspection therefor without said license first having been had and obtained.

Apartment houses of less than 20 rooms, $4 per annum;
Apartment houses of 20 to 29 rooms, $6 per annum;
Apartment houses of 30 to 39 rooms, $8 per annum;
Apartment houses of 40 to 49 rooms, $10 per annum;
Apartment houses of 50 rooms or over, $12 per annum.

Said license fee for the fiscal year 1935-1936, shall be due and payable on the effective date of this ordinance and subsequent fiscal years shall be due and payable on the first day of October of each year. No deduction in the amount of said license fee herein provided for shall be allowed although the time for which it is paid is less than a full year.

This inspection and regulation shall be made by the Division of Housing Inspection of the Department of Public Health and the Fire Prevention Bureau at least once a year and as often thereafter as may be deemed necessary.

For the purpose of this ordinance an apartment house shall be deemed to be any building or portion thereof, more than one story in height, which is designed, built, rented, leased, let or hired out to be occupied, or which is occupied as the home or residence of four (4) or more families living independently of each other and doing their cooking in the said building (expressly excluding from the said definition of an apartment house and the operation of this ordinance four (4) to six (6) flat dwellings).

An apartment is a kitchen and one or more contiguous rooms which are occupied or intended or designed to be occupied by one family for living and sleeping purposes in an apartment house.

A kitchen is any room used or intended or designed to be used for cooking and preparation of food.

A room is any legal, habitable space, between two floors, and a floor and a roof, of an apartment house, and divided and separated by proper partitions and doors.

A family is one person living alone or a group of two or more persons living together in an apartment, whether related to each other by birth or not.

Section 2. Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and all ordinances and parts of ordinances in conflict herewith are hereby repealed.

The following resolution was *laid over until Thursday morning, December* 24, 1936:

**Water Rates Recommended by Public Utilities Commission to Be Charged for Domestic, Commercial, Industrial and General Uses.**

(Code No. 15.022)

Resolution No. 2995, as follows:

Resolved, That, pursuant to Resolution No. 1680, passed by the Public Utilities Commission after due publication of notice of hearings by the said Commission and public hearings having been held in accordance with the said notice of intention to revise water rates, the following schedule of rates for water service applying to domestic, commercial, industrial and general uses in San Francisco and suburban districts, as recommended by the Public Utilities Commission, be, and the same is hereby adopted:

*General Uses—Metered Service.*

Applying to Domestic, Commercial, Industrial and General Uses in San Francisco and Suburban Districts.

*First*—A monthly service charge based on the sizes of meters. On batteries of meters the charge is to be based on the size of single meter of equivalent capacity.

⅝" (Standard residential and small commercial service) $0.70 per month.

| | | | |
|---|---|---|---|
| ¾"—$1.10 | 1½"—$2.70 | 3"—$ 8.65 | 6"—$27.00 |
| 1 "— 1.60 | 2 "— 4.85 | 4"— 13.50 | 8"— 43.20 |

*Second*—For water delivered, based on monthly readings:

For the first 3,300 cubic feet—25.9 cents per 100
For the next 30,000 cubic feet—22.7 cents per 100
For all over 33,300 cubic feet—19.4 cents per 100

*Dock and Shipping Supply.*

For regularly metered service—"GENERAL USE" charges to apply.
For Special Shipping Service—including hose cart and other special

service from open docks through common hydrants where delivery is not through a service and meter for which the taker is responsible.

For the first 1,300 cubic feet—$1.08 per 100
For the next 2,000 cubic feet— .259 per 100
For the next 30,000 cubic feet— .227 per 100
For all over 33,000 cubic feet— .194 per 100

Minimum charge for each delivery, trip or monthly use, $2.70.

*Except*, that applicable only to all usage in excess of 33,300 cubic feet in any month, by new consumers, applying for service after the effective date of this schedule, and to that portion only of the metered delivery made in any monthly period to any consumer of one year or more standing which is in excess of the metered delivery made to such consumer in the corresponding full monthly period of the preceding year, the following "Special Rates" shall apply:

For the next 300,000 cubic feet (above 33,300)—18 cents per 100.
For all over 333,300 cubic feet —10 cents per 100.

Service charges and usage charges for the first 33,300 cubic feet shall be applied to all water service in accordance with the Schedule for General Uses and Dock & Shipping Supply, as hereinbefore set forth.

These "Special Rates" for consumption in excess of 33,300 cubic feet per month are established as an inducement to promote the sale of "surplus water" now available through the San Francisco Water Department to consumers in San Francisco and the Suburban Districts. Said "Special Rates" shall apply only to those cases where an actual increased usage of water is involved, and shall not apply to those cases where services have been consolidated, or to new accounts where a change of name or ownership of a going business has occurred except to such extent as an actual increase of total usage has taken place.

These "Special Rates" shall be continued in effect as long as such "surplus water" is available, or until this schedule of rates shall be duly modified in accordance with the requirements of law.

*Builders' and Contractors' Supply.*

Metered Service—Through permanently metered services or through temporary services, the cost of which temporary service installation is to be paid by the contractors—"GENERAL USE" charges to apply.

Service through fire hydrants and other unmetered services—(The contractor to obtain permission for use of fire hydrants from the Board of Fire Commissioners.)

For water required for concrete, brick, rubble or other masonry construction, per cubic yard, 11 cents.

For water required for each barrel of cement or lime for any purpose, 11 cents.

For water required for grading streets, including water used by steam rollers, per 100 square feet, 8.6 cents.

For water required for settling earth fills, grading and backfilling trenches, including water required by steam roller, per cubic yard of earth, 4.3 cents.

For water required for small steam or gas engine used on construction work, per 8-hour day, 43 cents.

*Automatic Fire Sprinkler Service.*

Applicable only to straight automatic fire sprinkler service to which no connections for other purposes are allowed and which are regularly inspected by the underwriters having jurisdiction and are connected to an alarm system and installed according to specifications of the San Francisco Water Department and are maintained to the satisfaction of said department and are protected against theft, leakage or waste of water, first, a monthly service charge on all sizes of meters, $3 per month, and second, for water delivered, based on monthly readings, "General Use" charges to apply.

*Public Uses.*

Fire Hydrants—Monthly charges for each municipal fire hydrant attached to the system of the San Francisco Water Department, $3.

Public Buildings, Parks and Other Metered Service, "General Use" charges to apply.

Street Sprinkling and Flushing—Quantities to be computed from records of tank wagons. All such water to be taken as one amount although drawn from various hydrants and charged for at "General Use" rates. No service charge is to be applied.

Meurice N. Swim, representing the Town of Bay Shore, was granted the privilege of the floor on motion of Supervisor Colman, and presented resolution and petition for water service from the Municipal Water System of San Francisco, which petition was on motion of Supervisor Uhl *referred to the Public Utilities Committee.*

**Action Deferred.**

The following matter was *laid over one week*:

**Appointment of Representatives to Convention of American Road Builders' Association.**

(Code No. 5.93)

Resolution No. 2973, as follows:

Whereas, the American Road Builders' Association, representing all divisions of the highway industry and profession, will hold its 1937 convention and highway exhibit in New Orleans, during the week of January 11, 1937; and

Whereas, the convention program will include discussions of all major phases of highway and street construction and maintenance, together with discussions of latest developments in highway financing, administration, traffic safety and allied subjects; and

Whereas, the past year has brought important new developments in highway operations, including authorization of federal aid for low cost roads; and

Whereas, continuation of an adequate highway program requires the united support of members of the industry and profession; and

Whereas, the highway exhibit offers the most economic method for engineers and officials to inspect and compare the latest developments in equipment and materials used in constructing and maintaining roads and streets; now, therefore, be it

Resolved, That the President of this Board be and is hereby authorized and requested to appoint representation from this Board to attend the convention and exhibit of the American Road Builders' Association; and be it

Further Resolved, That the Chief Administrative Officer be and is hereby requested to delegate the Director of Public Works and the City Engineer to be in attendance at said convention; and be it

Further Resolved, That a copy of this resolution be sent to the American Road Builders' Association, National Press Building, Washington, D. C.

**Adopted.**

The following recommendation of Streets Committee was taken up:

**Extension of Skyline Boulevard.**

(Code No. 5.3)

Resolution No. 2996, as follows:

Whereas, in the original bond issue for highways of the State of California, the people of the State were pledged that the boulevard known as the Skyline boulevard would be constructed from the County line of San Francisco to the town of Woodwardia in the County of Santa Cruz; and

Whereas, while a lateral has been built leading to Woodwardia, it is the opinion of the proponents of the Skyline boulevard that the width is not sufficient nor is the type of roadway conformable to that which was contemplated when the bond issue was voted; and

Whereas, it is of vital interest to the City and County of San Francisco and the San Francisco Peninsula that the Skyline boulevard be completed to full width, not only to Woodwardia but to Burrell in Santa Cruz County to form a connection with the old San Jose road leading into Capitola and Soquel and with Highland way leading into Corralitos and Watsonville, thus facilitating vehicular traffic from the various cities and towns affected, to and from San Francisco; and

Whereas, recent conferences indicate that unless a specific demand is made for the completion of this boulevard and unless San Francisco takes the lead, the work will not be finished; on the contrary, it will be long delayed or abandoned by the actions of certain selfish county interests who are attempting to consummate their local projects at the expense of the Skyline boulevard project; now, therefore, be it

Resolved, That the chairmen of the Streets and Finance Committees of this Board of Supervisors, in the interest of the completion of the Skyline boulevard, are hereby authorized and directed to call for a meeting of representatives from San Mateo County, Pajaro Valley, Soquel Valley and San Jose Chambers of Commerce, Highland Center, the Santa Clara County Farm Bureau, Representatives Richard J. Welch and John J. McGrath and all other interested parties, to meet, promote and insist upon the redemption of the pledge made to the people in 1919 and to take such steps as are necessary to procure the proper completion of the Skyline boulevard; and be it

Further Resolved, That steps be immediately taken to secure unanimity of action by all the persons and bodies interested so that an appeal may be made for Federal funds or for State funds during the next biennium, at the next meeting of the State Board of Public Works to be held in the near future.

## CHARTER AMENDMENT No. ———

The following matter was *laid over until next meeting of the Board*:

## CASH RESERVE FUND AND TEMPORARY LOANS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 81 of the Charter of the City and County of San Francisco, relating to cash reserve fund and temporary loans.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a special election to be held on the .... day of ....., 1937, a proposal to amend as herein set forth Section 81 of the Charter relating to cash reserve fund and temporary loans.

## CASH RESERVE FUND AND TEMPORARY LOANS.

Section 81. The Board of Supervisors, by annual tax levy, may gradually build up the cash reserve fund authorized and created by the provisions of Section 80 of this Charter. Said fund shall be used exclusively (1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of such fiscal year, of legally collectible taxes and other revenues, as set forth in the budget and the appropriation ordinance for such fiscal year, and (2) for paying that portion of the authorized expenses of the City and County for any fiscal year, which, as certified to said Board by the Controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash reserve fund shall not at any time exceed the estimated expenditures for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax rate revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the Board of Supervisors, on the recommendation of the Controller and the Mayor, and the written approval of the officer, board or commission responsible for the management and control of the fund from which it is proposed that the temporarily idle balances be transferred or loaned may, by ordinance, authorize the Treasurer to make temporary transfers or loans for specified periods of idle unencumbered balances in any fund in his custody, except a pension fund, at not less than the then current rate of interest paid by the banks to the City and County on City and County funds deposited with such banks. Such approval by the officer, board or commission concerned shall specify that the amount proposed to be transferred or loaned from such fund will not be needed for the purpose of such fund prior to the date specified for its return. The fund from which such transfer or loan is made shall be charged or encumbered with the amount of such transfer or loan and such amount shall not be considered as available in such fund for any other appropriation or encumbrance for which any expenditures or payments must be made

rior to the date on which the transfer or loan is repaid. Any transfer r loan made as herein authorized during the first half of any fiscal year hall be repaid prior to the first day of January of said year, and any ransfer or loan made during the remaining one-half of said fiscal year hall be repaid prior to the 15th day of May of said year. Such loans hall be secured by and made solely in anticipation of the collection of axes levied or to be levied for the current fiscal year, and such loans hall constitute the first demand on and shall be repaid from the first ax collections for such current fiscal year; provided, however, that tax nticipation loans made as hereinafter in this section authorized, shall onstitute a prior lien on said taxes levied or to be levied or collected.

When funds shall be needed for the immediate requirements of the ity and County in any fiscal year in accordance with appropriations nade as authorized by this Charter for such fiscal year, which payments nay be made in advance of the receipt of income for such fiscal year, and vhen funds therefor cannot be made available as hereinbefore in this ection authorized, the Board of Supervisors, on the recommendation of he Controller and the approval of such recommendation by the Mayor, hall have power by ordinance, to borrow money on notes or other vidences of indebtedness on behalf of the City and County. Said amount r amounts which may be borrowed shall not, during any half of the iscal year, exceed twenty-five (25) per centum of the estimated tax eceipts for the entire current fiscal year. All such notes or other evi- lences of indebtedness shall be offered at public sale by the Board of Supervisors after not less than two days of advertising, not less than hree days after the last day on which such advertising is published. Each such sale shall be made to the bidder offering the lowest rate of nterest or whose bid represents the lowest net cost to the City and County; provided, however, that the rate of interest to be paid shall not exceed the sum of six (6) per centum per annum, and full authority is nereby given to said Board of Supervisors to fix, by resolution, the rate of interest on said notes or other evidences of indebtedness and the times nd places where the principal sum of said notes or other evidences of ndebtedness shall be paid. The principal amount of said notes or other evidences of indebtedness, together with the interest thereon, issued and delivered under authority of this section shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year during which the same are issued, and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes or other evidences of indebtedness before any part thereof is used for any other purpose. If at the time said notes or other evidences of indebted- ness, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes or other evidences of indebtedness then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes or other evidences of indebtedness then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise.

Any of said notes or other evidences of indebtedness not paid prior to June 30 of the fiscal year during which the same are issued shall, nevertheless, be paid out of moneys received from the taxes of the said fiscal year, irrespective of the date of the receipt thereof, it being the intent and purpose of this section to provide for the payment of all notes or other evidences of indebtedness issued under authority of this section out of the taxes levied for the fiscal year during which said notes or other evidences of indebtedness are issued irrespective of the actual date of the collection of said taxes.

The Board of Supervisors shall have full power and authority to provide for the form of all notes or other evidences of indebtedness issued by authority of this section, as well as to fix the time and place for the payment of both the principal amount of said notes or other evidences of indebtedness and the interest to become due thereon; provided that all notes or other evidences of indebtedness issued for money borrowed during the first half of any fiscal year shall be payable not later than December 31 of said year; and all notes or other evidences of indebtedness issued for money borrowed during the second half of any fiscal year shall be payable not later than May 15 of such year, it being the intent and purpose of this section that the borrowing of money under authority hereof shall be solely for the purpose of anticipating receipts of income. The Mayor, in preparing the consolidated budget estimate as provided by this Charter, shall include therein a separate amount sufficient to meet the interest to be paid on any moneys borrowed under authority of this section.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Controller to Estimate Probable Tax Rate in case of $52,700,000 Bond Issue for Rapid Transit.

Supervisor Roncovieri moved that the Controller be requested to prepare an estimate of probable tax rate, including interest and redemptions each year, for the amortization of the suggested $52,700,000 bond issue, estimated cost of the proposed San Francisco Rapid Transit Subway System.

The Controller is also requested to suggest the appropriate maturities for these bonds so that the burden upon the taxpayer may be minimized.

The Controller is also requested to suggest what, in his judgment, would be the proper interest rate for these bonds, and base his statement on the interest that he suggests.

Motion *carried*.

### Resignation of Supervisor Franck R. Havenner.

The following was presented, read and *ordered filed*:

December 21, 1936.

Mr. J. S. Dunnigan, Clerk, Board of Supervisors, City Hall, San Francisco.

Dear Sir: Having been elected a representative in Congress from the Fourth Congressional District of the State of California, I hereby tender my resignation as a member of the Board of Supervisors of the City and County of San Francisco, said resignation to be effective on January 1, 1937.

Respectfully,

FRANCK R. HAVENNER.

Rapid Transit Plan.

(Code No. ——)

Resolution No. ————, as follows:

Supervisor Uhl presented:

Whereas, Rapid Transit is of paramount importance to the City and County of San Francisco; and

Whereas, the Public Utilities Commission has submitted to the Board of Supervisors under date of May .., 1936, a Rapid Transit Plan and which plan calls for a two-track subway on a section of the following streets: Market, Mission, Geary, Montgomery, estimated to cost $52,700,000; and

Whereas. in 1931 the then City Engineer, Mr. M. M. O'Shaughnessy, submitted to the Board of Supervisors, a plan of Rapid Transit, the first unit of which he recommended be built on Market street. His conclusions set forth on page 52 of said report are as follows:

"After careful consideration of all local conditions it seems that the initial plan of the subway on Market street between First and Gough streets, best meets all the requirements of San Francisco's present needs."

"The initial investment required is relatively small for a system that will really improve downtown traffic conditions for a considerable period of time and through the use of the present street car equipment heavy expenditures for new equipment, new storage barns and new shops are saved."

"As shown by the plan for ultimate rapid transit construction, the proposed subway fits into the plan for future development in so far as it is possible to predict at this time. The construction under Market street will be built with a view to ultimate utilization with rapid transit trains. *Any less costly undertaking would either not render satisfactory service, would fail to accomplish the desired results, or would necessitate again opening up Market street and expending large sums of money at a later date.*"

On page 67 of said O'Shaughnessy's report of 1931, the cost of constructing the subway on Market street, exclusive of the extension on O'Farrell and McAllister, is set forth as follows:

| | |
|---|---|
| Market Street, Battery to McAllister—4 tracks | $ 9,450,000 |
| Market Street, McAllister to Gough—2 tracks | 4,300,000 |
| Subway tracks, signals, dist. system | 1,000,000 |
| Changes on cars for subway operation | 500,000 |
| Mr. Cahill advises today's cost, 10 per cent higher | 1,625,000 |
| Interest during construction | 2,000,000 |

Whereas, it is important that certain lines should be extended at this time and also most important, that busses should be provided as feeders, as for example: Extending the H line to Third and Oakdale, with bus feeders from there to Visitacion Valley, bus feeders connecting from the J line to the outlying sections in the Mission. Very important bus feeders in the Sunset district between Lincoln Way and Sloat boulevard. Desirability of changing the F line into a trackless trolley and allowing for these items the sum of $1,000,000, making a grand total of $19,875,000.

Whereas, the O'Shaughnessy report, made only five years ago, takes into consideration not alone present traffic conditions but also sets forth unit which should be constructed at some future date; and

Whereas, the Public Utilities Commission furnishes no estimate of receipts or expenditures under subway operations—it would merely be a guess—whereas the fact is indisputable that an interest charge that will be the burden of the taxpayers, upon completion of the $52,700,000 subway proposed by the Public Utilities Commission will amount to $2,108,000 the first year as compared to an interest pay-

ment of approximately $800,000 the first year covering the O'Shaughnessy Plan, extensions and bus feeders outlined above; and

Whereas, the bonding limit of San Francisco at the present time is $58,000,000, which amount will be reduced to $5,300,000 in event the voters approve the proposed $52,700,000 bond issue covering construction of the Rapid Transit Plan proposed by the Public Utilities Commission, and which approval by the voters is doubtful, it therefore behooves us to do only the most essential thing that will relieve present traffic congestion on Market street; therefore, be it

Resolved, The Supervisors favor submitting to the voters a bond issue of $19,875,000 covering the foregoing subway, extensions and bus feeders plus the cost, when ascertained, of the extension to the Terminal Plan X, as an alternate proposal to the $52,700,000 bond issue necessary to construct the Rapid Transit Plan outlined by the Public Utilities Commission; and be it

Further Resolved, That the Public Utilities Commission be respectfully asked to give the foregoing proposal their careful consideration.

**Leave of Absence, Hon. Franck R. Havenner.**

The following recommendation of his Honor the Mayor was presented and read by the Clerk:

(Code No. 4.053)

Resolution No. 2997, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable Franck R. Havenner, President of the Board of Supervisors, is hereby granted a leave of absence for a period of seven days, commencing December 26, 1936, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Supervisor McSheehy presented and subsequently withdrew the following resolution, the subject matter having been covered previously by motion on December 3, 1936:

(Code No. —)

Resolution No. ——, as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby approve Plan No. 7 for the distribution of the hydro-electric power generated in the Hetch Hetchy system to the people of the City and County of San Francisco, which said plan was prepared by E. G. Cahill, Manager of Utilities, and submitted to this Board by the Public Utilities Commission of the City and County of San Francisco by resolution of said commission dated September 14, 1936.

**Draft of Proposed Charter Amendment Providing for Revenue Bonds.**

Supervisor Havenner presented draft of proposed charter amendment providing for issue of revenue bonds for acquisition of electric distribution system.

*Laid over for consideration in Committee of the Whole, December 24, 9 a. m. Printed copies of the Charter Amendment to be furnished the members of the Board and the public.*

**Discussion Re Charter Amendment—Revenue Bonds for Electrical System.**

SUPERVISOR HAVENNER: Just a moment. On roll call I desire to introduce a Charter amendment providing for an issue of revenue bonds for the acquisition of an electrical distribution system, and I would——

SUPERVISOR UHL: Did you say a resolution?

SUPERVISOR HAVENNER: A Charter amendment. And I would like to ask the members of the Board whether they would agree to recess, when we do recess tonight, until Wednesday, and allow this Charter amendment to be referred to a Committee of the Whole on that day, and if the Committee of the Whole places its recommendation thereon to have that recommendation submitted to the Board on Wednesday.

SUPERVISOR McSHEEHY: I would move that we recess to meet on Wednesday at ten o'clock, and that this matter be taken up at that particular time.

SUPERVISOR UHL: By the Committee of the Whole?

SUPERVISOR McSHEEHY: As a Committee of the Whole, if this Board——

SUPERVISOR SHANNON: May I ask Supervisor McSheehy to change his motion to two o'clock Wednesday, due to the fact that Supervisor Brown and myself will be in attendance at the meeting of the Board of Directors of the Golden Gate Bridge District.

SUPERVISOR McSHEEHY: I particularly set it for ten o'clock, Wednesday, because Supervisor Schmidt came forward——

SUPERVISOR SCHMIDT: How is Thursday morning?

SUPERVISOR McSHEEHY: Supervisor Havenner, what date would suit you?

SUPERVISOR HAVENNER: Either day, I would merely like to point out that Thursday is Christmas eve——

SUPERVISOR SHANNON: Thursday morning then. Is there any objection to that?

SUPERVISOR SCHMIDT: No.

SUPERVISOR HAVENNER: No.

SUPERVISOR McSHEEHY: I move that the date be made Thursday morning at 10 o'clock.

SUPERVISOR SHANNON: What is the matter to be considered at that time?

THE PRESIDENT: A Charter amendment for revenue bonds.

SUPERVISOR UHL: Why not leave it open for any business?

SUPERVISOR McSHEEHY: Yes, I was going to ask that number 26 on the calendar be taken up after the revenue bonds.

SUPERVISOR UHL: I move that be taken up the same day.

SUPERVISOR COLMAN: We could pass that now, I think.

SUPERVISOR RONCOVIERI: Why not any matters we have pending?

SUPERVISOR McSHEEHY: I think Supervisor Roncovieri is right, that we recess to take up any matters pending on Thursday; the first matter to be the revenue bonds.

THE PRESIDENT: It will be understood the first matter will be the revenue bonds.

SUPERVISOR McSHEEHY: Yes, and any other matter.

SUPERVISOR UHL: All right, second the motion.

SUPERVISOR SHANNON: I would like to know what the motion is?

SUPERVISOR McSHEEHY: My motion is that we recess, when we do, to meet at ten o'clock on Thursday morning, the first order of business to be revenue bonds as per the resolution introduced by our President, and any other unfinished business of the Board.

SUPERVISOR SHANNON: I second that motion.

SUPERVISOR RONCOVIERI: Second the motion.

THE PRESIDENT: Is there any objection? Hearing none, such will be the order.

* * * * * * * *

SUPERVISOR McSHEEHY: Members of the Board, I want to read two telegrams, and then I have a resolution. Last week I was authorized by the Board to send the following telegram:

"San Francisco, December 15, 1936.

"Honorable Harold L. Ickes, Secretary of the Interior, Washington, D. C.

"San Francisco Board of Supervisors respectfully requests early decision by you on Plan 7 for distribution of Hetch Hetchy Electric Power. This plan with approval thereof by Supervisors was sent you December 4th. It is proposed to hold charter amendment election February 16th. At this election it is desired to submit an amendment authorizing issuance of revenue bonds to finance Plan 7. The law requires all amendments shall be published 40 days before election. It is desired to get immediate action by Board of Supervisors on the revenue bond amendment. Therefore the Board desires to know if Plan 7 in your judgment complies with the Raker Act and does it meet with your approval?

"JAMES B. McSHEEHY,
Chairman, Hetch Hetchy Power Committee,
San Francisco Board of Supervisors."

On December 18th I received this telegram:

"James B. McSheehy, Board of Supervisors, City Hall.
"Re tel 15th. Plan 7 acceptable under Raker Act.

"Secretary of the Interior."

So the Secretary of the Interior has accepted Plan 7.

THE CLERK: Will you permit me, I have a letter here that came today on the same subject, from Secretary Ickes. (Reading):

"The Secretary of the Interior, Washington, December 16, 1936.

"The Board of Supervisors of the City and County of San Francisco, care of Mr. J. S. Dunnigan, Clerk, Room 235 City Hall, San Francisco, California.

"Gentlemen: I have received your letter of December 4th in which you advise me of the formal action of the Board of Supervisors in approving Plan No. 7 for the distribution of Hetch Hetchy electrical energy, and of your tentative agreement to submit the plan to the voters at a special charter election to be held on or about February 16, 1937.

"I have carefully examined the plan to determine whether it satisfies the requirements contained in the Raker Act. As I understand the plan it calls for distribution direct to consumers by the City and County of all electrical energy used in San Francisco, except that needed by the Market Street Railway. All energy generated on the Hetch Hetchy project will be distributed to consumers by the City and County with the necessary supplemental supply and standby service being acquired by purchase from the Pacific Gas and Electric Company. It is also proposed to utilize the transmission and step down facilities of the Pacific Gas and Electric Company between Newark and San Francisco for the carrying of the Hetch Hetchy energy. The company will be compensated for that use of its facilities by mutually agreeable payments to be fixed by contract.

"If my understanding of Plan No. 7 is correct, it, if adopted, will be in compliance with the requirements of the Raker Act. Its feasibility is, of course, a matter wholly for determination by you and the voters of San Francisco, and a matter into which I have not inquired.

"I appreciate very much the fact that you have shown such splendid spirit in moving toward lawful operation of the electrical features of the Hetch Hetchy project. It is my earnest hope that a legal method of distribution may be soon placed in operation.

"Sincerely yours,

"(Signed) HAROLD L. ICKES,
"Secretary of the Interior."

SUPERVISOR McSHEEHY: Now, members of the Board, I would like to introduce this resolution:

"Resolved, That the Board of Supervisors of the City and County of San Francisco, do hereby approve Plan No. 7 for the distribution of the hydro-electric power generated in the Hetch Hetchy system to the People of the City and County of San Francisco, which said plan was prepared by E. G. Cahill, Manager of Utilities, and submitted to this Board by the Public Utilities Commission of the City and County of San Francisco by resolution of said Commission dated September 14, 1936."

Now, may I ask at this time for the suspension of the rules?

SUPERVISOR UHL: Will you read that again, please?

SUPERVISOR McSHEEHY: "Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby approve Plan No. 7 for the distribution of the hydro-electric power generated in the Hetch Hetchy system to the People of the City and County of San Francisco, which said plan was prepared by E. G. Cahill, Manager of Utilities, and submitted to this Board by the Public Utilities Commission of the City and County of San Francisco by resolution of said Commission dated September 14, 1936."

SUPERVISOR UHL: May I answer that? You still have the floor.

SUPERVISOR McSHEEHY: I would say, members of the Board, we have approved Plan 7 in a general way, but we did so with certain conditions written into it, and I have taken this up with the City Attorney and I want to say that through him this resolution has been very carefully drawn and the language carefully compiled. On November 17th we passed a resolution——

THE PRESIDENT: While you are looking for that, could I make just one motion? Would you yield just a moment in order that I may make a motion?

SUPERVISOR McSHEEHY: Yes, certainly.

THE PRESIDENT: I would like to move that the Clerk be instructed to immediately have the revenue bond charter amendment printed so the members can have it to examine.

SUPERVISOR COLMAN: And that it be mailed to each member of the Board immediately.

SUPERVISOR HAVENNER: Yes.

SUPERVISOR MEAD: I second the motion.

THE PRESIDENT: If there is no objection, such will be the order.

### Citizens Meeting—One-Man Street Car Legislation.

Supervisor Havenner announced that permission had been granted for the use of the chambers for a meeting of a Citizens' Committee organized for the purpose of bringing about a prompt enforcement of the laws regulating the operation of one-man street cars, and asked that Supervisor Mead act as temporary chairman of the meeting in his stead when ever said meeting is called.

### Bridge Tolls.

Supervisor Havenner presented:

Communication from Lieutenant Governor Hatfield re bridge tolls.

Read and *ordered filed.*

### In re Funston Avenue Approach to Golden Gate Bridge.

Supervisor Shannon moved that the matter of Funston avenue approach to the Golden Gate Bridge be made a Special Order of Business for Thursday, December 24th. (To be considered immediately after Supervisor Havenner's Electric Distribution Revenue Bonds Charter Amendment and Supervisor McSheehy's resolution for approval of Plan No. 7.)

Motion *carried.*

**Proposed Charter Amendment Providing for Municipal Employees' Health Service System.**

Supervisor Mead presented proposed charter amendment providing for Municipal Employees' Health Service System.

*Referred to Special Charter Committee.*

**Appointment of Citizens' Committee for Observance of Washington's Birthday.**

Supervisor Mead moved that his Honor the Mayor be requested to appoint Citizens' Committee for the proper observance of Washington's Birthday.

Motion *carried.*

**Appointment of Citizens' Committee for Observance of Lincoln's Birthday.**

Supervisor Meyer moved that his Honor the Mayor be requested to appoint Citizens' Committee for the proper observance of Lincoln's Birthday.

Motion *carried.*

## RECESS.

Whereupon, the Board of Supervisors at the hour of 6:50 p. m. recessed until Thursday, December 24, 1936, at 9 a. m.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors January 4, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

## THURSDAY, DECEMBER 24, 1936, 9 A. M.

In Board of Supervisors, San Francisco, Thursday, December 24, 1936, 9 a. m.

The Board of Supervisors met pursuant to recess of Monday, December 21, 1936, for the purpose of considering proposed Charter Amendment providing for revenue bonds for municipal distribution of Hetch Hetchy power, and other Unfinished Business.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, McSheehy, Schmidt—3.

Supervisor Brown noted present at 9:30 a. m.

Supervisor McSheehy noted present at 10 a. m.

Supervisor Schmidt noted present at 10:10 a. m.

Quorum present.

President Havenner presiding.

### Resignation of Supervisor Franck R. Havenner as President.

President Havenner announced that as his resignation from the Board of Supervisors, effective January 1, 1937, had been previously accepted, and as he was leaving for the east on Saturday, December 26, he desired to tender his resignation as President of the Board so that a presiding officer could be elected for the coming year.

### Resignation Accepted.

Whereupon, Supervisor Roncovieri, seconded by Supervisor Mead, moved that the resignation of Supervisor Havenner as President of the Board be accepted.

*No objection.*

### Election of President.

Whereupon, Supervisor Roncovieri, seconded by Supervisor Mead, moved that Supervisor Shannon be elected as President of the Board for the coming year.

### Nominations Closed.

On motion of Supervisor Brown, nominations for President were closed.

Whereupon, Supervisor Shannon was elected unanimously as President of the Board of Supervisors and assumed the chair.

### Committee of the Whole.

On motion of Supervisor Colman, the Board resolved itself into a Committee of the Whole. President Shannon presiding as Chairman of the Committee.

### Presentation of W. D. Hadeler, Golden Gate Bridge Director.

President Shannon presented to the Board, Mr. W. D. Hadeler, newly elected Director of the Golden Gate Bridge and Highway District, who thanked the Board for electing him to the position.

### Funston Avenue Approach to Golden Gate Bridge.

President Shannon requested that the Board allow Chief Administrative Officer Alfred J. Cleary, who had entered the Chambers, to report to the Board what had transpired at meeting with State Highway Commission in Sacramento relative to the Funston avenue approach to the Golden Gate Bridge, which he did briefly and thereupon said matter was laid over for discussion until meeting Monday.

### Motion to Postpone Consideration of Proposed Revenue Bonds Charter Amendment.

Supervisor Brown stated that inasmuch as each member of the Board should have a copy of proposed charter amendment for study, before voting thereon, and that he did not think a vote could be had during the day, moved that consideration of proposed amendment be postponed to Monday, December 28.

### Objection.

Supervisor Havenner objected to postponement, explaining his reason therefor.

### Amendment to Motion.

Whereupon, Supervisor Brown, with consent of his second, moved that the Committee of the Whole rise and recommend to the Board to recess to meet Saturday at 10 a. m.

### Further Objection.

Supervisor Havenner objected further to any postponement of consideration of charter amendment, stating that the Board itself had set the time for hearing. Supervisor McSheehy objected to postponement.

### Motion Withdrawn.

Whereupon, Supervisor Brown withdrew his motion for postponement with announcement that he would renew it at 1 p. m.

### Charter Amendment No. 1.

Supervisor Havenner, seconded by Supervisor McSheehy, moved that the amendment to provide for electric power distribution revenue bonds be known as Charter Amendment No. 1.

No objection and it was *so ordered.*

### Motion to Submit.

Supervisor Havenner, seconded by Supervisor McSheehy, moved that Charter Amendment No. 1 be ordered submitted to the electors.

### Privilege of the Floor.

Supervisor Colman moved the privilege of the floor to anyone who desired to be heard on the question, first the proponents of the measure then the opponents.

### Re Discussion Distribution of Hetch Hetchy Power (Revenue Bonds).

THE PRESIDENT: Well, the matter before us is the charter amendment on revenue bonds.

SUPERVISOR UHL: I move that it be read, Mr. President.

* * * * * * * *

SUPERVISOR COLMAN: I move that the Board resolve itself into a Committee of the Whole.

SUPERVISOR UHL: Second the motion.

THE CHAIRMAN: If there is no objection such will be the order.

SUPERVISOR COLMAN: And I move that the President of the Board be appointed Chairman of the Committee of the Whole.

SUPERVISOR UHL: Second the motion.

THE PRESIDENT: If there is no objection, such will be the order (gavel).

SUPERVISOR COLMAN: Now I move that the floor be thrown open to any citizens who desire to be heard on this particular matter before the Board discusses it, and that first the proponents of the measure be heard, and then the opponents, and then after that the Board can discuss the matter itself.

THE CHAIRMAN: If there is no objection, such will be the order (gavel).

SUPERVISOR UHL: You said "no objection", and I have an objection. You said that you are going to be strict in enforcing the rules, and then you said, "No objection", and rapped the gavel before I could be heard, and I have an objection.

THE CHAIRMAN: Well, would you like to rescind the motion?

SUPERVISOR UHL: I would like to, yes.

THE CHAIRMAN: Have you any objection, Supervisor Colman?

SUPERVISOR COLMAN: I have no objection, no.

THE CHAIRMAN: Well, if there is no objection, the motion will be rescinded. Hearing none, such will be the order (gavel).

Supervisor Uhl, you have the floor.

SUPERVISOR UHL: I feel this way, that some of our citizens here perhaps have not read the charter amendment, and I feel that it should be read and made a part of the record and then throw the meeting open to those who desire to address the meeting on that matter.

THE CHAIRMAN: Is there any objection to that procedure?

SUPERVISOR COLMAN: No objection.

THE CHAIRMAN: Such will be the order.

SUPERVISOR RONCOVIERI: Could I have a copy of it? I have not received one.

THE CLERK: It was mailed to you.

SUPERVISOR RONCOVIERI: Where?

THE CLERK: At your home.

THE CHAIRMAN: The clerk will proceed with the reading of the amendment.

THE CLERK (reading): "Adding a new section to be designated Section 121-A, which shall read as follows:

Section 121-A. The Public Utilities Commission may for the purpose of meeting the cost of acquiring or constructing, or of acquiring and constructing, a system for the distribution to the people of the City and County of San Francisco of the hydroelectric power generated in the Hetch Hetchy system, or for the distribution of any other electric power necessary or incident for the purpose of furnishing the people of said City and County with heat, light and power, borrow money and/or issue revenue bonds or other evidences of indebtedness, payable wholly out of revenue, in such amount or amounts as may in the judgment of said Public Utilities Commission be necessary to meet the cost of acquiring and/or constructing said system for the distribution of said electric power, provided that the total amount of said money to be so borrowed, or bonds or other evidences of indebtedness issued, shall not exceed in the aggregate the sum of $50,000,000."——

SUPERVISOR HAVENNER: Just a minute. I understand the City Attorney has a new draft, having made certain changes in this amendment since it was presented here the other day, so I would suggest we might as well have the new draft here. Certain changes have been

made at the suggestion of the Public Utilities Commission, I believe, or representatives of the Utilities Commission, who went over the charter amendment, at my request, so perhaps for the information of the Board it is better to get the new draft.

SUPERVISOR COLMAN: I think it is necessary to consider the amendment we are going to vote on, of course.

SUPERVISOR HAVENNER: Did you send for the City Attorney?

THE CLERK: I sent a notice to him this morning and told him we were meeting at nine o'clock. Here he is now.

SUPERVISOR HAVENNER: Have you the new draft, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR UHL: Are there many changes in it?

CITY ATTORNEY O'TOOLE: Yes; since I submitted it to the Board I considered it with Messrs. Orrick, Palmer & Dahlquist, and it does contain material changes.

* * * * * * * *

THE CHAIRMAN: The Clerk will now proceed with the revised copy, as presented by the City Attorney. I think you better start with the beginning, Mr. Clerk.

SUPERVISOR RONCOVIERI: Just a minute, until I ask the City Attorney a question. Does this new document vary much from this (indicating)?

CITY ATTORNEY O'TOOLE: It doesn't vary in effect, but in detail it does.

SUPERVISOR RONCOVIERI: I was going to ask one of the clerks to make the changes——

CITY ATTORNEY O'TOOLE: No, they couldn't do it, Supervisor.

SUPERVISOR RONCOVIERI: They could not?

CITY ATTORNEY O'TOOLE: As I have gone through this, this morning, it was only completed late last night, I have noticed some typographical errors, and it may be necessary before the final draft is made, it may be necessary to correct those words. I noticed one at the top of the first page that is left out: "The Public Utilities Commission may, for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method, a system for the generation and distribution"——in other words the words "generation and" go in there before the word "distribution."

SUPERVISOR UHL: Would you kindly repeat that, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: On line three of the typewritten copy, the next to the last word, where it reads: "for the distribution," and the correction will read "for the generation and distribution."

THE CHAIRMAN: Read it, Mr. Clerk.

THE CLERK (reading): "Section 121a. The Public Utilities Commission may, for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method a system for the generation and distribution to the people of the City and County of San Francisco, or to the people of any territory adjacent to or adjoining said City and County, of the hydroelectric power generated in the Hetch Hetchy project, or for the generation or distribution of any other electric power necessary or convenient for the purpose of furnishing said City and County, or the people thereof, or any territory adjacent to said City and County, or to the people thereof, with heat, light and power, borrow money by the issuance of revenue bonds or other evidences of indebtedness, payable wholly out of revenue, in such amount or amounts, as may, in the judgment of said Public Utilities Commission, be necessary to meet the cost of acquiring said system for the generation and/or distribution of said electric power, provided that the total amount of said money to be so borrowed, or bonds or other evidences of indebtedness issued, shall not exceed in the aggregate the sum of $50,000,000. Said system to be acquired shall hereafter be referred to as 'The System.'

"'The System' to be acquired shall, in so far as practical, be the

system submitted to the Board of Supervisors by the Public Utilities Commission on September 14, 1936, and designated by said Public Utilities Commission as Plan No. 7, which said plan was approved by the Board of Supervisors by resolution adopted by said Board of Supervisors on December 'blank', 1936."——

SUPERVISOR UHL: Why shouldn't the date be filled in now?

CITY ATTORNEY O'TOOLE: Supervisor McSheehy has it there, I think.

SUPERVISOR McSHEEHY: You passed a resolution on December 3d.

SUPERVISOR RONCOVIERI: Are you sure of the date?

SUPERVISOR McSHEEHY: Yes, I have it right here before me.

THE CLERK (reading): "——provided, however, that said Public Utilities Commission is hereby given full power and authority to deviate from said plan to such extent as it shall deem proper in order to carry out the purposes of said plan, but any change made in said plan, or in the execution of the same, shall not render invalid or have any effect upon the validity of any bond or other evidence of indebtedness authorized or issued to meet the cost of 'The System,' and no purchaser or holder of any bond or other evidence of indebtedness authorized or issued pursuant to this section shall be required to see to the existence of any of the facts, or to the performance of any of the conditions, or the taking of any of the proceedings required prior to the issue of said bonds or other evidences of indebtedness, or to the application of the purchase price thereof."

SUPERVISOR HAVENNER: "or to the application of the purchase price thereof"——

CITY ATTORNEY O'TOOLE: What is that, Supervisor?

SUPERVISOR HAVENNER: Is that language proper?

CITY ATTORNEY O'TOOLE: I don't know,—it seems to read all right to me. In other words, the bondholders never want to be charged with the duty of ascertaining that the moneys have been used for the purpose for which the bonds were issued.

SUPERVISOR HAVENNER: I was just thinking of the final phrasing, whether the language there as you have it, "or to the application of the purchase price thereof," whether that is the way you wanted to phrase it.

CITY ATTORNEY O'TOOLE: "or to the application of the proceeds thereof."

SUPERVISOR HAVENNER: "of the proceeds thereof."

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR HAVENNER: Instead of "the purchase price."

CITY ATTORNEY O'TOOLE: Yes, Supervisor.

SUPERVISOR HAVENNER: Go ahead.

SUPERVISOR COLMAN: What is that, Mr. O'Toole? If you will pardon me, Mr. President? "No purchaser or holder of any bond or other evidence of indebtedness authorized or issued pursuant to this section shall be required to see to the existence of any of the facts, or to the performance of any of the conditions,"—What is that?

CITY ATTORNEY O'TOOLE: The purpose of that, Supervisor, is this: That if you do not have a provision of that kind in there the bonds would not be as marketable as otherwise, because a purchaser might feel there was some obligation resting on the holder of the bonds to see that the money was applied to the purpose for which the bonds are issued. Of course, as between the Board and the Public Utilities Commission there is nothing to prevent them using the money for which the bonds were actually issued, but the bondholders don't want to have that obligation placed upon themselves. That is just simply for the purpose of making the bonds more salable.

THE CLERK (reading): "Any and all money borrowed, or bond or other evidence of indebtedness authorized or issued pursuant to this section, as well as the interest to accrue thereon, shall be payable

solely and only out of the revenue from 'The System' to be acquired with said moneys so borrowed, or received for said bonds or other evidences of indebtedness.

"The Public Utilities Commission shall, except as herein provided, determine the form, conditions and denominations of all bonds or other evidences of indebtedness issued under the provisions of this section, and shall fix the maximum rate of interest which said bonds or other evidences of indebtedness shall bear, which rate of interest shall not exceed six (6%) per cent per annum, payable semi-annually. The payment of the principal of said bonds or other evidences of indebtedness shall commence not later than five years from the date of issuance, and shall be completed in not more than 40 years from date of issuance."——

CITY ATTORNEY O'TOOLE: One minute there. 40, of course, is the outside limit, and within that limit the Board can put any life they want as the life of the bonds. Of course, the commission, when it comes to issuing the bonds, they don't have to issue them for 40 years, 40 is the maximum.

SUPERVISOR UHL: Let me ask a question right there, through the Chair: And that is this, I did not bring Plan 7 with me, but isn't that figured on a 25-year basis?

MR. CAHILL: 25 years.

SUPERVISOR HAVENNER: This merely places a maximum.

SUPERVISOR UHL: Yes, all right.

THE CLERK (reading): "Said bonds or other evidences of indebtedness shall mature and shall be payable each year during the period over which said bonds or other evidences of indebtedness are payable in such amounts as may be fixed by the commission. All of said bonds or other evidences of indebtedness so issued may, at the option of the owner thereof, be registered, as to either principal or interest or both, with the Treasurer of the City and County in such manner as may be provided by the Commission. Said bonds or other evidences of indebtedness may be sold at such times and in such amounts as the Public Utilities Commission shall deem proper, provided that said bonds shall not be sold at less than their par value and accrued interest at date of delivery. Said bonds or other evidences of indebtedness may be offered for sale either on the basis of a fixed rate of interest or on the basis of the lowest net interest cost and power is hereby given to the Commission to fix said rate of interest either prior or subsequent to the date of the issuance of said bonds."

SUPERVISOR RONCOVIERI: How can that be done, fix the rate of interest?

CITY ATTORNEY O'TOOLE: I think you do that now, Supervisor, on your general obligation bonds. You issue your bonds on a fixed rate of interest.

SUPERVISOR RONCOVIERI: How is that?

CITY ATTORNEY O'TOOLE: For instance, when you sell general obligation bonds you advertise them on an interest-bearing rate, and then take the lowest rate of interest, and, for instance, some of your bonds have been issued for a long time and some for a short time, and you sell them fixing the cost when you offer them for sale.

SUPERVISOR RONCOVIERI: All right. Go ahead.

THE CLERK (reading): "All bonds or other evidences of indebtedness issued as herein provided shall be signed by the president of the Public Utilities Commission, or by the manager of utilities, and by the secretary of the Public Utilities Commission, and countersigned by the Treasurer of the City and County. The signature of the president of the Public Utilities Commission or of the manager of utilities may be by facsimile. Any coupon attached to said bonds shall have affixed thereto the facsimile signature of the said Treasurer. The official seal of the Public Utilities Commission shall be affixed to

said bonds or other evidences of indebtedness and full authority is hereby given to said commission to adopt a seal in such form and device as it shall deem proper. Each of said bonds or other evidences of indebtedness so issued shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of the"——

CITY ATTORNEY O'TOOLE: Just a minute, right there. Cut out the words "said electric distribution" and put in the words "The System," and it will then read "—out of the revenues of The System."

THE CLERK (reading): "—only from the special fund created for that purpose, out of the revenues of The System and that it does not constitute a general indebtedness against the City and County of San Francisco. All revenue bonds issued under authority of this charter shall be negotiable instruments under the law merchant and shall have all of the attributes of negotiability under the laws relating to negotiable instruments of this state.'

SUPERVISOR RONCOVIERI: What does that mean, "law merchant"?

CITY ATTORNEY O'TOOLE: I don't know whether that is necessary or not, Supervisor; it simply means in accordance with the customs of commerce and commercial law,—I don't know as it is necessary, and you can cut it out if you want to.

SUPERVISOR RONCOVIERI: I don't want to cut it out. I wanted to know the meaning of it, that is all.

SUPERVISOR HAVENNER: Leave it in, then.

SUPERVISOR RONCOVIERI: Yes, leave it in.

THE CLERK (reading): "The Public Utilities Commission shall have power to determine the method of acquiring 'The System,' and the determination of said method by said Public Utilities Commission shall be binding and conclusive."

SUPERVISOR HAVENNER: I notice all the way through you have quoted "The System." If you intended to do that I merely wanted to go back to the bottom of page three and change it there.

CITY ATTORNEY O'TOOLE: Yes, it is quoted there.

SUPERVISOR HAVENNER: At the bottom of page three.

CITY ATTORNEY O'TOOLE: Yes, quote "The System."

SUPERVISOR HAVENNER: Just as it has been done elsewhere.

THE CLERK (reading): "Should said Commission determine that 'The System,' or any part thereof, should be acquired other than by construction, the same may be acquired by purchase or by any other lawful means. If said Public Utilities Commission shall determine that 'The System,' or any part thereof, should be constructed, it shall have full power to proceed with the said construction. When said Public Utilities Commission shall have determined the manner of acquiring 'The System' it shall adopt a resolution specifying the method and manner of acquiring the same and shall, in said resolution, fix and determine the estimated cost thereof, and shall include in said estimate of cost such amount as said Commission shall estimate to be sufficient to pay the interest on the bonds or other evidences of indebtedness during the actual period of construction of 'The System' and for six months after the same is in operation by said Commission."——

CITY ATTORNEY O'TOOLE: Now from there on down to the end, practically, page eight, that is new absolutely, it is not in the original draft, and it was placed there after conferring with Orrick, Palmer & Dahlquist, for the reason that there has been some difficulty in the bonds by reason of the fact that those stipulations, or similar stipulations, were not in the bond act. They were taken over by the Reconstruction Finance Corporation—there was considerable comment by reason of the Board of Light and Power in Los Angeles did not have the power to enter into those stipulations, therefore he suggested that they be included.

THE CLERK (Reading): ". . . and if 'The System' is to be acquired by any method other than by construction, then said commission shall estimate the cost of said acquisition including the cost of all legal proceedings, incident thereto, and add the amount of said estimate to the cost of said acquisition, as well as the amount of interest on all of said bonds or other evidences of indebtedness which may be outstanding during the period of said acquisition, and interest on any bonds or other evidences of indebtedness issued or sold to defray the cost of said acquisition for a period of six months after the commencement of the operation of 'The System' by said Commission, and said Commission shall include in the cost of 'The System,' whether acquired by construction or otherwise, an amount sufficient to provide working capital as estimated by the Commission to be sufficient to pay the operating expenses of 'The System' for a period not exceeding six months after the operation of 'The System' shall commence. Not more than fifteen (15%) per cent of the cost of the acquisition or construction of said system shall be applied to interest and working capital.

"When said Public Utilities Commission shall have adopted said resolution specifying the manner of the acquisition or construction of said distribution system, as well as the total estimated cost thereof, said Commission shall adopt an additional resolution authorizing the issuance of the amount of revenue bonds or other evidences of indebtedness payable solely out of the revenue of said system necessary to pay the said estimated cost of acquiring or constructing said system, not to exceed the sum of $50,000,000; provided that if said resolution, in fixing the amount of said bonds or other evidences of indebtedness to be isuued, fixes said amount at less than $50,000,000, said Commission may adopt a subsequent resolution or resolutions authorizing the issuance of an additional amount of bonds or other evidences of indebtedness not to exceed the difference between the amount theretofore issued and said $50,000,000.

"Said resolution shall fix the amount of bonds or other evidences of indebtedness to be issued and state generally the purpose thereof, but no purchaser of said bonds shall be required to look to the application of the funds derived from the sale of said bonds. Said resolution shall also state the number and denomination and maturities of said bonds or other evidence of indebtedness, and may provide, all and singular, the conditions to be inserted in said bonds or other evidences of indebtedness as well as the interest thereon if said interest is to be fixed, or it may defer the fixing of interest until the time of the sale of said bonds, and full power and authority is hereby given to said Commission to cause to be inserted in said bonds or other evidences of indebtedness such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds or other evidences of indebtedness the fact that the same are payable, both as to principal and interest, solely out of the revenue of 'The System.'

"Said resolution may also provide, and the Public Utilities Commission is hereby authorized and empowered in and by the terms of said resolution to agree with the holders of any of the revenue bonds issued thereunder, so long as the same shall be outstanding, as follows:

"(a) That the proceedings"——

CITY ATTORNEY O'TOOLE: That should be "proceeds."

THE CLERK (Reading): "That the proceeds of the sale of said revenue bonds shall be deposted in a fund separate and apart from all other funds of the City and County and shall, with any interest entered thereon"——

CITY ATTORNEY O'TOOLE: That should be "accrued."

THE CLERK (Reading): ——"accrued thereon, be applied solely and exclusively to the objects and purposes for which such revenue bonds are authorized to be issued, and that any proceeds of the sale of such bonds remaining unused upon the acquisition of such system

shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, as the case may be, and that none of such moneys shall be transferred to any other fund of the City and County of San Francisco;

"(b) That the Public Utilities Commission will maintain and operate 'The System' constructed from the proceeds of said revenue bonds"——

SUPERVISOR HAVENNER: Do you want to cut out that "The System" again?

THE CLERK: When it comes to the type I will change it.

CITY ATTORNEY O'TOOLE: It doesn't change the substance in any way.

THE CLERK (Reading): ——"in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and will continuously operate the same;

"(c) That the Commission will (subject to all applicable laws of the State of California and the rules and orders of all regulatory bodies of the State of California which may hereafter have jurisdiction over the Commission or the project constructed from the proceeds of said revenue bonds) establish reasonable rates for the sale of electric energy distributed through such system and that such rates in the aggregate shall be adequate to enable the Commission to pay the principal and interest of said revenue bonds and all costs of maintenance, operation and repairs of the system constructed from the proceeds of the sale of such revenue bonds;

"(d) That accurate books and records of account will be kept and maintained, showing all payments received by the Commission from the operation of the system constructed from the proceeds of the sale of such revenue bonds, which records shall be open at all times for inspection, while any of the revenue bonds are outstanding and unpaid, to the holders of any one or more of such revenue bonds or their duly authorized representatives;

"(e) That if any part of 'The System' shall be taken from the Commission or from the City and County of San Francisco by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said City and County or by said Commission shall be applied solely and exclusively to the payment of the principal and interest of said revenue bonds until the same shall have been paid in full;

"(f) That neither the Commission nor the City and County shall mortgage or otherwise encumber, sell, or lease or dispose"——

SUPERVISOR HAVENNER: Just a moment. In subsection D, the third line, Mr. O'Toole, you said "from the operation of the system constructed." Do you want to put it "constructed" or "acquired"?

CITY ATTORNEY O'TOOLE: "the system acquired," it should be.

THE CLERK: "Constructed or otherwise acquired"?

CITY ATTORNEY O'TOOLE: No, "acquired" is enough, from the language of the Supreme Court—it doesn't make any difference.

SUPERVISOR RONCOVIERI: Strike out the word "constructed"?

SUPERVISOR HAVENNER: Make it "acquired" instead of "constructed." I understand the same change should be made in C, in the next to the last line of paragraph C.

SUPERVISOR MEYER: What is the change, now?

SUPERVISOR HAVENNER: "Acquired" instead of "constructed", next to the last line of Section C. You don't have to say "acquired or constructed."

CITY ATTORNEY O'TOOLE: No, the Supreme Court has held that.

SUPERVISOR UHL: Also line five, the same thing, in Section C.

THE CLERK: Change that, too?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR HAVENNER: "Acquired" is enough?

CITY ATTORNEY O'TOOLE: "Acquired" is plenty.

THE CLERK: Subsection F. (Reading): "That neither the Commission or the City and County shall mortgage or otherwise encumber, sell, or lease or dispose of 'The System' acquired from the proceeds of the sale of said revenue bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or decrease the revenues arising or to arise therefrom or otherwise impair the right of the holders of any of said revenue bonds to secure payment in full of the principal or interest of said revenue bonds as the same shall mature:"——

SUPERVISOR HAVENNER: Just a moment. Is that satisfactory to the Commission? What about this, "or enter into any lease or contract which shall impair the operation of said system or decrease the revenues arising or to arise therefrom"—or do you intend to do that? Might it not be possible that there would be an essential contract at some time that might have a slight effect on the revenues?

CITY ATTORNEY O'TOOLE: What Mr. Herrington is trying to accomplish is this: They insist on all these revenue bonds issued by municipalities that the City should not mark them or dispose of them and, we will say they have a thousand dollars' worth and they come to the bondholder and say, "You are payable out of revenues and there isn't any more revenue." I don't know whether that is too strong or not—"that neither the Commission nor the City and County shall mortgage or otherwise encumber, sell, or lease or dispose of 'The System' acquired from the proceeds of the sale of said revenue bonds or any substantial part thereof"——

SUPERVISOR HAVENNER: Mr. Ost says that in the preamble you provide that the Commission is authorized to enter into an agreement with the purchaser of the bonds as to the conditions thereof. Do you think that would be sufficient to prevent this from being a destructive provision? In other words, you don't want to say that they shall never enter into any contract which might affect the revenues of the utility; all you want to provide is that the revenue shall be kept sufficient at all times to meet the bond obligations, don't you?

CITY ATTORNEY O'TOOLE: I think it will be sufficient if we don't use the latter part of that subsection F at all:

"That neither the Commission nor the City and County shall mortgage or otherwise encumber, sell, or lease or dispose of 'The System' acquired from the proceeds of the sale of said revenue bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system." Now, I think it can stop right there. I think the rest could go out. Don't you think so, Mr. Ost?

MR. OST: I would say so. It might be found feasible at some time to enter into a contract with a big user at a very low rate in order to get the benefit of the power and, if it was advantageous it would not impair the value of the bonds. I think we can cut that out. You might at some time have to enter into a contract which for the time being decreased the revenue. May I ask this—under the terms of the Raker Act we are required to deliver power to the irrigation districts. We might be forced to do that at some time at a low rate which might decrease the revenue we are getting in San Francisco.

THE CLERK: That provision says at cost to the producer.

MR. OST: But that might reduce the revenue.

CITY ATTORNEY O'TOOLE: I think after the word "system" at the top of page eight, if you will eliminate——

SUPERVISOR HAVENNER: You could eliminate this by striking out those words "or decrease the revenues"——

CITY ATTORNEY O'TOOLE: Cut out the words "or decrease the revenues arising or to arise therefrom".

SUPERVISOR HAVENNER: And leave the rest of it in?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR HAVENNER: "Or otherwise impair the right of the holders of any of said revenue bonds in part or in full."

CITY ATTORNEY O'TOOLE: After the word "system" on the top

of page eight, strike out the words "or decrease the revenues arising or to arise therefrom." That is the remainder of the top line and the first word on the second line.

SUPERVISOR HAVENNER: Yes, and leave the rest of it in?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR MEYER: The word "otherwise," is that necessary there?

SUPERVISOR HAVENNER: I think the word "otherwise" is all right, yes, I think that is all right.

THE CLERK: Subdivision G (Reading): "That the Commission shall maintain insurance on the system acquired from the proceeds of the sale of said revenue bonds, of the kind and character and in the amount which is usual and customarily carried by private companies engaged in the operation of a system of works similar to that to be acquired from the proceeds of the sale of said revenue bonds."

CITY ATTORNEY O'TOOLE: Did you discuss that with Cahill at all, Mr. Ost?

MR. OST: No, I have not.

CITY ATTORNEY O'TOOLE: Jack, did you?

MR. SHERRON: No, I haven't had an opportunity.

MR. OST: I would say this——

CITY ATTORNEY O'TOOLE: It is one of Mr. Herrington's suggestions.

MR. OST: Going back to the preamble before this subsection, it is permissible with the Public Utilities Commission.

CITY ATTORNEY O'TOOLE: It is only permissive, but I don't suppose it is customary for similar companies such as the P. G. & E. to carry any insurance except on their power house.

MR. OST: On their power house—I don't know whether they carry liability or not.

CITY ATTORNEY O'TOOLE: For instance, a bond purchaser might want us to carry some insurance, and this might not be very specific. It might be a good thing—of course, it is only optional.

SUPERVISOR HAVENNER: Do you maintain insurance on the water system?

MR. OST: No, the only insurance we have is in connection with the liability on the automobile operation.

CITY ATTORNEY O'TOOLE: You carry some on the Moccasin—the power house at Moccasin?

MR. OST: No, sir, none whatsoever.

SUPERVISOR HAVENNER: Is Mr. Cahill available?

MR. OST: He will be back.

SUPERVISOR HAVENNER: Let us pass it, and when Mr. Cahill comes back I would like to get his opinion on it.

THE CLERK: Subdivision H. (Reading): That none of the facilities of "The System" shall be furnished free. In the event that the City and County of San Francisco, or any department, agency or instrumentality thereof shall avail itself of the facilities offered by the system constructed from the proceeds of the sale of said revenue bonds, a reasonable charge shall be made against said City and County, agency or instrumentality and shall be paid as the services shall accrue:

"(i) That any terms, covenants or conditions herein contained or made a part of any bond issued under authority of this section shall be subject to alteration, amendment or modification by agreement between the Commission and the holders of at least eighty (80%) per cent of the principal of the amount of the said bonds then outstanding."

SUPERVISOR HAVENNER: Just a moment. Subsection H, is that the same provision that is in the ordinance covering the operation of the water department?

CITY ATTORNEY O'TOOLE: Los Angeles has particularly set up in their bonds, in the last bonds, they were to issue, no—the 1935

bonds. I don't know whether it was in the new ones or for, but in the 1935 bonds they have a rather involved method of refunding.

MR. OST: Mr. O'Toole, he is talking about Subsection H, now.

SUPERVISOR HAVENNER: Prohibiting any free service.

CITY ATTORNEY O'TOOLE: Oh, the free service.

SUPERVISOR HAVENNER: Is that same provision in the water bonds?

MR. O'TOOLE: I don't think so. I don't know if it would be absolutely necessary, but Mr. Herrington thought it would be a good thing as a sales talk. Of course, I presume the Commission would not give you any service unless you paid for it anyhow.

SUPERVISOR HAVENNER: What about the water department?—Are they prohibited from giving away water?

MR. OST: They give water to the City departments in lieu of taxes.

CITY ATTORNEY O'TOOLE: On the water it is a little different, Supervisor. It might be necessary because when we took over the Water Department they were paying taxes in the amount of about $350,000 a year to the City, and in the original ordinance, which I presume has been long since superseded by the Public Utility Act in the new charter, but in the original ordinance it provided that water would be furnished free to the City to the extent of the amount of the taxes that were theretofore paid by the Spring Valley Water Company, but I think excepted from that free water was the School Department, and departments that get a set amount in the tax rate for the purpose of conducting the affairs of their departments. The School Department pays, doesn't it?

MR. OST: I think so.

CITY ATTORNEY O'TOOLE: I think the playground does; I think the parks just chalk it up.

SUPERVISOR HAVENNER: Are you satisfied with this provision?

MR. OST: It is in accordance with what they are doing in Los Angeles.

THE CLERK: Subdivision J.

SUPERVISOR RONCOVIERI: Just a minute, I—I think Mr. O'Toole has something to say about that.

CITY ATTORNEY O'TOOLE: That makes the terms and conditions flexible so if there is a necessity of waiving them——

SUPERVISOR RONCOVIERI: Taking in the consent of the bondholders?

CITY ATTORNEY O'TOOLE: Yes, and the consent of the Commission.

THE CLERK: (Subdivision J. (reading): "Said Commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of the Commission, shall be necessary, advisable or convenient in effecting the sale of said revenue bonds; provided, however, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said Commission or the City and County of San Francisco to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of the system to be constructed from the proceeds of the sale of said revenue bonds"——

SUPERVISOR HAVENNER: That should be "acquired" instead of "constructed."

THE CLERK: ——"and under no circumstances"——

SUPERVISOR UHL: May I ask, before you go ahead on that, Mr. City Attorney, does this conflict with the previous part here? Previously you set up just what the Commission can do, and now you say the Commission may also agree to any other terms or conditions whether herein referred to or not.

CITY ATTORNEY O'TOOLE: That is rather a blanket—

SUPERVISOR UHL: I don't want to blanket anything in there

after we agree on one thing and then follow it with a blanket condition.

CITY ATTORNEY O'TOOLE: Of course, it may be that we left something out.

SUPERVISOR UHL: But doesn't this change the foregoing conditions set forth?

CITY ATTORNEY O'TOOLE: No, it can't change the foregoing conditions. Mr. Herrington and I debated that to some length, because we have it in there——

SUPERVISOR UHL: Somewhere previously the terms are set up where they can operate——

CITY ATTORNEY O'TOOLE: On the top of page six, the first paragraph: "And full power and authority is hereby given to said Commission to cause to be inserted in said bonds or other evidences of indebtedness such terms and conditions as it shall deem proper," and so forth. Now, Mr. Herrington thought that no general power—there might be some confusion from a bond purchaser, but still, on the other hand I called to his attention the fact that no matter how much you itemize your various conditions, you are very apt not to foresee every condition which may arise, and are very apt to leave some very much needed power out, and that was the reason for putting that in again.

SUPERVISOR HAVENNER: You don't think it will affect the salability of the bonds?

CITY ATTORNEY O'TOOLE: No, it wouldn't affect the salability. If anything, it would add to the salability of them because some purchaser might want a certain condition in there which could be very well put in and you might contend that under your general power—that you could specify it under the general grant.

SUPERVISOR UHL: You specify previously that the bonds should not be sold for less than par?

CITY ATTORNEY O'TOOLE: Yes, sir.

SUPERVISOR UHL: Under this condition could they sell them at 95 or 98?

CITY ATTORNEY O'TOOLE: No, sir. "Said Commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of the Commission, shall be necessary, advisable or convenient in effecting the sale of said revenue bonds."

SUPERVISOR RONCOVIERI: I think Mr. Uhl is right.

SUPERVISOR UHL: Right there, "but the same shall not be sold at less than par."

CITY ATTORNEY O'TOOLE: No. "Said Commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of the Commission, shall be necessary, advisable or convenient in effecting the sale of said revenue bonds; provided the same are not"——

SUPERVISOR UHL: "Provided the said bonds are not sold below par."

THE CLERK: "Provided no bonds shall be sold at less than par."

CITY ATTORNEY O'TOOLE: All right, "provided that no such"——

MR. OST: Mr. O'Toole, would it be advisable to insert right after the conditions there, "Said Commission shall also agree to the terms and conditions not to increase the maximum interest rate."

SUPERVISOR UHL: Let's get rid of the bonds before.

CITY ATTORNEY O'TOOLE: "Provided, that such conditions do not permit said bonds to be sold at less than the par value thereof or increase the interest thereon above six (6%) per cent." I think that will cover your point, Supervisor Uhl.

SUPERVISOR MEAD: The fifth line in Subsection J?

THE CLERK: After the word "provided": "That such conditions do not permit said bonds to be sold at less than the par value thereof or increase the interest above six per cent."

CITY ATTORNEY O'TOOLE: Continue.

THE CLERK (Reading): "And provided, further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said Commission or the City and County of San Francisco to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of the system to be acquired from the proceeds of the sale of said revenue bonds, and under no circumstances shall the City and County be obligated to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions, and all obligations assumed by said Commission which shall require the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system"——

CITY ATTORNEY O'TOOLE: "arising from the operation of said system." Cut out the rest of it. Cut out "constructed from the proceeds of the sale of said revenue bonds."

SUPERVISOR RONCOVIERI: A period after "system"?

CITY ATTORNEY O'TOOLE: Yes.

THE CLERK (Reading): "When said resolution is adopted, said Public Utilities Commission shall have full power and authority to issue the revenue bonds or other evidences of indebtedness payable solely out of revenue to the amount specified in said resolution, but not to exceed the sum of $50,000,000."

SUPERVISOR UHL: "When said resolution is adopted."

CITY ATTORNEY O'TOOLE: "When said last mentioned resolution is adopted." Write in "last mentioned" in there.

THE CLERK (Reading): "The Public Utilities Commission shall regulate the time of the issuance of any bonds or other evidence of indebtedness authorized by this section, and may cause the same to be issued as one issue or in successive issues under the same authorization. Said bonds or other evidences of indebtedness shall be sold by said Commission at public sale to the highest and best bidder therefor, after notice of said sale has been given by the publication of notice of said sale for a period of two days in the official newspaper."

May I ask, should this "evidence" be plural in the second line of this paragraph?

CITY ATTORNEY O'TOOLE: It should be plural. It is, in my copy.

THE CLERK (Reading): "Said notice of sale shall not be less than five days after the last publication of said notice."

CITY ATTORNEY O'TOOLE: Cut out after the word "said" that which follows, "notice of". "The said sale shall be held not less than five days after the last publication of said notice." You have got that transposed there.

SUPERVISOR RONCOVIERI: Strike out "notice" in that same line?

CITY ATTORNEY O'TOOLE: Strike out "notice of" in that line. and "be" in the following line, and insert in place thereof "Said sale shall be held not less than five days after the last publication of said notice."

SUPERVISOR HAVENNER: Let's go back just a moment to this provision in the previous paragraph: "When said last mentioned resolution is adopted"—— To what does that refer, that said last mentioned resolution?

CITY ATTORNEY O'TOOLE: It refers to the resolution—go back to page five: "When said Public Utilities Commission shall have adopted said resolution specifying the manner of the acquisition or construction of said distribution system, as well as the total estimated cost thereof, said Commission shall adopt an additional resolution"—— Now, that is the last mentioned resolution there.

SUPERVISOR HAVENNER: Do you think that reference is definite enough?

CITY ATTORNEY O'TOOLE: I think it is.

SUPERVISOR HAVENNER: Okay.

THE CLERK (Reading): "Said sale shall be held not less than five days after the last publication of said notice. The Commission shall require a bond or other security in such amount as it may deem proper from all bidders to insure the fulfilling of any bid made for said bonds or obligations. When any of said bonds or other evidences of indebtedness are sold, the proceeds of said sale shall be deposited in the Treasury of the City and County and shall be used only for the purposes for which the same were approved. If a bid acceptable to the Commission should not be received for said bonds offered for sale the Commission may direct that said bonds, or any part thereof, be sold by the Treasurer of the City and County of San Francisco at private sale, at a price not less than par and accrued interest at the date of delivery of said bonds to purchaser."

SUPERVISOR COLMAN: You may limit the interest in that paragraph?

CITY ATTORNEY O'TOOLE: The interest is limited all through.

SUPERVISOR COLMAN: That would apply to this paragraph as well?

CITY ATTORNEY O'TOOLE: The issuance of bonds provides they can not be beyond six per cent, Supervisor. I don't think it is necessary. Mr. Herrington and I discussed that for a moment, but I think they will fix the interest before that—the bonds would be offered at private sale—more than likely they are sold by the Treasurer—the Treasurer will have to be advised of the interest rate. They can't fix an interest rate beyond six per cent, and they can't sell below par. I think you are in the clear on that.

THE CLERK (Reading): "Bonds or other evidences of indebtedness authorized or issued under the authority of this section shall not be subject to the Charter limitations as to the bonded indebtedness of the City and County, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter."

SUPERVISOR RONCOVIERI: What is that 104?

CITY ATTORNEY O'TOOLE: That contains the bond limitation, whatever it is.

THE CLERK (Reading): "Nothing in this section contained shall in any way abridge, control or revoke the power of the electors of the City and County to vote for and caused to be issued bonds or other evidences of indebtedness of the City and County for the acquisition, construction, completion or extension of said distribution system"——

CITY ATTORNEY O'TOOLE: ——"of the system"——

SUPERVISOR MEAD: Just scrape out "said"?

CITY ATTORNEY O'TOOLE: "Said distribution" and insert the word "the".

THE CLERK (Reading): ——"completion or extension of the system, but the manner provided in this section for the acquisition, construction, completion or extension of the same shall be deemed to be supplemental and additional manner for providing funds for said purpose."

CITY ATTORNEY O'TOOLE: ——"shall be deemed to be a supplemental and additional manner for providing funds for said purpose."

SUPERVISOR UHL: What does that section mean?

CITY ATTORNEY O'TOOLE: It might be said that if this amendment should pass and be written into our Charter, that that sets up the exclusive way to finance this distribution system, and it might happen that the bonds might not be salable or the revenue bonds for some reason could not be financed that way and we don't want anybody to say that we had no right to an obligation bond to finance this——

SUPERVISOR UHL: You mean by that then that after they are voted nobody can upset the vote of the electorate, is that the idea?

CITY ATTORNEY O'TOOLE: What is that?

SUPERVISOR UHL: That nobody can affect the control or power of the electorate of San Francisco. In other words, if they vote for it, is that final?

CITY ATTORNEY O'TOOLE: No, no, nothing in this section contained shall in any way affect or revoke the—and so forth——

SUPERVISOR UHL: You mean it is an injunction against the voting power?

CITY ATTORNEY O'TOOLE: "Nothing in this section contained shall in any way abridge, control or revoke the power of the electors of the City and County to vote for and cause to be issued general obligation bonds or other evidences of indebtedness of the City and County for the acquisition, construction, completion or extension of the system," —on the third line of the second paragraph on page ten, after the word "issued" insert "general obligation." That, Mr. Uhl, would permit, if this were not found to be a feasible way to finance this Plan 7, you could ignore this entirely and the people could finance it by issuing general obligation bonds, by a two-thirds vote.

SUPERVISOR HAVENNER: Just a minute, now, that Mr. Cahill is here, let's go back to page eight, Mr. Cahill, Subsection G, near the top of the page. Are you familiar with that?

MR. CAHILL: If I understand that, Mr. Supervisor, it is a permissive clause, giving the Public Utilities Commission power to carry insurance if they so desire. I am in favor of insurance of all kinds. I believe that a proper clause, if I am informed properly.

CITY ATTORNEY O'TOOLE: It is put in there simply to satisfy your bond holders because I think you would have the right anyway to carry insurance if you wanted it.

MR. CAHILL: I am in favor of it.

SUPERVISOR HAVENNER: The thing I wanted to call your attention to is, I don't think that section is permissive, I think it is mandatory.

CITY ATTORNEY O'TOOLE: No, go back to just before A. "Said resolution may also provide." I think those are all permissive.

SUPERVISOR HAVENNER: All right.

THE CLERK (Reading): "Bonds or other evidences of indebtedness issued pursuant to this section may be called and paid before maturity upon such terms and conditions as may be determined by the Public Utilities Commission, provided that said conditions are inserted in said bonds at the time of the issuance thereof.

"The Commission is hereby authorized, from time to time, to provide for the refunding, extension or renewal of any bonds or other evidences of indebtedness issued pursuant to this section and remaining outstanding and unpaid, at or prior to maturity thereof, by the issuance, sale or exchange of new bonds or other evidences of indebtedness in the same aggregate principal amount as the bonds or other evidences of indebtedness outstanding or unpaid, said new bonds or other evidences of indebtedness to be of such denomination and maturity at such times"——

CITY ATTORNEY O'TOOLE: "And maturing at such times."

THE CLERK (Reading): ——"and bearing such rates of interest, and otherwise modified as said Commission shall deem proper, provided that such new bonds or evidences of indebtedness shall be payable, both as to principal and interest, solely out of the revenue of 'the System' and the latest maturity of said new issue shall not be more than 40 years from the date of said new issue."

CITY ATTORNEY O'TOOLE: Of course, that 40 years is optional. I think you want to write in there, at the end of that paragraph, "and the interest thereon shall not exceed six (6%) per cent per annum."

SUPERVISOR HAVENNER: After the word "new issue"?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR HAVENNER: How does it read now?

CITY ATTORNEY O'TOOLE: "shall not be more than 40 years from the date of said new issue, and the interest thereon shall not exceed six (6%) per cent per annum."

THE CLERK (Reading): "The Public Utilities Commission shall fix and establish just and reasonable rates for any service furnished by 'The System,' which said rates shall not be less than will provide an amount sufficient to pay, as the same become due, the following:

"(a) All amounts necessary to pay the interest and principal on all bonds or evidences of indebtedness issued and sold, as provided in this section, and remaining unpaid.

"(b) All amounts necessary to provide for the repairs and maintenance of 'The System.'

"(c) All the operating expenses of 'The System.'

"(d) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of 'The System,' as the same may occur."

CITY ATTORNEY O'TOOLE: Now, that is a departure from the original copy submitted in this, that the bond interest and redemption is made the first charge upon the revenues of the system. Mr. Herrington first, when I discussed it with him last week, thought we were perfectly safe in making it the second or the third, but not later than the third; but he said he took it up with various bankers, with their New York correspondents, and found that all these revenue bonds, if they were not payable out of gross earnings they were very difficult to sell. Now, he says it doesn't make any difference, he said, still they have the first claim. The bond holders realize that if they can't keep the plant running that they don't get anything at all, and he said there has never been any difficulty on that.

MR. CAHILL: May I suggest, Mr. O'Toole, that there may be a typographical error in the positions of B and C? I think they should be reversed. In other words, the operating expenses should be first.

CITY ATTORNEY O'TOOLE: Yes, that is right. C should be B, and B become C.

THE CLERK (Reading): "Before any bonds or other evidences of indebtedness authorized under authority of this section are issued and sold, the Board of Supervisors shall, by ordinance, agree that while any bonds or other evidences of indebtedness issued under authority of this section are unpaid said Board will, at all times, approve rates to be charged by said Public Utilities Commission for service from 'The System' which will be sufficient to pay, as the same become due, all and singular, the obligations mentioned in Schedules (a), (b), (c) and (d), abose set forth."

SUPERVISOR UHL: Why do you bring the Board of Supervisors in this matter at all?

SUPERVISOR RONCOVIERI: It is the first time we are brought in.

SUPERVISOR UHL: Why should we be brought in here?

SUPERVISOR BROWN: It is nice to know that they haven't forgotten us.

CITY ATTORNEY O'TOOLE: I will tell you, there is a reason for that. Your bonds will not be salable if you don't put that in, because the Public Utilities Commission might present any rates they see fit, and this Board might not approve them or might by a two-thirds vote disapprove them. I have written it this way, "shall approve," which means they shall not disapprove.

SUPERVISOR UHL: Haven't you set up in the Charter Amendment they must be made the body fixing the established, just and reasonable rate to govern all of that?

CITY ATTORNEY O'TOOLE: Yes, but this is the first time we have brought the Board into this, and they have to do that because they had to amend the Los Angeles charter before the Reconstruction Finance Corporation would take any of their bonds. That was writ-

ten in there for the express purpose and the language of the Supreme Court held in a case of that kind, I think Los Angeles against Romane, they held there that the ordinance of the Council would bind their successors in Los Angeles County, and it would be obligatory at all times for the Los Angeles Council to approve rates to meet the obligation of the bonds.

SUPERVISOR UHL: Why don't you add to it that the Public Utilities Commission shall be bound by said rate?

CITY ATTORNEY O'TOOLE: They have to fix the rates first.

SUPERVISOR UHL: You say, "Before any bonds or other evidences of indebtedness authorized under authority of this section are issued and sold, the Board of Supervisors shall, by ordinance, agree that while any bonds or other evidences of indebtedness issued under authority of this section are unpaid said Board will, at all times, approve rates to be charged by said Public Utilities Commission" and so forth.

MR. CAHILL: Go back to the paragraph before A, and it says the Public Utilities Commission shall fix and establish just and reasonable rates, so they must do it, and this says the Board of Supervisors must agree to not upset those rates.

SUPERVISOR UHL: It simply binds us not to make a change in the rate, is that it?

CITY ATTORNEY O'TOOLE: Not to change the rate below that figure. In other words, if the Utilities Commission came in with a high rate to produce much more than that, there is nothing to prevent you from changing it.

SUPERVISOR UHL: All right, then, the Board of Supervisors shall agree—how can we bind our successors?

CITY ATTORNEY O'TOOLE: It was held in the Los Angeles case that you can.

SUPERVISOR UHL: When do we pass this ordinance? You wouldn't make the ordinance then a part of this amendment?

CITY ATTORNEY O'TOOLE: Not the ordinance, because you don't know what the terms of the ordinance would be.

SUPERVISOR UHL: That is why I am wondering if you get six members on the Board who are not in accord with it how are you going to obligate them to pass it?

CITY ATTORNEY O'TOOLE: I don't know, but you are going to do it. Of course, if the Board want to take the responsibility of holding it up, that is up to the Board.

SUPERVISOR UHL: I am raising that point. You are saying something here that may not happen——

CITY ATTORNEY O'TOOLE: I think possibly——

SUPERVISOR UHL: Well, this Board or any subsequent Board can we put that in there?

CITY ATTORNEY O'TOOLE: What is that?

SUPERVISOR UHL: That the Board of Supervisors or any subsequent body.

CITY ATTORNEY O'TOOLE: The Board of Supervisors is a continuing body, it is the Board of Supervisors.

SUPERVISOR UHL: All right.

SUPERVISOR RONCOVIERI: Mr. O'Toole, we agree not to change the rate fixed under this?

CITY ATTORNEY O'TOOLE: No, you don't agree not to change the rates at all: "The Board of Supervisors shall, by ordinance, agree that while any bonds or other evidences of indebtedness issued under authority of this section are unpaid said Board will, at all times, approve rates to be charged by said Public Utilities Commission for service from The System which will be sufficient to pay."

SUPERVISOR RONCOVIERI: Suppose, if such a thing is possible, that the Public Utilities Commission—I don't mean these gentlemen, but a Public Utilities Commission in the future, should fix a rate so

low that it will bankrupt the enterprise, the Board of Supervisors can not raise it?

CITY ATTORNEY O'TOOLE: It says, "The Public Utilities Commission shall fix and establish just and reasonable rates for any service furnished by The System, which said rate shall not be less than will provide an amount sufficient to pay." I think in the paragraph below it should read "approve rates to be charged by said Public Utilities Commission for service from The System which shall be sufficient to pay," instead of "will."

MR. CAHILL: Mr. O'Toole, I believe if you go back up to the top of the page, "The Public Utilities Commission shall fix and establish just and reasonable rates for any service"—— I think that should be changed to "all service."

CITY ATTORNEY O'TOOLE: I think "any" covers all things, but if it is more agreeable we can change it.

SUPERVISOR RONCOVIERI: What do you want?

MR. CAHILL: "All" is more inclusive.

SUPERVISOR RONCOVIERI: Could the Board of Supervisors, since they are mentioned here, "and agree to do a certain thing," go beyond this agreement? In other words, could they do something else that is not mentioned here?

CITY ATTORNEY O'TOOLE: What do you mean, Supervisor? Let me put this example to you: Suppose the Utilities Commission should come in with a rate for power that would be far more than sufficient to pay all the obligations you have mentioned above, that is the interest and the operation and the depreciation, and the Board of Supervisors would not be prohibited from cutting those rates down to as such a figure as will produce that.

SUPERVISOR RONCOVIERI: We would have that right?

CITY ATTORNEY O'TOOLE: Yes, sir.

SUPERVISOR HAVENNER: Go ahead.

CITY ATTORNEY O'TOOLE: There is a word to be changed from "will" to "shall," the third line from the bottom of the next to the last paragraph on page 11. "The System which shall be sufficient to pay."

THE CLERK (Reading): "Said Board of Supervisors shall likewise, by ordinance, confirm any and all agreements, covenants or conditions contained in any resolution of the Public Utilities Commission providing for the issuance of any of said revenue bonds."

SUPERVISOR UHL: I would like to add thereto, "As heretofore prescribed or heretofore provided."

CITY ATTORNEY O'TOOLE: What is that for?

SUPERVISOR UHL: So when they come in with a resolution it means the bonds are for sale at par, the interest rate not to exceed six per cent, and so on—that is a blanket statement you are making there. All right, let them conform to this Charter amendment.

CITY ATTORNEY O'TOOLE: After the word "bonds" you would add "provided said agreements, covenants and conditions are not in conflict with this section?"

SUPERVISOR RONCOVIERI: "Provided said agreements, covenants and conditions are not in conflict with this section."

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR HAVENNER: Go ahead.

THE CLERK (Reading): "The Public Utilities Commission shall cause all moneys accruing from the electrical distribution system to be paid into the Treasury of the City and County of San Francisco daily"——

SUPERVISOR HAVENNER: Do you want to use those words, "electrical distribution system?"

CITY ATTORNEY O'TOOLE: Make it "system."

THE CLERK (Reading): "——from the system to be paid into the Treasury of the City and County of San Francisco daily, and said moneys, together with any interest earned thereon, shall be used only

for the following purposes and in the order herein set forth, to-wit:"——

SUPERVISOR HAVENNER: May I ask this question: Is it necessary for the Board of Supervisors to confirm any and all agreements, covenants and conditions in any resolution of the Public Utilities Commission?

CITY ATTORNEY O'TOOLE: That was expressly requested by Mr. Herrington as one of the necessary conditions which adds to the salability of your bonds. I don't know that it is.

MR. CAHILL: You are putting the responsibility on the Public Utilities Commission and then you say that the Board of Supervisors, who do not have the responsibility, must approve this whole thing. It does seem to me that inasmuch as you have already given the power to the Public Utilities Commission it should not be a duty and power of the Board of Supervisors to confirm what has already been stated the Public Utilities Commission has power to do.

CITY ATTORNEY O'TOOLE: I think maybe you are right, although it is one of Mr. Herrington's suggestions; I have no objection to cutting it out.

SUPERVISOR RONCOVIERI: Maybe Mr. Herrington thought there may be some law or something hidden away there that would give the Board of Supervisors power to upset what the Commission has done.

CITY ATTORNEY O'TOOLE: No, I don't think they have any power to do that. The only control which the Board has on the Public Utilities Commission is the matter of fixing the rates. I quite agree with Mr. Cahill there, because really there is no necessity for that.

SUPERVISOR HAVENNER: Strike that out?

CITY ATTORNEY O'TOOLE: Strike it out.

SUPERVISOR RONCOVIERI: Why not ask Mr. Herrington what he has in his mind?

CITY ATTORNEY O'TOOLE: I can't get Mr. Herrington now.

SUPERVISOR RONCOVIERI: What are you striking out?

SUPERVISOR HAVENNER: The bottom of page 11.

SUPERVISOR RONCOVIERI: "Said Board of Supervisors shall likewise"—strike all that out?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR RONCOVIERI: The entire paragraph?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR RONCOVIERI: "The Public Utilities Commission shall cause all moneys accruing from The System"—that stays in?

SUPERVISOR HAVENNER: Yes.

THE CLERK (Reading): Subdivision A. "(a) To pay the principal sum and the interest thereon on all bonds or other evidences of indebtedness issued under this section and remaining unpaid, as said principal and interest become due and payable;

"(b) To pay all of the operating expenses of said system;

"(c) To pay all amounts to become due for the repair and maintenance of said system;

"(d) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of 'The System,' as the same may occur;

"(e) To pay for extensions and betterments to said system, or to establish a reserve to pay for said extensions and betterments;

"(f) To establish a surplus fund."

SUPERVISOR RONCOVIERI: I would like to ask Mr. Cahill, is this the logical sequence, in your opinion?

MR. CAHILL: Yes, that is all right.

SUPERVISOR RONCOVIERI: You say in C, "to pay all amounts to become due for the repair and maintenance of said system." Shouldn't that be the first?

CITY ATTORNEY O'TOOLE: No, your operating expenses.

SUPERVISOR HAVENNER: Operating requirements first, and maintenance second.

SUPERVISOR RONCOVIERI: Suppose lightning should hit The System, shouldn't you install The System before you pay any interest?

CITY ATTORNEY O'TOOLE: Your bond holders would undoubtedly, if your System was damaged, would consent that the interest might take second or third place.

SUPERVISOR RONCOVIERI: All right. You are satisfied, Mr. Cahill, with that sequence?

MR. CAHILL: Yes, the sequence is all right.

THE CLERK (Reading): "Said Commission shall cause to be set up a bond interest and redemption fund into which shall be paid an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds or other evidences of indebtedness, for the current, as well as for the next succeeding year, and at any time the revenues of 'The System' are not sufficient to permit the payment of said sum"——

SUPERVISOR HAVENNER: Don't you mean to say "and if at any time?"

CITY ATTORNEY O'TOOLE: Yes, an "if" should be in there.

THE CLERK (Reading): ——"and if at any time the revenues of 'The System' are not sufficient to permit the payment of said sum into said fund, any deficiency shall be paid into said fund from the surplus fund. Said Commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (d) and (e) above set forth and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes."

MR. CAHILL: Mr. O'Toole, may I call your attention to something here: We have A here, "To pay the principal sum and the interest thereon on all bonds or other evidences of indebtedness issued under this section and remaining unpaid, as said principal and interest become due and payable." We have down below here a statement that out of A should not only be paid interest and amortization of bonds for the first year, but that out of A before you pay operation and maintenance we must also set up a fund sufficient to pay interest and amortization of bonds for the second year. In that initial year that would work quite a hardship.

CITY ATTORNEY O'TOOLE: I know it does.

MR. CAHILL: May it not be done with that second year's interest and redemption may be set up in F, the surplus fund, and taken out of that, that second year, and that fund be maintained there all the time? In other words, I don't want to establish in A two years' interest and two years' redemption. One year's interest and one year's redemption is quite proper. In F I would like to establish the fund for the other year's interest and redemption.

CITY ATTORNEY O'TOOLE: The trouble with that is you may not get sufficient in F, in your surplus fund, because you see you could take it for extensions and betterments, and possibly leaving a succeeding year which might be a lean year, without sufficient amount of money—I get your objection to that, but I don't know.

MR. CAHILL: I would like to have your thought on it, please.

CITY ATTORNEY O'TOOLE: All right. One page 12, where you note there Schedules A, B and C, add another one to be known as D, and we will change that subsequent D, which will read as follows:——

SUPERVISOR UHL: May I interrupt you to ask why not stop at the bottom of page 12, at the period "surplus fund." And leave the rest out?

CITY ATTORNEY O'TOOLE: We are coming to that. I will answer your question as soon as we get this started. We have to change this lower section here.

MR. CAHILL: That should come between D and E.

SUPERVISOR UHL: You have got D in here.

CITY ATTORNEY O'TOOLE: This is going to be a new one.

SUPERVISOR UHL: That will go back, then, to the previous paragraph—he is changing the symbols, changing the initials.

CITY ATTORNEY O'TOOLE: Supervisor Uhl, here it is—set up a new D which shall read as follows:

"A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds."

Then D becomes E, and E becomes F.

SUPERVISOR UHL: Mr. City Attorney, why can't that go in the first sentence of the paragraph and leave the last part of the paragraph out and clarify all of that statement so it doesn't conflict with D in the previous set up?

CITY ATTORNEY O'TOOLE: That won't make any difference, because they are different matters.

SUPERVISOR UHL: You will have two conditions in the set up.

CITY ATTORNEY O'TOOLE: No, change the symbols.

SUPERVISOR UHL: Then what are you going to call the other symbols?

CITY ATTORNEY O'TOOLE: In other words, you just set up a new fund there that is to be set up in the Treasury, Supervisor, to take care of the interest for the succeeding year.

SUPERVISOR UHL: Why wouldn't that follow F then, and make it G?

CITY ATTORNEY O'TOOLE: I will tell you why: I just discussed that with Mr. Cahill. Now, if we put it below D or E or F your bond holders are going to say, all right, if you get enough interest—you are going to have enough for the current year's interest, but if you are going to have a lean year you are not going to have any interest to take care of the succeeding year which may be a lean year and if you are permitted to go ahead and construct an extension to your system it might be that we won't have interest at all.

SUPERVISOR UHL: Then you wouldn't have any surplus anyhow?

CITY ATTORNEY O'TOOLE: No, you won't have any surplus, but if it is going to be all spent there won't be any surplus, but it is not all going to be spent.

SUPERVISOR UHL: All right. Do you think, then, that the remaining part of that last paragraph should go in outside of this you have mentioned?

CITY ATTORNEY O'TOOLE: "Said Commission shall cause to be set up a bond interest and redemption fund into which shall be paid an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds or other evidences of indebtedness, for the current year"——

SUPERVISOR HAVENNER: Cut out "as well as for the next succeeding"?

CITY ATTORNEY O'TOOLE: Yes.

THE CLERK (Reading): ——"and if at any time the revenues of 'The System' "——

CITY ATTORNEY O'TOOLE: That has got to all go out in view of that new provision put in there.

THE CHAIRMAN: Gentlemen of the Board: Mr. Cleary is not going to be available this afternoon, and I would like to break in on this matter at this time to explain just what transpired at our meeting of the Highway Commission in Sacramento last Thursday. I think after the explanation has been made by Mr. Cleary, and Mr. Brown and myself, the proper legislation can be prepared for consideration at a later date. I recognize Mr. Brown.

SUPERVISOR BROWN: Mr. Chairman: I think it is becoming increasingly evident to the members of the Board that not only is the document that was purported to be—the matter is not near its final form as yet, but that even if it is eventually——

CITY ATTORNEY O'TOOLE: It will be in its final form in five minutes.

SUPERVISOR BROWN: Even if it is completed today, after all the changes made in it, I would not be inclined to act on it without a complete review of the matter in its final draft, and, not only that, but giving the Board of Supervisors a chance likewise to make a complete review of the completed draft. I think it is essential in a matter of this importance that we be given the Charter amendment in the form complete that we are expected to vote on and in the form that it will be eventually submitted to the people of the City and County of San Francisco. I don't think we are going to get that done today and I can't see any good reason why, the day before Christmas, this Board should be asked to sit here for hours while petty changes are made in the draft of this important piece of legislation. So, I think, Mr. Chairman, that it is entirely proper that this matter should go over until next Monday, and that the City Attorney should be asked to submit a complete and final draft of the proposed Charter amendment next Monday for our consideration and, I am going to move that the matter go over until next Monday.

THE CHAIRMAN: Is there a second to the motion?

SUPERVISOR COLMAN: I will second it, and hear what Mr. Havenner has to say, though not indicating how I am going to vote.

THE CHAIRMAN: Mr. Havenner?

SUPERVISOR HAVENNER: Mr. Chairman: I certainly hope the motion will not prevail. I would like to point out to the members of this Board that as the sponsor of this Charter amendment I have been trying for a long, long time to get this matter to acceptable form to submit it. The City Attorney has been working on it, not only for weeks, but for months; he has been studying the Los Angeles Charter, he has given a tremendous amount of attention to it; and the members of the Utilities Commission, the representatives of the Public Utilities Commission, Mr. Cahill and Mr. Ost, have gone over this thing very, very carefully, and from the standpoint of the Public Utilities Commission they tell me they are satisfied with the draft of the amendment as it will be presented to us in a few minutes, in its completed form. It will always be necessary, I would like to point out to the members of the Board, in any matter of this importance, to go over any draft of any amendment submitted, in detail, with you, as we have submitted this one this morning, and have the members of the Board satisfy themselves as the thing is explained to them that the proposed Charter language is satisfactory. Now, we have done that here and you would have to do it again if you asked the City Attorney to take it out here and study it, you would have to do the same thing again.

Now, I asked the members of this Board, and I understood they agreed—I don't think there is any uncertainty in the minds of the members of the Board here as to why this meeting was to be held this morning—I asked them as the author of this Charter amendment to permit me to put this amendment to a vote before I leave the Board and the Board voted on last Monday to meet here for this purpose.

SUPERVISOR COLMAN: Is this your last day?

SUPERVISOR HAVENNER: I will be obliged to leave for Washington on Saturday. The amendment is not hastily prepared, it has been most carefully prepared, after a great deal of study and discussion with the authorities of Los Angeles. It follows substantially previous Charter amendments that have been submitted for the issuance of revenue bonds except that in this it provides for a specific issue for a specific purpose. Now, all we are asking is that you allow this issue to go to the people. And I can say to you very frankly that I can not in good faith tell the Secretary of the Interior when I see him in Washington, as I will be obliged to see him, it is part of my duty to myself and part of my duty to the City of San Francisco—I can not in good faith tell him that this matter had been un-

avoidably postponed because I don't think that would be the truth. All we are asking you to do is allow the people of San Francisco to decide whether they want to carry this provision out. You made the same argument here last week with respect to a proposed repealer—two weeks ago with respect to a proposed repeal of the anti-picketing law, and some of you gentlemen voted to submit it although I believe you indicated that perhaps you were not in favor of it, but you voted to submit it so the people could decide. That is all we are asking you to do here, and if the people should again—I say again—this will be the first time that a proposition of this kind, in this form, has been submitted to them, but if they should reject it the responsibility would be the responsibility of the people, but if the Board refuses to act on this after all the labor and time that has been expended on it and puts it over until after I am obliged to leave the Board, I will be obliged to go away from here feeling that the last thing in which I have been interested, the thing which I have been interested in for many, many years has been purposely set over until after my departure in the hope that whoever may be my successor may not share my views on this subject. I was elected when I first came into this Board on this issue. I pledged myself then to the people that as soon as it were possible we would present to them a practical plan for the distribution of the Hetch Hetchy power under municipal ownership. The people at that time indicated that they were in favor of that promise. The mere fact that they have not seen fit to approve certain blanket propositions that have been submitted to them heretofore does not in my judgment indicate that they might not be willing to approve this proposition specifically for the purpose of doing the thing that they indicated years ago they wanted to do. So I hope the members of the Board will not see fit to postpone this.

SUPERVISOR McSHEEHY: May I ask the Chairman, are we meeting as a committee of the whole at the present time?

SUPERVISOR HAVENNER: Yes.

SUPERVISOR McSHEEHY: Is a motion being made to postpone?

THE CHAIRMAN: Yes.

SUPERVISOR McSHEEHY: I would rise to a point of order, which is that you can not make a motion to postpone when you are meeting as a committee of the whole on a question of this kind.

SUPERVISOR BROWN: If the gentleman questions the point of order, I think it is in order to move that we rise and report to the Board that we recommend postponement. I will amend the motion to that effect. Before I do so I would like to say a few words to Mr. Havenner.

THE CHAIRMAN: Mr. McSheehy has the floor.

SUPERVISOR McSHEEHY: I just wanted to know.

THE CHAIRMAN: Your point of order is well taken. There is no motion before the Board at this time.

SUPERVISOR BROWN: If I can make a statement without any motion before us——

THE CHAIRMAN: Make your statement.

SUPERVISOR BROWN: I might say to Mr. Havenner that he is mistaken in the assumption that this motion on my part was motivated by any desire to remove him from the debate in connection with this issue, but I would like Mr. Havenner to think this over, to ask him to think what he is asking the Board to do. Now, we have been here since nine o'clock this morning and we haven't even completed the reading of this ordinance. This is a matter which involves $50,000,000 of the City and County's money; it involves a very material departure from public policy heretofore followed by the City and County, and he now asks us to rush this legislation through on the ground that he is leaving for Washington. This is the day before Christmas. Tomorrow is Christmas. I have a family, and I feel that my family is entitled to my time before Christmas, just as the other members of this Board who are similarly situated must feel. While I regret that

Mr. Havenner has seen any implications in this motion that do not exist, and while I would be perfectly willing to come back here Saturday morning and continue the discussion, or at any other time Mr. Havenner might see fit, I don't think it is right of Mr. Havenner's colleagues on this Board to demand that we proceed with the debate that is unquestionably going to take all afternoon and maybe run into the evening. We have gentlemen here in the audience that expect to address this Board at length on this subject. We haven't even gotten around to them, and, as a matter of fact, we don't even have a final draft of the Charter amendment as proposed—we are still making changes in it.

SUPERVISOR HAVENNER: It would be completed in five minutes.

SUPERVISOR McSHEEHY: It would be finished in three minutes.

SUPERVISOR BROWN: The debate would not be finished.

SUPERVISOR HAVENNER: No.

SUPERVISOR BROWN: I can not think it is right for Mr. Havenner to have us sit here all afternoon on the debate of this. Because of the time element I will amend my motion in this manner, out of respect to Mr. Havenner: That we rise as a committee of the whole and report to the Board of Supervisors that this matter be postponed to a recessed meeting to be held Saturday morning at 10 o'clock.

SUPERVISOR HAVENNER: Mr. Chairman: I would like to point out to Mr. Brown—he seems to think I am taking an undue advantage of the other members of the Board—I would like to point out to him that I asked that this meeting be held yesterday, or Tuesday, and that the members of the Board themselves, to suit their own convenience, fixed it for today. I am not responsible for the choice of today as the time. I asked in order to avoid the situation which I foresaw that this matter be considered at an earlier time. Then the Board members themselves asked that it be fixed this morning. They said their convenience could not be suited at an earlier time.

SUPERVISOR BROWN: Do you have any objection to postponing it until Saturday?

SUPERVISOR HAVENNER: Well, it is a matter of great inconvenience to me, and possibly a matter of some loss to me. I have certain reservations made to go on Saturday afternoon which I don't know that I can cancel without being obliged to pay the cost of them. I could meet, I think, Saturday morning. I am not sure what time my train leaves. I believe it leaves in the middle of the afternoon. Will you find out for me what time the streamline leaves on Saturday afternoon?

SUPERVISOR McSHEEHY: Mr. Chairman, may I at this time—of course there is a motion to adjourn—I realize Supervisor Brown made the proper motion, that we rise and report—I realize that—I realize his rights. Therefore, we will have to act on that motion sitting as a committee of the whole, but may I say to the membership of this Board, we gave Supervisor Havenner our word—we gave him our word that we would raise no technicality in reference to passing this matter here today, and we have met as a committee of the whole—if we vote down the motion made by Supervisor Brown and continue, the clerk will read the small part of the last page, and I think he will read it in two minutes and therefore the entire matter, the resolution is before us, properly drawn up by our City Attorney, and we can act on it and I am sure if there is no attempt to filibuster—filibustering can be done by outsiders just as well as it can be done by members of this Board—we can come to a vote by one o'clock. I realize that this is Christmas Eve, and I realize that through all of the years I have been on this Board I never remember meeting the day before Christmas, never, but on account of Supervisor Havenner, on account of the interest he has taken in this matter and, as he said, he fought this thing in season and out of season for ten years—now, members of the Board, let us come to a vote and I am sure we can vote by one

o'clock, and I positively will rise every time any member of this Board, or any outsider, attempts to go over the time specified in our rules. I will tolerate no filibustering here this afternoon, gentlemen, if you will allow this matter to continue on its way—and I have that right as one member of the Board.

SUPERVISOR BROWN: I will withdraw the motion, with the announcement that I intend to renew it at one o'clock.

SUPERVISOR COLMAN: Mr. President: As the seconder I am willing to stay here all afternoon, but I do not in any way agree with the statement made by Mr. McSheehy. Any member or any citizen who wants to be heard should be allowed all the time that he requires, and there are some citizens here representing important interests no doubt, on both sides of the question, and that is not filibustering to allow the citizens to speak. If he wants to take up 10 or 15 or 20 minutes, he should have the right to do it. I certainly should not agree to curtailing anybody's discussion on this subject.

SUPERVISOR McSHEEHY: I move we proceed.

SUPERVISOR RONCOVIERI: I would like to suggest that we meet at two o'clock this afternoon, and go on with it. I think we should stay here until half past twelve and then return at two o'clock.

SUPERVISOR UHL: I agree with you.

SUPERVISOR RONCOVIERI: Let us put ourselves out a little bit today and then if we cannot get through today we will still have Saturday morning.

THE CHAIRMAN: Proceed, Mr. Clerk.

THE CLERK: At the top of page 13 (reading):

"—schedules (c), (d)"—there is a change here, "(e) and (f)"—F is added—"—above set forth and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes. Said estimates may be changed from time to time. Said Commission shall also pay into said fund an amount sufficient to meet all existing delinquencies upon any of said bonds or other evidences of indebtedness.

"Notwithstanding any other provision of this charter which may be in conflict with the provisions of this section, the provisions of this section shall prevail in so far as the same pertain to the financing and acquisition of 'The System' by the sale of bonds or other evidences of indebtedness payable solely out of revenue;"——

SUPERVISOR UHL: I would ask the City Attorney this question: Now, you have a D on page 12, about the middle of the page, which provides "An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of 'The System' as the same may occur." Now you follow it with a D in that next paragraph, in the bottom of the next paragraph. Should not one be a D-2?

CITY ATTORNEY O'TOOLE: No, they are different matters entirely.

SUPERVISOR UHL: You have got two D's. Which are you referring to at the top of page 13?

CITY ATTORNEY O'TOOLE: Please let me explain: As it reads now it reads, "A, B, C, D", and then the present D or the D you have there becomes E, and E becomes F, and F becomes G.

SUPERVISOR UHL: Are you going to change them then on page 12, the previous set up?

CITY ATTORNEY O'TOOLE: That D is E, and E becomes F.

SUPERVISOR UHL: Now then, let us go back to the middle of page 12 where you set up A, B, C, D, E and F. Do they remain the same?

CITY ATTORNEY O'TOOLE: No, you have got a new D there.

SUPERVISOR UHL: That is what I am saying, calling your attention to it, on page 12, you make the same changes?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR UHL: That has not been done yet.

CITY ATTORNEY O'TOOLE: It has been done by the Clerk.

SUPERVISOR UHL: In other words, you are also inserting the new D in that section and then D becomes E, and E becomes F, and so on?

CITY ATTORNEY O'TOOLE: Yes.

THE CHAIRMAN: Members of the Board: I feel that it is useless to hold Mr. Cleary here any longer, and as we want to devote every minute to the consideration of this matter, I think it might be necessary that we hear the report of the committee that went to Sacramento regarding the Funston avenue approach next Monday at two o'clock, and let us agree, although we are in a committee of the whole—the motion will have to be made when we sit as a Board of Supervisors—that we take it up as a Special Order of Business at two o'clock.

SUPERVISOR BROWN: I move that that be the sense of the meeting.

SUPERVISOR McSHEEHY: One of us will make that motion at the proper time so the record will show it did not come in now when we are sitting as a committee of the whole. It would be out of order.

SUPERVISOR UHL: Before Mr. Cleary leaves, I was in hopes of bringing up this afternoon the question of that McClintock report, that we should have, the diagonal extending from Fifth street into Mason and Eddy. I appreciate the importance of that and that every day is important and we should have a report this afternoon as to just what the Supervisors might expect from the engineer. I presume the recommendation must come from the engineer.

THE CLERK: May I interrupt?

SUPERVISOR UHL: Yes.

THE CLERK: The report is here. The procedure is that it will be presented to the Board at the proper time.

SUPERVISOR UHL: At the proper time—I would move that we take it up this afternoon when we finish with this—if it is Saturday morning—then Monday.

SUPERVISOR McSHEEHY: I don't like to rise to a point of order, but this is out of order.

SUPERVISOR MEYER: I move we continue with our work.

MR. CLEARY: Gentlemen, I will be available if you need me this afternoon, and if you don't reach that matter I will be available on Saturday morning and likewise on Monday, and may I take this occasion to wish to the new President of the Board, and to each member, a very Happy Christmas.

THE CHAIRMAN: Thank you. Proceed with the reading, Mr. Clerk.

THE CLERK: (Reading) "—provided, however, that nothing herein contained shall prevent the financing or acquisition of 'The System' or any additions thereto by general obligation bonds issued as provided by law.

"The Board of Supervisors may, by ordinance, confer upon said Public Utilities Commission such additional powers not in conflict with section as may be necessary to carry out the purposes of said section."

SUPERVISOR McSHEEHY: That finishes it, does it? May I suggest that you make the proper motion, Supervisor Havenner?

SUPERVISOR HAVENNER: I would ask the City Attorney, is this Charter amendment now in the final form in which it would be voted on by this Board for submission?

CITY ATTORNEY O'TOOLE: With the exception of some clerical corrections in it, it is——

SUPERVISOR HAVENNER: I mean right here——

CITY ATTORNEY O'TOOLE: But we have to write the requisite head, that is all. The heading is always left to the clerk to write the requisite heading.

SUPERVISOR HAVENNER: Will it be in the form of an ordinance or resolution?

THE CLERK: A Charter amendment. The procedure is to order it

submitted. First, give it a number—if you want it number one, make it number one of Charter amendments.

SUPERVISOR HAVENNER: I will so move.

SUPERVISOR McSHEEHY: I will second that, that it be known as number one.

THE CHAIRMAN: It is regularly moved and seconded that this be known as "Charter Amendment No. 1." Are you ready for the question?

SUPERVISOR COLMAN: I would ask the privilege of the floor, Mr. President, to any one who desires to be heard on the motion, first asking as our custom is, the privilege of the floor for the proponent of the measure.

THE CLERK: That has nothing to do with this particular matter of identification.

SUPERVISOR HAVENNER: I don't think that they want to be heard on the question of whether it shall be number one or number two. I think that is a Board matter.

SUPERVISOR COLMAN: No, I mean on the matter of whether we present it or not.

SUPERVISOR HAVENNER: No, the first motion is that the Charter amendment be known as "Charter Amendment No. 1."

SUPERVISOR COLMAN: There is no objection.

THE CHAIRMAN: If there is no objection, such will be the order.

SUPERVISOR HAVENNER: In order to bring the matter before the committee, I move that Charter amendment number one be ordered submitted.

SUPERVISOR McSHEEHY: I second the motion.

THE CHAIRMAN: It has been regularly moved and seconded that the Charter amendment number one be ordered submitted. Mr. Colman?

SUPERVISOR COLMAN: I move the privilege of the floor to any citizen or citizens who desire to be heard on the matter. First, as is our custom, to the proponents of the measure.

THE CHAIRMAN: Are there any proponents of the measure, other than the members of the Board of Supervisors, who would like to be heard? Mr. Skaller.

MR. GEORGE SKALLER: Mr. Chairman and Gentlemen of the Board: I speak as one of those representative organizations that supported the last revenue amendment that was presented in 1934. This amendment as submitted now, as prepared to print and pass, is at such variance that we haven't had occasion to study it in any details, but we note some fundamentals in this that I would like to bring to your attention—and it is fundmental in this respect: That you are about to vest all the powers involved in the business of expending $50,000,000 in an appointive commission. I do believe that such power should not be entirely vested in an appointive commission because an appointed commission is always under control of the administration and the appointment itself is in issue when the appointment is made.

Now, I am inclined to believe, gentlemen of the Board, that you have considerable determination of amendment in relation to this Board—that it may possibly be those who are favorably inclined to the issuing of revenue bonds—and I would suggest to this Board of Supervisors for that amendment to incorporate an issue whereby any such determination by the Public Utilities Commission must be made subject to the approval by the majority of the elective officials, that is the Board of Supervisors. This is a fundamental weakness in this because the people, I don't believe, will at any time support an amendment that grants power to spend $50,000,000 to an appointed commission which will be itself the administration office. The power is too great, and the power is too much to be granted to any particular person who has got the control of the appointment of the commission. I think you might—and I suggest this to the sponsors of the amend-

ment—it might be wise that the initiative of any such important policy should emanate from the elected officials, that the utilities commission shall be authorized to act only after the elective officials or the Board of Supervisors has acted by a majority vote, then the engagement and conduct of the Public Utilities Commission. But if you don't agree with me that viewpoint, I suggest that you provide in this amendment that first the Public Utilities Commission must at least pass such resolution by four out of five of its members instead of by a majority, which would be three; secondly, that such amendment before becoming valid and legal must find the approval of majority members of the Board of Supervisors. By doing so you will gain the support of those who are favorably inclined in the support of this Charter amendment. After all, the sponsors of this amendment must realize that the final action does not lie with this Board, it lies with the people. Submit it to the people—and the people are not enirely controlled by the viewpoint of the body which you are here—by the viewpoint of the many organizations which take a vital interest in these things.

Now, I can only speak for myself. I do not represent an organization but I have taken a considerable interest in revenue bonds. I personally believe that many of our enterprises, revenue bearing enterprises, should not be financed by general bonds in the city and county, but I do say to you, gentlemen, particularly to the sponsors, that unless you make any such policy subject to approval of at least the majority of the elected Supervisors you have weakened your own case to such an extent that it is highly doubtful whether the support will be found that you otherwise need.

SUPERVISOR HAVENNER: At this time I would like to say in response to what Mr. Skaller has said that this proposed Charter amendment does not confer any blanket authority upon the Public Utilities Commission for the expenditure of this money. It asks the people to authorize the expenditure of this money for this specific purpose and it simply vests in the Public Utilities Commission, a charter body, the right to administer the expenditure of the funds for this particular purpose and for no other purpose. I would ask Mr. Ost if he knows whether the Los Angeles bond issue for electricity do not vest in the Water and Power Commission down there the same kind of authority we are proposing to invest in our Public Utilities Commission up here—and the people of Los Angeles have granted that authority willingly. They granted it on the revenue bond issue last week by a vote of two to one. There is no such hesitancy down there. I don't know whether there is going to be an effort to discredit this proposition by trying to impugn the responsibility and the reputation of our Public Utilities Commission or not. If that be true, we ought to have a new Public Utilities Commission. Yet the people created a new Public Utilities Commission by their vote and they have vested in that Commission the exclusive authority over the management and regulation of the public utilities and all we are doing here is to give that body the official right to do the things the people wanted to do, to carry out the terms of the people's mandate. Now, the people of Los Angeles have not shown any such hesitancy as Mr. Skaller is suggesting.

MR. SKALLER: May I say this to you: There is no possible objection to giving to the Public Utilities Commission the absolute power to conduct and manage the utility in which they are engaged, but my point of argument was as to the initial determination whether to engage in the conduct of that policy shall not be vested, in other words, in a one-man power. That means in the one-man power that appoints the five commissioners, and which is the most important power vested in anybody—will be the fundamental power when the appointment is made. I say this to you: You are doing an injustice to yourself if you can come to any such determination, not to get at least a

majority support of the elective officials who have to account to the people; then, of course, the project is not worthy of engaging in. You certainly will not have a majority, and I will tell you this, Mr. Havenner, you provide in your Charter amendment that the Public Utilities Commission shall have public hearings. Now, I am one of those who have had experience in hearings before the body appointed and elected. The hearing before an appointed body is mostly autocratic, it is held in a way where the people haven't got the same right to assert themselves as they have before an elective body. I say to you right here in this Board under your own rules you see that autocratic policy because by the vote of one man you may deny the right of any citizen to appear before the Board and express himself. So I say this to you, Mr. Havenner, in all friendship and I say it to you in the spirit of help, that you do an injustice to yourself by not incorporating at least a provision in this amendment whereby the elected officials of the City and County of San Francisco will have something to say by at least a majority vote—some of them may claim they should have a two-thirds, but I think the majority vote is sufficient because it means a great deal to the city at large in all its future consequences whether the city shall engage in the conduct of public utilities. I don't express myself as to that particular utility, but I do subscribe to the theory that the city shall have the power to issue revenue bonds if they ever desire to engage in revenue bearing propositions. That is as far as I am committed, and from that point of view we supported your amendment in 1934. So I say to you, gentlemen, by making that change you can certainly gain support instead of losing support, which you must have. Another point strikes me, and that is only incidental. We have had no occasion to study these different provisions because the printed copy is different. Mr. Cahill mentioned something about insurance. Now, people buying bonds in an enterprise like this, and only secured by the enterprise itself, should be absolutely protected. Now, the insurance, while he may favor it, somebody else may not favor it. It ought to be mandatory to carry insurance for the full amount, because nobody knows what the elements of nature, or an earthquake, may possibly do to such an enterprise, and the bondholders ought to be protected to that extent.

The other provisions I have not had occasion to study, but as a whole I wanted to submit to you my viewpoint, particularly so as one of those who assisted you in trying to carry the amendment you had in 1934.

SUPERVISOR RONCOVIERI: Could we send for Mr. O'Toole? I think it is extremely important if we agree to it—

THE CHAIRMAN: Are there any other proponents here?

SUPERVISOR HAVENNER: I have not asked anybody to come here.

SUPERVISOR McSHEEHY: Pardon me. I can't think of the name of the former assemblyman, Mr. Feigenbaum—but I would move the privilege of the floor, whether a proponent or opponent.

THE CHAIRMAN: I would like to have the members of the Board rule on this point at this time: That is, our rules provide that when we sit as a committee of the whole that the privilege of the floor does not have to be asked, so, if any citizen rises, I think it is in the province of the Chair to recognize him without a member of the Board proposing his name. I think when we have hearings where a member of the Board is proposing some legislation or a report in committee and he knows who is going to be called, it is quite proper that the proponents and opponents be called, but I think in hearings of this kind the Chair should be permitted to recognize any citizen that rises for the privilege of the floor, without the privilege of the floor being moved for him. If that is agreeable to the members of the Board we will proceed along those lines. I will recognize Mr. Feigenbaum.

MR. B. J. FEIGENBAUM: Mr. Chairman, and members of the committee of the whole of the Board of Supervisors:

THE CHAIRMAN: Would the members of the Board like to suspend the rule, number 17, to other than members of the Board?

SUPERVISOR UHL: I so move.

SUPERVISOR McSHEEHY: What do you mean by that?

SUPERVISOR UHL: Ten minutes is the rule.

SUPERVISOR McSHEEHY: I think we ought to keep to that on account of the time.

MR. FEIGENBAUM: I won't take ten minutes.

SUPERVISOR HAVENNER: Mr. Feigenbaum says he is not going to take ten minutes.

MR. FEIGENBAUM: I represent the Investment Bankers Association of America, the California Group; and also the California Security Dealers Association, in appearing before you today in opposition to this proposed measure. In opposing the purchase of a distributing system, not proposing Plan 7, not discussing public ownership as against private ownership, but rather solely the question of revenue bonds as against general obligation bonds. In the first place, the experience of San Francisco, if you gentlemen want to buy this distributing system, will show you the people of this city do not favor revenue bonds. Revenue bond amendments were presented to the people of San Francisco in 1928, 1932, and 1935; they were general revenue bond measures. In 1932 it was a specific measure, I think, after the fashion of this, limited it to $5,000,000 of five-year bonds for water improvement, but that was voted down.

My first point on behalf of the people whom I act as counsel for is that the revenue bonds are not wanted in San Francisco by the electorate, and therefore the way to put this on, if you want to do it, is through general obligation bonds. Secondly, to point out that there is no necessity for revenue bond in San Francisco. You have not reached your bond limit of 12 per cent, and that, of course, could be changed, but so far as the 12 per cent limit, it is a sound one to protect the credit of San Francisco, there is plenty of leeway for this. Although somebody might say to me, "We have a traction problem," but the answer to that is if you try to get on the outside of issuing revenue bonds you affect the credit of San Francisco just as much as if they were general obligation bonds—you are going to increase the cost of financing the transit plan at this time. Further, on behalf of the people whom I represent, you are flying in the face of the requirement in the Charter, and which has been there for years, of a two-thirds vote. The credit of San Francisco is behind a revenue bond whether they constitute a tax lien on the property or not, and the credit of San Francisco should not be treated lightly. The people are entitled to vote on these bonds from time to time, the same as any other measure, and the purpose of a two-third vote is very salutary as far as the credit of San Francisco is concerned. In addition to that, I might point out that the people have not turned down the bond issues that have been offered to them by the Board. In nine cases out of ten they have passed general obligation bonds and certainly in all instances in which they were necessary.

The people whom I represent are the people who would be buying these bonds and selling them to the general customers or the general public. They are the people who bought the bonds in the past, who were interested in preserving the credit, the financial standing of San Francisco, and San Francisco today has a very, very high credit rating. Take a 4 per cent coupon bond, about 20-year maturity: those bonds are now selling to yield approximately 2.55 per cent, but the most that Los Angeles—and Los Angeles was mentioned—in Los Angeles you would get a greater per cent, a higher rate on obligation bonds and proportionately higher on revenue bonds. Take Seattle, the other ranking city on the Coast, in the north: their bonds are selling at 3 per cent against 2.55 in San Francisco, and the revenue bonds selling at 3.70 possibly.

On this matter of expense, in Plan 7 it is pointed out to you what the cost would be on a 4 per cent general obligation basis and a 5 per cent revenue obligation basis. Now, the manager of the utilities did not suggest that you can not sell a revenue bond for less than 5 per cent, or a general obligation bond for less than 4. I am not suggesting that either. You could unquestionably sell the general obligations for less than four, and a revenue bond is something of an unknown quantity to a certain extent, but it would not be, in my judgment, 5 per cent, but there is still a substantial distinction in yield between a general and revenue bond—and that comes out of the taxpayer's pocket, whether you call him a rate payer or not. On those figures in Plan 7, if there is a .1 difference—I might say this, in Seattle there is a .70, almost 1 per cent difference, .70—assuming they are right in their figures in Plan 7, it would cost San Francisco $227,000 a year more in interest alone to finance this on a revenue bond than it would under general obligation bonds. And, as is also worked out in Plan 7—do not mistake me, gentlemen, I am not speaking against Plan 7 at all—the cost as shown in there would be a difference of about $5,675,000 in interest charges alone. Gentlemen, I am suggesting to you that it is quite important that this be considered from a general obligation basis, something that is tried and true, and the people of San Francisco are familiar with, rather than a revenue bond which they have turned down in the past regularly and which is an unknown quantity to a certain extent. It is true these Los Angeles bonds Mr. Havenner referred to, and a few other revenue bond issues—very few outside of water issues—they are very, very few outside of the water bonds where they have a fixed noncompetitive utility, so far as revenue bonds are concerned.

There is another thing I will call to your attention. I shall not take more at the outside than two or three minutes more. The federal government, as you know, much after the same fashion as the state government, is looking for revenue whereby it can get it quickly. There is a question now that has come up through Mr. F. Bliss, the Federal Commissioner of Internal Revenue, concerning the tax exemption of bonds of this sort. He wrote a letter within the last 60 days to the New York Marine Parkway advising them that their issue of bonds was not exempt although they thought that was a governmental function. There is hardly any question but that a direct obligation—if the City and County of San Francisco borrows this money that the people to whom it pays the interest need not pay income tax on that interest. On the other hand, there is a question that can not be sloughed over as to whether or not that same tax exemption will be granted to holders of revenue bonds issued for the purpose of acquiring an existing utility because that resolves itself into the fundamental question of whether or not that is an essential governmental function rather than a private function conducted by the municipality. If it is the latter and you have revenue bonds you have no tax exemption, and I don't need to tell you that I can speak for all the members of the association which I represent, that they would pay far less, not only less for revenue bonds than general obligation bonds, but far less for revenue bonds that did not have the tax exemption from federal income taxes that is contained in the general obligation bonds. I give you that thought as a further argument against revenue bonds at this time.

The other point I wanted to bring out was that so far as revenue bonds are concerned, to try and say that this does not affect the taxpayer is sheer nonsense. It affects the taxpayer as much as a general obligation. It would be a different thing if you were building with revenue bonds an incinerator that, if you gave that up, you could build another one, but where you are buying a distributing system that will be the sole one in San Francisco for electricity that is needed in the city, you can never let that go by default if the rates fail to produce sufficient revenue. Under their set up, and I do not question their

figures, but it is possible that the utilities commission could be wrong. If through obsolescence beyond that expected, advances in electrical equipment, and the like, they have to go on and spend a lot more than they contemplate, they have to raise the rates or put it into the tax rate sufficient to take care of the operating cost. If they raise the rate to everybody in San Francisco using electricity they are doing exactly the same as if it were in the tax rate under comparable conditions. Now, if it pays its way it makes no difference if it is a general obligation, because the revenue is sufficient to take care of any charge and there would be nothing in the tax rate. On the other hand, if it does not pay its way it comes out of the same pocket whether you put it in the tax bill or on another bill.

In conclusion, the only reason, I can say frankly, for you gentlemen want to face the facts, the only possible reason for suggesting a revenue bond against general obligation bonds is just to get out from under the 12 per cent bond limit. That is put there to protect San Francisco's credit. I don't think you should legally circumvent it. The second is, to get away from the necessity of the two-thirds vote for bond issues. Gentlemen, again, I don't think you should do it because that is very important for the credit of the City and County of San Francisco. And third, that perhaps some of the voters believe that voting for revenue bonds it does not come out of their pocket. Gentlemen, with my appreciation for your permitting me to be heard today, I want to say I do not think you should approach it from that angle either. I therefore would suggest to you that you give serious consideration towards a proper approach to this, namely, through a direct obligation of the city. If the people want to bond the city for that amount they are in no different position from revenue bonds—let them do it in the way you are accustomed to handle it, the way you are supposed to do it by the Charter, and not by a back door amendment. I thank you.

MR. SYLVESTER J. McATEE: I realize your limitation of time, and I will try to keep that in mind. . Upon behalf of the Downtown Association, I am appearing in opposition to this proposed Charter amendment. The Downtown Association has heretofore registered its objection to the revenue bonds. The voters, as Mr. Feigenbaum has said, have on three occasions registered their objections, and I think perhaps our own are the same as the majority of the voters on the previous occasions, and that is namely that we are opposed to a policy that will make the issuance of bonds easier. There after all was a very sound reason in the constitutional provision of the State of California that provides that general obligation indebtedness in municipalities shall not be issued excepting upon a vote of two-thirds of the people. Now then, an effort, as these previous efforts have been made, to circumvent and to defeat the provision in your Charter that indebtedness shall be incurred only upon a vote of two-thirds of the voters voting at that election, but this amendment here goes even further than some of those that have heretofore been submitted because in the amendment of 1935 it was provided that the revenue bonds might be issued only upon the people voting upon the question of revenue bonds and approving them by a majority vote. This does no such thing. It gives to the Board, it gives to the Public Utility Commission an unlimited authority to spend up to $50,000,000 for the construction or acquisition of an electrical distribution system. That power—gives it without any control by the voters whatsoever, without any control by the Board of Supervisors, the right to determine whether or not it shall construct an entire new system or whether it shall acquire a system already constructed and no matter which one is the cheapest; it gives to that commission the power to determine whether a particular system shall be constructed and so it gives to that board a power that has heretofore not been given to any board or body of this city.

Now then, further than that—I shall refer to my notes only briefly

in order to save time—by such system the city will be committed to an indefinite form of electrical distribution. It is true this provides for only $50,000,000, but if the Public Utilities Commission should provide a system of electrical distribution that shall be only partial and incomplete then it will indubitably follow as a certainty that the City of San Francisco must incur further indebtedness in a number of millions of which we can not even guess in order to carry on the initial start that has been made by your Public Utilities Commission. And this Plan No. 7 which is mentioned in your amendment here specifically does not provide—it specifically contemplates an intent that you shall construct only a partial and incomplete system. Plan No. 7 does not provide for any standby plant, it does not provide for any step down stations, nor transmission line from Newark, and further and of more significance than that it is admitted that the city's plant, if when the Red Mountain Bar is completed, will provide only 84,000 kilowatts whereas this system under Plan 7 contemplates 216,000 kilowatts capacity, and the report says you will have to buy 142,000 kilowatts from the Pacific Gas and Electric Company, so this system does not provide for a complete system. And so once embarked upon this plan of a distribution system of electricity, the citizens thus involved will have to go on to any further lengths that it may be necessary in order to save and safeguard the expenditure that has already been made, and all of that will follow from this power which you are giving to the Public Utilities Commission to spend $50,000,000 of the city's money for this distribution system.

Now, the effect upon San Francisco of this method of increasing the indebtedness of the city, of course, it is obvious. It is argued obviously that these are revenue bonds, that they are not general obligation bonds, and that they are exempt from the Charter provision which limits the amount of bonds that you may have, and that is true. Nevertheless, it is also certain that this will create an indebtedness to the City of San Francisco. Your bond purchasers, as Mr. Feigenbaum has said, will take into consideration, will charge these bonds against the total indebtedness of San Francisco. San Francisco, as Mr. Feigenbaum has said, has an enviable reputation, I suppose it stands as high as any municipality in the United States, that it secures as low a rate upon its bonds as any municipality in the United States, and that is because San Francisco has met its obligations promptly and upon the date of their maturity. Now, any purchaser of bonds, even though he purchase these bonds and even though he be told that these bonds are payable out of revenue and are not general obligation bonds, nevertheless, is going to look to the City of San Francisco for the payment of these bonds, and if the revenues of this utility are not sufficient to pay that interest then the City of San Francisco must make good or else its credit will be absolutely destroyed. There can be no question about that in the mind of anyone who is concerned with financial matters. Now then, if the revenues should not be sufficient San Francisco in some other fashion, and that other fashion is only by the tax rate, must make good any deficiency, because San Francisco can not permit any bond, whether a revenue bond or general obligation bond, to go into default, and the result of this will be—or, I will say this, we are deceiving ourselves if we think that the purchasers of bonds are not going to charge these particular bonds against the indebtedness of San Francisco.

Now, we have same $60,000,000, I believe it is—I am not fully informed—but I think about $60,000,000 of margin between our present indebtedness and our bonding limit. That indebtedness—that limit, rather, is necessary, as you gentlemen well know, for your rapid transit system, and for the opening up of new streets, and the widening of existing streets, in order to take care of the commuter traffic and vehicular traffic coming over the Bay bridge. Those are matters that will brook no delay, and is vital to San Francisco. You are obliged to provide rapid transit system that is going to bring the people in your outlying

districts, the Sunset, Richmond, and Mission districts, down into the business district of San Francisco in at least the same time the commuters from Berkeley and Alameda can be landed across that bay bridge here in San Francisco, and that is an important problem because in a year or year and a half, whatever the time is, you are going to have commuters' trains running over that bay bridge and that thing cannot be denied. Now then, there is an urgent need for rapid transit. There is no need, either urgent or otherwise, for a development of an electrical distribution system. You have no rapid transit system. You have adequate facilities for electrical distribution in San Francisco at this time. The only reason that has been advanced for the furthering of this measure here is to meet the wishes of Mr. Ickes, but this measure goes far beyond what Mr. Ickes could possibly require under any interpretation of the Raker Act because the most that he could ask would be that San Francisco could see to the distribution of electricity by the Hetch Hetchy plant, and your Hetch Hetchy plant, even after Red Mountain Bar power plant has been completed, will generate only 84,000 kilowatts and this takes 216,000 kilowatts, which is much more than Mr. Ickes could demand from you. And besides, it has not been determined as yet what Mr. Ickes' wishes in this regard are, or that they must be complied with by San Francisco. There has been no action started to compel the City of San Francisco to embark on any such plan as this in order to comply with Mr. Ickes' decision in the matter, or with his ideas of what this City should do, and I do not think that those practical realities are going to be brushed aside by those who are in power in Washington, by the federal government, and to this extent, that you are now deriving a revenue of $2,000,000, and have been for five years in the past.

In fact, I believe that the President of the United States himself has called in for conference various officials and representatives of the private power companies and the T. V. A., with the idea that there should be cooperation and unity of purpose and effort so that there need not be a needless duplication of power plants in a given locality, and that is exactly what this means, you are either going to buy out the existing plants of the Pacific Gas and Electric Company or you are going in and build an entirely new one which will duplicate the already existing system of the P. G. and E.

Let me also call your attention to this fact, that the Public Utilities Commission is not even required to follow Plan 7. You have a plan set up and then you have an amendment which says that that plan may be departed from, and that it may be departed from to any extent the Public Utilities Commission may see proper. So you don't know what kind of a plant you are going to get, and the utilities commission may decide to construct an entirely new system.

I say to you again, that I think the practical reality of the San Francisco situation will be and must be considered by the officials at Washington. There is no threat of the loss of Hetch Hetchy or of the loss of any of the rights of the City and County of San Francisco, other than the interpretation placed on the Raker Act by Secretary Ickes, and the practicalities of the situation are that we are now gaining $2,000,000 a year from the power developed, which is interest at 5 per cent on $40,000,000, from the power now being produced from the Hetch Hetchy system, and we have a bond limit which must be totally exhausted to meet the necessity for the development of rapid transit, and for the widening of present streets and the opening of new ones, a situation which confronts us now and is important and must be solved within the immediate future.

And another practicality is this, that this system goes farther than necessary, far beyond any requirement by the Raker Act. It provides for a system that is only partial and incomplete, and in the second place it contemplates going far beyond the requirements of the Raker Act as suggested by Secretary Ickes.

So, gentlemen, with these practical realities before you it does not

seem to me there is any reason or any sound argument why this amendment should be placed before the voters of San Francisco to give this power to the Public Utilities Commission, and this gives your Board no powers whatsoever. I had read the original draft of this amendment, before it came in here and was revised—I have not had an opportunty to see the last one, but this, gentlemen, gives to the Board of Supervisors no power whatsoever except it says that you have got to approve the rates that will be submitted by the Public Utilities Commission—or, at least, you can disapprove a rate. So it seems to us, and it is our suggestion to you, that this measure should not be submitted to the voters of San Francisco because it is contrary to the policy adopted by the City of San Francisco throughout its entire past history of requiring the approval of a two-thirds majority of the voters in order to pass any bond issue, and the very sound reason for that is the integrity and financial standing of San Francisco, and because upon these bonds we are now enjoying a very high credit. While the payment for revenue bonds comes only out of the revenues of the utility, they are, in the last analysis, still an obligation of the City of San Francisco, and San Francisco, in order to maintain its credit, must make good herself and if the revenues returned by the utility are not sufficient to meet the requirements we come right back to where we were, and they become in fact general obligations of the City and County of San Francisco, and there is only one place that you can meet the payments, and that is out of the tax rate of this City and County. Thank you, gentlemen.

THE PRESIDENT: Mr. Bert Levit, representing the Chamber of Commerce, I believe.

MR. BERT W. LEVIT: May I suggest, that I should be very glad to come back this afternoon, if desired, Mr. Chairman.

THE PRESIDENT: There are no members who have left, or none have been excused, and I feel with the conditions that exist at present that possibly the members will take the matter in their own hands when the citizens have been heard, and close it up without having to come back here this afternoon, so perhaps you better proceed.

MR. LEVIT: Very well.

THE PRESIDENT: Will the sergeant-at-arms call the members, please. Proceed, Mr. Levit.

MR. LEVIT: Mr. President, and members of the Board of Supervisors: I consider it a particular privilege to be permitted to address the Board on a subject of this importance, and I consider it a particular privilege to be here representing the Chamber of Commerce, and the Junior Chamber of Commerce. I think probably I was chosen to do that because of the fact that I happen to be at the moment the chairman of the Municipal Finance Section of the San Francisco Chamber of Commerce.

I can see, in my mind's eye, meetings of this kind being held time after time after time, right from the very dawn of the history of recorded government, where you have political bodies on the one hand—and I use the term "political" in the very highest sense—political bodies such as this Board of Supervisors, seeking, for one reason or another, to make the spending of public moneys easier, and on the other hand representatives of the people who pay the taxes and who pay the bills seeking to maintain or safeguard those expenditures, which experience has shown advisable in order to protect the credit of the governmental unit involved.

I think that if there is any one principle of public affairs or of government that has impressed itself on the minds of all of us in the past five years, it has been that we must stand for economy in government, we must not break down those safeguards which have grown up around the spending of public money, but must on the contrary seek to strengthen them wherever possible. Now I have the highest respect for the gentlemen who are urging that the City go into the distribution of electrical power in San Francisco, and I have the highest regard for Mr. Havenner, and I know that he urges it in good

faith. But I do say this, that when Supervisor Havenner asks the Board to approve this measure, simply because that—after all, it is not adopting the measure, it is simply passing it on to the people to vote upon, and after all that does seem to me to be passing the buck. Supervisor Havenner is the proponent of this particular measure, these revenue bonds, and I believe that the people are entitled to assume that when this Board of Supervisors passes this measure to their vote it does so with their approval.

After all, the idea of putting up before the people measure after measure so that they can pass upon them rather than have them passed upon by the elected representatives of the people has been proved bad by past experience, and I do not believe that any of you gentlemen on the Board of Supervisors should pass this measure to a vote of the people merely with the idea that by so doing you are passing the buck; you shouldn't do it unless you approve of it.

Now finally, I do not propose to go over all of these arguments that have been made in great detail and far better than I could make them, by Mr. Feigenbaum and by Judge McAtee, I simply want to say this final word, the Chamber of Commerce hopes to and proposes to study this particular measure. As I sat here this morning and heard this amendment read and reread, and heard the changes and amendments take place in the measure, which was in the form it was when I originally read it, I was surprised to think that a measure of this importance could be rushed through and passed and submitted to the people without further consideration. Now I have great respect for Mr. O'Toole, and I know that he is a very able attorney, but I think that even the ability of Mr. O'Toole to prepare a measure on which bonds are to be issued, a measure involving $50,000,000 in bonds, if you will, in the running fashion as he was forced to do this morning, I believe is asking a little too much and overtaxing the ability of our very able City Attorney. I believe that this Board of Supervisors owes it to itself to have this measure before it in final form, and to give it final consideration in the final form, and give to the people of San Francisco, and particularly to the various civic organizations, especially those interested in this, an opportunity to consider the matter in its final form and to present specific reactions to it and arguments on it before it is finally passed to the people for their vote. I am very sure there is a niche in the Hall of Fame awaiting the public official who will take a stand on the issue of economy and on the issue of safeguarding the spending of public funds. Thank you, gentlemen.

THE PRESIDENT: Is there anyone else who desires to be heard? If not, then we will take the matter in the hands of the committee.

SUPERVISOR HAVENNER: Well, now, Mr. Chairman, I do not desire to impose, from a personal standpoint, any great inconvenience on the members of the Board, and if the members of the Board would prefer to meet here on Saturday morning, and could agree that the discussion in the Board might be concluded on Saturday morning, I would have no objection. I realize that it is Christmas Eve and I have a great many things to do myself, including a very essential visit to my dentist, which must be done today some time, so if they would prefer that, so far as I am concerned, I would appreciate the courtesy, I would be content to come back Saturday morning and conclude the matter. Would that suit the Board?

SUPERVISOR COLMAN: Yes, I would much prefer that, and I will be here at nine o'clock or ten o'clock, and sit here until the matter is finished.

SUPERVISOR RONCOVIERI: Nine o'clock?

SUPERVISOR MEYER: What hour?

SUPERVISOR COLMAN: Nine o'clock.

SUPERVISOR MEYER: The same hour as this morning.

SUPERVISOR COLMAN: I was here this morning at nine o'clock.

SUPERVISOR MEYER: I know it, I was here, too.

THE PRESIDENT: Gentlemen, gentlemen (gavel). Supervisor

Colman, before you make your motion may I suggest there is one very important point that was made here this morning, I think by Mr. Skaller, that I am heartily in agreement with, I want to know the value placed on there by the Public Utilities Commission, and I feel that it should come back to the Board with a verification of those figures, and unless that is done I don't know as I would care to vote in favor of it. I am not going to delegate my powers as a member of the Board in a matter as important as this.

SUPERVISOR HAVENNER: I might say to you, Supervisor, that the City Attorney has just gone over to discuss with the Manager of Utilities that very question. I am inclined to be in agreement with you, and if he can prepare another section of this Charter amendment that would provide that in the event of the purchase of this utility,—I personally think that is the thing that will eventually occur,—that the agreed prices should be subject to the approval of the Board of Supervisors, I personally believe that. I believe that between now and Saturday such a provision can be prepared by our City Attorney, and I think that should be done.

I want to state, however, that the statement that this thing has been hastily prepared is not correct, this has not been hastily prepared.

SUPERVISOR UHL: A good many changes.

SUPERVISOR HAVENNER: There have been some changes, and that would occur any time, certain changes made by the City Attorney, and you were still suggesting some changes be made here on the floor. I have no apologies to make in the essentials of the amendment, I think it is in pretty good shape. I know that the representatives of the Public Utilities Commission have been working day and night wtih Mr. O'Toole since he completed his first draft, in order to make the thing workable and satisfactory, and they say it is in pretty good shape.

SUPERVISOR UHL: May I say this to you, and to the other members of the Board, there is just one thing I want the opinion of the City Attorney on. I would not be willing to vote on this matter unless I have it, and that is this: Are you divorcing the finances of the power from the parent Hetch Hetchy company? That is what I am concerned in.

SUPERVISOR HAVENNER: I think you are setting up a new utility, of which all the power units will be a part.

SUPERVISOR UHL: I am not in agreement with that, and especially not willing that the people should vote on it. I am not going to pass it for submission, not that way, and I want to know, I feel that the original Hetch Hetchy proposition is the parent company, and these are all part of it, and I don't want to divorce a power system from it which might be very profitable and go to the benefit of the ratepayers instead of going to the benefit of the taxpayers.

SUPERVISOR RONCOVIERI: I also agree with the thought you stated was brought to us by Mr. Skaller. I believe that the Board of Supervisors should have something to say before any bond issue or anything is submitted to the people, and I also would like to call your attention to another recommendation made by Mr. Skaller, and that is that at least four out of the five members of the Public Utilities Commission should vote affirmatively before it is brought to us. I don't know but what you should make it unanimous. To take only three commissioners and upon that alone go to the people for $50,000,000 didn't strike me as being a very light weight method of submitting to the people until Mr. Skaller mentioned it.

Furthermore, Mr. Skaller called our attention to the insurance clause, which would guarantee to the bondholders their money in the event of a great calamity.

I think those three points should be brought to the attention of our City Attorney, and that he should be requested to form amendments to this present document and we can vote upon them when he presents them to us next Saturday morning, and I would request that.

Request that our City Attorney prepare and insert, in the proper place of course, that four out of five of the Public Utilities Commissioners—that it shall take four out of five to bring the matter to the attention of the Board, and further, that it shall take a vote of at least two-thirds of the Board before any action is taken. At least two-thirds. We must protect the credit of the City. I am for revenue bonds, but I want it considered in a very careful way. At least two-thirds of the Board should approve what at least four of the members of the Public Utilities Commission have presented, and then present it to the people.

SUPERVISOR COLMAN: I want to call attention to a few things. As you know, I am going to vote against submission. Some of the things are these. If the Board is going to submit this, you are providing for no redemption in five years. I don't think there is any objection to beginning to redeem right away. I think that is quite a saving there.

Now I am calling the attention of the Board to these facts, and Mr. Shannon in particular if he will listen. This Board of Supervisors approved Plan No. 7, so-called. Now there is very little said about Plan No. 7. I wonder if the Board realizes this doesn't provide for Plan No. 7 at all——

SUPERVISOR HAVENNER: Oh, yes, it does.

SUPERVISOR COLMAN: No, it does not.

SUPERVISOR HAVENNER: Yes, it does.

SUPERVISOR COLMAN: It gives full and complete permission to the Commission to adopt any other plan, or do anything further they see fit.

SUPERVISOR HAVENNER: On the first page of the amendment, the second paragraph, there is the provision made that "The System to be acquired shall, in so far as practical, be the system submitted to the Board of Supervisors by the Public Utilities Commission."

SUPERVISOR COLMAN: And then if you look at the second proviso, the Commission is given full power and authority to deviate from said plan to such extent as it shall deem proper——

SUPERVISOR HAVENNER: To carry out the purposes of said plan.

SUPERVISOR COLMAN: Yes, but certainly you are giving them tremendous power. Now there is another thing I want to call attention to, and that is the word "construct". Now it is stated that this is to be used as a club. You are giving them power to construct. Has this Board ever received any plan from the Public Utilities Commission on the construct basis? Should we construct a utility to go into competition with the P. G. & E.? Should the Board provide to duplicate such system? Has the Board any such figures? We don't know where we are going. The $50,000,000 that may be required to cover the construction, where will your revenues be? What will the result of the construction be if we go into competition with them. Now there is no picture, we have no picture of that whatsoever, the Board simply adopted Plan No. 7 which calls for an expenditure of $43,700,000, but with this amendment we are allowing them $50,000,000 under which they can do anything they want, with the power to construct. Now the Board went very carefully into the details with Plan No. 7, in order to find out all of the details, but we don't know anything about the construction.

Now I move that we recess until Saturday morning at nine o'clock.

SUPERVISOR BROWN: Second the motion.

SUPERVISOR McSHEEHY: Are we still as a committee of the whole?

THE PRESIDENT: Yes.

SUPERVISOR COLMAN: I move that we rise and report progress.

SUPERVISOR BROWN: Second the motion.

SUPERVISOR McSHEEHY: Now, Mr. Chairman, and Members of the Board, I trust that this motion to rise and report will be voted

down, and for this reason: I feel that every member of this Board has his mind made up in reference to this resolution before us, and a vote can be taken now within the next 10 or 15 minutes.

THE PRESIDENT: Were you out of the room when Supervisor Havenner said there were being changes made by Mr. Cahill and Mr. O'Toole, who are now working together on it, and Supervisor Havenner said that he didn't want to impose any hardship on the members of the Board and was perfectly satisfied to meet here Saturday morning? I think you were out of the room.

SUPERVISOR McSHEEHY: Yes, I was out of the room. And in order to understand it, how does the motion stand?

SUPERVISOR UHL: That we rise and report.

SUPERVISOR McSHEEHY: That we rise and report as a committee of the whole and recess to convene on Saturday morning at nine o'clock, is that the motion?

THE PRESIDENT: Yes.

SUPERVISOR McSHEEHY: If that is the motion, may I say this at this time, before the motion is put. May I ask that this particular suggestion of Mr. Skaller, and it strikes me that it has merit—Mr. Skaller and I often do not agree on various matters that come before the Board, but I believe this has merit.

THE PRESIDENT: What is that?

SUPERVISOR BROWN: The gentleman is clearly out of order, the motion before the Baord is to rise and report.

SUPERVISOR McSHEEHY: I want this to be considered, that is all I want.

THE PRESIDENT: That is the matter that is being considered by Mr. O'Toole and Mr. Cahill now, I believe, relative to having the valuation.

SUPERVISOR McSHEEHY: Let me read it, that is all, just allow me to read it.

SUPERVISOR BROWN: I rise to a point of order.

THE PRESIDENT: What is your point of order?

SUPERVISOR BROWN: That the gentleman is out of order; the motion before the Board is to rise and report.

SUPERVISOR McSHEEHY: I rise to a question of personal privilege.

THE PRESIDENT: You cannot make that, Supervisor. You are not being attacked. And I suggest that you wait until we sit as a Board of Supervisors, and then you can read that.

SUPERVISOR UHL: Question.

THE PRESIDENT: The motion is that we rise and report progress, and that we recess until nine o'clock Saturday, this week. Are you ready for the question?

SUPERVISOR UHL: Question.

THE PRESIDENT: If there is no objection, such will be the order.

SUPERVISOR BROWN: I move that we recess until nine o'clock Saturday morning.

SUPERVISOR UHL: Second the motion.

SUPERVISOR McSHEEHY: I have the floor, I was standing at the time, I was recognized.

THE PRESIDENT: I think we might permit Supervisor McSheehy to read this.

SUPERVISOR McSHEEHY: Provided, however, that no resolution or determination by the Public Utilities Commission to negotiate the purchase, construct or conduct any public utility shall be effectuated until approved by a majority vote of the Board of Supervisors.

THE PRESIDENT: That is the matter that Mr. Cahill and Mr. O'Toole are considering, and I have already expressed myself on it.

SUPERVISOR McSHEEHY: All right, then, all right.

THE PRESIDENT: I would like to make the further statement

that the Chair has not had a copy of this amendment to follow, and unless I have a copy to follow Saturday morning I will not be in a position to rule intelligently. I would like a copy.

The Board will stand recessed until Saturday morning at nine o'clock.

## RECESS.

Whereupon, the Board at the hour 1:20 p. m. took a recess until Saturday, December 26, 1936, at 9 a. m.

J. S. DUNNIGAN, Clerk.

---

## SATURDAY, DECEMBER 26, 1936, 9 A. M.

In Board of Supervisors, San Francisco, Saturday, December 26, 1936, 9 a. m.

The Board of Supervisors reassembled pursuant to recess of Thursday, December 24, 1936, for the purpose of giving consideration to the question of Charter Amendment No. 1, Revenue Bonds for Electrical Distribution System.

### Discussion.

THE PRESIDENT: Well, there is a quorum present. Let's proceed.

SUPERVISOR UHL: Roll call?

THE PRESIDENT: No roll call.

SUPERVISOR RATTO: I don't know how long this is going to last, but I have a business meeting between 11 and 12:30, and I will have to be excused after 11 o'clock.

THE PRESIDENT: Is there any objection to Supervisor Ratto being excused?

SUPERVISOR HAVENNER: I certainly don't want to object from any personal reason. I have to postpone my trip to the East if I can't dispose of that——

SUPERVISOR RATTO: All right. Never mind then. There was one question I was going to ask relative to the Public Utilities Commission, they were going to submit—if they were going to submit any financial proposition—

SUPERVISOR HAVENNER: We have such an amendment, I believe, to be suggested this morning.

SUPERVISOR RATTO: And also insurance to take care of the bondholders.

SUPERVISOR HAVENNER: I think so.

SUPERVISOR RATTO: I was wondering, I have an appointment to take that 11:40 boat.

SUPERVISOR HAVENNER: I have an appointment to take the streamline train, and I will have to cut it out and lose money on it in addition, but I don't intend to be jockeyed out of this thing, and my colleagues might as well know that now, and if they want me to spend the weekend with them, I will be here. This thing has been argued so many times, there is nothing new to be argued.

SUPERVISOR COLMAN: That is definitely not true. I certainly cannot agree for one minute to that. There is more to argue today against this thing than there ever has been before.

SUPERVISOR RATTO: It is just regrettable that we have such an important thing as this coming up today. Last Monday we should have set the meeting for Tuesday—I don't know whether the meetings of the Golden Gate Bridge Directors are more important than the interests of the citizens, and the next day, on account of somebody else not being here, we put it over that day, and then comes Christmas Eve, and now I should like to know whose fault this is. This should have come up the fore part of the week. Some of them can make a motion, "I can't be here," and everybody goes along, and then somebody else comes along and wants to be excused, and it can't be done.

SUPERVISOR HAVENNER: I don't want to criticize you, I want to be——

THE PRESIDENT: Call the roll on Supervisor Ratto's request to be excused at 11 o'clock.

SUPERVISOR RATTO: I don't want to jeopardize your position on this Charter amendment. I know you have been more than interested in it. You are the one who submitted it, and I certainly would not want to be the one that would cause—well, I wouldn't want to say throwing it overboard—so I will see how the argument goes, Mr. President.

THE PRESIDENT: You withdraw your request to be excused temporarily?

SUPERVISOR RATTO: I withdraw the request, yes.

THE PRESIDENT: Temporarily?

SUPERVISOR RATTO: Yes, temporarily.

THE PRESIDENT: Proceed with the consideration of the Charter amendment.

SUPERVISOR HAVENNER: Mr. Chairman, day before yesterday we agreed to take this matter into the hands of the Board, and now, I believe it is in the hands of the Board, and the City Attorney at this time has completed his suggested provision with respect to the vote of the Board on the action of the Public Utilities Commission.

THE PRESIDENT: The Chair has no recollection of the matter having been agreed to, that is, to take it into the hands of the Board, and I have no recollection of that, my recollection is that Supervisor Brown moved that we rise and report, and then Mr. Uhl seconded the motion and said that he moved to adjourn until 10 o'clock Monday morning.

SUPERVISOR HAVENNER: No, sir.

THE PRESIDENT: Well, I would like to call for the reporter's record on that.

(Thereupon the record was read by the reporter.)

THE PRESIDENT: Therefore, we are still sitting as a committee of the whole. Now, if you want to rise and report, and take it into the hands of the Board, that can be done.

SUPERVISOR COLMAN: Well, if that is proper, before doing it, I would suggest you might ask if anyone here desires to be heard either pro or con, and if not, I will make the motion that we rise and report.

THE PRESIDENT: Is there anyone present who desires to be heard on this matter?

(No response.)

THE PRESIDENT: Proceed.

SUPERVISOR HAVENNER: I second the motion.

MR. SKALLER: Wouldn't it be advisable, if any amendments are to be made, that such amendments be brought in first to the committee instead of to the Board, I understand the committee has been hearing this matter.

THE PRESIDENT: We can consider the amendments in the Board, sitting as a Board of Supervisors. The idea, principally, in sitting as a committee of the whole, is to give the public an opportunity to be heard.

MR. SKALLER: The public is not given any opportunity to express themselves if the matter is in the hands of the Board.

SUPERVISOR HAVENNER: Well, I won't object unless it is prolonged and unreasonable, and I move that we rise and report.

THE PRESIDENT: The motion has been made that we rise and report. Is there any objection? Hearing none, such will be the order. (Gavel.)

Now, the motion is that we sit as a Board of Supervisors.

SUPERVISOR HAVENNER: I so move.

SUPERVISOR COLMAN: Second the motion.

THE PRESIDENT: Is there any objection? (Gavel.)

SUPERVISOR UHL: I move that we take it up seriatim and debate each paragraph as we go along.

THE PRESIDENT: Is there any objection? If not, such will be the order. Proceed. The Clerk will read it.

THE CLERK: (Reading) "Charter Amendment Number 1.

*Electrical System—Revenue Bonds*

"Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 121-A, relating to Revenue Bonds.

"The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at a special election to be held on the (blank) day of (blank), 1937, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 121-A, relating to Revenue Bonds.

*Electrical System—Revenue Bonds*

"Section 121a. The public utilities commission may, for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method, a system for the generation and distribution to the people of the City and County of San Francisco, or to the people of any territory adjacent to or adjoining said City and County,"——

SUPERVISOR HAVENNER: (Interrupting) May I ask this question of the City Attorney: is the term, "adjacent to" broad enough to cover any claims which might be made by irrigationists who have certain rights under the Raker Act?

CITY ATTORNEY O'TOOLE: "Outside of the City" might be better wording in that. What do you think, Mr. Cahill?

MR. CAHILL: The City and County of San Francisco is not obligated to distribute, it is merely obligated to sell to them on a wholesale basis, and they are obligated to come and get it. I think this is all right.

SUPERVISOR HAVENNER: Do you think so, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: If we are going into the business, "adjacent" or "adjoining" would give us the right to supply the cities just over the County line: San Mateo County; but if the idea is to serve any other place, we should probably use the term "outside of the City."

SUPERVISOR HAVENNER: I was merely thinking—Mr. Cahill may be right—I was merely thinking that the irrigationists who are covered by the Raker Act might have some rights.

CITY ATTORNEY O'TOOLE: Of course, they can take it off the existing plant, and they could, under the Raker Act, also continue to take it, we would have to sell it to them if they need it.

SUPERVISOR UHL: Mr. President.

THE PRESIDENT: Supervisor Uhl.

SUPERVISOR UHL: (Reading:) "The public utilities commission may, for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method, a system for the generation and distribution to the people of the City and County of San Francisco, or to the people of any territory adjacent to or adjoining said City and County, of the hydro-electric power generated in the Hetch Hetchy Project."

Now, I take it to mean that if they do not purchase the electric generating system of the Pacific Gas & Electric Company, as contemplated in Plan Number 7, that they then will be enabled to construct a system. I would like to ask through the Chair of Mr. Cahill, to outline the units that would be necessary in the construction of the system as set forth in this—in these first eight or nine lines.

MR. CAHILL: We would duplicate the distribution system which is mentioned in Plan Number 7.

SUPERVISOR UHL: Now, what do you mean by distribution sys-

tem? How far do you go in that? Does that include the steam stand-by system?

MR. CAHILL: The steam stand-by, you know very well that steam stand-by is not included in Plan Number 7.

SUPERVISOR UHL: If you go into the construction, you naturally are becoming a competitor of the private company, and in that case how far would we have to go in the construction of a plant?

MR. CAHILL: The same as we have set forth, and you would buy what surplus you needed from the Pacific Gas & Electric Company, just as they do in Southern California, and just the same as Palo Alto, for instance, does from the Pacific Gas & Electric Company.

SUPERVISOR UHL: Then I would like to make it clear, have it set forth, a description of just what it is to be.

MR. CAHILL: It has already been set forth quite clearly in Plan Number 7.

SUPERVISOR UHL: Then I shall insist that Plan Number 7 be made definite, not changed, this is to do anything they may see fit.

MR. CAHILL: It is made definite in the next paragraph, Supervisor.

THE PRESIDENT: Proceed, Mr. Clerk.

THE CLERK: (Reading:) —"of the hydro-electric power generated in the Hetch Hetchy Project, or for the generation or distribution of any other electric power necessary or convenient for the purpose of furnishing said city and county, or the people thereof, or any territory adjacent to said city and county, or to the people thereof, with heat, light and power, borrow money by the issuance of revenue bonds or other evidences of indebtedness, payable wholly out of revenue, in such amount or amounts, as may, in the judgment of said public utilities commission, be necessary to meet the cost of acquiring said system for the generation and/or distribution of said electric power, provided that the total amount of said money to be so borrowed, or bonds or other evidences of indebtedness issued, shall not exceed in the aggregate the sum of $50,000,000. Said system to be acquired shall hereafter be referred to as The System."

SUPERVISOR COLMAN: In that first paragraph, 121-A, taking the section we have just read, the Board has approved Plan Number 7, which calls for the acquisition, by purchase, or negotiations first for the purchase of a part of the P. G. & E. system as enumerated in Plan Number 7 at a cost of $43,700,000. That action has been taken. Now, let's contrast that action with what the Board of Supervisors would be passing to the people if Section 121-A is passed by the Board. In the first place, the sum of $43,700,000 becomes possibly $50,000,000, or may become $50,000,000. If that were the case, it is quite evident that the difference would be $6,300,000, which, at 4 per cent interest, and 4 per cent amortization, would change that original plan by some $504,000 annually, for a number of years, if my figures are correct, and I think they are approximately, number 1. But the second thing, this Board has never approved the construction of a power plant to go into competition with the Pacific Gas & Electric Company, and yet this would authorize just such a step. It doesn't matter whether Supervisor Havenner tells you this is a club to be used on the P. G. & E., and I do not dispute that statement, but what we are actually doing is to allow that situation to take place, to construct another power plant, and go into competition with the P. G. & E. Well, now, this Board never passed any such policy. In fact, the statements of the members was that they were opposed, as a matter of fact. And, as a matter of fact, we do not know, and Plan Number 7 gives us no information as to the result of the construction of a plant to go into competition with the P. G. & E. The figures as to the cost, of course, were gone into in Plan Number 7, but it does not give us any revenue, or how the voters are going to come out in case a power plant were constructed, and we were to go into competition with the P. G. & E. Naturally, they would have a very difficult time in trying to tell us how much business we would get if we were to go into competition with the private company,

which is now in control of the present field, and which is well financed and in a position to do battle with us. Now, therefore, to present this to the people in this form is going way beyond any action taken by this Board. You can do it, I understand that, it takes but six votes. I call your attention to this fact, you are going way beyond any action taken by this Board. We have never discussed even the possibility of constructing a competing utility. Now, those facts developed, and without in any way going into the figures, or assuming that the figures of Plan Number 7 are not correct, because I am not competent to present any other figures that are more reliable and better thought out, I do, however, point out those very important facts to just bring them to your attention. First, is the apparent difference of some $500,000 in bond interest and redemption, should the price be $50,000,000 instead of $43,700,000, and, secondly, in approving this, you cannot stand up today and give us any information as to how we would come out, or how the taxpayers would come out if another plant were constructed to go into competition with the P. G. & E.

SUPERVISOR HAVENNER: I would like to point out to the members of the Board, and I think their memories will uphold me, that I, as a member of this Board, repeatedly discussed the possibility of presenting this to the people in an alternative form, "Buy or Build." I think the members of the Board all heard me recommend that plan of presentation, which has been the one adopted by various other units of government. I would like to say further, that the primary purpose of submitting this proposition to the people is to comply with the decision of the Secretary of the Interior that the present method of disposing of Hetch Hetchy power is in violation of Federal law, and I think it is entirely proper, and I would like to point out to the members of the Board this is the method normally adopted by other municipalities, in fact, practically all of the revenue bond issues presented in recent years in California cities, and elsewhere, for the acquisition of distribution systems, have been submitted in the form of "Buy or Build." And the purpose of it is obvious. We will not satisfy the demands of the Secretary of the Interior if we merely put ourselves at the mercy of the private company, and submit a proposition solely to buy, and thereby put them in a position to refuse, but if we put it in the alternative, we will comply with his demands, which we have said would be complied with.

I think if you will consult any advocate of municipal ownership and distribution of power anywhere, the advice will be that this is the proper form in which to submit the proposal.

SUPERVISOR UHL: Would you yield, Supervisor Havenner, to a question through the Chair?

SUPERVISOR HAVENNER: Yes.

SUPERVISOR UHL: You say, "Buy or Build." May I ask just how far you would go in the "Build"?

SUPERVISOR HAVENNER: Mr. Uhl, as a practical proposition after the people have approved anything, undoubtedly a proposal to acquire a distribution system, if there was a distribution system there, the people would be able to negotiate a purchase, and solely, or very largely, due to the fact it had the alternate power to build if the company refused to sell.

SUPERVISOR UHL: Through the Chair, you appreciate that any corporation might refuse to sell, Supervisor?

SUPERVISOR HAVENNER: If the private company flies in the face of the will of the people, it might then be justifiable to take some other action——

SUPERVISOR UHL: And then undoubtedly you would be put to the cost of building a complete system, from the power house to San Francisco.

SUPERVISOR HAVENNER: No, you would have to build a transmission system, I suppose.

MR. CAHILL: They would have to sell power to the City and

County of San Francisco under Schedule P-6, they haven't any way out of that.

SUPERVISOR UHL: Of course, the thought I have in mind, Supervisor Havenner, is this, if I might explain to the Board, that if we are going to build, we are right in competition with the private company, although Mr. Cahill just said that we can buy under Schedule P-6, but I feel we would be handicapped in every possible manner, and I want it definitely understood that the necessary construction, in case we build, will positively come within the $50,000,000, and I want the breakdown of that from the Public Utilities Commission, and I think I am justified, because we are going into an unknown question.

THE PRESIDENT: What is that question of the Public Utilities Commission?

SUPERVISOR UHL: I want the breakdown of the items necessary if we build the system, and the cost of the items if we build.

THE PRESIDENT: Yes, that may be necessary.

SUPERVISOR COLMAN: Mr. President, may I make this statement, knowing, and I presume you do, that I am one of those not in accord with the presentation of this, if I take the floor more than the rules allow——

THE PRESIDENT: I feel in this particular matter we will have to allow plenty of latitude, because thoughts will occur to the members as this goes on.

SUPERVISOR COLMAN: Thank you.

THE PRESIDENT: Without a vote of the Board, I will just feel that Rule Number 17 has been suspended for the moment, as explained by the Chair just now.

SUPERVISOR COLMAN: I don't want to be understood as making these statements that the probabilities of presenting this amendment on the basis of "Buy or Build" had not been discussed. My statement was that no one had given us a set of figures to guide us, to tell us how we were coming out if we were to build. That is my statement, and that statement cannot be controverted. The Public Utilities Commission has presented Plan Number 7 for our consideration, and there is no estimate there as to how the taxpayers would come out if negotiations fell through and we were to go into business competing with the P. G. & E. That is the point I make.

Now, gentlemen, again comes up the mysterious, and to me, thoroughly illogical arguments with which every question is met, and that is Mr. Ickes. Now, I had proposed to discuss that later on, but already today apparently comes some kind of a threat that if you don't do something, Mr. Ickes is going to either put you into jail, cut your head off, or, I don't know what terrible things will happen to us if we mind our own business and attend to the affairs of the taxpayers of this City and County in a logical, sensible and sane way. Well, as to myself, I am going to take a chance on what Mr. Ickes will do to me, and I am going to present the matter as clearly and logically as I can, and again I call your attention to the fact that we are going far afield in this very first paragraph, of anything discussed or apparently even contemplated by this Board of Supervisors. We went into Plan Number 7 carefully, and particularly asked Mr. Cahill many, many questions, all of which he answered, and answered in a satisfactory manner, and, as I stated before, I am not in a position to dispute any one of the statements made. But when I show you $50,000,000—the plan does call for that, and Plan Number 7 calls for $43,700,000, and there is a difference of over $500,000 a year in interest and redemption, and now, while it is true it does not tie up all of the surplus, as the plan would indicate. That is important, but not nearly as important as the possibility of $50,000,000 invested in unnecessary competition and uneconomical equipment and facilities that exist today, nor does Plan 7 show the results, the financial results to the City if we started out on such a construction program as this, which would put us in competition with the P. G. & E.

Now, again, gentlemen, referring to the Honorable—and I have great

respect for the gentleman—please don't misunderstand—the Honorable Secretary of Interior, I cannot understand what it is, but mere reference to his name calms all your fears, and answers all your arguments. Well and good, that is one method of procedure, but to me that is not the case, there is a new policy today. I did not intend to bring this up now, but since Mr. Ickes' name has come up, it is good, I guess, I do take and clear it away. Our colleague who goes to Congress from the Fourth District was elected on the theory he would support the President, and even today I see signs in San Francisco reading "Elect Havenner He Will Support the President of the United States." Now, I didn't hear many of his speeches, but I am told, however, that 99 9/10ths of his plea was on that very good and wise platform, and therefore, if he is true to his pledge to the people who put him in office, he will support the President of the United States. A new policy has come from the President of the United States regarding this very thing that we are discussing here, and he called for a conference with the officials of the TVA, the Tennessee Valley Authority, and the power magnates of the private companies to discuss a form of co-operation whereby ruinous and unnecessary expenditures of money for the duplication of power development plants could be avoided, and pleaded with them for some method whereby private power companies would cooperate with the public production of power in such a way as would benefit the stockholders of those companies and the public generally, and not cause the heavy losses such a policy of competition would bring about. That is the policy of the President of the United States. Supervisor Havenner must support that policy, and so must, in the last analysis, the Secretary of the Interior.

I never considered San Francisco a foreign country at war with the United States. On the contrary, I have always considered San Francisco a very good friend to the Administration, and more particularly as it gave him a very flattering and unheard of Democratic majority of 175,000, due to some of my old friends and colleagues. So I don't think there is any fear that the citizens of San Francisco will be kicked out and hurt simply because they conduct the affairs of their own city in a logical, proper way, and because, and which I think in my opinion should be the policy of the Board, the Board of Supervisors should take up the more important problem that faces them instead of the less important problem that faces them.

Now, I will have more, of course, to say as we go along, but these things seem pertinent to me because of the two points involved in paragraph 121-A.

SUPERVISOR McSHEEHY: Mr. President, if I may address you as such, I have to differ with you here your first day in your interpretation of our rules, and I do so in the kindest way, but circumstances alter cases, and circumstances, I am afraid, here today should prompt you to adhere to the rules. You just made the statement here that you would be rather tolerant with the previous speaker——

THE PRESIDENT: With the Board, Mr. McSheehy.

SUPERVISOR McSHEEHY: All right, with the Board. Now, the previous speaker has gone along with all temerity, and says, "I am unalterably opposed to public ownership,"——

SUPERVISOR COLMAN: Just a moment, Mr. President.

SUPERVISOR McSHEEHY: No, I have not finished, I have the floor.

SUPERVISOR COLMAN: But you made a misstatement.

SUPERVISOR McSHEEHY: When I have finished, you can correct it.

THE PRESIDENT: Supervisor Colman will be recognized.

SUPERVISOR McSHEEHY: His standing, I might alter my words a little, his standing on this particular question—perhaps I will. I will withdraw that statement and change it. There was a statement made of his standing on the present question that, "I am opposed to the submission of Plan Number 7," or "I am opposed to the submission of the proposition to the people of this City acquiring the existing

system," and he has made no bones about it. All right, now, he has also told you, "I am going to take the floor from time to time." Now, we all promised Supervisor Havenner, our newly elected Congressman, we would not attempt at any time to present any technicalities in reference to the presentation of this matter. Now, we have gone along, and I can see this, I have had some experience on this Board, and I can see this is bound to go along for the next two hours, and it will come to noontime, and we will be just about where we started, and there will be a motion made to recess, and then the members will be tired, and the first thing you know we will recess, and we will not pass the particular project that is before us here today. We must pass it, and we must keep faith with our colleague who has been here for 11 years. We will not keep faith, there will be and there is an effort on the part of certain members of this Board to stop our people from passing on whether they should have the right to distribute our own power or not. They will ask all kinds of questions. They will ask Mr. Cahill to provide certain things that Mr. Cahill must have advice upon, and once he takes the matter under advisement, we will find ourselves going today without a vote, and the Supervisor will naturally leave, and he will not be entitled to vote on this all-important matter that he and some of us have worked for for the past 11 years. The previous speaker for the last 11 years at all times has been opposed to the resolution, and I trust the members of the Board today—and I understand in meeting as a committee of the whole, not as a Board, in this committee our meeting as a committee of the whole we tried last Thursday—I say we should—oh, I see the smile on your face, Supervisor, and I say to you frankly, to stop any filibustering. I know what filibuster means. I know how one or two men can go along and filibuster for one or two hours, and not come to a vote, and I hope we will go right along and end this thing. I said the other day, "We can end this today if we are honest with one another," but we did not end it last Thursday, and we are back here this morning. Supervisor Havenner has to leave for Washington, so I hope and trust, members of the Board, there will be no attempt on the part of any of us to filibuster or to attempt to prevent this vote, and that we come to a vote as soon as possible.

I think every man on this Board has his mind made up, we know the questions before us, and let us not attempt to create a condition where we will not keep our promise to our colleagues.

I have often differed with Supervisor Havenner, but I nevertheless respect him greatly, and I gave him my word, and we all gave him our word that we would allow this matter to come to a vote and not attempt in any technical manner to stop it from coming to a vote. I say the attempt of some members——

THE PRESIDENT: (Interrupting) The Chair takes the remarks of Supervisor McSheehy to indicate that he would prefer to have strict adherence to Rule 17.

SUPERVISOR McSHEEHY: I would.

THE PRESIDENT: The Chair is simply your servant, and I made the suggestion that I would be willing to allow plenty of latitude in the discussion of this matter, and there was no objection. Now, that there is objection, I will endeavor, unless a motion is made that the rules be suspended, that is, regarding Rule 17, I will endeavor, as nearly as possible, to observe Rule 17.

SUPERVISOR RONCOVIERI: I move the suspension of Rule Number 17. We want a free and open discussion.

SUPERVISOR COLMAN: I second the motion.

SUPERVISOR RONCOVIERI: The gentleman just talked himself for 5 minutes. Let's get down to business.

THE PRESIDENT: The motion is on the suspension of Rule Number 17 of our procedure.

SUPERVISOR McSHEEHY: Members of the Board, I hope and trust you will not suspend Rule 17. Supervisor Roncovieri has a matter he wants to bring before the Board, and he will bring it before the

Board under the 10-minute rule, and I will be perfectly willing to allow him sufficient time to present it. I do not wish to aggravate the Supervisor, and I am in accord with him, to a great degree, on the particular point he is trying to cover. And I say this respectfully, he is honest in his endeavor, in what he is trying to present, but there are other members of this Board, who have but one thought, and that is to stop this amendment from going on to the ballot, and who are going to try to stop it, and I hope and trust that Rule Number 17 will not be suspended, because if it is, we might just as well leave here right now, because we will carry on, and carry on, and not come to any conclusion here today, so I hope and trust the members of the Board will not attempt to suspend Rule Number 17 at this particular time. I won't object to any particular member if I feel he is honest in his endeavors to go along on certain points pertinent to the resolution, but when a supervisor takes the floor, and tries to read into the record the life of Mr. Ickes, and in the next breath says that he is right, that Supervisor, after a few hours will keep on talking, and we will get no place here today.

SUPERVISOR COLMAN: Don't misunderstand me, Supervisor, I am not trying to filibuster. My remarks seem to have more logic than those of my colleague, but it would not be right to leave to me or to him whether somebody was complying with the rules or not. I would rather go back to the committee of the whole. I told the gentleman, I made a gentleman's agreement that I would not use any technicalities in trying to avoid a vote on this matter. We have several hours before us yet, and while I don't believe, of course, we are under any obligation to Supervisor Havenner to present this matter, we are not representing Supervisor Havenner, we are representing the people of San Francisco, Supervisor Havenner is merely connected with us as one member of the Board.

Now, Supervisor McSheehy's accusations as applied to me are absolutely false. I am opposed, not to the matter of public ownership, but revenue bonds. That has been my attitude and I have voted in the past for the presentation of power projects when financed on general obligation bonds, and again I would do that today, I would vote for this proposal if financed by general—or rather, if voted by a two-thirds majority. That has been my constant position, supported on three occasions by the voters of San Francisco. Remember that, gentlemen, I have not been turned down yet in my stand, which has been a consistent one throughout the years, but the attitude of the majority of this Board who favor revenue bonds by a vote of the majority has been turned down, so obviously I represent a majority at least of the voters, and certainly as one of the opponents of this proposition, I am entitled to be heard as often as I wish, that is the fair way to do this, but I am not trying to filibuster, and I am not trying to avoid this matter coming to a vote.

SUPERVISOR HAVENNER: May I just make this statement. I assume the statement just made was in good faith and there will be no attempts made to prevent this matter coming to a vote, and I would respectfully suggest to the Board that this amendment be taken and the Board decide to go over this seriatim. It seems to me we ought to do this, starting on the assumption that if this is to be submitted, it ought to be in the form most advantageous to San Francisco, so can we not discuss the provisions of the amendment from that standpoint as we go along, and then make our arguments on the main question when we have concluded our seriatim study. If that could be done, then there can be no accusation.

THE PRESIDENT: I would like to ask Supervisor McSheehy if his thought is with reference to each section as it is submitted, that we adhere to Rule Number 17. We are now discussing Section 121-A, the first paragraph of it. It is going to be a difficult thing to hold the members down to Rule 17, if you mean on just one paragraph or one sentence, or—I don't know just exactly how the rule would apply, if

we adhere strictly to Rule 17, and if you will explain that to the Chair, I will know how to rule on the question that is before the Board.

SUPERVISOR McSHEEHY: May I make this suggestion, and I make this for time's sake only, that the Clerk be authorized to read the entire resolution from A to Z, and with the understanding not one interruption is to be made, and as he reads, the various members of the Board can check off the various portions they wish to amend, and in that way we will get over the work quickly.

SUPERVISOR UHL: I thought we were going to take it up seriatim.

THE PRESIDENT: Yes, that has already been passed by the Board.

SUPERVISOR BROWN: Mr. Chairman, if I may——

THE PRESIDENT: The Board has already voted to take the amendment up seriatim before you came in.

SUPERVISOR McSHEEHY: Supervisor Meyer said something about changing that, but you cannot change it without a suspension of the rules, because our rules allow any member of the Board to take up any resolution that contains various parts, to take up the various parts separately, and all I can say is this, Mr. President, I know that you have a very difficult task, and I hope that the members of the Board, and I say that again, will not attempt to filibuster so that we cannot come to a vote.

I have just been informed that Supervisor Ratto told the members of the Board that he is compelled to leave at 11:30. I can see how easily we can consume all of the time and still not do anything—I don't want to say any more, but I hope you vote down the suspension of the rules in reference to Rule 17, because we are never coming to a vote if you don't vote that down to start with.

THE PRESIDENT: May I say further that two members of the Board have exhausted their right to speak on this. May I ask who is the author of the Charter Amendment Number 1, so that I may know who will be permitted to close?

SUPERVISOR HAVENNER: I am.

THE PRESIDENT: Mr. Havenner is the author of Charter Amendment Number 1. You are not going to get an opportunity to speak on it—Mr. Colman cannot take the floor on another paragraph of this amendment if the motion just made is defeated.

SUPERVISOR McSHEEHY: Well, I would be allowed to take the floor. You have got to take it up seriatim.

THE CHAIRMAN: We are taking it up seriatim now, we have got to the first paragraph, and Mr. Colman has spoken twice. This is on the amendment—not the amendment as passed—so if I adhere to the Rule 17, Mr. Colman cannot take the floor again. Call the roll.

SUPERVISOR McSHEEHY: I hope and trust the members will not vote to suspend the Rule 17 or you will not come to a vote.

THE PRESIDENT: Call the roll.

THE CLERK: Brown? Absent. Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Havenner?

SUPERVISOR HAVENNER: No. After we get through I will explain what I mean by it.

THE CLERK: McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Mead?

SUPERVISOR MEAD: No.

THE CLERK: Meyer?

SUPERVISOR MEYER: No.

THE CLERK: Ratto? Absent. Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Schmidt?

SUPERVISOR SCHMIDT: Aye.

THE CLERK: Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Uhl?

SUPERVISOR UHL: Aye.

THE PRESIDENT: The motion is lost.

SUPERVISOR HAVENNER: If I may make this explanation: I have no desire to deprive the members of a free expression. I would like to adhere to the rule we made a while ago that we discuss as we go along the merits of the provisions, but the argument on the main question, and I say this with all due respect to the supervisor, his arguments were on the main question.

SUPERVISOR COLMAN: So were yours.

SUPERVISOR HAVENNER: As the author of the amendment, I was certainly entitled to make an introductory statement.

SUPERVISOR COLMAN: Yes.

SUPERVISOR HAVENNER: But I would prefer to defer any further argument on the main question until we have passed on the merits of the provisions of this amendment.

THE CHAIRMAN: The Chair would like to have a little enlightenment. Is Mr. Colman going to be denied the privilege of the floor again? He has had it twice.

SUPERVISOR COLMAN: I am just as well—I have never heard any such procedure. The biggest faker and the biggest filibuster on this Board of Supervisors is Mr. McSheehy. He does that, as everybody knows. I have never in my life tried to do that. It is true, I express myself—it may take me a little longer, as he says, to express myself, but I do it the best I know how, but the idea of him standing up here and accusing me, it is just outrageous——

SUPERVISOR McSHEEHY: I rise to a point of order. I ask that the previous speaker withdraw the word "faker." I am not a faker.

SUPERVISOR COLMAN: I withdraw it.

SUPERVISOR McSHEEHY: I never was.

SUPERVISOR COLMAN: But you are a filibuster. I am now going to move that the Board resolve itself into a committee of the whole and hear the amendment, discuss the matter as a committee of the whole.

SUPERVISOR UHL: I second the motion.

THE CHAIRMAN: It has been regularly moved and seconded that the Board resolve itself into a committee of the whole.

SUPERVISOR McSHEEHY: I trust and hope the Board will not resolve itself into a committee of the whole. The motion is not made but for one purpose, and that purpose is to filibuster and nothing else. I will continue to use that word—simply to stop the members of this Board from coming to a vote. There is no need of it. You have already met as a committee of the whole last week. Everyone was heard. It is now really in the hands of the Board, and there is an effort being made to stop this particular resolution from coming to a vote, but I trust and hope the members of this Board will not vote to go into a committee of the whole at this particular time. It takes six votes, but I hope to God certain members will see to it that we do not go into the committee of the whole.

SUPERVISOR UHL: Mr. President, I think Supervisor McSheehy is most unreasonable. He has used the word "filibuster"—this is one of the most important matters that has come before the Board of Supervisors, and every latitude should be given a member to present his argument. I am opposed to filibustering, too, but when pertinent things are brought before the Board, there should be no time limit of 10 minutes, 15 or 20 minutes, if it is essential and direct to the subject matter, and I certainly feel it is rather unreasonable of Supervisor McSheehy to jam the thing in that way. If he does, and this carries, I have got something up my sleeve that I promised I wouldn't do that I will hand you before the meeting is over.

SUPERVISOR McSHEEHY: Hand me anything you want at any time. Mr. McSheehy will take care of himself.

THE PRESIDENT: Call the roll.
THE CLERK: Brown?
SUPERVISOR BROWN: Aye.
THE CLERK: Colman?
SUPERVISOR COLMAN: Aye.
THE CLERK: Havenner?
SUPERVISOR HAVENNER: No.
THE CLERK: McSheehy?
SUPERVISOR McSHEEHY: No.
THE CLERK: Mead?
SUPERVISOR MEAD: No.
THE CLERK: Meyer?
SUPERVISOR MEYER: No.
THE CLERK: Ratto? Absent. Roncovieri?
SUPERVISOR RONCOVIERI: Aye.
THE CLERK: Schmidt? Absent. Shannon?
SUPERVISOR SHANNON: Aye.
THE CLERK: Uhl?
SUPERVISOR UHL: Aye.
THE CLERK: Five ayes, four noes.
SUPERVISOR BROWN: Just a minute, I move——
SUPERVISOR McSHEEHY: (Interrupting)—The announcement has been made.
SUPERVISOR COLMAN: That carries it.
SUPERVISOR McSHEEHY: It takes six votes.
SUPERVISOR COLMAN: No, I think the majority.
SUPERVISOR McSHEEHY: No, sir, it takes six votes.
SUPERVISOR COLMAN: Let us send for Doctor Schmidt.
SUPERVISOR McSHEEHY: You cannot send for him, the vote has been taken.
SUPERVISOR BROWN: I move reconsideration.
THE PRESIDENT: The Chair has not announced the vote yet. I would like to see the rules. The rules do not state.
SUPERVISOR UHL: Mr. Nanery calls my attention, Mr. President, that it is in the Charter—that requires a majority vote.
THE PRESIDENT: The motion to go into committee of the whole is the same as a committee.
SUPERVISOR BROWN: It takes six votes, it is under Rule 5. Mr. Chairman——
THE PRESIDENT: On what page?
SUPERVISOR BROWN: On page 8 of the little rule book.
THE PRESIDENT: Whenever it shall be ruled and carried by six members that the Board go into the committee of the whole——
SUPERVISOR BROWN: I will move reconsideration of the vote by which that motion was lost.
SUPERVISOR COLMAN: I think it would be better to move now that the Board resolve itself into a committee of the whole.
THE PRESIDENT: The motion has been lost.
SUPERVISOR COLMAN: I can make it again.
SUPERVISOR BROWN: I can make the motion, Mr. Chairman. I move the Board now resolve itself into a committee of the whole for the purpose of taking up the Charter amendment.
SUPERVISOR McSHEEHY: That is a frivolous motion with a frivolous intent. The motion has been defeated. It is so ruled in Roberts Rules of Order, where a contending member or one who voted in the affirmative, as Supervisor Brown did in this particular case, then renews the motion, it is considered a frivolous motion for the purpose of retarding the business of the body.
SUPERVISOR BROWN: May I speak on that? In the first place, I won't quibble over terms because I don't think Mr. McSheehy's intention was to reflect on my honesty. In the second place, we have already consumed a great deal of time by quibbling over a matter that could have been gotten over in a very few minutes. It seems to me

if there is any frivolous matter here, that is it. Going into a committee of the whole is for the express purpose of hearing the public if there are any here desiring to address us on the subject—and I don't feel that they should be deprived of that privilege. I renew my motion to resolve ourselves into a committee of the whole.

SUPERVISOR HAVENNER: If the motion is to give the public a hearing, I don't think the Supervisor can say we did not give the public a hearing. We sat here all day Thursday in a public hearing. I have no desire, I would say to the Chair, if we can go along in this matter and consider it seriatim, and if the arguments on each proposition will be devoted to the merits of the particular proposition, I won't object—I wouldn't say that I would not let any member express himself——

SUPERVISOR McSHEEHY: No, I have no desire, as I understand it—I might differ with the Chair, but I won't speak on account of the time—and I did not take the Chair's rulings on the seriatim—any member has a right to take any motion up seriatim where it contains one or more parts, and every member has a right to talk on that particular part, and it becomes an individual motion in reference to the Board. Therefore, I can see your ruling. Supervisor, I say this as friendly as I can to you, I think Supervisor Colman has a right to take up every part that comes up—if there are 50 different parts, he has a right to take the floor 50 different times, and I will ask Supervisor Colman that he confine himself to the subject at issue on the particular part, and not go into generalities.

SUPERVISOR COLMAN: Mr. President: The situation has changed since the vote was taken—something we never knew—we usually wait a minute to allow a member who had gone into the anteroom to come in. That was not done because inadvertently we did not ask a call of the Board when the roll was called. Now, I don't want to be beholden to my colleagues for the right to speak. I think I have a right to speak the same as any member of the Board, and I think it is wise to allow us now in discussing a $50,000,000 project to talk on the question. I assure you I will not, to the best of my ability, use one unnecessary word to convey my thought. I try not to do it. Maybe I do not succeed, but I try very hard. I am not trying to filibuster at all. But I think it is better that I have my rights here, otherwise what is the good of my sitting here. I have been elected the same as you all, four times. I am entitled to this seat, I am entitled to be heard. You don't need to agree with me, but I have the same right to sit as you have. Now, I would like to ask—I can't see—a motion only because one member was absent, was out of the room, that might have voted with it—that is the point in remaking the motion now. Do you rule that motion out of order?

THE CHAIRMAN: I haven't had an opportunity yet. I am going to rule that your motion is in order, it is not a frivolous motion due to the fact that it does not tend to delay the proceedings. The motion is made due to the fact that the membership of the Board is now complete and I am going to vote for the motion, due to the fact that I am in a quandary as to how to rule if it is necessary that I have to rule regarding Rule 17—I say again that I cannot let Mr. Colman have the privilege of the floor.

SUPERVISOR COLMAN: Or Mr. McSheehy either.

THE CHAIRMAN: Well, Mr. McSheehy has not even spoken on the amendment yet. He is entitled to the floor twice before Mr. Havenner takes it to close. Mr. McSheehy has been talking on matters that have come up in connection with the amendment, but Mr. McSheehy has not spoken on the first paragraph, and you have spoken twice on the first paragraph, and are denied the privilege of speaking again. So, I feel that the motion to go into the committee of the whole is to permit the members to speak as often as possible, and that is why I am voting for it. Call the roll.

THE CLERK: Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Colman?
SUPERVISOR COLMAN: Aye.
THE CLERK: Havenner?
SUPERVISOR HAVENNER: No.
THE CLERK: McSheehy?
SUPERVISOR McSHEEHY: No.
THE CLERK: Mead?
SUPERVISOR MEAD: No.
THE CLERK: Meyer?
SUPERVISOR MEYER: No.
THE CLERK: Ratto?
SUPERVISOR RATTO: No.
THE CLERK: Roncovieri?
SUPERVISOR RONCOVIERI: Aye.
THE CLERK: Schmidt?
SUPERVISOR SCHMIDT: Aye.
THE CLERK: Shannon?
SUPERVISOR SHANNON: Aye.
THE CLERK: Uhl?
SUPERVISOR UHL:—Aye.
THE CLERK—Six Ayes, five Noes.
THE PRESIDENT—The motion is carried.

SUPERVISOR MEYER: I move we continue with our subject.

SUPERVISOR RONCOVIERI: We are now sitting as a committee of the whole.

THE PRESIDENT: Will you elect a chairman?
SUPERVISOR SCHMIDT: I move the same chairman preside.
THE PRESIDENT: Any objection? Such is the order. I recognize Supervisor Uhl.
SUPERVISOR UHL: I desire to offer an amendment to the first paragraph, to strike out the words "construction or other lawful method" in the second line—"The Public Utilities Commission may, for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method"—eliminating the words "construction or other lawful method," and the reason that I am offering that——
THE PRESIDENT: Just a minute. I haven't heard a second.
SUPERVISOR SCHMIDT: I second the motion.
THE PRESIDENT: It has been regularly moved and seconded that the first paragraph, the second line, be amended by striking out the words "construction or other lawful method." Are you ready for the question?
SUPERVISOR UHL: The reason, Mr. Chairman, and Members of the Board, why I am offering that amendment is that it is outside of the set-up in Plan No. 7, that no figures have been given regarding such a proposal, and furthermore, and most important of all to me is that it happens to be the business—not the business but the absolute cut-throat competition between the two plants; it should be handled by one or the other, and if we consider any such proposition as constructing a plant here and getting into competition with the private company, God help us! That is the way I see the matter. Therefore, let us stay to the original proposal of Plan No. 7.
SUPERVISOR HAVENNER: Before the amendment is voted on, Mr. Chairman——
THE CHAIRMAN: Pardon me, is Mr. Cahill here?
MR. OST: No, he is not. I will see that he comes, though.
THE CHAIRMAN: I would like to have Mr. Cahill sent for.
SUPERVISOR McSHEEHY: Yes, that is a very important point.
SUPERVISOR HAVENNER: I would like to say, Mr. President, that the amendment proposed by Mr. Uhl, in my judgment would nullify the possibility of any purchase within a reasonable period of time.
SUPERVISOR UHL: May I interrupt you to say to the Chair that I haven't that in mind at all, to nullify it.

SUPERVISOR HAVENNER: Mr. Uhl, with all due respects to you, in my judgment, and I have based my judgment on the advice of every man whom I know in other cities where municipal distribution of power has been in operation, and where propositions have been submitted to the people for new projects of this kind, every single one of them has advised me, above everything else to have the proposition submitted in this form.

SUPERVISOR UHL: May I ask through the Chair a question?

SUPERVISOR HAVENNER: Yes.

SUPERVISOR UHL: Then why should not there be submitted to me the financial prospectus to show me what the results of that sort of move would be? That is reasonable.

SUPERVISOR HAVENNER: I am not denying that you should have it, and certainly I presume that the opponents of this measure will go before the people and try to argue against that provision as they have argued against it elsewhere. All I am asking is that the people be allowed to decide the question. The question here is obviously to prevent this matter being submitted to the people and it can be discussed on its merits after this gets to the people. The whole matter is to present it on its merits. It will surely be discussed thoroughly before the people, and if the people do not want it, they shall reject it. The people have not rejected it elsewhere. The people should decide.

SUPERVISOR UHL: May I ask through the Chair this question: Isn't it a fact that this is foreign to the original proposal that came to us?

SUPERVISOR HAVENNER: No, sir.

SUPERVISOR UHL: Where can you show me in Plan No. 7 that it was suggested that we construct. You brought it in within the last two or three weeks, Supervisor.

SUPERVISOR HAVENNER: Yes, obviously Plan No. 7 has nothing to do with this question at all.

SUPERVISOR UHL: Through the Chair, I would say this to Supervisor Havenner, that the very next paragraph states that Plan No. 7 has been approved by the Board.

SUPERVISOR HAVENNER: We will admit that Plan No. 7 has not yet been approved in toto by the Board. It has been approved tentatively by the Board subject to revision with respect to the financial set-up.

SUPERVISOR COLMAN: Mr. President: It has really been approved except with regard to the all-important feature of it, namely, the figures. I think everyone will admit that, that that is the all-important part of any plan, the figures. The Board has not approved the figures, the financial set-up.

Mr. President, and Members of the Board: A point came up in the discussion there that I think is worthy of just a very brief discussion, and that is the point made by Mr. Havenner that all he is asking to do is that we submit it to the people and let the people decide. In my opinion the Board of Supervisors have a very grave responsibility with regard to what they submit to the people of San Francisco, and if in the opinion of any member of the Board of Supervisors there are weaknesses in any proposal, as I look at my duty, we should not submit such a proposal to the City, if we feel it is not to the best interests of the City. That is why we are given that power, and the people of San Francisco look to this Board for guidance and we cannot say, "Let us let it go to the people, let them decide it. It is their business, they pay the bill." I think it is our duty, it is incumbent upon us to believe that what we are submitting has real merit before we submit it, and it is surely within our right to deny to submit any point which, in our opinion, is not for the best interests of any of the people.

SUPERVISOR UHL: Question.

SUPERVISOR McSHEEHY: Mr. Chairman: I would like to ask that the Clerk read to Mr. Cahill the question propounded by Mr. Uhl.

THE CHAIRMAN: Mr. Uhl has moved that we amend the second line by striking the words "construction or other lawful method," stating that that is not in Plan No. 7.

MR. CAHILL: Mr. Uhl is right that that is not in Plan No. 7. Plan No. 7 says on page 5: "Every effort should be made to effect the purchase by direct negotiation with the company. This should permit of quick acquisition without needless loss to either the company or the City, and without interfering with the harmonious relations which have always prevailed between the City and the company. As a court of last resort the law provides for taking over the property through condemnation procedure." And if this thing were to be left to the Public Utilities Commission, there is no doubt in my mind that first we would try to acquire the property by negotiation, and, failing that, we certainly would go to condemnation. I believe the Board has hitherto been told by the City Attorney that we can condemn any part of any public utility's system, so probably it would never come to the third alternative, namely, construction. It is simply a precautionary measure and I think a proper one to include. It is a thing which I would not like to see done but nevertheless I think that inasmuch as every other city which has done the type of thing which is contemplated in this amendment has included it, I think it is a proper one.

SUPERVISOR RONCOVIERI: What do you think is proper, that this should remain?

MR. CAHILL: Yes, sir. I want to say this, that the Pacific Gas & Electric Company in my opinion, and, I believe, in that of the City Attorney, does not have at the present time a franchise to distribute electricity for the purpose of power in the City and County of San Francisco. Therefore, if it were to come to the last resort and I say it would be the last resort as far as the present Public Utilities Commission are concerned, that we should undertake to build a system in competition with the one which now exists, a thing which I certainly hope never will happen, you can readily see that if I am right in my statement that the Pacific Gas & Electric Company has no franchise to deliver power, that practically every customer they have would be cut off from their system because there is hardly a house in San Francisco that does not have one motor in it, a washing machine, a refrigerator, or sweeping machine. All of that will be cut off besides every power plant of any kind in all industrial plants. So, you see, this is quite a thing to put in here. I believe it should be included—I believe it will not be necessary to take it out.

SUPERVISOR SCHMIDT: Mr. Cahill, would you admit that it would be ruinous from a business standpoint to enter into competition with the private company at the present time?

MR. CAHILL: No, I won't admit that. I have just told you, sir, that if we had to build it that practically every load which the Pacific Gas & Electric Company now supplies, they would be barred from supplying it under their present franchise if the City wanted to do it. Therefore, it might be ruinous for the Pacific Gas & Electric Company, but it would not be ruinous to the publicly-owned utility.

SUPERVISOR SCHMIDT: That is to have a competing company and not get the desired revenues—we wouldn't get——

MR. CAHILL: You cannot tell that we wouldn't get it, and neither can I tell you that we would get it, but at the same time the point is this, practically every load that the Pacific Gas & Electric Company supplies today is supplied, in my opinion without proper legal authority to do so. Now, then, if that is the case, and if we are forced into the bad position of having to duplicate the present facilities, I believe the Pacific Gas & Electric Company would lose practically every business connection it has in the City and County of San Francisco and would have a dead system. Now, I do not approve of that.

That is evident from Plan No. 7, but I think it is a proper precaution to put into this amendment. If you are going to do this thing, then put the system into as strong a position as you can.

SUPERVISOR SCHMIDT: Well, my impression is from what you say that you are not inclined——you don't look kindly on going into the competition with the private company.

MR. CAHILL: Certainly not.

SUPERVISOR SCHMIDT: And I feel personally——

MR. CAHILL: Doctor Schmidt, the distribution of electricity is a natural monopoly. It should be a monopoly for one system or the other. There is no question about it, the results of competition are always bad in that field, and I am against it, and that is quite clearly shown in this Plan No. 7. But I am quite sure we would never come to that point because the City Attorney has assured us that we can condemn, and before we went to the point of duplication, we would try to condemn. However, it does give us another out, and I think it is a proper thing to put in. It has been done by other cities, and it has done none of the other cities any harm.

SUPERVISOR SCHMIDT: I say this: We may some time in the future have at least another membership on the Public Utilities Commission who probably would not look with friendly—in the business-like fashion as the present one, and I see more or less of a danger of putting this in. What is there to prevent some future Public Utilities Commission from constructing some system, going into ruinous competition and the City would not be better off for it that I could see.

MR. CAHILL: Last week, or the last meeting, I think, there was an amendment proposed to this, and the City Attorney has written the amendment thus: "When said Public Utilities Commission shall have adopted said resolution specifying the manner of the acquisition or construction of the system" and then interpolate, "and when the method and cost of the acquisition of the system have been approved by resolution of the Board of Supervisors." I am thoroughly in accord with that condition and that amendment, and the Board of Supervisors could stop that kind of thing if that amendment is voted.

SUPERVISOR UHL: Where is that amendment?

MR. O'TOOLE: We have not reached that paragraph.

SUPERVISOR McSHEEHY: Question.

SUPERVISOR BROWN: Speaking on the amendment, the question of the word "construction," which I gather is about the only matter of issue, as I take it to mean that the words "or other lawful method" have to do with the proceedings necessary for the taking over by legal action, condemnation; is that correct; is that your idea?

MR. CAHILL: I don't know. You will have to ask Mr. O'Toole.

CITY ATTORNEY O'TOOLE: Yes, that is it, any legal method.

SUPERVISOR BROWN: I don't suppose the Board has any objection to including that in the ordinance.

SUPERVISOR SCHMIDT: You mean just eliminate the word "construction"?

SUPERVISOR BROWN: Yes, that there be some modification of that language, because obviously all other legal method includes the word "construction."

SUPERVISOR UHL: I am willing to strike out the word "construction."

SUPERVISOR BROWN: Or other legal method includes the word "construction."

SUPERVISOR UHL: That is why I put it in there. You say to strike it out?

SUPERVISOR BROWN: I will propose the amendment as follows: "The Public Utilities Commission shall, for the purpose of meeting the cost of acquiring by purchase,"—then insert the words: "or by condemnation proceedings," and eliminate the words: "construction or other lawful method."

SUPERVISOR UHL: I am willing to accept that.

SUPERVISOR BROWN: Speaking to that—I will be brief, Mr. McSheehy—I don't believe, either as a matter of good government or good business, duplication of existing public utility facilities, whatever this may be—I think all of us are familiar, for example, with the railroad history of the United States, and what happened in many areas of this country when for uneconomical reasons certain railroads sought to compete with other existing systems. The best example we have is in the Northwest, where we have three transcontinental systems all competing with each other and all starving to death slowly. I agree with Mr. Cahill that the distribution of electric power is a naturally non-competitive business and one which cannot be subjected to competition regardless of whether that business is conducted by a private corporation or by the City itself. Now, I cannot, therefore, go along with any proposal which will give to the City the right to duplicate the existing facilities of the Pacific Gas & Electric Company before we exhaust all other possibilities, and I think this Board has a remedy at its disposal if it should eventuate that condemnation proceedings are not possible—it is always then possible to again initiate legislation such as this which will permit the construction of a duplication of the existing facilities if that seems advisable, although I would probably be opposed to it then as I am now if it came before the Board at that time.

SUPERVISOR HAVENNER: Mr. Chairman: it is apparent to me from the very determined opposition to this proposal that it is realized that if this proposition is retained in the question to be submitted to the people, that it will be disadvantageous to the existing power company. That is in a sense the argument that is made, that if the City should go into competition, which I do not think would ever be a likely eventuality, but if it should, it would be bad for business. In other words, it would be bad for the business of the existing utility. Conversely, therefore, it seems to me it is obvious this proposal would be a good thing for the people of San Francisco in the event that they decide upon the question which will be submitted to them. That question is, do you desire to take over and operate the distribution of electricity in San Francisco.

SUPERVISOR BROWN: Why don't you submit it on that basis?

SUPERVISOR HAVENNER: We are submitting it on that basis and we are giving the people every opportunity if they desire to take it over to accomplish their will. Now, the effort here is to make it as difficult as possible if the people do vote to go into the electrical distribution system, to make it as difficult as possible for them to go into it. I repeat, the argument in favor of this has been most strongly urged upon me by every man experienced in the operation of municipal electric systems in America whom I have met; they all urged it. Therefore, from the standpoint of municipal ownership I submit it is a good thing, it is a desirable thing for the interests of the people, and the elimination of it will curtail the rights of the people to do what they want to do if they decide to do it.

THE CHAIRMAN: Call the roll.

SUPERVISOR UHL: To close the debate on that, I want to say to the Chair, Supervisor Havenner, that it is my judgment that the amendment can be more easily beaten with that question of construction and the question of going into competition with the private company—it can be more easily beaten with that in than out. You have got in there the right to go into it—as Mr. Cahill said, it should be a monopoly. As I stated when I made the motion, I feel one or the other companies should operate 100 per cent the distribution of electricity in San Francisco to avoid that cutthroat competition. Now, then, the City wants to go into the distribuion of power, and you want the City to go into the municipal distribution of power, and the only way to do that and to carry out Mr. Cahill's judgment of the monopolistic feature—why, you have got it in there to condemn the com-

pany by eminent domain if they do not make a price that is satisfactory—what more do you want?

SUPERVISOR HAVENNER: That occupies 10 years, postpone the will of the people 10 years by every legal obstacle that the company can throw in its way.

SUPERVISOR UHL: Then it is just regrettable.

SUPERVISOR HAVENNER: We are trying to do the thing every other city has tried to do. If the people decide they want to take over this business, give them the opportunity to do it expeditiously.

SUPERVISOR UHL: I am perfectly agreeable if they will submit the figures here what the cost will be under that construction plan. I am not going blindly into anything of that sort.

SUPERVISOR McSHEEHY: Call the roll.

SUPERVISOR RONCOVIERI: I will ask the City Attorney—my mind is not set on this thing, I will ask the City Attorney, inasmuch as Plan 7 is referred to as the system to be acquired, and in Plan 7 not a word about the cost of construction, would this be a legal document?

MR. O'TOOLE: I think it would, Supervisor.

SUPERVISOR RONCOVIERI: There is not a word in it. We have nothing before us on construction.

MR. O'TOOLE: That would be—Plan 7 is your general plan—it was your general plan. In other words, you would get a certain area of distribution, you would develop a certain amount of power, and you would get your power in a certain way. Now, the mere fact that you might have to acquire the system in some other way, I don't think would change it.

THE CHAIRMAN: Call the roll.

SUPERVISOR COLMAN: Mr. President, that is not quite an accurate statement, it is more than a general plan, it is a very concrete plan allowing for the purchase by negotiation for certain specifically stated units of the P. G. & E., taking over the business that they now have, which takes over all the electric business of San Francisco, save, I believe, the Market Street Railroad unit. That is a very specific and definite thing, to keep faith with respect to every detail. As Mr. Roncovieri said, there is nothing there to give us any idea as to what we are going into by construction. I wouldn't want this Board of Supervisors to have the right to say by six votes that the City could go into the power construction business. I want Mr. Cahill to know that I trust him in any matter to do with the Public Utilities, but I do not accept his statement as to the franchise because, after all, that is not a utility question, that is a legal question, I assume. On that point—I am not, however, in any way, spoiling a pretty good record, I don't know anything about it—I would take the City Attorney's opinion on that point rather than the Manager of the Utilities, but, gentlemen, the further we go in this thing, the more obvious it must be that we are opening up a door, and if the door is opened, we don't know what way that road is going to go and where that door leads to, no idea in the world. Now, I want to take exception right now again, and I want to state again that I am representing the people of San Francisco in this matter. They are the people that elected me, and they are the people whose interest I have at heart, and they are the people who you are taking again into something about which you know nothing yourselves, and about which you have nothing to tell them, and I think it is a very dangerous proceeding.

THE CHAIRMAN: Call the roll.

THE CLERK: Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Havenner?

SUPERVISOR HAVENNER: No.

THE CLERK: McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Mead?
SUPERVISOR MEAD: No.
THE CLERK: Meyer?
SUPERVISOR MEYER: No.
THE CLERK: Ratto?
SUPERVISOR RATTO: No.
THE CLERK: Roncovieri?
SUPERVISOR RONCOVIERI: No.
THE CLERK: Schmidt?
SUPERVISOR SCHMIDT: Aye.
THE CLERK: Shannon?
SUPERVISOR SHANNON: No.
THE CLERK: Uhl?
SUPERVISOR UHL: Aye.
THE CLERK: Four ayes, seven noes.
THE CHAIRMAN: Motion lost.

THE CLERK: (Reading:) "The System to be acquired shall, in so far as practical, be the system submitted to the board of supervisors by the public utilities commission on September 14, 1936, and designated by said public utilities commission as Plan Number 7, which said plan was approved by the board of supervisors by resolution adopted by said board of supervisors on December 3rd, 1936; provided, however, that said public utilities commission is hereby given full power and authority to deviate from said plan to such extent as it shall deem proper in order to carry out the purposes of said plan, but any change made in said plan, or in the execution of the same, shall not render invalid or have any effect upon the validity of any bond or other evidence of indebtedness authorized or issued to meet the cost of The System, and no purchaser or holder of any bond or other evidence of indebtedness authorized or issued pursuant to this section shall be required to see to the existence of any of the facts, or to the performance of any of the conditions, or the taking of any of the proceedings required prior to the issue of said bonds or other evidences of indebtedness, or to the application of the proceeds thereof."

THE CHAIRMAN: Is there any objection?

SUPERVISOR UHL: I would like to ask the City Attorney what is meant by the first line: "The System to be acquired shall, in so far as practical," what does that mean? How far does it go?

MR. O'TOOLE: It means the system you would acquire would be the system submitted by Plan 7, but if there was any deviation from it at all, necessary deviation, possibly it might have an effect upon the validity of the bonds,—not the validity of the bonds but the right to use them for that plan for the reason that the law is fairly well settled that when you vote bonds, or authorize the issuance of bonds for a particular project, you must hew very close to the line as far as that project is concerned, and in putting that provision in there, it has been done solely with the intention that if there was just a slight deviation from the plan as submitted which might become necessary at the time of the acquisition of the system, why, the bonds would not be held to be invalid.

SUPERVISOR UHL: All right.

SUPERVISOR COLMAN: I would ask, Mr. President, why is it necessary to deviate from said plan—providing, however, it says here —well, you have the wording.

MR. CAHILL: Mr. Colman, I will try to answer that. Let us assume that the bond issue is voted today and we immediately went into negotiation with the P. G. & E., and it took us a year to arrive at an agreement. During that year there will undoubtedly be a number of new loads connected with the system, which are not now connected with it, and we could not possibly go along with the situation and not contemplate the connection of that new power load which is not specified in Plan 7 and which, of course, cannot be because we don't know what it is going to be. On the other hand, it may be necessary to take a

little more of the system adjacent to San Francisco and in San Mateo County, which is not contemplated in Plan 7. In other words, we have to be given, if we are going to do anything at all, more or less a free hand on details, but not on fundamentals.

SUPERVISOR COLMAN: That is a perfectly satisfactory explanation, but I would like to ask the City Attorney about that wording, will the Public Utilities have power to extend or deviate from the plan to any greater extent than intimated by the manager of the Utilities?

MR. O'TOOLE: I don't think it would. In other words, he is bound by his plan. For instance, they cannot under the plan sell us—for instance, a steam plant is not contemplated by the plan—I don't know if he could spend a $1,000,000 for the steam plant.

SUPERVISOR UHL: You don't know if they could?

MR. O'TOOLE: They could not unless it was provided for in the plan.

THE CHAIRMAN: There is no objection to this section, it is temporarily passed.

THE CLERK: (Reading:) "Any and all money borrowed, or bond or other evidence of indebtedness authorized or issued pursuant to this section, as well as the interest to accrue thereon, shall be payable solely and only out of the revenue from The System to be acquired with said moneys so borrowed, or received for said bonds or other evidences of indebtedness."

THE CHAIRMAN: Is there any objection? Temporarily passed.

THE CLERK: (Reading:) "The public utilities commission shall, except as herein provided, determine the form, conditions and denominations of all bonds or other evidences of indebtedness issued under the provisions of this section, and shall fix the maximum rate of interest which said bonds or other evidences of indebtedness shall bear, which rate of interest shall not exceed six (6%) per cent per annum, payable semi-annually. The payment of the principal of said bonds or other evidences of indebtedness shall commence not later than five years from the date of issuance, and shall be completed in not more than forty years from date of issuance. Said bonds or other evidences of indebtedness shall mature and shall be payable each year during the period over which said bonds or other evidences of indebtedness are payable in such amounts as may be fixed by the commission. All of said bonds or other evidences of indebtedness so issued may, at the option of the owner thereof, be registered, as to either principal or interest or both, with the treasurer of the city and county in such manner as may be provided by the commission. Said bonds or other evidences of indebtedness may be sold at such times and in such amounts as the public utilities commission shall deem proper, provided that said bonds shall not be sold at less than their par value and accrued interest at date of delivery. Said bonds or other evidences of indebtedness may be offered for sale either on the basis of a fixed rate of interest or on the basis of the lowest net interest cost and power is hereby given to the commission to fix said rate of interest either prior or subsequent to the date of the issuance of said bonds. All bonds or other evidences of indebtedness issued as herein provided shall be signed by the president of the public utilities commission, or by the manager of utilities, and by the secretary of the public utilities commission, and countersigned by the treasurer of the city and county. The signature of the president of the public utilities commission or of the manager of utilities may be by facsimile. Any coupon attached to said bonds shall have affixed thereto the facsimile signature of the said treasurer. The official seal of the public utilities commission shall be affixed to said bonds or other evidences of indebtedness and full authority is hereby given to said commission to adopt a seal in such form and device as it shall deem proper. Each of said bonds or other evidences of indebtedness so issued shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of The System and that it does not constitute a general indebtedness against the City and

County of San Francisco. All revenue bonds issued under authority of this Charter shall be negotiable instruments under the law merchant and shall have all of the attributes of negotiability under the laws relating to negotiable instruments of this State."

SUPERVISOR HAVENNER: Just a minute. Are these commas in here important? You have a comma in front of the word "out of the revenues of the System." Is that comma properly placed?

MR. O'TOOLE: Yes, leave the comma there as it is.

SUPERVISOR McSHEEHY: I was going to rise and ask that we proceed.

THE CHAIRMAN: I was under the impression that Mr. Havenner was asking a question of Mr. O'Toole.

SUPERVISOR HAVENNER: I was, but it is all right.

THE CHAIRMAN: I wanted to ask Mr. O'Toole, next to the last line, what does that mean, "under the law merchant"?

MR. O'TOOLE: Under the law of commerce—cut out the words "under the law merchant".

SUPERVISOR HAVENNER: Do you think that will not weaken it?

MR. O'TOOLE: No.

SUPERVISOR UHL: I would like to ask of Mr. Cahill through the Chair, on Page 3 of Plan 7 you show on the 5 per cent revenue bonds on the 25 year basis, you show that the surplus on the average year is $6,409,000 surplus, but on the other initial year, it is $5,360,000. Do I understand that would be the surplus profit the first year, and from that, of course, would be the bond reduction?

MR. CAHILL: It means on the first year the surplus would be $5,360,000, and the average year the surplus would be $6,409,000 for a period of 25 years.

SUPERVISOR UHL: Then I should like to ask why we should not start bond redemption after the first year, after beginning operation of the distribution of municipal power.

MR. CAHILL: It is permissive, but under this document it doesn't state it should be.

SUPERVISOR UHL: All right, I feel it should not be simply permissible but mandatory that bond redemption begin, therefore I move to amend on the eighth line to strike out that "not later than five years from the date of issuance," and insert therefor, "at the time the City and County of San Francisco begins municipal distribution of power."

SUPERVISOR BROWN: Why don't you just change it from five to one, and then you will have it?

SUPERVISOR UHL: All right, five to one year.

MR. O'TOOLE: The danger of that, Supervisor Uhl, would be if we were delayed a long time on condemnation suits, the bonds might be outstanding, even in a small amount, and you wouldn't have any money.

SUPERVISOR UHL: Mr. Cahill says it will take 10 years on an eminent domain proceeding, so that argument does not hold.

MR. O'TOOLE: I doubt if it would take 10 years, but three or four years.

SUPERVISOR UHL: All right, then, it is important to cover it from the time the City and County of San Francisco acquires the municipal distribution system and begins operation of the same.

MR. O'TOOLE: You won't have any money as soon as you commence, will you, Mr. Cahill?

SUPERVISOR UHL: No, that is the language, the first year—put it in any language you want, but my thought is from the commencement of the operation we should positively begin the retirement of the bonds.

SUPERVISOR HAVENNER: I hope the members of the Board will not make this provision. You have never made any similar provision to this with respect to general obligation bond issues. You have repeatedly allowed the amortization to be deferred for five years. It has been done over and over again. Let us assume—I know you are not in agreement with this, but the Board has voted to leave the con-

struction provision in here, and let us assume it might become necessary to construct. I think it is a very remote possibility, but suppose we should——

SUPERVISOR UHL: (Interrupting) Didn't I say, when we begin municipal distribution? There is no question saying the profit is there, from Mr. Cahill's own statement.

SUPERVISOR HAVENNER: This Board of Supervisors is going to have a check on that if the amendment to be proposed here later is adopted—you may decide at the time on the issue. I think it would be a very dangerous handicap to strike this out, Mr. Uhl.

SUPERVISOR McSHEEHY: Question—there is the question of Supervisor Uhl.

SUPERVISOR UHL: A call of the Board.

THE CHAIRMAN: What is the motion?

SUPERVISOR UHL: The motion is I asked the City Attorney to form the proper language that in place of commencing the bond retirement at the end of five years, that it shall be commenced at the end of the first year's operation, because they set up under Plan 7, under one plan they have $5,360,000 surplus, and under the other plan, $6,409,000 surplus after one year's operation. Then why postpone for five years the redemption of the bonds?

THE CHAIRMAN: Is there objection?

SUPERVISOR McSHEEHY: Yes, sir, Supervisor Havenner has just stated his objection very clearly. All the bond issues we have issued for years have always had this provision in it, five years, and not one year, on account of the construction, and the City Attorney has gone on to state, too, his reasons why this provision should remain as is, so I trust and hope the members of the Board will let it remain as is, because we have gone on with all of our bond work under this particular provision as described in this resolution.

THE CHAIRMAN: That would not be the answer to me. I would ask Mr. Cahill why he provided five years if these figures as stated are correct, why we should be paying interest for five years when we have the surplus lying there?

MR. CAHILL: In the event the thing is to be built, which the Board has voted to allow to remain in, Mr. Shannon, you would not have a large sum like that available, because it would take several years to build it, and you would only have the income from that portion which you built. Now, it is permissive, it is not mandatory, the Public Utilities Commission may delay the payment of the bonds for five years, but it is not necessary and if we get the thing on any other basis than construction, obviously, with this kind of surplus, we would pay off the first year.

THE CHAIRMAN: Call the roll. Mr. Colman.

SUPERVISOR COLMAN: The difference between this and any other bond issue that has ever been proposed and carried by the people of San Francisco, this is a revenue bond issue, so it is an entirely different proposal. You are getting revenues right away, which, in my opinion, is the reason why I think that interest should be saved and amortization should begin right away. It is not comparable with any other bond issue ever passed by the people of San Francisco, and it is a net saving of that amount of interest. Now, on the theory—if the amendment is going to carry, I would rather have it go in the best possible form. I am going to vote for the amendment. I think it is a wise thing.

THE CHAIRMAN: Call the roll.

SUPERVISOR RONCOVIERI: One minute. I just asked Mr. Cahill if this would not be satisfactory, "after the first year of full operation." I don't see the necessity of paying interest on the $50,000,000 after the project is in full operation. I think that that language could be put in there, "after the first year of full operation." That is the time to begin to pay off your debt, it seems to me.

SUPERVISOR UHL: I have no objection.

SUPERVISOR SCHMIDT: We could have full operation under a

competitive system. Suppose a future Public Utilities Commission goes into the building of a competitive system, and that system is finished—I mean full operation.

SUPERVISOR RATTO: Can't we have a clause in there where if the revenues amounted to such an amount after accumulation of a certain percentage of the receipts to take care of the redemption, couldn't we make it that way so it would only be on a financial set-up that we would receive these bonds regardless of the time—it might be a year or year and a half, or two years. Could we insert something like that to take care of it, when our financial situation was such——

MR. O'TOOLE: You would want to have the matter open because you would not know when you would have the money on hand.

SUPERVISOR HAVENNER: I would like to point out to the members of the Board, and I think Mr. Cahill is in agreement with me here, that a proviso of this kind would be so indefinite, it might affect the saleability of the bonds, but I don't think there is any danger with the provision as it stands in there, because this Board will have—if we adopt this amendment—will have a right to pass on the bond issue and you can decide when the question comes before you. If you make it so indefinite as this, you certainly will affect the saleability of the bonds. I take it the members of the Board do not want to do that, even though they are opposed to the general proposition.

SUPERVISOR COLMAN: But Mr. Uhl's amendment is a definite one. Mr. Roncovieri's is indefinite, but Mr. Uhl's is not.

SUPERVISOR HAVENNER: If you want to take a vote on it, I am opposed to it definitely. I think it injures the saleability.

THE CHAIRMAN: Call the roll.

THE CLERK: Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Havenner?

SUPERVISOR HAVENNER. No.

THE CLERK: McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Mead?

SUPERVISOR MEAD: No.

THE CLERK: Meyer?

SUPERVISOR MEYER: No.

THE CLERK: Ratto?

SUPERVISOR RATTO: No.

THE CLERK: Roncovieri?

SUPERVISOR RONCOVIERI: No.

THE CLERK: Schmidt?

SUPERVISOR SCHMIDT: Aye.

THE CLERK: Shannon?

SUPERVISOR SHANNON: No.

THE CLERK: Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: Four ayes, seven noes.

THE CHAIRMAN: Motion lost.

THE CLERK: (Reading) "The Public Utilities Commission shall have power to determine the method of acquiring The System, and the determination of said method by said Public Utilities Commission shall be binding and conclusive. Should said commission determine that The System, or any part thereof, should be acquired other than by construction, the same may be acquired by purchase or by any other lawful means. If said Public Utilities Commission should determine that The System, or any part thereof, should be constructed, it shall have full power to proceed with the said construction. When said Public Utilities Commission shall have determined the manner of acquiring The System it shall adopt a resolution specifying the method and manner of acquiring the same and shall, in said resolution, fix

and determine the estimated cost thereof, and shall include in said estimate of cost such amount as said commission shall estimate to be sufficient to pay the interest on the bonds or other evidences of indebtedness during the actual period of construction of The System and for six months after the same is in operation by said commission, and if The System is to be acquired by any method other than by construction, then said commission shall estimate the cost of said acquisition including the cost of all legal proceedings incident thereto and add the amount of said estimate to the cost of said acquisition, as well as the amount of interest on all of said bonds or other evidences of indebtedness which may be outstanding during the period of said acquisition, and interest on any bonds or other evidences of indebtedness issued or sold to defray the cost of said acquisition for a period of six months after the commencement of the operation of The System by said commission, and said commission shall include in the cost of The System, whether acquired by construction or otherwise, an amount sufficient to provide working capital as estimated by the commission to be sufficient to pay the operating expenses of The System for a period not exceeding six months after the operation of The System shall commence. Not more than fifteen (15%) per cent of the cost of the acquisition or construction of said system shall be applied to interest and working capital."

SUPERVISOR RONCOVIERI: Through the Chair, Mr. President, I would like to ask the City Attorney, Mr. O'Toole, if it would not be desirable in that particular paragraph somewhere, following, for example, The System, if it would not be desirable somewhere, "But in no event shall the total cost of construction exceed the sum of $50,000,000." I know we have got it in the first paragraph, but does that positively bind all the way through?

MR. O'TOOLE: I think it does because you cannot issue any more bonds.

SUPERVISOR COLMAN: That is in the next paragraph.

SUPERVISOR UHL: All right.

THE CLERK: (Reading:) "When said Public Utilities Commission shall have adopted said resolution specifying the manner"——

MR. O'TOOLE: Just a minute. I think the amendment Supervisor Havenner mentioned a little while ago, I think we could add in there. I am reading now the last paragraph on the first page of the printed copy.

SUPERVISOR UHL: But he has not read the last one yet.

MR. O'TOOLE: No, he has just started in to read it.

"When said Public Utilities Commission shall have adopted said resolution specifying the manner of the acquisition or construction of said distribution system." Now, I think if we added this language in there—cut out "distribution system" there and leave just "The System." Now, after the word "System," add, "and when the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors"—I think, Mr. Skaller, that is just exactly the same as your language, I mean would have the same effect as your language.

MR. SKALLER: Would you give me the privilege of the floor?

SUPERVISOR UHL: Would you let him read that once more, and slowly.

MR. O'TOOLE: " . . . and when the method and cost of the acquisition of the system have been approved by resolution of the Board of Supervisors."

SUPERVISOR UHL: All right.

MR. SKALLER: Now, Mr. Chairman, Mr. President, and gentlemen of the Board, under this amendment offered by the City Attorney, the only power vested in the Board is for you to approve the method.

SUPERVISOR HAVENNER: And the cost.

MR. SKALLER: You divest yourselves entirely of the power over

the last expenditure, because under the Constitution of the State the legislature cannot appropriate any large sum of money, and it cannot delegate that power to any appointed power, which you do under this amendment. In other words, the only right you are given is the approval of the method and the cost, and you will be faced, of course, with the technical advice coming to you from the engineers that that is the cost and that is the method, and you have no way of determining except through your official agencies. Now, I say to you that you should not divest yourselves of this right, as the representatives of the people, in the determination of this matter once it is approved by the elected representatives of the people, constituting the Board of Supervisors. Supervisor McSheehy, at the last session, unfortunately after the Board had adjourned, introduced this amendment to be added to the first paragraph of Section 121-A, reading as follows:

"However, no resolution or determination by the Public Utilities Commission to acquire, purchase, construct, or conduct any public utility shall be effectuated until approved by a majority vote of the Board of Supervisors."

This, gentlemen, makes you the final tribunal in the issue before it is concluded. Now, why should you, yourselves, as the legislature, try to divest yourselves of the power that is inherent in this body, inherent in any legislative body. The amendment offered by the City Attorney does not cover the matter whatever. It gives you the right only to approve the method and cost, and you have to depend on the advice of engineers, and we claim that it should be subject to the approval of the legislative body. Why, some of the gentlemen here say that it should go to the people for their approval. This is not the case, it is delegated entirely to the Public Utilities Commission, it makes one man, a man who is appointed to office, and this is the main power that will be vested in that appointed board and that one man, and you can see for yourselves on an appointed committee how he stands on that question, and I don't think this right should be vested, this power vested in one man.

SUPERVISOR SCHMIDT: Will you kindly read that suggested amendment again, Mr. Skaller?

MR. SKALLER: This is to be added to the first paragraph of Section 121-A:

"However, no resolution or determination by the Public Utilities Commission to acquire, purchase, construct or conduct any public utility shall be effectuated until approved by a majority vote of the Board of Supervisors."

SUPERVISOR RONCOVIERI: Why don't you put it a two-thirds vote?

MR. SKALLER: That is up to you to determine, I don't know as I want to inject that question, put that in in a question of this kind, but under this it makes you the final tribunal to determine whether it shall be submitted, and it makes you the final tribunal of the huge expenditure of money, and that determination on the expending of public moneys is an inherent right of all legislative bodies, and you cannot, and you should not delegate that power to any appointed body. Now, by adding this to paragraph one, you shall have the final say whether the City shall purchase, acquire, construct or conduct, and it is my suggestion that it should take only six votes, and if you cannot get six votes on a determination of that issue, it is not worth it, and it should not be left to any legislative body.

THE PRESIDENT: I should like to ask the City Attorney, that is the point which was raised, and you said you were going to prepare a provision to take care of that.

MR. O'TOOLE: That language I just gave you now is my way of covering it, and if that is not satisfactory, why, it can be changed.

MR. SKALLER: This simply is giving you the power to approve

the method of procedure and the cost, and it gives you no power whatsoever.

SUPERVISOR McSHEEHY: I think that the language submitted by our City Attorney is proper language, and I am entirely in accord with the idea of Mr. Skaller's in the first place.

THE PRESIDENT: Would you read it, please, Mr. O'Toole?

MR. O'TOOLE: "When said Public Utilities Commission shall have adopted said resolution specifying the manner of the acquisition or construction of The System, as well as the total estimated cost thereof, and when the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors."

Now, that places you in a position, after they have passed it, that you have to agree. In other words, you are a check on the particular resolution.

SUPERVISOR RONCOVIERI: And when the method—oh, I have got it here.

SUPERVISOR McSHEEHY: "And when the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors." It seems to me, Mr. Skaller, that is the exact language and the proper place, and gives us a check, and we do not lose any of our power and standing, in checking the matter as brought up by the Public Utilities Commission.

MR. SKALLER: Mr. Supervisor, if I——

SUPERVISOR McSHEEHY: I can't see anything wrong.

MR. SKALLER: Supervisor, the language as furnished by the City Attorney gives you only that check, to approve the method of procedure and the cost. In this case, naturally, you have to follow your technical advisers, who are the city engineers, but the point that I am making is that the final determination shall not be in an appointed body but shall be in the legislative body, and I am asking only for a majority vote, not for any more. Now, this amendment, Supervisor McSheehy, amounts to nothing. It divests you of all power which you now have, but if you add the proposition I have added to the first paragraph of 121-A, that before the Public Utilities Commission passes the matter, it must have first your approval by a majority vote. Now, if you do not incorporate that, you divest yourselves of all power, and the only power you then have is to determine whether the procedure is right and the cost is right, and in doing that, you have to take the advice of your technical experts.

SUPERVISOR McSHEEHY: I want to say this respectfully to Mr. Skaller, he has offered an amendment, and Mr. O'Toole has suggested a section where it should be incorporated. Now, I feel as one member of the Board that the suggestion of our City Attorney is proper and covers the detail suggested by Mr. Skaller in reference to this particular matter, and therefore, I feel, as one member of the Board, that I would rather follow the suggestion by our City Attorney than that of Mr. Skaller.

SUPERVISOR RONCOVIERI: I desire, Mr. Skaller—I am writing one myself now.

SUPERVISOR HAVENNER: Now, Mr. Chairman, if I understand the purpose of the amendment suggested by Mr. Skaller, it would be to vest in this Board of Supervisors a veto power over the question which is to be determined by the people when this is submitted, over the question whether there shall or shall not be acquired such a utility.

MR. SKALLER: A veto power over the Public Utilities Commission's determination.

SUPERVISOR HAVENNER: We are putting up to the people the question whether they desire us to acquire this utility, and when we put it up to the people, we do divest ourselves of our Charter right to a determination of the public's necessity and convenience in acquiring such a utility. Are you going then to say that if the people should vote that they want this utility that this Board of Supervisors, on the question of policy, might say, "No, you cannot have it"? I understand

that to be the purpose of your amendment, and if so, I am, of course, against it.

MR. SKALLER: This amendment you submit is nothing more nor less than a revenue amendment, and which we supported in 1934. We subscribed to the idea that whenever the City determined to engage in the purchase, construction, or acquisition of a public utility, general credit bonds shall not be used and that revenue bonds shall be used, the interest and capital to be paid out of its own revenue. That is the purpose of this amendment, but we have never subscribed to the idea that an appointive board, which amounts to one man, because one man controls that appointive board, that this appointive board shall determine the policy in the expenditure of such a huge amount of money, and by this amendment you eliminate yourselves, you divest yourselves of all power, and I believe that the legislative body of the City is the proper body to determine the policy.

SUPERVISOR HAVENNER: I believe the people are the proper ones to determine this matter, and that is the reason for the submission of this Charter amendment. Do you suppose for a minute that I would be fool enough to submit a concrete proposition like this to the people, and then say that anybody, whether elected or otherwise, should have the right to say, "No, you shall not do this."

MR. SKALLER: In this amendment you only give to the people the right to say whether they want revenue bonds or not, and if they are in favor of the revenue bonds, then the Public Utilities Commission can proceed——

SUPERVISOR HAVENNER: Oh, no.

SUPERVISOR UHL: May I interrupt you to say that the first statement, in accordance with my understanding, we are submitting revenue bonds for the construction or acquisition under Plan Number 7.

SUPERVISOR HAVENNER: For this particular purpose.

MR. SKALLER: You vest the power, I think, in the Public Utilities Commission, and if they should say, "No," that they don't want to pass the resolution, that would be final.

SUPERVISOR UHL: No, I think we could go into court and mandamus them to carry out the will of the people.

MR. SKALLER: I think the legislative body ought to have the right to determine the policy in the expenditure of such a huge amount of money.

SUPERVISER HAVENNER: If it is not mandatory, I want to make it mandatory, I want that question to be decided by the people and not by the Board of Supervisors.

SUPERVISOR UHL: How about the Public Utilities Commission nullifying it?

SUPERVISOR HAVENNER: Is it mandatory for the Public Utilities Commission to do this? If it is not, let's make it mandatory.

SUPERVISOR McSHEEHY. Question. Question.

SUPERVISOR HAVENNER: Wait a minute. Let's make this mandatory. How about making it show in here, Mr. O'Toole?

MR. O'TOOLE: Suppose they cannot come to any agreement. Suppose they cannot get the price they think they ought to do it on?

SUPERVISOR HAVENNER: I understood that that word "may" was interpreted by the courts to be mandatory.

MR. SKALLER: "May" is always permissive.

SUPERVISOR UHL: It is always mandatory.

THE CLERK: "May" means "Must".

SUPERVISOR McSHEEHY: Question. Question.

SUPERVISOR HAVENNER: Mr. President, if I may, then I would like to ask the permission of the Board to move an amendment.

THE PRESIDENT: To amend Mr. O'Toole's amendment?

SUPERVISOR HAVENNER: No, to meet this whole question, I think it will obviate the necessity of any such amendment, we will obviate the necessity of all of this, in the first line strike out the word "may" and substitute the word "shall".

MR. O'TOOLE: The first line on the first page.

SUPERVISOR McSHEEHY: Where do you mean, please?

MR. O'TOOLE: In the first line of Section 121-A, on the first page.

SUPERVISOR McSHEEHY: Oh, well, this is different, I don't know what you are talking about.

SUPERVISOR HAVENNER: Is there any objection to it? The Utilities Commission has no objection.

SUPERVISOR RONCOVIERI: Wait a minute. "Shall" what? Give me the words that go with it.

MR. SKALLER: That doesn't confine you to anything, "shall", that doesn't make it mandatory——

SUPERVISOR RONCOVIERI: Shall what? What is the rest of it?

MR. SKALLER: (Continuing) ". . . on the utilities commission," and this "shall" is not a mandatory power, but I am not interested in the question. I am not interested in the question whether they shall say whether to engage in the conduct of any utilities, this is simply a revenue amendment, and we hold, as a matter of protection, if that revenue amendment is carried, that this Board shall have the control.

SUPERVISOR COLMAN: I think you are in error there, Mr. Skaller.

MR. SKALLER: No, I am not. It is a revenue measure.

SUPERVISOR HAVENNER: That is not the purpose of this amendment at all.

MR. SKALLER: Well, it provides for revenue bonds.

SUPERVISOR HAVENNER. Of course, and provides for the acquisition of this utility at the same time.

MR. SKALLER: You put "shall" in there, "for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method, a system for the generation and distribution," and so on.

SUPERVISOR RONCOVIERI: Nobody answers my questions, "shall" what, or "may" what? "Shall" what?

SUPERVISOR HAVENNER: Shall issue revenue bonds for the purpose of acquiring a distribution system for the distribution of Hetch Hetchy power.

SUPERVISOR RONCOVIERI: Read it. Read it.

MR. SKALLER: The only difference, Supervisor Havenner, between us is this: you do not desire the Board of Supervisors to have any determination in the matter——

SUPERVISOR HAVENNER: No, I want to put it in the hands of the people.

MR. SKALLER: You want to put it in the hands of an appointed body.

SUPERVISOR HAVENNER: No, I do not.

MR. SKALLER: That is only dependent on the technical advice from your officials.

SUPERVISOR HAVENNER: I am not giving the right to vest in this Board, or any other Board, a veto power over the decision of the people. I am not going to do it.

SUPERVISOR McSHEEHY: May I ask, for time's sake, Supervisor Havenner——

THE PRESIDENT: Supervisor McSheehy has the floor.

SUPERVISOR McSHEEHY: May I ask what your amendment is?

SUPERVISOR HAVENNER: I am merely substituting the word "shall" for the word "may" in the first line of the first paragraph.

SUPERVISOR McSHEEHY: You make that as an amendment, Supervisor?

SUPERVISOR HAVENNER: I do.

SUPERVISOR McSHEEHY: I second the motion.

SUPERVISOR COLMAN: What would be the result, Mr. O'Toole, if the Public Utilities Commission could not sell the bonds?

MR. O'TOOLE: Of course, they don't get the money, and they don't get The System. I think you would all agree with that.

SUPERVISOR McSHEEHY: No money, no system.

SUPERVISOR COLMAN: They wouldn't be in contempt?

MR. O'TOOLE: Contempt of whom?

SUPERVISOR COLMAN: The Board of Supervisors.

MR. O'TOOLE: No, I think it is all right.

SUPERVISOR McSHEEHY: Question. Question.

THE PRESIDENT: Is there any objection to the changing of the word "may" to "shall" in the first line of the first paragraph?

SUPERVISOR McSHEEHY: Call the roll.

THE PRESIDENT: If there is no objection, such will be the order. Is there any objection? (Gavel.)

SUPERVISOR McSHEEHY: No objection.

May I ask you another question, "Place the amendment before the Board,"—way down, that I read a few minutes ago,——

SUPERVISOR BROWN: Why not proceed in an orderly manner?

SUPERVISOR HAVENNER: I would move the City Attorney's amendment at this time, and ask the Clerk to read it.

THE CLERK: Starting with the third line of the last paragraph, after the word "thereof," "and when the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors."

SUPERVISOR McSHEEHY: Question.

SUPERVISOR BROWN: In order to bring the matter before the Board, I will move as a further amendment of that language by the addition of the words "by a two-thirds vote."

THE PRESIDENT: Is there a second to the motion?

SUPERVISOR RONCOVIERI: I second the motion.

THE PRESIDENT: It has been regularly moved and seconded that the additional words "by a two-thirds vote" be added, and it will then read, "approved by resolution by a two-thirds vote of the Board of Supervisors." Are you ready for the question?

SUPERVISOR McSHEEHY: Members of the Board, I hope that the amendment to the amendment, I hope that it will not carry, because you really know what a two-thirds vote means. When the Utilities Commission comes in here with a bona fide plan, or a bona fide resolution, all well thought out and in an orderly manner and asks for the approval of this Board, and when it should have that approval by a majority of the membership of this Board, you all know what it means, but if conditions are created on this Board that there are three or four members, and which there are very likely to be who are unalterably opposed, they will vote against the will of the people, and against the will of the majority of this Board, and the will of the people and the will of the majority of this Board is destroyed. I sincerely hope you won't becloud the issue by placing a two-thirds vote in there. You have a fine check with a majority, and we all know what a few members of this Board can do in reference to a matter of this importance and which is of so much interest to the people.

SUPERVISOR UHL: For the Supervisor's information, while you were East a few months ago, this matter was debated in the Board as to what the number should be, and the members went along with eight, and I amended to make it nine, and even Supervisor Havenner and Supervisor Roncovieri, in fact, they all agreed to nine, and when you came home you tried to amend it to bring it back to six, and the other members who advocated nine stood with the nine. However, that resolution was not carried through the Board. I at that time insisted that it be nine. However, I am perfectly agreeable, in order to get somewhere, to go along with two-thirds.

SUPERVISOR RONCOVIERI: The members of the Board should remember that we are asking the people to give up their present power, their rights to a two-thirds vote of themselves, it requires two-thirds of the people. Will you say that a simple majority of this Board has the influence—we had an example of it a short while ago, so that most anything can happen. Why, that is a matter of safety for the people. Two-thirds, I would go for nine, I would make it unanimous. I don't know, I don't believe in taking the power away from

the people, and you are asking the people to give up their power. I believe in revenue bonds, but I want it protected from every possible outside influence, and from this Board, and it is not so easy to get votes. We don't know what may happen. Give the people some protection, let them feel you want them to vote. I don't think they will vote for it if you don't make it two-thirds, they will want at least the opinion of two-thirds of the men of this Board. I am for two-thirds at least.

SUPERVISOR SCHMIDT: I quite agree with Supervisor Roncovieri, because the people are going to feel that very keenly, that matter of a two-thirds vote on the bonds, they are giving that up, and, as you say, Supervisor, I think a two-thirds safeguard should be put in some place, and if this is the proper place to put it——

SUPERVISOR HAVENNER: I hope that the members of this Board will not adopt this proposed amendment. This would enable the interests opposed to the acquisition of the municipally owned electric system, by securing three votes on this Board——

SUPERVISOR BROWN: (Interrupting) Four.

SUPERVISOR McSHEEHY: Yes, four votes.

SUPERVISOR RONCOVIERI: Four members.

SUPERVISOR HAVENNER: Well, by securing four votes to defeat the proposition on which the people are now being asked to express their will.

Mr. Skaller has an entirely incorrect conception of this amendment, as I say, it is not proposing merely the purchase of a power distribution plant by the use of municipal bonds at all, this amendment puts up to the people, first: do they want a municipal electrical distribution system, and secondly, in my judgment, do you want to acquire this on a revenue bond basis. The primary question in submitting the question is to have the people decide whether they want a municipally owned distribution system for electricity.

Now, to say that you are going to invest in four members of this Board the political power to defeat the will of the people seems to me a vicious proposition, and I say that with all due respect to the Supervisor who proposes it.

SUPERVISOR RONCOVIERI: What was that, Supervisor?

SUPERVISOR HAVENNER: I say, it is a vicious proposal, and it has not been adopted in any one of the many places where the people have authorized the Utilities Commission to issue revenue bonds. In fact, in many places, the people have authorized the Utilities Commission to issue revenue bonds without any vote of the people at all, they have made it a purely administrative function, and that method has been successful. But here, in submitting it first to the people, and then putting the initiative power in the Public Utilities Commission to determine the method and cost, and then giving to the Supervisors a check on that power, so far as the Utilities Commission is concerned, there are all kinds of safeguards, many more safeguards than in most cities where revenue bonds are in use today in connection with the operation of public utilities.

SUPERVISOR McSHEEHY: I am going to read a short digest a statement as to Plan Number 7, by Mr. Edward G. Cahill, in the chambers of the Board of Supervisors on November 5, 1936:

"Plan 7 first pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then pays off and retires bonds in amount of $1,748,000 per year; and then pays into Depreciation Reserve Fund $1,260,000 per year; and then pays into the General Fund an estimated tax loss of $654,000 per year; and, after all that, produces a surplus revenue of over $4,000,000 per year; and, in addition to all this, Plan 7 reduces power rates to consumers in San Francisco by $1,721,000 per year."

Now, members of the Board, just think of those financial figures, and think what it would mean to the Pacific Gas & Electric Company

where they are selling to the consumers here, $15,542,000 every year. That is the amount of revenue they receive from the consumers here in our City, and think how easy it would be to have four members of this Board destroy the will of the majority of the people, and the will of the majority of this Board and create a condition there of chaos that would go on just as we have gone on for the last 11 years. You remember well, Mr. President, and there are several members of this Board, what happened here 11 years ago when Supervisor Havenner first became a member of this Board, and how a condition was created, and how the City has spent $380,000 in revaluation of their properties, and where we are today. So I trust, members of the Board, you will see the wisdom of not attempting to becloud the entire issue by placing this obnoxious amendment in here.

SUPERVISOR UHL: What is the first item there, Supervisor, again?

SUPERVISOR McSHEEHY: I will read it.

"Plan 7 first pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then pays off and retires bonds in amount of $1,748,000 per year."

SUPERVISOR UHL: All right, will you read the one about taxes.

SUPERVISOR McSHEEHY: "Pays into the General Fund an estimated tax loss of $654,000 per year."

SUPERVISOR UHL: I would like to ask, through the Chair, of Mr. Cahill, where you pay into the General Fund the $654,000 in taxes Mr. McSheehy has just read.

MR. CAHILL: I have it set up in Plan 7.

SUPERVISOR UHL: On what page does it show?

MR. CAHILL: Page four.

SUPERVISOR UHL: Will you kindly read it where it shows that it pays into the General Fund $654,000 per year?

MR. CAHILL: It doesn't state what is done with the money, but it says, "after deducting bond retirement and estimated loss in tax revenue, there will still remain the following surpluses."

SUPERVISOR UHL: Where is that again?

MR. CAHILL: On page four of Plan 7, "after deducting bond retirement and estimated loss in tax revenue, there will still remain the following surpluses."

SUPERVISOR UHL: Would you say now this is a correct statement, that it pays into the General Fund an estimated tax loss of $654,000 per year?

MR. CAHILL: Certainly, because under the present law covering our utilities, not only the $654,000, but also the $4,007,000.

SUPERVISOR UHL: You don't say that here you set up any surpluses, and I would like that very point decided by our City Attorney. There is no mandate that you put that in, and because, if you don't put that in there, the tax load will be that much more—

MR. CAHILL: The Charter says very clearly all surpluses.

SUPERVISOR UHL: Yes, but you are voting something here subsequent to the Charter, and you can't tell me the previous law will govern in that case.

MR. CAHILL: It certainly will.

SUPERVISOR UHL: Well, I want the opinion of the City Attorney on that.

SUPERVISOR HAVENNER: That has nothing to do with this amendment.

SUPERVISOR UHL: Yes, it has, Mr. Cahill says the surplus will be turned over to the General Fund.

SUPERVISOR HAVENNER: What has that to do with this amendment?

SUPERVISOR UHL: Plan Number 7, of course, is an independent utility operation, it is not—does anything that the people—the people,

in voting this Charter amendment, if they do, would that supersede anything prior in the Charter?

MR. O'TOOLE: Why, yes, surely.

MR. CAHILL: That is not the question.

MR. O'TOOLE: Perhaps I didn't understand it.

SUPERVISOR UHL: Well, I am leading up to the question.

MR. CAHILL: Well, then, lead up to it.

SUPERVISOR UHL: The question is, must the surplus which is accumulated under Plan Number 7 be transferred to the General Fund, and if so, where does it say so?

MR. O'TOOLE: It only supersedes in so far as there is a conflict, but you have a general section of the Charter which provides that all surpluses, after 25 per cent, are subject to appropriation by the Board of Supervisors from the General Fund.

SUPERVISOR UHL: Then that can be transferred to the General Fund any time?

THE PRESIDENT: Can we legally perform a legislative act after 12 o'clock?

MR. O'TOOLE: I have just sent Mr. Heidelberg to look up that question, Supervisor.

THE PRESIDENT: I imagine they can be.

SUPERVISOR UHL: Frankly, there is very little said here about surpluses from Plan Number 7. I didn't want to take it up and discuss it right now, as they have nothing to do with the surpluses as I see it, but I want to bring up later figures before the Board to show those surpluses may not be available.

SUPERVISOR RONCOVIERI: The criticism has been made here that four members of this Board would have the veto power over any matter of this kind. Well, the people have given the Mayor, one man, power to veto most anything. I think that four members of this Board should have the right to veto anything they think is not right, where it involves $50,000,000, and if you say to the people there are four of us, it will take eight votes to put this through, and they will come before us during the hearings being held, and it may be they will be for it, and it may be they will defeat it. I think it is perfectly right to have that veto power.

SUPERVISOR HAVENNER: May I just make this reply to Supervisor Shannon, our new President, and Supervisor Roncovieri. The people themselves are going to decide in reference to submitting, when this is submitted today, whether this is good or bad, and I would not want, if it is going to be approved by the people, to give the Board of Supervisors the right to say to the people, "You are wrong, and four of us don't think this should pass." I don't want that at all.

SUPERVISOR RONCOVIERI: That statement of yours assumes the people will vote for the amendment.

SUPERVISOR HAVENNER: Well, if they don't vote for it, for the amendment, it makes no difference.

SUPERVISOR RONCOVIERI: Supervisor Havenner, as I said, before I ask the people to vote, I want to show the people there still remains a vote in this Board to offset any error they will make, and I don't think they will vote for this unless you do put it in.

SUPERVISOR COLMAN: You are leaving it to the people to decide whether they want four supervisors to decide. You are not leaving it to the Board of Supervisors.

SUPERVISOR HAVENNER: Well, I don't want this to rise or fall on the question of whether four supervisors, members of this Board, may veto the will of the people on a question of this nature.

SUPERVISOR COLMAN: Their will would be whether they want to allow four members of this Board to veto their will, and they are determining that in this amendment to the amendment.

SUPERVISOR McSHEEHY: Now, let's be fair, and I have used this quotation many, many times, "Beware of Greeks bearing gifts."

I don't like to disagree with Supervisor Roncovieri, we have known each other a great many years, but there are many members of the Board who have told you that they are opposed to this resolution, and, of course, if they can create a condition in the resolution that is detrimental to it, they are going to create it, and I feel that is what is going to happen. You are simply placing us in a position where four members of this Board can defeat it. Suppose, for argument's sake, after voting for it and it comes up and comes before the Public Utilities Commission, and they adopt a proper resolution and it is then presented to us for sanction, and we attempt to check it, and then we find four members of the Board disagreeing, don't you think it will remain as an idle act? Of course, that is what will happen, and I read you this report showing the great loss that will accrue to the people. You know also, there are thousands of stockholders right here in our city, and you know what has happened in the past. We all know what occurred in connection with the water and power act, and you all know the particular conditions pertaining to this power corporation. Now, if you are going to create a condition—and I feel this as an honest-to-God advocate of public ownership, and I will continue to advocate it in season and out of season—I feel you are handicapping the Charter amendment we are about to place before the people of our City if we place those words "two-thirds" in there, and that is why I am unalterably opposed to it, and it is being advocated by members of the Board, who told you out and out they are opposed to the resolution and opposed to public ownership, and that is why I came back and told you again to beware of Greeks bearing gifts.

SUPERVISOR RONCOVIERI: We are still sitting as a committee of the whole, are we not?

THE PRESIDENT: Correct.

SUPERVISOR RONCOVIERI: I don't think I have a right to introduce another resolution, but I would like to have something to introduce along this line.

THE PRESIDENT: Of a two-thirds vote?

SUPERVISOR RONCOVIERI: Yes, that and other things, before you vote for it, and perhaps you can vote on this then.

THE PRESIDENT: Call the roll.

THE CLERK: Supervisor Brown——

THE PRESIDENT: On the amendment to the amendment offered by Supervisor McSheehy, and reading: ". . . and when the method and cost of the acquisition of The System have been approved by resolution by a two-thirds vote of the Board of Supervisors.

Call the roll.

THE CLERK: Brown?
SUPERVISOR BROWN: Aye.
THE CLERK: Colman?
SUPERVISOR COLMAN: Aye.
THE CLERK: Havenner?
SUPERVISOR HAVENNER: No.
THE CLERK: McSheehy?
SUPERVISOR McSHEEHY: No.
THE CLERK: Mead?
SUPERVISOR MEAD: No.
THE CLERK: Meyer?
SUPERVISOR MEYER: No.
THE CLERK: Ratto?
SUPERVISOR RATTO: No.
THE CLERK: Roncovieri?
SUPERVISOR RONCOVIERI: Aye.
THE CLERK: Schmidt?
SUPERVISOR SCHMIDT: Aye.
THE CLERK: Shannon?
SUPERVISOR SHANNON: No.

THE CLERK: Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: Five ayes and six noes.

THE PRESIDENT: The motion is lost. Now, on the amendment offered by Supervisor McSheehy.

SUPERVISOR McSHEEHY: By Supervisor Havenner.

THE PRESIDENT: That is the amendment, adding after the word "thereof," in the third line of the last paragraph on the first page, "and when the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors."

SUPERVISOR RONCOVIERI: That means six votes.

THE PRESIDENT: That means six votes. Question. Mr. Clerk, call the roll.

THE CLERK: Brown?
SUPERVISOR BROWN: Aye.
THE CLERK: Colman?
SUPERVISOR COLMAN: Aye.
THE CLERK: Havenner?
SUPERVISOR HAVENNER: Aye.
THE CLERK: McSheehy?
SUPERVISOR McSHEEHY: Aye.
THE CLERK: Mead?
SUPERVISOR MEAD: Aye.
THE CLERK: Meyer?
SUPERVISOR MEYER: Aye.
THE CLERK: Ratto?
SUPERVISOR RATTO: Aye.
THE CLERK: Roncovieri?
SUPERVISOR RONCOVIERI: No.
THE CLERK: Schmidt?
SUPERVISOR SCHMIDT: Aye.
THE CLERK: Shannon?
SUPERVISOR SHANNON: Aye.
THE CLERK: Uhl?
SUPERVISOR UHL: Aye.
THE CLERK: 10 Ayes and one No.

THE PRESIDENT: Now, I would like to ask again of the City Attorney if he has been able to determine whether we can legally pass legislation after noon on Saturday.

MR. O'TOOLE: Mr. Heidelberg and Mr. Holm are looking that matter up. I think you can, I understand that the State Legislature frequently holds sessions on Saturday afternoon, very frequently. Personally, I don't know of any decision directly on the matter, but, as I say, Mr. Heidelberg and Mr. Holm are looking that matter up now.

SUPERVISOR RONCOVIERI: Before we leave the matter of a two-thirds vote, which has been disposed of, I realize that, but I have been writing here under great difficulty, some thoughts, and I would ask you to be charitable as to the language, but the thoughts are here. Where to get this thing in, I don't know, but it all relates to the matter we are discussing. You can comment.

Before any revenue bond proposal is submitted for the final approval of the Board of Supervisors, such revenue bond proposal shall be first adopted and approved by an affirmative vote of not less than four-fifths of the membership of the Public Utilities Commission, after which such revenue bond proposal shall be submitted for the consideration, approval and recommendation of the following officers and departments of the City and County in the following sequence:

(A) To the Director of Public Works and the City Engineer, who shall study and check all engineering features of the proposal, including estimates of cost and all other matters pertinent to the proposal; after which the director of Public Works and the City Engineer shall in turn submit all their findings, conclusions and recommendations to

(B) The Controller of the City and County for verification of all

financial obligations contained in, and involved in the revenue bond proposal as received by him from the Director of Public Works and the City Engineer; and the Controller shall in turn submit his findings, conclusions and recommendations to

(C) The Chief Administrative Officer, who shall call into consultation all officials who have studied the proposal and made recommendations thereon, and such other persons as he may desire to consult, after which the Chief Administrative Officer shall submit his findings, conclusions and recommendations to

(D) The Board of Supervisors, who may employ such additional experts as the Board may deem necessary in order to completely clarify any and all matters involved in the revenue bond proposal as it was received from the Chief Administrative Officer, after which public hearings shall be held by the Board of Supervisors.

Now, I was talking about the two-thirds vote. I will leave that out.

SUPERVISOR SCHMIDT: What is that?

SUPERVISOR RONCOVIERI: That after the public hearings are held, it shall take an affirmative vote of not less than two-thirds of the membership of the Board of Supervisors, with the approval of the Mayor, before the revenue bond proposal shall be finally adopted and approved.

Now, I would hedge this revenue bond proposal about with every possible safeguard to guarantee to the people that this revenue bond measure will be protected by every public official of the City and County of San Francisco who is competent, the Chief Administrative Officer, the Mayor, the Engineering Department, and the Controller especially as to finances, because, with all due respect to those who present this, I don't know anything about these figures. I believe they may be correct, and I believe in the honesty of those who have presented it, but they have not been verified by any expert. Now, the Controller is our expert, and he should go over them and verify them, and say it is perfectly safe for you to issue the bonds under those circumstances.

In order to bring the matter before the Board, I move that this be adopted. Mr. Chairman, I say, purely for the purpose of consideration, I move the adoption of this amendment, and, as I said before, I don't know where to insert it, I will leave that problem to others.

SUPERVISOR SCHMIDT: My reaction to your statement is you are not only protecting it, I think you are choking it to death.

SUPERVISOR RONCOVIERI: I don't think so. I do not so intend it.

SUPERVISOR SCHMIDT: I think the two-thirds majority of the Board would be the thing to put in, I agree with that absolutely, but then I take it that naturally the Public Utilities Commission would take various other department heads into consultation, and I take that into consideration. In fact, I know they do.

SUPERVISOR RONCOVIERI: Could the Board of Supervisors, before voting approval of anything of this kind, have the right to call on the Controller and all those officials if we think that better, Mr. O'Toole, would you answer that?

MR. O'TOOLE: I think you have a right to call on the Controller and request a check-up of the financial set-up which will be provided by the Utilities Commission, but I don't think there is any way that would allow you to ask for the approval of the Director of Public Works and the City Engineer, or the Chief Administrative Officer, for the reason that their duties are entirely different. I don't think you would be accomplishing anything. I don't want to dictate or suggest a policy to you——

SUPERVISOR RONCOVIERI: I wish you would, that is what I want.

MR. O'TOOLE: You want to put this in, you can write anything into a Charter amendment you want, you can put anything in you like.

SUPERVISOR RONCOVIERI: Before we submit a matter of this kind to the people, I want to see that it is protected. I don't want to choke it by any means. In New York they issue bonds without a vote

of the people, but 30 or 40 people pass upon those things, and there is safety in numbers, and there is safety in the experience of our city employees, such men as our Controller, and such men as are at the head of our different departments, whom I have mentioned here. There is safety in numbers, and if these men say to pass it on to the next one, all right, it finally comes to us, and we can pass on it after all the others have. Now, do you think I am wrong, that some other policy should be adopted? Can I get an expression from somebody on the Board on it?

THE PRESIDENT: I was going to suggest, Supervisor Roncovieri, that as long as you don't know exactly where to insert it, suppose we just lay it on the table for future consideration in the event yourself or the committee finds a place it would fit in.

SUPERVISOR HAVENNER: It has not been seconded, and with all due respect to Supervisor Roncovieri, I say that the motion has not been seconded.

SUPERVISOR COLMAN: What is your motion?

SUPERVISOR RONCOVIERI: I merely want to bring it before the Board. I have been writing this here, and you know how hard it is to think up anything with all this talk around here. My first thought is that it should go to the Director of Public Works and the City Engineer as to the engineering, and we should get their figures, and then it should come to the Board of Supervisors, and they will pass on it, these other officials of the City Government should tell us everything is all right or all wrong, and make a recommendation on it, and it would then go to the Controller who examines into the financial matters, and it would be all right or all wrong, that is, the proposition presented by the Commission, and the Chief Administrative Officer will have a hand in it. Now, after all of those officials have examined the proposal and find it worthy, I doubt if this Board —I think we would vote unanimously for it if all these officials tell us it is correct.

THE PRESIDENT: Haven't we the machinery to do that now?

SUPERVISOR RONCOVIERI: I don't know.

THE PRESIDENT: "When the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors."

When we are determining the method and the cost of acquisition, we will get the several departments to give us the information you have just outlined.

SUPERVISOR RONCOVIERI: Do you think, Mr. O'Toole, the statement made by Mr. Shannon is correct?

MR. O'TOOLE: I think it is correct, I think this Board has the right to call on any department for information.

SUPERVISOR COLMAN: Let me give you this thought: It would be against the spirit of the new Charter to mix this up—well, I will withdraw it.

THE CLERK: (Reading) ". . . said commission shall adopt an additional resolution authorizing the issuance of the amount of revenue bonds or other evidences of indebtedness payable solely out of the revenue of said system necessary to pay the said estimated cost of acquiring or constructing said system, not to exceed the sum of $50,000,000.00; provided that if said resolution, in fixing the amount of said bonds or other evidences of indebtedness to be issued, fixes said amount at less than $50,000,000.00, said commission may adopt a subsequent resolution or resolutions authorizing the issuance of an additional amount of bonds or other evidences of indebtedness not to exceed the difference between the amount theretofore issued and said $50,000,000.00."

THE CHAIRMAN: We will take up Galley Number 2 now, gentlemen.

THE CLERK: (Reading:) "Said resolution shall fix the amount of bonds or other evidences of indebtedness to be issued and state

generally the purpose thereof, but no purchaser of said bonds shall be required to look to the application of the funds derived from the sale of said bonds. Said resolution shall also state the number and denomination and maturities of said bonds or other evidence of indebtedness, and may provide, all and singular, the conditions to be inserted in said bonds or other evidences of indebtedness as well as the interest thereon if said interest is to be fixed, or it may defer the fixing of interest until the time of the sale of said bonds, and full power and authority is hereby given to said commission to cause to be inserted in said bonds or other evidences of indebtedness such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds or other evidences of indebtedness the fact that the same are payable, both as to principal and interest, solely out of the revenue of The System."

THE PRESIDENT: Is there any objection?

SUPERVISOR COLMAN: No, except I want to call your attention here to revenue bonds are payable only from revenues, and theoretically, at least, the theory of the majority members of the Board, they are no direct lien on the property of the people. Now, we are proposing something to do—namely, the construction of a utility of which there is no revenue stated at all. The manager of the utilities states that he can't tell us any revenue, or give us any idea of the revenue that might come from competition with the P. G. & E. Doesn't it seem—how can you sell a revenue bond under a condition like that, when you have nothing to tell the buyer where the revenue is going to come from, providing one of the permissives is taken up? I am just advancing that. It seems to me you have not got a revenue bond, you haven't got a saleable proposition here. I was saying, Mr. Havenner, that revenue bonds, the interest and redemption are predicated entirely on the revenue from the utility, and that it is theoretically the opinion of the majority of the Board that it does not constitute a lien on the general properties of the public. Now, one of the things that this amendment allows is the construction of a utility, and the manager of the utility states very frankly he doesn't know anything about the revenues that might come, he can't give you any idea about it. Well, how can a bond be sold when the revenue is not provided, where there is no scheme of revenue, and no amount to tell the men who are to buy the bonds?

SUPERVISOR HAVENNER: That question would be decided, Mr. Colman, at the time the specific proposal for the issuance of the revenue bonds was proposed to the Board of Supervisors. Now, I take it the intention of this provision in here does not invalidate—am I right, Mr. O'Toole—the inclusion of the right to build would not invalidate the right to do the other things, even if it were found, as Mr. Colman suggests, that in some particular instance the revenue might not be stated?

MR. O'TOOLE: I didn't hear it.

SUPERVISOR HAVENNER: He is assuming that the inclusion of the right to build might invalidate the saleability of any revenue bonds——

SUPERVISOR COLMAN (interrupting): Reduce the saleability.

SUPERVISOR HAVENNER: I think that would be determined in the specific proposition to come before the Board. If the revenue was not there you could not sell the bonds.

SUPERVISOR MEYER: The bankers buying the bonds would tell you how good they are.

SUPERVISOR COLMAN: That is not my point at all. We are making a decision ahead of time. I understand the bankers will tell us that. I am trying to forestall such a possibility here when it is perfectly obvious that if you only have a proposition which you will have authorization to build or construct, then you will have no revenue. Now, that is the point.

SUPERVISOR MEYER: May I answer that?

SUPERVISOR COLMAN: Yes.

SUPERVISOR MEYER: You never can until you build.

SUPERVISOR COLMAN: What is it?

SUPERVISOR MEYER: The revenues will never appear until you do build it.

SUPERVISOR RONCOVIERI: You could estimate them.

SUPERVISOR COLMAN: Not at all. You don't answer the question at all. Plan 7 means the acquisition by negotiation of a utility which will bring in revenues and from the figures presented will pay the bond interest and redemption, and show a handsome balance or surplus to the City.

SUPERVISOR McSHEEHY: It shows that, doesn't it?

SUPERVISOR COLMAN: Yes, the figure shows it. I am not disputing the figures of the plan, Mr. McSheehy, but if we do not get it by acquisition, and we get it by construction, where is the revenue? That is the point I am bringing up. As long as that possibility exists, it appears to me nobody would buy those bonds. Now, you say, "Let us wait and find out," but I say it is something to consider before that, before we act.

SUPERVISOR HAVENNER: Under the amendment just adopted by this Board, any proposition to build would come back to this Board for approval, and the Board would then determine whether it wanted to approve it.

THE CHAIRMAN: Mr. Colman, I think your question is answered in the tenth line of the paragraph that was just read: ". . . full power and authority is hereby given to said commission to cause to be inserted in said bonds or other evidences of indebtedness such terms and conditions as it shall deem proper." So, if they build a power plant, they would insert in the bonds that were issued the terms and would naturally make them apply to the revenues that would be received based on the revenues they anticipated in the years to come. If they acquired the P. G. & E., they would be shorter term bonds, or rather the payment of bond interest would be shorter than if the plant was built.

SUPERVISOR COLMAN: We know if it was done by acquisition—let us admit for argument's sake there is no question about the bond interest and redemption, assuming the plan is correct——

THE PRESIDENT: They could make it one year, or two years, or three years.

SUPERVISOR COLMAN: No, but Mr. Shannon, you don't know anything about your revenue, whether you will ever be able to take in enough—you may raise rates then to make up a deficit, because you are in competition with another company.

THE PRESIDENT: Your argument is on a lack of revenue?

SUPERVISOR COLMAN: Yes, which would apply to the whole point because that power will be given to build a utility—even though the safeguards are there, the power is granted to build a utility on a revenue bond, and I claim you are hurting the original sale of revenue bonds when that authorization is given to the commission and the Board with the safeguards only—in the case of the build there is no story of the revenue that we are considering.

THE PRESIDENT: What do you want inserted?

SUPERVISOR COLMAN: I am just pointing it out. Of course, the point occurred to me, and I am bringing it up. It is really an argument that would have been better said when we were arguing about the elimination of the acquisition. That is when that point should have been brought out, but I did not think of it at the time, but it is there just the same, and it is a very important point. That is all.

SUPERVISOR MEYER: I move we continue.

THE CHAIRMAN: The next section.

THE CLERK (reading): "Said resolution may also provide, and the Public Utilities Commission is hereby authorized and empowered in and by the terms of said resolution to agree with the holders of any of the revenue bonds issued thereunder, so long as the same shall be outstanding, as follows:

"(a) That the proceeds of the sale of said revenue bonds shall be deposited in a fund separate and apart from all other funds of the City and County and shall, with any interest accrued thereon, be applied solely and exclusively to the objects and purposes for which such revenue bonds are authorized to be issued, and that any proceeds of the sale of such bonds remaining unused upon the acquisition of such system shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, as the case may be, and that none of such moneys shall be transferred to any other fund of the City and County of San Francisco;"

SUPERVISOR RONCOVIERI: Does that mean they may be callable bonds?

MR. O'TOOLE: It is provided in there—it is not in that particular section, but there is a particular section providing for regulating and revising.

SUPERVISOR RONCOVIERI: Yes.

THE CLERK (reading): "Subsection (b) That the Public Utilities Commission will maintain and operate the system constructed from the proceeds of said revenue bonds, in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and will continuously operate the same;"

THE PRESIDENT: Any objection?

THE CLERK: "Subsection (c). That the commission will (subject to all applicable laws of the State of California and the rules and orders of all regulatory bodies of the State of California which may hereafter have jurisdiction over the Commission or the project acquired from the proceeds of said revenue bonds) establish reasonable rates for the sale of electric energy distributed through such system and that such rates in the aggregate shall be adequate to enable the Commission to pay the principal and interest of said revenue bonds and all costs of maintenance, operation and repairs of the system acquired from the proceeds of the sale of such revenue bonds;"

THE PRESIDENT: Any objection?

SUPERVISOR HAVENNER: You intended to use parentheses there instead of a comma at the opening of the paragraph, Mr. O'Toole? I don't know that it makes any difference.

MR. O'TOOLE: I don't know either.

SUPERVISOR HAVENNER: Is the parentheses all right?

MR. O'TOOLE: It is all right.

SUPERVISOR HAVENNER: O. K.

THE CLERK: "Paragraph (d). That accurate books and records of account will be kept and maintained, showing all payments received by the commission from the operation of the system acquired from the proceeds of the sale of such revenue bonds, which records shall be open at all times for inspection, while any of the revenue bonds are outstanding and unpaid, to the holders of any one or more of such revenue bonds or their duly authorized representatives;"

SUPERVISOR UHL: I understand that is the law, it would give any citizen the right as a taxpayer, would it not, or does this exclude him?

MR. O'TOOLE: No, nobody, I think, would have the right, but they want that written into the bonds, though. The bonds sell themselves. That was Mr. Harrington's suggestion.

THE CLERK (reading): "Subsection (e). That if any part of the system shall be taken from the commission or from the City and

County of San Francisco by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said City and County or by said commission shall be applied solely and exclusively to the payment of the principal and interest of said revenue bonds until the same shall have been paid in full;"

THE PRESIDENT: Any objection?

THE CLERK (reading): "Subsection (f). "That neither the commission nor the City and County shall mortgage or otherwise encumber, sell, or lease or dispose of the system acquired from the proceeds of the sale of said revenue bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or otherwise impair the right of the holders of any of said revenue bonds to secure payment in full of the principal or interest of said revenue bonds as the same shall mature;"

MR. O'TOOLE: Just a second, did we cut some of that out?

MR. CAHILL: This is the revised form.

THE PRESIDENT: Mr. O'Toole, just for information, in (e) what eminent domain proceedings could be considered against the City and County of San Francisco?

MR. O'TOOLE: In other words, only if the property was being put to a superior use or something—I really don't see any importance. It is very far fetched. For instance, if the State would take it for superior use—for instance, in connection with a valley project, or anything of that kind, and the State should determine that is superior use——

THE PRESIDENT: All right.

THE CLERK (reading): "Subsection (g). "That the commission shall maintain insurance on the system acquired from the proceeds of the sale of said revenue bonds, of the kind and character and in the amount which is usual and customarily carried by private companies engaged in the operation of a system of works similar to that to be acquired from the proceeds of the sale of said revenue bonds;"

SUPERVISOR UHL: Just for information, may I ask through the Chair, Mr. Cahill, do you carry compensation insurance on any of the utilities?

MR. CAHILL: No, the City carries its own compensation.

THE CLERK: "Subsection (h)——"

SUPERVISOR RONCOVIERI: Does this mean you will go outside of the City, does the City carry its own?

MR. CAHILL: The City carries its own and would under this, probably. It is cheaper to carry its own.

SUPERVISOR BROWN: The City does not carry its own on the construction jobs, though.

MR. CAHILL: No, but on the operation.

SUPERVISOR HAVENNER: They have the authority to carry private insurance?

THE CLERK: No, the reason for that was it was cheaper for the City to hire insurance from the State than to carry its own, but in all the other things the City is paying 2 per cent as against a much higher percentage.

THE PRESIDENT: Proceed.

THE CLERK: "Subsection (h). That none of the facilities of the system shall be furnished free. In the event that the City and County of San Francisco, or any department, agency or instrumentality thereof shall avail itself of the facilities afforded by the system constructed from the proceeds of the sale of said revenue bonds, a reasonable charge shall be made against said City and County, agency or instrumentality and shall be paid as the services shall accrue;"

THE PRESIDENT: Any objection?

THE CLERK: "Subsection (i). That any terms, covenants or conditions herein contained or made a part of any bond issued under

authority of this section shall be subject to alteration, amendment or modification by agreement between the commission and the holders of at least eighty (80%) per cent of the principal of the amount of the said bonds then outstanding;"

THE PRESIDENT: Any objection? Passed.

THE CLERK: "Subsection (j). Said commission may also agree"——

SUPERVISOR HAVENNER: Just a moment, in (i) do you want to use the word "revenue bonds," instead of just "bonds"?

MR. O'TOOLE: "Bonds" is enough.

SUPERVISOR RONCOVIERI: Would you read (i) again, please?

THE CLERK: (Subsection (i) was re-read by the Clerk.)

THE CHAIRMAN: What does that mean, "80 per cent of the principal of the amount of the said bonds then outstanding"? What does that mean?

MR. O'TOOLE: For instance, if there was a $1,000,000 worth of bonds outstanding, and we wanted to come to any such agreement, we would not take into consideration the interest or anything—you could put in 80 per cent of the bonds outstanding—it wouldn't make any difference.

THE PRESIDENT: All right, the next section.

THE CLERK: "Subsection (j). Said commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of the commission, shall be necessary, advisable or convenient in effecting the sale of said revenue bonds; provided, that such conditions do not permit said bonds to be sold at less than the par value thereof or increase the interest above six (6%) per cent and provided further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said commission or the City and County of San Francisco to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of the system to be acquired from the proceeds of the sale of said revenue bonds, and under no circumstances shall the City and County be obligated to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions, and all obligations assumed by said commission which shall require the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system."

THE PRESIDENT: Is there any objection?

SUPERVISOR SCHMIDT: One second, could I revert back to Section (h)?

THE CLERK: Subdivision (a) up at the top of the page?

SUPERVISOR SCHMIDT: Yes, it says, "or any department, agency or instrumentality thereof shall avail itself of the facilities afforded by The System constructed from the proceeds of the sale of said revenue bonds"—don't you think there should be inserted there, instead of "constructed," that should be "acquired."

MR. O'TOOLE: What section is that?

SUPERVISOR SCHMIDT: Section (h).

MR. O'TOOLE: "Acquired" instead of "constructed"?

SUPERVISOR McSHEEHY: I move that as a motion so the record will show.

THE CLERK: It does not require a motion, Mr. McSheehy.

SUPERVISOR McSHEEHY: All right.

SUPERVISOR HAVENNER: Should it be "acquired or constructed"?

MR. O'TOOLE: "Acquired" is enough.

THE CLERK (reading): "When said last mentioned resolution is adopted, said Public Utilities Commission shall have full power and authority to issue the revenue bonds or other evidences of indebtedness payable solely out of revenue to the amount specified in said resolution, but not to exceed the sum of $50,000,000.

THE PRESIDENT: Is there any objection?

THE CLERK: The next paragraph (reading): "The Public Utilities Commission shall regulate the time of the issuance of any bonds or other evidences of indebtedness authorized by this section, and may cause the same to be issued as one issue or in successive issues under the same authorization. Said bonds or other evidences of indebtedness shall be sold by said commission at public sale to the highest and best bidder therefor, after notice of said sale has been given by the publication of notice of said sale for a period of two days in the official newspaper. Said sale shall be held not less than five days after the last publication of said notice. The commission shall require a bond or other security in such amount as it may deem proper from all bidders to insure the fulfilling of any bid made for said bonds or obligations. When any of said bonds or other evidences of indebtedness are sold, the proceeds of said sale shall be deposited in the treasury of the City and County and shall be used only for the purposes for which the same were approved. If a bid acceptable to the commission should not be received for said bonds offered for sale the commission may direct that said bonds, or any part thereof, be sold by the treasurer of the City and County of San Francisco at private sale, at a price not less than par and accrued interest at the date of delivery of said bonds to purchaser."

MR. O'TOOLE: I think that it would be better—this is the only place I see the word "obligations" used in this—I think if we cut out the word "obligations" and put in there "evidences of indebtedness," such as we always have, as we have used all the way through.

SUPERVISOR BROWN: I would like to ask a couple questions in connection with that paragraph.

THE CHAIRMAN: Supervisor Brown.

SUPERVISOR BROWN: The first is, "said bonds or other evidences of indebtedness shall be sold by said commission at public sale to the highest and best bidder therefor"—is that language customary, "highest and best bidder"? Isn't it conceivable that the highest bidder might not be the best bidder? I mean a man might offer for the bonds par plus a premium, which would not be so attractive as par with a lower rate of interest. Take, for example, a $1,000,000 worth of bonds and the highest bid might be a $1,000,400 with interest at 4¼ per cent, whereas someone else might bid a $1,000,000 with interest at 4 per cent.

MR. O'TOOLE: Mr. Dunnigan, in advertising bonds, in your general obligation bonds, don't you use that language?

THE CLERK: Yes, and that best bidder is the old time term. That goes to the reliability of the person making the bid, but the computation as to the interest rate is simply a matter of computation by the experts. Just, for example, for the sake of illustration, we had once in San Francisco a man come in and bid for bonds, but he wasn't able to buy one bond. That is what that is for.

SUPERVISOR BROWN: All right. The last phrase in that paragraph provides for the City to sell the bonds over the counter. I would like to ask the City Attorney if he believes that under the language that exists there the limitation of interest set forth in paragraph (j) also applies.

MR. O'TOOLE: It applies to every bond. You cannot issue them. You cannot write those bonds to exceed 6 per cent interest. That provision is in the old Charter, too.

THE PRESIDENT: The next paragraph.

THE CLERK (reading): "Bonds or other evidences of indebtedness authorized or issued under the authority of this section shall not be subject to the Charter limitations as to the bonded indebtedness of the City and County, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter."

THE PRESIDENT: Did you read the section just above the section you have now read, "bonds or other evidences of indebtedness"?

THE CLERK: I have just read that.

SUPERVISOR COLMAN: What is Section 104?

THE CLERK: That is the bonded debt limit.

SUPERVISOR COLMAN: What is the bond limit, 12 per cent?

THE CLERK: 12 per cent on certain bonds.

SUPERVISOR BROWN: I will move the elimination of that paragraph.

THE PRESIDENT: Is there a second?

SUPERVISOR COLMAN: I will second it to bring it before us, but I don't know what the object is.

SUPERVISOR BROWN: My purpose in moving the elimination of this paragraph is—I do not expect it to carry, but I simply want to go on record as being opposed to the issuance of any bonds by the City without coming under the bonded debt limit.

THE PRESIDENT: Call the roll.

THE CLERK: Supervisor Brown?

SUPERVISOR HAVENNER: I ask for a call of the Board.

THE PRESIDENT: Call the Board.

A motion has been made for the elimination of the third paragraph from the end of galley two, "Bonds or other evidences of indebtedness" and so forth. Call the roll.

THE CLERK: Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Havenner?

SUPERVISOR HAVENNER: No.

THE CLERK: McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Mead?

SUPERVISOR MEAD: No.

THE CLERK: Meyer?

SUPERVISOR MEYER: No.

THE CLERK: Ratto?

SUPERVISOR RATTO: No.

THE CLERK: Roncovieri?

SUPERVISOR RONCOVIERI: No.

THE CLERK: Schmidt?

SUPERVISOR SCHMIDT: No.

THE CLERK: Shannon?

SUPERVISOR SHANNON: No.

THE CLERK: Uhl?

SUPERVISOR UHL: No.

THE CLERK: Two ayes, nine noes.

THE PRESIDENT: Motion lost. Next section.

THE CLERK (reading): "Nothing in this section contained shall in any way abridge, control or revoke the power of the electors of the City and County to vote for and cause to be issued general obligation bonds or other evidences of indebtedness of the City and County for the acquisition, construction, completion or extension of the system, but the manner provided in this section for the acquisition, construction, completion or extension of the same shall be deemed to be a supplemental and additional manner for providing funds for said purpose."

THE PRESIDENT: Any objection?

THE CLERK (reading): "Bonds or other evidences of indebtedness issued pursuant to this section may be called and paid before maturity upon such terms and conditions as may be determined by the public utilities commission, provided that said conditions are inserted in said bonds at the time of the issuance thereof."

SUPERVISOR RONCOVIERI: Mr. Chairman, I would like to ask

the City Attorney—I may have overlooked it—is there any provision in this document that prohibits the people of the City and County of San Francisco from paying—redeeming the bonds out of the tax rate?

MR. O'TOOLE: Yes, sir.

SUPERVISOR RONCOVIERI: Is it called—that these are really revenue bonds payable out of the revenues only, say, that the purchaser of the bonds will have printed on his bond, "The City and County of San Francisco will not redeem this bond"?

THE CLERK: That was read a moment ago, that they shall never go to the tax rate for these bonds. There is a negative in there.

SUPERVISOR COLMAN: In which paragraph is that?

THE CLERK: The last sentence of the paragraph at the top of page two.

SUPERVISOR RONCOVIERI: ". . . provided that there shall always be inserted in said bonds or other evidences of indebtedness the fact that the same are payable, both as to principal and interest, solely out of the revenue of The System." "And shall never be paid out of any other fund." I would like that to be made very clear, "shall never be paid"—I don't want Mr. Bondholder to come back to this City and County and plead the baby act, and say, "I bought these and because your revenue hasn't paid, you cannot pay us now. Put that on the people of San Francisco. San Francisco is getting the benefit of my money"—no baby act about it at all. When you buy the bonds, you buy them with your eyes open, and put the language good and strong.

MR. O'TOOLE: I think you have got it good and strong.

SUPERVISOR UHL: Let me raise this point: Suppose we go into competition with the private company and the money is not there, can they then under the Charter come to the Board of Supervisors and say, "We have got to make a rate much lower to get the business, and there will be a deficit, and you have got to put it in the tax rate to make up the difference"?

MR. O'TOOLE: No, sir, each bond shall state plainly on its face that it is payable solely out of the special fund created for that purpose, out of the revenues of The System, and that it does not constitute a general indebtedness against the City and County of San Francisco.

SUPERVISOR RONCOVIERI: Let me ask a question. You have brought up something that gave me the thought. Who fixes the rate? Does the Railroad Commission fix the rate?

MR. O'TOOLE: The Public Utilities Commission.

SUPERVISOR RONCOVIERI: I mean the rates at which this power would be sold.

MR. O'TOOLE: No, the Public Utilities Commission fixes it subject to the approval of the Board.

SUPERVISOR RONCOVIERI: But the Railroad Commission has no authority over these rates?

MR. O'TOOLE: None whatever.

SUPERVISOR SCHMIDT: Mr. City Attorney, I am inclined to agree there with Mr. Roncovieri's point. You have this situation, that you should not——

MR. O'TOOLE: We have it stronger some place here.

SUPERVISOR SCHMIDT: If we constructed a system, and then they could not come to the taxpayer and say, "Here, we need money in addition to what we are getting out of the revenues of The System"——

SUPERVISOR BROWN: I move we proceed.

THE PRESIDENT: Proceed.

THE CLERK: Galley three.

SUPERVISOR RONCOVIERI: Wait a minute, now, since this has been asked I would like an answer.

SUPERVISOR SCHMIDT: The only point is, should any stronger

language be added to what we have got, if it is understood—I know what it is.

SUPERVISOR RONCOVIERI: So do I. We know what it means, but we don't know what the bondholder will think.

SUPERVISOR BROWN: I move we proceed.

THE PRESIDENT: Proceed.

THE CLERK (reading): "The Commission is hereby authorized, from time to time, to provide for the refunding, extension or renewal of any bonds or other evidences of indebtedness issued pursuant to this section and remaining outstanding and unpaid, at or prior to maturity thereof, by the issuance, sale or exchange of new bonds or other evidences of indebtedness in the same aggregate principal amount as the bonds or other evidences of indebtedness outstanding or unpaid, said new bonds or other evidences of indebtedness to be of such denomination and maturing at such times, and bearing such rates of interest, and otherwise modified as said Commission shall deem proper, provided that such new bonds or evidences of indebtedness shall be payable, both as to principal and interest, solely out of the revenue of The System and the latest maturity of said new issue shall not be more than forty years from the date of said new issue and the issuance thereon shall not exceed six per cent (6%) per annum."

Shouldn't that be "interest thereon" instead of "issuance thereon"?

MR. O'TOOLE: Oh, yes.

SUPERVISOR UHL: Mr. Chairman, I would like to rise at this time, if I am in order, I would like to ask through the Chair of Mr. Cahill why in Plan 7 he set up 25-year amortization, and now the Charter amendment sets up 40 years? Aren't we at a great disadvantage to make it 40 years?

MR. CAHILL: You asked that yesterday, Mr. Uhl, and I answered it by saying it is simply permissive, and makes it a possibility to set it up on a 40-year basis. The plan as set up on a 25-year basis will probably be carried out that way.

THE CHAIRMAN: Proceed.

THE CLERK (reading): "The Public Utilities Commission shall fix and establish just and reasonable rates for any service furnished by The System, which said rates shall not be less than will provide an amount sufficient to pay, as the same become due, the following:

"(a) All amounts necessary to pay the interest and principal on all bonds or evidences of indebtedness issued and sold, as provided in this section, and remaining unpaid.

"(b) All the operating expenses of The System.

"(c) All amounts necessary to provide for the repairs and maintenance of The System."

MR. O'TOOLE: Right there, if you will notice, we have the same letters again covering practically the same thing, and (d) "A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds." That same (d) should be put up there and (d) here should become (e).

SUPERVISOR RATTO: Just reverse the two (d's)?

MR. O'TOOLE: No, leave them in both places, and it will read now:

"(c) All amounts necessary to provide for the repairs and maintenance of The System.

"(d) A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds." Then this (d) becomes (e). That is just to make them coincide.

SUPERVISOR BROWN: I move we proceed.

THE CLERK (reading): "(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur."

SUPERVISOR BROWN: I would like to ask the City Attorney in connection with the foregoing if the Public Utilities Commission has, in fact, the right to fix and establish the rates in this matter, or if the establishing of those rates is not vested in the Railroad Commission?

THE CLERK: No, if you want me to answer it, the State Railroad Commission does not fix public utility rates. They do not fix your water rates.

SUPERVISOR HAVENNER: I think he answered the question, he said the Railroad Commission had nothing to do with the rates.

SUPERVISOR BROWN: Can Mr. Cahill tell us about it?

MR. CAHILL: Not over our rates, not over the municipal rates.

SUPERVISOR HAVENNER: The City Attorney answered the question just a few minutes ago.

SUPERVISOR RONCOVIERI: I move we proceed.

THE CLERK (reading): "Before any bonds or other evidences of indebtedness authorized under authority of this section are issued and sold, the Board of Supervisors shall, by ordinance, agree that while any bonds or other evidences of indebtedness issued under authority of this section are unpaid said Board will, at all times, approve rates to be charged by said Public Utilities Commission for service from The System which shall be sufficient to pay, as the same become due, all and singular, the obligations mentioned in Schedules (a), (b), (c) and (d) above set forth."

SUPERVISOR UHL: May I ask why, if the Public Utilities Commission fixes that rate, why do they require any approval of the Board of Supervisors?

MR. CAHILL: The Board of Supervisors has the power to reject any rates set up by the Public Utilities Commission by a two-thirds vote. If you abrogate that power, you cannot sell the revenue bonds.

SUPERVISOR UHL: Am I not correct in the belief that we cannot advance a rate without your approval?

MR. CAHILL: Not in connection with a publicly owned public utility.

SUPERVISOR UHL: Mr. O'Toole, if the Public Utilities Commission wants to raise the rate, can they do that without the Board of Supervisors?

MR. O'TOOLE: No, sir. All the rates must be approved by the Board, that is, by two-thirds—that is, they may be overridden by two-thirds vote, disapproved.

SUPERVISOR COLMAN: Is there anything in here—as I remember, the previous revenue bond provided first for operating expenses, and then various things, and finally for bond interest and redemption, and now you provide in (a) the amount necessary to pay the interest and principal on all bonds or evidences of indebtedness—the question was asked you then whether any bondholder would have any redress to the City, and you answered no. How about the other items there, are they protected against any taxes, any declaration of any taxes?

MR. O'TOOLE: That is a matter that will always be up to the Board. Under a recent case in the Supreme Court, it may be possible—under the Toll Bridge Authority, it might be possible that the revenues could be made up out of taxes, but I don't think it ever came up again. In the Supreme Court of Washington, in a railroad case there, they said you cannot do indirectly what you were prohibited from doing directly, and they refused to permit the appropriation for the purpose of mending the ways. They said it was to be paid out of revenue, and you could not take it out of taxes.

SUPERVISOR COLMAN: You say in all circumstances——

MR. O'TOOLE: Have to come out of your revenues.

SUPERVISOR COLMAN: As well as local expenses—and then if condemnation proceedings become necessary——

MR. O'TOOLE: It is provided in there that these are all payable out of the bonds themselves.

SUPERVISOR COLMAN: There is a provision here against including that in the tax rate?

MR. O'TOOLE: No, not directly. If, for instance, the Board of Supervisors were to direct the City Attorney to commence condemnation proceedings, they could make appropriation for it.

SUPERVISOR BROWN: I would like to ask the City Attorney——

MR. O'TOOLE: (Interrupting) It is provided to be paid out of bonds, it is to be added to the price and paid out of the bonds.

SUPERVISOR BROWN: I would like to ask the City Attorney about the paragraph we were just discussing—in effect, as I have read the paragraph, it provides this, that the Board of Supervisors shall pass an ordinance—why the ordinance? I don't know, but it says an ordinance by which the Board of Supervisors shall agree that while any bonds or other evidences of indebtedness issued under authority of this section are unpaid, said Board will, at all times, approve rates to be charged by said Public Utilities Commission for service from The System, and so on. That means then that the Board of Supervisors sitting in solemn conclave agree to bind not only themselves but their successors?

MR. O'TOOLE: Yes.

SUPERVISOR BROWN: It seems to me that is an idle act if the successors can at any time, if they want to, refuse to be bound.

MR. O'TOOLE: The Supreme Court has expressed views on that, a very recent case, a case that came up when they were selling the Los Angeles bonds to the Reconstruction Finance Corporation, Los Angeles against Romaine, I think is the title. The case is 218 California; they had to amend their Charter and write that provision in, and the Supreme Court held in a case of that kind where there was a real consideration for it, where they were getting money for their bonds, that it was perfectly proper for the then existing city council of Los Angeles to bind their successors that they would always do a certain thing in order to keep faith with the owners of the bonds.

SUPERVISOR BROWN: Let us take the Supreme Court case, let us suppose that prices in this country rise as a result of, say, a certain amount of inflationary activity, and by the rising of those prices you increase the cost of operating The System which is included in these items, increase them very materially, and that will invariably mean a very material increase in the rate schedule; do you mean that this Board of Supervisors can in all solemnity commit its successors?

MR. O'TOOLE: The State law says so.

SUPERVISOR RATTO: Didn't they do the same thing with Hetch Hetchy?

MR. O'TOOLE: No.

SUPERVISOR HAVENNER: It is not a question of the Board committing its successors, the people are committing the successors.

SUPERVISOR BROWN: No, this requires an action by the Board of Supervisors for the passage of this matter and before the issuance of the bonds.

SUPERVISOR HAVENNER: The people mandate the Board to do that by the adoption of the Charter amendment. The mandate is from the people and not from the Board.

MR. O'TOOLE: They had the same trouble in Los Angeles, Supervisor Brown, and the attorneys for the Reconstruction Finance Corporation raised the point. In other words, their rates are also subject to the approval by the City Council, and the Reconstruction Finance Corporation raised the point, "Well, all right, Mr. Board of Water and Power Commissioners"—whatever they call them down there—"that may be quite true, you agree you will always fix rates which will produce enough money to pay the interest and principal sum of these bonds as they become due, but what about your City Council? They

have not entered into any agreement that they will approve the rates, and the result might be that you would go ahead and keep your part of the bargain, but the City Council would not approve the rates, and you would not be able to collect them, and we would be out."

SUPERVISOR BROWN: And it is your advice to us that that is a perfectly legal proposition?

MR. O'TOOLE: The Supreme Court has said it is perfectly proper to do it. You don't have to do it. You don't have to pass the amendment at all, but you are going to put that in to make your bond saleable because the Court has held that.

SUPERVISOR BROWN: Suppose the Board refuses to pass any rates?

MR. O'TOOLE: I suppose they have the right to do it. If you agree on a bond issue, you practically promise in there that you bind your successors on a general obligation bond, that your Board, as long as the bonds are outstanding will levy sufficient amount of taxes to pay the interest and principal on the bond. That is binding on a succeeding board.

SUPERVISOR BROWN: But in the event they do not do so, the rate schedule is illegal and requires a court action to bring it about.

SUPERVISOR UHL: Did I understand you can levy a sufficient amount in taxes?

THE CLERK: No, he said on general obligation bonds.

THE PRESIDENT: Proceed.

MR. O'TOOLE: Wait a minute.

SUPERVISOR BROWN: I just want to point out one more item along the lines I have been talking about, which is this: that under that set-up there is no limit to the amount of expense which could be incurred by the Public Utilities Commission except their own judgment.

MR. O'TOOLE: Your annual appropriation ordinance.

SUPERVISOR BROWN: No, we are required to pass the rates which will produce the revenues necessary.

MR. O'TOOLE: And, Supervisor, maybe I don't get you straight on that—you say there is no limit to the expense that they could incur?

SUPERVISOR BROWN: Not and have it paid for by this set-up.

MR. O'TOOLE: Well, for instance, you say they pay a $1,000,000—expend a $1,000,000, which forces you to put the rates very high—how are they going to spend that $1,000,000 without the approval of the Board?

SUPERVISOR BROWN: Well, let us say they decide to spend a lot of money in improvements and betterments to their system which they claim is absolutely necessary.

MR. O'TOOLE: But you are budgeted, aren't you, Mr. Cahill?

MR. CAHILL: Absolutely.

SUPERVISOR BROWN: It requires six votes of the Board. I don't think there is any limitation on capital expenditure. I would like to think about that before I come to a conclusion.

SUPERVISOR HAVENNER: You cannot make a capital expenditure without the approval of this Board.

SUPERVISOR BROWN: But suppose they have six votes on the Board.

SUPERVISOR HAVENNER: Then they will get it.

SUPERVISOR BROWN: Then the rates would be boosted accordingly instead of having the matter go through the proper procedure and have the capital approved by a bond issue.

SUPERVISOR HAVENNER: The Board can block it. But the provision is in here that they cannot impair the integrity of the bonds—that would give the Board that right.

SUPERVISOR BROWN: Yes, but if six members of the Board make up their minds to do that, that can be done.

THE PRESIDENT: We are waiting for the City Attorney.

SUPERVISOR McSHEEHY: Let us go ahead and come back to that paragraph.

THE CLERK: (Reading:) "The Public Utilities Commission shall cause all moneys accruing from The System to be paid into the Treasury of the City and County of San Francisco daily, and said moneys, together with any interest earned thereon, shall be used only for the following purposes and in the order herein set forth, to-wit:

(a) To pay the principal sum and the interest thereon on all bonds or other evidences of indebtedness issued under this section and remaining unpaid, as said principal and interest become due and payable;

(b) To pay all of the operating expenses of said system;

(c) To pay all amounts to become due for the repair and maintenance of said system;

(d) A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds.

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur;

(f) To pay for extensions and betterments to said system or to establish a reserve to pay for said extensions and betterments;

(g) To establish a surplus fund.

Said commission shall cause to be set up a bond interest and redemption fund into which shall be paid an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds or other evidences of indebtedness, for the current year, and if at any time the revenues of The System are not sufficient to permit the payment of said sum into said fund, any deficiency shall be paid into said fund from the surplus fund. Said commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (e), and (f) above set forth and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes."

SUPERVISOR UHL: Through the Chair, where does the depreciation set-up come in that has been in previously?

MR. O'TOOLE: It is there in subdivision (e): "An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur."

SUPERVISOR UHL: Why don't we use the same language we have heretofore, and simplify it? "An amount sufficient to cover depreciation."

MR. O'TOOLE: In discussing that with the Controller, it might build up a very large fund, and there that will just provide enough to take care of the depreciation as it occurs.

SUPERVISOR UHL: I want to tell you, gentlemen, that is changing from the rule set down by the State Railroad Commission for all public utilities corporations, that is what they are trying to get away from here. Some day there is going to be a day of reckoning on it. Now, there is no reason for freezing any more in that fund than will meet the depreciation, and the Railroad Commission has pretty accurately set down what the depreciation shall be in these properties for years. I forget now—I am a little surprised to see that this is juggled around in such a manner that it does not cover just the depreciation fund. I want to tell you the Railroad Commission, what may be a proper depreciation fund——

SUPERVISOR BROWN: I move we proceed.

THE CLERK: "Said estimates may be changed from time to time. Said commission shall also pay into said interest and redemption fund an amount sufficient to meet all existing delinquencies upon any of said bonds or other evidences of indebtedness.

"Notwithstanding any other provision of this Charter which may

be in conflict with the provisions of this section, the provisions of this section shall prevail in so far as the same pertain to the financing and acquisition of The System by the sale of bonds or other evidences of indebtedness payable solely out of revenue; provided, however, that nothing herein contained shall prevent the financing or acquisition of The System or any additions thereto by general obligation bonds issued as provided by law.

"The board of supervisors may, by ordinance, confer upon said Public Utilities Commission such additional powers not in conflict with this section as may be necessary to carry out the purposes of this section."

MR. O'TOOLE: I have one more amendment, Mr. Chairman, along the lines suggested by Mr. Brown. Mr. Cahill just made a suggestion. Under the Charter, the Board of Supervisors do not approve rates, they have the right to disapprove them, and that is all, and before we could amend that section you are discussing there, Supervisor Brown, by changing the language and placing instead of the adoption of an ordinance—because the Charter mandate—I would suggest the following language.

SUPERVISOR McSHEEHY: What section, please?

MR. O'TOOLE: It goes in on the—it is about the fourth paragraph on the last page. "Before any bonds or other evidences of indebtedness," and so forth, I would suggest the substitution of the following language.

THE CHAIRMAN: Cut out that whole paragraph?

MR. O'TOOLE: "The Board of Supervisors shall never approve rates to be charged by said Public Utilities Commission for services from The System which will not be sufficient to pay, as the same become due, all and singular, the obligations mentioned in Schedules (a), (b), (c), and (d)."

SUPERVISOR McSHEEHY: I move the elimination of the paragraph, "Before any bonds or other evidences of indebtedness," and so forth, and the insertion of the paragraph as suggested by our City Attorney.

SUPERVISOR MEYER: I second the motion.

THE CHAIRMAN: It has been regularly moved and seconded to cut out the paragraph starting with "Before any bonds" and the substitution of the paragraph offered by Mr. O'Toole. Are you ready for the question? No objection? Such will be the order.

SUPERVISOR McSHEEHY: Mr. President, may I at this time ask that we rise and recommend the Charter Amendment Number 1 to be submitted.

SUPERVISOR SCHMIDT: There is just one other matter I will bring up before you recommend that.

SUPERVISOR McSHEEHY: All right.

SUPERVISOR SCHMIDT: There is one other paragraph of that which has occurred to me.

THE PRESIDENT: Just a minute now, are you relinquishing the floor, Mr. McSheehy?

SUPERVISOR McSHEEHY: Yes, I will, with that understanding.

SUPERVISOR SCHMIDT: That we are establishing here a power distribution system——

THE PRESIDENT: What section are you referring to?

SUPERVISOR SCHMIDT: I just want to bring up a thought that I don't think is in here at all. The Public Utilities Commission may—I am just reading now from the third paragraph below the preamble, I guess it is, "The Public Utilities Commission may, for the purpose"——

SUPERVISOR HAVENNER: That has been changed.

SUPERVISOR SCHMIDT: Yes, "for the purpose of meeting the cost of acquiring by purchase, construction, or other lawful method, a system for the generation and distribution to the people of the City and County of San Francisco, or to the people of any territory adjacent to or adjoining said City and County, of the hydro-electric power generated in the Hetch Hetchy project,"—and down in (j) on the second sheet: "And all obligations assumed by said commission which shall

require the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system." Now, does that refer to the hydro-electric system, or at least the distribution system we are going to have under this particular amendment, or does it bring this question up: In the case of a deficit in the payment of these revenue bonds, can they take money from the other public utilities to pay off these revenue bonds? For instance, surplus money, money acquired from the water part of this utility, it seems to me they are interwoven—now, I think that we should be sure that money cannot be taken from a surplus of the water part of the Hetch Hetchy project and used to pay off the revenue bonds of the electric part. I think there should be a distinct provision there that the surplus from any other part of this utility cannot be used to pay off the revenue bonds which relate simply to the power.

SUPERVISOR RATTO: This was a separate utility, wasn't it?

SUPERVISOR SCHMIDT: That is the question.

SUPERVISOR RATTO: I think it is a separate utility altogether.

SUPERVISOR UHL: My suggestion would be to set forth that this power utility shall be operated independently of any other utility of the City and County of San Francisco.

SUPERVISOR SCHMIDT: And that no fund of any other utility can be used in this, this must stand on its own feet, not somebody else's feet.

SUPERVISOR RONCOVIERI: Very good.

SUPERVISOR BROWN: That is the joke, it doesn't make any difference.

SUPERVISOR SCHMIDT: In what way?

SUPERVISOR BROWN: As long as the utilities commission can divide it between the water and power, however they desire, you don't charge it against the income of the power project investment, but continue to charge an amount of interest and principal on the Hetch Hetchy project out of the tax rate. You don't get the true picture of the situation here, that is what we are up against in this.

SUPERVISOR SCHMIDT: That is why I feel we should have some provision that these particular revenue bonds are standing on their own feet, you see my point, if there is a surplus from the Water Department, we don't want to use it to pay off this, we want to give it to the people, especially in reduction of their rates.

SUPERVISOR MEYER: Both the City Attorney and Mr. Cahill tell us this particular project would stand on its own feet.

SUPERVISOR SCHMIDT: I think it should be set up in here some place.

SUPERVISOR MEYER: The City Attorney said it is stronger this way.

SUPERVISOR SCHMIDT: I don't think that particular point has ever been covered, to the extent it should be, it has been stated——

SUPERVISOR MEYER: On page 2, and it is in the center of the page.

SUPERVISOR SCHMIDT: Mr. O'Toole, can't that be put in here definitely?

THE PRESIDENT: Did you hear the question of the Doctor, Mr. O'Toole?

MR. O'TOOLE: Just generally, would you mind telling me generally what your point is?

SUPERVISOR SCHMIDT: My point is that in this entire set-up of revenue bonds, we are going on the supposition, and the people will go on the supposition that they are standing on their own feet, and the interest is being paid, and the amortization of the bonds, by the amortization from the revenues from the distribution of electric power. Now, then, that is a part of the Hetch Hetchy system, and we also have the other side of the picture, the water project. Now, suppose that there should be, the income should not be sufficient to pay the interest and amortization on these bonds from the distribution of power, could the Public Utilities Commission then take part of the

surplus from the water part of the project and use that to pay off bond redemption and interest?

MR. O'TOOLE: No, because it is stated throughout the whole amendment that the bond interest and redemption will be paid solely out of the revenues of the system.

SUPERVISOR SCHMIDT: Out of the revenues of the system?

MR. O'TOOLE: Yes, and we first define the system as the project Mr. Cahill has described in Plan Number 7.

SUPERVISOR SCHMIDT: In other words, it is thoroughly divorced from the Hetch Hetchy system?

MR. O'TOOLE: I think so, yes, Supervisor. The plan does call for the utilization of power from Moccasin Dam, I think, is that correct, Mr. Cahill?

MR. CAHILL: Yes, but it is quite distinct.

SUPERVISOR SCHMIDT: Do you think it would do any harm to embody a sentence or two to be sure that it is clear?

MR. CAHILL: As I understand, you want to be sure that any revenues from the San Francisco Water Department, which is one department, if it has any income, net profit, shall not be used to pay any possible deficits from these revenue bonds. If you want to say that none of the revenues of the Water Department shall be used for this, that might be done.

SUPERVISOR SCHMIDT: I think that should be done.

SUPERVISOR UHL: That the revenues from any other utility shall not be used for this utility.

SUPERVISOR RONCOVIERI: Supposing there is a deficit from the power, I would much rather it be made up out of another utility than to make a deficit and place it on the backs of the taxpayers, in the tax rate.

SUPERVISOR COLMAN: It is the same thing.

SUPERVISOR RONCOVIERI: No, it is not.

SUPERVISOR COLMAN: Yes, it doesn't make a particle of difference, it is exactly the same thing in the end.

SUPERVISOR RONCOVIERI: Not exactly.

SUPERVISOR COLMAN: It is exactly the same. You may fool them but it is exactly the same.

SUPERVISOR SCHMIDT: Would you permit a question, Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Certainly.

SUPERVISOR SCHMIDT: Is it your idea that in case of default on these bonds——

SUPERVISOR RONCOVIERI: Not a default, no.

SUPERVISOR SCHMIDT: Well, say there is not enough money to meet these bonds, that is, the interest and redemption on them, would you say then we should go to the other half—or we will say, do you believe that particular utility or some other utility should pay the difference? I thought we were giving the bondholders to understand they are buying these bonds at their own risk, that these are revenue bonds backed up solely by the income from the distribution of power?

SUPERVISOR McSHEEHY: The last few words of the Doctor cover exactly what I was going to say.

THE PRESIDENT: That's fine.

SUPERVISOR McSHEEHY: The holders of these bonds will know that the revenues from the bonds come out of this utility, absolutely.

THE PRESIDENT: Absolutely, yes, Supervisor.

SUPERVISOR McSHEEHY: The City Attorney has just stated that he would incorporate that amendment, and Mr. Cahill says that he has no objection, and I think if you want to put a selling point in there, and these bonds have got to be sold——

THE PRESIDENT: Is Mr. O'Toole preparing something before we conclude?

SUPERVISOR UHL: I didn't get that.

SUPERVISOR McSHEEHY: Yes, Mr. President, he is.

SUPERVISOR RONCOVIERI: Yes, he is working on it now.

SUPERVISOR McSHEEHY: Along the lines outlined by Mr. Cahill.

MR. O'TOOLE: Doctor, I think this covers your point: "The System shall be considered a separate utility and revenues from any other utility shall not be applied to The System, unless otherwise provided by Charter."

SUPERVISOR McSHEEHY: Where is that?

MR. O'TOOLE: Just put it in the last part.

THE PRESIDENT: Where will that be inserted, at the end of the first paragraph?

MR. O'TOOLE: No, I would put it at the end of the amendment, or maybe just before the last paragraph.

SUPERVISOR UHL: Would you kindly read it again, now?

MR. O'TOOLE: Just before the last paragraph: "The System shall be considered a separate utility and revenue from any other utility shall not be applied to The System, unless otherwise expressly provided by Charter."

THE PRESIDENT. Does the Charter provide for it?

MR. O'TOOLE: Mr. Cahill had some idea the surplus from one utility might, with the consent of the Board of Supervisors, be applied to another utility. Of course, I don't know if that will have to be written into the Charter. It is not, in any way, before us now, we were just giving that consideration to see if it did.

SUPERVISOR McSHEEHY: I move the inclusion of the amendment just read by our City Attorney at the place indicated by the City Attorney.

SUPERVISOR HAVENNER: I second the motion.

THE PRESIDENT: Is there any objection? Hearing none, so ordered.

SUPERVISOR McSHEEHY: At this time, Mr. President, I move that we rise and recommend that the Charter amendment be submitted.

SUPERVISOR BROWN: Call the roll.

SUPERVISOR UHL: Just a minute, I want to talk to the amendment.

THE PRESIDENT: The proper motion is that we rise and report, is that your motion?

SUPERVISOR McSHEEHY: Yes, I do so move.

SUPERVISOR UHL: You said "and approve the amendment."

SUPERVISOR McSHEEHY: I move that we rise and report.

THE PRESIDENT: All right, if there is no objection, such will be the order. (Gavel.)

SUPERVISOR HAVENNER: Before Supervisor Uhl begins, I want to ask the City Attorney a question which may be of very considerable importance.

SUPERVISOR UHL: First, I move that we sit as the Board of Supervisors.

SUPERVISOR BROWN. Second the motion.

THE PRESIDENT: Is there any objection? So ordered.

SUPERVISOR HAVENNER: May I ask whether you are now prepared to advise us whether any action taken by us this afternoon on this Charter amendment would be perfectly safe legally?

MR. O'TOOLE: I don't know, Supervisor.

SUPERVISOR McSHEEHY: What is that?

SUPERVISOR HAVENNER: Whether he is prepared to advise us whether any action taken by the Board of Supervisors this afternoon would or would not be safe and legal?

MR. O'TOOLE: Just one second. The best I can say on that, Supervisor, there is some doubt. Mr. Heidelberg and Mr. Holm, as I told you a short time ago, looked very carefully into the matter, and there is only one case in the State of California, coming from Eureka, and decided by the Appellate Court of the Sacramento District in 1932, wherein the court goes on to say:

"The next contention of appellants is that the City Council had no authority to adopt the ordinance on a legal holiday. Section 25 of the

said Charter provides that if at any time a regular meeting falls on a holiday, such regular meeting shall be held on the following day, and provides that special meetings shall be called by the Mayor," and so forth, but does not provide that such special meetings shall not be held on a holiday.

And then a little further on it states:

"There is no provision in the Charter of the City of Eureka that the public offices of said city shall be closed on holidays. Nor can it be successfully contended that the act of the City Council in passing the ordinance removing appellants from their offices was a judicial act. Having made up their minds that the removal of appellants from office was necessary for the improvement of the public service, they held a special meeting and passed the ordinances resulting in said removal. The passing of this ordinance under these conditions was purely executive; nor was it in any manner a judicial act.

In this state a municipality possesses powers, both legislative and executive. Such executive powers are frequently committed to the City Council, and they are sometimes exercised by declarations in the form of an ordinance or resolution."

Then they cite a case wherein an act provided that certain days should be considered holidays, and they go on to state:

"Appellants have cited no authority sustaining their position that the act of the City Council in merely passing the ordinance on Saturday afternoon was illegal."

And they sustain this act of removing this officer, and they go off on the question that this is an executive act. Now, just where or what the ruling would be on a legislative act, there is no law in California covering it, evidently. We have our own Charter, Section Number 220, which states:

"Except where otherwise provided by law, all public offices shall be open for business every day, except legal holidays, from 8:30 o'clock a. m. until 5:00 o'clock p. m. The Supervisors by ordinance may provide that any office shall be kept open for a longer time, when necessary for the accommodation of the public."

Personally, I am of the opinion that it is a valid act, but I cannot guarantee it.

SUPERVISOR BROWN: Could you advise us as to whether or not such an act on the part of the Board would be subject to court dispute by those who might be opposed to the act?

MR. O'TOOLE: What is that?

SUPERVISOR BROWN: I will put it differently. It is quite possible, is it not, anyone who did not like this act could go to court and question the validity of it?

MR. O'TOOLE: Yes, absolutely, that is the danger.

SUPERVISOR RATTO: Could our actions of this afternoon be confirmed on Monday?

MR. O'TOOLE: Certainly.

SUPERVISOR RATTO: That would take care of it.

THE PRESIDENT: May I state that during this discussion by the Board I phoned to Mr. Edgar Levy, who was the speaker of the Assembly, and he said that oftentimes the Legislature met on Saturday afternoons and passed legislation. He said it is like passing a contract, which is recognized by the Courts whether passed on Saturday or Sunday.

MR. O'TOOLE: Personally I am of that opinion, but I cannot find any law on the subject.

SUPERVISOR UHL: Do the banks close under any law?

MR. O'TOOLE: No, the banks could keep open Sunday.

THE PRESIDENT: What is the pleasure of the Board?

SUPERVISOR HAVENNER: I would like to ask whether the members of the Board would agree to meet here Monday morning?

THE PRESIDENT: I would not be able to be here Monday morning.

SUPERVISOR COLMAN: I will.

SUPERVISOR BROWN: Yes, I will be here.

SUPERVISOR HAVENNER: I will lose two days, anyway.

THE PRESIDENT: Couldn't we make it a special order for 2 o'clock?

SUPERVISOR BROWN: I can say that as far as I am concerned, I have no desire to resort to any technicalities, and I think that goes for the others.

SUPERVISOR McSHEEHY: Do you feel, Mr. O'Toole, that in passing this this afternoon we might take a chance of being enjoined by someone who is interested in opposing it?

SUPERVISOR HAVENNER: I am a little afraid of that.

MR. O'TOOLE: That would be the only opportunity of raising any question, and I cannot guarantee it now.

SUPERVISOR McSHEEHY: Supervisor Havenner——

SUPERVISOR HAVENNER: May I express myself first?

SUPERVISOR McSHEEHY: Certainly, go ahead.

SUPERVISOR HAVENNER: In view of the fact that the amendment is now before the Board, would those parties opposing it consent to make their arguments now, and let it come to a vote on Monday, and let it come to a vote without further discussion?

SUPERVISOR COLMAN: Yes, I would consent to that.

SUPERVISOR UHL: You say to vote now?

SUPERVISOR HAVENNER: Would you consent to make your arguments now, and let it come to a vote on Monday without further argument?

SUPERVISOR COLMAN: I think we ought to be allowed, each one allowed to have the floor twice on a vital question of this nature, I think we ought to be allowed a few minutes. In other words, I would like the right to speak twice.

SUPERVISOR UHL: Of course, there will be no objection to our explaining our votes.

SUPERVISOR BROWN: What time do you have to go away Monday?

SUPERVISOR HAVENNER: The only thing, very frankly, if I cancel my reservation, which was due at 3:30 this afternoon, I will have to postpone any further reservation until Monday, and I should like to make my reservation to go out Monday night, if I could.

SUPERVISOR UHL: They will make the reservation all right.

SUPERVISOR HAVENNER: I will go if I can.

SUPERVISOR COLMAN: Well, if Supervisor McSheehy will agree not to delay it.

A special order of business for Monday at 2:00 o'clock, and close the debate, and take a vote at 2:15, and that will settle the matter definitely.

SUPERVISOR BROWN: What I was getting at, your train doesn't leave until what time is it—3:00 o'clock?

SUPERVISOR HAVENNER: What I don't want to do is sit here and not have it finished, and still miss leaving.

SUPERVISOR BROWN: I am perfectly willing to agree to close the debate on the subject at 4:00 o'clock, and suggest we give each member of the Board about 15 minutes.

SUPERVISOR McSHEEHY: I was going to suggest a compromise. You suggested 2:15, make it 3:00 o'clock, there are several members who won't debate. The entire debate will be carried on by three or four, and if we can agree on that and make it a special order for 3:00 o'clock, a special order for 2:00 o'clock, and close it at 3:00 o'clock.

SUPERVISOR SHANNON: We have the matter of the Funston Avenue Approach as a special order at 2:00 o'clock.

SUPERVISOR RONCOVIERI: Couldn't we meet at 10:00 o'clock and be through by noon?

THE PRESIDENT: I can't be here at 10:00 o'clock.

SUPERVISOR RONCOVIERI: 1:00 o'clock.

SUPERVISOR UHL: You could put off the vote until 2:00 o'clock, if you want to argue, we could take the vote at 2:00 o'clock——

SUPERVISOR BROWN: I don't see any necessity for that.

SUPERVISOR COLMAN: I think that is a good suggestion, and I am getting awfully hungry now, and would like to go out to lunch; that is a normal, healthy condition, and I think it would be a good idea to meet here and have each man explain his vote at 10:00 o'clock, and at 2:00 o'clock, vote, just allowing Supervisor Shannon and myself to explain our votes.

THE PRESIDENT: I don't think you will be able to influence me anyway, Supervisor.

SUPERVISOR COLMAN: I should be able to, but I have not been always.

SUPERVISOR HAVENNER: Would that be agreeable to you, Mr. Shannon?

THE PRESIDENT: That is agreeable to me.

SUPERVISOR BROWN: I doubt very much if I can come here Monday morning, I have one or two things I must attend to, but it will only take about ten minutes, either now or Monday.

SUPERVISOR RONCOVIERI: Take ten minutes now.

SUPERVISOR COLMAN: I am going to ask to be excused, I have already agreed with your suggestion.

SUPERVISOR McSHEEHY: I move that Supervisor Colman be excused.

SUPERVISOR COLMAN: With the understanding we vote Monday at 2:00 o'clock.

SUPERVISOR HAVENNER: And that we meet Monday morning, and at this time I move that when we recess, we recess until Monday morning at 10:00 o'clock, and I would be very grateful to the members if they will accord me this last courtesy of being here on time on Monday morning.

THE PRESIDENT: Is there any objection to Supervisor Colman being excused? Hearing none, such will be the order.

Is there any objection to recessing when we do recess until 10:00 o'clock Monday morning?

SUPERVISOR HAVENNER: Is there a second to that motion?

SUPERVISOR McSHEEHY: I will second it, yes, Supervisor.

THE PRESIDENT: If there is no objection, such will be the order. (Gavel.)

SUPERVISOR BROWN: I will be as brief as I can, and first I would like to be excused on Monday morning. Is there any objection to that?

THE PRESIDENT: If there is no objection Supervisor Brown will be excused Monday morning.

SUPERVISOR BROWN: Speaking briefly to the subject matter before us, what we are considering is a Charter amendment providing for the issuance of revenue bonds for the purpose of the acquisition or construction of an electrical system by the City and County of San Francisco. This is a very radical departure from previously conceived and executed systems of financing public improvements in San Francisco. It brings forward several very new and very different ideas in connection with that finance. It provides, as its makers have seemed to feel necessary, for a rate of interest considerably higher than has been paid heretofore on San Francisco's obligations within the last several years. It proposes the purchase of this electrical system with that higher rate of interest inevitably linked to the operation of The System, and without any effort being made to ascertain whether or not the electors of San Francisco would vote for the already available general obligation bonds, which, as we all know from our experience of the last several months, will bring a very materially lower cost to the City over a period of years. It is conceivable, at least arguable, that the general obligation bonds of the City and County of San Fran-

cisco could be sold at the interest rate of 3½ per cent, or even lower, and even the proponents of the revenue bonds indicate that the best rate of interest that can be expected is about 5 per cent.

So much for the interest rate. In my opinion on that one score alone, this Board would be warranted in rejecting this proposal, because no effort has been made to ascertain how the people would vote on a general obligation bond issue, which is admittedly of lower cost.

Now, the second point, we are proposing here a deviation from the age-old time-tried policy of requiring a two-thirds vote on the bonded debt of the City and County. Since the City and County's inception it has always been necessary to secure a two-thirds vote of the electorate to further bond the city. It is entirely fitting and proper that that two-thirds margin should be required for one very good reason, which is that the bonded debt of the city falls upon the property owners, it is a charge against the property owners. The property owners pay that debt, and not only the debt itself, but interest, by means of taxation on property, and the tax rate is directly affected by a bonded debt, and by the interest rate that that bonded debt carries.

The taxpayer in San Francisco—the owner of real property, I should say, in San Francisco pays by far the largest amount of taxes into the City Treasury. The owner of real property in San Francisco is in the minority in our population, because, obviously, there are not enough lots in San Francisco to admit of a majority of our population actually, physically owning real property, and it is an old axiom that a man is always more liberal with someone else's money than with his own. I believe it is also axiomatic here that the voter who does not own real property is inclined to be more lenient in the incurring of bonded debt when he feels, whether justifiably or not, that the load of debt will be carried by the property owners, of which he does not happen to be one. I believe that is the fundamental argument on behalf of this two-thirds majority requirement, in order that there may be a very definite protection to the people who own real property in our City. Now, that is just what this proposed Charter amendment strives to overcome, it strives to eliminate the necessity of submitting the further increase of bonded debt to a vote of the people, and the approval of that added debt by a two-thirds vote. Furthermore, and even more unjust, this proposed elimination is suggested to be carried out by a mere 50 per cent vote of the people, which is all that is necessary to pass a Charter amendment, so that you have a very carefully worked out plan here whereby, in effect, 50 per cent of the people may make it possible to carry this Charter amendment, and this same 50 per cent of the people may make it possible to issue a bonded debt of the City and County which will be a direct charge against the income of the City and County, and this will have a material effect on the tax rate.

Now, so much for the fact that we are, by passing, or by submitting this Charter amendment to the people, clearing the way for the elimination of the requirements of a two-thirds vote on the bonded debt, let's look for a few minutes at Plan Number 7. What this bonded debt is supposed to acquire is a distribution system for the City and County of San Francisco for electric power, and we are supposed to acquire that system along the lines of Plan 7, as outlined by Mr. Cahill. Now, the first report—may I say, in passing, that I have a very high regard for Mr. Cahill's ability, and I believe some of the criticisms I have against the set-up of Plan Number 7 can be met, and they are only because Mr. Cahill's sources of information, perhaps, were not as complete, or, let us say, as closely brought up to date as might have been desirable. My remarks have no reflection on Mr. Cahill's ability or integrity. Mr. Cahill's plan Number 7 shows a very handsome return to the City and County of San Francisco, yet it makes no mention of a number of vital points. First, and I think most important, under an agency contract with the Pacific Gas & Electric Company, we are

receiving a revenue of approximately $2,000,000 a year. Obviously, should the City undertake to sell its own power under its own distribution system, that revenue of $2,000,000 a year will be lost. One of the important portions of Plan Number 7 is the building of the Red Mountain Power House, costing about $1,600,000, which construction is estimated to add to the revenues of the City and County nearly one-half million dollars. In other words, by the expenditure of $1,600,000 we gain a revenue of approximately half a million dollars a year. That is set forth as an argument for Plan 7. My own feeling is, and let us get this clear as applied to the present situation and the building of the Red Mountain Bar Power House, and as we were told in fact by the Public Utilities Commission some years ago when we were discussing that very project, the same results could be obtained by the disposal of that additional power under the already existing agency contract, and that the returns would be equally as lucrative under that basis as they would be under Plan 7.

While this cannot be construed as detracting any from Plan Number 7, yet I feel that it can be considered as adding nothing to Plan 7 that could not be obtained under other methods.

In addition, the raising of the O'Shaughnessy Dam at Hetch Hetchy will result in about a 10 per cent increase, perhaps even more, in the revenue from the agency contract. Without raising the dam we are getting $2,000,000 a year revenue from the agency contract, and this will, in all probability, be increased to $2,250,000, or perhaps even more, before Plan Number 7 ever goes into effect.

Now, there is another point in connection with the financial set-up under Plan Number 7 which materially affects this proposition, Plan Number 7 means a $650,000 yearly loss to San Francisco, estimated revenue from the Pacific Gas & Electric Company. Now, I was quoted a figure here the other day which indicates a loss from that source will be nearer $2,000,000 than the $650,000 set up in the plan, and the first installment of taxes paid by the Pacific Gas & Electric Company is in excess of $650,000.

MR. CAHILL: May I correct that, and while it is possible that the Pacific Gas & Electric Company pays a million and a half or $2,000,000 taxes for their property in San Francisco, Plan Number 7 distinctly sets up that it does not propose to take all of the electrical property of the P. G. & E. It leaves out the $12,000,000 steam plant. It leaves out all of the administrative equipment, and I would also point out to you that it leaves out the tremendous office building, the head of their system, down on Market Street, worth millions, and it also leaves out gas manufacture and reservoirs, and the tremendous system of gas piping. As a matter of fact, we have left out more than we have taken in. In fact, my figure is approximately correct, in fact when you stop and figure out what we left out, it is possibly too high.

SUPERVISOR BROWN: I was told about and made allowance for some of those things, but I was also told that the first tax payment of the Pacific Gas & Electric Company was approximately one and one-half millions, indicating a total tax revenue from that source of approximately $3,000,000. I will check on that.

MR. CAHILL: Just one more statement: I want to show where I got the $654,000, we took the statement, and the tax bills for the items that we wanted, leaving out the rest.

SUPERVISOR BROWN: Now, the statement Mr. Cahill just made brings up another point I will touch on in a few minutes, but suffice it to say there will be a substantial loss of tax revenue to the City and County of San Francisco by virtue of this transaction, and that loss of tax revenue is at least disputable as to the amount.

Now, one other thing not provided for in Plan Number 7, on which there are at least very different opinions, is the question of a stand-by system. One authority tells us a stand-by system will cost nothing, and another equal authority testified a stand-by system will be re-

quired costing $1,000,000, so there is at least some question on that, and the amount of the cost. And finally, on the subject of Plan Number 7 there has occurred the question in my mind as to whether in fact the Pacific Gas & Electric properties which Mr. Cahill desires to acquire can be acquired for anything like the price that has been set up. In the first place, we have had evidence there is a very material rise in the price level going on, and perhaps the best evidence of that is the tremendous increase in cost of some of the units for the Golden Gate Bridge recently contracted for. We had one case recently in which a toll platform building, as finally contracted for, cost about 50 per cent in excess of the original architectural estimate, and the architect defended that by saying it was mainly caused by the increased cost of materials and labor, and it has a direct bearing on any condemnation proceedings where values must be fixed by existing costs of materials and labor. So that I say that the price as quoted in Plan Number 7 is at least subject to material argument, and in my humble opinion, does not represent the price the City eventually will be called on to pay for the Pacific Gas & Electric Company's properties if they buy them.

Now, one other point. Mr. Cahill said that he does not propose to take over certain materials and properties of the P. G. & E., for example, the $12,000,000 steam plant here, and the very large office building, and so forth. And the history of such transactions has been that where material portions of the property are divorced from that property in the course of condemnation proceedings, it is quite usual for the Court to allow what are known as severance damages in such cases, and certainly it cannot be soundly argued that the $12,000,000 stand-by steam plant is not an integral part of the P. G. & E. system in San Francisco.

Now, that is the situation about as I see it, we do not have a unanimous opinion on the cost of Plan Number 7, and certainly do not have a unanimous opinion on the revenues, less expenses, we may expect, or net results of Plan Number 7, and we have before us an amendment that proposes to put Plan Number 7 into execution by a new, and at least locally, that is for San Francisco, a method of new and untried revenue bond financing. We have a very certain increase in the cost of those bonds, cost in interest on those bonds as compared to the parallel cost in interest which could be obtained by General bond obligations. For these reasons, because of all these points, and because of a lot of other questions I know will be touched upon by other members of the Board, and which I don't want to go into now, I feel very definitely that it would be a mistake to submit this amendment to the people of San Francisco, and I base that feeling primarily on the fact it is proposed by a 50 per cent vote to accomplish what heretofore a two-thirds vote was necessary for. It seems to me that the taxpayers, the property owners of this City, are entitled to that two-thirds protection that the Charter has given them, and that any deviation from that is in fact a breach of faith with those same property owners who have bought property and built buildings under that safeguard and others granted them by our Charter.

I thank you for your attention, and I intend to vote against this measure.

SUPERVISOR UHL: I have had typed, I spent my time yesterday under the dome of this City Hall from 10:00 o'clock a. m. until 10:00 o'clock p. m., and as a result, I have set forth an analysis of what my thoughts are in this matter. I don't want to read all of this now, simply try to pass some of these things to Mr. O'Toole, some of these points, because I raised some points in there that I think are pertinent, and I will ask Mr. Cahill if he can reply, and number 1 is, at the present time power is an integral part of the Hetch Hetchy system, and earning $1,750,000 a year, and now, this Charter amendment will purloin the power unit from the Hetch Hetchy system, and not pay

a dollar for it. The divorcing of the power unit from the Hetch Hetchy, I maintain, will cost the City over $2,000,000, and I maintain that taking the revenues from Hetch Hetchy and the water system, and applying them to paying for the redemption of those bonds is entitled to consideration, that is one of the stronger points I want to make.

Mr. Cahill sets up, and I only repeat what Mr. Brown said, and although I disagree with Mr. Cahill, I respect him as a man who is square, and wants to do the fair thing, however, $8,500,000 is set up in the capitalization as the value of the power unit, and yet it doesn't show in the report it earns a dollar, and I want to tell you that when you put money into anything, you expect a reasonable return, and the people of San Francisco will feel that the rates should be reduced. Mr. Cahill takes the attitude that we have put so much into Hetch Hetchy and that this power unit we can take that over, and it doesn't cost the City anything. Now, you might say the same thing about the water, I feel that there should be some consideration for that. Is the power department going to take all of that water and no consideration for it? Those are things you want to think over, and I will argue them on Monday.

SUPERVISOR McSHEEHY: You submitted that under your name, it is not signed.

SUPERVISOR UHL: I will authorize it under my name, and it may be put in the record.

"ANALYSES OF PLAN 7

REVENUES OVER-ESTIMATED, OPERATING COSTS UNDER-ESTIMATED IS MY CONTENTION.

Mr. Cahill estimates revenues at $15,504,000. My estimate $14,148,337. Operating costs he estimates at $7,959,000. My estimate $9,039,000. My estimate includes standby service estimated at $1,080,000. Mr. C. Brown of the Railroad Commission personally advised the Board of Supervisors of the necessity of a standby service charge, that the schedule of the Pacific Gas and Electric Company fixed the cost at $1.00 per kilowatt, that it might be possible for San Francisco through negotiation with the company to secure a lower rate. Inconceivable why the Public Utilities Commission have not ascertained what charge will be made by the company.

INTEREST ON $50,000,000.

Mr. Cahill estimates first year's interest $2,185,000. Will be $2,500,000. No specific item covering Compensation, Fire or Earthquake Insurance set up in Plan 7.

OBJECTION TO DIVORCING THE POWER UNIT FROM HETCH HETCHY WITHOUT PROPER COMPENSATION TO HETCH HETCHY WATER SYSTEM FOR SAME.

Mr. O'Shaughnessy placed the value of the power unit at $19,000,000. No definite figure was arrived at. Mr. Cahill contends the power unit should be fixed at $8,500,000 which amount covers only the units necessary for development of power. Does Mr. Cahill overlook the fact that without Hetch Hetchy water power could not be generated, it is therefore reasonable that the power unit should stand a portion of the cost of the dam and aqueducts. I will so contend. Under Plan 7 not $1.00 is earned on the Capital Investment of the Power Unit!

REVENUE:

Pacific Gas and Electric Company rate in 1935 was 2.7 cents per kilowatt, rate reduction in January brought the rate down to a little more than 2.5 cents per kilowatt. Present reduction effective in January 1937 will again reduce the rate to approximately 2.3 cents per kilowatt. Now, regarding the kilowatts to be sold. Mr. Cahill estimated the annual increase for 1936 and 1937 at 8 per cent annually, and sets up in Plan 7, page 7 the figure 686,000,000 kilowatt sales for revenue producing. Pacific Gas and Electric Company announced that the increase in sales in San Francisco territory was 4.3 per cent, and

therefore in place of an 8 per cent increase there will be only a 5 per cent increase; accepting, though not agreeing, that the increase for 1937 will be 8 per cent, the total sales for 1936-1937 will be 615,145,104 kilowatts. 70,854,896 less kilowatts than estimated by Mr. Cahill. 615,145,104 kilowatts at 2.3 cents per kilowatt, $14,148,337 which is $1,355,663 less than the revenue set up in Plan 7.

STANDBY SERVICE: Plan 7 page 1 we read:

"The City's own power will not fully meet the demands of the entire system, therefore, it is proposed to buy additional power and STANDBY SERVICE from the Pacific Gas and Electric System."

Despite stating: "It is proposed to buy standby service," no allowance is made for standby service in Plan 7. Mr. Cahill contends the Pacific Gas and Electric Company will make no charge for same, then WHY is it stated in Plan 7 Standby Service would be purchased?

Mr. Claude Brown, Chief Engineer of the State Railroad Commission, personally appeared before the Board of Supervisors and advised the Board the standby schedule of the Pacific Gas and Electric Company fixed the price of standby service at $1.00 per kilowatt per month. He did advise the Board that it might be possible for the City to negotiate with the company for a lower rate. 84,000 kilowatts at $1.00 per kilowatt per month amounts to $1,080,000 per year. Standby service must most certainly be provided and such being the case why has not the Public Utilities Commission ascertained what price can be obtained from the Company?

Mr. Cahill concedes $200,000 might be too low for transmission and step down. It is undoubtedly too low as it will not pay 3 per cent on the Company's investment, not to mention the standby service plant in connection with same. Why has not the Public Utilities Commission ascertained the figure the Company will furnish this item of transmission and step down. After all the Public Utilities Commission is not empowered to fix the price. What excuse has the Public Utilities Commission for having failed to negotiate with the Company on these several items?

Herewith revision of estimates covering Plan 7 as I see it:

| | | |
|---|---|---|
| REVENUE | | $14,148,337 |
| Interest on $50,000,000 at 5% | $2,500,000 | |
| The power unit of Hetch Hetchy System earns $1,750,000 yearly certainly divorcing the power unit from Hetch Hetchy a payment should be made annually to the Hetch Hetchy System of at least one-half the net earnings. If not it means PURLOINING the power properties which rightfully belong to Hetch Hetchy system one-half the earnings | 950,000 | |
| Annual operating cost | 7,959,000 | |
| Standby Service | 1,080,000 | 12,489,000 |
| Surplus..... | | $ 1,659,337 |

Bond Redemption 40 years $1,250,000 annually.

Mr. Cahill states in taking over the company's property in San Francisco there will be annual loss in tax revenue of $654,000. This figure is less than half the taxes paid by the Pacific Gas and Electric Company in San Francisco. Accuracy of the amount set up in Plan 7, $654,000, questioned.

If the power unit is divorced from Hetch Hetchy System the loss in revenue to Hetch Hetchy will be $1,750,000 annually. Presuming the voters will approve a bond issue of $500,000 for building the Red Mountain Power Plant, it is reasonable to presume the voters will vote bonds, if properly explained, whereby the Hetch Hetchy System can build the Red Mountain Power Plant, and increase the earnings of Hetch Hetchy $500,000 annually.

SUMMARY OF LOSS TO HETCH HETCHY WATER SYSTEM IF POWER UNIT IS DIVORCED FROM SYSTEM.

(Does not include possible revenue from Red Mountain Power Unit.)

| | |
|---|---|
| Loss in Taxes | $ 654,000 |
| Loss in Power Revenue | 1,750,000 |
| Total Loss | $2,404,000 |

Loss of $2,404,000 annual revenue to the Hetch Hetchy System and a portion of the amount covering taxes paid into the General Fund it will be necessary to increase the tax rate approximately 30 cents. In event that the Public Utilities Commission fails to transfer said $2,404,000 to the General Fund. In event that the power unit pays the Hetch Hetchy System $950,000 annually as a consideration for divorcing the power unit it will still necessitate an increase of approximately 20 cents in the tax rate to cover the loss in revenue in event the Public Utilities Commission fails to pay $1,454,000 into the General Fund. The power unit should positively be made to pay the Hetch Hetchy System the value of the power unit."

SUPERVISOR McSHEEHY: May I ask this question, Supervisor, perhaps it is impertinent, but you may answer it if you can?

SUPERVISOR UHL: If I can.

SUPERVISOR McSHEEHY: May I ask you, Supervisor Uhl, you did not unhesitatingly state, "I am going to vote no," when this arose in reference to submission. May I ask you that?

SUPERVISOR UHL: I will answer on Monday morning, you have asked——

SUPERVISOR McSHEEHY: I asked you the question so I could get some kind of an estimate——

SUPERVISOR UHL: You can get it Monday morning.

SUPERVISOR McSHEEHY: I wanted to get if I could, your state of mind.

SUPERVISOR UHL: Let me ask you this question: do you think it is right to take away from and purloin from the Hetch Hetchy System the power unit and start this utility on its own legs, without any consideration to the Hetch Hetchy Water System?

SUPERVISOR HAVENNER: Will you allow me to answer?

SUPERVISOR UHL: Yes.

SUPERVISOR HAVENNER: It is a matter of policy to be determined by the Board of Supervisors in the future, and the utilities are going to earn $4,000,000 annually on these properties.

SUPERVISOR UHL: Maybe, maybe.

SUPERVISOR HAVENNER: That is the estimate, but I have not finished answering you. Out of the $4,000,000, if the City determines that policy, there could be diverted annually $2,000,000 out of this project.

SUPERVISOR UHL: May I ask a question to emphasize and make it clear, instead of $4,000,000, I show an estimate on the face of it of 1,059,000-odd dollars, there is a difference, so if you took $4,000,000 I wouldn't say a word. It is all an estimate. You know how figures can be jockeyed one way or another, that is why I ask you to read that carefully.

SUPERVISOR SCHMIDT: I move that we recess until Monday.

SUPERVISOR McSHEEHY: Just a minute.

SUPERVISOR SCHMIDT: That we recess until Monday morning at 10:00 o'clock.

SUPERVISOR McSHEEHY: All right, I have no objection.

THE PRESIDENT: Such will be the order, if there is no objection, and Supervisors Brown and Shannon have been excused. Such will be the order. (Gavel.)

## RECESS.

(Thereupon an adjournment was taken to Monday, December 28, 1936, at 10:00 o'clock a. m.)

J. S. DUNNIGAN, Clerk.

## MONDAY, DECEMBER 28, 1936, 10 A. M.

In Board of Supervisors, San Francisco, Monday, December 28, 1936, 10 a. m.

The Board of Supervisors met pursuant to recess for the purpose of giving consideration to the question of distribution of Hetch Hetchy power (Charter Amendment No. 1, Revenue Bonds).

### CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.

Absent—Supervisors Brown, Colman, Shannon, Roncovieri—4.

Excused—Supervisors Brown, Colman, Shannon—3.

Supervisor Roncovieri was noted present at 10:35 a. m.

There is a quorum present. If you will appoint a Chairman, please?

SUPERVISOR MEAD: I move Supervisor Ratto act as Chairman.

SUPERVISOR HAVENNER: Second the motion.

(Thereupon Supervisor John M. Ratto acted as Chairman of the meeting.)

SUPERVISOR McSHEEHY: Supervisor Colman asked to be excused this morning, said it was impossible for him to be here, and that he was leaving for Los Angeles tomorrow, so I will ask that the record show he is excused.

### Discussion Re Charter Amendment No. 1.

THE CLERK: That has already been done, Supervisor McSheehy. If the Board please, you have a reprint of the proposed Charter amendment on your desks, and if you will throw away the old one you will not be confused.

SUPERVISOR McSHEEHY: The reprint, I understand, and all been agreed upon?

SUPERVISOR UHL: I would like to have the Clerk read, if you please, that redemption again, on the redemption of the bonds.

SUPERVISOR McSHEEHY: Just that one portion of it?

SUPERVISOR UHL: I would like that read, yes. Can you put your finger on that, Mr. Clerk? The question you, Mr. Holm, or Mr. Ost, made, where the redemption of bonds is covered.

MR. OST: What feature of it?

SUPERVISOR UHL: The time when the redemption begins.

MR. OST: It is in the fourth paragraph of galley one:

"The Public Utilities Commission shall, except as herein provided"—— and on down eight or ten lines.

THE CLERK (reading): "The Public Utilities Commission shall, except as herein provided, determine the form, conditions and denominations of all bonds or other evidences of indebtedness issued under the provisions of this section, and shall fix the maximum rate of interest which said bonds or other evidences of indebtedness shall bear, which rate of interest shall not exceed six (6%) per cent per annum, payable semi-annually. The payment of the principal of said bonds or other evidences of indebtedness shall commence not later than five years from the date of issuance,"——

SUPERVISOR UHL: That is what I want.

SUPERVISOR HAVENNER: Is Mr. O'Toole coming over here?

THE CLERK: I sent for him. Mr. Holm is here.

SUPERVISOR HAVENNER: Mr. Holm, is John coming over?

MR. HOLM: He was called out to a funeral, and he will be here in about an hour or an hour and a half.

SUPERVISOR HAVENNER: Just before we begin, I would like to ask this question: Is it necessary to incorporate in this Charter amendment a positive declaration, that is as to the purpose and intention of this section, to bring about the acquisition of this utility? In other words, up here at the beginning it says, "The Public Utilities Commission shall, for the purpose of meeting the cost of acquiring,"

and so forth, borrow money, and now is there any uncertainty or any indefiniteness in the amendment as it now stands as to the question that this shall be a positive declaration by the people of intention to acquire and the delegation of authority to acquire?

MR. HOLM: Your whole amendment is drawn on that assumption.

SUPERVISOR HAVENNER: Yes, I know that.

MR. HOLM: You state—You have not limited it to the mere acquiring, and you have given the direct alternative by which the Public Utilities Commission may do it. You cannot, in my opinion, make it any more definite.

SUPERVISOR HAVENNER: I was wondering whether we ought to include in here, to avoid any possibility of misunderstanding or misinterpretation, a declarative statement that public convenience and necessity require and demand the acquisition of a utility, to-wit:

MR. HOLM: I don't think that adds to your amendment at all.

SUPERVISOR HAVENNER: In other words, you don't think anybody could say this merely authorizes them to borrow the money without providing for the acquisition of the utility?

MR. HOLM: Directs them to borrow the money and to acquire the utility.

SUPERVISOR HAVENNER: To borrow the money——

MR. HOLM: You remember that was your debate the other day, where you struck out the word "may" and substituted the word "shall" at the very inception.

SUPERVISOR HAVENNER: That is why I brought this up again, Mr. Skaller suggested that this was merely authority for the issuance of revenue bonds and not for the acquisition of the utility.

SUPERVISOR UHL: It seems to me, Supervisor Havenner, the fact the people, if they vote the $50,000,000, it seems to me that is a mandate, they are voting to do that thing. Wouldn't you interpret it that way?

SUPERVISOR HAVENNER: I certainly would so interpret it, and I would not want any technical loophole. You think it is proper, Mr. Holm?

MR. HOLM: I think so, yes, Supervisor.

SUPERVISOR HAVENNER: Mr. O'Toole is coming here later?

MR. HOLM: Yes. In the event you had a Public Utilities Commission which was in the frame of mind to not carry out the terms of this amendment, in my opinion any taxpayer could compel them to carry out the mandate under the way the amendment is prepared.

SUPERVISOR HAVENNER: All right.

MR. HOLM: However, I will give some thought to it while you are debating, and if necessary I can prepare three lines to cover it.

SUPERVISOR McSHEEHY: Do I understand, Mr. Holm, that you can prepare three lines—We want to be dead positive, and if there is anything that has a negative intent we want to correct it; this is a case where we must be positive, and when three lines will put this in a positive form, let's put it in, because you know, and I know, if there is any possible way of obviating the enforcement of this amendment that technicality will be resorted to.

SUPERVISOR HAVENNER: I think it is unnecessary to prepare one.

MR. HOLM: I feel fairly certain.

SUPERVISOR McSHEEHY: We want to be positive.

SUPERVISOR HAVENNER: It wouldn't do any harm to be positive about it.

SUPERVISOR McSHEEHY: My thought was to add those few words in there to be positive.

MR. HOLM: There is one other important change in there.

SUPERVISOR UHL: I would like to ask, through the Chair, of Mr. Cahill, what rate did you say the municipal power plant of Los Angeles was paying the Southern Edison Company? Mr. Cahill, I think you said 5¼?

MR. CAHILL: 5.32, something like that.

SUPERVISOR UHL: Will you kindly let me know the exact figures when you return to your office?

Now, do you recall the question I asked you, if there was municipal distribution of power, and we owned the present distributing system, what the cost would be to light the Transbay Bridge, and if my memory serves me correctly, you said about $75,000.

MR. CAHILL: I said, and it was purely a guess, I did say about $75,000.

SUPERVISOR UHL: In the P. G. and E. *Progress*, I see "To date the Pacific Gas and Electric Company has spent approximately $1,250,000 on such work," referring to the lighting of the bridge, "$850,000 in San Francisco and $400,000 in the East Bay cities."

One of the things that I am fearful of here is the question of capital expenditures that come up unexpectedly.

SUPERVISOR McSHEEHY: May I ask the question: Does that $850,000 represent cost——

SUPERVISOR UHL: Let me read this to you:

"The San Francisco-Oakland Bay Bridge project is much more comprehensive than most persons realize. It covers not only the construction of the gigantic span and its approaches, but also the relocation and rebuilding of electric lines and gas mains in at least 20 streets on each side of the bay, some of them several miles from the bridge itself. To date the Pacific Gas and Electric Company has spent approximately $1,250,000 on such work—$850,000 in San Francisco and $400,000 in the East Bay cities. The final total will be substantially larger, because relocation operations still are going on and more are scheduled for this winter and next spring. The company has done, or is doing, these jobs as essential preliminaries to the construction of approaches to the bridge, the widening and repaving of adjacent streets, and the improving of several across city thoroughfares that will serve as traffic arteries to and from each end of the giant structure. In San Francisco electric lines have been reconstructed in 15 or more important streets and dismantled in others. The list includes: Harrison street, from Fifth to Tenth; Bryant, from Fifth to Tenth;" and so forth and so on.

In other words, we are asked now to vote, instead of $43,000,000, a $50,000,000 bond issue, and a revenue bond issue, and even the distribution of power will be confined in there, to that $50,000,000 unless a subsequent bond issue is voted. It isn't as though they can go to the general fund in this particular matter, and I feel perhaps that is one reason why Mr. Cahill has postponed the first bond redemption five years, in order to accumulate a sum of money.

Now, if we were to take as the basis of profit $4,000,000, then my understanding is $3,000,000 would go to the general fund, and only $1,000,000 would be accumulated for possible extensions, betterments, and so forth. I don't know how much the company has spent where it has had to go underground, but I know what the feeling of the citizens of this City is on that question, but the Board has more requests to put lines underground, and the Board will be flooded with more requests to put electric lines underground when some of these streets are straightened, and widened, as Twenty-fifth avenue, and I imagine that a tremendous sum of money is going to be required for that purpose. I just call your attention to those things now, in connection with possible capital expenditures in the future.

Now, the people of San Francisco, a majority in my judgment, have been made to believe there is a tremendous fortune to be made in this, to enlarge this, and so on. I remember the number of times Supervisor McSheehy has stated what we are selling our power to the P. G. and E. for, and after we sell it to them they sell it back at the rate of, as Supervisor McSheehy said, an average of 4½ cents, or 5 cents. As a matter of fact, you can see by Oakland we are paying an average of 2.7 cents, and it is coming down. I merely mention that to show you, and to recall what the newspapers said some

years ago, and they undoubtedly found they were in error and they have not repeated it.

However, the public are of a mind that the Pacific Gas and Electric Company rates are entirely too high, and that they want the opportunity to vote on this matter of municipal distribution of power, and therefore at this time I am going to say to you right now that I know so many people of that frame of mind I shall certainly vote to let this go on the ballot and vote whether they want to or not, but I am not committing myself to the municipal distribution of power under these revenue bonds for several reasons.

Number One: And I would like—I am very sorry the City Attorney is not here to give us an opinion on this—in case the people vote the bonds, they voted bonds for the Hetch Hetchy system, and it has always been the Hetch Hetchy, and the power is a by-product of Hetch Hetchy, and in my opinion it should remain in there, and whatever benefits come in the distribution of power should remain in that Hetch Hetchy system. Now my thought is this, some eastern owner of Hetch Hetchy bonds can tie this whole thing up. My personal belief is they can tie it up, because under this amendment they are attempting to purloin the power unit, and which has a value and which is contributing to lower the tax rate. That is my opinion, just as a layman, I haven't talked to anybody, but this flashed through my mind. You are taking something from it, and I want the opinion of the City Attorney on whether or not he believes that my judgment there is sound, so that would be number one, whether or not we can do it.

Number Two: When you first submitted this amendment you did not have in there "construction." I want to say that I think you are making a mistake in putting in there "construction," because you know, and I know, you are not going to construct this thing, and if we attempt to do it there is no telling what the citizens, the taxpayers generally, will be led into. Why, the company has all the advantage in the question of rates if it becomes a cut-throat proposition and, as Mr. Cahill informed you, the distribution of power must be a monopoly, no question about it. Furthermore, if you attempt construction here, which will be by revenue bonds, when we know there is going to be such competition, I don't believe you can sell those revenue bonds at all——

SUPERVISOR HAVENNER: If that is true, why so much concern about it?

SUPERVISOR UHL: I am concerned because I believe if you are going to do a thing you should do the practical thing, you will have more chance of putting the thing over. I am merely calling your attention to that, you slipped in there the word "construction"——

SUPERVISOR HAVENNER: No, I said from the very beginning I wanted it this way.

SUPERVISOR UHL: Well, the first draft didn't have it in.

SUPERVISOR HAVENNER: I don't care, I told him I wanted it that way.

SUPERVISOR UHL: Now I should like to read my analysis of Plan No. 7.

Mr. Cahill estimates revenues at $15,504,000. My estimate, $14,148,-337. Operating costs he estimates at $7,959,000. My estimate, $9,039,-000. My estimate includes standby service estimated at $1,080,000. Mr. Claude Brown of the Railroad Commission personally advised the Board of Supervisors of the necessity of a standby service charge, that the schedule of the Pacific Gas and Electric Company fixed the cost at $1 per kilowatt, that it might be possible for San Francisco through negotiation with the company to secure a lower rate. Inconceivable why the Public Utilities Commission have not ascertained what charge will be made by the company. Now I cannot understand why on two or three of these matters the Public Utilities Commission have not negotiated and endeavored to see what price can be secured in order that we may know what the cost will be.

Interest on $50,000,000. Mr. Cahill estimates first year's interest, $2,185,000. Will be $2,500,000. No specific item covering compensation, fire or earthquake insurance set up in Plan No. 7. Now it is a question whether the City should carry all or a part of that insurance. There is no question about fires, my firm had one of the most disastrous fires here not so long ago due to a switchboard shorting, or whatever it may have been, and no doubt about it, fire insurance should be carried, and earthquake insurance, and compensation. After all, we had a sample of a large scale fire, and what it cost the City on one occasion.

Objection to divorcing the power unit from Hetch Hetchy without proper compensation to Hetch Hetchy water system for same, and this is, I believe, one of the important points that should have your consideration. Mr. O'Shaughnessy placed the value of the power unit at $19,000,000. No definite figure was arrived at—looks as though I left my Hetch Hetchy—I will read you from the Raker Act where they say the price you are to charge includes the question of the cost of the dam and the aqueduct, but Mr. Cahill sets up no price representing that cost, which I contend should be set up, and is set up in the Raker Act. Mr. Cahill contends that the power unit should be fixed at $8,500,000, which amount covers only the units necessary for development of power. Does Mr. Cahill overlook the fact that without Hetch Hetchy water power could not be generated? It is therefore reasonable that the power unit should stand a portion of the cost of the dam and aqueducts. I will so contend. Under Plan 7 not one dollar is earned on the capital investment of the power unit.

Revenue: Pacific Gas and Electric Company rate in 1935 was 2.7 cents per kilowatt hour; rate reduction in January brought the rate down to a little more than 2.5 cents per kilowatt hour. Present reduction effective in January, 1937, will again reduce the rate to approximately 2.3 cents per kilowatt hour. Now regarding the kilowatt hours to be sold. Mr. Cahill estimated the annual increase for 1936 and 1937 at 8 per cent annually, and sets up in Plan 7, page 7, the figure 686,000,000 kilowatt hours sales for revenue producing. Pacific Gas and Electric Company announced that the increase in sales in San Francisco territory was 4.3 per cent—am I correct in that, Mr. Cahill, or was it 4.9, do you recall?

MR. CAHILL: I cannot recall now.

SUPERVISOR UHL: Well, I will stand a correction on that, it is 4.3 or 4.9, and therefore in place of an 8 per cent increase there will be only a 5 per cent increase; accepting, though not agreeing that the increase for 1937 will be 8 per cent, the total sales for 1936-1937 will be 615,145,104 kilowatt hours. 70,854,896 less kilowatt hours than estimated by Mr. Cahill. 615,145,104 kilowatt hours at 2.3 cents per kilowatt hour, $14,148,337, which is $1,355,663 less than the revenue set up in Plan 7.

Standby service, Plan 7, page 1, we read: "The City's own power will not fully meet the demands of the entire system, therefore, it is proposed to buy additional power and standby service from the Pacific Gas and Electric system." In mentioning the standby service and that 3 per cent is based on what Mr. Cahill and Mr. Ost thought might be required for transmission and step-down.

And this reading from the Utilities Committee report of Mr. Cahill: Despite stating, "It is proposed to buy standby service," no allowance is made for standby service in Plan 7. Mr. Cahill contends the Pacific Gas and Electric Company will make no charge for same, then why is it stated in Plan 7 standby service would be purchased? The power unit should best be made to pay the Hetch Hetchy system what the power unit uses. Now, as I said before, I would like an opinion from Mr. O'Toole whether or not the owner of a Hetch Hetchy bond can bring a suit to enjoin the City, or rather this Charter amendment, from purloining the power unit from the Hetch Hetchy system, of which it is an integral part, and which has contributed

to Hetch Hetchy funds. What is your judgment on that, Supervisor Havenner?

MR. HOLM: Eventually, the situation is this: You have not only pledged the credit of the Hetch Hetchy system as such in the issuance of the Hetch Hetchy bonds, they were not a lien merely against Hetch Hetchy itself, but they are a general obligation of the City and County of San Francisco, everything that we own is collateral to secure the payment of that obligation. Here you have created quite a distinct fund, out of which these revenue bonds are to be paid, and they in no wise conflict. Then you could be inhibited from issuing any further bonds of the City on the ground the bonds heretofore issued did not have the collateral, the bond limit having been exceeded, and so forth, but so long as you kept within your bond limit it is all right, but I can't see you have any difficulty here at all.

SUPERVISOR RONCOVIERI: Isn't this purely a matter of bookkeeping?

MR. HOLM: I think it is merely based upon the theory I have just explained.

SUPERVISOR UHL: Unfortunately, in this Raker Act I have marked the passage in my book, I can't understand how I overlooked it—Oh, here it is. I will find that and come back to it a little later.

I want to call the attention of the Board to something that came to me in the mail several days ago, but I didn't look at it until yesterday, when I was going over all my papers, and I was amazed to find that Los Angeles is setting up a new rate effective February 1st of this year, and that rate, compared with the previous rate, is certainly a surprise. For example, they set up a rate of 4 cents for the first 60 kilowatts, as compared with their previous rate of 4.4 for the first 35; and next a rate of 4.4 for 3100, compared to 2.3 for 7500; and then for the next thousand 2.2 in place of 1.5; and the next 1½ instead of 1¼; and in comparison of their rates there, their example, which is for light construction and small electrical appliances, a total consumption of 2,057, the total bill under the previous existing rate was $4.69, and the new rate raises that to $6.70. That is one of the reasons I give on account of the—on account of Boulder Dam, and that is one of the reasons I believe they will have to buy the Los Angeles Gas and Electric Company, in order to make these rates effective, otherwise, they would be in a very, very precarious position.

I merely mention that because Los Angeles has heretofore boasted about her lower rates than San Francisco.

Now, as I said before, I believe this should go on the ballot, and because of Secretary Ickes' demand, I think we should give the people the opportunity to vote and say whether or not they feel at this time there is a moral necessity instead of waiting to see if Secretary Ickes would refer it to the Attorney-General, who would then have to take it into court. The Ickes' decision that we are violating the Raker Act doesn't change conditions as far as San Francisco and its present contract is concerned, and the old criticism of selling the power to the Pacific Gas and Electric Company for too low a price, 4.7, is certainly dissipated by the statement that the Southern Edison Company is selling to Los Angeles at 5.32. Further, in our contract, the company must take all the Hetch Hetchy can generate, and down there they buy what they need. That certainly is different. I think at all events we have made a good contract, 4.7, I don't think you can argue that.

Now, as I said before, I am going to vote to place this on the ballot, but I am qualifying my vote by saying that I am not committing myself to the municipal distribution of power under the conditions set forth in this Charter amendment.

SUPERVISOR RONCOVIERI: I would like to ask Mr. Cahill if he received a copy of this analysis of Plan No. 7?

MR. CAHILL: Yes, I received one.

SUPERVISOR RONCOVIERI: There are several things on which Mr. Uhl differs—Oh, here—well, I will read this:

"Plan 7 first pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then pays off and retires bonds in amount of $1,748,000 per year, and then pays into depreciation reserve fund $1,260,000 per year, and then pays into the general fund, an estimated tax loss of $654,000 per year, and, after all that, produces a surplus revenue of over $4,000,000 per year; and in addition to all this, Plan 7 reduces power rates to consumers in San Francisco by $1,721,000 per year."

SUPERVISOR UHL: The power unit earns $1,750,000 a year, and that is certainly divorcing the power unit from Hetch Hetchy, and payment should be made annually to the Hetch Hetchy system of at least one-half of the net earnings, if not it means purloining the power proposition, which rightfully belonged to the Hetch Hetchy system——

MR. CAHILL: You said it, Supervisor, it is a matter of bookkeeping. Now it all goes into the general fund, after a certain amount is retained, and you can apply it all to paying off of the Hetch Hetchy bonds if your Board of Supervisors wants to do so.

SUPERVISOR RONCOVIERI: I thought myself it was a matter of bookkeeping, but Mr. Uhl——

SUPERVISOR UHL: May I say, through the Chair——

SUPERVISOR RONCOVIERI: Did you hear that, Supervisor Uhl?

SUPERVISOR UHL: That it is all a matter of bookkeeping?

SUPERVISOR RONCOVIERI: Bookkeeping, yes.

MR. CAHILL: The general Charter provisions on bonds covers that, under the Charter, when the surplus exceeds 25 per cent—rather surplus over 25 per cent goes to the general fund.

SUPERVISOR RONCOVIERI: Yes, it goes to the general fund.

SUPERVISOR UHL: May I ask, through the Chair, of Mr. Holm, one week ago, I think it was, I requested an opinion from the City Attorney on these points:

1. Has the Public Utilities Commission the authority to determine and segregate the assets of the Hetch Hetchy project as between water and power?

Did that come to your attention?

MR. HOLM: I know that is a question you asked an opinion about, and it has been in our office a long time and we have had many meetings concerning this matter, but there has just been a rough, tentative segregation made up to date; it has not been completed, as to where the authority vests in setting up the capital investment in each of the utilities, and that I am not prepared to answer at this time.

SUPERVISOR UHL: I have in mind this, that when the Hetch Hetchy system is completed, that the Hetch Hetchy proper, which operates this, and these are only by-products, the San Francisco Water Company or the power project, that after all it is Hetch Hetchy water that is being used, and sooner or later there will be a court determination——

MR. HOLM: If I may interrupt you, Mr. Uhl?

SUPERVISOR UHL: Suppose the court should disagree on this, about the Hetch Hetchy units, where would we stand on the revenue bond issue?

MR. HOLM: On the revenue bond proposition, your bondholders of general obligations are in no wise affected, for the reason that when you issue revenue bonds you are acquiring additional assets, those assets were never owned by the City, and, again, when the general obligation bonds were issued they were not in existence, so therefore the holders of general obligation bonds can in no wise be affected by the issuance of revenue bonds which cover, and can only affect, those additionally acquired assets, which they had no interest in when the general bonds were issued.

SUPERVISOR SCHMIDT: What additional assets do you mean?

MR. HOLM: The distribution system, everything that goes with it.

SUPERVISOR UHL: Yes, but suppose the courts should rule that the Hetch Hetchy water is being used, and therefore the power unit

is part of it? Do you mean to tell me the revenue bondholders would only have the security subsequently acquired, like the distributing system?

MR. HOLM: The revenue bondholders would just merely have, as I understand, the right to acquire what may be developed from the investment of this money to acquire a distribution system. Now, how you are going to set it up on your books before you actually start the distribution of power, how much you are going to allocate to Red Mountain Bar power house, how much is going to be allocated to the Water Department, that is a question of bookkeeping purely. And the Charter states that this cannot be determined until the completion of the entire Hetch Hetchy project, and we all know that is still under construction, quite obviously, we are spending $5,000,000 now for the extension of O'Shaughnessy Dam.

SUPERVISOR UHL: Does that aply when that is completed?

MR. HOLM: I don't think so. We have been debating that for years, we contend it is still distinct until full completion, everything has come to a conclusion.

SUPERVISOR UHL: When do you think that opinion might be rendered?

MR. HOLM: I don't think, Mr. Uhl—I will take it up with Mr. O'Toole; that is something that has been given very serious consideration from time to time, but we cannot come to a conclusion on it until such time as it is determined that it is fully completed; I don't know just when that will be.

SUPERVISOR UHL: I will read you this from the Raker Act: "The said grantee shall develop and use hydroelectric power for the use of its people and shall, at prices to be fixed under the laws of California"—and I want to emphasize that fact, and whether that brings it under the Railroad Commission.

MR. HOLM: Under the Utilities Act, it specifically exempts any utility from the Railroad Commission.

SUPERVISOR UHL: It does.

"——or, in the absence of such laws, at prices approved by the Secretary of the Interior, sell or supply such power for irrigation, pumping, or other beneficial use, said prices not to be less than will return to said grantee the actual total costs of providing and supplying said power, which costs shall be computed in accordance with the currently accepted practice of public cost accounting, as shall be determined by the Secretary of the Interior, including, however, a fair proportion of cost of conduits, lands, dams, and water supply system."

Now Mr. Cahill is leaving that entirely out of the picture when he sets up a cost of $8,500,000.

MR. CAHILL: That only applies to the sales of power to irrigation districts.

SUPERVISOR UHL: I agree, but nevertheless it indicates that the power unit shall be charged with these proportions.

MR. CAHILL: In that case.

SUPERVISOR UHL: If it remained in the Hetch Hetchy that point would not be raised, but you are taking it out and making it an independent unit and are going to supply power to the people of San Francisco, and therefore I contend that should be taken into consideration when you set up 8½ million as the share of the power, they are taking the water back of the dam, and it certainly should carry some of the cost there if it is going to be used for the generation of power.

SUPERVISOR HAVENNER: Are there any other members of the Board who desire to discuss the proposed submission?

THE PRESIDENT: We are here this morning to discuss your views, and the sooner you get started the sooner we will adjourn.

SUPERVISOR SCHMIDT: Is there anyone else?

SUPERVISOR HAVENNER: I want to close, Supervisor.

SUPERVISOR SCHMIDT: I just want to read a statement here

I have prepared. There are certain questions which I have in my mind which I feel must be answered to remove certain doubts and set at rest certain fears that one has on a question of this kind. We have got to be honest and above board in considering this so-called revenue bonds Charter amendment. Honesty is the best policy. The people expect us to be honest, and I, for one, do not intend to send this proposed amendment to the people unless I believe that it is honestly just what it says it is.

We are assured by our legal adviser, City Attorney O'Toole, that in its present form this amendment, if in force, could not be twisted around to make these $50,000,000 revenue bonds a lien or mortgage on the City in the sense that general obligation bonds are. We are assured by our legal adviser that if there were to be a deficit, the deficit could not be laid on the backs of the taxpayers. In other words, having discarded the two-thirds majority safeguard which surrounds the general obligation bonds of the City, and having declared that these bonds will not be subject to the 12 per cent limitation of the Charter, I feel obliged to make sure of that before I tell the people it is a fact. As I said last Saturday, so I say now: that these revenue bonds issued on the credit of expected revenue from the system—the Hetch Hetchy power distribution system, proposed to be purchased or constructed—must look only to that revenue. Buyers of those bonds, who will collect a much higher rate of interest than if the bonds were general obligation bonds, must never be permitted to demand payment out of taxes. That is, they can't eat their high rate of interest cake and have it, too.

Is it honestly true there will be no taxes for deficits? I want this question answered without any ifs, ands or buts. Last Saturday it came to my mind that—quite innocently, I assume—I mean innocently, of course, in reference to the framing of this proposed amendment—because we did it "While U Wait" like one of those signs that invite you to come in and have rubber heels put on—well, I noted that quite innocently there was no provision against transferring profits from other utilities to make up any deficits that might arise. I proposed that this be prohibited—and that provision was inserted. But—please observe—one Supervisor—McSheehy—put on a rider reading "unless otherwise provided by Charter." Questioning developed that such an amendment might be proposed. But it won't be in this amendment. This amendment will say "it can't be done"—but after this amendment should pass and if deficits should arise, another amendment would be urged, just to transfer profits, thats all. Then what happens? You give these revenue bonds with their higher rate of interest all the force and effect of general obligation bonds and thereby perpetrate a fraud on the 12 per cent Charter limitation. You put revenue bonds on the taxpayers' backs. Not openly and above board, at that, but by indirection. You and I know—all of us Supervisors know—that profits from the Water Department by millions of dollars have been transferred to the City general fund, thereby reducing taxation. Well, if those profits were transferred to the system, in the event of deficits, don't you see the general fund would not get the money and it would be necessary to provide just that much more by taxes. To my way of thinking it would be more honest if right now somebody would propose to strike out the provision against putting deficits, if they arise, in the tax rate. I don't walk from my house to next door by going around the block. I walk from my door straight to my neighbor's door. I think maybe nobody is to blame—just there has been too much haste. The more I have thought about this amendment the more doubt I have had in my mind. If the next step is to be another amendment permitting deficits to go into the tax rate by the side entrance as transfers of profits of other utilities, why, that will be creating bonds of a general obligation nature all the way through by a mere majority vote. To safeguard against that, I propose a provision in this amendment requiring a two-thirds majority vote to amend out of this amendment the prohibitive

provisions against: (a) Transferring profits of other utilities to the system for any purpose; and (b) imposing taxes to make up any deficits that might arise—either direct or indirect amendments.

I propose an added provision that the system be limited to the distribution only of power generated and produced by the power division of the Hetch Hetchy. I propose that it be honestly just that, nothing less, nothing more.

I am in agreement with Supervisor Uhl in his contention that some sort of fair capitalization should be placed on the power producing plants of the Hetch Hetchy system if they are to be made a part of the system as it is called in this proposed amendment. And I agree the Hetch Hetchy system is entitled to pay for water used in generating power—or some other equitable arrangement.

However, all that is very involved and I think there is a simpler way out. Speaking in surgical language, I don't think we need to perform such a capital operation. The municipality is producing the power. That's fine with both the Raker Act and Mr. Ickes. What he doesn't like is this selling to or through the P. G. and E. He wants the municipality to distribute its power direct. Well, let's make this revenue bond amendment very plain. Let's make it a revenue bond authorization for distribution alone—not a thing to do with production. Let the distributing system operate on its own feet and leave Hetch Hetchy sysem, our Siamese twins of water and power, together—not try to cut them asunder. Let us handle our power as we do our water, in two parts. I propose that the revenue bond distributing system buy the Hetch Hetchy power, just as P. G. and E. is buying it now, and at the same rate. If that is done it will greatly simplify matters. None of the management or bookkeeping machinery will have to be changed. Hetch Hetchy power will continue to earn $2,000,000 a year for the benefit of the general obligation bonds that built it, and the only worry for anybody will be to operate the distributing system so as to make enough profit out of distribution to pay the bond interest and redemption charges as they fall due for the revenue bonds issued to provide a distributing system. Let us not confuse the issue. Surely the revenue bond financed municipal distributing system will be able and willing to take over the P. G. and E. contract. And that will satisfy Mr. Ickes and the Raker Act—and the City will go on getting its $2,000,000 a year to meet Hetch Hetchy general obligation bonds, principal and interest—the equitable, right and proper thing to do, in my humble opinion.

More study is needed—and there's rapid transit right ahead. I must confess I have a feeling that we have in this proposed Charter amendment a half-baked pie which it is proposed to rush to the voters. We have most certainly potted it together helter-skelter. One version last Monday, a week ago. A new version the day before Christmas. Two drafts in one week. And $50,000,000 to be spent. As a medical man I certainly wouldn't want to study a patient's symptoms that fast. As a legislator I certainly don't fancy the haste we have been driven to—so I most certainly am not satisfied with this amendment as it is. I have just referred to rapid transit. Many citizens have spoken to me about the need to make progress. They are worried. And rightly so. You are aware, from reading the papers, that even the municipal ownership editors are putting rapid transit ahead of power distribution by the City on the ground that rapid transit is an emergency—right now.

Now, my judgment tells me to pledge anew my willingness to submit a revenue bond amendment to the people for power distribution. But not this half-baked amendment that had two different forms inside of 72 hours and was amended and amended in a feverish rush. I would like to accommodate our distinguished member who is stepping on to Congress, and let him give Mr. Ickes the gladsome news—but with $50,000,000 in the balance to be borrowed on a new and different kind of bond—to send on to the people this hurried, harried, hectic amendment—I hesitate. I have pointed out certain drastic

changes that I sincerely believe ought to be made. I think the Board ought to give more consideration to this amendment—a lot more consideration—so that when it goes to the people it will be an amendment carefully and painstakingly thought out. There are too many loopholes and faults in this proposed amendment to suit me. Some of them I have pointed out. I may discover more later. I am no lawyer. Yet even our own legal adviser changed last Monday's draft between Monday and Thursday. I repeat, I don't exactly like this hurried, harried, hectic amendment.

Likewise, my judgment tells me certain things—my judgment tells me that the Investment Bankers of America, to whom we must look for the money from any revenue bonds, and the California Security Dealers Association, and the San Francisco Chamber of Commerce, and the Junior Chamber of Commerce, and the Downtown Association, and the many citizens who have spoken to me can't all be wrong when they urge us to go slow and be certain. My judgment tells me, too, that when the municipal ownership editors urge rapid transit at once they have good and sufficient reason for their request—the welfare of San Francisco. I am inclined to believe with them,—and for an additional reason I do not recall having seen in their editorials, namely, that the city can save many millions of dollars by putting the rapid transit bond proposal to a vote before opening the door to revenue bonds. My reason for this: We are told that revenue bonds will,—as they have in other municipalities,—adversely affect the rate of interest on general obligation bonds. Well, we can avoid that misfortune if we act at once—or as soon as possible—and get the rapid transit bonds issued and sold,—and save millions in interest by doing so. And then immediately afterwards we can submit a revenue bond amendment,—not this one, but one carefully, cautiously, painstakingly and thoroughly prepared and pledge ourselves now to do just that. I stand ready to make such a pledge now.

I feel sure if our distinguished colleague will carry with him to Washington the different printed drafts of this amendment we have had before us since last Monday,—just one short week ago,—and show them to Mr. Ickes, he, Mr. Ickes, will be filled with admiration of our efforts, and will overflow with patience and forbearance and willingly permit us to proceed in a safe, sane and businesslike manner in this very important matter involving an expenditure of $50,000,000 and in the inauguration of a new system of bond obligations. I believe the President, himself, would so counsel Mr. Ickes. I believe if our distinguished colleague will explain to Mr. Ickes that he, our distinguished colleague, was elected to Congress in the first week of November, and rushing at full speed was able to submit his proposed revenue bond amendment only in the third week of December,—and that it didn't stand up despite all his hard work but had to be redrafted,—Mr. Ickes will have great and understanding patience with us if we go slow and cautiously—as business men would go—in providing for the expenditure of this great sum of $50,000,000. That's the way I feel about it.

For the reasons I have stated, my vote on submission of this, in my opinion, hurried, harried, uncertain and incomplete proposed revenue bonds Charter amendment to the voters at the coming election on February 16th puts me in a quandry. In principle I am in favor of the amendment. In the form in which it is here, hurriedly and hectically submitted, I can not but feel it is dangerously incomplete. If I am denied the privilege of offering the amendments I have suggested, there is, I submit, a most difficult choice open to me.

I think maybe nobody is to blame, just too much haste, in spite of what has been said to the contrary, and the more that has been said about the amendment the more doubt I have in my mind, and if the next step is to be another amendment, by which they may transfer the profits of other utilities to use in payment of these bonds by a majority vote——

SUPERVISOR HAVENNER: May I say to you, as I said a minute ago, that as the author of this amendment I had no such intention, and

I personally would be opposed to it; I want the utility to stand on its own feet.

SUPERVISOR MEYER: I never suggested that I would be in favor of any such procedure, and I am not.

SUPERVISOR SCHMIDT: I am afraid the majority of the Board might want——

SUPERVISOR RONCOVIERI: Would you permit a question?

SUPERVISOR SCHMIDT: Certainly.

SUPERVISOR RONCOVIERI: Why not amend it before we come to a vote?

SUPERVISOR SCHMIDT: Now, I would at this time like to offer this amendment, that it will take a two-thirds majority vote of the electorate to amend—probably our City Attorney can redraft this in some technical and legal language—to amend out of this amendment to prohibitive provisions against first, transferring profits of other utilities to the system for any purposes; secondly, imposing taxes to make up any deficit that might arise either direct or indirect.

MR. HOLM: As to your first point I think your amendment can not be more specific in its terms than it is as presented to you, that this whole project has been conceived under the amendment as you are stating it, and conceiving it now, on the theory that there will be no contribution from any source and the bonds will only be redeemed and the interest paid solely and only out of the revenues produced from the utility described in your amendment. Naturally, you are prohibited from going any further than that in taking care of the funds. I can not see under what theory anybody could have any apprehension that this Board, or any other agency of the city government, could increase the revenues of the proposed utility that you are distributing here, from any source other than the revenues of that utility.

SUPERVISOR SCHMIDT: Looking into the future, a statement was made at the last meeting and I said that in the future another amendment will be proposed allowing a transfer—in other words, get this over first and then we will see what else we can do with it.

SUPERVISOR UHL: In other words, a transfer from one utility to another.

MR. HOLM: Your point is you think you should have in here—would the effect then, Doctor, of your proposed amendment be to stop some future action of the voters? Of course, wouldn't that be well provided for in any subsequent Charter amendment you may suggest? Why put it in here?

SUPERVISOR SCHMIDT: It is here now, it will take a two-thirds vote of the people to change that part which will allow transfer of funds from one utility to another—I don't think that is in here.

MR. HOLM: There is nothing in here that I know of that would permit this Board or the utilities commission or anybody else to transfer any amount from any utility to this.

SUPERVISOR SCHMIDT: Yes, but if the Charter amendment is passed they can do it. Can we put in this that it will take a two-thirds vote of the electorate of San Francisco——

MR. HOLM: First of all you see in a Charter amendment that would be—as has been suggested to me by Mr. Dunnigan, it would be a rather peculiar situation. You can pass a Charter amendment by a majority vote of the people—then you would have to go back and say you would want a two-thirds vote of the people. You would be in a peculiar position.

SUPERVISOR SCHMIDT: What I had in mind in the first place, this is being presented to the people by just a majority vote to start with, revenue bonds, and we have no two-thirds protection here on the Board, nor have we a two-thirds safeguard as regards the consent of the people. In other words, it will take just a mere majority of the Board to present it and take just a mere majority of the people to pass these revenue bonds.

MR. HOLM: That is correct.

SUPERVISOR SCHMIDT: That was one thing I don't like. I was going to offer something after a while. Now, the other point I have in mind, I want personally—I feel, and I think probably the majority of the Board feel that in the future—well, I want to express myself in this way—I want a safeguard against the transferring of funds or income from other utilities to make up deficits in this one under the revenue bond issue. I want this one to stand alone.

MR. HOLM: It does as it is now drawn. There isn't a chance, a legal chance, for any transfer of any funds from any other source of revenue of the City and County of San Francisco to this.

SUPERVISOR SCHMIDT: I want it to be a two-thirds here somewhere. I will tell you why. I want to protect the general obligation bonds, is what I have in mind, or the income that comes as a result of our general obligation bonds.

MR. HOLM: As I have explained to you, or rather to Supervisor Uhl, this is a separate thing. Now, anybody that takes their money and invests in the revenue bonds that are issued to acquire this particular distribution system, they are getting new assets and from those assets alone may they look to receive revenue to pay for the indebtedness or for the advances in money that they have given to the City and that they have received bonds in receipt for. Then the general obligation holders are in no way affected because this is an entirely new thing that was acquired subsequent to their purchasing the original general obligation bonds of the city and under the terms of this act you can not dip into any other funds of the City except the revenues produced by this utility itself.

SUPERVISOR SCHMIDT: Can a Charter amendment be enacted in the future by a mere majority vote of the people which will authorize the transfer of funds of one utility to cover those of another?

MR. HOLM: Yes, I believe it could, Doctor. There isn't any constitutional way you could prohibit that. A Charter amendment may be passed in one fashion, and that is by a majority vote of the people, and that is sufficient for it to take effect, and if the will of the majority of the people say you shall do thus and so, that is the end of it.

SUPERVISOR UHL: If I get the Doctor's idea of this, that the people will be asked to approve that if it is necessary at any time to transfer funds from one utility to another, that it will not be allowed in here unless by two-thirds vote of the supervisors.

SUPERVISOR HAVENNER: No, he said a two-thirds vote of the people. That could not be done.

SUPERVISOR SCHMIDT: Can't we do that by two-thirds vote of the supervisors?

MR. HOLM: You have got that in here already, you have some kind of a two-thirds vote. You can not tie the will of the people by a provision in this Charter amendment that will inflict on them a greater necessity, by their expression of will, than is provided by the constitution. They can pass any Charter amendment that they see fit. If they pass a Charter amendment in the future that their will is that you should take the funds from some utility that, of course, would be their will and you would have to be guided by it.

SUPERVISOR SCHMIDT: Would that be a legal manner of taking money——

MR. HOLM: I see your point, as it is now. No, absolutely, no, without an entire reformation of this Charter amendment before you—that would have to be entirely changed. You can not effectively change it because you—I get your point, but you can not do it.

SUPERVISOR SCHMIDT: We are offering these bonds without a two-thirds check of the Board, and without the two-thirds check by the people.

MR. HOLM: That is customary, and has been done by the cities who have issued revenue bonds.

SUPERVISOR SCHMIDT: The only way I can see to protect the

people all the way around is that this should only be passed by two-thirds majority of the people.

MR. HOLM: You can not do that under the Constitution; the Constitution provides that the Charter amendment may become effective by a majority vote.

SUPERVISOR SCHMIDT: In other words, this then legally can not be done?

MR. HOLM: It can not be done.

SUPERVISOR SCHMIDT: In other words, there is no way we can get in here the transfer of funds from one utility supported by general obligation bonds, we can not prevent the transfer of that money covering the revenue bonds?

MR. HOLM: No, you can not anticipate what the future course of the people might be on that.

THE CLERK: The people can amend the charter any time they want to, by a majority vote.

SUPERVISOR SCHMIDT: I don't see much protection, then.

SUPERVISOR McSHEEHY: May I just read that last five or six words of this, and you yourself were the instigator of this:

"The system shall be considered a separate utility, and revenue from any other utility shall not be applied to the system unless otherwise expressly provided by Charter."

I think that is as clear as you can make it, the very last paragraph of the galley of the last sheet. That was the last word, the very last amendment we made Saturday afternoon.

MR. HOLM: There has been a good thought suggested here that might ease your mind in the thought that you are not performing your full duty toward the people. Supposing the constitution of the State of California were to be amended and instead of requiring a two-thirds vote of the electorate on the bonded indebtedness it was suggested that an amendment be made whereby a majority of the voters of a municipality could issue a general obligation bond, all that would be required to make effective that constitutional amendment would be a majority vote so there is no way you can anticipate what the will of the people might be and impose upon them a greater obligation than has already been provided.

SUPERVISOR SCHMIDT: "Unless otherwise expressly provided by the charter." Does that have to remain in there?

THE CLERK: You put it in the other day to save your water fund from going to the power fund.

SUPERVISOR SCHMIDT: "The system shall be considered a separate utility, and revenue from any other utility shall not be applied to the system." Why not stop there?

SUPERVISOR UHL: Unless by two-thirds vote of the Board of Supervisors.

SUPERVISOR HAVENNER: That would not be as good a safeguard as the vote of the people.

SUPERVISOR RONCOVIERI: Leave the supervisors out of it.

SUPERVISOR SCHMIDT: The only fear I had in my mind was some future Charter amendment.

MR. HOLM: Of course you would have to be bound by what the will of the people is.

THE CHAIRMAN: The next supervisor.

SUPERVISOR HAVENNER: Does anybody on this side of the house desire to make their talk now?

SUPERVISOR McSHEEHY: Supervisor Colman told me that he would this afternoon—he requested that he be allowed to make about a 10 minute talk. He said this to me over the telephone.

SUPERVISOR HAVENNER: The only thing I thought was that we are in session now and if any of the members who intend to support this amendment desire to make their statement at this time, it would be a saving of time.

SUPERVISOR McSHEEHY: I have never fought the amendment.

SUPERVISOR UHL: You are all agreed on it, what is the use of wasting time on it?

MR. HOLM: There is one thing, Mr. McSheehy, you asked me. You say at the outset here you were a bit apprehensive as to the way the amendment is now formed that the Public Utilities Commission might be derelict in their duty and not put into effect right away—so if you care to at the very end of the amendment not to delay too long—and adding at the very end——

"Upon the taking effect of this amendment the Public Utilities Commission shall immediately proceed by purchase, construction or other lawful method to carry out the terms, intentions and conditions herein provided, and to perform all acts required of them as set forth herein."

Something to that effect.

SUPERVISOR RONCOVIERI: That is an excellent amendment.

SUPERVISOR HAVENNER: If you are going to put it in there make it a little bit more specific, "Shall immediately proceed to acquire said system."

SUPERVISOR McSHEEHY: Will you read that again?

MR. HOLM: This is what I suggested and I will amplify it as you see fit: "Upon taking effect of this amendment the Public Utilities Commission shall immediately proceed by purchase, construction or other lawful method." That, Mr. Havenner, you wanted to amplify to "acquire and distribute any hydro-electric power generated in the Hetch Hetchy project or for the generation or distribution of any other electric power necessary or convenient for the purpose of furnishing said City and County or the people thereof or any territory adjacent to said City and County or the people thereof with heat, light and power."

SUPERVISOR HAVENNER: I don't think you need to repeat all that language with respect to that. The only thing I was thinking about was to have a very brief declaration, a very brief mandate from the people that upon the adoption of this Charter amendment the Public Utilities Commission shall proceed forthwith to acquire the system herein described.

CITY ATTORNEY O'TOOLE: Where do you want it?

MR. HOLM: Just at the very end. They had some doubt in their minds at the outset of the discussion this morning——

SUPERVISOR McSHEEHY: I think, Mr. City Attorney, there has been new copy provided, I think you will get one from our Clerk. Supervisor Havenner made this suggestion some time ago, and Mr. Holm constructed the words you have just heard him read, and we feel that it would be an extra safeguard in there, because, as Mr. Holm stated, the Utilities Commission would come and go and this would be positive language.

SUPERVISOR UHL: Don't you want to give George Skaller the credit for having opened the discussion on that?

SUPERVISOR McSHEEHY: I don't care who gets the credit, or gives the credit to anybody for anything; if we can only erect a distributing system.

SUPERVISOR UHL: You don't get my thought.

MR. HOLM: You could epitomize the language, "The Public Utilities Commission shall immediately proceed to put in effective operation the terms and conditions herein provided."

CITY ATTORNEY O'TOOLE: What is that?

MR. HOLM: "Upon the taking effect of this amendment the Public Utilities Commission shall immediately proceed to put in effective operation the terms and conditions herein provided."

SUPERVISOR HAVENNER: That is not it. I want to put in a declarative statement that this is a mandate from the people to acquire this system.

SUPERVISOR UHL: Mr. Ost, while we are waiting, might I ask some questions? How far is that power transmitted from the Southern Edison to the City of Los Angeles? About what distance?

MR. OST: It comes over one of the first 220,000 kilowatt transmission lines from the Victory plant which is in the neighborhood of 250 miles from Los Angeles.

SUPERVISOR UHL: It comes from a plant from that distance?

MR. OST: Yes.

SUPERVISOR MEYER: From Merced County to Los Angeles?

MR. OST: Yes, east of Fresno, to Los Angeles.

SUPERVISOR UHL: In other words, we are getting 4⅞ for ours transmitted about how far?

MR. OST: About a hundred miles, it is 98.9 miles to Newark.

SUPERVISOR UHL: Then if the distance is 250 miles, as you say, that figures a greater loss, doesn't it?

MR. OST: No, I don't think there is; I think the loss is about the same.

SUPERVISOR UHL: In the transmission of 250 miles?

MR. OST: At 220,000 volts—we are working about 110—it economically works out that you have got to keep your loss in the neighborhood of five or six per cent regardless of the transmission.

MR. HOLM: "Upon the taking effect of this amendment the Public Utilities Commission shall immediately proceed to acquire the system and promptly perform all acts required of it."

SUPERVISOR McSHEEHY: Mr. Chairman, may I ask our City Attorney if he has prepared the amendment as suggested by Supervisor Havenner?

CITY ATTORNEY O'TOOLE: I will ask the reporter to read it. (Record read by the reporter.)

SUPERVISOR McSHEEHY: At what particular section would you suggest——

CITY ATTORNEY O'TOOLE: At the very end.

SUPERVISOR HAVENNER: That language is satisfactory to you, is it?

CITY ATTORNEY O'TOOLE: I think it is.

SUPERVISOR HAVENNER: Upon the taking effect of this amendment——

CITY ATTORNEY O'TOOLE: I mean it can not go into effect unless it is passed.

SUPERVISOR HAVENNER: Is that good legal language?

CITY ATTORNEY O'TOOLE: I think it is. "Upon the taking effect of this amendment"——

SUPERVISOR HAVENNER: I will so move.

SUPERVISOR McSHEEHY: I second the motion.

THE CLERK: The amendment to be inserted reads as follows: "Upon the taking effect of this amendment the Public Utilities Commission shall immediately proceed to acquire the system and promptly perform all acts required of it."

SUPERVISOR McSHEEHY: May I ask, Mr. City Attorney, if you mean at the very end, or if you mean just after the word "Charter" on the third page of the galley? It seems to me that after the word "Charter" then that last paragraph can stand by itself.

CITY ATTORNEY O'TOOLE: What were you saying?

SUPERVISOR McSHEEHY: Well, before the very end is "the system shall be considered a separate utility, and revenue from any other utility shall not be applied to the system unless otherwise expressly provided by Charter." And then this paragraph would come in there?

MR. HOLM: I think at the very end.

CITY ATTORNEY O'TOOLE: Yes, put in another paragraph, make it the very last paragraph.

THE CHAIRMAN: Are there any objections? (No response.) So ordered.

SUPERVISOR McSHEEHY: Mr. Chairman, may I just say a few words so as to not take up our time this afternoon. I want to say to my colleagues on this Board that we are about to pass an amendment——

THE CHAIRMAN: A little order, please.

SUPERVISOR McSHEEHY: I want to say, Mr. Chairman, and members of the Board: That we are about to pass an amendment, and in doing so, in my opinion, we are doing a piece of legislative work that will mean perhaps more to the citizens of San Francisco than any piece of legislation that we have enacted in a great many years.

SUPERVISOR UHL: "Proposed" instead of enacted.

SUPERVISOR McSHEEHY: Proposed, all right, in a great many years. I trust and hope that all the members of this Board will vote in favor of this proposed legislation because I realize what it means to San Francisco. We are keeping our word with the federal government in passing this legislation, and we should keep our word. Our word means a great deal, a contract means a great deal, and this will mean a great deal to San Francisco. There will be people opposed to this legislation, and we can point to what has happened in the past—we made a great mistake that we did not purchase the Spring Valley Water Company when it was offered to the people for $36,000,000, all of the properties, and we didn't. I don't think there is a member on this Board today who was a member at that particular time. That happened some 25 years ago when Mayor McCarthy was Mayor of our city.

SUPERVISOR UHL: Wasn't the price then $28,000,000?

SUPERVISOR McSHEEHY: I think it was $28,000,000. We made a great mistake. I remember well the great controversies that arose in our city in reference to the purchase of the Geary Street Railroad, and you know what the Municipal Railroad has meant to San Francisco. The same thing will happen with reference to this particular utility. We have a financial set-up here in a very short digest given to us by our engineer—our manager of public utilities—showing the great profits that will accrue to the people of San Francisco. And, I hope, and I particularly speak to all the members of the Board who are here present—because there are two members who are not present here today who have positively stated that they do not approve of this amendment, that they are unalterably opposed to public ownership—and therefore they are taking a stand—but I trust and hope that all that are present will vote for this amendment as submitted by our colleague who is about to leave us; and that he can go to Washington and that he can meet Secretary Ickes and tell the Secretary that we have a Board of Supervisors who favor the submission of this amendment to the people.

Now, the people are the judges, and we have gone over this time in and time out and we have been somewhat—I won't say criticized—in the last letter written by the Doctor—the Doctor wrote that statement in good faith. I am not going to attempt to criticize his language. Some parts of it are rather harsh, but the Doctor is an outspoken man, he does not hesitate and mince his words, but he did use remarks there—but, however, I will say that this amendment has been very, very carefully drawn, the City Attorney, naturally, drew it up in a rough form that was submitted and we have gone over it and during the number of years I have been a member of this Board I do not remember any amendment that was so carefully gone over as this particular amendment has been by the members of this Board. We went over it, not once, we went over it three or four times. We met here, you might say, on Christmas Eve, we met here the day after Christmas, we met here morning after morning—for what purpose? To pass this amendment. So we can submit an amendment that will stand and stand firm and one we can go out and ask our fellow citizens to vote for. I realize there is going to be a real fight against

this particular amendment, I realize that certain interests do not want this amendment enacted; I realize that there are 25,000 stockholders of the Pacific Gas and Electric Company that reside here in San Francisco, and I don't know whether they will all be influenced one way or the other. I think there are a great many stockholders who realize and who feel that the city should be considered first, perhaps, before their personal interests, but there are others who are selfish, and I realize what a fight is going to be made, and I have great hopes, gentlemen, and I am particularly looking straight at Supervisor Uhl, and Doctor Schmidt, and saying directly to them that I hope to God that they will vote for this amendment. I say that because I realize the effect it will have.

SUPERVISOR UHL: Did you hear me say I am going to vote for it, but I am not committing myself? Now you say you hope to God I will.

SUPERVISOR McSHEEHY: I am sorry to bring in the Deity, but if I did bring it in, I brought it in reverently.

SUPERVISOR UHL: I am going to vote for it, but I am not committing myself.

SUPERVISOR McSHEEHY: That is all right, Supervisor. There may be parts of it you don't like. I have often done likewise and will continue to do so as long as we are members of this Board. But I say this because I feel, gentlemen of the Board, that our task is only started. Our task is to convert the people, or the majority of the people, of this city what this amendment means to them because those that will be opposed to it naturally they will have on their side, you might say—I know they will have funds to foster their opposition, and conditions are such that they can spend these funds. They have been doing it in the past and the record will show, and I showed in a report of mine, where they spent $45,000 and charged that up, you might say, to the rate payers, and it became part of the rate in which the Railroad Commission placed the rates that should be charged to the consumers. I know that has been done in the past.

I am very, very sorry that Supervisor Havenner—this might be a little selfish on my part—is leaving us, but that can not be helped. He is going on to serve the people in another legislative body, and I know his record there will be similar to what his record has been here, he will give a good account of himself. I wish he was here for the next couple months, because I realize what a great help he would be in fostering this amendment, but we all have a task and I am more than pleased now to think that we are almost going to be united as a body in placing this amendment, this Charter amendment before the people of San Francisco, and I feel that with this body almost united, and with the individual efforts we will all make, that the people of this city will vote in favor of the amendment. And, I want to say in closing—perhaps I won't have anything to say this afternoon on this line—that we are ending this year in passing perhaps the most vital amendment that this Board has submitted to the people in years, and I trust and hope it will carry.

SUPERVISOR UHL: May I ask, through the Chair, what is your judgment on the importance of rapid transit?

SUPERVISOR McSHEEHY: I have already expressed my judgment on that, Supervisor, and I have told you before that I will come here every day. I think that of the two amendments this is far the most important, and this Board has gone on record unanimously in that expression.

SUPERVISOR UHL: Then let me ask you this: As long as you feel that way, that it is almost as important and we are going ahead with it immediately to get it in shape, when do you expect to submit that to the people?

SUPERVISOR McSHEEHY: I can't say; I don't know.

SUPERVISOR UHL: Are you in favor of a special election for it?

SUPERVISOR McSHEEHY: That I can't say at this particular

time. I don't know, because the first thing we will have to do, we will have to unite on a plan. We have not united on a plan yet. We have to unite on a plan, and when we have united on a plan—I realize that rapid transit requires our immediate attention, and I feel that when we are united on a plan we will submit it to the people. I will come here any day or any evening.

SUPERVISOR UHL: In other words, you would not favor waiting until the next general election to do that thing?

SUPERVISOR McSHEEHY: We might have a special election before that. I think conditions might warrant it. Gentlemen: I have nothing more to say, only that I am more than pleased that we have agreed on the amendment as outlined here. I think our City Attorney should be congratulated in the masterly way he has assisted us, and I think the amendment has been so well drawn that we can go before our people and tell the citizens of San Francisco that the enactment of this amendment will mean the keeping of our word with our government and will give the people of our city cheap electric rates, something they have not had for years.

SUPERVISOR RONCOVIERI: Mr. Chairman: When I became a Supervisor I took an oath to support the Constitution, the Charter, and all of the laws of the State of California. I am going to read what the Charter that we all swore to uphold says—and this was written by such an outstanding, really good man, as Senator Phelan, who was then Mayor—Franklin K. Lane, the City Attorney, and others whose names at this moment I do not recall, but they were honest to God men—this is nearly 40 years ago—and the clause that I am about to read was thought so good that it was re-enacted in this Charter, the new Charter, so this law has existed for a long time. It is the public utility policy, Section 119:

"It is the declared purpose and intention of the people of the City and County, when public interest and necessity demand, that public utilities shall be gradually acquired and ultimately owned by the City and County."

For nearly 40 years this has stared you in the face, and you took your oaths to support public ownership. Even if a man does not believe in public ownership,—and I want to say here that I do,—I would say he should feel bound by his oath. Now that ought to be sufficient reason for a unanimous vote, and then submit to the people, who after all will pass upon it. Vox populi vox dei. When they have spoken that will be the end.

Mr. Ickes is not the only Secretary of the Interior who has urged us to carry out the provisions of the Raker Act. And by the way, it was Senator Phelan, and Franklin K. Lane, and Governor Pinchot, and other good men who wrote that Raker Act with Mr. Raker, of course, and they inserted that famous clause that the City of San Francisco should never sell to any corporation or any individual or anybody for the purposes of resale. Now, they knew what they were doing. They were outstanding scholars, they knew the meaning of the English language. And, as I was about to say, Secretary Ickes is not the first to urge us to do our duty respecting the distribution of Hetch Hetchy power. Mr. Wilbur, and several other secretaries, in fact ever since the Raker Act was assigned by President Wilson, every one, has urged the city to carry out the provisions of the Raker Act. They have closed their eyes more or less to the fact, in the early part of this matter, due to the fact that San Francisco was just recuperating only a few years after the earthquake and graciously, through a kindly feeling for San Francisco, these men have permitted the matter to go along without forcing the issue, but we have this background—Mr. Ickes, who knows all that has happened in the past, knows how smypathetic his predecessors have been to San Francisco, knows that we have not sufficient money to carry on, have reached a point—he has—that seems to me to close the door to any argument against the distribution of power. He has practically said to us, "The Raker Act is not a scrap of paper. You signed it with

your eyes wide open many years ago. You came to the government and asked for this grant and it was given to you. You made the agreement and we expect you to fulfill your promise." That is practically Mr. Ickes' position.

Now, I believe the proposition of Mr. Cahill to be sound financially. I believe it to be sound in every way. I believe it is on all fours with the provisions of the Raker Act. Mr. Ickes has confirmed that. There is nothing left for us to do but to vote to submit it to the people, and the people will speak. They will be informed by this Board—living up to the Raker Act—and by those who do not favor or look upon the Raker Act as a scrap of paper. And for those reasons, and because I believe that San Francisco will profit very largely to the tune of over $9,383,000 by the building of this distribution system, I am going to vote to submit it to the people.

THE CHAIRMAN: Any other member?

SUPERVISOR McSHEEHY: There are several other members—we are meeting as a Board of Supervisors, we never closed our calendar last week, we never adjourned——

THE CHAIRMAN: We are acting now on Charter Amendment No. 1, and I think we should complete that before we take up any other matter. Any other member of the Board wants to be heard?

SUPERVISOR SCHMIDT: My understanding is we vote this afternoon, proceed to vote. Will we be given an opportunity to explain our vote at that time?

THE CHAIRMAN: My understanding was we recessed to ten o'clock this morning to present arguments, and we were to vote this afternoon without any further argument.

SUPERVISOR SCHMIDT: Yes, argument, but when it comes to an explanation of vote.——

THE CHAIRMAN: I think that was the understanding.

SUPERVISOR McSHEEHY: Make it now.

THE CHAIRMAN: Those who are present should be given an opportunity. Supervisor Havenner did request at the last meeting, and Supervisor Colman requested to close, and Supervisor Havenner requested to close, and that was agreed to.

SUPERVISOR HAVENNER: And Supervisor Brown spoke.

SUPERVISOR UHL: The record will show that I stated when the vote comes on Monday afternoon I will be entitled to explain my vote. I am not going to go into any lengthy matter, but I certainly am entitled to that.

SUPERVISOR SCHMIDT: That is what I had in mind. And my explanation will be under 10 minutes, probably five, I don't know.

SUPERVISOR HAVENNER: Will you make it now, Doctor?

SUPERVISOR McSHEEHY: May I make this suggestion to the Board; if either of the supervisors—I would suggest they make their explanation now, but if they wish to make it this afternoon, I don't think there is anything in our rules that can stop it, because a man has a right to explain his vote, merely an explanation, but purely as a gentleman's agreement if they wish to make it now I suggest they make it now, but if they don't want to——

SUPERVISOR SCHMIDT: I thought the proper time was when the vote comes, not with the idea of delaying——

SUPERVISOR McSHEEHY: No, no, Doctor, you have that right under our rules.

THE CHAIRMAN: What is the pleasure of the Board? Are there going to be any arguments this afternoon?

SUPERVISOR McSHEEHY: May I ask the gentleman now, Supervisor Uhl and Supervisor Schmidt, do you wish to make your explanation of vote this afternoon or right now?

SUPERVISOR UHL: No, I want to make it when I vote.

SUPERVISOR McSHEEHY: That is their privilege, and Doctor,——

SUPERVISOR SCHMIDT: This afternoon, but it won't be lengthy.

SUPERVISOR McSHEEHY: That is their privilege.

Now, if there is nothing else I would like to bring up this other matter.

SUPERVISOR UHL: We recessed for a special purpose.

SUPERVISOR McSHEEHY: You recessed originally, and I think the calendar will show, and I want to bring up the water matter.

SUPERVISOR UHL: Water?

SUPERVISOR McSHEEHY: Water, yes.

SUPERVISOR UHL: I think the full membership should be here.

SUPERVISOR McSHEEHY: When we adjourned originally last Monday I did not wish to delay, but I have it all here in writing, and when we adjourned on Monday we adjourned to take up what was necessary, the Charter Amendment No. 1, and other matters, because we never closed our calendar last Monday, and I have taken particular pains to see that every motion to adjourn was made in that way, and I also have a letter from our clerk showing the conditions in reference to this particular matter.

SUPERVISOR UHL: What is the use to present it without the Supervisors present, you will only have to do it over again.

SUPERVISOR McSHEEHY: I have no desire, except for the record, and I want to show—Supervisor, just be patient, we have certain rights on this Board in this particular matter pertaining to the water, and in a newspaper statement the newspaper claims the water rate, you understand, that was presented to us a month ago, that we slept on our rights without bringing the matter up until last Monday, and when we adjourned on Monday we agreed to take it up, and since then we have been in debate all the time on Charter Amendment No. 1, so I have prepared these statements. Now you might technically state they are not in order, but I claim they are in order, and I claim they have a great bearing. Now I will pass these around to the members of the Board, and in due time this afternoon I will take it up, and I do want the record to show we are taking this matter up today. That is all I desire. It will give me the opportunity to present this matter on the water rates, and now the water rates are a very important matter.

SUPERVISOR UHL: Will it be on the calendar today?

SUPERVISOR McSHEEHY: No, it won't.

SUPERVISOR UHL: Then how are you going to bring it up, on roll call?

SUPERVISOR McSHEEHY: It will come up. I am not going to make any argument. I will present it in writing.

SUPERVISOR UHL: I move we adjourn.

SUPERVISOR McSHEEHY: Just a moment. I am going to present this and then you can adjourn.

SUPERVISOR HAVENNER: Before we adjourn——

THE CLERK: This is still a regular meeting of the Board, and you recess.

SUPERVISOR HAVENNER: Whether it be a matter of recessing or adjournment, consideration of Plan No. 7 and Charter Amendment No. 1 will be the first thing on the calendar?

THE CLERK: If you please, gentlemen, you have already made a two o'clock order, and I mentioned it to Supervisor Shannon, you have the Funston Avenue thing at two o'clock, and that is a matter for the Board to determine.

SUPERVISOR HAVENNER: Would the Board agree that this be taken up at two o'clock?

SUPERVISOR UHL: I think that is correct; I think the Board will move unanimously to take this matter up first.

THE CLERK: That is the Board's jurisdiction.

SUPERVISOR McSHEEHY: This may be copied in the record.

THE CHAIRMAN: All right, and if there is no objection, we will recess until two o'clock. (Gavel).

"San Francisco, California, December 24, 1936.

"To the Honorable, the Board of Supervisors, City and County of San Francisco. Gentlemen:

"During the fiscal year of 1935-36, the San Francisco Water Department delivered to the consumers here in our city an average of 54,810,665 gallons of water daily, of which 52,276,000 were delivered to 110,000 San Francisco consumers, and the balance was used by suburban consumers. From the sale of this water the Department received $6,513,507. After paying all operating expenses, including interest on outstanding bonds, the Department showed a net profit for the year of $2,422,982.66. Of this amount $1,000,000 was applied to redemption of bonds, $167,535 was used for additions and betterments to the system and transferred to surplus, $1,253,477 was transferred to the general fund for reduction of taxes.

"On May 1, 1928, we purchased the Spring Valley Water Company's properties for $41,000,000 and in doing so we promised to reduce the water rates as we were and are at present paying today the highest rate of any city in the United States according to our population. On December 1, 1934, we made a reduction of 10 per cent. We have in storage today 120 billion gallons of water, five years' supply. From Hetch Hetchy and Spring Valley we are receiving 128 million gallons daily. Of this amount 70 billion gallons run into the Pacific Ocean.

"San Francisco is sometimes called a bald city on account of the few trees we have on our streets. We were never in a position to plant trees until about a year ago on account of the great shortage of water. A change has taken place, we now have an abundance of water. Arrangements are to be made to sell water to a number of small cities in San Mateo and Santa Clara counties before the price is quoted and deliveries are made. An entire new set of rates should be made to the consumers here in our own city cancelling the present meter charges and placing flat rates similar to what we had in 1921 which would allow the small home owner sufficient water to properly plant a garden. Of the 110,000 consumers 77,000 are in the 3300 cubic feet a month class, paying about 34½ cents per thousand gallons for water, plus a meter charge of 70 cents a month.

"The entire rate to the small consumer and the large could be cut 10 per cent, abolishing all meter charges.

"The following is a quotation of the last paragraph of Section 130 of the Charter, on page 69 thereof:

" 'Paragraph 4, Section 130. Rates for each utility shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the Board of Supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges or fares as proposed by the commission shall be submitted by the commission to the Board of Supervisors for approval, and, except as this section otherwise provided, it shall require a two-thirds vote of the Board of Supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules of rates, charges or fares shall be returned to the commission for revision. If the Supervisors shall fail to act on any such proposed schedule within 30 days, the schedule shall thereupon become effective.'

"According to this section of the Charter we can send back to the

Public Utilities Commission No. 26 on the calendar of Monday, December 21, 1936, Resolution No. 2995, Code No. 15.022, entitled 'Water Rates Recommended by Public Utilities Commission to be Charged for Domestic, Commercial, Industrial and General Uses.'

"In doing so we will keep our promise made in May, 1928.

"I so move, gentlemen.

"James B. McSheehy, Supervisor."

## RECESS.

Whereupon, the Board of Supervisors took a recess until 2 p. m., this day.

J. S. DUNNIGAN, Clerk.

---

## MONDAY, DECEMBER 28, 1936, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 28, 1936, 2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Shannon presiding.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of December 17, 18, 21, 24 and 26, 1936, laid over for approval until next meeting.

### Re Discussion Charter Amendment No. 1—Revenue Bonds—Electrical System.

THE PRESIDENT: It was suggested that we send for Mr. Cleary so as to discuss the Funston Avenue Approach to the Golden Gate Bridge.

SUPERVISOR RATTO: And you were to have Colonel Skeggs here also to make the presentation for the State.

THE PRESIDENT: Yes, call Colonel Skeggs and Mr. Cleary.

SUPERVISOR UHL: It was agreed this morning—Perhaps you don't know of the agreement—that a motion would be made to rescind the two o'clock special order on the Funston Avenue Approach and take the vote on this Charter amendment number one, due to the fact that Supervisor Havenner must leave today, and that should be disposed of within 15 to 20 minutes, and that we then take up the matter of the Funston Avenue Approach, and I felt that the members would all be agreeable to that in respect to Supervisor Havenner's request.

THE PRESIDENT: Where is Supervisor Havenner?

SUPERVISOR UHL: He is outside. I would request that he come in.

THE PRESIDENT: The motion then would be that the Funston Avenue Approach could be set aside for 30 minutes——

SUPERVISOR McSHEEHY: I so move, Mr. President, so as to get rid of it now.

SUPERVISOR BROWN: I second the motion.

THE PRESIDENT: If there is no objection, so ordered. (Gavel.) I would like to have a copy of the Charter amendment.

SUPERVISOR McSHEEHY: I would like to say a few words with respect to what happened this morning. What happened was this:

We did not come to a vote. Every one was heard, and Supervisor Uhl and Supervisor Doctor Schmidt both stated that they wished to explain their votes, and they both promised they would consume perhaps 10 minutes, and that was agreed to all around, and Supervisor Colman telephoned to me and stated to me that he wished to make a statement in reference to the entire matter. The rest of the Board, I don't know what the others' views may be, the rest of the members. We all felt we had all made our statements, and then it was agreed that Supervisor Havenner would close. That was tentatively agreed to by all.

SUPERVISOR BROWN: Yes. You were not present, and I can state what——

THE PRESIDENT: I believe Supervisor Brown made his statement Saturday morning.

SUPERVISOR McSHEEHY: Yes, you did, I remember that.

THE PRESIDENT: Very well, we will proceed, and any supervisors desiring to explain their votes can do so at the present time.

SUPERVISOR BROWN: I would just like to say this: The Board was very generous in remaining in session about 20 minutes longer on Saturday than they had figured on, in order to permit me to explain my vote, and I won't go into any detail at this time, but I would like to say this, though, for the benefit of those who were not here on Saturday.

I am in opposition to the reference of this matter to the public for three reasons. The first reason is I believe that it would be better and cheaper to finance this proposal, if found desirable, by means of a bond issue regularly submitted to the people and passed by two-thirds vote, as bond issues should be passed, and as they have always been passed in the past history of our City.

Secondly, I am in opposition to this matter because I do not feel that Plan No. 7 has had sufficient confirmation to warrant our accepting the figures as submitted by the Public Utilities Commission, and as several discrepancies have been pointed out in the figures as submitted, and no proper explanation of those discrepancies has been forthcoming.

And thirdly, I believe that there are certain revenues which are contemplated under Plan No. 7 which could be realized by the City of San Francisco without the extensive outlay Plan No. 7 involves; notably the Red Mountain Bar Power House. Revenue which by a small expenditure could be made available, and which I am led to believe plays a considerable part in the picture that has been advanced to us on Plan No. 7 as a whole.

So, without going into further detail, there are a number of reasons I could bring out which time will not permit, I feel that this matter, being such a radical departure from our previous method of incurring bonded indebtedness should not be, and the information before us does not warrant its submission to the people.

THE PRESIDENT: Supervisor Colman?

SUPERVISOR COLMAN: Mr. President, and members of the Board: I, too, am going to vote against the submission of Charter Amendment No. 1. The principal reason is that no one can dispute the fact that when various problems face the City, that the most important problem should be taken care of first, and every energy should be bent towards the solution of the most important problem facing the City. Everybody knows, including every member of this Board of Supervisors, that the most important problem facing this Board, and facing the people of San Francisco, and therefore facing this Board, is the question of rapid transit. In addition to that this Board hired, at a cost of $10,000, the services of Mr. Miller McClintock to survey San Francisco and make recommendations as to internal San Francisco for the method of handling our traffic, and today there is on the desk of each one of us what I believe to be his report. It was placed on our desks only a few minutes ago, and, of course, no

member of the Board has had occasion, or has had opportunity, as yet, to read and digest it. This places before us another problem infinitely more important and more pressing and more urgent than this problem of municipal ownership. No member of this Board, or citizen, can truly deny that statement. It simply is a fact, that the City is in prompt need of a solution of our traffic conditions and particularly conditions downtown which threaten the very existence of the City. It is something which confronts us that must have our prompt attention, and by a comparison of these two problems the problem of the municipal distribution of power becomes a minor matter.

Granted, for the sake of argument, that we are paying too much for power. That is a detail, a minor matter as contrasted with the necessity for getting our people from their homes to their places of business, and from their places of business back to their homes in some comfort and with more speed so as to enable us to compete with the superior facilities offered by cities across the Bay, in active opposition to San Francisco. This view is not only held by me, but the San Francisco Examiner, The Chronicle, and the Call, have all stated editorially, repeatedly, that the pressing problem before the people of San Francisco is the problem of rapid transit, and then in addition comes this matter of Doctor Miller McClintock's recommendation, which is another problem facing us.

The Daily News, in a very fine editorial the other night, in speaking about the City of Oakland and its splendid rapid transit facilities, said that San Francisco had to provide a rapid transit system to take care of our people or they would go to Oakland. A tremendous advantage they have that can work eventually a great hardship on San Francisco.

Now how any thoughtful people, considering all of the people, and considering the jobs they are holding, can say that the distribution of power should take precedence over these two matters quite passes my comprehension, I cannot understand it at all, because even though six votes of this Board may state that the municipal distribution of power is more important, that doesn't make it more important, and everyone knows, including every member of this Board, that the question of rapid transit is the most important situation facing San Francisco today. Why, gentlemen, it is a crisis. If you, like I, had been downtown during the Christmas rush and seen the conditions on Market street, Geary street, every place in the downtown district, you could not possibly feel that the matter of municipal distribution of power should be given preference over this matter of transportation and the clearing up of this congestion which is right here in our City right now. The Manager of Utilities made the statement on this Board, some little time ago, when asked which question he considered most important, and he answered that the matter was one for the determination of this Board, but that the City had power but did not have rapid transit, and that therefore rapid transit was the more important and should be attended to first, and that all of our engineers should be put to the solution of that problem. That, to me, is the more important reason for voting against the submission of this proposition now.

Now as to Plan No. 7, I want to call your attention to the fact that this Board of Supervisors has never approved Plan No. 7. The statement by City Attorney O'Toole is not quite correct in the amendment, because the action of this Board has put an amendment in there stating that the figures were not approved by the Board.

SUPERVISOR UHL: Is that correct?

SUPERVISOR COLMAN: If I am in error, I would like to be corrected.

THE PRESIDENT: Mr. Clerk, have you the Journal?

SUPERVISOR COLMAN (Reading): "I move that Plan No. 7 for the ownership and operation of the entire San Francisco electric supply as reported by the Public Utilities Commission of San Francisco,

is hereby approved by the Board of Supervisors of the City and County of San Francisco. The figures herein are estimates and subject to revision and amendment by the Board of Supervisors. This action by the Board shall be transmitted forthwith to the Honorable Harold L. Ickes, Secretary of the Interior, at Washington, D. C."

CITY ATTORNEY O'TOOLE: The only error I see in the amendment, I thought it had been done by resolution, and I see it was done by motion. It was called to my attention just a few minutes previous to the adjournment of the Board, but this amendment provides absolutely for no hard and fast rule as to figures, and I had that in mind when I drafted it, to buy or to build a system, if it should be necessary to do it, and you can not hold them down on estimates to the very dollar, there has got to be some leeway. So that resolution, or that motion, made by Supervisor McSheehy does not mitigate against it at all, except I am in error, I thought it had been done by resolution of the Board, and I suggested at the conclusion of the previous session that instead of "resolution adopted by said Board of Supervisors", it should be "which said plan was approved by the Board of Supervisors on December 3, 1936."

Now this amendment doesn't tie anybody down to any specific amount. In fact, I have been very careful because I realized that if you tie it down to the very dollar of the estimate it might be difficult to apply the proceeds of your bonds, if the amount went over or under, and I provide in the amendment that they may depart from the plan to such an extent as might be deemed necessary to carry out the purposes of the plan.

SUPERVISOR HAVENNER: I will make that amendment by motion, Supervisor Colman.

SUPERVISOR COLMAN: These figures have never been approved by this Board.

CITY ATTORNEY O'TOOLE: This amendment does not approve any figures.

SUPERVISOR COLMAN: It is not Plan No. 7, in the final analysis, we are presenting to the people, but it is Plan No. 7 subject to any revision or changes that can be made by the Public Utilities Commission, and a new feature added on which no set-up figures have ever been given to the Board of Supervisors at all, namely, the power to construct a utility. That is a question on which the Board has asked no questions except the question, "Can any estimate of revenues be furnished as to how the city will come out should we decide to build this utility?" And the answer of our manager of utilities to that was, "Of course not." He cannot give an estimate, he doesn't know, so really we are not presenting to the people Plan No. 7, in any manner, shape nor form, but an entirely foreign issue this Board knows nothing about.

Now it has been stated that this might be used as a club. Now, gentlemen, we are not children. Everything said here is said in public, and everyone knows the object of that being put in there, and I do not believe it should be left to the power of this Board of Supervisors, or anyone else, to place us in a position of having to construct a utility. You might say that the Board of Supervisors would not do it. My answer to that is, and I say that in all good faith, that if this Board of Supervisors carefully passes a motion that the power matter is more important than the rapid transit, then it is quite comprehensible that this Board of Supervisors might decide, under the proper influences, to embark into the business of constructing a utility, and the power should not be here.

How it will affect the salability of revenue bonds I don't know, but it is certain if we should construct a utility, or have the power to construct a utility, when we can not make a presentation as to what revenues will result, certainly in my opinion would make such utility bonds unsalable.

Gentlemen, a lot has been said here about what other cities have done, Los Angeles and other cities. If San Francisco's history had been full of errors, if it had been necessary for us, if we had gotten into financial difficulties, and it had been necessary for us to go to extremities, and if our financial standing had not been bright, the experience of the other cities would interest me a great deal more than it does in view of San Francisco's financial history, it has been so outstanding and bright and clean that the conviction must come to us that we have been doing the right thing throughout our history. And the two things that have safeguarded us have been the bonding limit, first; and the necessity of having bond elections carried by a two-thirds vote of the people on that particular issue. This amendment circumvents both of those, it gets around both of those phohibitions. It would not be within the bonded debt, actually, and I mean although according to the viewpoints of others on the Board it does, and it makes it easier to go into debt. Two steps that in my opinion might lead to financial ruin and to financial chaos. It is my opinion further that those safeguards should be kept in our law, and we should have the benefit of those protections.

You all heard the very fine argument presented by Mr. Feigenbaum, representing various American bankers. I had no idea the other day that he was coming, or who he would represent, and that gentleman, in a very dignified, and in my opinion a very powerful argument, pointed out the dangers of this, and how it would hurt the credit of San Francisco, and he spoke entirely from the viewpoint of his clients, the people whom he represents, and they are the men who buy and sell San Francisco's securities. He made a contention, one I have made for many years, that actually it becomes the general obligation of the City and County of San Francisco, although it is a revenue bond, because, as he pointed out, if by any chance the revenues were not there it would be necessary to raise the rates to meet expenses, which would increase the rate and cost to the rate payers, as distinguished from the tax payers, but in the final analysis that it all comes from the same source, namely, the people of San Francisco. Pointing out, and conclusively pointing out also, the fact that there was no need for revenue bonds, that San Francisco had always voted by a two-thirds vote for any worthy project.

Now, for those three reasons, firstly, the lack of necessity, and meaning by that the lack of importance in comparison with rapid transit; the unsoundness of revenue bonds as a method of financing for San Francisco in comparison with general obligation bonds, or any bonds passed by a two-thirds majority; and thirdly, because of the inclusion in the plan of the power to build and construct a utility, without figures, without knowing where we are going and what we are going to do; I am opposed to the presentation. And in conclusion I look at my position here, that if a project to me is unsound, if the method of financing seems unsound, and if its importance, comparative importance, does not warrant its presentation in preference to the presentation of something infinitely more important, I consider it my duty as a supervisor to vote against its presentation to the people.

SUPERVISOR McSHEEHY: Call the roll.

THE PRESIDENT: Have we any others who wish to speak?

SUPERVISOR UHL: I desire to explain my vote.

SUPERVISOR HAVENNER: Do you want to explain before I close?

SUPERVISOR UHL: No, I would rather you would close first.

SUPERVISOR HAVENNER: Mr. President, members of the Board: Repeating at the outset what Supervisor Roncovieri said this morning, I desire to call the attention of the members of the Board again to the fact that the charter of this City and County has for the past three and one-half decades contained a declaration of policy, a basic declaration of policy so far as this charter is concerned, that this City and County shall gradually acquire, own and operate its public utili-

ties. That declaration of policy has been there for three and one-half decades, and the City has, to a certain extent, complied with it. The problem before us has been before us for more than a decade, and the City has not thus far performed any act to carry out that declaration of policy with respect to the last remaining public utility in this City and County, to-wit, the utility which distributes electricity.

When the City and County of San Francisco sought and obtained from the federal government the contract enabling us to make use of the Hetch Hetchy water shed, the City entered into a solemn covenant with the federal government, first, to produce power as a by-product of the water project; and, second, never to permit any of the power so developed to be sold to any private individual or corporation for purposes of resale. Every Secretary of the Interior since that act was passed has served notice, in some fashion or other, either by official communication or by word of mouth, to the representatives of this City and County that he considered that San Francisco was not complying with the provisions of the Raker Act, which forbade the sale of the power to private individuals or corporations for purposes of resale. The only difference between the attitude of the present Secretary of the Interior and his predecessors is that he has officially served notice on the City and County of San Francisco that he considers we are violating the terms of the Raker Act, and has called upon this city to comply with the terms of that act. That action by the present Secretary of the Interior is one of the important reasons why it is necessary, without further delay, to submit to the people of San Francisco a proposal to do the thing that would be in compliance with the provisions of the Raker act, and the Hetch Hetchy grant.

There is an additional solemn covenant made by the City and County of San Francisco, and subscribed to by some of the present members of this Board of Supervisors. It is contained in the ordinance, a law of the City and County of San Francisco, which confirmed the so-called agency agreement between the City and County and the Pacific Gas and Electric Company for the disposal of the Hetch Hetchy power. I have repeatedly called the attention of the members of this Board to the very explicit and binding language contained all through that ordinance which set up the agency agreement. The Board of Supervisors, speaking for the City and County of San Francisco, stated specifically that it was the purpose and intention of the City and County of San Francisco to acquire an electric distribution system and to distribute the power generated on the Hetch Hetchy project under municipal ownership to its own people.

The members of the Board who were then members of the Board of Supervisors and who subscribed to that agreement can not possibly evade or disclaim the solemn responsibility which they took upon themselves when they voted for that ordinance and made it a law of this commonwealth.

So we have three solemn pledges, ranging in age from 23 years, I think it was when the Raker Act was adopted,—am I right in that, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: '14,—1914.

SUPERVISOR HAVENNER: 22 years.

SUPERVISOR McSHEEHY: 23 years.

SUPERVISOR HAVENNER: 22 years; and about 11 or 12 years when the contract with the Pacific Gas and Electric Company was entered into. All of those covenants and pledges are almost hoary with age and the City and County has not fulfilled them, and the present Secretary of the Interior, and with a great deal of justice, repeatedly pointed to that fact when he heard the pleas made by the committee of city officials who visited him after he enunciated his opinion as to the violation of the Raker act. The plea was then made on behalf of this City and County as it had been years before, that the city was financially unable, and had been continuously financially unable, to do the things that he says the Raker act contemplates, and to do the

things that the ordinance setting up the P. G. & E. agency contract solemnly pledged the city to do. And so it seems to me that the arguments made by those gentlemen who are opposed to the submission of this proposition to the people, have very little weight of logic or even—and I say this without personal derogation—or even of good faith behind them, and the present Secretary of the Interior said that he would not longer consider the age old argument that the city was financially unable to do this thing. He pointed out that during the years which have intervened the city had repeatedly used its credit for a large number of other projects, and the city is now proposing, on the score of immediate urgency, practically to exhaust its remaining credit in the construction of a rapid transit system. To that I have no objection, but I want to point out that the submission of this proposition to the people at this time will not in any way interfere with or delay the submission of a properly considered rapid transit project to the people. Of course, the rapid transit project could be submitted, if it were ready, now, and the only objection to that would be the objection which I feel sure the Public Utilities Commission itself would make, and which I think you gentlemen who are proponents—or let's put it the other way, who are opponents of municipal distribution of power would make, that the submission at the same time of these two very large financial projects would injure the possibility of success of either or both, and I agree to that from a political standpoint; I think it would. But the fact remains that the electrical distribution project is now ready for submission, and the rapid transit project will not be ready for submission for some little time to come, and if it is as important as all of its proponents urge, then the mere trifling cost of another special election ought not for a moment to be considered as a bar to its submission as soon as it is ready to be submitted.

I think that very effectually answers that argument. If the people don't want an electrical distribution system, that is their responsibility, and they can decide that long before you are ready to submit your rapid transit project.

I would like again to point out to the members of this Board, and I hope that the proponents of municipal distribution of power will point it out to every citizen of San Francisco so that they will become thoroughly aware of this vitally important situation. I want to point out to you that in the judgment of every legal authority with whom I have consulted the Pacific Gas and Electric Company is now and has always been, so long as it has been engaged in this business, selling electric power in San Francisco without any legal or franchise authority, and I want to say to you that the officials of the Pacific Gas and Electric Company, by their very attitude when this problem was put up to them, indicated a tacit admission that what I say is true. The City of Los Angeles recently brought an action against the local power and gas utility on that very ground, that the franchises down there did not give those utilities the authority to sell electricity or gas—we are concerned with electricity at this moment—did not give those utilities any legal authority to sell electricity for power purposes, or for hearing purposes, or for cooking purposes, but merely for lighting purposes. The——

THE PRESIDENT: Would the members of the Board like to extend the Supervisor's time?

SUPERVISOR MEAD: I so move.

SUPERVISOR RONCOVIERI: Second the motion.

THE PRESIDENT: So ordered.

SUPERVISOR HAVENNER: The Los Angeles private utilities gave tacit consent to the contention made on behalf of the City of Los Angeles, they gave it by offering the City of Los Angeles a greatly reduced price on the distribution system which that city proposed to buy. It was a situation almost identical, except in some minor details, with the situation which I hope will confront the people of San Fran-

cisco in the immediate future, and the people of Los Angeles ratified that agreement, and only gave new franchises—am I right, Mr. O'Toole —to the local utilities authorizing them to do the things that they had been doing illegally for years in exchange for the very important concessions which the local utilities made to the City of Los Angeles.

I am going to say to you, my friends, that I think it would be tantamount to a civic crime, and that I think you would be causing a public scandal which would reverberate through the history of this city and county for many, many years to come, if you grant new franchises to the Pacific Gas and Electric Company without exacting from that company important considerations in the public interests. That is before you. You have the authority now, by action of this Board, to negotiate with—to take up this question with the Pacific Gas and Electric Company and ask them why they are selling electricity and gas in this community for purposes of heating, cooking and for the major purpose of power use without any legal authority, and to ask them what they are going to do about it, and they have already said, so I understand, that they would be very glad to negotiate for new franchises. Well, that is almost naive, but it would not be naive for the officials of the City and County to hand them a new franchise without doing just what the City of Los Angeles did, and obtaining important considerations in the public interests before such new franchises are granted.

Now this situation has a rather important bearing on the problems before us, because—and you must remember that any franchise that you vote here is subject to the referendum, and if you—I don't want to adopt a threatening tone, because that is not my purpose, but if any Board of Supervisors were to grant a new franchise authorizing this company to do legally the thing which it is now doing illegally, without first protecting the public interests, I make the prediction, without any hesitation whatever, that it will be carried to the referendum and that no such franchise will be issued unless the public interest is safeguarded. And so it may be, it may be at this moment that the people of San Francisco have no legal assurance whatever that any power will be available for them in the near future, and the proposition of issuing a franchise to the Pacific Gas and Electric Company for the sale of electric power ought not, under any circumstances, to be attempted or initiated by this Board of Supervisors until the people have had a right, a chance, to say whether they prefer to distribute their own power to themselves. I hope that that particular set of facts will be made known to the entire citizenship of San Francisco; it is of the utmost importance.

Plan No. 7, which is embodied in the Charter amendment—whose terms and provisions are embodied in the Charter amendment which we hope to submit to the people here today, offers to the people of San Francisco a large increase in net revenue over the amount which they are now receiving from the sale—which has been declared illegal —of the Hetch Hetchy power to the Pacific Gas and Electric Company. These figures were read in the session of the committee of the whole. I will read them again so that they may be made a part of the record, and this is a statement prepared at my request by the manager of utilities:

"Plan 7 first pays all operation, maintenance and interest on outstanding bonds on the power distribution system, and then—pays off and retires bonds in the amount of $1,748,000 per year, and then, pays into depreciation reserve fund $1,260,000 per year; and then, pays into the general fund an estimated tax loss of $654,000 per year; and, after all that, produces a surplus revenue of over $4,000,000 per year; and, in addition to all this, plan 7 reduces power rates to consumers in San Francisco by $1,720,000 per year."

An annual reduction on the power bills now paid, or electric bills now paid by the people of San Francisco.

SUPERVISOR UHL: May I ask you, there, annual reduction, you say?

SUPERVISOR HAVENNER: Well, it will be annual in the future, that much lower than it is now, yes, sir.

SUPERVISOR COLMAN: Mr. Havenner, that was the fact before the rate cut was put into effect.

SUPERVISOR HAVENNER: No, that is not correct.

SUPERVISOR COLMAN: The rate was cut.

THE PRESIDENT: Did you answer Supervisor Colman's question?

SUPERVISOR HAVENNER: It was not a question.

THE PRESIDENT: He didn't ask a question. That is what I am trying to find out.

SUPERVISOR HAVENNER: He did ask a question by making a statement which was in error; there has been no rate reduction since this was made, so this is true with respect to the present estimate.

SUPERVISOR COLMAN: That is true.

SUPERVISOR HAVENNER: There has been a threat, or a suggestion, that the Pacific Gas and Electric Company, fearing that the people might take over the distribution system, might do again what they did a year and a half ago, might again throw a new rate reduction to the people themselves as a sort of a bribe not to take their property away from them, but that has not been done.

After the reduction of $1,721,000 per year, number two, pays off and retires bonds in the amount of $1,748,000 a year, and, three, pays into the depreciation reserve fund in cash $1,260,000 annually, and, four, pays into the general fund an estimated tax loss of $654,000, and after the payment of all that there remains a surplus of over $4,000,000 per year. Now all the city is now receiving from the disposal of its Hetch Hetchy power is a gross amount averaging about $2,000,000 a year, ranging, over the period in which it has been in operation from say $1,800,000,—is that about right, Mr. Cahill?

MR. OST: $1,100,000.

SUPERVISOR HAVENNER: Well, it has been even less than I thought; and out of that gross amount there is deducted, of course, the operating expenses of the present plant,—I am correct in that, am I not?

MR. CAHILL: Yes.

SUPERVISOR HAVENNER: Yes. And now——

SUPERVISOR UHL: Interest,—how much?

SUPERVISOR HAVENNER: I didn't give the interest figure. I said that this accumulation of surplus would accrue after the payment of interest.

SUPERVISOR UHL: Where is the interest then?

SUPERVISOR HAVENNER: I said that it does all of these things after the payment of interest. I am telling what it does after interest has been paid.

SUPERVISOR UHL: That figure on interest was changed in plan 7, and this figure here don't show——

SUPERVISOR HAVENNER: The figure, in my judgment, has not been changed at all, and in my judgment the interest is too high all the way through, because the city of Los Angeles, Seattle, and all of the other cities are selling revenue bonds at around four per cent.

MR. CAHILL: 3¼ per cent.

SUPERVISOR HAVENNER: 3¼. Well, I gladly confess to a misstatement. Mr. Cahill tells me 3¼. I knew that Seattle was selling at four, and Los Angeles made a very advantageous deal on their last sale of bonds. 3¼, is that correct, Mr. Cahill?

MR. CAHILL: I have not the figure.

SUPERVISOR HAVENNER: Then that would make an annual difference, if we could get such a deal as that, at 1¾ per cent under the estimate made here on a five per cent basis. And I want to say these archaic arguments, which come right from the tombs, remind me of every previous submission of revenue bonds to the people of

San Francisco, and they are so archaic, so outworn and so utterly unsupported by any present day facts that they ought to be disregarded entirely. The idea, an outfit we never hear anything about except when there is a matter of this nature before us, and which calls itself the Investment Bankers Association of San Francisco, or California, and the only public activity in which it ever engages, so far as I am aware, politically at least, is to come forward and oppose revenue bonds in San Francisco, but down in Los Angeles the Investment Bankers gobbled up the revenue bonds offered for sale by the City of Los Angeles. They gobbled them up in the City of Seattle, and gobbled them up all over the State of California, and they reduced the interest rate further on the Bay Bridge bonds, and in Sacramento, and everywhere else, but these prophets of evil come up here and tell us for some unsupportable reason, that revenue bonds in San Francisco will never be salable. My friends, I ask you to just consult your own common sense and intelligence, remembering what the facts are elsewhere.

The charge has been made here that this Charter amendment has been hastily drawn, without due consideration, without proper knowledge of facts. I submit that charge is utterly without foundation. The subject of revenue bond legislation in northern California has been given more attention right here in this City Hall, and by our City Attorney and his associates, than by any other set of officials in this state. The revenue bond legislation whereby the Bay Bridge was built, the San Francisco-Oakland Bay Bridge, was initiated right here in this City Hall, and all of the preliminary legislation was drafted in Mr. O'Toole's office by himself, Mr. John Daily, then assistant city attorney, and the attorneys for the State Board of Public Works. Mr. O'Toole has also prepared, with the assistance of his associates, several other bond propositions, all of which have been submitted to the test of experts, one or two I think to Thompson, Wood and Hoffman; and one or two to Mr. Orrick, the authority here on the Pacific Coast; and so far as the legal aspect of those propositions was concerned they have had the approval of those eminent authorities—and I am not committing them as to whether they are in favor of revenue bonds or not—but so far as the legal aspect of those revenue bonds is concerned, they have been approved, and this Charter amendment has been submitted to a member of the firm of Orrick, Palmer and Dahlquist, and he has advised Mr. O'Toole that he believes it to be in a workable shape.

The Charter amendment has been studied with a fine tooth comb by the attorneys, and the officials of the Public Utilities Commission, and I am not violating any confidence when I say that the manager of utilities told me that he considers this a workable document. The members of the Board have gone over it, and over Plan 7, just as intently and in just as much detail as they ever went over any proposition that was ever submitted to this Board of Supervisors in the 11 years in which I have been a member of this Board, so that statement will not hold water.

I think, Members of the Board, that after all the major purpose of asking an immediate submission of this question to the people is based upon the decision of the Secretary of the Interior and his official request, which was acceded to by the representatives of San Francisco, his official request that we proceed forthwith to submit, at the earliest possible time, a proposition to the people which would be in compliance with the provisions of the Raker act, and that, all of the representatives of San Francisco who attended that conference promised him solemnly would be done. And, of course, in my judgment a public official would be a fool who would accept, after a lapse of a year and a half—it was a year and a half ago, more than a year and a half ago when we appeared in Washington in response to the Secretary's request that we discuss the provisions of the Raker act and the disposal of Hetch Hetchy power. I think it was a year ago last May, was it not, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Last January, I believe the last time.

SUPERVISOR HAVENNER: Last January—the last meeting was in January, and the first meeting was in May of the year before. And to expect that official, one of the ranking officials of the federal government, meekly to accept a new plea, not this time, strangely enough, not this time based upon financial inability, but this time based upon the superior importance of some other project which a year and a half ago I do not believe we even mentioned to him. That would be too much of a tax on the credulity and common sense of a cabinet officer of the United States of America. I hope to be able to tell the Secretary of the Interior, when I arrive in Washington some time next week, that the City of San Francisco has kept its promise, that it has done the things which we pledged ourselves to him to do, and that it has again submitted to the people a proposition which would carry out the pledge which I believe that we made when we accepted the Raker act, and the pledge which I know we made when we entered into the so-called agency contract with the Pacific Gas and Electric Company. Therefore, Mr. President, for the purpose of averting a very serious emergency which might curtail the annual income of the City and County of San Francisco in the amount of $2,000,000 per annum, and which might jeopardize our rights in the Hetch Hetchy Valley under the covenants, and for the purpose of enabling the people to decide whether they want to engage in a new public utility enterprise which would be vastly profitable to them, vastly more profitable than the arrangement which they now have for the disposal of their power, and which would enable and assure a gradual reduction of power rates in the future far below the present level, far below the level which we promised to effectuate immediately after Plan No. 7 is adopted, through the amortization of the bonds and the retirement of the debt, and that will never happen so long as this utility remains in private control and under private financing, for those reasons, Mr. President, I hope the Board will submit Charter amendment No. 1 to the people. (Applause.)

THE PRESIDENT: To those present who have not been here before, I desire to announce that applause in these chambers is prohibited.

SUPERVISOR HAVENNER: Mr. President, may I, as the author of this amendment, move certain minor amendments. Here in the preamble, the description, the second paragraph, the third line of the second paragraph, after the words "at a special election" before the word "special" insert the word "the next", and then after the words "held on the 'blank' day of 'blank' 1937," and insert in lieu thereof "in the City and County of San Francisco". I would move that as an amendment.

SUPERVISOR RONCOVIERI: Second the motion.

THE PRESIDENT: If there is no objection, such will be the order. (Gavel).

SUPERVISOR HAVENNER: I would like to move as an amendment, Mr. Chairman, in the second paragraph, of Section 121a, in the fifth line, after the words "Board of Supervisors" strike out the words "by resolution adopted by said Board of Supervisors,"—I move that as an amendment, and it will then read, "which said plan was approved by the Board of Supervisors."

SUPERVISOR RONCOVIERI: I second the motion.

THE PRESIDENT: If there is no objection, such will be the order. (Gavel).

SUPERVISOR McSHEEHY: So I may get this straight, this amendment has carried.

THE CLERK: Yes.

SUPERVISOR UHL: I would like to ask, through the Chair, of Supervisor Havenner, if I understood him correctly as using the words "certain prophets of evil on this Board"——

SUPERVISOR HAVENNER: No, I did not.

SUPERVISOR UHL: Let's get that straight.

SUPERVISOR HAVENNER: I am sure I did not use that particular expression in connection with the Board.

SUPERVISOR UHL: Then I ask that those words "prophets of evil" be expunged from the record.

SUPERVISOR HAVENNER: No, I won't do that. I was referring to certain statements made in this Board by others. I don't think that is a correct statement of what I said.

SUPERVISOR UHL: No, I don't think you treated it in that way.

SUPERVISOR HAVENNER: Well, that is the way it was intended.

SUPERVISOR UHL: Well, if you intended it in that way——

SUPERVISOR HAVENNER: I did not intend it to apply to you, Mr. Uhl.

SUPERVISOR UHL: Thank you. Mr. President, and members of the Board: Where certain members on this Board are sincere and set on the matter of municipal distribution of power I am just as sincere in differing as to the beneficial results of the municipal distribution of power. I want to repeat that, that I am just as sincere in differing with them as to the beneficial results of municipal distribution, and that refers specifically to the increases read off by Supervisor Havenner.

Unfortunately, we agreed that we would argue this matter out this morning, and that we would only be permitted to explain our votes this afternoon; but certainly Supervisor Havenner has gone rather outside of my thought of what he would in the matter; for example, by also bringing in the matter of franchises to the Pacific Gas and Electric Company and what should be done there. Anything you would put on in the way of franchise payments they would be agreeable to, no doubt, and just pass them on to the people, so that the people would pay after all. However, the answers I would like to make, in answer to Supervisor Havenner, I am not allowed to under the ruling which we passed this morning. It was brought out in these hearings that the City of Los Angeles is purchasing the power that they require only, and the power that they require at 5.32 miles compared to the 4.78 which this city receives for the entire output of power, regardless of what the output is, and therefore it would indicate that the price which the City and County of San Francisco has been receiving on that power, compared with that figure which Mr. Cahill gave us of 5.32, turns out to be what I consider a very favorable contract.

I object to the amendment on the ground that it projects to acquire or construct, purchase or construct, and the word "construct" would mean disastrous competition. Now I asked that that matter be straightened out, and I still feel that to go into construction and bring about competition with a private company would only result in a disastrous loss, and that is called for in the motion. Plan No. 7 was submitted on the basis of a cost of $43,700,000, but it has since been raised to $50,000,000 due to the fact that Mr. Cahill says that he wants at least a 10 per cent leeway. There is no assurance now that even $50,000,000 is the price at which it can be acquired, and I submit we should know the exact amount.

Furthermore, I submit that the Public Utilities Commission did not carry on in a businesslike manner when, before everything, in the first place they have not ascertained at what price it could be negotiated for, by contacting the private company.

Regarding taxes, in the event the earnings do not exceed in the surplus $1,750,000—and I certainly contend that there will be no $4,000,000 surplus—then under the charter, the limitation of the charter, the provision that when the surplus exceeds 25 per cent it shall be transferred to the general fund, if there is not over $2,000,000 surplus in the power utility, then it must be raised by taxes to pay that interest or cover that loss of $1,750,000 which the Hetch Hetchy water

system now earns. I object to the fact that no definite consideration is paid to Hetch Hetchy for the power property, and a fair proportion set up, a fair proportion of the cost of the dam and conduit, not to mention the fact that Hetch Hetchy will receive not one dollar for the 475,000,000 gallons of water that were used last year to generate power. In other words, the Hetch Hetchy system receives nothing, the power unit takes the water for nothing. The power unit is set up at a capitalization of $8,500,000, and does not earn a dollar in the financial set-up here. Now if the dam were not there, and the conduits to bring the water to the plant, there would be no water to generate the power, and Hetch Hetchy certainly is entitled to a fair return for the water the power unit takes from Hetch Hetchy. That would assure the taxpayers they are not going to be caught in a jam here as to what the real surplus will be.

The Secretary of the Interior insists that San Francisco is violating the Raker Act. That is for a court to decide. If the Attorney General believes he is right he would order a suit to be brought, but until that suit is brought and determined by a court there is no penalty to be exacted from the City.

Be that as it may, the City is not in a position to plunge, and I say that advisedly, the City is not in a position to plunge into the municipal distribution. The supervisors could not do it if they wanted to, the people must decide.

There is more that could be said in relation to revenue bonds. I have felt generally that these bonds should be excluded from the bond limit, because it becomes a money-making utility, and that would take from the voters the power to decide. However, it is in the minds of many of our citizens that the municipal distribution of power is a tremendously profitable undertaking. I don't think so, but I am willing to submit the matter to the people. I am a servant of the people, and many people believe that the municipal distribution of power will bring the tremendous profits they have been told. I am willing to take my chances,—and people don't believe it can be done, well and good. However, as I say, I am willing to accept the situation and submit this matter to the people with the full understanding that I am not committing myself to the municipal distribution of power, but will go further into the matter and will have my say later on about it.

THE PRESIDENT: Supervisor Schmidt?

SUPERVISOR SCHMIDT: In making my statements this morning I purposely refrained from saying just the manner in which I would vote, because I wanted to get as many views concerning this matter as possible. I have more or less consistently followed the policy of submitting any question to the people for their decision when that matter was properly presented, and it is at this time. I feel that that principle of allowing the people to decide is a proper one, but I want it distinctly understood that I am not putting my stamp of approval on the methods followed in this particular case.

I have no quarrel with, and I am in sympathy with the provisions of the Charter, wherein we are obligated to in time acquire a public utility for the distribution of our electric power, and I also recognize that we owe an obligation to the federal government under the Raker Act, and believe that we should show good faith and present it to the people. I think that we would not be showing good faith if we were to deny presenting this to the people, but I think we should be fair with the people, and I think they should be given distinctly to understand that this bond issue is a revenue bond issue, and it is a revenue bond issue. They should also be made to realize that there are no protective provisions, and that this is being presented, not by a two-thirds majority of the Board, but the chances are will be presented by a majority, or can be presented by a majority, and that it is going to take a mere majority of the people to put these bonds into full force and effect, if you will, not two-thirds, that provision has been

broken down, and that is something I am not putting my stamp of approval on, because one man came here, a man more acquainted with the financial set-up of the situation than I am, came here and told you that we are here doing away with the two-thirds majority safeguard we have put around our bond issues heretofore, and that we are getting around the bond limitation of the Charter in presenting revenue bonds. Let's be honest about it, and let the people know we are getting around the bond limitation. They should know that,—and that a revenue bond issue will weaken the credit of the City and County of San Francisco, or at least it is very apt to. Let me say I am also very fearful, because we have been given various figures, we were first told that the figure would be somewhere in the neighborhood of $43,000,000, and now it is $50,000,000, to only purchase this system, but the word "construct" has been put in. You, or the people, are giving permission to the Public Utilities Commission to construct, to purchase or to construct, if necessary, a competing system, and where will your revenues stand then? What will become of these revenue bonds in the future if that should come to pass? We cannot be given any certainty as to those figures, and the people should know that.

SUPERVISOR COLMAN: You are going to vote for it?

SUPERVISOR SCHMIDT: And I told you my reasons, because in the past, Supervisor Colman, I have allowed to go to the vote of the people, I have given the people an opportunity to vote on other measures I am not agreeing with. I thought I made myself clear, and I want to make myself clear on that, and that is what I am trying to do. In other words, we are getting down to easy financing. Now we have seen editorials in the newspapers, in all of our press, pointing out the dangers that lurk in revenues not being hedged about with the proper safeguards, but the people of San Francisco know all of that and I am not going to dwell thereon. I am fearful of another Hetch Hetchy episode, where a few millions are voted now, and in a few years more after we have began construction, none of us know where we are going to end up, and that is the question that the people should have in their minds.

I am very sorry that we did not have in this particular amendment a provision that it should take a two-thirds vote, either of the Board of Supervisors, or of the people, to submit this amendment in the Charter, so as not to allow the divorcing of surpluses from other utilities, and this diversion of surpluses being used to pay off deficits from these revenue bonds. That is something I presented this morning, and I could not get it in. If that were in I would have no objection at all, the two-thirds provision, but I can't get it in, and therefore I am making these objections merely to safeguard the people.

Again, and something I mentioned also this morning, and I would like to say it again, that any power that is taken from the Hetch Hetchy system, which was built by general obligation bonds, that power should be bought under the same conditions that we are selling it to the P. G. & E. at the present time. Let this distributing system buy from the Hetch Hetchy system, which was constructed under general obligation bonds, the power used and pay into the Hetch Hetchy system the $2,000,000, which will then find its way into the general fund, and so forth, but apparently it is impossible to get that in. But I have a certain amount of faith in future boards of supervisors and in the discretion that the people of San Francisco will show in the choice of this amendment, and I have faith that they will do the right thing, or try to do the right thing, to prevent the diversion of surpluses from other public utility units to pay revenue bonds. I have that much faith. And above all, I have that much faith in the Board of Supervisors of San Francisco that they will prevent that thing. I hope that the Board of Supervisors of San Francisco, should that ever be attempted, will so harass any governmental agency that would attempt to break that faith with the people, and to divert cer-

tain funds which have been provided by general obligation bonds and to use such funds to pay off revenue bonds, will fight against it. As far as I am personally concerned, as long as I am able to watch that I will certainly watch it, but it takes the Board of Supervisors to protect that, and I know that they will, and for the reasons already stated, and merely as a matter of principle and policy, I will cast my vote to allow the people to decide, because I have confidence in the judgment of the people as regards this entire matter.

SUPERVISOR RONCOVIERI: I would like to ask Mr. O'Toole, if this passes, that out of the estimated profits of some $4,000,000 net we should purchase and pay for it to the City and County of San Francisco, a sum equal to what the P. G. & E. is now paying for the power, couldn't that be done anyhow? In other words, isn't it a matter of simple bookkeeping, if we take in $4,000,000 as against $2,000,000 at the present time, can't we put away $2,000,000?

SUPERVISOR UHL: Transfer to the general fund?

THE CLERK: I am going to give Mr. O'Toole some information.

SUPERVISOR RONCOVIERI: Please let me ask. We are now getting $2,000,000 from the P. G. & E.?

CITY ATTORNEY O'TOOLE: Yes, sir.

SUPERVISOR RONCOVIERI: We will probably receive $4,000,000, or more, under this set-up. Now the Doctor believes that that $2,000,000 we are now receiving should be turned over to the Treasurer to reduce the tax rate as it has been in the past—and I think you are right.

SUPERVISOR SCHMIDT: Yes.

SUPERVISOR RONCOVIERI: I think it is purely a matter of bookkeeping and we can take $2,000,000 of the $4,000,000 and put in the City Treasury to reduce the tax rate as we have in the past, it will be this utility that will pay the $2,000,000 instead of the P. G. & E. paying it.

CITY ATTORNEY O'TOOLE: Well, I presume that is in Plan No. 7 as contemplated by Mr. Cahill, Supervisor. As far as I understand the plan, the plan provides that whatever the cost of our electrical production system is, that a certain amount will be allocated to that cost as a part of the fund.

SUPERVISOR UHL: It doesn't say so in Plan 7.

CITY ATTORNEY O'TOOLE: I understood so. I don't know much about these plans, of course, and if it is not in the arrangement any arrangement can be made between the two utilities that is necessary. I think you contemplate capitalizing your electrical production, do you not?

MR. CAHILL: The expenses are all set up, and there isn't any question but what all of the surplus, under the present set-up, would go into the general fund, and if they want to appropriate $2,000,000, or three, towards the payment of bond interest and redemption on Hetch Hetchy bonds, that is their privilege.

SUPERVISOR RONCOVIERI: Then I understand that instead of $2,000,000 you are willing that $4,000,000 go into the Treasury and then we can use $4,000,000 to reduce taxes?

SUPERVISOR UHL: You are safeguarding it in this way, by the thought expressed here, in the event that that surplus is only $2,000,000, get that, why then there is no necessity for that to be turned over, and it takes 25 per cent of the—under the Charter in excess of 25 per cent goes over. Now if it is not in excess nothing goes over. Whereas this way you provide that $2,000,000 goes over.

SUPERVISOR RONCOVIERI: That 25 per cent is about $1,721,000 to pay off bonds; in fact, it is $9,000,000 that we take in. I think it is $4,000,000 instead of $2,000,000.

SUPERVISOR McSHEEHY: Question.

THE PRESIDENT: I would like to ask one question. In the first draft of this Charter amendment, if you will just look at the heading, it says, "Charter Amendment No. 1—Revenue Bonds." In the first draft it just said, "Revenue Bonds," and the one I have got here "Electrical System" is added, here it is given the preference.

THE CLERK: I took that up with the City Attorney, and it is simply the sub-head, and not a part of the Charter amendment. It is simply identifying the bonds instead of making it general revenue bonds for all purposes—I put a designation in there to identify them as distribution system bonds.

THE PRESIDENT: Will it go to the voter that way?

CITY ATTORNEY O'TOOLE: The matter of sub-heads is a matter for the Registrar.

THE PRESIDENT: The Registrar?

CITY ATTORNEY O'TOOLE: And the caption on the ballot.

THE PRESIDENT: I think they should give preference to the revenue bonds, and make it "Revenue Bonds—Electrical System," rather than "Electrical System—Revenue Bonds."

CITY ATTORNEY O'TOOLE: You can put it in "Revenue Bonds for Electrical System," you could put it in that way.

THE PRESIDENT: It is liable to be misleading this way.

CITY ATTORNEY O'TOOLE: Or "Revenue Bonds for Electrical System."

SUPERVISOR McSHEEHY: Would you suggest that change?

THE PRESIDENT: I would.

SUPERVISOR McSHEEHY: I would make that as a motion.

THE CLERK: It doesn't require a motion, Supervisor.

THE PRESIDENT: All right, "Revenue Bonds—Electrical System" in two places. Call the roll.

SUPERVISOR RONCOVIERI: Just a moment. "Revenue Bonds for Electrical System Only."

THE CLERK: It is not necessary.

SUPERVISOR RONCOVIERI: It may not be necessary for you, but these are revenue bonds for a specific purpose only.

CITY ATTORNEY O'TOOLE: They can write it any way they wish.

SUPERVISOR RONCOVIERI: Why not say "Revenue Bonds for an Electrical System Only"—I think it makes it very clear, it is only for this purpose. Is there any objection?

CITY ATTORNEY O'TOOLE: I get your point, but I don't think it is necessary. The Board can do whatever it wants.

SUPERVISOR RONCOVIERI: The average voter won't wade all through this.

CITY ATTORNEY O'TOOLE: "Revenue Bonds for Electrical System."

SUPERVISOR RONCOVIERI: Only there have been a great many subjects brought up for which revenue bonds were proposed. However, if I don't get a second——

THE PRESIDENT: Call the roll on submission, Mr. Clerk.

**Ordered Submitted.**

Whereupon, the roll was called and the proposed Charter amendment was *ordered submitted* by the following vote:

## CHARTER AMENDMENT NO. 1

## REVENUE BONDS—ELECTRICAL SYSTEM

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 121-A, relating to Revenue Bonds.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the next special election to be held in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 121-A, relating to Revenue Bonds.

### REVENUE BONDS—ELECTRICAL SYSTEM

Section 121a. The public utilities commission shall, for the purpose of meeting the cost of acquiring by purchase, construction or other lawful method, a system for the generation and distribution to the people of the City and County of San Francisco, or to the people of any territory adjacent to or adjoining said City and County, of the hydro-electric power generated in the Hetch Hetchy Project, or for the generation or distribution of any other electric power necessary or convenient for the purpose of furnishing said city and county, or the people thereof, or any territory adjacent to said city and county, or to the people thereof, with heat, light and power, borrow money by the issuance of revenue bonds or other evidences of indebtedness, payable wholly out of revenue, in such amount or amounts, as may, in the judgment of said public utilities commission, be necessary to meet the cost of acquiring said system for the generation and/or distribution of said electric power, provided that the total amount of said money to be so borrowed, or bonds or other evidences of indebtedness issued, shall not exceed in the aggregate the sum of $50,000,000.00. Said system to be acquired shall hereafter be referred to as The System.

The System to be acquired shall, in so far as practical, be the system submitted to the board of supervisors by the public utilities commission on September 14, 1936, and designated by said public utilities commission as Plan No. 7, which said plan was approved by the board of supervisors on December 3rd, 1936; provided, however, that said public utilities commission is hereby given full power and authority to deviate from said plan to such extent as it shall deem proper in order to carry out the purposes of said plan, but any change made in said plan, or in the execution of the same, shall not render invalid or have any effect upon the validity of any bond or other evidence of indebtedness authorized or issued to meet the cost of The System, and no purchaser or holder of any bond or other evidence of indebtedness authorized or issued pursuant to this section shall be required to see to the existence of any of the facts, or to the performance of any of the conditions, or the taking of any of the proceedings required prior to the issue of said bonds or other evidences of indebtedness, or to the application of the proceeds thereof.

Any and all money borrowed, or bond or other evidence of indebted-

ness authorized or issued pursuant to this section, as well as the interest to accrue thereon, shall be payable solely and only out of the revenue from The System to be acquired with said moneys so borrowed, or received for said bonds or other evidences of indebtedness.

The public utilities commission shall, except as herein provided, determine the form, conditions and denominations of all bonds or other evidences of indebtedness issued under the provisions of this section, and shall fix the maximum rate of interest which said bonds or other evidences of indebtedness shall bear, which rate of interest shall not exceed six (6%) per cent per annum, payable semi-annually. The payment of the principal of said bonds or other evidences of indebtedness shall commence not later than five years from the date of issuance, and shall be completed in not more than forty years from date of issuance. Said bonds or other evidences of indebtedness shall mature and shall be payable each year during the period over which said bonds or other evidences of indebtedness are payable in such amounts as may be fixed by the commission. All of said bonds or other evidences of indebtedness so issued may, at the option of the owner thereof, be registered, as to either principal or interest or both, with the treasurer of the city and county in such manner as may be provided by the commission. Said bonds or other evidences of indebtedness may be sold at such times and in such amounts as the public utilities commission shall deem proper, provided that said bonds shall not be sold at less than their par value and accrued interest at date of delivery. Said bonds or other evidences of indebtedness may be offered for sale either on the basis of a fixed rate of interest or on the basis of the lowest net interest cost and power is hereby given to the commission to fix said rate of interest either prior or subsequent to the date of the issuance of said bonds. All bonds or other evidences of indebtedness issued as herein provided shall be signed by the president of the public utilities commission, or by the manager of utilities, and by the secretary of the public utilities commission, and countersigned by the treasurer of the city and county. The signature of the president of the public utilities commission or of the manager of utilities may be by facsimile. Any coupon attached to said bonds shall have affixed thereto the facsimile signature of the said treasurer. The official seal of the public utilities commission shall be affixed to said bonds or other evidences of indebtedness and full authority is hereby given to said commission to adopt a seal in such form and device as it shall deem proper. Each of said bonds or other evidences of indebtedness so issued shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of The System and that it does not constitute a general indebtedness against the City and County of San Francisco. All revenue bonds issued under authority of this Charter shall be negotiable instruments and shall have all of the attributes of negotiability under the laws relating to negotiable instruments of this State.

The public utilities commission shall have power to determine the method of acquiring The System, and the determination of said method by said public utilities commission shall be binding and conclusive. Should said commission determine that The System, or any part thereof,

should be acquired other than by construction, the same may be acquired by purchase or by any other lawful means. If said public utilities commission should determine that The System, or any part thereof, should be constructed, it shall have full power to proceed with the said construction. When said public utilities commission shall have determined the manner of acquiring The System it shall adopt a resolution specifying the method and manner of acquiring the same and shall, in said resolution, fix and determine the estimated cost thereof, and shall include in said estimate of cost such amount as said commission shall estimate to be sufficient to pay the interest on the bonds or other evidences of indebtedness during the actual period of construction of The System and for six months after the same is in operation by said commission, and if The System is to be acquired by any method other than by construction, then said commission shall estimate the cost of said acquisition including the cost of all legal proceedings incident thereto and add the amount of said estimate to the cost of said acquisition, as well as the amount of interest on all of said bonds or other evidences of indebtedness which may be outstanding during the period of said acquisition, and interest on any bonds or other evidences of indebtedness issued or sold to defray the cost of said acquisition for a period of six months after the commencement of the operation of The System by said commission, and said commission shall include in the cost of The System, whether acquired by construction or otherwise, an amount sufficient to provide working capital as estimated by the commission to be sufficient to pay the operating expenses of The System for a period not exceeding six months after the operation of The System shall commence. Not more than fifteen (15%) per cent of the cost of the acquisition or construction of said system shall be applied to interest and working capital.

When said public utilities commission shall have adopted said resolution specifying the manner of the acquisition or construction of the system, as well as the total estimated cost thereof, and when the method and cost of the acquisition of the system have been approved by resolution of the Board of Supervisors, said commission shall adopt an additional resolution authorizing the issuance of the amount of revenue bonds or other evidences of indebtedness payable solely out of the revenue of said system necessary to pay the said estimated cost of acquiring or constructing said system, not to exceed the sum of $50,000,000; provided that if said resolution, in fixing the amount of said bonds or other evidences of indebtedness to be issued, fixes said amount at less than $50,000,000, said commission may adopt a subsequent resolution or resolutions authorizing the issuance of an additional amount of bonds or other evidences of indebtedness not to exceed the difference between the amount theretofore issued and said $50,000,000.

Said resolution shall fix the amount of bonds or other evidences of indebtedness to be issued and state generally the purpose thereof, but no purchaser of said bonds shall be required to look to the application of the funds derived from the sale of said bonds. Said resolution shall also state the number and denomination and maturities of said bonds or other evidence of indebtedness, and may provide, all and singular, the

conditions to be inserted in said bonds or other evidences of indebtedness as well as the interest thereon if said interest is to be fixed, or it may defer the fixing of interest until the time of the sale of said bonds, and full power and authority is hereby given to said commission to cause to be inserted in said bonds or other evidences of indebtedness such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds or other evidences of indebtedness the fact that the same are payable, both as to principal and interest, solely out of the revenue of The System.

Said resolution may also provide, and the public utilities commission is hereby authorized and empowered in and by the terms of said resolution to agree with the holders of any of the revenue bonds issued thereunder, so long as the same shall be outstanding, as follows:

(a) that the proceeds of the sale of said revenue bonds shall be deposited in a fund separate and apart from all other funds of the city and county and shall, with any interest accrued thereon, be applied solely and exclusively to the objects and purposes for which such revenue bonds are authorized to be issued, and that any proceeds of the sale of such bonds remaining unused upon the acquisition of such system shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, as the case may be, and that none of such moneys shall be transferred to any other fund of the City and County of San Francisco;

(b) that the public utilities commission will maintain and operate The System constructed from the proceeds of said revenue bonds, in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and will continuously operate the same;

(c) that the commission will (subject to all applicable laws of the State of California and the rules and orders of all regulatory bodies of the State of California which may hereafter have jurisdiction over the Commission or the project acquired from the proceeds of said revenue bonds) establish reasonable rates for the sale of electric energy distributed through such system and that such rates in the aggregate shall be adequate to enable the commission to pay the principal and interest of said revenue bonds and all costs of maintenance, operation and repairs of the system acquired from the proceeds of the sale of such revenue bonds;

(d) that accurate books and records of account will be kept and maintained, showing all payments received by the commission from the operation of the system acquired from the proceeds of the sale of such revenue bonds, which records shall be open at all times for inspection, while any of the revenue bonds are outstanding and unpaid, to the holders of any one or more of such revenue bonds or their duly authorized representatives;

(e) that if any part of The System shall be taken from the commission or from the City and County of San Francisco by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said City and County or by said commission shall be applied solely and exclusively to the payment of the principal and interest of said revenue bonds until the same shall have been paid in full;

(f) That neither the commission nor the City and County shall mortgage or otherwise encumber, sell, or lease or dispose of The System acquired from the proceeds of the sale of said revenue bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or otherwise impair the right of the holders of any of said revenue bonds to secure payment in full of the principal or interest of said revenue bonds as the same shall mature;

(g) that the commission shall maintain insurance on the system acquired from the proceeds of the sale of said revenue bonds, of the kind and character and in the amount which is usual and customarily carried by private companies engaged in the operation of a system of works similar to that to be acquired from the proceeds of the sale of said revenue bonds;

(h) that none of the facilities of The System shall be furnished free. In the event that the City and County of San Francisco, or any department, agency or instrumentality thereof shall avail itself of the facilities afforded by the system acquired from the proceeds of the sale of said revenue bonds, a reasonable charge shall be made against said city and county, agency or instrumentality and shall be paid as the services shall accrue;

(i) that any terms, covenants or conditions herein contained or made a part of any bond issued under authority of this section shall be subject to alteration, amendment or modification by agreement between the commission and the holders of at least eighty (80%) per cent of the principal of the amount of the said bonds then outstanding;

(j) said commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of the commission, shall be necessary, advisable or convenient in effecting the sale of said revenue bonds; provided, that such conditions do not permit said bonds to be sold at less than the par value thereof or increase the interest above six (6%) per cent and provided further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said commission or the City and County of San Francisco to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of the system to be acquired from the proceeds of the sale of said revenue bonds, and under no circumstances shall the City and County be obligated to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions, and all obligations assumed by said commission which shall require the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system.

When said last mentioned resolution is adopted, said public utilities commission shall have full power and authority to issue the revenue bonds or other evidences of indebtedness payable solely out of revenue to the amount specified in said resolution, but not to exceed the sum of $50,000,000.

The public utilities commission shall regulate the time of the issuance of any bonds or other evidences of indebtedness authorized by this section, and may cause the same to be issued as one issue or in successive issues under the same authorization. Said bonds or other evidences of indebted-

ness shall be sold by said commission at public sale to the highest and best bidder therefor, after notice of said sale has been given by the publication of notice of said sale for a period of two days in the official newspaper. Said sale shall be held not less than five days after the last publication of said notice. The commission shall require a bond or other security in such amount as it may deem proper from all bidders to insure the fulfilling of any bid made for said bonds or other evidences of indebtedness. When any of said bonds or other evidences of indebtedness are sold, the proceeds of said sale shall be deposited in the treasury of the City and County and shall be used only for the purposes for which the same were approved. If a bid acceptable to the commission should not be received for said bonds offered for sale the commission may direct that said bonds, or any part thereof, be sold by the Treasurer of the City and County of San Francisco at private sale, at a price not less than par and accrued interest at the date of delivery of said bonds to purchaser.

Bonds or other evidences of indebtedness authorized or issued under the authority of this section shall not be subject to the charter limitations as to the bonded indebtedness of the city and county, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter.

Nothing in this section contained shall in any way abridge, control or revoke the power of the electors of the city and county to vote for and cause to be issued general obligation bonds or other evidences of indebtedness of the city and county for the acquisition, construction, completion or extension of the system, but the manner provided in this section for the acquisition, construction, completion or extension of the same shall be deemed to be a supplemental and additional manner for providing funds for said purpose.

Bonds or other evidences of indebtedness issued pursuant to this section may be called and paid before maturity upon such terms and conditions as may be determined by the public utilities commission, provided that said conditions are inserted in said bonds at the time of the issuance thereof.

The commission is hereby authorized, from time to time, to provide for the refunding, extension or renewal of any bonds or other evidences of indebtedness issued pursuant to this section and remaining outstanding and unpaid, at or prior to maturity thereof, by the issuance, sale or exchange of new bonds or other evidences of indebtedness in the same aggregate principal amount as the bonds or other evidences of indebtedness outstanding or unpaid, said new bonds or other evidences of indebtedness to be of such denomination and maturing at such times, and bearing such rates of interest, and otherwise modified as said commission shall deem proper, provided that such new bonds or evidences of indebtedness shall be payable, both as to principal and interest, solely out of the revenue of The System and the latest maturity of said new issue shall not be more than forty years from the date of said new issue and the interest thereon shall not exceed six per cent (6%) per annum.

The public utilities commission shall fix and establish just and reasonable rates for any service furnished by The System, which said rates shall not be less than will provide an amount sufficient to pay, as the same become due, the following:

(a) All amounts necessary to pay the interest and principal on all bonds or evidences of indebtedness issued and sold, as provided in this section, and remaining unpaid.

(b) All the operating expenses of The System.

(c) All amounts necessary to provide for the repairs and maintenance of The System.

(d) A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds.

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur.

The board of supervisors shall never approve rates to be charged by said public utilities commission for service from The System which will not be sufficient to pay, as the same becomes due all and singular the obligations mentioned in schedules (a), (b), (c), (d) and (e) above set forth.

The public utilities commission shall cause all moneys accruing from the system to be paid into the treasury of the city and county of San Francisco daily, and said moneys, together with any interest earned thereon, shall be used only for the following purposes and in the order herein set forth, to-wit:

(a) To pay the principal sum and the interest thereon on all bonds or other evidences of indebtedness issued under this section and remaining unpaid, as said principal and interest become due and payable;

(b) To pay all of the operating expenses of said system;

(c) To pay all amounts to become due for the repair and maintenance of said system;

(d) A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds.

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur;

(f) To pay for extensions and betterments to said system, or to establish a reserve to pay for said extensions and betterments;

(g) To establish a surplus fund.

Said commission shall cause to be set up a bond interest and redemption fund into which shall be paid an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds or other evidences of indebtedness, for the current year, and if at any time the revenues of The System are not sufficient to permit the payment of said sum into said fund, any deficiency shall be paid into said fund from the surplus fund. Said commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (e), and (f) above set forth and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes. Said estimates may be changed from time to time. Said com-

mission shall also pay into said interest and redemption fund an amount sufficient to meet all existing delinquencies upon any of said bonds or other evidences of indebtedness.

Notwithstanding any other provision of this Charter which may be in conflict with the provisions of this section, the provisions of this section shall prevail in so far as the same pertain to the financing and acquisition of The System by the sale of bonds or other evidences of indebtedness payable solely out of revenue; provided, however, that nothing herein contained shall prevent the financing or acquisition of The System or any additions thereto by general obligation bonds issued as provided by law.

The System shall be considered a separate utility, and revenue from any other utility shall not be applied to The System unless otherwise expressly provided by Charter.

The board of supervisors may, by ordinance, confer upon said public utilities commission such additional powers not in conflict with this section as may be necessary to carry out the purposes of this section.

Upon the taking effect of this amendment the public utilities commission shall immediately proceed to acquire The System and promptly perform all acts required of said public utilities commission.

## SPECIAL ORDER—2 P. M.

### Funston Avenue Approach to Golden Gate Bridge.

The Board debated at length the proposed agreement reported by Committee sent to Sacramento to confer with State Highway Commission, whereby the City would pay one-third of the cost of the Funston Avenue Approach to the Golden Gate Bridge and the State Highway Commission would provide the other two-thirds.

The discussion was participated in by Chief Administrative Officer Alfred J. Cleary, State Engineer John H. Skeggs, Wm. J. Worden, Director of Public Works; President Shannon, Supervisors Brown, Uhl and McSheehy.

The question as to how allocations of moneys can be made from gas tax funds was *referred to Finance and Streets Committee.*

On motion of Supervisor Roncovieri, the City Attorney was asked to give this Board the answer to this question: Has the Golden Gate Bridge and Highway District any obligation to build any part of the approach south of the south bridgehead?

### Action Deferred.

Whereupon, on motion of Supervisor McSheehy, the subject-matter was *laid over one week and made a Special Order for 3 p. m. in Committee of the Whole.*

## UNFINISHED BUSINESS.

### Final Passage.

The following matters, heretofore passed for second reading, were taken up:

**Appropriating $50,000 Out of Municipal Railway Operative Fund for Cost of Making Plans for Construction of Rapid Transit System for San Francisco.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 1179, Ordinance No. 9.051328, as follows:

Appropriating $50,000 from the Municipal Railway Operative Fund to defray the cost of making plans and specifications for the construction of a rapid transit system for San Francisco that will be an extension and improvement to the existing Municipal Railway system.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Public Utilities Commission having requested the Mayor to recommend that an appropriation of $50,000 out of the Municipal Railway Operative Fund be made, and the Mayor having concurred in the act of the Public Utilities Commission and recommended the appropriation, for the purpose of defraying the cost of making plans and specifications for the construction of a rapid transit system of San Francisco to be used as an extension and improvement of the existing Municipal Railway, there is hereby appropriated the sum of $50,000 out of the Municipal Railway Operative Fund for the purposes hereinabove stated.

### Appropriation of $1,614 for Room Allowance for Laguna Honda Home.

(Code No. 9.051)

Also, Bill No. 1183, Ordinance No. 9.051330, as follows:

Appropriating $1,614 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 651.108.00, for room allowance for Laguna Honda Home Institutional Help and Registered Nurses, for the fiscal year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,614 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropriation No. 651.108.00, for room allowance for Laguna Honda Home Institutional Help and Registered Nurses.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the Laguna Honda Home, and the Board of Supervisors does hereby declare that an emergency exists, due to a clerical error at budget time in calculating the number of employees receiving room allowance and, as a result, the Department of Public Health is without sufficient funds to meet the expense of room allowance for the fiscal year 1936-1937.

(Code No. 9.051)

Also, Bill No. 1184, Ordinance No. 9.051331, as follows:

Appropriating $20,000 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 653.300.00 for the purchase of materials and supplies for the San Francisco Hospital for the year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $20,000 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropriation No. 653.300.00 for the purchase of materials and supplies for the San Francisco Hospital.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the San Francisco Hospital, and the Board of Supervisors does hereby declare that an emergency exists, due to the fact that there has been an increase in the price of drugs and storeroom supplies and that the department is without sufficient funds to make the necessary purchase of materials and supplies for the year 1936-1937.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

**Appropriation of $620 for Contractual Services of the Emergency Hospital.**

(Code No. 9.051)

Also, Bill No. 1186, Ordinance No. 9.051333, as follows:

Appropriating $620 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 654.200.00 for contractual services of the Emergency Hospital for the year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $620 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropriation No. 654.200.00 for contractual services of the Emergency Hospital.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the Emergency Hospital, and the Board of Supervisors does hereby declare that an emergency exists, due to the fact that the Department of Public Health is without sufficient funds to provide for laundry services for the fiscal year 1936-1937.

**Appropriation of $50,000 for the Purchase of Foodstuffs for San Francisco Hospital.**

(Code No. 9.051)

Also, Bill No. 1187, Ordinance No. 9.051334, as follows:

Appropriating $50,000 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 653.350.00 for the purchase of foodstuffs for the San Francisco Hospital for the year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $50,000 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropriation No. 653.350.00, for the purchase of foodstuffs for the San Francisco Hospital for the year 1936-1937.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the San Francisco Hospital, and the Board of Supervisors does hereby declare that an emergency exists, due to an increase in the cost of foodstuffs and an increase of approximately 5 per cent in the number of patients being cared for, which factors make the funds heretofore provided for the purchase of foodstuffs insufficient therefor.

**Appropriation of $1,800 for Food and Milk for School Children.**

(Code No. 9.051)

Also, Bill No. 1189, Ordinance No. 9.051336, as follows:

Appropriating $1,800 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 650.350.21 of the Central Office, Department of Public Health, for the purchase of food and milk for school children, for the year 1936-1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,800 is hereby set aside from Emergency Reserve Fund, Appropriation No. 602.900.00, to the credit of Appropriation No. 650.350.21 of the Central Office, Department of Public Health, for the purchase of food and milk for school children in the Buena Vista, Hancock, Franklin, Le Conte, Raphael Weill and Grattan schools.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the Central Office of the Department of Public Health, and the Board of Supervisors does hereby declare that an emergency exists, as the Department of Public Health is without sufficient funds to make the purchases of food and milk above referred to for the year 1936-1937.

**Settlement and Adjustment of Claims of Columbia Casualty Co. et al.**

(Code No. 6.0222)

Also, Bill No. 1191, Ordinance No. 6.022223, as follows:

Authorizing the settlement and adjustment in favor of the City and County of San Francisco of two certain actions against Columbia Casualty Company, et al., by the acceptance of $7,000 in full payment and satisfaction of all claims of the City and County of San Francisco against the defendants in said actions.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having, in writing, recommended the settlement and adjustment of action No. 254765 in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled City and County of San Francisco, etc., plaintiff, vs. Columbia Casualty Company, et al., defendants, and action No. 260048 in the Superior Court of the State of California, in and for the City and County of San Francisco, also entitled City and County of San Francisco, etc., plaintiff, vs. Columbia Casualty Company, et al., defendants, by the acceptance of the sum of seven thousand ($7,000) dollars to be paid by said Columbia Casualty Company to the City and County of San Francisco in full of all demands arising in either of said actions. And it appearing that the said offer of compromise of settlement made by the said defendants in said actions is fair and reasonable and that the same should be accepted, the City Attorney is hereby authorized to accept the sum of seven thousand ($7,000) dollars in full settlement and satisfaction of all demands arising in favor of the City and County of San Francisco and against said defendants in either of said actions, and upon payment of said sum, cause a dismissal of said actions to be entered.

The following proposed Charter amendments were *laid over one week*:

## CHARTER AMENDMENT No. .....

Recommended by Judiciary Committee.

## POWER OF HEARING, INQUIRY AND SUBPOENA

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by adding a new section thereto to be numbered Section 21, relating to the power of hearing, inquiry, and subpoena.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 16th day of February, 1937, a proposal to amend the Charter of the City and County, as follows:

## POWER OF HEARING, INQUIRY AND SUBPOENA

"Section 21. The Mayor, the Board of Supervisors, the Chief Administrative Officer, the Controller, or any board or commission appointed by the Mayor relative solely to the affairs under its control, may require such periodic or special reports of departmental costs, operation and expenditures, examine the books, papers, records, and accounts of, and inquire into matters affecting the conduct of any department or office of the City and County, and for that purpose may hold hearings, subpoena witnesses, administer oaths and compel the production of books, papers, testimony and other evidence. It shall be the duty of the Chief of Police to designate a police officer to serve subpoenas. Any person refusing to obey such subpoena and other requirements hereof, or to produce such books, shall be deemed in contempt and subject to proceedings and penalties as provided by general law in such instances.

"Whenever any person subpoenaed to appear and give testimony or produce such books, papers or documents as required by such sub-

poena, shall refuse to appear or testify before any of said officers, boards or commissions, or to answer any questions which any of said officers or the majority of any of said boards or commissions shall decide to be proper and pertinent, he shall be deemed in contempt of said officer, board or commission, and it shall be the duty of said officer, or the president of said board or commission to report the fact to the presiding judge of the Superior Court of the City and County of San Francisco, State of California, who shall thereupon issue an attachment in the form usual in the Superior Court, directed to the Sheriff of said City and County, commanding said Sheriff to attach such person and forthwith bring him before said presiding judge of said Superior Court. On the return of said attachment and the production of the person attached the said presiding judge shall have jurisdiction of the matter, and the person charged may purge himself of the contempt in the same way, and the same proceedings shall be had, and the same penalties may be imposed and the same punishment inflicted as in the case of a witness subpoenaed to appear and give evidence on the trial of a civil cause before a Superior Court of the State of California. Any of said officers or any member of said boards or commissions shall have power to issue any subpoena herein provided for."

## CHARTER AMENDMENT No. .....

Without recommendation from Judiciary Committee.

## OPERATING EXPENSES AND RESERVES

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 127 and 128, relating to Operating Expenses and Reserves, and Depreciation, and to add a new section known as 128-1, Reconstruction and Replacements.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County of San Francisco at the general election to be held on the ..... day of ....., 1937, a proposal to amend Sections 127 and 128 and to add a new section known as 128-1 of the Charter of said City and County, as follows:

## OPERATING EXPENSES AND RESERVES

Section 127. Receipts from each utility operated by the commission shall be paid into the City and County Treasury and maintained in a separate fund for each such utility. Appropriations from such funds shall be made for the following purposes for each such utility in the order named, viz.: (a) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the Board of Supervisors may require; (b) for repairs and maintenance; (c) for reconstruction and replacements as hereinafter described; (d) for the payment of interest and sinking funds on the bonds issued for acquisition, construction or extensions; (e) for extensions and improvements, and (f) for a surplus fund.

## DEPRECIATION

Section 128. For the purpose of computing net income, the commission, on the basis of an appraisal of the estimated life and the then current depreciated value of the several classes of property in each utility, shall determine the amount of reasonable annual depreciation for each utility. At least every five years thereafter, the commission shall make an appraisal or may revise the last preceding appraisal of the value and probable useful life of each of the several classes of property of each utility, and shall, on the basis of said appraisal, redetermine the amount of the reasonable annual depreciation for each utility.

## RECONSTRUCTION AND REPLACEMENTS

Section 128-1. For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission must create and maintain a reconstruction and replacement fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character, which shall be the basis for the amount necessary to appropriate annually to provide for said reconstruction and replacements.

### In Memoriam—Arthur Brisbane.

On motion by Supervisor Shannon, the Board adjourned out of respect to the memory of Arthur Brisbane. Board *adopted* the followlowing Resolution of Condolence unanimously by rising vote:

The Board of Supervisors of San Francisco, representing the sentiment of all the people of the City, expresses deep sorrow at the death of Arthur Brisbane. The pen of this late greatest of American Editors has finished its earthly toil. During a half century, Arthur Brisbane gave unsparingly of his peerless talents to humanity and justice. His life was devoted to causing men and women to think for themselves and for others, especially to give thought to those lowly in life's scale of plenty and those who erred through ignorance.

Millions of people have lost the benefit of his wisdom and counsel and the world is loser thereby.

Arthur Brisbane was truly a friend of San Francisco. He frequently praised this City and its people for its attainments and aspirations.

In mark of appreciation of the memory and veneration of Arthur Brisbane, this Board of Supervisors does, by rising vote, adjourn this day of his funeral, December 28, 1936.

### City Attorney Requested to Render Decision as to Jurisdiction of Board of Supervisors and Police Commission in the Matter of Permits and Franchises Over Streets of San Francisco.

Supervisor Shannon moved as follows:

Whereas, the Board of Supervisors has been given power by the new City Charter to govern routes of the public utilities seeking a franchise within our City limits and that the Bridge Bus Line Corporation is seeking a permit or franchise to make extensive use of our streets, using curb loading without a terminal; therefore,

I move that the City Attorney be requested to render a decision as to the jurisdiction of the Board of Supervisors and that of the Police Commission in the matter of permits and franchises over our streets of San Francisco for such purposes, and that bus line permits involving routes, including that of the Golden Gate Bridge Bus Line Corporation be submitted to the Board of Supervisors for approval before their acceptance by the State Railroad Commission.

Motion *carried*.

### State Supervisors' Committee.

Supervisor McSheehy moved that the Chair appoint a committee of three Supervisors to attend meeting of State Supervisors Committee at Whitcomb Hotel, Wednesday, December 30, in reference to continuing of WPA projects.

Chair appointed Supervisors McSheehy, Uhl, Ratto.

### Extension of S. P. Trains to Bridge Terminal Refused.

The following was presented, read and *ordered filed*:

December 28, 1936.

To the Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen:

Pursuant to the suggestion made by members of your Board on December 18, we have discussed with A. D. McDonald, President of the

Southern Pacific Railway Company, the proposal that his company extend its lines from the present terminal at Third and Townsend streets to a terminal in the vicinity of the Plan X terminal of the San Francisco-Oakland Bay Bridge.

Mr. McDonald states definitely that his company will not make any expenditure for this purpose since operating revenues from Peninsula traffic will not warrant any further expenditure for capital purposes.

Our own studies indicate that this statement is correct and that it would undoubtedly be impossible to force any such expenditure to be made.

We reiterate our request that there be included in any rapid transit system provided for San Francisco an adequate connection to the Third and Townsend Streets Station of the Southern Pacific.

Respectfully,

HUGH R. POMEROY,
Advisor, San Mateo County, Planning Commission.
For Board of Supervisors of San Mateo County.

### In Memoriam—A. B. C. Dohrmann.

The following was presented by Supervisor Colman, seconded by Supervisor Uhl and *adopted unanimously by a rising vote*:

"To the family of the late A. B. C. Dohrmann, 3277 Pacific Avenue, San Francisco.

The Board of Supervisors learns with extreme regret the sad news of the death of A. B. C. Dohrmann and moved when it adjourns to do so out of respect to the memory of Mr. Dohrmann.

In taking this action, the Supervisors, as the representatives of the people of San Francisco, wish to express deep appreciation of the splendid character and worthy career of Mr. Dohrmann. His unflagging devotion to the City and its people, his many philanthropies, his kindly disposition toward everybody, endeared him to all San Franciscans.

Indeed, the Supervisors express his loss as one of the greatest ever to have been suffered by this City and its people.

Supervisors Colman, Uhl and Schmidt were appointed as a Committee to represent the Board at the funeral services.

### Statement of Supervisor McSheehy Re Water Rates.

Copies of the following statement were *ordered sent to each member.*

San Francisco, California, December 24, 1936.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

During the fiscal year of 1935-36 the San Francisco Water Department delivered to the consumers here in our City an average of 54,810,665 gallons of water daily, of which 52,276,000 were delivered to 110,000 San Francisco consumers, and the balance was used by suburban consumers. From the sale of this water the Department received $6,513,507.

After paying all operating expenses, including interest on outstanding bonds, the Department showed a net profit for the year of $2,422,-982.66. Of this amount, $1,000,000 was applied to redemption of bonds, $167,535 was used for additions and betterments to the system and transferred to surplus; $1,253,477 was transferred to the general fund for reduction of taxes.

On May 1, 1928, we purchased the Spring Valley Water Company's properties for $41,000,000 and in doing so we promised to reduce the water rates as we were and are at present paying today the highest rate of any city in the United States according to our population.

On December 1, 1934, we made a reduction of 10 per cent. We have

in storage today 120 billion gallons of water, five years' supply. From Hetch Hetchy and Spring Valley we are receiving 128 million gallons daily. Of this amount 70 billion gallons run into the Pacific Ocean.

San Francisco is sometimes called a bald city, on account of the few trees we have on our streets. We were never in a position to plant trees until about a year ago on account of the great shortage of water. A change has taken place, we now have an abundance of water.

Arrangements are to be made to sell water to a number of small cities in San Mateo and Santa Clara Counties before the price is quoted and deliveries are made. An entire new set-up of rates should be made to the consumers here in our own City cancelling the present meter charges and placing flat rates similar to what we had in 1921, which would allow the small home owner sufficient water to properly plant a garden. Of the 110,000 consumers, 77,000 are in the 3300 cubic feet a month class, paying about 34½ cents per thousand gallons for water, plus a meter charge of 70 cents per month.

The entire rate to the small consumer and the large could be cut 10 per cent, abolishing all meter charges.

The following is a quotation of the last paragraph of section 130 of the Charter, on page 69 thereof:

"Paragraph 4, Section 130. Rates for each utility shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the board of supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges or fares as proposed by the commission shall be submitted by the commission to the board of supervisors for approval, and, except as this section otherwise provided, it shall require a two-thirds vote of the board of supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules of rates, charges or fares shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within thirty days, the schedule shall thereupon become effective."

According to this section of the Charter we can send back to the Public Utilities Commission No. 26 on the calendar of Monday, December 21, 1936, Resolution No. 2995, Code No. 15.022, entitled "Water Rates Recommended by Public Utilities Commission to be charged for Domestic, Commercial, Industrial and General Uses."

In doing so we will keep our promise made in May, 1928.

I so move, gentlemen.

JAS. B. McSHEEHY,
Supervisor.

### Rapid Transit.

Supervisor Uhl suggested a meeting tomorrow at 10 a. m. relative to Rapid Transit and consideration of the advisability of purchasing the Market Street Railway as a first step. No second.

## ADJOURNMENT.

The Board of Supervisors, at the hour of 6:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors January 11, 1937.
